Rating Action: Moody's assigns Aa2 to Dona Ana Branch Community College, NM's GOLT Bonds, Ser. 2018

29 Jun 2018

New York, June 29, 2018 -- Moody's Investors Service has assigned an Aa2 to Dona Ana Branch Community College District (SFCC), NM's \$6.2 million in General Obligation (Limited Tax) Bonds, Series 2018. We have maintained the Aa2 on the district's issuer rating (implied general obligation unlimited tax security) and outstanding GOLT parity obligations.

RATINGS RATIONALE

Assignment of the Aa2 is based on the district's sizeable tax base, which will likely appreciate over the near-term given development in and around Las Cruces; stable financial position, bolstered by additional liquidity held outside the operating fund; and, a low direct debt burden. The rating also incorporates a trend of historic enrollment declines and an above average pension burden, reflective of the district's participation in a state-wide, cost-sharing plan (ERB).

The issuer rating and GOLT rating are on parity given the ability of the board and Department of Finance and Administration to exceed the cap in event of tax base contraction.

OUTLOOK

Moody's generally does not assign outlooks to local government credits with this amount of debt outstanding.

FACTORS THAT COULD LEAD TO AN UPGRADE

Substantial tax base expansion; stabilization of enrollment

Trend of operating surpluses, increasing cash reserves and fund balance

Reductions to the pension and fixed cost burdens

FACTORS THAT COULD LEAD TO A DOWNGRADE

Sustained deterioration to cash or fund balances

Significant tax base contraction

Further increases to the pension and fixed cost burdens

LEGAL SECURITY

The bonds are general obligation (limited tax) bonds of the district and are payable from general ad valorem taxes which shall be levied against all taxable property within the district in an amount not to exceed 5 mills; however, this limit may be exceeded if it is necessary to levy more than 5 mills to pay principal and interest on the bonds, if the valuation of property within the district declines to a level lower than the valuation of such property in the year the bonds were issued.

USE OF PROCEEDS

Proceeds from the Series 2018 bonds will be used for various capital projects, including: workforce development center, expansion of the existing Gadsden center, and upgrades to facilities and IT.

PROFILE

The district is a branch of New Mexico State University. DACC's boundaries are coterminous with those of the Las Cruces Public School District, Gadsden Independent School District and Hatch Valley Public School District and encompasses approximately 3,000 square miles in the southern part of New Mexico. Fall 2017

headcount was 8,241.
