* Preliminary, subject to change.

PRELIMINARY OFFICIAL STATEMENT DATED FEBRUARY 22, 2018

In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading “LEGAL MATTERS – Tax Matters” herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. (See “LEGAL MATTERS -Tax Matters” herein.)

\$1,750,000*

HAYWOOD COUNTY, TENNESSEE
General Obligation School Bonds, Series 2018

Dated: Date of delivery (Assume March 30, 2018).

Due: March 1 (as shown below)

The \$1,750,000* General Obligation School Bonds, Series 2018 (the “Bonds”) are issuable in fully registered form in denominations of \$5,000 and authorized integral multiples thereof. The Bonds will be issued in book-entry-only form and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). DTC will act as securities depository of the Bonds. So long as Cede & Co. is the registered owner of the Bonds, as the nominee for DTC, principal and interest with respect to the Bonds shall be payable to Cede & Co., as nominee for DTC, which will, in turn, remit such principal and interest to the DTC participants for subsequent disbursements to the beneficial owners of the Bonds. Individual purchases of the Bonds will be made in book-entry-only form, in denominations of \$5,000 or integral multiples thereof and will bear interest at the annual rates as shown below. Interest on the Bonds is payable semi-annually from the date thereof commencing on September 1, 2018 and thereafter on each March 1 and September 1 by check or draft mailed to the owners thereof as shown on the books and records of Regions Bank, Nashville, Tennessee, the registration and paying agent (the “Registration Agent”). In the event of discontinuation of the book-entry system, principal of and interest on the Bonds are payable at the designated corporate trust office of the Registration Agent.

The Bonds are payable from unlimited *ad valorem* taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged. See section entitled “SECURITIES OFFERED – Security”.

The Bonds maturing on or after March 1, 2025 are subject to optional redemption prior to maturity on or after March 1, 2024 as described herein.

This cover page contains certain information for quick reference only. It is not a summary of this issue. Investors must read the entire *Preliminary Official Statement* to obtain information essential to make an informed investment decision.

The Bonds are offered when, as and if issued, subject to the approval of the legality thereof by Glankler Brown, PLLC, Memphis, Tennessee, Bond Counsel, whose opinion will be delivered with the Bonds. Certain legal matters will be passed upon from the County by Michael Banks, Brownsville, Tennessee, County Attorney. It is expected that the Bonds will be available for delivery through the facilities of DTC New York, New York, on or about March __, 2018.

* Preliminary, subject to change.

This Preliminary Official Statement speaks only as of its date, and the information contained herein is subject to change.

This Preliminary Official Statement may contain forecasts, projections, and estimates that are based on current expectations but are not intended as representations of fact or guarantees of results. If and when included in this Preliminary Official Statement, the words "expects," "forecasts," "projects," "intends," "anticipates," "estimates," and analogous expressions are intended to identify forward-looking statements as defined in the Securities Act of 1933, as amended, and any such statements inherently are subject to a variety of risks and uncertainties, which could cause actual results to differ materially from those contemplated in such forward-looking statements. These forward-looking statements speak only as of the date of this Preliminary Official Statement. The Issuer disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in the Issuer's expectations with regard thereto or any change in events, conditions, or circumstances on which any such statement is based.

This Preliminary Official Statement and the Appendices hereto contain brief descriptions of, among other matters, the Issuer, the Bonds, the Resolution, the Disclosure Certificate, and the security and sources of payment for the Bonds. Such descriptions and information do not purport to be comprehensive or definitive. The summaries of various constitutional provisions and statutes, the Resolution, the Disclosure Certificate, and other documents are intended as summaries only and are qualified in their entirety by reference to such documents and laws, and references herein to the Bonds are qualified in their entirety to the forms thereof included in the Bond Resolution.

The Bonds have not been registered under the Securities Act of 1933, as amended, and the Resolution has not been qualified under the Trust Indenture Act of 1939, in reliance on exemptions contained in such Acts. This Preliminary Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation, or sale.

No dealer, broker, salesman, or other person has been authorized by the Issuer, the Financial Advisor or the Underwriter to give any information or to make any representations other than those contained in this Preliminary Official Statement, and, if given or made, such other information or representations should not be relied upon as having been authorized by the Issuer, the Financial Advisor or the Underwriter. Except where otherwise indicated, all information contained in this Preliminary Official Statement has been provided by the Issuer. The information set forth herein has been obtained by the Issuer from sources which are believed to be reliable but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation of, the Financial Advisor or the Underwriter. The information contained herein is subject to change without notice, and neither the delivery of this Preliminary Official Statement nor any sale made hereunder shall under any circumstances create an implication that there has been no change in the affairs of the Issuer, or the other matters described herein since the date hereof or the earlier dates set forth herein as of which certain information contained herein is given.

In connection with this offering, the Underwriter may over-allot or effect transactions which stabilize or maintain the market prices of the Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

** These CUSIP numbers have been assigned by Standard & Poor's CUSIP Service Bureau, a division of the McGraw-Hill Companies, Inc., and are included solely for the convenience of the Bond holders. The County is not responsible for the selection or use of these CUSIP numbers, nor is any representation made as to their correctness on the Bonds or as indicated herein.

APPENDIX C: GENERAL PURPOSE FINANCIAL STATEMENTS

SUMMARY STATEMENT

The information set forth below is provided for convenient reference and does not purport to be complete and is qualified in its entirety by the information and financial statements appearing elsewhere in this *Preliminary Official Statement*. This Summary Statement shall not be reproduced, distributed or otherwise used except in conjunction with the remainder of this *Preliminary Official Statement*.

The Issuer	Haywood County, Tennessee (the “County” or “Issuer”). See the section entitled “Supplemental Information Statement” for more information.
Securities Offered	\$1,750,000* General Obligation School Bonds, Series 2018 (the “Bonds”) of the County, dated the date of delivery (estimated to be March 30, 2018). The Bonds will mature each March 1 beginning March 1, 2022 through March 1, 2038, inclusive. See the section entitled “SECURITIES OFFERED – Authority and Purpose”.
Security	The Bonds shall be payable from unlimited <i>ad valorem</i> taxes to be levied on all taxable property within the County. For the prompt payment of principal of, premium, if any, and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.
Purpose	The Bonds are being issued for the purposes of providing funds to finance: (i) to purchase property for school purposes; (ii) to purchase sites for school buildings; (iii) to erect or repair school buildings, including certain energy efficient school improvements and other school renovations; (iv) to furnish and equip school buildings; (v) reimbursement to the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (vi) payment of costs incident to the issuance and sale of the bonds.
Optional Redemption	The Bonds are subject to optional redemption prior to maturity on or after March 1, 2024, at the redemption price of par plus accrued interest. See section entitled “SECURITIES OFFERED - Optional Redemption”.
Tax Matters	In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading “LEGAL MATTERS – Tax Matters” herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. (See “LEGAL MATTERS -Tax Matters” herein.)
Bank Qualification	The Bonds will be treated as “qualified tax-exempt obligations” within the meaning of Section 265 of the Internal Revenue Code of 1986, as amended. See the section entitled “LEGAL MATTERS - Tax Matters” for additional information.
Rating	Standard & Poor’s: “A+”. See the section entitled “MISCELLANEOUS - Rating” for more information.
Underwriter	_____.
Financial Advisor	Cumberland Securities Company, Inc., Knoxville, Tennessee. See the section entitled “MISCELLANEOUS-Financial Advisor; Related Parties; Other”, herein.

* Preliminary, subject to change.

Bond CounselGlankler Brown, PLLC, Memphis, Tennessee.

Book-Entry-OnlyThe Bonds will be issued under the Book-Entry System except as otherwise described herein. For additional information, see the section entitled “BASIC DOCUMENTATION - Book-Entry-Only System”

Registration Agent.....Regions Bank, Nashville, Tennessee.

GeneralThe Bonds are being issued in full compliance with applicable provisions of Title 49, Chapter 31, *Tennessee Code Annotated*, as supplemented and revised. See “SECURITIES OFFERED” herein. The Bonds will be issued with CUSIP numbers and delivered through the facilities of The Depository Trust Company, New York, New York.

DisclosureIn accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 as amended, the County will provide the Municipal Securities Rulemaking Board (“MSRB”) through the operation of the Electronic Municipal Market Access system (“EMMA”) and the State Information Depository (“SID”) established in Tennessee, if any, annual financial statements and other pertinent credit information, including the Comprehensive Annual Financial Reports. For additional information, see the section entitled “MISCELLANEOUS - Continuing Disclosure” for additional information.

Other Information.....The information in the *Preliminary Official Statement* is deemed “final” within the meaning of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 as of the date which appears on the cover hereof except for the omission of certain pricing and other information allowed to be omitted pursuant to Rule 15c2-12. For more information concerning the County or this *Preliminary Official Statement* contact A. Franklin Smith, County Mayor, 1 N. Washington, Brownsville, TN 38012, Telephone: (731) 658-3266, or the County's Financial Advisor, Cumberland Securities Company, Inc., P.O. Box 24508 Knoxville, Tennessee 37933, Telephone: (865) 988-2663. SUMMARY NOTICE OF SALE
\$1,750,000*
HAYWOOD COUNTY, TENNESSEE
General Obligation School Bonds, Series 2018

NOTICE IS HEREBY GIVEN that the County Mayor of Haywood County, Tennessee (the “County” or “Issuer”) will receive electronic or written bids for the purchase of all, but not less than all, of the County's \$1,750,000* General Obligation School Bonds, Series 2018 (the “Bonds”) by the County’s Financial Advisor, Cumberland Securities Company Inc., via facsimile at 865-988-1863, until **11:15 a.m. E.S.T./10:15 a.m. C.S.T. on Monday, March 5, 2018**. Prior to accepting bids, the County reserves the right to adjust the principal amount of the Bonds being offered as set forth in the Detailed Notice of Sale, to postpone the sale to a later date, or to cancel the sale based upon market conditions via Bloomberg News Service and/or the **PARITY**® System not later than 9:00 a.m., Eastern Standard Time, on the day of the bid opening. Such notice will specify the revised principal amounts, if any, and any later date selected for the sale, which may be postponed or cancelled in the same manner. If the sale is postponed, a later public sale may be held at the hour and place and on such date as communicated upon at least forty-eight hours notice via Bloomberg News Service and/or the **PARITY**® System.

Electronic bids must be submitted through **PARITY**® via the BiDComp Competitive Bidding Service as described in the Detailed Notice of Sale and no other provider of electronic bidding services will be accepted. For the purposes of the bidding process, both written and electronic, the time maintained by **PARITY**® shall constitute the official time with respect to all bids. To the extent any instructions or directions set forth in **PARITY**® conflict with the terms of the Detailed Notice of Sale and this Summary Notice of Sale, the Detailed Notice of Sale and this Summary Notice of Sale shall prevail.

The Bonds will be issued in book-entry-only form (except as otherwise described in the “Detailed Notice of Sale”) and dated their date of issuance and delivery (assume March 30, 2018) and will mature on March 1, 2022 through March 1, 2038, inclusive with term bonds optional, and will be subject to optional redemption prior to maturity on or after March 1, 2024. Bidders must bid not less than ninety-eight and three-quarter percent (98.75%) of par or no more than one hundred and twenty-five percent (125%) of par for the Bonds. The approving opinion for the Bonds will be furnished at the expense of the County by Glankler Brown, PLLC, Bond Counsel, Memphis, Tennessee. No rate or rates bid for the Bonds shall exceed five percent (5.00%) per annum. Unless bids are rejected, the Bonds will be awarded by the County Mayor of the County on the sale date to the bidder whose bid results in the lowest true interest rate on the Bonds.

In the event that the competitive sale requirements are not satisfied, the County will reject all bids and cancel the sale.

Unless bids are rejected, the Bonds will be awarded by the Mayor of the County on the sale date to the bidder whose bid results in the lowest true interest rate on the Bonds.

Additional information, including the PRELIMINARY OFFICIAL STATEMENT in near final form and the Detailed Notice of Sale, may be obtained through www.prospectushub.com or from A. Franklin Smith, County Mayor, 1 N. Washington, Brownsville, TN 38012, (731) 658-3266 or from the County’s Financial Advisor, Cumberland Securities Company, Inc., P.O. Box 24508, Knoxville, Tennessee 37933, (865) 988-2663. Further information regarding **PARITY**® may be obtained from i-Deal LLC, 1359 Broadway, 2nd Floor, New York, New York, 10018, Telephone: 212-849-5000.

/s/ A. Franklin Smith
County Mayor

* Preliminary subject to change.

DETAILED NOTICE OF SALE

\$1,750,000*

HAYWOOD COUNTY, TENNESSEE

General Obligation School Bonds, Series 2018

NOTICE IS HEREBY GIVEN that electronic or written bids will be received by the County Mayor of Haywood County, Tennessee (the “County” or “Issuer”), all or none, until 11:15 a.m. E.S.T./10:15 a.m./C.S.T. on **Monday, March 5, 2018**. (or at such later time and date announced at least forty-eight hours in advance via Bloomberg News Service or the **PARITY**® system) for the purchase of \$1,750,000* General Obligation School Bonds, Series 2018 (the “Bonds”). Electronic bids must be submitted through **PARITY**® as described in this “Detailed Notice of Sale.” In case of written bids, bids will be received by the County’s Financial Advisor, Cumberland Securities Company, Inc., via facsimile at 865-988-1863. Prior to accepting bids, the County reserves the right to adjust the principal amount of the Bonds being offered as set forth herein, to postpone the sale to a later date, or to cancel the sale based upon market conditions via Bloomberg News Service and/or the **PARITY**® System not later than 9:00 a.m., Eastern Standard Time, on the day of the bid opening. Such notice will specify the revised principal amounts, if any, and any later date selected for the sale, which may be postponed or cancelled in the same manner. If the sale is postponed, a later public sale may be held at the hour and place and on such date as communicated upon at least forty-eight hours notice via Bloomberg News Service and/or the **PARITY**® System.

Description of the Bonds. The Bonds will be issued in book-entry-only form without coupons and will be issued or reissued upon transfer, in \$5,000 denominations or multiples thereof, as shall be requested by the purchaser or registered owner thereof, as applicable. Interest on the Bonds will be payable on March 1 and September 1 of each year, commencing September 1, 2018.

The Bonds will mature and be payable on March 1 of each year as outlined below:

<u>Year</u>	<u>Amount*</u>	<u>Year</u>	<u>Amount*</u>
2022	\$ 85,000	2031	\$ 105,000
2023	85,000	2032	105,000
2024	85,000	2033	110,000
2025	90,000	2034	115,000
2026	90,000	2035	115,000
2027	95,000	2036	120,000
2028	95,000	2037	125,000
2029	100,000	2038	130,000
2030	100,000		

Bank Qualification. The Bonds are “qualified tax-exempt obligations” within the meaning of Section 265 of the Internal Revenue Code of 1986, as amended.

Registration and Depository Participation. The Bonds, when issued, will be registered in the name of Cede & Co., DTC’s partnership nominee. When the Bonds are issued, ownership interests will be available to purchasers only through a book-entry-only system maintained by DTC (the “Book-Entry-Only System”). One or more fully-registered bond certificates will be issued for each maturity, in the entire aggregate principal amount of the Bonds and will be deposited with DTC. The Book-Entry-Only system

* Preliminary, subject to change.

will evidence beneficial ownership interests of the Bonds in the principal amount of \$5,000 for the Bonds and any integral multiple of \$5,000, with transfers of beneficial ownership interest effected on the records of DTC participants and, if necessary, in turn by DTC pursuant to rules and procedures established by DTC and its participants. The successful bidder, as a condition to delivery of the Bonds, shall be required to deposit the bond certificates with DTC, registered in the name of Cede & Co., nominee of DTC. The Bonds will be payable, at maturity to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC, and transfer of principal and interest payments (as applicable) to beneficial owners of the Bonds by Participants of DTC, will be the responsibility of such participants and of the nominees of beneficial owners. The County will not be responsible or liable for such transfer of payments or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants. Notwithstanding the foregoing, if the winning bidder certifies that it intends to hold the Bonds for its own account and has no present intent to re-offer the Bonds, the use the Book-entry system is not required.

In the event that the Book-Entry-Only System for the Bonds is discontinued and a successor securities depository is not appointed by the County, Bond Certificates in fully registered form will be delivered to, and registered in the names of, the DTC Participants or such other persons as such DTC participants may specify (which may be the indirect participants or beneficial owners), in authorized denominations of \$5,000 for the Bonds or integral multiples thereof. The ownership of Bonds so delivered shall be registered in registration books to be kept by the Registration Agent (named herein) at its principal corporate trust office, and the County and the Registration Agent shall be entitled to treat the registered owners of the Bonds, as their names appear in such registration books as of the appropriate dates, as the owners thereof for all purposes described herein and in the Resolution authorizing the Bonds.

Security Pledged. The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the County. For the prompt payment of principal of, premium, if any, and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.

Purpose. The Bonds are being issued for the purposes of providing funds to finance: (i) to purchase property for school purposes; (ii) to purchase sites for school buildings; (iii) to erect or repair school buildings, including certain energy efficient school improvements and other school renovations; (iv) to furnish and equip school buildings; (v) reimbursement to the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (vi) payment of costs incident to the issuance and sale of the bonds.

Optional Redemption. The Bonds maturing on and after March 1, 2025 will be subject to optional redemption prior to maturity at the option of the County, in whole or in part at any time on and after March 1, 2024 at the redemption price of par plus accrued interest as provided herein.

Term Bond Option; Mandatory Redemption. Bidders shall have the option to designate certain consecutive serial maturities of the Bonds as one or more term bonds ("Term Bonds") bearing a single interest rate. If the successful bidder for the Bonds designates certain consecutive serial maturities of such series of Bonds to be combined as one or more Term Bonds as allowed herein, then each Term Bond shall be subject to mandatory sinking fund redemption by the County at a redemption price equal to one hundred percent (100%) of the principal amount thereof, together with accrued interest to the date fixed for redemption at the rate stated in the Term Bonds to be redeemed. Each such mandatory sinking fund redemption shall be made on the date on which a consecutive maturity included as part of a Term Bond is payable in accordance with the proposal of the successful bidder for the Bonds and in the amount of the maturing principal installment for the Bonds listed herein for such principal payment date.

Bidding Instructions. The County will receive electronic or written bids for the purchase of all, but not less than all, of the Bonds. Bidders for the Bonds are requested to name the interest rate or rates the Bonds are

to bear in multiples of one-eighth of one percent and/or one-hundredth of one percent (.01%) or one (1) basis point, but no rate specified shall be in excess of five percent (5.00%) per annum. There will be no limitation on the number of rates of interest that may be specified in a single bid for the Bonds but a single rate shall apply to each single maturity of the Bonds. Bidders must bid not less than ninety-eight and three-quarter percent (98.75%) of par or no more than one hundred and twenty-five percent (125%) of par.

Electronic bids must be submitted through **PARITY**® via BiDCOMP Competitive Bidding System and no other provider of electronic bidding services will be accepted. Subscription to the i-Deal LLC Dalcomp Division's BiDCOMP Competitive Bidding System is required in order to submit an electronic bid. The County will not confirm any subscription nor be responsible for the failure of any prospective bidder to subscribe. For the purposes of the bidding process, the time as maintained by **PARITY**® shall constitute the official time with respect to all bids whether in electronic or written form. To the extent any instructions or directions set forth in **PARITY**® conflict with the terms of the Detailed Notice of Sale, this Notice shall prevail. An electronic bid made through the facilities of **PARITY**® shall be deemed an offer to purchase in response to the Detailed Notice of Sale and shall be binding upon the bidder as if made by a signed, written bid delivered to the County. The County shall not be responsible for any malfunction or mistake made by or as a result of the use of the electronic bidding facilities provided and maintained by **PARITY**®. The use of **PARITY**® facilities are at the sole risk of the prospective bidders.

For further information regarding **PARITY**®, potential bidders may contact i-Deal LLC at 1359 Broadway, 2nd Floor, New York, NY 10018, Telephone: 212-849-5000.

In the event of a system malfunction in the electronic bidding process only, bidders may submit bid prior to the established date and time by FACSIMILE transmission sent to the County's Financial Advisor, Cumberland Securities Company, Inc., at 865-988-1863. Any facsimile submission is made at the sole risk of the prospective bidder. The County and the Financial Advisor shall not be responsible for confirming receipt of any facsimile bid or for any malfunction relating to the transmission and receipt of such bids.

Separate written bids should be submitted by facsimile to the County's Financial Advisor, at 865-988-1863. Written bids must be submitted on the Bid Forms included with the PRELIMINARY OFFICIAL STATEMENT.

Acceptance or rejection of "Bids for Bonds" for the Bonds will not obligate the County to accept or reject "Bids for Bonds".

Unless all bids for the Bonds are rejected, the Bonds will be awarded by the County Mayor of the County to the bidder whose bid complies with this notice and results in the lowest true interest rate on the Bonds to be calculated as that rate that, when used in computing the present worth of all payments of principal and interest on the Bonds (compounded semi-annually from the date of the Bonds), produces an amount equal to the purchase price of the Bonds exclusive of accrued interest. For purposes of calculating the true interest cost, the principal amount of Term Bonds scheduled for mandatory sinking fund redemption as part of the Term Bond shall be treated as a serial maturity in such year. In the event that two or more bidders offer to purchase the Bonds at the same lowest true interest rate, the County Mayor shall determine in his sole discretion which of the bidders shall be awarded the Bonds.

The County reserves the right to reject all bids and to waive informalities in the bids accepted.

Adjustment and/or Revision. While it is the County's intention to sell and issue the approximate par amounts of the Bonds as offered herein, there is no guarantee that adjustment and/or revision may not be necessary in order to properly size the Bonds. Accordingly, the County Mayor reserves the right, in his sole discretion, to adjust down the original par amount of the Bonds by up to \$725,000. The primary factor to be considered in connection with any adjustment is the amount of premium bid by the winning bidder.

Among other factors the County Mayor may (but shall be under no obligation to) consider in sizing the par amounts and individual maturities of the Bonds is the amount of premium bid and size of individual maturities or sinking fund installments and/or other preferences of the County. Additionally, the County Mayor reserves the right to change the dated date of the Bonds. The maximum adjustment will only be needed if the maximum bid is received.

In the event of any such adjustment and/or revision with respect to the Bonds, no rebidding will be permitted, and the portion of such premium or discount (as may have been bid for the Bonds) shall be adjusted in the same proportion as the amount of such revision in par amount of the Bonds bears to the original par amount of such Bonds offered for sale.

The successful bidder for the Bonds will be tentatively notified by not later than 5:00 p.m. (Eastern Standard Time), on the sale date of the exact revisions and/or adjustments required, if any.

Good Faith Deposit. No good faith check will be required to accompany any bid submitted. The successful bidder shall be required to deliver to the County's Financial Advisor (wire transfer or certified check) the amount of up to two percent (2%) of the aggregate principal amount of the Bonds offered for sale which will secure the faithful performance of the terms of the bid. A certified check or wire transfer must be received by the County's Financial Advisor no later than the close of business on the day following the competitive sale. A wire transfer may be sent to First Tennessee Bank, ABA Number: 084-000-026 First Tenn Mem, FAO Cumberland Securities Company, Inc., Account No. 183302631, for further credit to Good Faith Trust Account.

The good faith deposit shall be applied (without interest) to the purchase price of the Bonds. If the successful bidder should fail to accept or pay for the Bonds when tendered for delivery and payment, the good faith deposit will be retained by the County as liquidated damages.

In the event of the failure of the County to deliver the Bonds to the purchaser in accordance with the terms of this Notice within forty-five (45) days after the date of the sale, the good-faith deposit will be promptly returned to the purchaser unless the purchaser directs otherwise.

Establishment of Issue Price

General. The winning bidder shall assist the County in establishing the issue price of the Bonds as more fully described herein. All actions to be taken by the County under this Notice of Sale to establish the issue price of the Bonds may be taken on behalf of the County by the County's financial advisor identified herein and any notice or report to be provided to the County may be provided to the County's financial advisor.

Anticipated Compliance with Competitive Sale Requirements. The County anticipates that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:

- the County shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- all bidders shall have an equal opportunity to bid;
- the County expects to receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- the County anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid.

In the event that the competitive sale requirements are not satisfied, the County will reject all bids and cancel the sale.

Issue Price Certificate. The winning bidder will be required to provide the County, at closing, with an issue price certificate consistent with the foregoing. A form of the issue price certificate is attached to this Detailed Notice of Sale as Exhibit A.

Reoffering Prices; Other Information. The successful bidder must furnish the following information to the County to complete the *Official Statement* in final form within two (2) hours after receipt and award of the bid for the Bonds:

1. The offering prices or yields for the Bonds (expressed as a price or yield per maturity, exclusive of any accrued interest, if applicable);
2. Selling compensation (aggregate total anticipated compensation to the underwriters expressed in dollars, based on the expectation that all Bonds are sold at the prices or yields as provided above);
3. The identity of the underwriters if the successful bidder is part of a group or syndicate; and
4. Any other material information necessary to complete the *Official Statement* in final form but not known to the County.

As a condition to the delivery of the Bonds, the successful bidder will be required to deliver a certificate to the County as is described above relating to reoffering price.

Legal Opinion. The approving opinion of Glankler Brown, PLLC, Memphis, Tennessee, Bond Counsel along with other certificates including, but not limited to, a tax certificate and a continuing disclosure certificate dated as of the date of delivery of the Bonds will be furnished to the purchaser at the expense of the County. As set forth in the *Preliminary Official Statement*, Bond Counsel's opinion with respect to the Bonds will state that interest on the Bonds will be excluded from gross income for federal income tax purposes; is not an item of tax preference for purposes of the federal law alternative minimum tax imposed on individuals. As set forth in the *Preliminary Official Statement*, the owners of the Bonds, however, may be subject to certain additional taxes or tax consequences arising with respect to ownership of the Bonds. Reference is hereby made to the *Preliminary Official Statement* and the form of the opinion contained in Appendix A.

Continuing Disclosure. At the time the Bonds are delivered, the County will execute a Continuing Disclosure Certificate in which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the County by not later than twelve months after each of the County's fiscal years, (the "Annual Report"), and to provide notice of the occurrence of certain enumerated events. The Annual Report (and audited financial statements, if filed separately) will be filed with the Municipal Securities Rulemaking Board ("MSRB") and any State Information Depository established in the State of Tennessee (the "SID"). If the County is unable to provide the Annual Report to the MSRB and the SID by the date required, notice of each failure will be sent to the MSRB and the SID on or before such date. The specific nature of the information to be contained in the Annual Report or the notices of events will be summarized in the County's *Official Statement* to be prepared and distributed in connection with the sale of each series of Bonds.

Delivery of Bonds. Delivery of the Bonds is expected within forty-five (45) days. At least five (5) days notice will be given the successful bidder. Delivery will be made in book-entry form through the facilities

of The Depository Trust Company, New York, New York. Payment for the Bonds must be made in *Federal Funds* or other immediately available funds. Delivery is currently expected on or about March 30, 2018.

CUSIP Numbers. CUSIP numbers will be assigned to the Bonds at the expense of the County. The County will assume no obligation for assignment of such numbers or the correctness of such numbers and neither failure to record such numbers on Bonds nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and make payment for the Bonds.

Official Statements; Other. The County has deemed the PRELIMINARY OFFICIAL STATEMENT to be final as of its date within the meaning of Rule 15c2-12 of the U.S. Securities and Exchange Commission (the “SEC”) except for the omission of certain pricing and other information. The County will furnish the successful bidder at the expense of the County a reasonable number of copies of *Official Statement* in final form, containing the pricing and other information to be supplied by the successful bidder and to be dated the date of the sale, to be delivered by the successful bidder(s) to the persons to whom such bidder and members of its bidding group initially sell the Bonds. Acceptance of the bid will constitute a contract between the County and the successful bidder for the provision of such copies within seven business days of the sale date.

Further Information. Additional information, including the *Preliminary Official Statement*, the Detailed Notice of Sale and the Official Bid Form, may be obtained from the County’s Financial Advisor, Cumberland Securities Company, Inc., Telephone: 865-988-2663. Further information regarding **PARITY**® may be obtained from i-Deal LLC, 1359 Broadway, 2nd Floor, New York, New York 10018, Telephone: 212-849-5000.

Exhibit A to Detailed Notice of Sale

**MCNAIRY COUNTY, TENNESSEE
\$1,750,000 GENERAL OBLIGATION SCHOOL BONDS, SERIES 2018
ISSUE PRICE CERTIFICATE**

The undersigned, on behalf of [NAME OF UNDERWRITER] (the “Underwriter”), hereby certifies as set forth below with respect to the sale of the above-captioned obligations (the “Bonds”).

1. *Reasonably Expected Initial Offering Price.*

(a) As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public by the Underwriter are the prices listed below (the “Expected Offering Prices”). The Expected Offering Prices are the prices for the Maturities of the Bonds used by the Underwriter in formulating its bid to purchase the Bonds. Attached as Exhibit A is a true and correct copy of the bid provided by the Underwriter to purchase the Bonds, including the Expected Offering Prices submitted by the Underwriter on the Sale Date.

(b) The Underwriter was not given the opportunity to review other bids prior to submitting its bid.

(c) The bid submitted by the Underwriter constituted a firm offer to purchase the Bonds.

2. *Defined Terms.*

(a) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) *Issuer* means Haywood County, Tennessee.

(c) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(d) *Sale Date* means the first day on which there is a binding contract in writing for the sale or exchange the Bonds. The Sale Date of the Bonds is March 5, 2018.

(e) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Underwriter’s interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Glankler & Brown, PLLC in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the

preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

BID FORM

Honorable A. Franklin Smith, County Mayor
1 N. Washington
Brownsville, TN 38012

March 5, 2018

Dear Mr. Smith:

For your legally issued, properly executed \$1,750,000* General Obligation School Bonds, Series 2018 (the "Bonds") of Haywood County, Tennessee (the "County") in all respects as more fully outlined in your Notices of Sale which by reference are made a part hereof, we will pay you a sum of _____.

The Bonds shall be dated the date of delivery (assume March 30, 2018) and shall be callable in accordance with the Detailed Notice of Sale. The Bonds shall mature on March 1 and bear interest at the following rates:

<u>Year</u>	<u>Amount*</u>	<u>Rate</u>	<u>Year</u>	<u>Amount*</u>	<u>Rate</u>
2022	\$ 85,000	_____%	2031	\$ 105,000	_____%
2023	85,000	_____%	2032	105,000	_____%
2024	85,000	_____%	2033	110,000	_____%
2025	90,000	_____%	2034	115,000	_____%
2026	90,000	_____%	2035	115,000	_____%
2027	95,000	_____%	2036	120,000	_____%
2028	95,000	_____%	2037	125,000	_____%
2029	100,000	_____%	2038	130,000	_____%
2030	100,000	_____%			

We have the option to designate two or more consecutive serial maturities of the Bonds as term bond maturities as indicated:

Term Bond 1: Maturities from March 1, 20_____ through March 1, 20_____ @ _____%.
Term Bond 2: Maturities from March 1, 20_____ through March 1, 20_____ @ _____%.
Term Bond 3: Maturities from March 1, 20_____ through March 1, 20_____ @ _____%.
Term Bond 4: Maturities from March 1, 20_____ through March 1, 20_____ @ _____%.
Term Bond 5: Maturities from March 1, 20_____ through March 1, 20_____ @ _____%.
Term Bond 6: Maturities from March 1, 20_____ through March 1, 20_____ @ _____%.

It is our understanding that the Bonds will be issued as "qualified tax-exempt obligations" subject to the final approving opinion Glankler Brown, PLLC, Bond Counsel, Memphis, Tennessee, whose opinion together with the executed Bonds, will be furnished by the County without cost to us.

If our bid is accepted, we agree to provide a good faith deposit for 2% of the Bonds on which we have bid by the close of business on the date of the competitive public sale as outlined in the *Detailed Notice of Sale*. Should for any reason we fail to comply with the terms of this bid, this good faith deposit shall be forfeited by us as full liquidated damages. Otherwise, this good faith deposit shall be applied to the purchase price of the Bonds on which we have bid.

This bid is a firm offer for the purchase of the Bonds identified in the Notice of Sale, on the terms set forth in this bid form and the Notice of Sale, and is not subject to any conditions, except as permitted by the Notice of Sale. By submitting this bid, we confirm that we have an established industry reputation for underwriting new issuances of municipal bonds. [If the bidder cannot confirm an established industry reputation for underwriting new issuances of municipal bonds, the preceding sentence should be crossed out.]

Accepted for and on behalf of the
Haywood County, Tennessee, this
5th day of March 2018.

A. Franklin Smith, County Mayor

Respectfully submitted,

Total interest cost from

March 30, 2018 to final maturity \$

Less: Premium /plus discount, if any \$ _____

Net Interest Cost \$ _____

The computations of net interest cost and true interest rate are for comparison purposes only and are not to be considered as part of this proposal.

* Preliminary, subject to change.

\$1,750,000*
HAYWOOD COUNTY, TENNESSEE
General Obligation School Bonds, Series 2018

SECURITIES OFFERED

AUTHORITY AND PURPOSE

This *Preliminary Official Statement*, which includes the Summary Statement and appendices, is furnished in connection with the offering by Haywood County, Tennessee (the “County” or “Issuer”) of \$1,750,000* General Obligation School Bonds, Series 2018 (the “Bonds”).

The Bonds are authorized to be issued pursuant to the provisions of Title 49, Chapter 31, *Tennessee Code Annotated*, as supplemented and amended, and other applicable provisions of law and pursuant to the bond resolution (the “Resolution”) duly adopted by the County Commission of the County on January 16, 2018.

The Bonds are being issued for the purposes of providing funds to finance: (i) to purchase property for school purposes; (ii) to purchase sites for school buildings; (iii) to erect or repair school buildings, including certain energy efficient school improvements and other school renovations; (iv) to furnish and equip school buildings; (v) reimbursement to the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (vi) payment of costs incident to the issuance and sale of the bonds.

DESCRIPTION OF THE BONDS

The Bonds will be initially dated and bear interest from their date of issuance and delivery (assume March 30, 2018). Interest on the Bonds will be payable semi-annually on March 1 and September 1, commencing September 1, 2018. The Bonds are issuable in book-entry-only form in \$5,000 denominations or integral multiples thereof as shall be requested by each respective registered owner.

The Bonds shall be signed by the County Mayor and shall be attested by the County Clerk. No Bond shall be valid until it has been authorized by the manual signature of an authorized officer or employee of the Registration Agent and the date of the authentication noted thereon.

SECURITY

The Bonds are payable from unlimited *ad valorem* taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.

* Preliminary, subject to change.

The County, through its governing body, shall annually levy and collect a tax on all taxable property within the County, in addition to all other taxes authorized by law, sufficient to pay the principal of and interest on the Bonds when due. Principal and interest on the Bonds falling due at any time when there are insufficient funds from such tax shall be paid from the current funds of the County and reimbursement therefore shall be made out of taxes provided by the Resolution when the same shall have been collected. The taxes may be reduced to the extent of direct appropriations from the General Fund of the County to the payment of debt service on the Bonds.

The Bonds are not obligations of the State of Tennessee (the "State") or any political subdivision thereof other than the County.

OPTIONAL REDEMPTION

The Bonds maturing March 1, 2025 and thereafter are subject to optional redemption prior to maturity on or after March 1, 2024 in whole or in part at any time at a redemption price of par plus accrued interest.

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be designated by the Board of County Commissioners, in its discretion. If less than all the principal amount of the Bonds of a maturity shall be called for redemption, the interests within the maturity to be redeemed shall be selected as follows:

(i) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the amount of the interest of each DTC Participant in the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or

(ii) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

MANDATORY REDEMPTION

The bidders have the option of creating term bonds pursuant to the Detailed Notice of Sale. If term bonds are created, then the following provisions will apply. Subject to the credit hereinafter provided, the County shall redeem Bonds maturing March 1, 20__, and March 1, 20__ on the redemption dates set forth below opposite the maturity date, in aggregate principal amounts equal to the respective dollar amounts set forth below opposite the respective redemption dates at a within a maturity price of par plus accrued interest thereon to the date of redemption. The Bonds to be so redeemed shall be selected in the same manner as is described above relating to optional redemption.

(The remainder of this page left blank intentionally.)

The dates of redemption and principal amount of Bonds to be redeemed on said dates are as follows:

<u>Maturity</u>	<u>Redemption Date</u>	<u>Principal Amount of Bonds Redeemed</u>
-----------------	----------------------------	---

*Final Maturity

At its option, to be exercised on or before the forty-fifth (45) day next preceding any such redemption date, the County may (i) deliver to the Registration Agent for cancellation Bonds of the maturity to be redeemed, in any aggregate principal amount desired, and/or (ii) receive a credit in respect of its redemption obligation for any Bonds of the maturity to be redeemed which prior to said date have been purchased or redeemed (otherwise than through the operation of this section) and canceled by the Registration Agent and not theretofore applied as a credit against any redemption obligation. Each Bond so delivered or previously purchased or redeemed shall be credited by the Registration Agent at 100% of the principal amount thereof on the obligation of the County on such payment date and any excess shall be credited on future redemption obligations in chronological order, and the principal amount of Bonds to be redeemed by operation shall be accordingly reduced. The County shall on or before the forty-fifth (45) day next preceding each payment date furnish the Registration Agent with its certificate indicating whether or not and to what extent the provisions of clauses (i) and (ii) described above are to be availed of with respect to such payment and confirm that funds for the balance of the next succeeding prescribed payment will be paid on or before the next succeeding payment date.

NOTICE OF REDEMPTION

Notice of call for redemption, whether optional or mandatory, shall be given by the Registration Agent on behalf of the County not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to effect the redemption with the Registration Agent no later than the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the County nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant or Beneficial Owner will not affect the validity of such redemption. The Registration Agent shall mail said notices as and when directed by the County pursuant to written instructions from an authorized representative of the County (other than for a mandatory sinking fund redemption, notices of which shall be given on the dates

provided herein) given at least forty-five (45) days prior to the redemption date (unless a shorter notice period shall be satisfactory to the Registration Agent). From and after the redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth herein. In the case of a Conditional Redemption, the failure of the County to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain outstanding.

PAYMENT OF BONDS

The Bonds will bear interest from their date or from the most recent interest payment date to which interest has been paid or duly provided for, on the dates provided herein, such interest being computed upon the basis of a 360-day year of twelve 30-day months. Interest on each Bond shall be paid by check or draft of the Bond Registrar to the person in whose name such Bond is registered at the close of business on the 15th day of the month next preceding the interest payment date. The principal of and premium, if any, on the Bonds shall be payable in lawful money of the United States of America at the principal corporate trust office of the Bond Registrar.

(The remainder of this page left blank intentionally.)

BASIC DOCUMENTATION

REGISTRATION AGENT

The Bond Registrar, Regions Bank, Nashville, Tennessee, its successor or the County will make all interest payments with respect to the Bonds on each interest payment date directly to Cede & Co., as nominee of DTC, the registered owner as shown on the Bond registration records maintained by the Bond Registrar, except as follows. However, if the winning bidder certifies to the County that it intends to hold the Bonds for its own account and has no present intent to reoffer the Bonds, then the use of the Book-Entry-Only System is not required.

So long as Cede & Co. is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Bondholders, Holders or Registered Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds. For additional information, see the following section.

BOOK-ENTRY-ONLY SYSTEM

The Registration Agent, its successor or the Issuer will make all interest payments with respect to the Bonds on each interest payment date directly to Cede & Co., as nominee of DTC, the registered owner as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the interest payment date (the “Regular Record Date”) by check or draft mailed to such owner at its address shown on said Bond registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the Issuer in respect of such Bonds to the extent of the payments so made, except as described above. Payment of principal of the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable.

So long as Cede & Co. is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Bondholders, Holders or Registered Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds.

The Bonds, when issued, will be registered in the name of Cede & Co., DTC’s partnership nominee, except as described above. When the Bonds are issued, ownership interests will be available to purchasers only through a book entry system maintained by DTC (the “Book-Entry-Only System”). One fully registered bond certificate will be issued for each maturity, in the entire aggregate principal amount of the Bonds and will be deposited with DTC.

DTC and its Participants. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also

facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry-only transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchase of Ownership Interests. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry-only system for the Bonds is discontinued.

Payments of Principal and Interest. Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Registration Agent on the payable date in accordance with their respective holdings shown on DTC's records, unless DTC has reason to believe it will not receive payment on such date. Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with municipal securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Issuer or the Registration Agent subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal, tender price and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Registration Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the beneficial owners shall be the responsibility of Direct and Indirect Participants.

Notices. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may

wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

NONE OF THE ISSUER, THE UNDERWRITER, THE BOND COUNSEL, THE FINANCIAL ADVISOR OR THE REGISTRATION AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENT TO, OR THE PROVIDING OF NOTICE FOR, SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES.

Transfers of Bonds. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

None of the Issuer, the Bond Counsel, the Registration Agent, the Financial Advisor or the Underwriter will have any responsibility or obligation, legal or otherwise, to any party other than to the registered owners of any Bond on the registration books of the Registration Agent.

DISCONTINUANCE OF BOOK-ENTRY-ONLY SYSTEM

In the event that (i) DTC determines not to continue to act as securities depository for the Bonds or (ii) to the extent permitted by the rules of DTC, the County determines to discontinue the Book-Entry-Only System, the Book-Entry-Only System shall be discontinued. Upon the occurrence of the event described above, the County will attempt to locate another qualified securities depository, and if no qualified securities depository is available, Bond certificates will be printed and delivered to beneficial owners.

No Assurance Regarding DTC Practices. The foregoing information in this section concerning DTC and DTC's book-entry-only system has been obtained from sources that the County believes to be reliable, but the County, the Bond Counsel, the Bond Registrar and the

Financial Advisor do not take any responsibility for the accuracy thereof. So long as Cede & Co. is the registered owner of the Bonds as nominee of DTC, references herein to the holders or registered owners of the Bonds will mean Cede & Co. and will not mean the Beneficial Owners of the Bonds. None of the County, the Bond Counsel, the Bond Registrar or the Financial Advisor will have any responsibility or obligation to the Participants, DTC or the persons for whom they act with respect to (i) the accuracy of any records maintained by DTC or by any Direct or Indirect Participant of DTC, (ii) payments or the providing of notice to Direct Participants, the Indirect Participants or the Beneficial Owners or (iii) any other action taken by DTC or its partnership nominee as owner of the Bonds.

For more information on the duties of the Bond Registrar, please refer to the Resolution. Also, please see the section entitled "SECURITIES OFFERED – Redemption."

DISPOSITION OF BOND PROCEEDS

The proceeds of the sale of the Bonds shall be applied by the County as follows:

- (a) all accrued interest, if any, shall be deposited to the appropriate fund of the County to be used to pay interest on the Bonds on the first interest payment date following delivery of the Bonds;
- (b) the County shall pay costs of issuance of the Bonds, including necessary legal, accounting and fiscal expenses, printing, engraving, advertising and similar expenses, administrative and clerical costs, Registration Agent fees and other necessary miscellaneous expenses incurred in connection with the issuance and sale of the Bonds; and
- (c) the remainder of the proceeds of the sale of the Bonds shall be deposited by the County Trustee in a special fund to be known as the 2018 School Construction Fund (the "Construction Fund") to be kept separate and apart from all other funds of the County. The funds in the School Construction Fund shall be disbursed solely to pay the costs of the Project. Money in the School Construction Fund shall be secured in the manner prescribed by applicable statutes relative to the securing of public or trust funds, if any, or, in the absence of such a statute, by a pledge of readily marketable securities having at all times a market value of not less than the amount in said Construction Fund. Money in the Construction Fund shall be expended only for the purposes authorized by the Resolution. Any funds remaining in the Construction Fund after completion of the Project and payment of authorized expenses shall be used to pay principal of and interest on the Bonds. Moneys in the Construction Fund shall be invested at the direction of the County Trustee in such investments as shall be permitted by applicable law.

(The remainder of this page left blank intentionally.)

DISCHARGE AND SATISFACTION OF BONDS

If the County shall pay and discharge the indebtedness evidenced by any of the Bonds in any one or more of the following ways:

- (a) By paying or causing to be paid, by deposit of sufficient funds as and when required with the Registration Agent, the principal of and interest on such Bonds as and when the same become due and payable;
- (b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers ("an Agent"; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity or redemption, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity or redemption date (provided, if such Bonds are to be redeemed prior to maturity thereof, proper notice of such redemption shall have been given or adequate provision shall have been made for the giving of such notice); or
- (c) By delivering such Bonds to the Registration Agent for cancellation by it;

and if the County shall also pay or cause to be paid all other sums payable hereunder by the County with respect to such Bonds, or make adequate provision therefor, and by resolution of the Governing Body instruct any such escrow agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then and in that case the indebtedness evidenced by such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the County to the holders of such Bonds shall be fully discharged and satisfied and shall thereupon cease, terminate and become void.

If the County shall pay and discharge the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners thereof shall thereafter be entitled only to payment out of the money or Defeasance Obligations deposited as aforesaid.

Except as otherwise provided in this section, neither Defeasance Obligations nor moneys deposited with the Registration Agent nor principal or interest payments on any such Defeasance Obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal and interest on said Bonds; provided that any cash received from such principal or interest payments on such Defeasance Obligations deposited with the Registration Agent, (A) to the extent such cash will not be required at any time for such purpose, shall be paid over to the County as received by the Registration Agent and (B) to the extent such cash will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Defeasance Obligations maturing at times and in amounts sufficient to pay when due the principal and interest to become due on said Bonds on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over to the

County, as received by the Registration Agent. For the purposes hereof, Defeasance Obligations shall mean direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, or any agency thereof, obligations of any agency or instrumentality of the United States or any other obligations at the time of the purchase thereof are permitted investments under Tennessee law for the purposes described herein, which bonds or other obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

REMEDIES OF BONDHOLDERS

Under Tennessee law, any Bondholder has the right, in addition to all other rights:

(1) By mandamus or other suit, action or proceeding in any court of competent jurisdiction to enforce its rights against the County, including, but not limited to, the right to require the County to assess, levy and collect taxes adequate to carry out any agreement as to, or pledge of, such taxes, fees, rents, tolls, or other charges, and to require the County to carry out any other covenants and agreements, or

(2) By action or suit in equity, to enjoin any acts or things which may be unlawful or a violation of the rights of such Bondholder.

(The remainder of this page left blank intentionally.)

LEGAL MATTERS

LITIGATION

There are no claims against the County, including claims in litigation, which, in the opinion of the County, would materially affect the County's financial position as it relates to its ability to make payments on the Bonds. There are no suits threatened or pending challenging the legality or validity of the Bonds or the right of the County to sell or issue the Bonds.

TAX MATTERS

Federal

General. Glankler Brown, PLLC, Memphis, Tennessee, is Bond Counsel for the Bonds. Their opinion under existing law, relying on certain statements by the County and assuming compliance by the County with certain covenants, is that interest on the Bonds:

- is excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986, as amended (the "Code"), and
- is not a preference item for a bondholder under the federal alternative minimum tax on individuals.

The Code, imposes requirements on the Bonds that the County must continue to meet after the Bonds are issued. These requirements generally involve the way that Bond proceeds must be invested and ultimately used. If the County does not meet these requirements, it is possible that a bondholder may have to include interest on the Bonds in its federal gross income on a retroactive basis to the date of issue. The County has covenanted to do everything necessary to meet these requirements of the Code.

A bondholder who is a particular kind of taxpayer may also have additional tax consequences from owning the Bonds. This is possible if a bondholder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Bonds.

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Bonds or affect the market price of the Bonds. See also "Changes in Federal and State Tax Law" below.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Bonds, or under State, local or foreign tax law.

Bond Premium. If a bondholder purchases a Bond for a price that is more than the principal amount, generally the excess is "bond premium" on that Bond. The tax accounting treatment of bond premium is complex. It is amortized over time and as it is amortized a bondholder's tax basis in that Bond will be reduced. The holder of a Bond that is callable before its stated maturity date may be required to amortize the premium over a shorter period, resulting in a lower yield on such Bonds. A bondholder in certain circumstances may realize a taxable gain upon the sale of a Bond with bond premium, even though the Bond is sold for an amount less than or equal to the owner's original cost. If a bondholder owns any Bonds with bond premium, it should consult its tax advisor regarding the tax accounting treatment of bond premium.

Original Issue Discount. A Bond will have "original issue discount" if the price paid by the original purchaser of such Bond is less than the principal amount of such Bond. Bond Counsel's opinion is that any original issue discount on these Bonds as it accrues is excluded from a bondholder's federal gross income under the Internal Revenue Code. The tax accounting treatment of original issue discount is complex. It accrues on an actuarial basis and as it accrues a bondholder's tax basis in these Bonds will be increased. If a bondholder owns one of these Bonds, it should consult its tax advisor regarding the tax treatment of original issue discount

Qualified Tax-Exempt Obligations. Under the Code, in the case of certain financial institutions, no deduction from income under the federal tax law will be allowed for that portion of such institution's interest expense which is allocable to tax-exempt interest received on account of tax-exempt obligations acquired after August 7, 1986. The Code, however, provides that certain "qualified tax-exempt obligations", as defined in the Code, will be treated as if acquired on August 7, 1986. Based on an examination of the Code and the factual representations and covenants of the County as to the Bonds, Bond Counsel has determined that the Bonds upon issuance will be "qualified tax-exempt obligations" within the meaning of the Code.

Information Reporting and Backup Withholding. Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup

withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

State Taxes

Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Bonds during the period the Bonds are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

CHANGES IN FEDERAL AND STATE TAX LAW

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

CLOSING CERTIFICATES

Upon delivery of the Bonds, the County will execute in a form satisfactory to Bond Counsel, certain closing certificates including the following: (i) a certificate as to the *Official Statement*, in final form, signed by the County Mayor acting in his official capacity to the effect that to the best of his knowledge and belief, and after reasonable investigation, (a) neither the

Official Statement, in final form, nor any amendment or supplement thereto, contains any untrue statements of material fact or omits to state any material fact necessary to make statements therein, in light of the circumstances in which they are made, misleading, (b) since the date of the *Official Statement*, in final form, no event has occurred which should have been set forth in such a memo or supplement, (c) there has been no material adverse change in the operation or the affairs of the County since the date of the *Official Statement*, in final form, and having attached thereto a copy of the *Official Statement*, in final form, and (d) there is no litigation of any nature pending or threatened seeking to restrain the issuance, sale, execution and delivery of the Bonds, or contesting the validity of the Bonds or any proceeding taken pursuant to which the Bonds were authorized; (ii) certificates as to the delivery and payment, signed by the County Mayor acting in his official capacity, evidencing delivery of and payment for the Bonds; (iii) a signature identification and incumbency certificate, signed by the County Mayor and County Clerk acting in their official capacities certifying as to the due execution of the Bonds; and, (iv) a Continuing Disclosure Certificate regarding certain covenants of the County concerning the preparation and distribution of certain annual financial information and notification of certain material events, if any.

APPROVAL OF LEGAL PROCEEDINGS

Certain legal matters relating to the authorization and the validity of the Bonds are subject to the approval of Glankler Brown, PLLC, Memphis, Tennessee, bond counsel. Bond counsel has not prepared the *Preliminary Official Statement* or the *Official Statement*, in final form, or verified their accuracy, completeness or fairness. Accordingly, bond counsel expresses no opinion of any kind concerning the *Preliminary Official Statement* or *Official Statement*, in final form, except for the information in the section entitled “LEGAL MATTERS - Tax Matters.” The opinion of Bond Counsel will be limited to matters relating to authorization and validity of the Bonds and to the tax-exemption of interest on the Bonds under present federal income tax laws, both as described above. The legal opinion will be delivered with the Bonds and the form of the opinion is included in APPENDIX A. For additional information, see the section entitled MISCELLANEOUS – “Competitive Public Sale”, “Additional Information” and “Continuing Disclosure.”

(The remainder of this page left blank intentionally.)

MISCELLANEOUS

RATING

Standard & Poor's ("S&P") has given the Bonds the rating of "A+".

There is no assurance that such ratings will continue for any given period of time or that the rating may not be suspended, lowered or withdrawn entirely by S&P, if circumstances so warrant. Due to the ongoing uncertainty regarding the economy and debt of the United States of America, including, without limitation, the general economic conditions in the country, and other political and economic developments that may affect the financial condition of the United States government, the United States debt limit, and the bond ratings of the United States and its instrumentalities, obligations issued by state and local governments, such as the Bonds, could be subject to a rating downgrade. Additionally, if a significant default or other financial crisis should occur in the affairs of the United States or of any of its agencies or political subdivisions, then such event could also adversely affect the market for and ratings, liquidity, and market value of outstanding debt obligations, including the Bonds. Any such downward change in or withdrawal of the ratings may have an adverse effect on the secondary market price of the Bonds.

The ratings reflect only the views of S&P and any explanation of the significance of such ratings should be obtained from S&P.

COMPETITIVE PUBLIC SALE

The Bonds will be offered for sale at competitive public bidding on March 5, 2018. Details concerning the public sale were provided to potential bidders and others in the *Preliminary Official Statement* that was dated February 22, 2018.

The successful bidder for the Bonds was an account led by _____, _____, _____ (the "Underwriters") who contracted with the County, subject to the conditions set forth in the Official Notice of Sale and Bid Form to purchase the Bonds at a purchase price of \$_____ (consisting of the par amount of the Bonds, less an underwriter's discount of \$_____ and an original issue discount of \$_____) or ____% of par plus accrued interest, if any, to the date of delivery.

FINANCIAL ADVISOR; RELATED PARTIES; OTHER

Financial Advisor. Cumberland Securities Company, Inc., Knoxville, Tennessee, has served as financial advisor (the "Financial Advisor") to the County for purposes of assisting with the development and implementation of a bond structure in connection with the issuance of the Bonds. The Financial Advisor has not been engaged by the County to compile, create, or interpret any information in the PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT relating to the County, including without limitation any of the County's financial and operating data, whether historical or projected. Any information contained in the PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT concerning the

County, any of its affiliated or contractors and any outside parties has not been independently verified by the Financial Advisor, and inclusion of such information is not, and should not be construed as, a representation by the Financial Advisor as to its accuracy or completeness or otherwise. The Financial Advisor is not a public accounting firm and has not been engaged by the County to review or audit any information in the PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT in accordance with accounting standards.

Regions Bank. Regions Bank (the “Bank”) is also a wholly-owned subsidiary of Regions Financial Corporation. The Bank provides, among other services, commercial banking, investments and corporate trust services to private parties and to State and local jurisdictions, including serving as registration, paying agent or filing agent related to debt offerings. The Bank will receive compensation for its role in serving as Registration and Paying Agent for the Bonds. In instances where the Bank serves the County in other normal commercial banking capacities, it will be compensated separately for such services.

Official Statements. Certain information relative to the location, economy and finances of the Issuer is found in the *Preliminary Official Statement*, in final form and the *Official Statement*, in final form. Except where otherwise indicated, all information contained in this Official Statement has been provided by the Issuer. The information set forth herein has been obtained by the Issuer from sources which are believed to be reliable but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation of, the Financial Advisor or the Underwriter. The information contained herein is subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall under any circumstances create an implication that there has been no change in the affairs of the Issuer, or the other matters described herein since the date hereof or the earlier dates set forth herein as of which certain information contained herein is given.

Cumberland Securities Company, Inc. distributed the *Preliminary Official Statement*, in final form, and the *Official Statement*, in final form on behalf of the County and will be compensated and/or reimbursed for such distribution and other such services.

Bond Counsel. From time to time, Glankler Brown, PLLC has represented the Bank on legal matters unrelated to the County and may do so again in the future.

Other. Among other services, Cumberland Securities Company, Inc. and the Bank may also assist local jurisdictions in the investment of idle funds and may serve in various other capacities, including Cumberland Securities Company’s role as serving as the County’s Dissemination Agent. If the County chooses to use one or more of these other services provided by Cumberland Securities Company, Inc. and/or the Bank, then Cumberland Securities Company, Inc. and/or the Bank may be entitled to separate compensation for the performance of such services.

(The remainder of this page left blank intentionally.)

ADDITIONAL DEBT

The County has not authorized the issuance of a \$3,000,000 Energy Efficient School Initiative (EESI) Loan with the State of Tennessee. Additionally the County has ongoing needs that may or may not require the issuance of debt.

DEBT LIMITATIONS

Pursuant to Title 49, Chapter 3, Part 10, *Tennessee Code Annotated*, as amended, there is no limit on the amount of bonds that may be issued for school purposes when the County uses the statutory authority granted therein to issue bonds. (see DEBT STRUCTURE - Indebtedness and Debt Ratios for additional information.)

DEBT RECORD

There is no record of a default on principal and interest payments by the County from information available. Additionally, no agreements or legal proceedings of the County relating to securities have been declared invalid or unenforceable.

CONTINUING DISCLOSURE

The County will at the time the Bonds are delivered execute a Continuing Disclosure Certificate under which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the County by not later than twelve months after the end of each fiscal year commencing with the fiscal year ending June 30, 2017 (the "Annual Report"), and to provide notice of the occurrence of certain significant events not later than ten business days after the occurrence of the events and notice of failure to provide any required financial information of the County. The Annual Report (and audited financial statements if filed separately) and notices described above will be filed by the County with the Municipal Securities Rulemaking Board ("MSRB") at www.emma.msrb.org and with any State Information Depository which may be established in Tennessee (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events is summarized below. These covenants have been made in order to assist the Underwriters in complying with Securities Exchange Act Rule 15c2-12(b), as it may be amended from time to time (the "Rule 15c2-12"). The District is in compliance with the undertakings required under the Rule.

Five-Year History of Filing. While it is believed that all appropriate filings were made with respect to the ratings of the County's outstanding bond issues, some of which were insured by the various municipal bond insurance companies, no absolute assurance can be made that all such rating changes of such bonds or various insurance companies which insured some transaction were made or made in a timely manner as required by Rule 15c2-12. The County does not deem any of the forgoing omissions to be material, and therefore, in the judgment of the County, for the past five years, the County has complied in all material respects with its existing continuing disclosure agreements in accordance with Rule 15c2-12.

Content of Annual Report. The County's Annual Report shall contain or incorporate by reference the General Purpose Financial Statements of the County for the fiscal year, prepared in accordance with generally accepted accounting principles; provided, however, if the County's audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained herein, and the audited financial statements shall be filed when available. The Annual Report shall also include in a similar format the following information included in APPENDIX B entitled "SUPPLEMENTAL INFORMATION STATEMENT."

1. Summary of bonded indebtedness as of the end of such fiscal year as shown on page B-7;
2. The indebtedness and debt ratio as of the end of such fiscal year, together with information about the property tax base as shown on pages B-8 and B-9;
3. Information about the Bonded Debt Service Requirements – General Fund and General Debt Service Fund as of the end of such fiscal year as shown on page B-10;
4. The fund balances and retained earnings for the fiscal year as shown on page B-11;
5. Summary of Revenues, Expenditures and Changes in Fund Balances - General Fund for the fiscal year as shown on page B-12;
6. The estimated assessed value of property in the County for the tax year ending in such fiscal year and the total estimated actual value of all taxable property for such year as shown on page B-18;
7. Property tax rates and tax collections of the County for the tax year ending in such fiscal year as well as the uncollected balance for such fiscal year as shown on page B-18; and
8. The ten largest taxpayers as shown on page B-19.

Any or all of the items above may be incorporated by reference from other documents, including Official Statements in final form for debt issues of the County or related public entities, which have been submitted to each of the Repositories or the U.S. Securities and Exchange Commission. If the document incorporated by reference is a final Official Statement, in final form, it will be available from the Municipal Securities Rulemaking Board. The County shall clearly identify each such other document so incorporated by reference.

Reporting of Significant Events. The County will file notice regarding material events with the MSRB and the SID, if any, as follows:

1. Upon the occurrence of a Listed Event (as defined in (3) below), the County shall in a timely manner, but in no event more than ten (10) business days after the

occurrence of such event, file a notice of such occurrence with the MSRB and SID, if any.

2. For Listed Events where notice is only required upon a determination that such event would be material under applicable Federal securities laws, the County shall determine the materiality of such event as soon as possible after learning of its occurrence.
3. The following are the Listed Events:
 - a. Principal and interest payment delinquencies;
 - b. Non-payment related defaults, if material;
 - c. Unscheduled draws on debt service reserves reflecting financial difficulties;
 - d. Unscheduled draws on credit enhancements reflecting financial difficulties;
 - e. Substitution of credit or liquidity providers, or their failure to perform;
 - f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;
 - g. Modifications to rights of Bondholders, if material;
 - h. Bond calls, if material, and tender offers;
 - i. Defeasances;
 - j. Release, substitution, or sale of property securing repayment of the securities, if material;
 - k. Rating changes;
 - l. Bankruptcy, insolvency, receivership or similar event of the obligated person;
 - m. The consummation of a merger, consolidation or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and

- n. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

Termination of Reporting Obligation. The County's obligations under the Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

Amendment; Waiver. Notwithstanding any other provision of the Disclosure Certificate, the County may amend the Disclosure Certificate, and any provision of the Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions concerning the Annual Report and Reporting of Significant Events it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized Bond Counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver does not, in the opinion of nationally recognized Bond Counsel, materially impair the interests of the Holders or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of the Disclosure Certificate, the County shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the County. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Default. In the event of a failure of the County to comply with any provision of the Disclosure Certificate, any Bondholder, or any Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations under the Disclosure Certificate. A default under the Disclosure Certificate shall not be deemed an event of default, if any, under the Resolution, and the sole remedy under the Disclosure Certificate in the event of any failure of the County to comply with the Disclosure Certificate shall be an action to compel performance.

(The remainder of this page left blank intentionally.)

ADDITIONAL INFORMATION

Use of the words "shall," "must," or "will" in this Official Statement in summaries of documents or laws to describe future events or continuing obligations is not intended as a representation that such event will occur or obligation will be fulfilled but only that the document or law contemplates or requires such event to occur or obligation to be fulfilled.

Any statements made in this Official Statement involving estimates or matters of opinion, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates or matters of opinion will be realized. Neither this Official Statement nor any statement which may have been made orally or in writing is to be construed as a contract with the owners of the Bonds.

The references, excerpts and summaries contained herein of certain provisions of the laws of the State of Tennessee, and any documents referred to herein, do not purport to be complete statements of the provisions of such laws or documents, and reference should be made to the complete provisions thereof for a full and complete statement of all matters of fact relating to the Bonds, the security for the payment of the Bonds, and the rights of the holders thereof.

The PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT, in final form, and any advertisement of the Bonds, is not to be construed as a contract or agreement between the County and the purchasers of any of the Bonds. Any statements or information printed in this PRELIMINARY OFFICIAL STATEMENT or the OFFICIAL STATEMENT, in final form, involving matters of opinions or of estimates, whether or not expressly so identified, is intended merely as such and not as representation of fact.

The County has deemed this PRELIMINARY OFFICIAL STATEMENT as "final" as of its date within the meaning of Rule 15c2-12(b) of the U.S. Securities and Exchange Commission except for the omission of certain pricing information allowed to be omitted pursuant to Rule 15c2-12.

APPENDIX A

LEGAL OPINION

[LETTERHEAD OF GLANKLER BROWN, PLLC]

(Date of Closing)

Board of County Commissioners
of Haywood County, Tennessee
1 N. Washington
Brownsville, Tennessee 38012

Re: \$1,750,000 General Obligation School Bonds, Series 2018 of Haywood County,
Tennessee

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by Haywood County, Tennessee (the "County"), of \$1,750,000 aggregate principal amount of its General Obligation School Bonds, Series 2018 dated as of the date hereof (the "Bonds"). We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Official Statement or other offering material published and distributed in connection with the sale of the Bonds or any other information concerning the financial condition of the County which may have been provided to the purchasers of the Bonds, and we express no opinion relating thereto.

Based on our examination, we are of the opinion, under existing law, as of the date hereof, as follows:

1. The Bonds have been authorized and issued in accordance with the Constitution and statutes of the State of Tennessee and constitute the valid and binding general obligations of the County for the payment of which the County has irrevocably pledged its full faith and credit. The Bonds are payable as to both principal and interest from ad valorem taxes to be levied, as necessary, upon all taxable property within the County without limitation as to rate or amount.

2. Interest on the Bonds (including any original issue discount properly allocable to an owner thereof) (a) is excluded from gross income for federal income tax purposes and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. The opinion set forth in clause (a) above is subject to the condition that the County comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to

(Date of Closing)

Page 2

the issuance of the Bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The County has covenanted to comply with all such requirements. Except as set forth in this Paragraph 2 and in Paragraph 4 below, we express no opinion regarding other federal tax consequences arising with respect to the Bonds.

3. The Bonds and the income therefrom are exempt from all present state, county and municipal taxation in the State of Tennessee, except (a) Tennessee excise taxes on all or a portion of the interest on any Bonds during the period such Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

4. The Bonds have been designated by the County as “qualified tax-exempt obligations” pursuant to Section 265(b)(3) of the Code.

To the extent constitutionally applicable, the rights of the holders of the Bonds and the enforceability thereof are subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereinafter enacted. Also, the enforcement of bondholder rights may be subject to the exercise of judicial discretion in appropriate cases.

Very truly yours,

APPENDIX B

SUPPLEMENTAL INFORMATION STATEMENT

GENERAL INFORMATION

LOCATION

Haywood County (the “County”) is located in the western portion of the State of Tennessee. The County is bordered to the east by Madison County and to the west by Tipton County and Lauderdale County. Crockett County makes up most of the northern border of Haywood County with counties of Fayette and Hardeman comprising the border to the south. Brownsville (the “City”) is the largest city within the County and is located 55 miles northeast of Memphis.

GENERAL

The approximate land area of the County is 341,600 acres, or 519 square miles, is about 25% larger than the average-sized county in the State of Tennessee. The largest industry in the County is agriculture. Haywood County is recognized as the leading cotton producer in the State. In addition, the County produces large quantities of soybeans, corn, hay and garden vegetables.

The governing board of the County is the 20-member Board of County Commissioners which is elected to concurrent four-year terms of office. The County Executive is the chief financial and administrative officer of the County and is elected by a direct vote of the people to a four-year term of office.

TRANSPORTATION

Located along Interstate 40, Haywood County's central location provides its residents, industries, and visitors access to various modes of transportation. Interstate 40, which connects the east coast with the west, crosses directly through Haywood County. US 70 and 70A cross the county east to west with US 79 running north and south. Several state routes also serve the area. The CSX Railroad provides daily service to Norfolk Southern Railroad at Humboldt. The nearest port is 60 miles away in Memphis.

McKellar Sipes Regional Airport is located 22 miles east of Haywood County. The regional airport is served by Northwest Airlink which can connect commuters with almost all the major airlines. Just 50 miles southwest of Haywood County is Memphis International Airport. This airport is served by American, Delta, Northwest, Southwest, USAir, United, KLM.

EDUCATION

The *Haywood County School System* has nine schools: six elementary schools, one middle school and two high schools. The fall 2015 enrollment was 3,137 students with 219 teachers. Director of Schools, who answers to the five members who serve as Haywood County Schools Board members, manages the school system.

Source: Tennessee Department of Education.

The Tennessee Technology Center at Whiteville. The Tennessee Technology Center at Whiteville is part of a statewide system of 26 vocational-technical schools. The Tennessee

Technology Center meets a Tennessee mandate that no resident is more than 50 miles from a vocational-technical shop. The institution's primary purpose is to meet the occupational and technical training needs of the citizens including employees of existing and prospective businesses and industries in the region. The Technology Center at Whiteville serves the southwest region of the state including Hardeman, Haywood and Fayette Counties. The Technology Center at Whiteville began operations in 1976, and the main campus is located in Hardeman County. Fall 2015 enrollment was 557 students.

Source: Tennessee Technology Center at Whiteville.

Within a one-hour drive of Haywood County, the University of Memphis, Christian Brothers University, Rhodes College, State Technical Institute, LeMoyne Owen College and Shelby State Community College are located in Memphis. Union University, Lambuth University, Lane College and Jackson State Community College are located in Jackson, Tennessee.

HEALTHCARE

Haywood Park Community Hospital is a 62-bed facility in Brownsville. Specialties represented by physicians at the facility include: cardiology, gastroenterology, internal medicine, nephrology, orthopedics, podiatry and urology. The facility offers a full range of services including 24-hour emergency care, imaging services, general surgery services, a gastroenterology laboratory, hematology/oncology services, occupational medicine, orthopedics, pediatrics, physical and respiratory therapy and more. Haywood Park is affiliated with Community Health Systems (the "CHS") which is one of the nation's leading operators of general acute care hospitals based in Brentwood, TN. The organization's affiliates own, operate or lease more than 110 hospitals in 28 states, with an aggregate of more than 17,000 licensed beds. There are eleven CHS hospitals in Tennessee.

Source: Community Health Systems.

POWER PRODUCTION

Lagoon Creek Combustion Turbine Plant. Tennessee Valley Authority's ("TVA") Lagoon Creek Combustion Turbine Plant is located in Haywood County. Construction at Lagoon Creek was completed in 2001. Lagoon Creek has 12 combustion turbine generating units. The generating capacity of Lagoon Creek is 1,020 megawatts. Lagoon Creek, which occupies 181 acres in the midst of Tennessee farm country, is expected to help TVA meet the rapidly growing peak demands for power that occur in summertime.

Combustion turbines operate on the same general principle as a jet engine. Air enters at the front of the unit and is compressed, mixed with natural gas or oil, and ignited. The hot gas then expands through turbine blades to turn the generator and produce electricity. Combustion turbines can run on natural gas or low-sulfur fuel oil and are designed to start quickly to meet the demand for electricity during peak operating periods. The units at Lagoon Creek can reach full power in just 20 minutes. The plant site was chosen because it's close to several natural-gas pipelines and TVA transmission lines. Combustion turbines are the most popular type of new generating equipment, accounting for 95 percent of the 300,000 megawatts of new power capacity announced for completion nationwide between 2000 and 2008.

State-of-the-art emission controls and noise management make the Lagoon Creek units more environmentally friendly than older types. When the units run on natural gas, nitrous-oxide emissions are less than 10 percent of what they were 30 years ago. When they run on oil, emissions are less than 20 percent of former levels.

MANUFACTURING AND COMMERCE

Haywood County benefits from a diversified economy that successfully blends tourism, retail, agriculture and industry. Personal income is not dominated by any one source. The area also benefits from its central location in “the heart of the Tennessee Delta.” This location not only provides easy access to and from major roadways, but allows employers to draw from a large labor market which spans seven counties.

Haywood County Industrial Park. The largest industrial park in the County is the Haywood County Industrial Park, which offers over 150 acres fully infra structured for the needs of industry. The Brownsville Utility Department provides full utilities at competitive rates. Electricity, natural gas, water and wastewater services are available.

I-40 Advantage Auto Park. In 2008 a 1,700+-acre site in the county has been certified as a “megasite” or large industrial property suitable for a major automotive manufacturing facility or related industry. The Haywood County site, known as the I-40 Advantage Auto Park, is located north of Interstate 40, 20 minutes east of the Memphis, Tennessee, suburbs. The site is easily accessible from Memphis, Bartlett, Collierville, Germantown, Jackson and other West Tennessee cities. The site is bounded on the north by U. S. Highway 70/79 and CSX Railroad and on the south by Interstate 40.

Source: The Jackson Sun Fact Book.

Memphis Regional Megasite. The infrastructure for the 4,100-acre Memphis Regional Megasite, which is located along I-40 in Fayette and Haywood counties, was completed in 2016 and cost \$106 million. The megasite is a "shovel-ready" site marketed for large-scale industrial developments that generates jobs and corporate investment. See “RECENT DEVELOPMENTS” for more information.

ECONOMIC DATA

Haywood County's relative orientation towards an agriculturally-base economy has resulted in lower per capita income averages than the average for the State of Tennessee. However, the growth rate, as depicted by the relatively constant relationship of the County's per capita income versus the State levels, has kept up with the growth in personal income throughout the State of Tennessee.

Per Capita Personal Income

RECREATION

Hatchie National Wildlife Refuge. Hatchie NWR includes 11,556 acres along the Scenic Hatchie River that is located entirely within Haywood County. It attracts thousands of visitors each year and is located about four miles south of Brownsville. The refuge was established in 1964, primarily to provide habitat (food, water and shelter) for migrating and wintering waterfowl. About 90 percent of the Refuge lies within the floodplain of the Hatchie River. The Hatchie is the last unchannelized river of its type in the Lower Mississippi River Valley and still functions under near normal wetland cycles. About 9,400 acres of bottomland hardwoods are

located on the refuge and are flooded by headwater flows of the Hatchie. The Hatchie NWR provides opportunities for hunting, fishing, photography, and boating.

RECENT DEVELOPMENTS

Memphis Regional Megasite. The infrastructure for the 4,100-acre Memphis Regional Megasite, which is located along I-40 in Fayette and Haywood counties, was completed in 2016 and cost \$106 million. State and local officials began to purchase the land in 2009. Six years later, the megasite is a huge, pre-purchased, "shovel-ready" site marketed for large-scale industrial developments that generates jobs and corporate investment. As of early 2016 no industries have been announced but several companies are looking at the facility.

NOTES:

- (1) The above figures may not include short-term notes outstanding, if any. For more information, see the notes to the Financial Statements in the GENERAL PURPOSE FINANCIAL STATEMENTS. Does included revenue supported debt and the Capital Outlay Notes, Series 2017, dated and issued October 13, 2017.
- (2) The original federal subsidy of 35.0% on the General Obligation Bonds, Series 2010 (Federally Taxable Build America Bonds) has been reduced by 6.6% for the federal fiscal year ending September 30, 2018 as a result of the sequestration by the Budget Control Act of 2011. After October 1, 2018, the sequestration rate will be subject to change.
- (3) Estimated Interest Rates. Estimated Average Coupon 3.02%.
- (4) Estimated Interest Rates. Estimated Average Coupon 1.50%.

FINANCIAL INFORMATION

BASIS OF ACCOUNTING AND PRESENTATION

The accounts of the County are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The modified accrual basis of accounting is used to account for all governmental funds of the County. Revenues for such funds are recognized when they become measurable and available as net current assets. Expenditures, other than interest or long-term debt, are recognized when incurred and measurable.

All proprietary funds are accounted for using the accrual basis of accounting, whereby revenues are recognized when they are earned and expenses are recognized when they are incurred except for prepaid expenses, such as insurance, which are fully expended at the time of payment.

FUND BALANCES AND RETAINED EARNINGS

INVESTMENT AND CASH MANAGEMENT PRACTICES

Investment of idle County operating funds is controlled by state statute and local policies and administered by the County Trustee. Generally, such policies limit investment instruments to direct U.S. Government obligations, those issued by U.S. Agencies or Certificates of Deposit. As required by prevailing statutes, all demand deposits or Certificates of Deposit are secured by similar grade collateral pledged at 10% of market value for amounts in excess of that guaranteed through federally sponsored insurance programs. For reporting purposes, all investments are stated at cost which approximates market value.

REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

State Taxation of Property; Classifications of Taxable Property; Assessment Rates

Under the Constitution and laws of the State of Tennessee, all real and personal property is subject to taxation, except to the extent that the General Assembly of the State of Tennessee (the "General Assembly") exempts certain constitutionally permitted categories of property from taxation. Property exempt from taxation includes federal, state and local government property, property of housing authorities, certain low cost housing for elderly persons, property owned and used exclusively for certain religious, charitable, scientific and educational purposes and certain other property as provided under Tennessee law.

Under the Constitution and laws of the State of Tennessee, property is classified into three separate classes for purposes of taxation: Real Property; Tangible Personal Property; and Intangible Personal Property. Real Property includes lands, structures, improvements, machinery and equipment affixed to realty and related rights and interests. Real Property is required constitutionally to be classified into four sub classifications and assessed at the rates as follows:

- (a) Public Utility Property (which includes all property of every kind used or held for use in the operation of a public utility, such as railroad companies, certain telephone companies, freight and private car companies, street car companies, power companies, express companies and other public utility companies), to be assessed at 55% of its value;
- (b) Industrial and Commercial Property (which includes all property of every kind used or held for use for any commercial, mining, industrial, manufacturing, business or similar purpose), to be assessed at 40% of its value;
- (c) Residential Property (which includes all property which is used or held for use for dwelling purposes and contains no more than one rental unit), to be assessed at 25% of its value; and
- (d) Farm Property (which includes all real property used or held for use in agriculture), to be assessed at 25% of its value.

Tangible Personal Property includes personal property such as goods, chattels and other articles of value, which are capable of manual or physical possession and certain machinery and equipment. Tangible Personal Property is required constitutionally to be classified into three sub classifications and assessed at the rates as follows:

- (a) Public Utility Property, to be assessed at 55% of its value;
- (b) Industrial and Commercial Property, to be assessed at 30% of its value; and
- (c) All other Tangible Personal Property (including that used in agriculture), to be assessed at 5% of its value, subject to an exemption of \$7,500 worth of Tangible Personal Property for personal household goods and furnishings, wearing apparel and other tangible personal property in the hands of a taxpayer.

Intangible Personal Property includes personal property, such as money, any evidence of debt owed to a taxpayer, any evidence of ownership in a corporation or other business organization having multiple owners and all other forms of property, the value of which is expressed in terms of what the property represents rather than its own intrinsic value. The Constitution of the State of Tennessee empowers the General Assembly to classify Intangible Personal Property into sub classifications and to establish a ratio of assessment to value in each class or subclass and to provide fair and equitable methods of apportionment of the value to the State of Tennessee for purposes of taxation.

The Constitution of the State of Tennessee requires that the ratio of assessment to value of property in each class or subclass be equal and uniform throughout the State of Tennessee and that the General Assembly direct the method to ascertain the value and definition of property in each class or subclass. Each respective taxing authority is constitutionally required to apply the same tax rate to all property within its jurisdiction.

County Taxation of Property

The Constitution of the State of Tennessee empowers the General Assembly to authorize the several counties and incorporated towns in the State of Tennessee to impose taxes for county and municipal purposes in the manner prescribed by law. Under the *Tennessee Code Annotated*, the General Assembly has authorized the counties in Tennessee to levy an *ad valorem* tax on all taxable property within their respective jurisdictions, the amount of which is required to be fixed by the county legislative body of each county based upon tax rates to be established on the first Monday of July of each year or as soon thereafter as practicable.

All property is required to be taxed according to its value upon the principles established in regard to State taxation as described above, including equality and uniformity. All counties, which levy and collect taxes to pay off any bonded indebtedness, are empowered, through the respective county legislative bodies, to place all funds levied and collected into a special fund of the respective counties and to appropriate and use the money for the purpose of discharging any bonded indebtedness of the respective counties.

Assessment of Property

County Assessments; County Board of Equalization. The function of assessment is to assess all property (with certain exceptions) to the person or persons owning or claiming to own such property on January 1 for the year for which the assessment is made. All assessment of real and personal property are required to be made annually and as of January 1 for the year to which the assessment applies. Not later than May 20 of each year, the assessor of property in each county is required to (a) make an assessment of all property in the county and (b) note upon the

assessor's records the current classification and assessed value of all taxable property within the assessor's jurisdiction.

The assessment records are open to public inspection at the assessor's office during normal business hours. The assessor is required to notify each taxpayer of any change in the classification or assessed value of the taxpayer's property and to cause a notice to be published in a newspaper of general circulation stating where and when such records may be inspected and describing certain information concerning the convening of the county board of equalization. The notice to taxpayers and such published notice are required to be provided and published at least 10 days before the local board of equalization begins its annual session.

The county board of equalization is required (among other things) to carefully examine, compare and equalize the county assessments; assure that all taxable properties are included on the assessments lists and that exempt properties are eliminated from the assessment lists; hear and act upon taxpayer complaints; and correct errors and assure conformity to State law and regulations.

State Assessments of Public Utility Property; State Board of Equalization. The State Comptroller of the Treasury is authorized and directed under Tennessee law to assess for taxation, for State, county and municipal purposes, all public utility properties of every description, tangible and intangible, within the State. Such assessment is required to be made annually as of the same day as other properties are assessed by law (as described above) and takes into account such factors as are prescribed by Tennessee law.

On or before the first Monday in August of each year, the assessments are required to be completed and the State Comptroller of the Treasury is required to send a notice of assessment to each company assessable under Tennessee law. Within ten days after the first Monday in August of each year, any owner or user of property so assessed may file an exception to such assessment together with supporting evidence to the State Comptroller of the Treasury, who may change or affirm the valuation. On or before the first Monday in September of each year, the State Comptroller of the Treasury is required to file with the State Board of Equalization assessments so made. The State Board of Equalization is required to examine such assessments and is authorized to increase or diminish the valuation placed upon any property valued by the State Comptroller of the Treasury.

The State Board of Equalization has jurisdiction over the valuation, classification and assessment of all properties in the State. The State Board of Equalization is authorized to create an assessment appeals commission to hear and act upon taxpayer complaints. The action of the State Board of Equalization is final and conclusive as to all matters passed upon by the Board, subject to judicial review consisting of a new hearing in chancery court.

Periodic Reappraisal and Equalization

Tennessee law requires reappraisal in each county by a continuous six-year cycle comprised of an on-site review of each parcel of real property over a five-year period, or, upon approval of the State Board of Equalization, by a continuous four-year cycle comprised of an one-site review of each parcel of real property over a three-year period, followed by revaluation of all such property in the year following completion of the review period. Alternatively, if

approved by the assessor and adopted by a majority vote of the county legislative body, the reappraisal program may be completed by a continuous five-year cycle comprised of an on-site review of each parcel of real property over a four-year period followed by revaluation of all such property in the year following completion of the review period.

After a reappraisal program has been completed and approved by the Director of Property Assessments, the value so determined must be used as the basis of assessments and taxation for property that has been reappraised. The State Board of Equalization is responsible to determine whether or not property within each county of the State has been valued and assessed in accordance with the Constitution and laws of the State of Tennessee.

Valuation for Property Tax Purposes

County Valuation of Property. The value of all property is based upon its sound, intrinsic and immediate value for purposes of sale between a willing seller and a willing buyer without consideration of speculative values. In determining the value of all property of every kind, the assessor is to be guided by, and follow the instructions of, the appropriate assessment manuals issued by the division of property assessments and approved by the State board of equalization. Such assessment manuals are required to take into account various factors that are generally recognized by appraisers as bearing on the sound, intrinsic and immediate economic value of property at the time of assessment.

State Valuation of Public Utility Property. The State Comptroller of the Treasury determines the value of public utility property based upon the appraisal of the property as a whole without geographical or functional division of the whole (*i.e.*, the unit rule of appraisal) and on other factors provided by Tennessee law. In applying the unit rule of appraisal, the State Comptroller of the Treasury is required to determine the State's share of the unit or system value based upon factors that relate to the portion of the system relating to the State of Tennessee.

Certified Tax Rate

Upon a general reappraisal of property as determined by the State Board of Equalization, the county assessor of property is required to (1) certify to the governing bodies of the county and each municipality within the county the total assessed value of taxable property within the jurisdiction of each governing body and (2) furnish to each governing body an estimate of the total assessed value of all new construction and improvements not included on the previous assessment roll and the assessed value of deletions from the previous assessment roll. Exclusive of such new construction, improvements and deletions, each governing body is required to determine and certify a tax rate (herein referred to as the "*Certified Tax Rate*") which will provide the same *ad valorem* revenue for that jurisdiction as was levied during the previous year. The governing body of a county or municipality may adjust the Certified Tax Rate to reflect extraordinary assessment changes or to recapture excessive adjustments.

Tennessee law provides that no tax rate in excess of the Certified Tax Rate may be levied by the governing body of any county or of any municipality until a resolution or ordinance has been adopted by the governing body after publication of a notice of the governing body's intent to exceed the Certified Tax Rate in a newspaper of general circulation and the holding of a public hearing.

The Tennessee Local Government Public Obligations Act of 1986 provides that a tax sufficient to pay when due the principal of and interest on general obligation bonds (such as the Bonds) shall be levied annually and assessed, collected and paid, in like manner with the other taxes of the local government as described above and shall be in addition to all other taxes authorized or limited by law. Bonds issued pursuant to the Local Government Public Obligations Act of 1986 may be issued without regard to any limit on indebtedness provided by law.

Tax Freeze for the Elderly Homeowners

The Tennessee Constitution was amended by the voters in November, 2006 to authorize the Tennessee General Assembly to enact legislation providing property tax relief for homeowners age 65 and older. The General Assembly subsequently adopted the Property Tax Freeze Act permitting (but not requiring) local governments to implement a program for "freezing" the property taxes of eligible taxpayers at an amount equal to the taxes for the year the taxpayer becomes eligible. For example, if a taxpayer's property tax bill is \$500 for the year in which he becomes eligible, his property taxes will remain at \$500 even if property tax rates or appraisals increase so long as he continues to meet the program's ownership and income requirements.

Tax Collection and Tax Lien

Property taxes are payable the first Monday in October of each year. The county trustee of each county acts as the collector of all county property taxes and of all municipal property taxes when the municipality does not collect its own taxes.

The taxes assessed by the State of Tennessee, a county, a municipality, a taxing district or other local governmental entity, upon any property of whatever kind, and all penalties, interest and costs accruing thereon become and remain a first lien on such property from January 1 of the year for which such taxes are assessed. In addition, property taxes are a personal debt of the property owner as of January and, when delinquent, may be collected by suit as any other personal debt. Tennessee law prescribes the procedures to be followed to foreclose tax liens and to pursue legal proceedings against property owners whose property taxes are delinquent.

[balance of page left blank]

Assessed Valuations. According to the Tax Aggregate for Tennessee, property in the County reflected a ratio of appraised value to true market value of 0.9908. The following table shows pertinent data for tax year 2016¹.

<u>Class</u>	<u>Estimated Assessed Valuation</u>	<u>Assessment Rate</u>	<u>Estimated Actual Value</u>
Public Utilities	\$ 32,078,222	55%	\$ 73,485,488

PENSION PLANS

Employees of Haywood County are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five- year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979, become vested after five years of service and members joining prior to July 1, 1979 were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Haywood County participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

For additional information on the funding status, trend information and actuarial status of the County's retirement programs, please refer to the General Purpose Financial Statements of the County located in herein.

Summary of Audit Findings

Annual Financial Report
Haywood County, Tennessee
For the Year Ended June 30, 2016

Scope

We have audited the basic financial statements of Haywood County as of and for the year ended June 30, 2016.

Results

Our report on Haywood County's financial statements is unmodified.

Our audit resulted in 11 findings and recommendations, which we have reviewed with Haywood County management. Detailed findings, recommendations, and management's responses are included in the Single Audit section of this report.

Findings

The following are summaries of the audit findings:

OFFICE OF COUNTY MAYOR

- ◆ The Solid Waste Disposal Fund had a deficit in unrestricted net position.
- ◆ Lease-purchase agreements were not issued in compliance with state statutes.
- ◆ The office had deficiencies in purchasing procedures.
- ◆ County officials did not adequately control access to the courthouse offices.
- ◆ The Community Development/Industrial Park Fund had a cash overdraft and a deficit in unassigned fund balance at June 30, 2016.
- ◆ The office used a signature stamp for vendor and payroll checks.
- ◆ The office had deficiencies in computer system backup procedures.

OFFICE OF CHIEF ADMINISTRATIVE HIGHWAY OFFICER

- ◆ The Highway Department did not maintain a system to account for materials used on some types of road projects.

OFFICES OF SOLID WASTE AND CHIEF ADMINISTRATIVE HIGHWAY OFFICER

- ◆ Duties were not segregated adequately.

OFFICE OF DIRECTOR OF SCHOOLS

- ◆ Amounts withheld from contractor payments were not deposited into an escrow account.
-

OFFICE OF TRUSTEE

- ◆ The trustee paid checks issued by the Community Development/Industrial Park Fund that exceeded available funds.

Independent Auditor's Report

Haywood County Mayor and
Board of County Commissioners
Haywood County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Haywood County, Tennessee, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Haywood County Utility District. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Haywood County Utility District is based solely on the reports of other auditors. We were unable to determine Haywood County Utility District's respective percentage of the assets, net position, and revenues of the aggregate discretely presented component units because the Haywood County Emergency Communications District, a component unit requiring discrete presentation, was not included in the county's financial statements. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable

to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Haywood County, Tennessee, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General and Highway/Public Works funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note V.B., Haywood County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*; GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*; GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68*, and *Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*; and GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards

Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in the county's net pension asset and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension assets, and schedule of funding progress – other postemployment benefits plans on pages 95-102 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Haywood County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Haywood County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

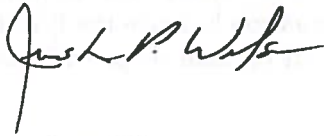

The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Haywood County School Department (a discretely presented component unit), and miscellaneous schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures performed as described above, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Haywood County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 16, 2017, on our consideration of Haywood County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Haywood County's internal control over financial reporting and compliance.

Very truly yours,

Justin P. Wilson
Comptroller of the Treasury
Nashville, Tennessee

February 16, 2017

Exhibit C-2

Haywood County, Tennessee

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position
June 30, 2016

Amounts reported for governmental activities in the statement of net position
(Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit C-1)		\$ 8,858,195
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Add: land	\$ 4,374,111	
Add: buildings and improvements net of accumulated depreciation	10,280,489	
Add: infrastructure net of accumulated depreciation	6,099,803	
Add: other capital assets net of accumulated depreciation	<u>3,571,206</u>	24,325,609
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Less: capital lease payable	\$ (158,038)	
Less: other loans payable	(2,529,987)	
Less: bonds payable	(14,432,969)	
Less: compensated absences payable	(26,360)	
Less: accrued interest on capital lease and bonds	(50,582)	
Add: deferred amount on refunding	273,922	
Less: other deferred revenues - premium on debt	(123,959)	
Less: net pension liability - agent plan	<u>(54,918)</u>	(17,102,891)
(3) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as components of pension expense in future years.		
Add: deferred outflows of resources related to pensions	\$ 908,906	
Less: deferred inflows of resources related to pensions	<u>(369,503)</u>	539,403
(4) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.		<u>1,850,659</u>
Net position of governmental activities (Exhibit A)		<u>\$ 18,470,975</u>

Exhibit C-4

Haywood County, Tennessee

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2016

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3) \$ (747,210)

- (1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:

Add: capital assets purchased in the current period	\$ 2,511,408	
Less: current-year depreciation expense	(1,803,901)	707,507

- (2) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Add: deferred delinquent property taxes and other deferred June 30, 2016	\$ 1,850,659	
Less: deferred delinquent property taxes and other deferred June 30, 2015	(1,239,837)	610,822

- (3) The issuance of long-term debt (e.g., bonds, capital leases, other loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items.

Less: capital lease proceeds	\$ (241,726)	
Less: change in deferred amount on refunding debt	(43,900)	
Add: principal payments on capital lease	83,688	
Add: principal payments on other loans	285,004	
Add: principal payments on bonds	876,397	
Add: change in premium on bond issuance	24,011	983,474

- (4) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Change in accrued interest payable	\$ 16	
Change in compensated absences payable	(2,919)	
Change in net pension asset/liability - agent plan	(701,579)	
Change in deferred outflows related to pensions	262,104	
Change in deferred inflows related to pensions	637,456	195,078

Change in net position of governmental activities (Exhibit B) \$ 1,749,671

The notes to the financial statements are an integral part of this statement.

HAYWOOD COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2016

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Haywood County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Haywood County:

A. Reporting Entity

Haywood County is a public municipal corporation governed by an elected 20-member board. As required by GAAP, these financial statements present Haywood County (the primary government) and its component units. The financial statements of the Haywood County Emergency Communications District, a component unit requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of their omission is not material to the aggregate discretely presented component units' opinion unit and will not affect our opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Haywood County School Department operates the public school system in the county, and the voters of Haywood County elect its board. The School Department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the County Commission's approval. The School Department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Haywood County Utility District provides water services to customers within the district, and the Haywood County Commission appoints its three-member governing body. The district is funded primarily from charges to customers for water services and grants. Before the issuance of most debt instruments, the district must obtain the County Commission's approval.

The Haywood County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Haywood County, and the Haywood County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of

most debt instruments, the district must obtain the County Commission's approval. The financial statements of the Haywood County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Haywood County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the School Department are included in this report as listed in the table of contents. Complete financial statements of the Haywood County Utility District and the Haywood County Emergency Communications District can be obtained from their administrative offices at the following addresses:

Administrative Offices:

Haywood County Utility District
1 North Washington
Brownsville, TN 38012

Haywood County Emergency Communications District
100 S. Dupree Avenue
Brownsville, TN 38012

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Haywood County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Haywood County issues all debt for the discretely presented Haywood County School Department. Net debt issues totaling \$66,000 were contributed by the county to the School Department during the year ended June 30, 2016.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary funds financial statements, except for agency funds, which have no measurement focus. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Haywood County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Haywood County only reports one proprietary fund, a major enterprise fund.

Separate financial statements are provided for governmental funds, the proprietary fund, and fiduciary funds. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Haywood County considers grants and similar revenues to be

available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary fund and fiduciary funds financial statements are reported using the economic resources measurement focus, except for agency funds, which have no measurement focus, and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Haywood County reports the following major governmental funds:

General Fund – This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Highway/Public Works Fund – This special revenue fund accounts for transactions of the county's Highway Department. Local and state gasoline/fuel taxes are the foundational revenues of this fund.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Haywood County reports the following major proprietary fund:

Solid Waste Disposal Fund – This fund accounts for the county's solid waste landfill operations.

Additionally, Haywood County reports the following fund types:

Capital Projects Funds – These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities, and for debt issued by Haywood County that is subsequently contributed to the discretely presented Haywood County School Department for construction and renovation projects.

Agency Funds – These funds account for amounts collected in an agency capacity by the constitutional officers, amounts collected for a joint venture emergency management agency, and local sales taxes received by the state to be forwarded to the various cities in Haywood County. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. They do, however, use the accrual basis of accounting to recognize receivables and payables.

The discretely presented Haywood County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund of the School Department. It is used to account for general operations of the School Department.

School Federal Projects Fund – This special revenue fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The county has one proprietary fund, an enterprise fund, to account for the operations of the county's landfill. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the county's enterprise fund are tipping fees.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Deposits and Investments

For purposes of the Statement of Cash Flows, cash includes funds held by the county trustee as Equity in Pooled Cash and Investments.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of

certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Haywood County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Debt Service Fund. Haywood County and the School Department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost. Investments in the State Treasurer's Investment Pool are reported at amortized cost using a Stable Net Asset Value. State statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

All ambulance, solid waste disposal, and property taxes receivable are shown with an allowance for uncollectibles. Ambulance and solid waste disposal receivables allowances for uncollectibles are based on historical collection data. The allowance for uncollectible property taxes is equal to 2.73 percent of total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court

for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Retainage payable in the School Department's General Purpose School Fund represents amounts withheld from payments made on construction contracts pending completion of the projects. These amounts are held by the county trustee as Equity in Pooled Cash and Investments in the General Purpose School Fund.

3. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental and the business-type columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$10,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the governmental activities of the primary government and the discretely presented School Department are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	25
Other Capital Assets	5 - 10
Infrastructure	8 - 30

Property, plant, and equipment of the Solid Waste Disposal Fund (enterprise fund) are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	30
Machinery and Equipment	5 - 30

4. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are for the deferred charge on refunding and pension changes in experience, as well as employer contributions made to the pension plan after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue, etc.) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds balance sheet. These items are from the following sources: current and delinquent property taxes, pension changes in experience and investment earnings, changes in proportionate share of contributions, and various receivables for revenues, which do not meet the availability criteria for governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

5. Compensated Absences

The general policy of Haywood County (with the exception of sick and vacation leave for employees of the Highway Department) does not allow employees to accumulate sick and vacation days beyond year end.

It is the policy of the Highway Department to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the Highway Department does not have a policy to pay any amounts when employees separate from service with the government. A liability for the vacation

benefits is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

It is the policy of the discretely presented School Department to permit the unlimited accumulation of unused sick leave for professional personnel (teachers). Nonprofessional personnel are allowed to accumulate a limited amount of sick leave. There is no liability for unpaid accumulated sick leave since the School Department does not have a policy to pay any amounts when employees separate from service with the School Department.

6. Long-term Obligations

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

7. Net Position and Fund Balance

In the government-wide financial statements and the proprietary funds in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of restricted or net investment in capital assets.

As of June 30, 2016, Haywood County had \$3,479,987 in outstanding debt issued for capital purposes of the discretely presented Haywood County School Department. This debt is a liability of Haywood County, but the capital assets acquired are reported in the financial statements of the School Department. Therefore, Haywood County has incurred a liability significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by

formal resolutions of the County Commission, the county's highest level of decision-making authority and the Board of Education, the School Department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes, but are neither restricted nor committed (excluding stabilization arrangements). The County Commission has by resolution authorized the county's Budget Committee to make assignments for the general government. The Board of Education makes assignments for the School Department.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds.

E. Pension Plans

Primary Government

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Haywood County's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Haywood County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS. Investments are reported at fair value.

Discretely Presented Haywood County School Department

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Position

Primary Government

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

Discretely Presented Haywood County School Department

Exhibit J-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

Primary Government

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

Discretely Presented Haywood County School Department

Exhibit J-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund (special revenue fund), which is not budgeted, and the capital projects funds, which adopt project length budgets. All annual appropriations lapse at fiscal year end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may

not legally exceed appropriations authorized by the County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Beer Board, County Mayor/Executive, County Attorney, etc.). Management may make revisions within major categories, but only the County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary schedule.

B. Net Position Deficit

The Solid Waste Disposal Fund had a deficit of \$1,141,399 in unrestricted net position and a total net position deficit of \$705,963 at June 30, 2016. This deficit primarily resulted from the recognition of a liability totaling \$1,763,297 for costs associated with closing the county's landfill and monitoring the landfill for 30 years after closure.

C. Cash Overdraft and Fund Deficit

The Community Development/Industrial Park Fund had a cash overdraft and a deficit in unassigned fund balance of \$4,732 at June 30, 2016. This cash overdraft resulted from the issuance of checks exceeding cash on deposit with the county trustee, and the deficit in unassigned fund balance resulted from expenditures exceeding available funds.

D. Expenditures Exceeded Appropriations

Expenditures exceed appropriations approved by the County Commission in the Other Debt Service – General Government major appropriations category (the legal level of control) of the General Debt Service Fund by \$265. Expenditures that exceed appropriations are a violation of state statutes. These expenditures in excess of appropriations were funded by available fund balance.

E. The County Mayor Failed to Comply with State Statutes When Issuing Debt

The county mayor failed to comply with state statutes when entering into lease-purchase agreements for an ambulance and four defibrillators and for a

bulldozer. Details are discussed in the Schedule of Findings and Questioned Costs section of this report.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Haywood County and the Haywood County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The

county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase agreements. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

The county had no pooled and nonpooled investments as of June 30, 2016.

B. Capital Assets

Capital assets activity for the year ended June 30, 2016, was as follows:

Primary Government - Governmental Activities:

	Balance 7-1-15	Increases	Decreases	Balance 6-30-16
Capital Assets Not Depreciated:				
Land	\$ 4,374,111	\$ 0	\$ 0	\$ 4,374,111

There were no decreases in capital assets to report during the year ended June 30, 2016. Depreciation expense was charged to functions of the discretely presented Haywood County School Department as follows:

Governmental Activities:

Instruction	\$ 436,048
Support Services	691,650
Operation of Non-instructional Services	<u>50,792</u>
Total Depreciation Expense - Governmental Activities	<u>\$ 1,178,490</u>

C. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2016, was as follows:

Due to/from Other Funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Primary Government:		
General	Nonmajor governmental	\$ 207,012
Highway/Public Works	General	10,808
Discretely Presented School Department:		
School Federal Projects	General Purpose School	549

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

The receivable in the General Fund totaling \$199,765 was in transit from the nonmajor governmental fund and the receivable in the Highway/Public Works Fund totaling \$10,808 was in transit from the General Fund at June 30, 2016.

Due to/from Primary Government and Component Units:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Component Unit:		
School Department:	Primary Government:	
Nonmajor governmental	General	\$ 63,183

The receivable in the School Department's nonmajor governmental fund totaling \$11,913 was in transit from the General Fund at June 30, 2016.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2016, consisted of the following amounts:

Primary Government

	<u>Transfer In</u>
	Solid
	Waste
	Disposal
<u>Transfer Out</u>	<u>Fund</u>
Nonmajor governmental fund	\$ 205,000

Discretely Presented Haywood County School Department

	<u>Transfer In</u>
	General
	Purpose
	School
<u>Transfer Out</u>	<u>Fund</u>
School Federal Projects	\$ 64,114

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.

D. Operating Lease

On August 28, 2012, the county mayor obtained document scanning services under an operating lease. The rental expenditures for the year ended June 30, 2016, were \$67,980. The future minimum lease payments are as follows:

<u>Year</u> <u>Ending</u> <u>June 30</u>	<u>Amount</u>
2017	\$ 64,270
Total	\$ 64,270

E. Capital Leases

Governmental Activities

On December 9, 2015, Haywood County entered into a two-year lease-purchase agreement for an ambulance and four defibrillators. The terms of the agreement require total lease payments of \$241,726 plus interest of 4.05 percent. Title to the equipment transfers to Haywood County at the end of the lease period. The General Fund is making the lease payments.

Business-type Activities

Terms of capital lease obligations outstanding at June 30, 2016, were as follows:

Description	Date of Lease	Length of Lease in Years	Gross Amount of Assets	Interest Rate
Tractor and Dirt Pan	9-6-13	5	\$ 57,344	3 %
Loader	9-2-14	5	83,539	2.49
Bulldozer	2-18-16	4	100,413	3.2

Title to the above-noted equipment transfers to Haywood County at the end of the lease period. The Solid Waste Disposal Fund is making the lease payments.

The assets acquired through capital leases are as follows:

Asset	Governmental Activities	Business- type Activities
Other Capital Assets	\$ 241,726	\$ 241,296
Less: Accumulated Depreciation	(24,355)	(48,356)
Total Book Value	\$ 217,371	\$ 192,940

Future minimum lease payments and the net present value of these minimum lease payments as of June 30, 2016, were as follows:

Year Ending June 30	Governmental Activities	Business- type Activities
2017	\$ 83,852	\$ 48,724
2018	83,851	48,724
2019	0	48,724
2020	0	22,868
2021	0	18,416
2022	0	12,277
Total Minimum Lease Payments	\$ 167,703	\$ 199,733
Less: Amount Representing Interest	(9,665)	(13,512)
Present Value of Minimum Lease Payments	\$ 158,038	\$ 186,221

F. Long-term Obligations

Primary Government

General Obligation Bonds, Note, and Other Loans

Haywood County issues general obligation bonds and other loans to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented School Department. In addition, general obligation bonds have been issued to refund other general obligation bonds. Capital outlay notes are also issued to fund capital facilities and other capital outlay purchases, such as equipment.

General obligation bonds and other loans are direct obligations and pledge the full faith and credit of the government. General obligation bonds and other loans outstanding were issued for original terms of up to 39 years for bonds and 16 years for other loans. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds and other loans included in long-term debt as of June 30, 2016, will be retired from the General Debt Service Fund.

General obligation bonds, other loans, and the capital lease outstanding as of June 30, 2016, for governmental activities are as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-16
General Obligation Bonds	3.625 to 5.55%	2-5-37	\$ 10,860,000	\$ 7,282,969
General Obligation Bonds - Refunding	2 to 2.65	6-30-28	7,225,000	7,150,000
Other Loans Payable	0 to variable	6-1-27	3,509,000	2,529,987
Capital Lease	4.05	12-15-17	241,726	158,038

During the 2011-12 year, Haywood County entered into an agreement with the Tennessee Energy Efficient Schools Council to receive funding from the Energy Efficient School Initiative program. Under this agreement, the program made \$2,000,000 available for loan to Haywood County to increase energy efficiency in the Haywood County school system. This is an interest-free loan.

During the 2011-12 year, Haywood County entered into a loan agreement with the City of Clarksville Public Building Authority. Under the loan agreement, the authority made \$1,509,000 available for loan to Haywood County for school renovation projects. This loan is repayable at a variable interest rate that is a tax-exempt variable rate determined by the remarketing agent daily or weekly, depending on the particular program. In addition, the county pays various other fees in connection with this loan. At June 30, 2016, the variable interest rate was 1.01 percent and other fees totaled .15 percent of the outstanding loan principal. The loan is also assessed an annual trustee fee of \$1,500.

The annual requirements to amortize all general obligation bonds and other loans outstanding as of June 30, 2016, including interest payments and other loan fees, are presented in the following tables:

Year Ending	Bonds		
	Principal	Interest	Total
2017	\$ 956,655	\$ 519,026	\$ 1,475,681
2018	1,008,132	488,812	1,496,944
2019	1,054,677	456,266	1,510,943
2020	1,061,295	434,248	1,495,543
2021	1,092,988	412,055	1,505,043
2022-2026	4,700,106	1,618,674	6,318,780
2027-2031	4,392,030	613,265	5,005,295
2032-2036	135,878	26,449	162,327
2037	31,208	1,129	32,337
Total	\$ 14,432,969	\$ 4,569,924	\$ 19,002,893

Year Ending	Other Loans			
	Principal	Interest	Other Fees	Total
2017	\$ 288,004	\$ 11,886	\$ 3,235	\$ 303,125
2018	292,004	10,999	3,104	306,107
2019	295,004	10,072	2,968	308,044
2020	299,004	9,116	2,827	310,947
2021	303,004	8,118	2,680	313,802
2022-2026	930,967	24,154	10,976	966,097
2027	122,000	1,229	1,865	125,094
Total	\$ 2,529,987	\$ 75,574	\$ 27,655	\$ 2,633,216

There is \$2,547,364 available in the General Debt Service Fund to service long-term debt. Debt per capita, including bonds, other loans, and the capital lease totaled \$911, based on the 2010 federal census.

Changes in Long-term Obligations

Long-term obligations activity for the year ended June 30, 2016, was as follows:

Governmental Activities:

	Bonds	Other Loans	Capital Lease
Balance, July 1, 2015	\$ 15,309,366	\$ 2,814,991	\$ 0
Additions	0	0	241,726
Reductions	(876,397)	(285,004)	(83,688)
Balance, June 30, 2016	\$ 14,432,969	\$ 2,529,987	\$ 158,038
Balance Due Within One Year	\$ 956,655	\$ 288,004	\$ 77,451

	Compensated Absences	Net Pension Liability - Agent Plan*
Balance, July 1, 2015	\$ 23,441	\$ (646,661)
Additions	27,330	2,265,038
Reductions	(24,411)	(1,563,459)
Balance, June 30, 2016	<u>\$ 26,360</u>	<u>\$ 54,918</u>
Balance Due Within One Year	<u>\$ 19,771</u>	<u>\$ 0</u>

* At July 1, 2015, the agent plan had a net pension asset.

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2016	\$ 17,202,272
Less: Balance Due Within One Year	(1,341,881)
Add: Unamortized Premium on Debt	<u>123,959</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 15,984,350</u>

Compensated absences will be paid from the employing fund, the Highway/Public Works Fund. The pension liability will be paid primarily from the General and Highway/Public Works funds.

Defeasance of Prior Debt

In the prior year, Haywood County defeased certain outstanding general obligation bonds by placing the proceeds of new bonds into an irrevocable trust to provide for all future debt service payments on the old bonds. The trustee is empowered and required to pay all principal and interest on the defeased bonds as originally scheduled. Accordingly, the trust accounts and defeased bonds are not included in the county's financial statements. At June 30, 2016, the following outstanding bonds are considered defeased:

	<u>Amount</u>
General Obligation Bonds, Series 2008	\$ 1,850,000

Haywood County Solid Waste Disposal Fund (enterprise fund)

Capital Leases

The capital leases outstanding as of June 30, 2016, for business-type activities are as follows:

Type	Interest Rate	Final Maturity	Original Amount of Issue	Balance 6-30-16
Capital Leases	2.49 to 3.2 %	2-8-22	\$ 241,296	\$ 186,221

Changes in Long-term Obligations

Long-term obligations activity for the Solid Waste Disposal Fund (enterprise fund) for the year ended June 30, 2016, was as follows:

Business-type Activities:

	Capital Lease	Postclosure Care Costs	Net Pension Liability - Agent Plan*
Balance, July 1, 2015	\$ 118,205	\$ 1,780,588	\$ (14,006)

Reductions	(32,397)	(38,199)	(50,702)
Balance, June 30, 2016	<u>\$ 186,221</u>	<u>\$ 1,763,297</u>	<u>\$ 1,658</u>
Balance Due Within One Year	<u>\$ 43,644</u>	<u>\$ 38,199</u>	<u>\$ 0</u>

* At July 1, 2015, the agent plan had a net pension asset.

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2016	\$ 1,951,176
Less: Balance Due Within One Year	<u>(81,843)</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 1,869,333</u>

Discretely Presented Haywood County School Department

Changes in Long-term Obligations

Long-term obligations activity for the discretely presented Haywood County School Department for the year ended June 30, 2016, was as follows:

Governmental Activities:

	Other Postemployment Benefits	Net Pension Liability - Agent Plan*	Net Pension Liability - Teacher Legacy Pension Plan*
Balance, July 1, 2015	\$ 621.132	\$ (956.236)	\$ (53.713)
Additions	187.906	1,951.089	4,585.545
Reductions	(161.034)	(952.778)	(4.396,386)
Balance, June 30, 2016	\$ 648.004	\$ 42.075	\$ 135.446
Balance Due Within One Year	\$ 0	\$ 0	\$ 0

* At July 1, 2015, the agent and teacher legacy pension plans had net pension assets.

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2016	\$ 825,525
Less: Balance Due Within One Year	<u>0</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 825,525</u>

Other postemployment benefits and the pension liabilities will be paid from the employing funds: the General Purpose School, School Federal Projects, and Central Cafeteria funds.

G. On-Behalf Payments - Discretely Presented Haywood County School Department

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Haywood County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both of these plans are administered by the State of Tennessee and reported in the state's Comprehensive Annual Financial Report. Payments by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan for the year ended June 30, 2016, were \$64,235 and \$44,238, respectively. The School Department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

V. OTHER INFORMATION

A. Risk Management

Primary Government

Employee Health Insurance

It is the policy of the county to purchase commercial insurance for its employees' health coverage. Retirees are not allowed to continue coverage. Settled claims have not exceeded this commercial insurance coverage in any of the past three years.

Workers' Compensation Insurance

Haywood County participates in the Local Government Workers' Compensation Fund (LGWCF), a public entity risk pool established under the provisions of Section 29-20-401, *Tennessee Code Annotated (TCA)*, by the Tennessee County Services Association to provide a program of workers' compensation coverage to employees of local governments. The county pays an annual premium to the LGWCF for its workers' compensation insurance coverage. The LGWCF is to be self-sustaining through member premiums. The LGWCF reinsures through commercial insurance companies for claims exceeding \$300,000.

Liability, Property, and Casualty

Haywood County is exposed to various risks related to general liability, property, and casualty losses. The county participates in the Local Government Property and Casualty Fund (LGPCF), which is a public entity risk pool established by the Tennessee County Services Association, an association of member counties. The county pays an annual premium to the LGPCF for its general liability, property, and casualty insurance coverage. The creation of the LGPCF provides for it to be self-sustaining through member premiums. The LGPCF reinsures through commercial insurance companies for claims exceeding \$100,000 for each insured event.

Discretely Presented Haywood County School Department

Employee Health Insurance

The Haywood County School Department participates in the Local Education Group Insurance Fund (LEGIF), which is a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, *TCA*, all local education agencies are eligible to participate. The LEGIF is included in the Comprehensive Annual Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, *TCA*, provides for the LEGIF to be self-sustaining through member premiums.

Liability, Property, Casualty, and Workers' Compensation Insurance

The School Department participates in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The School Department pays annual premiums to the TN-RMT for its general liability, property, casualty, and workers' compensation insurance coverage. The creation of TN-RMT provides for it to be self-sustaining through member premiums.

B. Accounting Changes

Provisions of Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*; Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*; Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*; and Statement No. 79, *Certain External Investment Pools and Pool Participants* became effective for the year ended June 30, 2016.

GASB Statement No. 72, establishes general principles for measuring fair value and standards of accounting and financial reporting for assets and liabilities measured at fair value. This standard supersedes previous statements as they relate to measuring fair value of certain assets and liabilities.

GASB Statement No. 73, established accounting and reporting requirements for pensions that are not administered through a trust account and also addresses changes made to Statements No. 67 and No. 68. The changes to Statements No. 67 and No. 68 require new RSI disclosures concerning plan investments and address specific payables to defined benefit plans.

GASB Statement No. 76, addresses changes made to the hierarchy of generally accepted accounting principles. This standard supersedes Statement No. 55 and reduces the hierarchy from four to two categories.

GASB Statement No. 79, addresses issues related to certain external investment pools and pool participants because of changes in Security and Exchange rules relative to money market funds. This standard establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost rather than fair value for financial reporting purposes.

C. Subsequent Events

On August 31, 2016, Dare Simpson left the Office of Assessor of Property and was succeeded by Gwen Watson.

On October 3, 2016, Haywood County entered into a \$32,999 lease-purchase agreement for a tractor.

On December 14, 2016, Haywood County issued \$1,196,134 in general obligation refunding bonds.

D. Contingent Liabilities

The county and School Department are involved in several pending lawsuits. Management advised that any potential claims not covered by insurance resulting from such litigation should not materially affect the county or School Department's financial statements.

E. Landfill Closure/Postclosure Care Costs

Haywood County has active permits on file with the state Department of Environment and Conservation for a sanitary landfill and a demolition landfill. The county has provided financial assurances for estimated postclosure liabilities as required by the State of Tennessee. These financial assurances are on file with the Department of Environment and Conservation.

State and federal laws and regulations require the county to place a final cover on its sanitary landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the county reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. Haywood County closed its sanitary landfill in 1998. The \$1,763,297, reported as postclosure care liability at June 30, 2016, represents amounts based on what it would cost to perform all postclosure care in 2016. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

F. Joint Ventures

The Brownsville - Haywood County Emergency Management Agency is a joint venture between Haywood County and the City of Brownsville. The agency's three-member board includes the county mayor, the mayor of the City of Brownsville, and one member who is jointly selected by the county mayor and the city mayor. The agency is jointly funded by the county and the City of Brownsville with additional revenues received from the State of Tennessee, the federal government, and private contributions. During the year ended June 30, 2016, the county provided financial assistance of \$19,395 to the agency.

The Brownsville - Haywood County Rescue Squad is a joint venture between Haywood County and the City of Brownsville. The agency's six-member board includes the county mayor, the mayor of the City of Brownsville, and four other members. The purpose of the rescue squad is to provide assistance in search

and rescue, drowning, flooding, evacuations, and road clearing from storms. The agency is jointly funded by the county and the City of Brownsville with additional revenues received from the private contributions. During the year ended June 30, 2016, the county contributed \$10,000 to the rescue squad.

The HTL Advantage is a joint venture between Haywood, Tipton, and Lauderdale counties and the cities of Brownsville, Ripley, and Covington. The board comprises ten members and consists of the mayors from each of the counties and cities, and one member from the Southwest Tennessee Electric Cooperative, the Covington Electric System, Ripley Power and Light, and the Brownsville Electric System. The purpose of the board is to establish and operate an office that markets the entire defined region for economic development and to bring the region attention of prospective industrial and commercial interests, which would be beneficial for the common good of all entities involved herein. The counties, cities, and electric systems provide the funding for the board. Haywood County contributed \$50,000 to HTL Advantage during the year.

The Elma Ross Public Library is a joint venture between Haywood County and the City of Brownsville. It is operated by an appointed board. The board comprises seven members, four of whom are appointed by the Haywood County Commission. The remaining three members are appointed by the City of Brownsville. Haywood County has control over budgeting and financing the joint venture only to the extent of representation by the four board members appointed. Haywood County contributed \$75,272 to the operations of the library during the year ended June 30, 2016.

Haywood County does not have an equity interest in any of the above-noted joint ventures. Complete financial statements for the Brownsville - Haywood County Emergency Management Agency, Brownsville - Haywood County Rescue Squad, HTL Advantage, and the Elma Ross Public Library can be obtained from their respective administrative offices at the following addresses:

G. Retirement Commitments

Tennessee Consolidated Retirement System (TCRS)

Primary Government

General Information About the Pension Plan

Plan Description. Employees of Haywood County and non-certified employees of the discretely presented Haywood County School Department are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 57.35 percent and the non-certified employees of the discretely presented School Department comprised 42.65 percent of the plan based on contribution data. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to an automatic cost of living adjustment (COLA) after retirement. A COLA is granted each July for

annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2015, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	200
Inactive Employees Entitled to But Not Yet Receiving Benefits	284
Active Employees	<u>360</u>
Total	<u><u>844</u></u>

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees are non-contributory. Haywood County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2015, the Actuarially Determined Contribution (ADC) for Haywood County were \$1,148,081 based on a rate of 12.26 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Haywood County's state shared taxes if required employer contributions are not remitted. The employer's ADC and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Haywood County's net pension liability (asset) was measured as of June 30, 2015, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation, Averaging 4.25%
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.5%

Mortality rates were based on actual experience from the June 30, 2012, actuarial experience study, adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding inflation of three percent. The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Percentage Long-term Expected Real Rate of Return</u>	<u>Percentage Target Allocations</u>
U.S. Equity Developed Market	6.46 %	33 %
International Equity Emerging Market	6.26	17
International Equity Private Equity and Strategic Lending	6.40	5
U.S. Fixed Income	4.61	8
Real Estate	0.98	29
Short-term Securities	4.73	7
	0.00	<u>1</u>
Total		<u>100 %</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Haywood County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a)-(b)
Balance, July 1, 2014	\$ 33,506,549	\$ 35,123,452	\$ (1,616,903)
Changes for the Year:			
Service Cost	\$ 773,505	\$ 0	\$ 773,505
Interest	2,526,922	0	2,526,922
Differences Between Expected and Actual Experience	631,682	0	631,682
Contributions-Employer	0	1,148,081	(1,148,081)
Contributions-Employees	0	4,712	(4,712)
Net Investment Income	0	1,081,152	(1,081,152)
Benefit Payments, Including Refunds of Employee Contributions	(1,175,533)	(1,175,533)	0
Administrative Expense	0	(17,390)	17,390
Net Changes	\$ 2,756,576	\$ 1,041,022	\$ 1,715,554
Balance, June 30, 2015	\$ 36,263,125	\$ 36,164,474	\$ 98,651

Allocation of Agent Plan Changes in the Net Pension Liability (Asset)

		Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability (Asset)
Primary Government	57.35%	\$ 20,796,902	\$ 20,740,326	\$ 56,576
School Department	42.65%	15,466,223	15,424,148	42,075
Total		\$ 36,263,125	\$ 36,164,474	\$ 98,651

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of Haywood County calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
<u>Haywood County</u>	<u>6.5%</u>	<u>7.5%</u>	<u>8.5%</u>
Net Pension Liability (Asset)	\$ 4,708,316	\$ 98,651	\$ (3,764,212)

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Expense. For the year ended June 30, 2016, Haywood County recognized pension expense of \$504,240.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2016, Haywood County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 505,346	\$ 266,878
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	1,241,282	1,638,146
Contributions Subsequent to the Measurement Date of June 30, 2015 (1)	<u>1,154,671</u>	<u>N/A</u>
Total	<u>\$ 2,901,299</u>	<u>\$ 1,905,024</u>

- (1) The amount shown above for "Contributions Subsequent to the Measurement Date of June 30, 2015," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Allocation of Agent Plan Deferred Outflows of Resources and
Deferred Inflows of Resources

	Deferred Outflows of Resources	Deferred Inflows of Resources
Primary Government	\$ 1,648,203	\$ 1,092,532
School Department	1,253,096	812,492
Total	<u>\$ 2,901,299</u>	<u>\$ 1,905,024</u>

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2017	\$ (176,111)
2018	(176,111)
2019	(176,111)
2020	369,937
2021	0
Thereafter	0

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Discretely Presented Haywood County School Department

Non-certified Employees

General Information About the Pension Plan

Plan Description. As noted above under the primary government, employees of Haywood County and non-certified employees of the discretely presented Haywood County School Department are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 57.35 percent and the non-certified employees of the discretely presented School Department comprised 42.65 percent of the plan based on contribution data.

Certified Employees

Teacher Retirement Plan

General Information About the Pension Plan

Plan Description. Teachers of the Haywood County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to an automatic cost of living adjustment (COLA) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLA, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2016, to the Teacher Retirement Plan were \$50,543, which is four percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). At June 30, 2016, the Haywood County School Department reported an asset of \$16,232 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2015, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Haywood County School Department's proportion of the net pension asset was based on the Haywood County School Department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, the Haywood County School Department's proportion was .403477 percent.

Pension Expense. For the year ended June 30, 2016, the Haywood County School Department recognized pension expense of \$21,272.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2016, the Haywood County School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 0	\$ 5,283
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	1,312	0
LEA's Contributions Subsequent to the Measurement Date of June 30, 2015	50,543	N/A
Total	\$ 51,855	\$ 5,283

The Haywood County School Department's employer contributions of \$50,543, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2017	\$ (112)
2018	(112)
2019	(112)
2020	(112)
2021	(440)
Thereafter	(3,083)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation, Averaging 4.25%
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.5%

Mortality rates are customized based on the June 30, 2012, actuarial experience study and some included adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding inflation of three percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity Developed Market	6.46 %	33 %
International Equity Emerging Market	6.26	17
International Equity Private Equity and Strategic Lending	6.40	5
U.S. Fixed Income	4.61	8
Real Estate	0.98	29
Short-term Securities	4.73	7
	0.00	1
Total		100 %

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the Haywood County School Department's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what the Haywood County School Department's proportionate share of the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
---	------------------------	-------------------------------------	------------------------

Net Pension Liability (Asset)	\$ 2,878	\$ (16,232)	\$ (30,247)
-------------------------------	----------	-------------	-------------

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Teacher Legacy Pension Plan

General Information About the Pension Plan

Plan Description. Teachers of the Haywood County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to an automatic cost of living adjustment (COLA) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price

index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Legacy Pension Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Haywood County School Department for the year ended June 30, 2016, to the Teacher Legacy Pension Plan were \$1,051,936, which is 9.04 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). At June 30, 2016, the Haywood County School Department reported a liability of \$135,446 for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The Haywood County School Department's proportion of the net pension liability (asset) was based on the Haywood County School Department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, the Haywood County School Department's proportion was .330651 percent. The proportion measured at June 30, 2014, was .330551 percent.

Negative Pension Expense. For the year ended June 30, 2016, the Haywood County School Department recognized negative pension expense of \$118,283.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2016, the Haywood County School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 108,701	\$ 2,108,236
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	2,445,729	3,320,211
Changes in Proportion of Net Pension Liability (Asset)	1,073	20,737
LEAs Contributions Subsequent to the Measurement Date of June 30, 2015	<u>1,051,936</u>	<u>N/A</u>
Total	<u>\$ 3,607,439</u>	<u>\$ 5,449,184</u>

The Haywood County School Department's employer contributions of \$1,051,936 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as an increase in net pension asset in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2017	\$ (899,144)
2018	(899,144)
2019	(899,144)
2020	207,592
2021	(403,841)
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary Increases	Graded Salary Ranges from 8.97% to 3.71% Based on Age, Including Inflation, Averaging 4.25%
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expenses, Including Inflation
Cost of Living Adjustment	2.5%

Mortality rates are customized based on the June 30, 2012, actuarial experience study and some included adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008, through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012, actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding inflation of three percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Percentage Long-term Expected Real Rate of Return	Percentage Target Allocations
U.S. Equity	6.46 %	33 %
Developed Market		
International Equity	6.26	17
Emerging Market		
International Equity	6.40	5
Private Equity and		
Strategic Lending	4.61	8
U.S. Fixed Income	0.98	29
Real Estate	4.73	7
Short-term Securities	0.00	1
Total		100 %

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the four factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents Haywood County School Department's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what Haywood County School Department's proportionate share of the net pension liability (asset) would be if it was calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

School Department's Proportionate Share of the Net Pension Liability (Asset)	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
---	------------------------	-------------------------------------	------------------------

Net Pension Liability (Asset)	\$ 9,234,246	\$ 135,446	\$ (7,397,288)
-------------------------------	--------------	------------	----------------

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

H. Other Postemployment Benefits (OPEB)

Plan Description

The Haywood County School Department participates in the state-administered Local Education Group Insurance Plan for healthcare benefits. For accounting purposes, the plan is an agent multiple-employer defined benefit OPEB plan. Benefits are established and amended by an insurance committee created by Section 8-27-302, *TCA*, for local education employees. Prior to reaching the age of 65, all members have the option of choosing between the standard or partnership preferred provider organization plan for health care benefits. Subsequent to age 65, members who are also in the state's retirement system may participate in a state-administered Medicare Supplement Plan that does not include pharmacy. The plans are reported in the State of Tennessee Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at <http://tn.gov/finance/article/fa-accfin-cafr>.

Funding Policy

The premium requirements of plan members are established and may be amended by the insurance committee. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in the plan develop a contribution policy in terms of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. The state provides a partial subsidy to Local Education Agency pre-65 teachers and a full subsidy based on years of service for post-65 teachers in the Medicare Supplement Plan. During the year ended June 30, 2016, the School Department contributed \$161,034 for postemployment benefits.

Annual OPEB Cost and Net OPEB Obligation

	Local Education Group Plan
ARC	\$ 188,000
Interest on the NOPEBO	23,292
Adjustment to the ARC	(23,386)
Annual OPEB cost	\$ 187,906
Less: Amount of contribution	(161,034)
Increase/decrease in NOPEBO	\$ 26,872
Net OPEB obligation, 7-1-15	621,132
Net OPEB obligation, 6-30-16	\$ 648,004

Fiscal Year Ended	Plan	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation at Year End
6-30-14	Local Education Group	\$ 137,684	121%	\$ 635,706
6-30-15	"	142,655	110	621,132
6-30-16	"	187,906	86	648,004

Funded Status and Funding Progress

The funded status of the plan as of July 1, 2015, was as follows:

	Local Education Group Plan
Actuarial valuation date	7-1-15
Actuarial accrued liability (AAL)	\$ 1,780,000
Actuarial value of plan assets	\$ 0
Unfunded actuarial accrued liability (UAAL)	\$ 1,780,000
Actuarial value of assets as a % of the AAL	0%
Covered payroll (active plan members)	\$ 14,073,960
UAAL as a % of covered payroll	13%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are

compared to past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the July 1, 2015, actuarial valuation for the Local Education Group Plan, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 3.75 percent investment rate of return (net of administrative expenses) and an annual health care cost trend rate of 6.5 percent initially. The trend rate will decrease to six percent in 2016, and then be reduced by decrements to an ultimate rate of 4.7 percent by fiscal year 2050. The rate includes a 2.5 percent inflation assumption. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a 30-year period beginning with July 1, 2007. Payroll is assumed to grow at a rate of three percent.

I. Purchasing Laws

Office of County Mayor

Purchasing procedures for the County Mayor's Office are governed by the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, *Tennessee Code Annotated (TCA)*. This act provides for all purchases exceeding \$10,000 (excluding emergency purchases) to be made based on competitive bids solicited through newspaper advertisement.

Office of Chief Administrative Highway Officer

Purchasing procedures for the Highway Department are governed by provisions of Chapter 24, Private Acts of 1991, as amended and Section 54-7-113, *TCA* (Uniform Road Law), which requires all purchases exceeding \$10,000 to be made on the basis of publicly advertised competitive bids.

Office of Director of Schools

Purchasing procedures for the discretely presented School Department are governed by purchasing laws applicable to schools as set forth in

Section 49-2-203, *TCA*, which provides for the county Board of Education, through its executive committee (director of schools and chairman of the Board of Education), to make all purchases. This statute also requires competitive bids to be solicited through newspaper advertisement on all purchases exceeding \$10,000.

VI. OTHER NOTES – DISCRETELY PRESENTED HAYWOOD COUNTY UTILITY DISTRICT

A. Summary of Significant Accounting Policies

1. Reporting Entity

The Haywood County Utility District was incorporated pursuant to a resolution of the Haywood County Commission dated July 17, 1997, and pursuant to Section 7-82-101, *Tennessee Code Annotated*, also known as “The Utility District Law of 1937.” The district is considered a component unit of Haywood County, Tennessee, because the three-member board is appointed by the county. The district was constructed with grants received through the county and is held accountable to the county.

2. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district’s financial statements are reported using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The accounting policies of the district conform to applicable accounting principles generally accepted in the United States of America for governmental units as defined by the Governmental Accounting Standards Board (GASB).

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the proprietary fund’s principal ongoing operations. The principal operating revenues of the district are charges for sales to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and

depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

3. **Assets, Liabilities, and Equity**

a. **Deposits and Investments**

The district's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the district to invest in certificates of deposit, obligations of the U.S. Treasury, agencies and instrumentalities, obligations guaranteed by the U.S. government or its agencies, repurchase agreements, and the state's investment pool.

b. **Accounts Receivable**

Trade receivables result from unpaid billings for water service to customers. The billings and collections for the district are prepared and collected by Brownsville Energy Authority. Brownsville Energy Authority remits to the district the entire amount of the billings on a monthly basis. Therefore, an allowance for uncollectible accounts receivable is considered unnecessary at this time as the risk of loss is entirely with Brownsville Energy Authority.

c. **Capital Assets**

Capital assets, which include property, plant, equipment, and construction in process, are defined by the district as assets with an initial, individual cost of more than \$100 (amount not rounded) and as estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Assets acquired through contributions from developers or other customers are capitalized at their estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the district are depreciated using the straight-line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Distribution Plant	33-50

d. **Compensated Absences**

The district does not have any employees on staff. The district pays a set monthly fee to Brownsville Energy Authority for the use of their employees. Therefore, no compensated absences are recorded.

e. **Long-term Obligations**

Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds are reported net of the applicable bond premium or discount. The district will continue to report bond cost as an asset and amortize those over the life of the bonds instead of expensing those costs in the current year in accordance with certain provisions included in GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This regulatory option as part of GASB Statement No. 65 is available due to the above mentioned cost being used for rate setting by the district.

f. **Net Position**

Equity is classified as net position and displayed in the following two components:

- 1.) Net investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds that are attributable to the acquisition construction, or improvement of those assets; debt related to unspent proceeds or other restricted cash and investments is excluded from the determination.
- 2.) Unrestricted – All other net position that does not meet the description of the above category.

g. **Net Position Flow Assumption**

Sometimes the district will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the

resources are considered to be applied. It is the district's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

B. Stewardship, Compliance, and Accountability

Budgetary Information

The district does not adopt a formal budget.

C. Detailed Notes

1. Deposits and Investments

Custodial Credit Risk – The district's policies limit deposits and investments to those instruments allowed by applicable state laws and are described below. State statute requires that all deposits with financial institutions be collateralized by securities whose market value is equal to 105 percent of the value of uninsured deposits. The deposits must be collateralized by federal depository insurance or the Tennessee Bank Collateral Pool, by collateral held by the district's agent in the district's name, or by the Federal Reserve Banks acting as third-party agents. State statutes also authorize the district to invest in bonds, notes, or treasury bills of the United States or any of its agencies, certificated of deposit at Tennessee state chartered banks and savings and loan associations and federally chartered banks and savings and loan associations, repurchase agreements utilizing obligations of the United States or its agencies as the underlying securities, and the state pooled investment fund. Statutes also require that securities underlying repurchase agreements must have a market value at least equal to the amount of funds invested in the repurchase transaction. As of June 30, 2016, the district had no risk exposure.

2. Receivables

Receivables as of June 30, 2016, consisted of the following:

	<u>Balance</u> <u>6-30-16</u>
Billed Services for Utility Customers	\$31,921

3. Capital Assets

Capital assets activity during the year was as follows:

Description	Balance 7-1-15	Additions	Balance 6-30-16
Capital Assets, Not Depreciated	\$ 18,401	\$ 0	\$ 18,401
Capital Assets, Depreciated	\$ 5,220,215	\$ 0	\$ 5,220,215
Less Accumulated Depreciation	\$ 1,882,291	\$ 122,028	\$ 2,004,319
Total Capital Assets, Depreciated, Net	\$ 3,337,924	\$ (122,028)	\$ 3,215,896
Total Capital Assets, Net	\$ 3,356,325	\$ (122,028)	\$ 3,234,297

4. Long-term Debt

Long-term debt is comprised of the following:

	Balance 6-30-16
General Obligation Bonds:	
General Obligation Bonds, Series 1998 interest at 4.875% due serially through 2037	\$ 424,359
Total General Obligation Bonds	\$ 424,359
Total Current Portion of General Obligation Bonds	\$ 12,010
Total Long-term Portion of General Obligation Bonds	\$ 412,349

In the year ended June 30, 1998, Haywood County issued \$560,000 of General Obligation Bonds, Series 1998 to the Rural Utility Services for construction of the district's water distribution system. In the year ended June 30, 1999, Haywood County issued \$72,300 of General Obligation Bonds, Series 1999 to the Rural Utility Services for additional construction for the District's water distribution system. The 1999 General Obligation Bond was paid off in full by the County as of June 30, 2008. Although the General Obligation Bonds, Series 1998 are in the name of the county and the county is ultimately responsible for the debt repayment, the district has agreed to and is repaying the debt.

The following is a summary of long-term debt transactions for the year ended June 30, 2016.

	<u>Bonds</u>
Balance, July 1, 2015	\$ 433,499
Reductions	<u>(9,140)</u>
Balance, June 30, 2016	<u>\$ 424,359</u>
Balance Due Within One Year	<u>\$ 12,010</u>

The scheduled annual requirements for long-term debt at June 30, 2016, are as follows:

Year Ending June 30	<u>Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 12,010	\$ 20,514	\$ 32,524
2018	12,661	19,864	32,525
2019	13,286	19,239	32,525
2020	13,941	18,584	32,525
2021	14,578	17,947	32,525
2022-2026	84,655	77,970	162,624
2027-2031	107,715	54,909	162,624
2032-2036	137,059	25,565	162,624
2037	28,454	924	29,378
Total	<u>\$ 424,359</u>	<u>\$ 255,516</u>	<u>\$ 679,874</u>

5. Net Position

Net position represents the difference between assets and liabilities and deferred outflows/inflows of resources (if present). The net position amounts were as follows:

	<u>Balance 6-30-16</u>
Net Investment in Capital Assets:	
Net Property, Plant and Equipment in Services	\$ 3,234,297
Less: Debt Disclosed in Note VI.C.4.	<u>(424,359)</u>
	\$ 2,809,938
Unrestricted	<u>322,304</u>
Total Net Position	<u>\$ 3,132,242</u>

D. Other Information

1. Risk Management

The district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended June 30, 2016, the district did not purchase any insurance. The district contracts with Brownsville Energy Authority for services necessary to operate and maintain the district. No settled claims have been incurred in any of the above mentioned risk categories during the past three years, and there has been no significant reduction in the coverage provided.

2. Credit Risk

The district provided water services for residents and commercial customers in a portion of Haywood County, Tennessee.

REQUIRED SUPPLEMENTARY INFORMATION

Exhibit F-1

Haywood County, Tennessee
Schedule of Changes in Net Pension Liability (Asset) and Related Ratios Based on
Participation in the Public Employee Pension Plan of TCRS
Primary Government
For the Fiscal Year Ended June 30

	2014	2015
Total Pension Liability (Asset)		
Service Cost	\$ 737,120	\$ 773,505
Interest	2,403,909	2,526,922
Differences Between Actual and Expected Experience	(400,316)	631,682
