## DESCRIPTION OF THE CERTIFICATES

### *Purpose*

The proceeds of the Certificates will be used to (i) refund on February 1, 2020 the District's equipment lease dated as of July 29, 2011 and (ii) pay the costs associated with the issuance of the Certificates.

### *Authority for Issuance*

The Certificates are being issued by the District pursuant to and in full conformity with the Constitution and laws of the State of North Dakota, including Chapter 21-02 of the North Dakota Century Code, as amended, and as authorized by the Bond Resolution adopted by the District on November 19, 2019 (the "Resolution"). The Resolution creates a valid lien on the State Appropriations to be received by the District from the State of North Dakota.

### *Security and Source of Payment*

The Certificates are valid and binding limited obligations of the District, payable from the State Appropriations to be received from the North Dakota Department of Public Instruction pledged under the Resolution.

So long as any of the Certificates are outstanding and unpaid, the Business Manager shall maintain a sinking fund to be designated "Certificates of Indebtedness, Series 2019 Fund" (the "Certificate Fund") as a separate and special bookkeeping account on the official books and records of the District to be used for no purpose other than the payment of the principal of and interest on the Certificates and such other certificates of the District as have been or may be directed to be paid from the Certificate Fund. State appropriations distributed by the State to the District are required to be deposited by the District in the Certificate Fund to the extent necessary, with other available funds, until the amount on deposit for that fiscal year is at least equal to the principal of and interest on the Certificates due for that fiscal year. All moneys and investments in the Certificate Fund are irrevocably pledged and appropriated to the equal and ratable payment of the principal of and interest on the Certificates. If the balance in the Certificate Fund is ever insufficient to pay all principal and interest then due on such Certificates, the Business Manager shall nevertheless provide sufficient money from other funds of the District which are available for that purpose, and such other funds shall be reimbursed from the revenues of the State Appropriations.

### *State Aid*

#### History of State Aid for the District

(1) Preliminary, subject to change

(2) Coverage Calculation is based on the total projected State Aid for the 2019/2020 fiscal year of \$2,140,992, and assumes no annual increase or decrease.

**Parity Obligations**

The District may issue additional parity certificates and bonds (the "Parity Obligations") to provide funds to finance the acquisition, construction and equipping of District facilities, the repair and improvement of facilities, or the refunding of outstanding evidences of indebtedness, upon the following conditions:

- (i) A certificate of the District stating and confirming that the State Aid received by the District for each of the two Fiscal Years preceding the issuance of the Parity Obligations was equal to at least 2.0 times the maximum annual Debt Service on the Outstanding Certificates or Bonds, the proposed Additional Bonds. In calculating the maximum annual Debt Service, there shall be deducted from such Debt Service the amount on deposit in a Reserve Fund, if any, (to the extent expected to pay Debt Service on the Outstanding Certificates or Additional Bonds) or in any irrevocable escrow fund being held for the payment of principal of and/or interest on the Certificates or Bonds.

All Certificates or Bonds issued in accordance with the Resolution shall have a lien on the State Aid which is equal to the lien of the Certificates and all Parity Obligations issued in accordance with the Resolution. Nothing in the Resolution shall preclude the District from issuing additional bonds which are expressly made subordinate to the pledge of State Aid to the Certificates. Notwithstanding the foregoing, the District may issue parity bonds with the written consent of the owners of all of the outstanding principal of the Certificates.

Provided, however, that prior to the issuance of any additional Parity Obligations, the Business Manager shall certify that the state funds available to the District under N.D.C.C. Chapter 15.1-27 are at least two times the maximum annual debt service amount for all obligations.

***Bondholders' Risks***

A number of factors could prevent the receipt of or reduce the amount of available State Aid Revenues for payment of debt service on the Certificates and Parity Obligations. The ability of the District to generate sufficient State Aid Revenues is dependent upon a number of conditions and risk factors that are unpredictable including student enrollment.

NO REPRESENTATION OR ASSURANCE CAN BE MADE THAT STATE AID REVENUES WILL BE REALIZED BY THE DISTRICT IN AMOUNTS SUFFICIENT TO PAY MATURING PRINCIPAL OF AND INTEREST ON THE CERTIFICATES AND THE OTHER OUTSTANDING OBLIGATIONS. Prospective purchasers of the Certificates should be aware that investment in the Certificates entails some degree of risk. Each

prospective investor in the Certificates is encouraged to read this Official Statement in its entirety. Particular attention should be given to the factors described below which, among others could affect the payment of debt service on the Certificates and which could also affect the market price of the Certificates to an extent that cannot be determined. This discussion of risk factors is not, and is not intended to be exhaustive.

### **Limited Obligation**

The obligation of the District to pay debt service on the Certificates is a special limited obligation of the District. The full faith and credit and taxing powers of the District are not pledged to pay debt service on the Certificates and the District does not have the authority to levy ad valorem property taxes without limit in order to pay debt service on the Certificates. As further described elsewhere herein, debt service on the Certificates is payable from State Aid Revenues received from the North Dakota Department of Public Instruction. While it is believed that State Aid Revenues will continue to be received from the North Dakota Department of Public Instruction and will be sufficient to pay debt service on the Certificates when due, a number of other factors described below, or factors not presently anticipated, may affect the receipt of sufficient revenues for such purposes.

### **Nature of Debt Service Coverage**

Certain historical State Aid Revenues and other financial information for the District, including debt service coverage, are included in this Official Statement under the caption "Debt Service Coverage." The coverage is merely a mathematical computation as reflected in the applicable table, and constitutes no assurance as to the future debt of the District or the sufficiency of State Aid Revenues to satisfy the operations of the District and other debt service requirements.

### **General Factors that May Affect Sufficiency of State Aid Revenues**

A decrease in the number of students registered at the District would have the most significant impact on State Aid Revenues as these revenues are calculated on a per student basis. Such a decrease would reduce the amount of State Aid Revenues to pay debt service on the Certificates.

### **Additional Parity Debt**

Upon the satisfaction of certain conditions set forth in the Resolution, the District may issue Parity Obligations to provide funds to finance the acquisition, construction and equipping of District facilities, the repair and improvement of facilities or the refunding of outstanding evidences of indebtedness. The District may also issue Subordinated Obligations and other additional bonds not secured by the Resolution and the specifically pledged State Aid Revenues of the District, but payable from other revenues of the District. Such other additional bonds may be issued for any purpose permitted by law, including acquisition and construction of additional facilities or equipment.

### **Secondary Market**

There can be no guarantee that there will be a secondary market for the Certificates or, if a secondary market exists, that such Certificates can be sold for any particular price. Such prices could be substantially different from the original purchase price of the Certificates.

EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT IN THE CERTIFICATES AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT. THE SECONDARY MARKET FOR THE CERTIFICATES, IF ANY, COULD BE LIMITED.

### **Changes in Legislation**

The future financial condition of the District and its ability to receive State Aid Revenues could be affected adversely by legislative and other regulatory actions, to the extent such changes are material and adversely alter the current operation of the District. The District cannot and does not make any predictions about such future legislative changes other than to note that any number of possible changes may adversely affect the operations of the District.

***North Dakota School Credit Enhancement Program***

The District has elected to participate in the North Dakota School District Credit Enhancement Program (the “Program”). Under the Program, if a school district is unable to make a bond payment, upon receipt of a notice of potential default, the State of North Dakota (the “State”) will make the payment three days prior to the bond payment date from funds due, or payable, or appropriated to the school district under Chapter 15.1-27 of the North Dakota Century Code. To participate in the Program, the District’s school board must adopt a resolution (the “Resolution”) wherein the school district elects to participate in the Program, obligates the school district to be bound by the provisions of Section 6-09.4-23 and authorizes the withholding of state funds as required by the Program. The Resolution must further provide that the election to participate in the Program is irrevocable so long as the evidence of indebtedness enhanced by the Program remains outstanding and unpaid. The Resolution also must require the school district to deposit a bond payment with the paying agent five days before the payment date to the bondholders; certify that the state funds available to the school district under NDCC Chapter 15.1-27 are at least 2 times the maximum annual debt service on the Certificates; and provide for an additional bonds test requiring at least 2 times coverage of the maximum annual debt service for all outstanding bonds and subsequent bonds issued under the Program. The maximum annual debt service for all outstanding issues in the credit enhancement program is \$218,045 in the year ending August 1, 2024. The total state aid due to the District for the 2019-20 school year is \$2,140,992. The state aid provides 9.82 times coverage for the maximum annual debt service of all outstanding bonds in the Program.

***Redemption Provisions***

**Optional Redemption**

The Certificates are not subject to optional redemption.

***Interest***

Interest on the Certificates is payable annually on each February 1 and August 1, commencing February 1, 2020. Interest will be computed on a 360-day year, 30-day month basis, and paid to the owners of record as of the close of business on the fifteenth day of the immediately preceding month. Payments coming due on a non-business day will be paid on the next business day.

***Sources and Uses of Funds***

The sources and uses of funds in connection with the issuance of the Certificates are as follows:

***Book-Entry Only System***

*The information contained in the following paragraphs of this subsection “Book-Entry Only System” has been extracted from a schedule prepared by The Depository Trust Company (“DTC”) entitled “SAMPLE OFFERING*

*DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY ONLY ISSUANCE.*” The District makes no representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

The Depository Trust Company (“DTC”), New York, New York will act as securities depository for the Certificates. The Certificates will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee). One fully-registered certificate will be issued for each annual maturity of the Certificates, each in the aggregate principal amount of such annual maturity, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants (“Participants”) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations (“Direct Participants”). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of the Certificates under the DTC system must be made by or through Direct Participants, which will receive a credit for the Certificates on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Certificates are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Certificates, except in the event that use of the book-entry system for the Certificates is discontinued.

To facilitate subsequent transfers, all Certificates deposited by Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. The deposit of Certificates with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Certificates; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Certificates are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. will consent or vote with respect to the Certificates. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Certificates will be made to DTC. DTC’s practice is to credit Direct Participants’ accounts on the payable date in accordance with their respective holdings shown on DTC’s records unless DTC has reason to believe that it will not receive payment on the payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participants and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in

effect from time to time. Payment of principal and interest to DTC is the responsibility of the District or the Paying Agent, disbursements of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Certificates at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

NEITHER THE DISTRICT, THE REGISTRAR NOR THE UNDERWRITER WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, TO INDIRECT PARTICIPANTS OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DTC PARTICIPANT OR ANY INDIRECT PARTICIPANT; (2) THE PAYMENT BY DTC, ANY DTC PARTICIPANT OR ANY INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON THE CERTIFICATES; (3) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDHOLDERS; (4) ANY CONSENT GIVEN BY DTC OR OTHER ACTION TAKEN BY DTC AS BONDHOLDER; OR (5) THE SELECTION BY DTC, ANY DTC PARTICIPANT OR ANY INDIRECT PARTICIPANT OF ANY BENEFICIAL OWNER TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF CERTIFICATES.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

### ***No Continuing Disclosure***

The District is not subject to the requirements of Rule 15c2-12 since the amount of the Certificates is less than \$1,000,000.

In the last five years, the District has never failed to comply in all material respects with its continuing disclosure undertakings under the Rule. Breach of the Disclosure Covenants will not constitute an "Event of Default" under the Resolution. A broker or dealer is to consider a known breach of the Disclosure Covenants, however, before recommending the purchase or sale of the Certificates in the secondary market. Thus, a failure on the part of the District to observe the Disclosure Covenants may adversely affect the transferability and liquidity of the Certificates and their market price.

### *Organization and Administration*

The school board is the policy-making body. Among some of the roles of the School Board are to approve the budget, establish goals and priorities, acquire and dispose of property, serve as a link between the school system and the public and interpret educational needs and concerns of the community. The Board of Education is made up of five residents of the District elected at large to four-year terms. Board meetings are held on various days in the third week of each month at 8:30 a.m. The school board and the current administration are presented in the following table.

## ***Pension Plans***

### **North Dakota Teachers Fund For Retirement (TFFR)**

The District contributes to the North Dakota Teacher's Fund for Retirement (TFFR); a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Dakota for its certified staff. TFFR provides for retirement, disability and survivor benefits to plan members and beneficiaries. Benefit and contribution provisions are administered in accordance with chapter 15-39.1 of the North Dakota Century Code. TFFR issues a publicly available financial report that includes financial statements and required supplementary information for TFFR. That report may be obtained by writing to Teacher's Fund for Retirement, 1930 Burnt Boat Drive, PO Box 7100, Bismarck, ND 585067-7100.

Plans members are required to contribute 11.75% of their annual covered salary and the District is required to contribute 12.75% of the teacher's salary. The contribution requirements of plan members and the District are established and may be amended by the State Legislature. The District's contributions to TFFR for the fiscal years ending June 30, 2019, 2018 and 2017 were \$219,586, \$268,109, \$305,808, respectively, equal to the required contributions for the year.

### **North Dakota Public Employees Retirement System (NDPERS)**

The District contributes to the North Dakota Public Employees' Retirement System (NDPERS); a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Dakota for its non-certified staff. NDPERS provides for retirement, disability and survivor benefits to plan members and beneficiaries. Benefit and contribution provisions are administered in accordance with chapter 54-52 of the North Dakota Century Code. NDPERS issues a publicly available financial report that includes financial statements and required supplementary information for NDPERS. That report may be obtained by writing to NDPERS, 400 E Broadway, Suite 505, P.O. Box 1214, Bismarck, North Dakota, 58502-1214.

Plan members are required to contribute 7% of their annual covered salary. The District is required to contribute 8.26% of the employees' salary which consists of 7.12% for employee retirement and 1.14% for the retiree health benefits fund. The contribution requirements of plan members and the District are established and may be amended by the State Legislature. The District's contributions to NDPERS for the years ending June 30, 2019, 2018, and 2017 were \$114,344, \$75,808, and \$44,311, respectively, equal to the required contributions for the year.

***Future Financing***

The District does not anticipate that it will issue additional debt within the next six months.

*(The remainder of this page has been left blank intentionally.)*

***Debt Limitation***

According to Article V, Section 15 of the North Dakota Constitution and Section 21-03-04 of the North Dakota Century Code, North Dakota Schools Districts may not become indebted for any purpose in excess of 5% of their assessed value except that a school district by a majority vote of the qualified voters voting upon the question at a general or special election, may increase such limitation of indebtedness five percent on such assessed value beyond the five percent limit. The District’s debt limit has been increased to 10%. Section 57-02-01(16) of the North Dakota Century Code defines “Assessed Value” as 50% of the true and full value of the property. Table 16 presents the debt limit of the District.

## PROPERTY VALUATIONS AND TAXES

The City Assessor's office establishes an estimated market value on all properties. The assessed value is computed at 50% of estimated market value. The taxable value is then computed in the following manner: on residential property the taxable value is 9% of the assessed value; on agricultural property, commercial property, and railroad and other utilities the taxable value is 10% of the assessed value. Table 20 shows the taxable values of taxable property in the District for assessment year 2018 collectible in 2019. Table 21 shows the trend in property valuations over the last five years.

### ***Property Tax Levies and Collections***

After final equalization by assessing authorities in September of each year, the County Auditor calculates mill rates and spreads taxes. The resulting taxes are payable on the following January 1.

Taxes are collected by the County in two semiannual installments, and the receipts are distributed by the County to the local government entities. A discount of five percent is given on the tax bill if the entire payment is made by February 15. Discounts given are subtracted from the levy amount by the County Auditor. If taxes are not paid by March 1, a three percent penalty is charged with the penalty being raised on May 1 to six percent, on July 1 to nine percent, and on October 15 to twelve percent.

North Dakota residents over 65 years of age whose income is less than \$42,000 receive a homestead property tax credit. The credit is subtracted from their tax bill. Local government entities are reimbursed by the state for all homestead credits. Therefore, the District as well as other local government entities has no loss in tax revenues from the credit.

Table 22 shows the District's tax levies and collections for collection years 2014 through 2019.

### **RATING**

The District has requested a credit rating for the Certificates from Moody’s Investors Service (“Moody’s”). A rating is subject to withdrawal at any time; withdrawal of a rating may have an adverse effect on the marketability of the Certificates. For an explanation of the significance of the rating, an investor should communicate with the rating agency.

### **TAX EXEMPTION**

The interest on the Certificates is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that for the purpose of computing the alternative minimum tax imposed on certain corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings.

Noncompliance by the District following the issuance of the Certificates with its covenants in the resolution under which the Certificates are issued relating to certain continuing requirements of the Internal Revenue Code of 1986 (the “Code”) may result in inclusion of interest to be paid on the Certificates in gross income of the recipient for United States income tax purposes.

Interest to be paid on the Certificates is also includable in the computation of alternative minimum taxable income for purposes of the environmental tax imposed by Section 59A of the Code on corporations. In the case of an insurance company subject to the tax imposed by Section 831 of the Code the amount which otherwise would be taken into account as losses incurred under Section 832(b)(5) of the Code must be reduced by an amount equal to fifteen percent of the interest to be paid on the Certificates that is received or accrued during the taxable year. Interest on the Certificates may additionally be included in the income of a foreign corporation for purposes of the branch profits tax imposed by Section 884 of the Code.

The market value and marketability of the Certificates may be adversely affected by future changes in federal or North Dakota tax treatment of interest on the Certificates or by future reductions in income tax rates. In September 2011 and again as part of his Fiscal Year 2013 budget proposal, President Obama proposed a number of limitations on the availability of certain deductions and exclusions, including the exclusion of interest on certain state and local bonds, by limiting the reduction of tax liability to a maximum of 28 percent, affecting married taxpayers filing a joint return with income over \$250,000 (at 2009 levels) and single taxpayers with income over \$200,000. Although these proposals were not enacted, no prediction is made concerning future legislation that could adversely affect the tax treatment of interest on the Certificates. Prospective purchasers should consult with their own tax advisors regarding this and any other pending or proposed federal income tax legislation.

The foregoing is not intended to be an exhaustive discussion of collateral tax consequences arising from ownership or disposition of the Certificates or receipt of interest on the Certificates. Prospective purchasers or certificate holders should consult their tax advisors with respect to collateral tax consequences and applicable state and local tax rules in states other than North Dakota.

### **QUALIFIED TAX-EXEMPT OBLIGATIONS**

The District will designate the Certificates as “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Code relating to the ability of financial institutions to deduct from income for federal income tax purposes a portion of the interest expense that is allocable to carrying and acquiring tax-exempt obligations. Sections 265(a)(2) and 291 of the Code impose additional limitations on the deductibility of such interest expense. The District will also represent and covenant that it does not reasonably expect that it or any subordinate entities to it will issue tax-exempt obligations (other than private activity bonds, treating qualified 501(c)(3) bonds as not being private activity bonds) in an aggregate amount greater than \$10,000,000 in 2019.

### **LEGAL MATTERS**

Legal matters incident to the authorization and issuance of the Certificates are subject to the opinion of Arntson Stewart Wegner PC., Bismarck, North Dakota, as to validity and tax exemption. Bond Counsel has not participated in the preparation of this Official Statement.

### **MUNICIPAL ADVISOR**

The District has retained PFM Financial Advisors LLC, of Minneapolis, Minnesota, as Municipal Advisor (the “Municipal Advisor”) in connection with the issuance of the Certificates. In preparing the Official Statement, the Municipal Advisor has relied upon governmental officials, and other sources, who have access to relevant data to provide accurate information for the Official Statement, and the Municipal Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy of such information. The Municipal Advisor is not a public accounting firm and has not been engaged by the District to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities and therefore will not participate in the underwriting of the Certificates.

Requests for information concerning the District should be addressed to PFM Financial Advisors LLC, 50 South Sixth Street, Suite 2250, Minneapolis, Minnesota 55402 (612/338-3535) or 1726 Prairie Lane, Fargo, North Dakota 58103 (701/235-4416).

### **CLOSING DOCUMENTS**

Simultaneously with the delivery of and payment for the Certificates by the original purchasers thereof, the District will furnish to the original purchasers the customary closing documents in form satisfactory to Bond Counsel.

### **CERTIFICATION**

The District will furnish a statement to the effect that this Official Statement, to the best of its knowledge and belief as of the date of sale and the date of delivery, is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made herein, in light of the circumstances under which they were made, not misleading.

### **NO LITIGATION**

There is no litigation now pending or, to the knowledge of District officials, threatened which questions the validity of the Certificates or of any proceedings of the District taken with respect to the issuance or sale thereof.

### **MISCELLANEOUS**

Any statements made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

The execution and delivery of this Official Statement by its Superintendent has been duly authorized by the District.

## INDEPENDENT AUDITOR'S REPORT

Governing Board  
Underwood Public School District No. 8  
Underwood, North Dakota

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Underwood Public School District No. 8, Underwood, North Dakota, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the school district's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the school district's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the school district's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Underwood Public School District No. 8, Underwood, North Dakota, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 9, budgeting comparison information on pages 36 through 37, and the schedules of employer's share of net pension liability on pages 38 through 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the school district's basic financial statements. The schedule of fund activity arising from client transactions is presented for additional analysis and is not a required part of the basic financial statements.

The schedule of fund activity arising from client transactions is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of fund activity arising from client transactions is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 23, 2019 on our consideration of the school district's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the school district's internal control over financial reporting and compliance.

UNDERWOOD PUBLIC SCHOOL DISTRICT NO. 8

Management's Discussion and Analysis

June 30, 2019

The Management's Discussion and Analysis (MD&A) of the Underwood Public School District's financial performance provides an overall review of the school district's financial activities for the fiscal year ended June 30, 2019. The intent of the MD&A is to look at the school district's financial performance as a whole. It should, therefore, be read in conjunction with the basic financial statements and related notes.

The MD&A is a new element of the Required Supplementary Information specified in the Government Accounting Standards Board's (GASB) Statement No. 34 "*Basic Financial Statements - and Management's Discussion and Analysis - For State and Local Governments*". Certain comparative information between the current fiscal year and the prior year is required to be presented in the MD&A.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the year ended June 30, 2019 are as follows:

- \* Net position of the school district decreased \$6,874 as a result of the current year's operations.
- \* Governmental net position as of the end of the fiscal year totaled \$1,058,581.
- \* Total revenues from all sources were \$3,791,744.
- \* Total expenses were \$3,798,619.
- \* The school district's general fund had \$3,488,800 in total revenues and \$3,521,256 in total expenditures. Overall, the general fund balance decreased by \$32,457 for the year ended June 30, 2019.

**USING THIS ANNUAL REPORT**

This annual financial report consists of a series of statements and related footnotes. These statements are organized so that the reader can understand the school district as a financial whole. The statements then proceed to provide an increasingly detailed look at financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole school district, presenting both an aggregate view of the school district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. These statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the school district's general fund and debt service fund with all other governmental funds presented in total in one column.

## REPORTING ON THE SCHOOL DISTRICT AS A WHOLE

### Statement of Net Position and Statement of Activities

These statements are summaries of all the funds used by the school district to provide programs and activities and attempt to answer the question "How did the school district do financially during the year ended June 30, 2019?"

The Statement of Net Position presents information on all the district's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the school district is improving or deteriorating.

The Statement of Activities presents information on how the school district's net position changed during the fiscal year. This statement is presented using the accrual basis of accounting, which means that all changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (for example, uncollected taxes and earned but unused sick leave and/or vacation leave).

These two statements report the school district's net position and changes in that position. This change in net position is important because it tells the reader whether, for the school district as a whole, the financial position of the school district has improved or deteriorated. The causes of this change may be the result of many factors, some financial and some not.

In the Statement of Net Position and the Statement of Activities, the school district reports governmental activities. Governmental activities are the activities where most of the school district's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of buildings and grounds, student transportation and co-curricular activities.

## REPORTING ON THE SCHOOL DISTRICT'S MOST SIGNIFICANT FUNDS

### Balance Sheet - Governmental Funds

The school district uses separate funds to account for and manage money dedicated for particular purposes (e.g. taxes collected from special mill levies and funds received from grants and donations). The fund basis financial statements allow the school district to demonstrate its stewardship over and accountability for resources provided by taxpayers and other entities. Fund financial statements provide detailed information about the school district's major funds. Using the criteria established by GASB Statement No. 34, the school district's general fund and debt service fund are considered "major funds".

The school district's other funds, which are used to account for a multitude of financial transactions, are summarized under the heading "Other Governmental Funds".

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

Table I provides a summary of the school district's net position as of June 30, 2019. A comparative analysis of district-wide data is presented for both current and prior year.

As indicated in the financial highlights above, the school district's net position decreased by \$6,874 for the year ended June 30, 2019. Changes in net position may serve over time as a useful indicator of the school district's financial position.

The school district's net position of \$1,058,581 is segregated into three separate categories. Net investment in capital assets totals \$2,235,982. It should be noted that these assets are not available for future spending. The restricted component of net position is \$1,063,376 of the school district's net position and represents resources that are subject to external restrictions on how they must be spent. The remaining unrestricted component of net position is (\$2,240,777) which includes (\$3,234,647) relating to the reporting of it's share of the unfunded liability for the North Dakota Teachers Fund for Retirement and the North Dakota Public Employees Retirement System as required by GASB Statement No. 68. The net amount of \$993,870 is available to meet the school district's ongoing obligations.

**FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS**

The purpose of the school district's governmental funds is to provide information on the near-term inflows, outflows and balances of available resources. Unassigned fund balance generally can be used as a measure of the school district's net resources available for spending as of the end of the fiscal year. These funds are accounted for using the modified accrual basis of accounting. The school district's governmental funds had total revenue of \$3,793,647 and expenditures of \$3,769,901 for the year ended June 30, 2019. As of June 30, 2019, the unassigned fund balance of the school district's general fund was \$959,751.

**GENERAL FUND BUDGET HIGHLIGHTS**

During the course of fiscal year 2019, the school district amended the general fund budget. The gross effect of the amendments was to increase estimated revenues by \$4,337 and decrease appropriations by \$5,778.

Actual revenue for the year ended June 30, 2019 was \$33,313 less than budgeted. Actual expenditures for the year ended June 30, 2019 were over budget by \$20,055.

**CAPITAL ASSETS**

As of June 30, 2019, the school district had \$5,421,639 invested in capital assets. Table IV shows the balances as of June 30, 2019.

Table IV

This total represents a decrease of \$66,105 in capital assets from July 1, 2018. The increase in vehicles for the year ending June 30, 2019 was due to the purchase of a 2020 Thomas bus. For a detailed breakdown of the additions and deletions to capital assets, readers are referred to Note 7 to the audited financial statements which follow this analysis.

**DEBT ADMINISTRATION**

As of June 30, 2019, the school district had \$3,202,557 in outstanding debt of which \$55,000 was due within one year.

During fiscal year 2019, the school district did not issue any new long-term debt obligations.

For a detailed breakdown of the long-term debt, readers are referred to Note 12 to the audited financial statements which follow this analysis.

**CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our parents, taxpayers and creditors with a general overview of the school district's finances and to show the school district's accountability for the money it receives to provide the best possible education to all students enrolled in the Underwood Public School. Anyone who has questions about information contained in this report or who is interested in receiving additional information is encouraged to contact Angie Riehl, Business Manager, Underwood Public School, Underwood, ND 58576.

Reconciliation of Governmental Funds Balance Sheet  
to the Statement of Net Position  
For the Year Ended June 30, 2019

Total Fund Balances for Governmental Funds 2,028,309.00

Total net position reported for government activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and are not reported in the governmental funds.

Cost of Capital Assets	9,992,391.00	
Less Accumulated Depreciation	(4,570,752.00)	
		5,421,639.00

Property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable revenue in the funds. 58,886.93

The deferred outflows and inflows of resources reported on the statement of net position are the result of changes in resources related to pensions and do not affect current financial resources.

Total Deferred Outflows of Resources	673,513.00	
Total Deferred Inflows of Resources	(322,532.00)	
		350,981.00

Long-term liabilities applicable to the school district's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities -both current and long-term- are reported in the statement of net position. Balances at June 30, 2019 are:

Capital Lease Payable	(790,656.86)	
QZAB Bonds Payable	(500,000.00)	
QCSB Bonds Payable	(500,000.00)	
G.O. Bonds Payable	(1,395,000.00)	
Interest Payable	(13,050.00)	
Compensated Absences Payable	(16,900.21)

Reconciliation of Governmental Funds Statement of Revenues, Expenditures  
and Changes in Fund Balances to the Statement of Activities  
For the Year Ended June 30, 2019

Net Change in Fund Balances - Total Governmental Funds 23,746.20

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current year.

Current Year Capital Outlay	90,200.00	
Current Year Depreciation Expense	(156,305.00)	(66,105.00)

The proceeds of debt issuances are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, issuing debt increases long-term liabilities and does not affect the statement of activities. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which repayment of debt exceeded debt proceeds.

Debt Proceeds	0.00	
Repayment of Debt	149,388.01	149,388.01

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds.

Net Decrease in Compensated Absences Payable	1,288.00	
Net Increase to Pension Expense	(113,518.00)	(112,000.83)

Some revenues reported on the statement of activities are not reported as revenues in the governmental funds since they do not represent available resources to pay current expenditures.

Underwood, North Dakota

Notes to the Financial Statements  
June 30, 2019

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Underwood Public School District No. 8 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Financial Reporting Entity

The accompanying financial statements present the activities of the school district. The school district has considered all potential component units for which the school district is financially accountable and other organizations for which the nature and significance of their relationships with the school district are such that exclusion would cause the school district's financial statements to be misleading or incomplete. The Government Accounting Standards Board has set forth criteria to be considered in determining financial accountability. This criteria includes appointing a voting majority of an organization's governing body and (1) the ability of the school district to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the school district.

Based on these criteria, there are no component units to be included within the Underwood Public School District No. 8 as a reporting entity.

B. Basis of Presentation

*Government-wide Financial Statements:* The statement of net position and the statement of activities display information about the primary government, Underwood Public School District No. 8. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the school district's governmental activities. Direct expenses are those that are specifically associated with program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the school district's funds including its fiduciary fund. Separate statements for each fund category - *governmental* and *fiduciary* - are presented. The emphasis of fund financial statements is on major governmental funds, displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The school district reports the following major governmental funds:

*General Fund.* This is the school district's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Debt Service Fund.* This fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal.

The school district reports the following fund type:

*Agency Funds.* These funds account for assets held by the school district in a custodial capacity as an agent on behalf of others. The school district's agency funds are used to account for various deposits of the student activity funds, and funds held for other entities and school district employees.

C. Measurement Focus, Basis of Accounting  
and Financial Statement Presentation

*Government-wide and Fiduciary Fund Financial Statements:* The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus. These financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the school district gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*Governmental Fund Financial Statements:* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The school district considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. All revenues are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the school district funds certain programs by a combination of specific cost-reimbursements grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted components of net position available to finance the program. It is the school district's policy to first apply cost-reimbursement grant resources to such programs, and then by general revenues.

D. Cash and Investments

Cash includes amounts in demand deposits and money market accounts.

Investments consist of certificates of deposit stated at cost.

E. Capital Assets

Capital assets include plant and equipment. Assets are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the school district as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Buildings	75 years
Vehicles	8 to 10 years

F. Compensated Absences

Vested or accumulated sick leave is reported in the government-wide statement of net position. Compensation for unused sick leave will be granted to all full time employees when they retire or leave the school district. The district's personnel policy requires a payout of \$50 for each day of unused sick leave for a maximum total payment of \$1,500.

Vested or accumulated vacation leave is not reported in the government-wide statement of net position as it is considered immaterial.

G. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums, discounts and issuance costs are recognized in the current period since the amounts are not material.

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

## H. Pensions

For purposes of measuring net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the North Dakota Teachers Fund for Retirement (TFFR) and the North Dakota Public Employees Retirement System (NDPERS); additions to/deductions from TFFR's and NDPERS' fiduciary net position have been determined on the same basis as they are reported by TFFR and NDPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## I. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

**Fund Balance** - Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the school district is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

**Nonspendable** - Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash such as inventories or prepaid expenses) or (b) legally or contractually required to be maintained intact (i.e., endowment funds).

**Restricted** - Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the school district or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments (i.e., funds restricted by state statute, unspent bond proceeds, grants earned but not spent, debt covenants or taxes raised for a specific purpose).

**Committed** - Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the school board through the adoption of a resolution. The school board also may modify or rescind the commitment.

**Assigned** - Fund balances are reported as assigned when amounts are constrained by the school district's intent to be used for specific purposes, but are neither restricted nor committed.

**Unassigned** - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The school district reports positive unassigned fund balance only in the general fund. Negative fund balances may be reported in all funds.

**Flow Assumptions** - When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the school district's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the school district's policy to use fund balance in the following order:

- \* Committed
- \* Assigned
- \* Unassigned

**Net Position** - Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the school district has not spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted as described in the fund balance section above. All other net position is reported as unrestricted.

#### J. Interfund Transactions

In the governmental fund statements, transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except reimbursements, are reported as transfers.

In the government-wide financial statements, interfund transactions have been eliminated.

#### K. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

#### Note 2 DEPOSITS AND INVESTMENTS

In accordance with North Dakota Statutes, the school district maintains deposits at the depository banks designated by the governing board. All depositories are members of the Federal Reserve System.

Deposits must either be deposited with the Bank of North Dakota or in other financial institutions situated and doing business within the state. Deposits, other than with the Bank of North Dakota, must be fully insured or bonded. In lieu of a bond, a financial institution may provide a pledge of securities equal to 110% of the deposits not covered by insurance or bonds.

Authorized collateral includes bills, notes or bonds issued by the United States government, its agencies or instrumentalities, all bonds and notes guaranteed by the United States government, Federal Land Bank bonds, bonds, notes, warrants, certificates of indebtedness, insured certificates of deposit, shares of investments companies registered under the Investment Companies Act of 1940, and all other forms of securities issued by the State of North Dakota, its boards, agencies or instrumentalities or by any county, city, township, school district, park district or any other political subdivision of the State of North Dakota, whether payable from special revenues or supported by the full faith and credit of the issuing body and bonds issued by another state of the United States or other securities approved by the banking board.

At June 30, 2019 the school district's carrying amount of deposits was \$2,396,260 and the bank balance was \$2,574,852. Of the bank balance, \$250,000 was covered by Federal Depository Insurance. The remaining balance of \$2,324,852 was collateralized with securities held by the pledging financial institution's agent in the government's name.

#### Credit Risk

The school district may invest idle funds as authorized in North Dakota Statutes, as follows:

- (1) Bonds, treasury bills and notes, or other securities that are a direct obligation insured or guaranteed by, the treasury of the United States, or its agencies, instrumentalities or organizations created by an act of Congress.
- (2) Securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are of the type listed above.
- (3) Certificates of deposit fully insured by the federal deposit insurance corporation.
- (4) Obligations of the State.

At June 30, 2019 the school district held certificates of deposit, in the amount of \$977,178, which are all considered deposits.

#### Concentration of Credit Risk

The school district does not have a limit on the amount the school district may invest in any one issuer.

#### Note 3 RESTRICTED CASH

Restricted cash is held at the North Country Bank in the name of the Underwood Public School District to retire the QZAB and QSCB Bonds Payable. See Note 12.

#### Note 4 TAXES RECEIVABLE

Taxes receivable represents the past three years of uncollected current and delinquent taxes. No allowance has been established for uncollectible taxes receivable.

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Any material tax collections are distributed after the end of each month.

Property taxes are levied as of January 1. The property taxes attach as an enforceable lien on property on January 1 and may be paid in two installments. The first installment includes one-half of the real estate taxes and all the special assessments and the second installment is the balance of the real estate taxes. The first installment is due by March 1 and the second installment is due by October 15. A 5% discount is allowed if all taxes and special assessments are paid by February 15. After the due dates, the bill becomes delinquent and penalties are assessed.

Most property owners choose to pay property taxes and special assessments in a single payment on or before February 15 and receive the discount on the property taxes.

Note 5 DUE FROM COUNTY TREASURER

The amount due from county treasurer consists of the cash on hand for taxes collected but not remitted to the school district at June 30.

Note 6 INTERGOVERNMENTAL RECEIVABLES

Intergovernmental receivables consist of reimbursements due for expenses in the operation of various school programs. This amount consists of a mix of state and federal dollars.

Note 7 CAPITAL ASSETS

Note 14 RISK MANAGEMENT

The Underwood Public School District No. 8 is exposed to various risks of loss relating to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

In 1986, state agencies and political subdivisions of the State of North Dakota joined together to form the North Dakota Insurance Reserve Fund (NDIRF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. The school district pays an annual premium to NDIRF for its general liability and automobile insurance coverage. The coverage by NDIRF is limited to losses of \$2,000,000 per occurrence for general liability, \$1,000,000 for automobile and \$85,540 for public assets.

The school district also participates in the North Dakota Fire and Tornado Fund and the State Bonding Fund. The school district pays an annual premium to the Fire and Tornado Fund to cover property damage to buildings and personal property. Replacement cost coverage is provided by estimating replacement cost in consultation with the Fire and Tornado Fund. The Fire and Tornado Fund is reinsured by a third party insurance carrier for losses in excess of \$1,000,000 per occurrence during a 12 month period. The State Bonding Fund currently provides the school district with a blanket fidelity bond coverage in the amount of \$1,561,000 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

The school district has worker's compensation with the Department of Workforce Safety and Insurance; and purchases commercial insurance for employee health and accident insurance.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

Note 15 PENSION PLANS

1. North Dakota Teachers Fund for Retirement

The following brief description of TFFR is provided for general information purposes only. Participants should refer to NDCC Chapter 15-39.1 for more complete information.

TFFR is a cost-sharing multiple-employer defined benefit pension plan covering all North Dakota public teachers and certain other teachers who meet various membership requirements. TFFR provides for pension, death and disability benefits. The cost to administer the TFFR plan is financed by investment income and contributions.

Responsibility for administration of the TFFR benefits program is assigned to a Board comprised of seven members. The Board consists of the State Treasurer, the Superintendent of Public Instruction and five members appointed by the Governor.

**Pension Benefits**

For purposes of determining pension benefits, members are classified within one of three categories. *Tier 1 grandfathered* and *Tier 1 non-grandfathered* members are those with service credit on file as of July 1, 2008. *Tier 2* members are those newly employed and returning refunded members on or after July 1, 2008.

A *Tier 1 grandfathered* member is entitled to receive unreduced benefits when three or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or the sum of age and years of service credit equals or exceeds 85. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 6% per year for every year the member's retirement age is less than 65 years or the date as of which age plus service equal 85. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

A *Tier 1 non-grandfathered* member is entitled to receive unreduced benefits when three or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or has reached age 60 and the sum of age and years of service credit equals or exceeds 90. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 8% per year from the earlier of age 60/Rule of 90 or age 65. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

A *Tier 2* member is entitled to receive unreduced benefits when five or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or has reached age 60 and the sum of age and years of service credit equals or exceeds 90. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 8% per year from the earlier of age 60/Rule of 90 or age 65. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR for all three categories are determined by NDCC Section 15-39.1-10. Tier 1 Monthly benefits under TFFR are equal to the three highest annual salaries earned divided by 36 months and multiplied by 2.00% times the number of service credits earned. Tier 2 Monthly benefits under TFFR are equal to the five highest annual salaries earned divided by 60 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

#### **Death and Disability Benefits**

Death benefits may be paid to a member's designated beneficiary. If a member's death occurs before retirement, the benefit options available are determined by the member's vesting status prior to death. If a member's death occurs after retirement, the death benefit received by the beneficiary (if any) is based on the retirement plan the member selected at retirement.

An active member is eligible to receive disability benefits when: (a) a total disability lasting 12 months or more does not allow the continuation of teaching, (b) the member has accumulated five years of credited service in North Dakota, and (c) the Board of TFFR has determined eligibility based upon medical evidence. The amount of the disability benefit is computed by the retirement formula in NDCC Section 15-39.1-10 without consideration of age and uses the member's actual years of credited service. There is no actuarial reduction for reason of disability retirement.

#### **Member and Employer Contributions**

Member and employer contributions paid to TFFR are set by NDCC Section 15-39.1-09. Every eligible teacher in the State of North Dakota is required to be a member of TFFR and is assessed at a rate of 11.75% of salary as defined by NDCC Section 15-39.1-04. Every governmental body employing a teacher must also pay into TFFR a sum equal to 12.75% of the teacher's salary. Member and employer contributions will be reduced to 7.75% each when the fund reaches 100% funded ratio on an actuarial basis.

A vested member who terminates covered employment may elect a refund of contributions paid plus 6% interest or defer payment until eligible for pension benefits. A non-vested member who terminates covered employment must claim a refund of contributions paid before age 70.5. Refunded members forfeit all service credits under TFFR. These service credits may be repurchased upon return to covered employment under certain circumstances, as defined by the NDCC.

#### **Pension Liabilities, Pension Expense; and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2019, the Underwood Public School District reported a liability of \$2,961,702 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The district's proportion of the net pension liability was based on the district's share of covered payroll in the pension plan relative to the covered payroll of all participating TFFR employers. At June 30, 2018 the district's proportion was .222207 percent, which was a decrease of .005181 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019 the district recognized pension expense of \$219,586. At June 30, 2019 the district reported deferred outflows of resources and deferred inflows of resources related to pensions, from the following sources:

	Deferred Outflows of Resources -----	Deferred Inflows of Resources -----
Differences between expected and actual experience	8,038	80,550
Changes in assumptions	163,155	
Net difference between projected and actual earnings on pension plan investments		10,240
Changes in proportion and differences between employer contributions and proportionate share of contributions		189,140
District contributions subsequent to the measurement date (see below)	188,886	
Total	360,079 =====	279,930 =====

\$188,886 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30: -----	
2019	54,727
2020	13,325
2021	(59,306)
2022	(62,883)
2023	(36,357)
Thereafter	(18,243)

**Actuarial assumptions.** The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	4.25% to 14.50%, varying by service, including inflation and productivity.
Investment rate of return	7.75%, net of investment expenses.
Cost-of-living adjustments	None

For active and inactive members, mortality rates were based on the RP-2014 Employee Mortality Table, projected generationally using Scale MP-2014. For healthy retirees, mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table set back on year, multiplied by 50% for ages under 75 and grading up to 100% by age 80, projected generationally using Scale MP-2014. For disabled retirees, mortality rates were based on the RP-2014 Disabled Mortality Table set forward four years.

The actuarial assumptions used were based on the results of an actuarial experience study dated April 30, 2015. They are the same as the assumptions used in the July 1, 2018, funding actuarial valuation for TFFR.

As a result of the April 30, 2015 actuarial experience study, the TFFR board adopted several assumption changes, including the following:

- \* Investment return assumption lowered from 8% to 7.75%.
- \* Inflation assumption lowered from 3% to 2.75%.
- \* Total salary scale rates lowered by 0.25% due to lower inflation.
- \* Added explicit administrative expense assumption, equal to prior year administrative expense plus inflation.
- \* Rates of turnover and retirement were changed to better reflect anticipated future experience.
- \* Updated mortality assumption to the RP-2014 tables with generational improvement.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the fund's target asset allocation are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equities	58%	6.70%
Global Fixed Income	23%	1.50%
Global Real Assets	18%	5.10%
Cash Equivalents	1%	0.00%

**Discount rate.** The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2018. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at rates equal to those based on the July 1, 2017, Actuarial Valuation Report. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members as of June 30, 2018. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2018.

**Sensitivity of the district's proportionate share of the net pension liability to changes in the discount rate.** The following presents the district's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the district's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Rate (7.75%)	1% Increase (8.75%)
	-----	-----	-----
The district's proportionate share of the net pension liability	3,999,155	2,961,702	2,098,864

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in the separately issued TFFR financial report.

2. North Dakota Public Employees Retirement System (Main System)

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDCC Chapter 54-52 for more complete information.

NDPERS is a cost-sharing multiple-employer defined benefit pension plan that covers substantially all employees of the State of North Dakota, its agencies and various participating political subdivisions. NDPERS provides for pension, death and disability benefits. The cost to administer the NDPERS plan is financed by investment income and contributions.

Responsibility for administration of the NDPERS benefits program is assigned to a Board comprised of nine members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by active membership of the NDPERS system; one member elected by the retired public employees; and two members of the legislative assembly appointed by the chairman of the legislative management.

**Pension Benefits**

Benefits are set by statute. NDPERS has no provision or policies with respect to automatic and ad hoc post-retirement benefit increases. Members of the Main System are entitled to unreduced monthly pension benefits beginning when the sum of age and years of credited service equal or exceed 85 (Rule of 85), or at normal retirement age (65). For members hired on or after January 1, 2016 the Rule of 85 will be replaced with the Rule of 90 with a minimum age of 60. The monthly pension benefit is equal to 2.00% of their average monthly salary, using the highest 36 months out of the last 180 months of service, for each year of service. The plan permits early retirement at ages 55-64 with three or more years of service.

Members may elect to receive the pension benefits in the form of a single life, joint and survivor, term-certain annuity, or partial lump sum with ongoing annuity. Members may elect to receive the value of their accumulated contributions, plus interest, as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits in the form of an annuity. For each member electing an annuity, total payment will not be less than the members' accumulated contributions plus interest.

### **Death and Disability Benefits**

Death and disability benefits are set by statute. If an active member dies with less than three years of service for the Main System, a death benefit equal to the value of the member's accumulated contributions, plus interest, is paid to the member's beneficiary. If the member has earned more than three years of credited service for the Main System, the surviving spouse will be entitled to a single payment refund, life-time monthly payments in an amount equal to 50% of the member's accrued normal retirement benefit, or monthly payments in an amount equal to the member's accrued 100% Joint and Survivor retirement benefit if the member had reached normal retirement age prior to date of death. If the surviving spouse dies before the member's accumulated pension benefits are paid, the balance will be payable to the surviving spouse's designated beneficiary.

Eligible members who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits equal to 25% of their final average salary with a minimum benefit of \$100. To qualify under this section, the member has to become disabled during the period of eligible employment and apply for benefits within one year of termination. The definition of disabled is set by the NDPERS in the North Dakota Administrative Code.

### **Refunds of Member Account Balance**

Upon termination, if a member of the Main System is not vested (is not 65 or does not have three years of service), they will receive the accumulated member contributions and vested employer contributions, plus interest, or may elect to receive this amount at a later date. If the member has vested, they have the option of applying for a refund or can remain as a terminated vested participant. If a member terminated and withdrew their accumulated member contribution and is subsequently reemployed, they have the option of repurchasing their previous service.

### **Member and Employer Contributions**

Member and employer contributions paid to NDPERS are set by statute and are established as a percent of covered compensation. Member contribution rates are 7% and employer contribution rates are 7.12% of covered compensation.

The member's account balance includes the vested employer contributions equal to the member's contributions to an eligible deferred compensation plan. The minimum member contribution is \$25 and the maximum may not exceed the following:

- 1 to 12 months of service -  
Greater of one percent of monthly salary or \$25
- 13 to 24 months of service -  
Greater of two percent of monthly salary or \$25
- 25 to 36 months of service -  
Greater of three percent of monthly salary or \$25
- Longer than 36 months of service -  
Greater of four percent of monthly salary or \$25

**Pension Liabilities, Pension Expense; and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2019, the Underwood Public School District reported a liability of \$623,926 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The district's proportion of the net pension liability was based on the district's share of covered payroll in the Main System pension plan relative to the covered payroll of all participating Main System employers. At June 30, 2018 the district's proportion was .036971 percent, which was an increase of .006221 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019 the district recognized pension expense of \$114,344. At June 30, 2019 the district reported deferred outflows of resources and deferred inflows of resources related to pensions, from the following sources:

	Deferred Outflows of Resources -----	Deferred Inflows of Resources -----
Differences between expected and actual experience	1,651	21,227
Changes in assumptions	225,224	8,905
Net difference between projected and actual earnings on pension plan investments		3,035
Changes in proportion and differences between employer contributions and proportionate share of contributions	58,565	9,435
District contributions subsequent to the measurement date (see below)	27,994	
Total	<u>313,434</u> =====	<u>42,602</u> =====

\$27,994 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30: -----	
2019	75,631
2020	67,327
2021	57,724
2022	35,908
2023	6,248
Thereafter	0

**Actuarial assumptions.** The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.50%	
Salary increases	Service at Beginning of Year	Increase Rate
	-----	-----
	0	15.00%
	1	10.00%
	2	8.00%
	Age *	
	-----	
	Under 30	10.00%
	30 - 39	7.50%
	40 - 49	6.75%
	50 - 59	6.50%
	60+	5.25%

\* Age-based salary increase rates apply for employees with three or more years of service.

Investment rate of return 7.75%, net of investment expenses.  
 Cost-of-living adjustments None

For active members, inactive members and healthy retirees, mortality rates were based on the RP-2000 Combined Healthy Mortality Table set back two years for males and three years for females, projected generationally using the SSA 2014 Intermediate Cost scale from 2014. For disabled retirees, mortality rates were based on the RP-2000 Disabled Retiree Morality Table with ages set back one year for males (not set back for females) multiplied by 125%.

The actuarial assumptions used were based on the results of an actuarial experience study completed in 2015. They are the same as the assumptions used in the July 1, 2018, funding actuarial valuation for NDPERS.

As a result of the 2015 actuarial experience study, the NDPERS Board adopted several changes to the actuarial assumptions effective July 1, 2018. This includes changes to the mortality tables, disability incidence rates, retirement rates, administrative expenses, salary scale, and percent married assumption.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the fund's target asset allocation are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
-----	-----	-----
Domestic Equity	30%	6.05%
International Equity	21%	6.71%
Private Equity	7%	10.20%
Domestic Fixed Income	23%	1.45%
International Equity Income	0%	0.00%
Global Real Assets	19%	5.11%
Cash Equivalents	0%	0.00%

**Discount rate.** For PERS, GASB No. 67 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the System to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The current employer and employee fixed rate contributions are assumed to be made in each future year. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. In years where assets are not projected to be sufficient to meet benefit payments, which is the case for the PERS plan, the use of a municipal bond rate is required.

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.75%; the municipal bond rate is 3.62%; and the resulting Single Discount Rate is 6.32%.

**Sensitivity of the district's proportionate share of the net pension liability to changes in the discount rate.** The following presents the district's proportionate share of the net pension liability calculated using the discount rate of 6.32 percent, as well as what the district's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.32 percent) or 1-percentage-point higher (7.32 percent) than the current rate:

	1% Decrease (5.32%)	Current Rate (6.32%)	1% Increase (7.32%)
The district's proportionate share of the net pension liability	847,799	623,926	437,111

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in the separately issued NDPERS financial report.

Notes to the Budgetary Comparison Schedules  
June 30, 2019

Note 1 SUMMARY OF SIGNIFICANT BUDGET POLICIES

Based upon available financial information and requests by the governing board, the business manager prepares the school district budget. The budget is prepared for the general fund on the modified accrual basis of accounting. The budget includes the proposed expenditures and the means of financing them. All annual appropriations lapse at year-end.

School district taxes must be levied by the governing board on or before August 15. The taxes levied must be certified to the county auditor by August 25. The governing board may amend its tax levy and budget, but the certification must be filed with the county auditor by October 10. The current budget, except for property taxes, may be amended during the year for any revenues and appropriations not anticipated at the time the budget was prepared.

Note 2 LEGAL COMPLIANCE

Budget Amendments

The governing board approved the following amendments to the school district's budget for the year ending June 30, 2019:

	<u>Estimated Revenues</u>		
	<u>Original Budget</u>	<u>Amendments</u>	<u>Amended Budget</u>
General Fund	3,517,776	4,337	3,522,113
	<u>Appropriations</u>		
	<u>Original Budget</u>	<u>Amendments</u>	<u>Amended Budget</u>
General Fund	3,506,979	(5,778)	3,501,201

Excess of Actual Expenditures Over Budget

Expenditures exceeded budget in the general fund by \$20,054.92 for the year ended June 30, 2019. No remedial action is anticipated or required by the school district regarding these excess expenditures.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

## INDEPENDENT AUDITOR'S REPORT

Governing Board  
Underwood Public School District No. 8  
Underwood, North Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Underwood Public School District No. 8, Underwood, North Dakota, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the school district's basic financial statements, and have issued our report thereon dated August 23, 2019.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the school district's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the school district's internal control. Accordingly, we do not express an opinion on the effectiveness of the school district's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the school district's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2019-001 and 2019-002, that we consider to be significant deficiencies.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the school district's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## School District's Response to Findings

The school district's response to the findings identified in our audit are described in the accompanying *Schedule of Findings and Responses*. The school district's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the school district's internal control or on compliance. This is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the school district's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

* Significant deficiency(ies) identified?	_____ <u>X</u> Yes	_____ None Reported
Noncompliance Material to financial statements noted?	_____ Yes	_____ <u>X</u> No

SECTION II - FINANCIAL STATEMENT FINDINGS:

Significant Deficiencies

1. 2019-001 Segregation of Duties

*Condition:* The school district has one person responsible for most accounting functions. The employee is responsible to collect monies, deposit monies, issue checks, send checks to vendors, record receipts and disbursements in journals, maintain the general ledger and prepare bank reconciliations.

*Criteria:* To ensure adequate internal control over financial reporting and prevent material misstatements due to errors or fraud, there should be a segregation of the functions of approval, custody of assets, posting and reconciliation.

*Cause:* The school district does not have a large enough staff to properly segregate all duties.

*Effect:* A lack of segregation of duties leads to a limited degree of internal control.

*Recommendation:* Segregation of duties would provide better control over the assets of the school district. However, due to the size of the school district, it is not feasible to obtain proper separation of duties. These functions should be monitored by the Administrator and the Governing Board.

*Views of Responsible Officials and Planned Corrective Actions:*  
The school district is aware of the condition and segregates duties whenever possible.

2. 2019-002 Financial Statement Preparation

*Condition:* The school district's financial statements, including the accompanying note disclosures, are prepared by the school district's external auditors.

*Criteria:* A good system of internal controls requires the school district to determine that the financial statements are prepared based on accounting principles generally accepted in the United States of America. This means that the school district must maintain knowledge of current accounting principles and required financial statement disclosures.

*Cause:* The school district does not have the internal expertise needed to handle all aspects of the external financial reporting.

*Effect:* Without the assistance of the auditors, the financial statements could be misstated or omit material financial statement disclosures.

*Recommendation:* For entities of the school district's size, it generally is not practical to obtain the internal expertise needed to handle all aspects of the external financial reporting.

*Views of Responsible Officials and Planned Corrective Actions:*  
The school district will continue to have the external auditors prepare the financial statements, including note disclosures, but will review and approve them prior to external distribution.

\$ \_\_\_\_\_  
**UNDERWOOD PUBLIC SCHOOL DISTRICT NO. 8**  
**STATE AID REFUNDING CERTIFICATES OF INDEBTEDNESS, SERIES 2019**

We have acted as Bond Counsel in connection with the issuance by the Underwood Public School District No. 8, Mercer and McLean Counties, North Dakota (the "**Issuer**"), of \$ \_\_\_\_\_ State Aid Refunding Certificates of Indebtedness, Series 2019 dated December \_\_, 2019 (the "**Certificates**"), issued pursuant to North Dakota Century Code, Chapter 21-02 and the Resolution Authorizing Issuance adopted by the Issuer on November 19, 2019 (the "**Resolution**").

In such capacity, we have examined the law and such certified proceedings and other documents as we have deemed necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof and under existing law, as follows:

1. The Issuer validly exists as a body corporate and politic and public instrumentality of the State of North Dakota with the power to adopt the Resolution, to perform the agreements on its part contained therein and issue the Certificates.
2. The Resolution has been duly adopted by the Issuer and constitutes a valid and binding obligation of the Issuer enforceable against the Issuer. The Resolution creates a valid lien on the State Appropriations to be received from the State of North Dakota (the "State Appropriations") by the Issuer for the payment of the Certificates.

3. The Certificates have been duly authorized, executed and delivered by the Issuer and are valid and binding limited obligations of the Issuer, payable solely from the State Appropriations pledged under the Resolution.
4. Interest on the Certificates is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The opinion set forth in the preceding sentence is subject to the condition that the Issuer complies with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Certificates in order that interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Certificates to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Certificates. We express no opinion regarding other federal tax consequences arising with respect to the Certificates.
5. The interest on the Certificates is excludable from gross income for State of North Dakota income tax purposes.

The rights of the owners of the Certificates and the enforceability of the Certificates and the Resolution are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

We have not been engaged or undertaken to review the accuracy, completeness, or sufficiency of the official statement or other offering material relating to the Certificates (except to the extent, if any, stated in the official statement) and we express no opinion relating thereto (excepting only the matters set forth as our opinion in the official statement).

This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in laws that may hereafter occur.

Sincerely,

**ARNTSON STEWART WEGNER PC**

## OFFICIAL NOTICE OF SALE

### **\$815,000<sup>(1)</sup> STATE AID REFUNDING CERTIFICATES OF INDEBTEDNESS, SERIES 2019 UNDERWOOD PUBLIC SCHOOL DISTRICT NO. 8, NORTH DAKOTA**

#### TIME AND PLACE

Electronic and sealed bids for the purchase of \$815,000<sup>(1)</sup> State Aid Refunding Certificates of Indebtedness, Series 2019 (the "Certificates") will be received by Underwood Public School District No. 8, North Dakota (the "District") on Tuesday, November 19, 2019, until 12:00 P.M. Central Time in the Minneapolis office of PFM Financial Advisors LLC, 50 South Sixth Street, Suite 2250, Minneapolis, Minnesota 55402. Considerations of the award of the Certificates will be by the School Board at a meeting on Tuesday, November 19, 2019. The bid offering to purchase the Certificates upon the terms specified herein and most favorable to the District will be accepted unless all bids are rejected. No bid may be altered or withdrawn after the time appointed for opening bids.

#### SECURITY AND PURPOSE

The Certificates are limited obligations of the District, payable from the State Appropriations to be received from the North Dakota Department of Public Instruction. The proceeds of the Certificates will be used to (i) refund the District's equipment lease dated as of July 29, 2011 and (ii) pay the costs associated with the issuance of the Certificates.

#### CREDIT ENHANCEMENT

The District will participate in the North Dakota School District Credit Enhancement Program.

#### FORM OF BIDS

Bids must be submitted on or in substantial compliance with the Official Bid Form provided by the District or through Parity® (the "Electronic Bid System"). The District shall not be responsible for any malfunction or mistake made by any person, or as a result of the use of the electronic bidding, facsimile facilities or the means used to deliver or complete a bid. The use of such facilities or means is at the sole risk of the prospective bidder who shall be bound by the terms of the bid as received.

No bid will be received after 12:00 P.M. Central Time on Tuesday, November 19, 2019, as specified in the Notice of Sale. The time as maintained by the Electronic Bid System shall constitute the official time with respect to all bids submitted. A bid may be withdrawn before the bid deadline using the same method used to submit the bid. If more than one bid is received from a bidder, the last bid received shall be considered.

Sealed Bidding: Sealed bids may be submitted and will be received at the office of PFM Financial Advisors LLC, 50 South Sixth Street, Suite 2250, Minneapolis, Minnesota 55402.

Electronic Bidding: The District assumes no responsibility or liability for proposals submitted electronically. Notice is hereby given that electronic proposals will be received via Parity, in the manner described below, until 12:00 P.M. Central Time on Tuesday, November 19, 2019, but no bid will be received after that time. If any provisions in this Request for Proposals conflicts with information provided by an electronic bidding service, these terms of Bond Sale shall control. For further information about Parity, potential bidders may contact PFM Financial Advisors LLC, the District's Municipal Advisor, or BiDCOMP/Parity, Customer Support, 1359 Broadway, Second Floor, New York, New York 10010, (212) 849-5021.

Each bidder shall be solely responsible for making necessary arrangements to access the Electronic Bid System for purposes of submitting its electronic bid in a timely manner and in compliance with the requirements of the Terms of

Offering. The District is permitting bidders to use the services of the Electronic Bid System solely as a communication mechanism to conduct the electronic bidding and the Electronic Bid System is not an agent of the District. Provisions of the Notice of Sale, Terms of Offering or Official Bid Form shall control in the event of conflict with information provided by the Electronic Bid System.

Electronic Facsimile Bidding: Bids may be submitted via facsimile at the office of Public Financial Management, Minneapolis, Minnesota, fax number: 612-338-7264. Electronic facsimile bids will be sealed and treated as sealed bids. Neither the District nor its agents will assume liability for the inability of the bidder to reach the above named fax number prior to the time of sale specified above. The time of receipt by the District must be prior to 12:00 P.M. Central Time on Tuesday, November 19, 2019 as maintained by the Electronic Bid System as described above.

### **BOND TERMS**

The Certificates are dated December 11, 2019 as the date of original issuance and are in global book-entry form, and individual purchases may be made in denominations of \$5,000 and integral multiples thereof of a single maturity. Principal is payable annually on August 1 in the following years and amounts:

<u>Year</u>	<u>Principal<sup>(1)</sup></u>
2020	\$ 115,000
2021	110,000
2022	110,000
2023	115,000
2024	120,000
2025	120,000
2026	125,000

<sup>(1)</sup> Preliminary, subject to change.

### **INTEREST**

Interest on the Certificates shall be payable semiannually on February 1 and August 1 of each year, commencing February 1, 2020. Interest will be computed on a 360-day year, 30-day month basis, and paid to the owners of record as of the close of business on the fifteenth day of the immediately preceding month. Payments coming due on a non-business day will be paid on the next business day.

### **ADJUSTMENT TO PRINCIPAL AFTER DETERMINATION OF BEST BID**

The District reserves the right after the bids are opened and prior to award of the Certificates, to change the aggregate par amount and the maturity amounts of the Certificates in multiples of \$5,000. Such adjustments shall be in the sole discretion of the District or its designee, provided that the District or its designee shall only make such adjustments in order to establish a debt service structure that is acceptable to the District. In the event the par amount or the maturity amounts of the Certificates are adjusted, the purchase price will be adjusted to ensure that the percentage net compensation (i.e., the percentage resulting from dividing (i) the aggregate difference between the offering price of the Certificates to the public and the price to be paid to the District (excluding accrued interest) by (ii) the principal amount of the Certificates) remains constant.

### **REDEMPTION PROVISIONS**

The Certificates are not subject to optional redemption.

## **TERM BOND OPTION**

Proposals for the Certificates may contain a maturity schedule providing for any combination of serial bonds and term bonds subject to mandatory redemption so long as the amount of principal maturing or subject to mandatory redemption in each year conforms to the maturity schedule set forth above.

## **TYPE OF PROPOSAL AND AWARD**

Bids for not less than **\$810,925 (99.5% of Par)** plus accrued interest from the date of the Certificates to the date of delivery must be received by the District prior to the time specified above. Each bid must specify the interest rates on the Certificates in multiples of 1/20 or 1/8 of one percent, in non-descending order, one rate per maturity. Interest will be computed on a 360-day-year, 30-day month basis.

The bid which results in the lowest true interest cost ("TIC") will be deemed the most favorable. The true interest cost is computed as the discount rate which, when used with semiannual compounding to determine the present worth of the principal and interest payments (taking into account the anticipated credit payments from the Internal Revenue Service) as of the date of the Certificates, produces an amount equal to the purchase price. If two or more bids provide the same lowest interest rate, the District shall determine which bid shall be accepted, and such determination shall be final.

Upon award of the Certificates, the successful bidder will advise the District of the initial reoffering price to the public or beneficial ownership interests in each maturity of the Certificates. Simultaneously with or before delivery of the Certificates, the successful bidder shall furnish to the District a certificate in form and substance acceptable to bond counsel (a) confirming the initial reoffering prices, (b) certifying that a bona fide initial reoffering of the Certificates has been made to the public (excluding bond houses, brokers, and other intermediaries), and (c) stating the price at which a substantial portion of the Certificates were sold to the public (excluding bond houses, brokers and other intermediaries).

The District reserves the right to reject any and all bids, to waive any informality in any bid and to adjourn the sale.

## **GOOD FAITH DEPOSIT**

A Good Faith Deposit ("Deposit") in the form of a certified or cashier's check payable to the District, or a wire transfer immediately following the award of the Certificates, in the amount of \$10,000, is required by the successful bidder (the "Purchaser"). The Deposit should be received or wire-transferred not later than 3:30 P.M. Central Time on the next business day following the award. If such Deposit is not received by that time, the District may rescind its award from the winning bidder and award the sale of the Certificates to the next best bidder.

## **BOND INSURANCE AT PURCHASER'S OPTION**

If the Certificates qualify for issuance of any policy of municipal bond insurance or commitment therefor at the option of the bidder, the purchase of any such policy or the issuance of any such commitment shall be at the sole option and expense of the Purchaser of the Certificates. Any increased costs of issuance of the Certificates resulting from such purchase of insurance shall be paid by the Purchaser, except that, if the District has requested and received a rating on the Certificates from a rating agency, the District will pay that rating fee. Any other rating agency fees shall be the responsibility of the Purchaser.

Failure of the municipal bond insurer to issue the policy after Certificates have been awarded to the Purchaser shall not constitute cause for failure or refusal by the Purchaser to accept delivery on the Certificates.

## **RATING**

The District has requested a credit rating for the Certificates from Moody's Investors Service ("Moody's"). A rating is subject to withdrawal at any time; withdrawal of a rating may have an adverse effect on the marketability of the Certificates. For an explanation of the significance of the rating, an investor should communicate with the rating agency.

## **LEGAL OPINION**

An opinion as to the validity of the Certificates will be furnished by Arntson Stewart Wegner PC, Bismarck, North Dakota, Bond Counsel. The legal opinion, in substantially the form included as Appendix B in the Official Statement, will accompany the Certificates and will state that the Certificates are valid and binding general obligations of the District enforceable in accordance with their terms, except to the extent to which enforceability may be limited by principles of equity and by state or United States laws relating to bankruptcy, reorganization, moratorium or creditors' rights generally.

## **DELIVERY**

The Certificates will be delivered without cost to the Purchaser at a location mutually agreed upon by the Purchaser and the District. Delivery will be subject to the approving legal opinion of Arntson Stewart Wegner PC., Bismarck, North Dakota, Bond Counsel, and customary closing certificates, including a certificate that the Official Statement did not at the date of delivery of the Certificates contain any untrue statement of a material fact or fail to state a material fact necessary in order to make the statements contained therein not misleading, a certificate as to absence of material litigation, and an arbitrage certificate. Certificates will be delivered against payment in immediately available funds at the District's designated depository on the date of delivery. Delivery is expected to occur on or about December 11, 2019.

## **BOOK-ENTRY FORMAT**

The Certificates will be registered in the name of Cede & Co., as nominee for The Depository Trust Company (DTC), New York, New York. DTC will act as securities depository for the Certificates, and will be responsible for maintaining a book-entry system for recording the interests of its participants and the transfers of interests between its participants. The participants will be responsible for maintaining records regarding the beneficial interests of the individual purchasers of the Certificates. So long as Cede & Co. is the registered owner of the Certificates, all payments of principal and interest will be made to the depository which, in turn, will be obligated to remit such Payments to its participants for subsequent disbursement to the beneficial owners of the Certificates.

## **CUSIP NUMBERS**

The Purchaser will assume no obligation for assignment or printing of CUSIP numbers on the Certificates or for the correctness of such numbers printed thereon, but will permit such printing to be done at the expense of the Purchaser, if the Purchaser waives any extension of the time of deliver cause thereby. PFM Financial Advisors LLC, the District's municipal advisor, will request the assignment of CUSIP numbers prior to the sale of the Certificates.

## **ESTABLISHMENT OF ISSUE PRICE**

The winning bidder shall assist the District in establishing the issue price of the Certificates and shall execute and deliver to the District at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Certificates, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the District and Bond Counsel. All actions to be taken by the District under this Notice of Sale to establish the issue price of the Certificates may be taken on behalf of the District by the District's Municipal Advisor and any notice or report to be provided to the District may be provided to the District's Municipal Advisor.

The District intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining “competitive sale” for purposes of establishing the issue price of the Certificates) will apply to the initial sale of the Certificates (the “competitive sale requirements”) because:

- 1) the District shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- 2) all bidders shall have an equal opportunity to bid;
- 3) the District may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- 4) the District anticipates awarding the sale of the Certificates to the bidder who submits a firm offer to purchase the Certificates at the highest price (or lowest cost), as set forth in this Notice of Sale

**Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Certificates, as specified in the bid.**

In the event that the competitive sale requirements are not satisfied, the District shall promptly so advise the winning bidder. The District may then determine to treat the initial offering price to the public as of the award date of the Certificates as the issue price of each maturity by imposing on the winning bidder the Hold-the-Offering-Price Rule as described in the following paragraph (the “Hold-the-Offering-Price Rule”). Bids will not be subject to cancellation in the event that the District determines to apply the Hold-the-Offering-Price Rule to the Certificates. **Bidders should prepare their bids on the assumption that the Certificates will be subject to the Hold-the-Offering-Price Rule in order to establish the issue price of the Certificates.**

By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Certificates to the public on or before the date of award at the offering price or prices (the “Initial Offering Price”), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Certificates, that the underwriters will neither offer nor sell unsold Certificates of any maturity to which the Hold-the-Offering-Price Rule shall apply to any person at a price that is higher than the Initial Offering Price to the public during the period starting on the award date for the Certificates and ending on the earlier of the following:

- 1) the close of the fifth (5<sup>th</sup>) business day after the award date; or
- 2) the date on which the underwriters have sold at least 10% of a maturity of the Certificates to the public at a price that is no higher than the Initial Offering Price to the public (the “10% Test”), at which time only that particular maturity will no longer be subject to the Hold-the-Offering-Price Rule.

The District acknowledges that, in making the representation set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the Hold-the-Offering-Price Rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Certificates to the public, the agreement of each dealer who is a member of the selling group to comply with the Hold-the-Offering-Price Rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Certificates to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the Hold-the-Offering-Price Rule, as set forth in the retail distribution agreement and the related pricing wires. The District further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the Hold-the-Offering-Price Rule and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement to comply with its corresponding agreement regarding the Hold-the-Offering-Price Rule as applicable to the Certificates.

By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to comply with the Hold-the-Offering-Price Rule, if applicable, in each case if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of

the Certificates to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Certificates to the public to require each broker-dealer that is a party to such retail distribution agreement to comply with the Hold-the-Offering-Price Rule, if applicable, in each case if and for so long as directed by the winning bidder or such underwriter and as set forth in – 7 – the related pricing wires.

*Notes: Sales of any Certificates to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:*

- 1) “public” means any person other than an underwriter or a related party,
- 2) “underwriter” means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Certificates to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Certificates to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Certificates to the public).
- 3) a purchaser of any of the Certificates is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation or another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership or another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- 4) “sale date” means the date that Certificates are awarded by the District to the winning bidder.

#### **OFFICIAL STATEMENT**

The District has prepared an Official Statement dated November 11, 2019 which the District deems to be a preliminary or “near-final” Official Statement as that term is defined in Rule 15c2-12 of the Securities and Exchange Commission (the “Rule”). The Official Statement is available to prospective proposers and to others who request copies from the District or its Municipal Advisor, PFM Financial Advisors LLC

Not later than seven business days following the award of the Certificates, the District shall provide copies of the Final Official Statement, as that term is used in the Rule, to the Purchaser of the Certificates. The Final Official Statement will be the Official Statement dated November 11, 2019 which includes the maturity date and amount, interest rate and reoffering yield or price, and any other information required by law.

The Purchaser will be supplied with Final Official Statements in a quantity sufficient to meet their request. Up to 25 copies of the Final Official Statement will be furnished without cost.
