

PRELIMINARY OFFICIAL STATEMENT DATED FEBRUARY 13, 2020

THIS COVER PAGE CONTAINS CERTAIN INFORMATION FOR QUICK REFERENCE ONLY. IT IS NOT A SUMMARY OF THIS ISSUE. INVESTORS MUST READ THE ENTIRE OFFICIAL STATEMENT TO OBTAIN INFORMATION ESSENTIAL TO THE MAKING OF AN INFORMED INVESTMENT DECISION.

**NEW ISSUE
BOOK ENTRY ONLY
BANK QUALIFIED**

**S&P RATING: AA-
See "Rating" herein.**

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under existing law and assuming continued compliance with certain requirements of the Internal Revenue Code of 1986, as amended, the interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excluded from gross income for federal and Missouri income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The Bonds are "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. See "TAX MATTERS" herein.

OFFICIAL STATEMENT

\$2,625,000*
CITY OF BELTON, MISSOURI
SEWERAGE SYSTEM REFUNDING REVENUE BONDS
SERIES 2020

Dated: Date of Delivery

**Due: January 1, as shown
on inside front cover**

The Bonds are deliverable only as fully registered bonds, without coupons. Purchases of the Bonds will be made in book-entry form, in authorized denominations. Principal of and interest on the Bonds will be payable at maturity or upon earlier redemption at the payment office of UMB Bank, N.A., Kansas City, Missouri, as paying agent (the "Paying Agent"). The Bonds will be delivered in the denomination of \$5,000 or any integral multiple thereof. Principal will be payable each January 1, beginning January 1, 2021, and semiannual interest will be payable each January 1 and July 1, beginning July 1, 2020. Principal will be payable upon presentation and surrender of the Bonds by the registered owners thereof at the payment office of the Paying Agent. Interest will be payable by check or draft mailed (or by electronic transfer in certain circumstances as described herein) by the Paying Agent to the person in whose name each Bond is registered on the fifteenth day of the month next preceding each interest payment date.

The Bonds are special obligations of the City, payable solely from the net income and revenues derived by the City from the operation of its sewerage system after payment of costs of operation and maintenance. The Bonds do not constitute a general obligation of the City and do not constitute an indebtedness of the City within the meaning of any constitutional or statutory provision, limitation or restriction, and the taxing power of the City is not pledged to the payment of the Bonds or the interest thereon.

The Bonds are subject to redemption and payment prior to maturity as described herein.

The Bonds will be offered when, as and if delivered and approved by the Underwriter, subject to prior sale, modification or withdrawal of the offer without sale, and subject to the approval of validity and certain other matters by Gilmore & Bell, P.C., Kansas City, Missouri, Bond Counsel, and certain other conditions. Certain legal matters related to the Official Statement will be passed upon by Gilmore & Bell, P.C., Kansas City, Missouri. It is expected that the Bonds will be available for delivery on or about March __, 2020.

Bids for the Bonds will only be received electronically through PARITY electronic bid submission system until 10:00 A.M., Central Time, on Tuesday, February 25, 2020.

The date of this Official Statement is February __, 2020.

* Preliminary, subject to change.

REGARDING USE OF THIS OFFICIAL STATEMENT

No dealer, broker, salesperson or other person has been authorized by the City or the Underwriter to give any information or to make any representations with respect to the Bonds other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. The information set forth herein has been furnished by the City and other sources believed to be reliable, but such information is not guaranteed as to accuracy or completeness, and is not to be construed as a representation, by the Underwriter. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City or others since the date hereof.

The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of that information.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY OVERALLOT OR EFFECT TRANSACTIONS THAT STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THE BONDS HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER ANY STATE SECURITIES OR "BLUE SKY" LAWS. THE BONDS ARE OFFERED PURSUANT TO AN EXEMPTION FROM REGISTRATION WITH THE SECURITIES AND EXCHANGE COMMISSION.

CAUTIONARY STATEMENTS REGARDING FORWARD LOOKING STATEMENTS IN THIS OFFICIAL STATEMENT

Certain statements included or incorporated by reference in this Official Statement constitute "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as "plan," "expect," "estimate," "anticipate," "projected," "budget" or other similar words.

THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. NEITHER THE CITY NOR ANY OTHER PARTY PLANS TO ISSUE ANY UPDATES OR REVISIONS TO THOSE FORWARD-LOOKING STATEMENTS IF OR WHEN THEIR EXPECTATIONS, OR EVENTS, CONDITIONS OR CIRCUMSTANCES UPON WHICH SUCH STATEMENTS ARE BASED OCCUR.

\$2,625,000*

CITY OF BELTON, MISSOURI SEWERAGE SYSTEM REFUNDING REVENUE BONDS SERIES 2020

INTRODUCTION

This introduction is only a brief description and summary of certain information contained in this Official Statement and is qualified in its entirety by reference to the more complete and detailed information contained in the entire Official Statement, including the cover page and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement.

Purpose of the Official Statement

The purpose of this Official Statement is to furnish information relating to the (1) City of Belton, Missouri (the “City”) and (2) the City’s Sewerage System Refunding Revenue Bonds, Series 2020 (the “Bonds”), to be issued in the principal amount of \$2,625,000,* to provide funds, together with other available funds of the City, to refund the City’s Taxable Sewerage System Revenue Bonds (Build America Bonds-Direct Pay), Series 2010B (the “Refunded Bonds”) and to pay costs related to the issuance of the Bonds. The Bonds are being issued pursuant to an ordinance (the “Bond Ordinance”) adopted by the governing body of the City.

The City

The City is a constitutional charter city and political subdivision organized and existing under the laws of the State of Missouri. The City now owns and operates a revenue producing sewerage system serving the City and its inhabitants (the “System”). The City encompasses approximately 16 square miles and is located in the northwestern portion of Cass County, Missouri, approximately 20 miles south of downtown Kansas City, Missouri. The City has a current estimated population of 23,299 according to the most current census information. Additional information about the City is included in “**APPENDIX A - THE CITY.**”

Security and Source of Payment

The Bonds will be special limited obligations of the City payable solely from the net income and revenues derived by the City from the operation of its System, after payment of costs of operation and maintenance. The City has the right under the Bond Ordinance to issue additional bonds on parity with the Bonds, payable from the same sources and secured by the same revenues as the Bonds, but only in accordance with and subject to the terms and conditions set forth in the Bond Ordinance. The taxing power of the City is not pledged to the payment of the Bonds or the interest thereon. See the caption “**SECURITY AND SOURCES OF PAYMENT FOR THE BONDS**” herein.

Financial Statements

The City maintains its financial records on the basis of a fiscal year ending March 31. Set forth in *Appendix B* are excerpts of the City’s audited financial statements for the fiscal year ended March 31, 2019.

* Preliminary, subject to change.

SUMMARY OF HISTORICAL DEBT SERVICE COVERAGE

The following table sets forth for the fiscal years ended March 31, 2019, 2018 and 2017, the System revenues reflected in the financial statements of the City available to pay its debt service and the extent to which such revenues covered debt service requirements on revenue bonds and other long-term indebtedness of the City related to the System (reflected in the financial statements of the City) outstanding during such fiscal years. This summary should be read in conjunction with the financial statements of the City included in *Appendix B* to this Official Statement. Reference is hereby made to such financial statements, including the notes thereto. There can be no assurance that the City will generate the revenues set forth below in subsequent fiscal years.

Fiscal Year Ended March 31

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Revenues (operating revenues plus interest and rental income)	\$7,163,834	\$7,187,937	\$6,902,486
Less expenses	<u>5,465,553</u>	<u>4,762,119</u>	<u>4,543,889</u>
Net Income (Loss)	1,698,281	2,425,818	2,358,597
Plus depreciation and amortization	<u>1,233,654</u>	<u>1,036,389</u>	<u>1,039,121</u>
Income available for debt service	\$2,931,935	\$3,462,207	\$3,397,718
Debt Service for Revenue Bonds	\$1,025,189	\$1,063,010	\$355,714
Coverage Ratio for Revenue Bonds	2.86x	3.26x	9.55x

Summary of the Bond Ordinance

A summary of the Bond Ordinance, including definitions of certain words and terms used herein and in the Bond Ordinance, is included in *Appendix C* to this Official Statement. Such summary and definitions do not purport to be comprehensive or definitive. All references herein to the Bond Ordinance are qualified in their entirety by reference to the Bond Ordinance. Copies of the Bond Ordinance and the Official Statement may be viewed at the office of Piper Sandler & Co., 11635 Rosewood Street, Leawood, Kansas 66211, (913) 345-3300, or will be provided to any prospective purchaser requesting the same, upon payment by such prospective purchaser of the cost of complying with such request.

PLAN OF FINANCING

Authorization and Purpose of the Bonds

The Bonds are being issued pursuant to and in full compliance with the Constitution and statutes of the State of Missouri, including particularly Article VI, Section 28 of the Missouri Constitution and Chapters 250 and 108 of the Revised Statutes of Missouri, as amended (the "Act") and an ordinance adopted by the governing body of the City on February __, 2020 (the "Bond Ordinance"). The Bonds are being issued for the purpose of providing funds, together with other available funds of the City, to refund the Refunded Bonds and to pay costs related to the issuance of the Bonds.

Refunding of Refunded Bonds

The Bonds are being issued to current refund the outstanding Refunded Bonds. The City will transfer \$_____ of the proceeds of the Bonds, together with other available funds of the City, to UMB Bank, N.A. (the "Escrow Agent"), for deposit in an Escrow Fund established under an escrow letter of instructions (the "Escrow Agreement"), between the City and the Escrow Agent. Such moneys deposited with the Escrow Agent will be used to pay the principal of and interest on the Refunded Bonds as the same shall become due and payable on their redemption date at a redemption price equal to 100% of the principal amount thereof.

After the issuance of the Bonds and the deposit of the proceeds thereof and other moneys with the Escrow Agent pursuant to the Escrow Agreement, the Refunded Bonds shall be payable from the moneys held for such purpose by the Escrow Agent. Under the Escrow Agreement, the moneys held by the Escrow Agent are irrevocably pledged to the payment of the Refunded Bonds and the interest thereon and may be applied only to such payment.

Sources and Uses of Funds

The following table summarizes the estimated sources of funds, including the proceeds from the sale of the Bonds, and the expected uses of such funds, in connection with the plan of financing:

<i>Sources of Funds:</i>	
Proceeds of the Bonds.....	\$2,625,000.00*
Debt Service Reserve Fund for Refunded Bonds.....	
Reoffering Premium.....	
Total.....	\$
<i>Uses of Funds:</i>	
Deposit to Escrow Fund.....	
Costs of Issuance including underwriter’s discount.....	
Total.....	\$

THE BONDS

The following is a summary of certain terms and provisions of the Bonds. Reference is hereby made to the Bonds and the provisions with respect thereto in the Bond Ordinance for the detailed terms and provisions thereof.

General Description

The Bonds will be issued in the principal amount stated on the cover page of this Official Statement, will be dated the date of delivery, and will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The Bonds will mature, subject to redemption as described below, on January 1 in the years and in the principal amounts set forth on the inside front cover of this Official Statement. Interest on the Bonds will be payable semiannually on January 1 and July 1 in each year, beginning on July 1, 2020. Principal will be payable upon presentation and surrender of the Bonds by the Registered Owners thereof at UMB Bank, N.A. in Kansas City, Missouri, Paying Agent. Interest shall be paid to the Registered Owners of the Bonds as shown on the Bond Register at the close of business on the Record Date for such interest (a) by check or draft mailed by the Paying Agent to the address of such Registered Owners shown on the Bond Register or at such other address as is furnished to the Paying Agent in writing by any Registered Owner or (b) in the case of an interest payment to any Registered Owner of \$500,000 or more in aggregate principal amount of Bonds, by electronic transfer to such Registered Owner upon written notice given to the Paying Agent by such Registered Owner, not less than 5 days prior to the Record Date for such interest, containing the transfer address (which shall be in the continental United States), account name and account number to which such Registered Owner wishes to have such transfer directed.

Redemption Provisions*

Optional Redemption. At the option of the City, Bonds maturing on January 1, 2028 and thereafter may be called for redemption and payment prior to maturity on January 1, 2027 and thereafter, in whole or in part at any time at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date.

* Preliminary, subject to change.

Selection of Bonds to be Redeemed. Bonds shall be redeemed only in the principal amount of \$5,000 or any integral multiple thereof. When less than all of the Outstanding Bonds are to be redeemed, such Bonds shall be redeemed from the Stated Maturities selected by the City, and Bonds of less than a full Stated Maturity shall be selected by the Paying Agent in \$5,000 units of principal amount in such equitable manner as the Paying Agent may determine.

Notice and Effect of Call for Redemption. In the event of any such redemption, the Paying Agent will give written notice of the City's intention to redeem and pay said Bonds by first-class mail to the original purchaser of the Bonds, and to the Registered Owner of each Bond, said notice to be mailed not less than 20 days prior to the redemption date. Notice of redemption having been given as aforesaid, the Bonds or portions of Bonds to be redeemed shall become due and payable on the redemption date, at the redemption price therein specified, and from and after the redemption date (unless the City defaults in the payment of the redemption price) such Bonds or portion of Bonds shall cease to bear interest.

So long as DTC is effecting book-entry transfers of the Bonds, the Paying Agent shall provide the notices specified above to DTC. It is expected that DTC will, in turn, notify the DTC Participants and that the DTC Participants, in turn, will notify or cause to be notified the Beneficial Owners. Any failure on the part of DTC or a DTC Participant, or failure on the part of a nominee of a Beneficial Owner of a Bond (having been mailed notice from the Paying Agent, a DTC Participant or otherwise) to notify the Beneficial Owner of the Bond so affected, shall not affect the validity of the redemption of such Bond.

Registration, Transfer and Exchange of Bonds

Each Bond when issued shall be registered by the Paying Agent in the name of the owner thereof on the Bond Register. Bonds are transferable only upon the Bond Register upon presentation and surrender of the Bonds, together with instructions for transfer. Bonds may be exchanged for Bonds in the same series, aggregate principal amount and maturity upon presentation to the payment office of the Paying Agent, subject to the terms, conditions and limitations set forth in the Bond Ordinance and upon payment of any tax, fee or other governmental charge required to be paid with respect to any such registration, transfer or exchange.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bonds, nor any error in the printing of such numbers shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and payment for any Bonds.

BOOK ENTRY ONLY SYSTEM

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC").

DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the City or Paying Agent, on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC (nor its nominee), the Paying Agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal

or redemption price of and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

Transfer Outside Book-Entry Only System

If the Book-Entry Only System is discontinued the following provisions would apply. The Bonds are transferable only upon the Register upon presentation and surrender of the Bonds, together with instructions for transfer. Bonds may be exchanged for other Bonds of any denomination authorized by the Ordinance in the same aggregate principal amount, series, payment date and interest rate, upon presentation to the Paying Agent, subject to the terms, conditions and limitations and upon payment of any tax, fee or other governmental charge required to be paid with respect to any such registration, exchange or transfer.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Special Limited Obligations

The Bonds are special obligations of the City, payable solely from, and secured as to the payment of principal and interest by a pledge of, the net income and revenues derived by the City from the operation of the System, after payment of expenses of operation and maintenance of the System.

The Bonds will not be or constitute a general obligation of the City, nor will they constitute an indebtedness of the City within the meaning of any constitutional, statutory or charter provision, limitation or restriction, and the taxing power of the City is not pledged to the payment of the Bonds either as to principal or interest.

System-Related Lease Obligations

The City has not entered into annual appropriation lease obligations to acquire equipment and improvements for the System.

The Bond Ordinance

Pledge of Revenues. The Bonds shall be special obligations of the City payable solely from, and secured as to the payment of principal and interest by a pledge of, the net income and revenues derived from the operation of the System, after providing for the costs of operation and maintenance thereof, and the City hereby pledges said net income and revenues to the payment of the principal of and interest on the Bonds. The covenants and agreements of the City shall be for the equal benefit, protection and security of the legal owners of any or all of the Bonds, all of which Bonds shall be of equal rank and without preference or priority of one Bond over any other Bond in the application of the funds herein pledged to the payment of the principal of and the interest on the Bonds, or otherwise, except as to rate of interest, date of maturity and right of prior redemption as provided in the Bond Ordinance. The Bonds shall stand on parity and be equally and ratably

secured with respect to the payment of principal and interest from the net income and revenues derived from the operation of the System and in all other respects with any Parity Bonds. The Bonds shall not have any priority with respect to the payment of principal or interest from said net income and revenues or otherwise over the Parity Bonds and the Parity Bonds shall not have any priority with respect to the payment of principal or interest from said net income and revenues or otherwise over the Bonds.

Parity Obligations. The City has the right under the Bond Ordinance to issue additional bonds on parity with the Bonds payable from the same sources and secured by the same revenues as the Bonds, but only in accordance with and subject to the terms and conditions set forth in the Bond Ordinance.

Rate Covenant. The City in accordance with and subject to applicable legal requirements will fix, establish, maintain and collect such rates and charges for the use and services furnished by or through the System as will produce revenues sufficient to (a) pay the costs of the operation and maintenance of the System; (b) pay the principal of and interest on the Bonds as and when the same become due at the Maturity thereof or any Interest Payment Date; (c) enable the City to have in each fiscal year Net Revenues Available for Debt Service not less than 110% of the amount required to be paid in such fiscal year on account of both principal of and interest on all System Revenue Bonds at the time outstanding; and (d) provide reasonable and adequate reserves for the payment of the Bonds and the interest thereon and for the protection and benefit of the System as provided in the Bond Ordinance.

See “**SUMMARY OF THE ORDINANCE**” in *Appendix C* hereto.

BONDOWNERS’ RISKS

The following is a discussion of certain risks that could affect payments to be made by the City with respect to the Bonds. Such discussion is not, and is not intended to be, exhaustive and should not be considered as a complete description of all risks that could affect such payments. Prospective purchasers of the Bonds should analyze carefully all the information contained in this Official Statement, including the Appendices hereto, and additional information in the form of the complete documents summarized herein and in the Appendices hereto, copies of which are available as described herein.

General

The Bonds are limited obligations of the City. No representation or assurance can be given that the City will realize revenues in amounts sufficient to make such payments with respect to the Bonds. The realization of future revenues is dependent upon, among other things, the capabilities of the management of the City, and future changes in economic and other conditions that are unpredictable and cannot be determined at this time. The risk factors discussed below should be considered in evaluating the ability of the City to make such payments. **This discussion of risk factors is not, and is not intended to be, comprehensive or exhaustive.**

No Reserve Fund or Credit Enhancement

No reserve fund or other credit enhancement has been established as security for the Bonds. In the event the City is unable to provide for the payment of the Bonds when due from the net income and revenues derived from the operation of the System, there is no other source for payment of the principal of and interest on the Bonds.

Factors Affecting the Business Operations of the City

One or more of the following factors or events, or the occurrence of other unanticipated factors or events, could adversely affect the City’s operations and financial performance to an extent that cannot be determined at this time:

1. *Changes in Management.* Changes in key management personnel could affect the capability of management of the City.

2. *Future Economic Conditions.* Increased unemployment or other adverse economic conditions or changes in demographics in the service area of the City; cost and availability of energy; an inability to control expenses in periods of inflation and difficulties in increasing charges.

3. *Environmental Regulation.* Sewer utilities are subject to continuing environmental regulation. Federal, state and local standards and procedures which regulate the environmental impact of utilities are subject to change. These changes may arise from continuing legislative and judicial action regarding such standards and procedures. Consequently, there is no assurance that facilities in operation will remain subject to the regulations currently in effect, will always be in compliance with further regulations or will always be able to obtain all required operating permits. An inability to comply with environmental standards could result in reduced operating levels or the complete shutdown of facilities not in compliance. Legislative, regulatory, administrative or enforcement action involving environmental controls could adversely affect the operation of the facilities of the City.

4. *Insurance Claims.* Increases in the cost of general liability insurance coverage and the amounts paid in settlement of liability claims not covered by insurance may affect the revenues of the City.

5. *Natural Disasters.* The occurrence of natural disasters, such as floods, droughts, tornadoes or earthquakes, could damage the facilities of the City, affect water supply, interrupt services or otherwise impair operations and the ability of the City to produce revenues.

6. *Miscellaneous Factors.* The utility industry in general has experienced, and may in the future experience, problems including (a) the effects of inflation upon the cost of operation of facilities, (b) uncertainties in predicting future demand requirements, (c) increased financing requirements coupled with the increased cost and uncertain availability of capital, and (d) compliance with rapidly changing environmental, safety, rate and licensing regulations and requirements.

7. *Competition from Other Service Providers.* Missouri law does not prohibit other providers of water and sewer services from operating within the boundaries of the City. For-profit providers of water and sewer services, however, are subject to regulation by the Missouri Public Service Commission (the "PSC") and are limited to operations within certificated service areas. Currently the boundaries of the City do not overlap with any other providers of water or sewer service. Although the City is not aware of any initiative by any other service provider to compete with the City, at some time in the future, such competition may exist. Increased competition within the City's boundaries could adversely affect the City's ability to impose rates or otherwise generate revenues at a level sufficient to meet its debt obligations.

Concentration Risk

The top five customers of the System generate over 8% of the rate revenues of the System. If any of the top five customers would close or terminate operations, then the City may be required to adjust its sewer rates to provide revenues sufficient to pay costs of operation and maintenance of the System and debt service on its debt obligations related to the System. The City has covenanted in the Bonds Ordinance to make those adjustments to its sewer rates.

Cybersecurity Risks

The City relies on its information systems to provide security for processing, transmission and storage of confidential and other credit information. It is possible that the City's security measures will not prevent improper or unauthorized access or disclosure of personally identifiable information resulting from cyber-attacks. Security breaches, including electronic break-ins, computer viruses, attacks by hackers and similar breaches can create disruptions or shutdowns of the City and the services it provides, or the unauthorized disclosure of confidential and other credit information. If personal or otherwise protected information is improperly accessed, tampered with or distributed, the City may incur significant costs to remediate possible

injury to the affected persons, and the City may be subject to sanctions and civil penalties if it is found to be in violation of federal or state laws or regulations. Any failure to maintain proper functionality and security of information systems could interrupt the City's operations, delay receipt of revenues, damage its reputation, subject it to liability claims or regulatory penalties and could have a material adverse effect on its operations, financial condition and results of operations.

Parity Obligations

The Bond Ordinance provides for the future delivery of additional Parity Bonds that, if delivered, would rank on a parity with the Bonds and any other Parity Bonds then Outstanding. Parity Bonds may be delivered for any purpose permitted under the Act without the consent of or notice to the Registered Owners of the Bonds upon compliance with the terms of the Bond Ordinance. Parity Bonds may be issued upon the following terms:

The City shall obtain any of the following:

(1) A certificate of an authorized official of the City to the effect that the Net Revenues derived by the City from the operation of the System as set forth in the most recent fiscal year preceding the issuance of additional bonds for which an audit is available, shall have been equal to at least 110% of the Average Annual Debt Service required to be paid out of said Net Revenues in succeeding fiscal years on account of both principal (at maturity or upon mandatory redemption) and net interest or interest-like payments becoming due with respect to all System Revenue Bonds of the City, including the additional bonds proposed to be issued. In determining the Net Revenues, the City may adjust said Net Revenues by adding thereto, in the event the City shall have made any increase in rates for the use and services of the System and such increase shall not have been in effect during all of the fiscal year immediately preceding the issuance of additional bonds, the amount of the additional Net Revenues which would have resulted from the operation of the System during said preceding fiscal year had such rate increase been in effect for the entire period; or

(2) A report of a Consultant to the effect that the estimated Net Revenues derived by the City from the operation of the System for the fiscal year immediately following the issuance of the additional bonds, or if improvements to the System are being financed by such additional bonds, the fiscal year immediately following the fiscal year in which the improvements to the System, the cost of which is being financed by such additional bonds, are to be in commercial operation, as certified by a Consultant, shall be equal to at least 110% of the Average Annual Debt Service required to be paid out of said Net Revenues in the succeeding fiscal year following such commercial operation on account of both principal (at maturity or upon mandatory redemption) and net interest or interest like payments becoming due with respect to all System Revenue Bonds of the City, including the additional bonds proposed to be issued. In determining the amount of estimated Net Revenues for the purpose of this subsection, a Consultant may adjust said estimated Net Revenues by adding thereto any estimated increase in Net Revenues resulting from any increase in rates for the use and services of the System which have been approved by the City; or

(3) The City shall have the right to refund any of the Bonds or any Parity Bonds under the provisions of any law then available in a manner which provides present value debt service savings, and the refunding bonds so issued shall enjoy complete equality of pledge with any of the Bonds or the Parity Bonds which are not refunded, if any, upon the revenues of the System.

Tax-Exempt Status of Bonds

The City has agreed to comply with certain legal requirements in order to maintain the tax-exempt status of the interest on the Bonds. Failure to comply with such requirements could result in interest with respect to the Bonds becoming subject to federal and State of Missouri income taxation retroactive to the date of issuance thereof. See “**TAX MATTERS**” herein. The Bonds are not subject to redemption and do not provide for the payment of any additional interest or penalty in the event that interest on the Bonds becomes includable in gross income for federal income tax purposes or becomes subject to Missouri income taxation. Under such circumstances, owners of the Bonds would continue to hold such securities, receiving principal and interest as and when due, but would be required to include such interest payments in gross income for federal and/or State of Missouri income tax purposes.

Risk of Audit

The Internal Revenue Service has established an ongoing program to audit tax-exempt obligations to determine the legitimacy of the tax status of such obligations. No assurance can be given that the Internal Revenue Service will not commence an audit of the Bonds. Owners of the Bonds are advised that, if an audit of the Bonds were commenced, in accordance with its current published procedures, the Internal Revenue Service is likely to treat the City as the taxpayer, and the Owners of the Bonds may not have a right to participate in such audit. Public awareness of any audit could adversely affect the market value and liquidity of the Bonds during the pendency of the audit, regardless of the ultimate outcome of the audit.

Enforcement of Remedies

The enforcement of the remedies under the Bond Ordinance may be limited or restricted by federal or state laws or by the application of judicial discretion and may be delayed in the event of litigation to enforce the remedies. State laws concerning the use of assets of political subdivisions and federal and state laws relating to bankruptcy, fraudulent conveyances, and rights of creditors may affect the enforcement of remedies. Similarly, the application of general principles of equity and the exercise of judicial discretion may preclude or delay the enforcement of certain remedies. The legal opinions to be delivered with the delivery of the Bonds will be qualified as they relate to the enforceability of the various legal instruments by reference to the limitations on enforceability of those instruments under (1) applicable bankruptcy, insolvency, reorganization or similar laws affecting the enforcement of creditors’ rights, (2) general principles of equity, and (3) the exercise of judicial discretion in appropriate cases.

Bankruptcy

In addition to the limitations on remedies contained in the Bond Ordinance, the rights and remedies provided by the Bonds may be limited by and are subject to (i) bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws affecting creditors’ rights, (ii) the application of equitable principles, and (iii) the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against political subdivisions in the State of Missouri. The City, like all other Missouri political subdivisions, is specifically authorized by Missouri law to institute proceedings under Chapter 9 of the Federal Bankruptcy Code. Such proceedings, if commenced, are likely to have an adverse effect on the market price of the Bonds.

Pensions and Other Postemployment Benefits

The City contributes to an agent multiple-employer defined-benefit pension plan on behalf of its employees. See “**THE CITY – GENERAL – Pension and Employee Retirement Plans**” in *Appendix A* of this Official Statement. See “**FINANCIAL INFORMATION CONCERNING THE CITY – Pension and Employee Retirement Plans**” in *Appendix A* of this Official Statement. Future required contribution increases beyond the current fiscal year may require the City to increase its revenues, reduce its expenditures, or some combination thereof, which may impact the City’s operations or limit the City’s ability to generate additional revenues in the future.

For more information specific to the City's participation, including the City's past contributions, net pension liability, and pension expense, see Note 5 to the City's financial statements included in *Appendix B* to this Official Statement.

The Hancock Amendment

An amendment to the Missouri Constitution limiting taxation and government spending was approved by Missouri voters on November 4, 1980. This amendment limits the ability of the City to impose new or increased taxes, licenses or fees without voter approval. The amendment (commonly known as the Hancock Amendment) limits the rate of increase and the total amount of taxes, licenses and fees which may be imposed in any Fiscal Year, and the limit may not be exceeded without voter approval. The precise meaning and application of the phrase "*tax, license or fee*" is unclear, but decisions of the Missouri Supreme Court have indicated that it does not apply to traditionally set user fees, but user fees set in an amount without regard to the amount of water and sewer services received could be considered a tax, license or fee subject to the voter approval requirement. Voter approved revenue bonds are considered the requisite voter approval of any rates necessary to pay the costs of operation of the System including any related debt service.

Amendment of the Bond Ordinance

Certain amendments to the Bond Ordinance may be made with the consent of the Registered Owners of not less than a majority in principal amount of the Bonds. Such amendments may adversely affect the security of the owners of the Bonds.

Loss of Premium from Prepayment

Any person who purchases a Bond at a price in excess of its principal amount or who holds such Bond trading at a price in excess of par should consider the fact that the Bonds are subject to redemption prior to maturity at the redemption prices described herein in the event such Bonds are redeemed prior to maturity. See the section herein captioned "**THE BONDS – Redemption Provisions.**"

Investment Ratings and Secondary Market

The rating agency has assigned the Bonds the rating set forth under "**RATING**" in this Official Statement. Such rating reflects only the view of such rating agency, and an explanation of the significance of such rating may be obtained therefrom. There is no assurance that the rating will remain in effect for any given period of time or that it will not be revised, either downward or upward, or withdrawn entirely, by said rating agency if, in its judgment, circumstances warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

The Underwriter will not be obligated to repurchase any of the Bonds, and no representation is made concerning the existence of any secondary market for the Bonds. No assurance is given that any secondary market will develop following the completion of the offering of the Bonds and no assurance is given that the initial offering price for the Bonds will continue for any period of time.

The lowering or withdrawal of the investment rating initially assigned to the Bonds could adversely affect the market price for and the marketability of the Bonds. Prices of municipal securities in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and changes in operating performance of the entities operating the facilities subject to the municipal securities. From time to time the secondary market trading in selected issues of municipal securities as a result of the financial condition or market position of the underwriter, prevailing market conditions, or a material adverse change in the operations of that entity, whether or not the subject securities are in default as to principal and interest payments, and other factors which may give rise to uncertainty concerning prudent secondary market practices. Municipal securities are generally viewed as long-term investments, subject to material unforeseen changes in the investor's circumstances, and may require commitment of the investor's funds for an indefinite period of time, perhaps until maturity.

Defeasance Risks

When all of the Bonds are deemed paid as provided in the Bond Ordinance, the requirements contained in the Bond Ordinance and all other rights granted to Bondowners thereby shall terminate. Bonds or the interest payments thereon shall be deemed to have been paid and discharged within the meaning of the Bond Ordinance if there has been deposited with the Paying Agent, or other commercial bank or trust company qualified to do business in the State of Missouri and having full trust powers, at or prior to the Stated Maturity or Redemption Date of said Bonds or the interest payments thereon, in trust for and irrevocably appropriated thereto, money and/or Defeasance Obligations which, together with the interest to be earned thereon, will be sufficient for the payment of the principal or Redemption Price of said Bonds, and/or interest to accrue on such Bonds to the Stated Maturity or Redemption Date, as the case may be, or if default in such payment shall have occurred on such date, then to the date of the tender of such payments; provided, however, that if any such Bonds shall be redeemed prior to the Stated Maturity thereof, (1) the City shall have elected to redeem such Bonds, and (2) either notice of such redemption shall have been given, or the City shall have given irrevocable instructions, or shall have provided for an escrow agent to give irrevocable instructions, to the Paying Agent to redeem such Bonds in compliance with the Bond Ordinance. Defeasance Obligations include, in addition to cash and obligations pre-refunded with cash, bonds, notes, certificates of indebtedness, treasury bills and other securities constituting direct obligations of, or obligations the principal of and interest on which are fully and unconditionally guaranteed as to full and timely payment by, the United States of America. Historically, such United States obligations have been rated in the highest rating category by the rating agencies. There is no legal requirement in the Bond Ordinance that Defeasance Obligations consisting of such United States obligations be or remain rated in the highest rating category by any rating agency. Prices of municipal securities in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and that could include the rating of Bonds defeased with Defeasance Obligations to the extent the Defeasance Obligations have a change or downgrade in rating.

BASIC DOCUMENTATION

On February __, 2020, the City adopted an ordinance authorizing the issuance of the Bonds for the purposes and subject to the terms and conditions described herein. A summary of the Bond Ordinance is contained in *Appendix C* to this Official Statement. Such summary of the Bond Ordinance does not purport to be complete and is qualified in its entirety by reference thereto.

LEGAL MATTERS

Legal Proceedings

As of the date hereof, there is no controversy, suit or other proceeding of any kind pending or threatened wherein or whereby any question is raised or may be raised, questioning, disputing or affecting in any way the legal organization of the City or its boundaries, or the right or title of any of its officers to their respective offices, or the legality of any official act in connection with the authorization, issuance and sale of the Bonds, or the constitutionality or validity of the Bonds or any of the proceedings had in relation to the authorization, issuance or sale thereof, or the imposition and collection of rates and charges to pay the principal and interest thereof, or which might affect the City's financial condition or its ability to meet its obligations to pay the Bonds.

Approval of Legality

All legal matters incident to the authorization and issuance of the Bonds are subject to the approval of Gilmore & Bell, P.C., Kansas City, Missouri, Bond Counsel.

TAX MATTERS

The following is a summary of the material federal and State of Missouri income tax consequences of holding and disposing of the Bonds. This summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not discuss all aspects of federal income taxation that may be relevant to investors in light of their personal investment circumstances or describe the tax consequences to certain types of owners subject to special treatment under the federal income tax laws (for example, dealers in securities or other persons who do not hold the Bonds as a capital asset, tax-exempt organizations, individual retirement accounts and other tax deferred accounts, and foreign taxpayers), and, except for the income tax laws of the State of Missouri, does not discuss the consequences to an owner under any state, local or foreign tax laws. The summary does not deal with the tax treatment of persons who purchase the Bonds in the secondary market. Prospective investors are advised to consult their own tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Bonds.

Opinion of Bond Counsel

In the opinion of Gilmore & Bell, P.C., Bond Counsel to the Issuer, under the law existing as of the issue date of the Bonds:

Federal and State of Missouri Tax Exemption. The interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of Missouri.

Alternative Minimum Tax. The interest on the Bonds is not an item of tax preference for purposes of computing the federal alternative minimum tax.

Bank Qualification. The Bonds have been designated as “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Code.

Bond Counsel’s opinions are provided as of the date of the original issue of the Bonds, subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. Bond Counsel is expressing no opinion regarding other federal, state or local tax consequences arising with respect to the Bonds, but has reviewed the discussion under the heading “**TAX MATTERS.**”

Other Tax Consequences

Original Issue Discount. For federal income tax purposes, original issue discount is the excess of the stated redemption price at maturity of a Bond over its issue price. The issue price of a Bond is generally the first price at which a substantial amount of the Bonds of that maturity have been sold to the public. Under Section 1288 of the Code, original issue discount on tax-exempt bonds accrues on a compound basis. The amount of original issue discount that accrues to an owner of a Bond during any accrual period generally equals (1) the issue price of that Bond, plus the amount of original issue discount accrued in all prior accrual periods, multiplied by (2) the yield to maturity on that Bond (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period), minus (3) any interest payable on that Bond during that accrual period. The amount of original issue discount accrued in a particular accrual period will be considered to be received ratably on each day of the accrual period, will be excludable from gross income for federal income tax purposes, and will increase the owner’s tax basis in that Bond. Prospective investors should consult their own tax advisors concerning the calculation and accrual of original issue discount.

Original Issue Premium. For federal income tax purposes, premium is the excess of the issue price of a Bond over its stated redemption price at maturity. The issue price of a Bond is generally the first price at which a substantial amount of the Bonds of that maturity have been sold to the public. Under Section 171 of the Code, premium on tax-exempt bonds amortizes over the term of the Bond using constant yield principles, based on the purchaser's yield to maturity. As premium is amortized, the owner's basis in the Bond and the amount of tax-exempt interest received will be reduced by the amount of amortizable premium properly allocable to the owner, which will result in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes on sale or disposition of the Bond prior to its maturity. Even though the owner's basis is reduced, no federal income tax deduction is allowed. Prospective investors should consult their own tax advisors concerning the calculation and accrual of bond premium.

Sale, Exchange or Retirement of Bonds. Upon the sale, exchange or retirement (including redemption) of a Bond, an owner of the Bond generally will recognize gain or loss in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale, exchange or retirement of the Bond (other than in respect of accrued and unpaid interest) and such owner's adjusted tax basis in the Bond. To the extent a Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Bond has been held for more than 12 months at the time of sale, exchange or retirement.

Reporting Requirements. In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on the Bonds, and to the proceeds paid on the sale of the Bonds, other than certain exempt recipients (such as corporations and foreign entities). A backup withholding tax will apply to such payments if the owner fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income. The amount of any backup withholding from a payment to an owner will be allowed as a credit against the owner's federal income tax liability.

Collateral Federal Income Tax Consequences. Prospective purchasers of the Bonds should be aware that ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, certain S corporations with "excess net passive income," foreign corporations subject to the branch profits tax, life insurance companies, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry or have paid or incurred certain expenses allocable to the Bonds. Bond Counsel expresses no opinion regarding these tax consequences. Purchasers of Bonds should consult their tax advisors as to the applicability of these tax consequences and other federal income tax consequences of the purchase, ownership and disposition of the Bonds, including the possible application of state, local, foreign and other tax laws.

CONTINUING DISCLOSURE

The City will enter into a Continuing Disclosure Certificate for the benefit of the owners and Beneficial Owners of the Bonds in order to comply with Rule 15c2-12 of the Securities and Exchange Commission (the "Rule"). The City is the only "obligated person" with responsibility for continuing disclosure. A copy of the Continuing Disclosure Certificate is attached hereto as **Appendix D**.

Pursuant to the Continuing Disclosure Certificate, the City will, or will cause a Dissemination Agent to, not later than **six months** after the end of the City's fiscal year, provide to the Municipal Securities Rulemaking Board (the "MSRB") the following financial information and operating data (the "Annual Report"):

- (1) The audited financial statements of the City for the prior fiscal year. If audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in this Official Statement, and the audited financial statements will be

filed in the same manner as the Annual Report promptly after they become available. The audited financial statements of the City are currently prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. If the City changes the format of its financial statements, (1) notice of such change shall be given in the same manner as for a Material Event, and (2) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

(2) Updates as of the end of the fiscal year of the financial information and operating data contained in *Appendix A* of this Official Statement under the following sections:

HISTORY AND OPERATION OF THE SYSTEM

User Charge Rates

Customers

Net Revenues Available for Debt Service

Pursuant to the Continuing Disclosure Certificate, the City also will file notice with the MSRB of the occurrence of any of the following events with respect to the Bonds, no later than 10 business days after the occurrence of such event ("Material Events"):

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions or events affecting the tax-exempt status of the Bonds;
- (7) modifications to rights of bondowners;
- (8) optional, contingent or unscheduled bond calls;
- (9) defeasances;
- (10) release, substitution or sale of property securing repayment of the Bonds; or
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the City;
- (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (14) appointment of a successor or additional trustee or the change of name of the trustee, if material;
- (15) incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

Notwithstanding any other provision of the Continuing Disclosure Certificate, the City may amend the Continuing Disclosure Certificate and any provision of the Continuing Disclosure Certificate may be waived, provided Bond Counsel or other counsel experienced in federal securities law matters provides the City with its opinion that the undertaking of the City, as so amended or after giving effect to such waiver, is in compliance with the Rule and all current amendments thereto and interpretations thereof that are applicable to the Continuing Disclosure Certificate.

In the event of a failure of the City to comply with any provision of the Continuing Disclosure Certificate, the Paying Agent, the Underwriter or any owner or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the City to comply with its obligations under the Continuing Disclosure Certificate. A default under the Continuing Disclosure Certificate will not be deemed an event of default under the Bond Ordinance or the Bonds, and the sole remedy under the Continuing Disclosure Certificate in the event of any failure of the City to comply with the Continuing Disclosure Certificate will be an action to compel performance.

The City has engaged in undertakings similar to the Continuing Disclosure Certificate with respect to certain prior obligations of the City, to provide to the national information repositories (presently, only the MSRB) the City's audited financial statements and certain operating data. Over the last five fiscal years (i.e., fiscal years ended March 31, 2015 through March 31, 2019), the City has substantially complied with its obligation to timely file its audited financial statements. For the fiscal years ended March 31, 2015 through March 31, 2019, the City substantially complied with its requirements to timely file its operating data. The City failed to file notices of underlying rating changes that occurred in August of 2014 until September 2017. In order to promote compliance with the City's obligations under the Continuing Disclosure Undertaking and the City's prior undertakings with respect to the content of Annual Reports, the City engaged the law firm of Gilmore & Bell, P.C. to provide filing reminders and to assist the City in determining the required content of the Annual Reports and in submitting such Annual Reports to the MSRB via EMMA.

Electronic Municipal Market Access System (EMMA)

All Annual Reports and notices of Material Events required to be filed by the City pursuant to the Continuing Disclosure Certificate must be submitted to the MSRB through the MSRB's Electronic Municipal Market Access system ("EMMA"). EMMA is an internet-based, online portal for free investor access to municipal bond information, including offering documents, material event notices, real-time municipal securities trade prices and MSRB education resources, available at www.emma.msrb.org. Nothing contained on EMMA relating to the City or the Bonds is incorporated by reference in this Official Statement.

MISCELLANEOUS

Bond Rating

Standard & Poor's Rating Services is expected to give the Bonds a rating of "AA-" which reflects its evaluation of the investment quality of the Bonds. Such rating reflects only the view of such rating agency, and an explanation of the significance of such rating may be obtained therefrom. There is no assurance that the rating will remain in effect for any given period of time or that it will not be revised, either downward or upward, or withdrawn entirely, by said rating agency if, in its judgment, circumstances warrant. Any such downward revisions or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

The City has furnished such rating agency with certain information and materials relating to the Bonds that have not been included in this Official Statement. Generally, rating agencies base their ratings on the information and materials so furnished and on investigations, studies and assumptions by the rating agencies. There is no assurance that a particular rating will be maintained for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing such rating, circumstances so warrant. The City and the Underwriter have not undertaken any responsibility to bring to the attention of the holders of the Bonds any proposed revision or withdrawal of a rating of the Bonds or to oppose any such proposed revision or withdrawal. Any such revision or withdrawal of such a rating could have an adverse effect on the market price and marketability of the Bonds.

Financial Statements

The City maintains its financial records on the basis of a fiscal year ending March 31. Set forth in *Appendix B* are excerpts of the City's audited financial statements for the fiscal year ended March 31, 2019.

Financial Advisor

Piper Sandler & Co. (the “Financial Advisor”) has acted as Financial Advisor to the City in connection with the sale of the Bonds. The Financial Advisor has assisted the City in matters relating to the planning, structuring and issuance of the Bonds and various other debt related matters. The Financial Advisor will not be a manager or a member of any purchasing group submitting a proposal for the purchase of the Bonds.

Underwriting

Based upon bids received by the City on February 25, 2020, the Bonds were awarded to _____, _____ (the “Underwriter”). The Bonds are being purchased for reoffering by the Underwriter. The Underwriter has agreed to purchase the Bonds from the City at a price equal to \$_____ (representing the par amount of the Bonds less an underwriters’ discount of \$_____ and plus a net original issue premium of \$_____). The Underwriter is purchasing the Bonds from the City for resale in the normal course of the Underwriter’s business activities. The Underwriter may sell certain of the Bonds at a price greater than such purchase price, as shown on the inside cover page hereof. The Underwriter reserves the right to offer any of the Bonds to one or more purchasers on such terms and conditions and at such price or prices as the Underwriter, in its discretion, shall determine. The Underwriter reserves the right to join with dealers and other purchasers in offering the Bonds to the public. The Underwriter may offer and sell Bonds to certain dealers (including dealers depositing Bonds into investment trusts) at prices lower than the public offering prices.

Certification and Other Matters Regarding Official Statement

Information set forth in this Official Statement has been furnished or reviewed by certain officials of the City, certified public accountants, and other sources, as referred to herein, which are believed to be reliable. Any statements made in this Official Statement involving matters of opinion, estimates or projections, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates or projections will be realized. The descriptions contained in this Official Statement of the Bonds and the Bond Ordinance do not purport to be complete and are qualified in their entirety by reference thereto.

The Preliminary Official Statement has been “deemed final” by the City except for the omission of certain information as provided by Securities and Exchange Commission Rule 15c2-12. Simultaneously with the delivery of the Bonds, the Mayor of the City, acting on behalf of the City, will furnish to the Underwriter a certificate which shall state, among other things, that to the best knowledge and belief of such officer, this Official Statement (and any amendment or supplement hereto) as of the date of sale and as of the date of delivery of the Bonds does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements herein, in light of the circumstances under which they were made, not misleading in any material respect.

The form of this Official Statement, and its distribution and use by the Underwriter, has been approved by the City. Neither the City nor any of its officers, directors or employees, in either their official or personal capacities, has made any warranties, representations or guarantees regarding the financial condition of the City or the City’s ability to make payments required of it; and further, neither the City nor its officers, directors or employees assumes any duties, responsibilities or obligations in relation to the issuance of the Bonds other than those either expressly or by fair implication imposed on the City by the Bond Ordinance.

THE CITY

Location and Size

The City is located in Cass County, Missouri (“Cass County”), approximately 20 miles south of downtown Kansas City, Missouri (“Kansas City”), on Interstate Highway 49 (previously U.S. Highway 71), adjacent on the north to the city limits of Kansas City and the City of Grandview, Missouri. The City is 16 square miles in area and has shown a steady growth in population from a 1960 federal census of 4,897 to an estimated 2017 census of 23,299. This growth can be attributed primarily to the City’s proximity to the Kansas City metropolitan area and its source of land suitable for new home and commercial construction.

Government and Organization

The City is a municipal corporation and constitutional charter city, organized and existing under the laws of the State of Missouri. The City was founded in 1872. From 1966 until 2008, the City operated under the City Administrator form of government as a fourth-class city. On November 4, 2008, the voters of the City approved a city charter pursuant to Article VI, Section 19 of the Missouri Constitution. Under the charter, a City Manager is appointed by a majority vote of the City Council. The City Manager serves as chief executive officer responsible for directing the operations of the City in accordance with the policies set forth by the City Council. The City Council consists of eight council members, two elected from each of the City’s four wards, who serve staggered three-year terms and a Mayor, who is elected at-large and serves a four-year term. The City Council establishes utility and tax rates and authorizes all municipal indebtedness.

The current elected officials of the City are:

<u>Name</u>	<u>Position</u>	<u>Expiration of Term of Office</u>
Jeff Davis	Mayor	April 2021
David Clark	Councilman	April 2022
Ryan Finn	Councilman	April 2021
Gary Lathrop	Councilman	April 2021
Dean Van Winkle	Councilman	April 2021
Lorrie Peek	Councilman	April 2022
Tim Savage	Councilman	April 2022
Chet Trutzel	Councilman	April 2022
Stephanie Davidson	Councilman	April 2021

Alexa Barton serves as City Manager, Sheila Ernzen serves as Finance Director and Andrea Cunningham serves as City Clerk.

Utilities and Services

The City owns and operates its own water and sewer systems. Evergy provides electricity and Spire Missouri Inc. provides natural gas to residents of the City.

The City is located at the intersection of Interstate Highway 49, a major north-south artery in the Kansas City metropolitan area, and Missouri Highway 58. The City is served by The Burlington Northern and Santa Fe Railroad and Kansas City Southern Railroad. Kansas City International Airport, which is within an hour of the City, and Kansas City’s Downtown Airport, within forty minutes of the City, provide commercial and charter flights.

Medical and Health Facilities

Belton Regional Medical Center, a 71-bed acute care hospital, was completed in 1984. The hospital provides 24-hour emergency care, surgery, internal medicine, pediatrics, intensive care, radiology, laboratory, pharmacy, physical therapy and cardio-pulmonary services. There is a wide variety of doctors, dentists, ophthalmologists and specialists available in Kansas City and the surrounding area.

Recreational, Cultural and Religious Facilities

Recreational facilities include an indoor aquatic center, an outdoor water park, a wellness center, a country club and eight public parks. In addition, the City offers a variety of activities and programs such as softball, swimming, volleyball, baseball, flag football and playgrounds.

There are many churches of various denominations which meet the spiritual needs of the City's residents, and serve the role of helping those less fortunate.

Educational Institutions and Facilities

City residents have easy access to the Kansas City metropolitan area's numerous colleges, universities, community colleges and technical schools.

Elementary and Secondary Schools

The City is served by Belton School District No. 124 of Cass County, Missouri ("Belton School District"), which is accredited by the Missouri Department of Elementary and Secondary Education. The Belton School District has a preschool, six elementary schools, a middle school, a freshmen center, and a high school and participates with other area school districts in the operation of a school for students with behavioral or emotional disorders. Total district enrollment was 4,877 students for the 2017-18 school year. City residents have easy access to the Kansas City metropolitan area's numerous colleges, universities, community colleges and technical schools.

Economy

The City's location in the Kansas City metropolitan area offers its citizens a wide range of employment opportunities. The following table indicates the major employers within the City.

ECONOMIC INFORMATION CONCERNING THE CITY

Commerce and Industry

Some major employers in Belton, Missouri, include:

<u>Major Employers</u>	<u>Product/Service</u>	<u>Employees</u>

2011	54	8,595,122	1	1,700,000
2010	7	1,788,727	4	8,615,970

Source: The City.

* The increase in residential permits is due to an increase in residential construction.

Employee Relations

The City employs 194 full-time employees and 235 part-time and seasonal employees and, with the exception of its firefighters and police officers, none of the remaining employees are covered by a wage and work agreement between the City and any collective bargaining unit.

The City and the International Association of Firefighters (“IAFF”), Local 42, signed an initial Collective Bargaining Agreement effective May 2012 to March 31, 2015. The IAFF Agreement was

renegotiated and renewed on January 22, 2019 through March 31, 2021 subject to reopener provisions for wages and insurance.

The City entered into collective bargaining negotiations with its police officers in March 2016. The Labor Agreement presented by the Fraternal Order of Police West Central Missouri Regional (“FOP”), Lodge 50, was approved by the City Council on March 28, 2017. The FOP Labor Agreement is in effect from April 2, 2017 to March 31, 2020 subject to annual reopener provisions for wages and/or hours of work. The key provisions in this FOP Labor Agreement include vacancy bidding procedures, hours of work, wages and overtime and grievance procedures.

The City considers its relations with its employees to be excellent.

HISTORY AND OPERATION OF THE SYSTEM

Description of the Sewerage System

The City owns and has operated for approximately 63 years the wastewater utility system with a portion of the sewer system dating back to the mid 1950's, with the first treatment facilities placed in operation in 1956. The City, through its system of sanitary sewers, pumping stations and wastewater treatment facilities, provides the collection of the wastewater flow of residential, commercial, industrial and other customers inside the City limits. The System includes approximately 129 miles of sanitary sewers ranging in size from four inches to thirty-six inches, and nine (9) pumping stations.

The wastewater treatment plant represents an investment of over \$23 million. On the average, approximately 1.93 million gallons of raw sewage flows into the plant daily with a capacity to treat 2.26 million. This represents approximately 50% of the raw sewage flow with the balance pumped to the Little Blue Valley treatment plant located in Independence, Missouri. The Little Blue Valley Sewer District services many cities in the Kansas City metropolitan area. Daily flows to the Little Blue Valley plant average 45 million gallons per day for a total daily flow of 52 million gallons. In the treatment process, organic matter in the wastewater is decomposed under controlled conditions. The plant uses both primary and secondary treatment of soluble solids. The secondary treatment also removes and dissolves any suspended material. An Ultra-violet (UV) disinfection system is used to reduce E-coli during the recreational season.

Future Capital Improvements

The City recently eliminated high maintenance lift stations, but sanitary sewer overflows continue to be an issue. In 2017, the City published its FY 2018-2022 Capital Improvement Program which identified four projects relating to the System that were funded or partially funded over that timeframe. The projects include a public and private inflow reduction program, updating the current Wastewater Collection System Master Plan, lining of a portion of the City's sanitary sewer interceptor, and streambank stabilization. Other than these projects and normal maintenance and replacement activities, the City does not have any current plans to improve the System.

User Charge Rates

Each property owner pays for the sewer services provided by the City based on their use of the system as determined by water meters. Monthly user charges are based on: 1) actual volumetric water usage, or 2) average monthly water usage during the months of December, January and February. Water usage for these months includes little use for such activities as lawn watering, car washing and other seasonal consumptive uses. The account holder then pays a flat fee for the following 12 months. If a contributor has not established a December, January and February average, the City average, 4,000 gallons, is used. For appeal or exception situations such period may be determined by the City Manager or a person designated by the City Manager, while for policy rate matters the City Council or its appropriate committee(s) makes the determinations.

Current charges are shown below. Every customer receives a minimum bill, which is for usage between 0 and 1,500 gallons of water or wastewater. Customers are then billed for all additional usage above the minimum.

Customers Inside City Limits - Residential

Actual Volumetric Water Usage Method	
1,500 Gallons or Less	\$12.36 minimum bill plus \$11.52 debt service
1,501 Gallons or More	\$1.4224 per 100 gallons
Winter Average Method	
1,500 Gallons or Less	\$13.97 minimum bill plus \$11.52 debt service
1,501 Gallons or More	\$1.5300 per 100 gallons

Customers Inside City Limits – Non-Residential

Actual Volumetric Water Usage Method	
1,500 Gallons or Less	\$12.36 minimum bill plus \$17.77 debt service
1,501 Gallons or More	\$1.4424 per 100 gallons

Customers Outside City Limits - Residential

Actual Volumetric Water Usage Method	
1,500 Gallons or Less	\$17.71 minimum bill plus \$11.52 debt service
1,501 Gallons or More	\$1.7780 per 100 gallons
Winter Average Method	
1,500 Gallons or Less	\$19.72 minimum bill plus \$11.52 debt service

Customers Outside City Limits – Non-Residential

Actual Volumetric Water Usage Method	
1,500 Gallons or Less	\$17.71 minimum bill plus \$17.77 debt service
1,501 Gallons or More	\$1.7780 per 100 gallons

All property owners are billed monthly. Billing is split into four billing cycles based on service location. Payments for cycles 1, 2, 3 and 4 are mailed on or about the 7th, 14th, 21st and 28th of each month, respectively. Bills are due and payable as soon as they are mailed. There is a 20-day grace period to submit payment before the account will be charged a 10% late fee. If charges are not paid before the next bill is issued, the account is considered delinquent and service is subject to disconnection. On the date that the past due balance is due, the account is assessed a \$35 service charge and is scheduled for disconnection the following morning.

Customers

As of March 31 of each of the last five fiscal years the City has had approximately the following number of users:

2019	7,876
2018	7,623
2017	7,619
2016	7,616
2015	7,615

Note: Numbers are based on actual number of service connections being billed.

The following table lists the ten largest customer accounts of the City for the fiscal year ending March 31, 2019.

<u>Customer</u>	<u>Paid Per Year</u>	<u>Type of Business</u>
1. Springdale Lake Estates	\$194,418	Mfg Home Community
2. Sun Communities	156,787	Mfg Home Community
3. Lakewood Terr Apartments	104,050	Apartment Home
4. Quik Trip Corporation	85,147	Light Manufacturing
5. Carnegie Village	82,153	Retirement Community
6. Research Belton Hospital	80,973	Hospital
7. Results Property Management	73,637	Hotel
8. Beautiful Savior	41,125	Senior Care Center
9. Adesa Kansas City	38,322	Auto Auction
10. Oakhill Mobile Homes	27,714	Mobile Home Community

Summary of Debt Service Coverage for Sewerage System

The following table sets forth for the fiscal years ended March 31, 2017, 2018 and 2019, the revenues from the System, reflected in the financial statements of the City, which are available to pay its debt service and the extent to which such revenues covered the historical debt service requirements on the actual long-term indebtedness of the sewerage system outstanding during such fiscal years. This summary should be read in conjunction with the financial statements of the City included in *Appendix B* to this Official Statement. Reference is hereby made to such financial statements, including the notes thereto. There can be no assurance that the City will generate the revenues set forth below in subsequent fiscal years.

Fiscal Year Ended March 31

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Revenues (operating revenues plus interest and rental income)	\$7,163,834	\$7,187,937	\$6,902,486
Less expenses	<u>5,465,553</u>	<u>4,762,119</u>	<u>4,543,889</u>
Net Income (Loss)	1,698,281	2,425,818	2,358,597
Plus depreciation and amortization	<u>1,233,654</u>	<u>1,036,389</u>	<u>1,039,121</u>
Income available for debt service	\$2,931,935	\$3,462,207	\$3,397,718
Debt Service for Revenue Bonds	\$1,025,189	\$1,063,010	\$355,714
Coverage Ratio for Revenue Bonds	2.86x	3.26x	9.55x

System Debt Service Requirements

The following schedule shows the yearly principal and interest requirements for the Bonds.

Series 2019 Bonds			
Fiscal Year End			
<u>March 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$135,000	\$	\$
2022	115,000		
2023	120,000		
2024	130,000		
2025	135,000		
2026	140,000		
2027	155,000		
2028	165,000		
2029	170,000		
2030	175,000		
2031	180,000		
2032	185,000		
2033	195,000		
2034	205,000		
2035	205,000		
2036	215,000		

The City has never defaulted on the payment of any of its debt obligations.

Authority to Issue Additional Revenue Obligations

The City may issue revenue bonds to finance additional capital projects to the System for the City upon a simple majority vote of the qualified voters. At an election held on April 2, 2013, the voters of the City authorized the issuance of \$13,925,000 of waterworks revenue bonds for the purpose of extending and improving the City's waterworks system and \$14,475,000 of sewer system revenue bonds for the purpose of extending and improving the City's sewer system. As of the date of this financing, the City has issued through the State Revolving Fund pooled loan program administrated by the Missouri Environmental Improvement and Energy Resources Authority \$9,715,000 of waterworks revenue bonds (leaving \$4,168,000 of bonds authorized but unissued) and \$13,977,000 of sewer system revenue bonds (leaving \$498,000 of bonds authorized but unissued). At this time, the City does not have definitive plans for the issuance of the remaining authorized but unissued revenue bonds.

FINANCIAL INFORMATION CONCERNING THE CITY

The following is provided for general economic reference about the City. The Bonds are not payable from the general revenues of the City described below or by resort to taxation, but are special obligations of the City, payable solely from the net income and revenues derived by the City from the operation of the System after payment of costs of operation and maintenance. The Bonds do not constitute a general obligation of the City or an indebtedness of the City within the meaning of any constitutional or statutory debt limitation or restriction.

Accounting, Budgeting and Auditing Procedures

The City begins its budgeting and appropriation process in November of each year for the following fiscal year beginning April 1. The procedure begins with a series of meetings between the City staff members and the City Council. The budgets are presented formally by the City Manager to the City Council prior to March 1 and are incorporated in an appropriation ordinance adopted no later than March 31. The accounts of the City are organized on the basis of funds and account groups, each of which is considered to be a separate accounting entity. The operations of each fund or account group are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equities, revenues and expenditures or expenses. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the

means by which spending activities are controlled. The various funds are grouped by type in the general purpose financial statements. The City’s auditor for the fiscal year 2019 was Troutt, Beeman & Co., P.C., Harrisonville, Missouri. The Comprehensive Annual Financial Report of the City for the fiscal year ended March 31, 2019 is included as *Appendix B* to this Official Statement.

Sources of Revenue

The City finances its operations through the following taxes and other miscellaneous sources as indicated below for the last fiscal year (2019) for which audited financial statements are available:

<u>Source</u>	<u>Amount</u>	<u>Percent</u>
Taxes	\$22,627,413	63.6%
Payments in Lieu of Taxes	1,919,659	5.4
Licenses and Permits	301,668	0.8
Intergovernmental	1,951,821	5.5
Charges for Services	4,498,785	12.6
Fees and Fines	703,898	2.0
Interest	465,056	1.3
Interfund Charges for Support Services	2,686,455	7.6
Other Revenue	<u>417,364</u>	<u>1.2</u>
	<u>\$ 35,572,119</u>	<u>100.0%</u>

Source: The City’s Comprehensive Annual Financial Report for the fiscal year ended March 31, 2019.

Property Valuations

Levy and Collection of Property Taxes. The City’s property tax is levied each September 1 on the assessed value as of the prior January 1 for all real and personal property located within the City. Property taxes are billed in total by the county collector by November 1 and considered delinquent on January 1. Interest is assessed on late payments of real estate, personal property and business personal property taxes at the rate of two percent per month up to a maximum of eighteen percent per year. All lands and lots on which taxes are delinquent and unpaid are subject to sale at public auction in August of each year.

Assessment Procedure. Assessed values of real and personal property are established by the Cass County Assessor, subject to review by the County’s Board of Equalization. The Missouri Revised Statutes require property to be assessed at the following percentages of true value: personal property – 33 1/3%; commercial real estate – 32%; residential real estate – 19%; and agricultural real estate – 12%. Reappraisal is required in every odd-numbered year by state law.

Current Assessed Valuation:

The following table shows the total assessed valuation, by category, of all taxable tangible property situated in the City according to the assessment for calendar year 2019 for property owned as of January 1, 2019, as adjusted through July 23, 2019:

	<u>Assessed Valuation</u>	<u>Assessment Rate</u>	<u>Estimated Actual Valuation</u>
Real Estate:			
Residential	\$170,165,310	19%	\$895,606,895
Commercial	72,597,048	32	226,865,775
Agricultural	<u>366,150</u>	12	<u>3,051,250</u>
Sub-Total	243,128,508		1,125,523,920
Personal Property	<u>54,734,794</u>	33 1/3*	<u>164,204,382</u>
Total	<u>\$297,863,302</u>		<u>\$1,289,728,302</u>

Source: Cass County Clerk.

*Assumes all personal property is assessed at 33 1/3%; because certain subclasses of tangible personal property are assessed at less than 33 1/3%, the estimated actual valuation for personal property would likely be greater than that shown above.

History of Property Valuation:

The following table shows the assessed valuation of the City as of January 1 for the last five calendar years.

<u>Year</u>	<u>Assessed Value</u>	<u>% Increase</u>
2019	\$297,863,302	11.2%
2018	267,783,196	4.5
2017	256,334,552	8.8
2016	235,616,841	0.3
2015	234,819,454	0.9

2010	1,999,843	999,921	1,003,042	999,921	500,787	5,503,514

Source: The City.

The transportation sales tax was renewed at an election in November 2005. The transportation sales tax will continue at its current rate and has no sunset provisions.

The capital improvement sales tax was renewed at an election in April 2007. The capital improvement sales tax will continue at its current rate but has a sunset provision for December 31, 2028.

Pursuant to a special election held in the City in November 1997, the City is authorized to impose a sales tax in the amount of 1/2 of one percent on retail sales in the City to be used for park purposes, a portion of which is used to pay debt service for its community center. The park sales tax was first imposed in April 1998. The park sales tax may only be used for park purposes and has no sunset provisions.

Pursuant to a special election held in the City in April 2006, the City is authorized to impose a sales tax in the amount of 1/4 of one percent on retail sales in the City for a period of twenty years from the date first imposed to provide revenues for the operation of its Emergency Services/Fire Department. This sales tax became effective October 1, 2006 and expires on September 30, 2026.

Pursuant to a special election held in the City in November 2018, the City is authorized to impose a sales tax in the amount of 1/2 of one percent on retail sales in the City to provide revenues solely for the purpose of providing additional funds for public safety for the City. This sales tax has no sunset provisions. The sales tax was first imposed effective as of April 1, 2019.

Tax Increment Financing

Under State law, tax abatement is available for redevelopers of areas determined by the governing body of a city to be “blighted.” The Land Clearance for Redevelopment Authority Law authorizes ten-year tax abatement pursuant to Sections 99.700 to 99.715, Revised Statutes of Missouri, as amended (“RSMo”). In lieu of ten-year tax abatement, a redeveloper that is an urban redevelopment corporation formed pursuant to Chapter 353, RSMo, may seek real property tax abatement for a total period of 25 years. In addition, Chapter 100, RSMo, authorizes real and personal property tax abatement for projects for commercial or industrial development. Currently, there are tax abatement projects located within the City.

In addition, the Real Property Tax Increment Allocation Redevelopment Act, Sections 99.800 to 99.865, RSMo, makes available tax increment financing for redevelopment projects in certain areas determined by the governing body of a city or county to be a “blighted area,” “conservation area,” or “economic development area,” each as defined in such statute. The City has approved tax increment financing redevelopment areas within the City to assist in the financing of redevelopment projects through the reimbursement of certain redevelopment project costs. These costs are payable solely from moneys on deposit in a “special allocation fund.” The moneys deposited into the special allocation fund may consist of (a) certain payments in lieu of taxes, attributable to the increase in assessed valuation of the real property within the redevelopment areas as a result of development, and (b) fifty percent of the total additional revenue from taxes (including the sales taxes of the City but excluding certain other taxes) of local taxing districts which are generated by economic activities within the redevelopment areas over the amount of such taxes generated by economic activities within the year in the calendar year in which the redevelopment areas were created. As a result, the payments in lieu of taxes attributable to the increase in assessed valuation of the real property within the redevelopment areas and up to fifty percent (50%) of the additional revenues generated by the sales taxes within such redevelopment areas over the amount so generated in the year in which such redevelopment areas were created may not be available to the City but instead might be deposited into the special allocation fund and used to pay redevelopment project costs related to the development. The City does not expect that the amount of such payments in lieu of taxes or sales taxes paid into special allocation funds from these projects will materially affect its ability to pay the Bonds.

Property Tax Levies and Collections

Tax Collection Procedure:

The City’s property tax is levied each September 1 on the assessed value as of the prior January 1 for all real and personal property located within the City. Property taxes are billed in total by the county collector by

November 1 and considered delinquent on January 1. Interest is assessed on late payments of real estate, personal property and business personal property taxes at the rate of two percent per month up to a maximum of eighteen percent per year. All lands and lots on which taxes are delinquent and unpaid are subject to sale at public auction in August of each year. Assessed values of real and personal property are established by the Cass County Assessor, subject to review by the County's Board of Equalization. The Missouri Revised Statutes require property to be assessed at the following percentages of true value: personal property – 33 1/3%; commercial real estate – 32%; residential real estate – 19%; and agricultural real estate – 12%. Reappraisal is required in every odd-numbered year by state law.

The County Collector is required to make disbursements of collected taxes to the City each month. Because of the tax collection procedure described above, the City receives the bulk of its moneys from local property taxes in the months of December, January and February.

Tax Rates

Debt Service Levy. The current debt service levy (calendar year 2019, fiscal year 2020) is \$1.3305 per \$100 of assessed valuation. Once indebtedness has been approved by the constitutionally required percentage of the voters voting therefor and bonds are issued, the City is required under Article VI, Section 26(f) of the Missouri Constitution to levy an annual tax on all taxable tangible property therein sufficient to pay the interest and principal of the indebtedness as they fall due and to retire the same within 20 years from the date of issue. The City Council may set the tax rate for debt service, without limitation as to rate or amount, at the level required to make such payments.

Operating Levy. The current general fund levy of the City (calendar year 2019, fiscal year 2020) is \$0.4883 per \$100 of assessed valuation. The operating levy (consisting of all ad valorem taxes levied except the debt service levy) cannot exceed the "tax rate ceiling" for the current year without voter approval. The tax rate ceiling, determined annually, is the rate of levy which, when charged against the newly assessed valuation of the City for the current year, excluding new construction and improvements, will produce an amount of tax revenues equal to tax revenues for the previous year increased by 5% or the Consumer Price Index, whichever is lower. Without the required percentage of voter approval, the tax rate ceiling cannot at any time exceed the greater of the tax rate in effect in 1980 or the most recent voter-approved tax rate (as adjusted pursuant to the provisions of the Hancock Amendment and SB 711, more fully explained below). The tax levy for debt service on the City's general obligation bonds is exempt from the calculations of and limitations upon the tax rate ceiling. Under Article X, Section 11(c) of the Missouri Constitution, any increase in the City's operating levy above \$1.00 must be approved by two-thirds of the voters voting on the proposition. The corresponding tax rate ceiling for the above general fund levy is \$0.5470 per \$100 of assessed valuation.

Article X, Section 22(a) of the Missouri Constitution (commonly known as the "Hancock Amendment"), approved in 1980, places limitations on total state revenues and the levying or increasing of taxes without voter approval. The Missouri Supreme Court has interpreted the definition of "total state revenues" to exclude voter-approved tax increases. The Hancock Amendment also includes provisions for rolling back tax rates. If the assessed valuation of property, excluding the value of new construction and improvements, increases by a larger percentage than the increase in the Consumer Price Index from the previous year (or 5%, if greater), the maximum authorized current levy must be reduced to yield the same gross revenue from existing property, adjusted for changes in the Consumer Price Index, as could have been collected at the existing authorized levy on the prior assessed value. This reduction is often referred to as a "Hancock rollback." The limitation on local governmental units does not apply to taxes levied in the debt service fund for the payment of principal and interest on general obligation bonds.

In 2008, through the enactment of Senate Bill 711 ("SB 711"), the Missouri General Assembly approved further limitations on the amount of property taxes that can be imposed by a local governmental unit. Prior to the enactment of SB 711, a Hancock rollback would not necessarily result in a reduction of a city's *actual* operating tax levy if its current tax levy was less than its current tax levy *ceiling*, due to the city's voluntary rollback from the maximum authorized tax levy. Under SB 711, in reassessment years (odd-numbered years), the Hancock rollback is applied to a city's *actual* operating tax levy, regardless of whether that levy is at the city's tax levy *ceiling*. This further reduction is sometimes referred to as an "SB 711 rollback." In non-reassessment years (even-numbered years), the operating levy may be increased to the city's tax levy ceiling (as

adjusted by the Hancock rollback), only after a public hearing and adoption of a resolution or policy statement justifying the action.

The City's current operating levy (all funds except the debt service fund levy) (calendar year 2019, fiscal year 2020) is \$0.7056 per \$100 of assessed valuation, which is equal to the City's tax rate ceiling for said year. The tax levy for debt service on the City's general obligation bonds is exempt from the calculations of and limitations upon the tax rate ceiling.

The following table shows the City's tax levies (per \$100 of assessed valuation) for the following years:

<u>Fiscal Year Ended</u>	<u>General Fund</u>	<u>Parks Fund</u>	<u>Debt Service Fund</u>	<u>Total Levy</u>
2020	\$0.4883	\$0.2173	\$1.3305	\$2.0361
2019	0.5261	0.2341	1.1305	1.8907
2018	0.5261	0.2341	1.1310	1.8912
2017	0.5470	0.2434	1.1300	1.9204
2016	0.5455	0.2427	1.1300	1.9182
2015	0.5455	0.2427	1.1300	1.9182

Pension and Employee Retirement Plans

The City participates in the Missouri Local Government Employees' Retirement System (“**LAGERS**”), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS was created and is governed by state statute, and is a defined-benefit pension plan that provides retirement, disability and death benefits. The plan is qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended, and is tax-exempt. LAGERS is governed by a seven-member Board of Trustees (“**LAGERS' Board**”) consisting of three trustees elected by participating employees, three trustees elected by participating employers and one trustee appointed by the Missouri Governor.

LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. The LAGERS Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019 (“**2019 LAGERS CAFR**”) is available at <http://www.molagers.org/assets/cafr-2019-final-with-actuary-s-letter.pdf>. The link to the 2019 LAGERS CAFR is provided for general background information only, and the information in the 2019 LAGERS CAFR is not incorporated by reference into this Official Statement. The 2019 LAGERS CAFR provides detailed information about LAGERS, including its financial position, investment policy and performance information, actuarial information and assumptions affecting plan design and policies, and certain statistical information about the plan.

For information specific to the City's participation in LAGERS, including the City's past contributions, net pension liability, and pension expense, see Note 5 to the City's financial statements included in *Appendix B* to this Official Statement. For additional information regarding LAGERS, see the 2019 LAGERS CAFR.

Other Postemployment Benefits

In addition to pensions, many state and local governments, including the City, provide other postemployment benefits (“**OPEB**”) as part of the total compensation offered to attract and retain the services of qualified employees. For information specific to the City's OPEB obligations, including the City's past contributions relative to its required contributions, its assumptions as to future healthcare and other costs and its unfunded actuarial accrued liability, see Note 21 to the City's financial statements included in *Appendix B* to this Official Statement.

September 26, 2019

To the Honorable Mayor, Members of the City Council,
City Manager and Citizens of the City of Belton, Missouri:

Management Responsibility

The Comprehensive Annual Financial Report (CAFR) of the City of Belton, Missouri (the City), for the fiscal year ended March 31, 2019, is submitted for your review. This report was prepared by the Finance Department in close cooperation with the external auditor, Troutt, Beeman & Co., P.C. The responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rest with the City. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. Management's Discussion and Analysis ("MD&A") immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The Financial Reporting Entity

This report is prepared in accordance with accounting principles generally in conformance with the standards of financial reporting set forth by the Governmental Accounting Standards Board (GASB), and the guidelines recommended by the Government Finance Officers Association (GFOA). This financial report includes all the funds of the City. The City provides a full range of services including police and fire protection; emergency medical services; water and wastewater services; traffic regulation and municipal court services; construction and maintenance of highways, streets and bridges and recreational activities.

Accounting Controls

Management of the City is responsible for establishing and maintaining internal controls designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of

reasonable assurance recognizes that (1) the cost of control should not exceed the benefits derived and (2) the valuation of costs and benefits require estimates and judgments by management.

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, equities, revenues and expenditures or expenses. The various funds are grouped by type in the basic financial statements.

Accounting records for the City's general governmental operations are maintained on an accrual basis with the revenues being recorded when measurable and available, and expenditures being recorded when the liability is incurred. The City's accounting records for proprietary funds are also maintained on the accrual basis.

Budgetary Controls

The City Manager is responsible for the annual preparation of a budget for the upcoming fiscal year based on estimated revenues and projected service level needs. The major focus of the budget is preparation of a financing plan based on available resources. The revenue forecast identifies the various revenue sources to be used in funding municipal services and forecasts the amount of revenue to be produced. City service levels are then established based on the revenue forecast.

The formal budget document is reviewed by the City Council and is formally adopted by the passage of a budget ordinance each March with the budget to become effective on April 1 of the next year. Once adopted, the finance department monitors the budget on a monthly basis. Operating budgets are monitored on a department level basis. Under this form of budget control, an individual division or department may exceed budgeted amounts for that division or department so long as the fund as a whole does not exceed budgeted funds. Any expenditure that will cause a fund to exceed the total fund budget must be approved by the City Council through a budget amendment ordinance or resolution.

Capital budgets are monitored on a project basis. Any expenditure, which would cause a project to exceed budgeted amounts, must be approved by the City Council through a budget amendment ordinance or resolution.

Profile of the City

Belton, Missouri was incorporated in 1872. It is located in the Northwest corner of Cass County and borders on the Southeastern edge of Kansas City, Missouri. Belton is the largest city in Cass County with an estimated population of 27,109. Belton was named after the man who helped survey it, Marcus Lindsey Belt, and has a history rich in names such as Carrie Nation, the Dalton Gang, the Cole Younger family, the Shawnee Indians, and Dale Carnegie, whose body is buried in the Belton cemetery.

Located in the "Heart of America", Belton offers an excellent residential and business location with Interstate 49 providing access to several major interstate highways just miles to the North and Lake of the Ozarks and Truman Lake to the South. Completed and near

future major road projects in Belton give it tremendous growth potential for businesses wanting good major highway visibility in a solid and growing urban setting on the outskirts of the Greater Kansas City Area.

The City of Belton provides a comprehensive range of municipal services normally associated with a municipality including highly rated police and fire protection, public works services, parks and recreation facilities, and general administrative services. The City also provides trash, water and sanitary sewer services and a public golf course (Eagles' Landing Golf Course), all of which are accounted for in the financial statements as business-type funds.

Utility service in the City is mixed between public and private companies. Water and sanitary sewer utilities are operated by the Water and Wastewater Departments of the City. Water and sewer rates are established to meet the total revenue requirements of the utilities including operating and capital expenditures. Natural gas is supplied by Laclede Gas Company and SPIRE, electricity is supplied by KCP&L and Osage Valley Electric. Both traditional and cellular phone service is provided by several companies. Residential trash service is provided through a city-wide curbside collection program.

All major commercial television networks, independent local stations as well as public television, provide service to the City. Cable television is provided by Spectrum on which the City information channel is available.

In November 2008 Belton voters approved a charter and Belton became a charter city utilizing a Mayor/Council/Manager form of government. Registered voters elect a mayor and eight council members to serve four and three year terms respectively. The Mayor is a voting member of the City Council making up a nine member City Council. An election for one councilman in each of four wards is conducted as a unit two of every three years. The election for mayor is conducted every four years. The City Manager is appointed by the City Council.

Factors Affecting Financial Condition

Local economy. Strong retail development along Highway 58 (South Scott Street) has been the foundation for solid growth in the City's sales and property taxes. This was accomplished in large part with the successful use of Tax Increment Financing (TIF) which funded infrastructure improvements and continues to fund road improvements which should lay the foundation for continued commercial development. Growth in the retail sector has increased with development of parcels in the City's TIF areas. Several new retail stores and restaurants have opened including Cracker Barrel, Ross Dress for Less, Marshall's, 5 Below, Party City, Petco, and Ulta Beauty Salon. Other projects and plans are currently under consideration and the near future appears ripe for growth in the City.

Long-Term Financial Planning. The City of Belton prepares a five year Capital Improvement Plan which includes proposed amounts for constructing, maintaining, upgrading and replacing the major components of the City's infrastructure. Funding sources, identified and prospective, are included in this plan giving the City a tool for meeting the needs of the City.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Belton for its Comprehensive Annual Financial Report for the fiscal year ended March 31, 2018. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report was made possible by the hard work of the staff of the City of Belton Finance Department. The contribution made by each staff member is sincerely appreciated. Special thanks are extended to the City's Independent Certified Public Accountants for their assistance and for the professional manner in which the firm accomplished the audit. I would also like to thank Mayor Davis, the City Council and City Manager Alexa Barton for their continued interest and support in planning and conducting the financial operations of the City in a professional and progressive manner.

Respectfully submitted,

Sheila Ernzen, CPA
Assistant City Manager/ Director of Finance

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor
and Members of the
City Council
City of Belton, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Belton, Missouri (the City), as of and for the year ended March 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Belton, Missouri, as of March 31, 2019, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 7 through 19, the Pension Information on page 83 through 84, OPEB information on page 85 through 87, and Budgetary Comparison Schedules on pages 88 through 92 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Belton, Missouri's basic financial statements. The combining and individual non-major fund financial statements and other schedules, listed in the table of contents as supplemental information, and the other information, such as the introductory and statistical section are presented for purposes of additional analysis, and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and other schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory, statistical sections, and other schedules, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Troutt, Beeman & Co., P.C.

MANAGEMENT’S DISCUSSION AND ANALYSIS

This section of The City of Belton’s Comprehensive Annual Financial Report provides readers with a narrative overview and analysis of the City’s financial performance during the fiscal year that ended on March 31, 2019. We encourage readers to consider the information presented here in conjunction with the letter of transmittal at the front of this report, the City’s basic financial statements, and notes to the financial statements, to enhance their understanding of the activities and financial health of the City of Belton.

FINANCIAL HIGHLIGHTS

- The City’s assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$65,775,502 (net position). Of the assets that may be used to meet the City’s ongoing obligations to citizens and creditors (unrestricted net position), the City had a deficit amount of \$26,019,237. This is predominantly due to the reporting of Tax Increment Financing (TIF) debt obligations for which the City must record the debt liability, but has no offsetting assets.
- The City’s total net position increased approximately \$6.7 million during fiscal year 2019. Of this amount, the City’s “governmental” activities net position increased 26.8% or \$4.8 million as a result of the City’s total outstanding debt being paid down in accordance with bond repayment schedules. The City’s “business-type activities” net position increased 4.5% or \$1.9 million due to the reduction of outstanding debt in accordance with the bond repayment schedules as well.
- The City’s governmental funds have a combined fund balance at March 31, 2019 of \$29.2 million; a decrease of \$1.2 million in comparison with the prior year.
- Of the \$29.2 million combined governmental fund balance, approximately \$1.2 million is available for spending at the City’s discretion (unassigned fund balance). Of the remaining balance, \$25.2 million is restricted for use in special revenue and capital projects funds, \$2.4 million has been committed by the City Council as an emergency reserve fund and \$410,000 has been assigned by the City Manager for general capital items or projects.
- At the end of the current fiscal year, the General Fund had a fund balance of \$4.0 million, or 25.4% of the total General Fund expenditures.
- The Golf fund required a transfer of funds in the amount of \$246,869 from the General Fund to fund payments related to long-term debt obligations.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is provided as an introduction to the City's *Basic Financial Statements*. The Basic Financial Statements contain three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other *Required Supplementary Information*, a *Supplemental Information* section that presents *combining statements* for non-major governmental funds (along with actual and budget comparison schedules), and a *Statistical Section* which includes supplemental disclosure information.

Government-wide Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. To assess the overall health of the City, consideration should be given to additional non-financial factors, such as changes in the City's property tax base and the condition of the City's roads.

The statement of activities presents information showing all the government's revenues and expenses for the fiscal year, regardless of the timing of related cash flows. All changes in net position are reported as soon as the underlying event giving rise to the change occurs and may result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include public safety, public works, parks and recreation, community development and general administration. The business-type activities for the City include water, sewer, residential solid waste disposal and Eagles' Landing Golf Course.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant *funds*, not the City as a whole. A fund is a grouping of related accounts that is used to keep track of and segregate specific sources of funding and spending for particular purposes. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City can be divided into the following two categories: governmental funds and proprietary funds.

Governmental funds: Most of the City's basic services are reported in governmental funds which focus on how cash flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash.

The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationships or differences of activities reported in the governmental fund financial statement versus that reported in the government-wide financial statements are explained in the reconciliation schedules following the governmental fund financial statements.

Proprietary funds: Services for which the City charges customers a fee to cover the cost of operations are generally reported in proprietary funds. Proprietary fund statements, like the government-wide financial statements, provide both long-term and short-term financial information. The City's proprietary fund Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position is the same as the business-type activities reported in the government-wide financial statements but provides more detail and additional information, such as cash flow information, for proprietary funds.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements, including budgetary comparison schedules. In addition to these required components, a section is included with combining statements that provide fund level detail about the City's non-major governmental funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

As discussed earlier, net position may serve as one useful indicator of a government's financial condition. As of March 31, 2019, the City's total net position was \$65,775,502. Table A provides a summary of the City's governmental and business-type net position comparing fiscal years 2018 and 2019.

Table A
Combined Statement of Net Position

	Governmental Activities		Business-type Activities		Total	
	2018	2019	2018	2019	2018	2019
Assets						
Current and other assets						
Cash and other assets	\$ 33,179,390	\$ 32,518,265	\$ 19,925,152	\$ 20,480,090	\$ 53,104,542	\$ 52,998,355
Total capital assets	93,392,940	91,646,595	48,300,550	48,729,467	141,693,490	140,376,062
Total assets	\$ 126,572,330	\$ 124,164,860	\$ 68,225,702	\$ 69,209,557	\$ 194,798,032	\$ 193,374,417
Deferred outflows of resources	\$ 7,245,674	\$ 6,190,311	\$ 392,878	\$ 329,371	\$ 7,638,552	\$ 6,519,682
Liabilities						
Current and other liabilities	\$ 6,546,929	\$ 6,082,099	\$ 2,676,601	\$ 2,762,313	\$ 9,223,530	\$ 8,844,412
Long-term debt outstanding	107,397,883	98,068,653	24,833,347	23,613,448	132,231,230	121,682,101
Total liabilities	\$ 113,944,812	\$ 104,150,752	\$ 27,509,948	\$ 26,375,761	\$ 141,454,760	\$ 130,526,513
Deferred inflows of resources	\$ 1,888,764	\$ 3,407,184	\$ 24,383	\$ 184,900	\$ 1,913,147	\$ 3,592,084
Net Position						
Invested in Capital Assets, net of related debt	\$ 36,179,943	\$ 41,738,252	\$ 22,566,885	\$ 24,298,177	\$ 58,746,828	\$ 66,036,429
Restricted:						
Other purposes	8,257,546	6,819,414	87,773	10,606	8,345,319	6,830,020
Debt Service	18,157,571	18,403,467	524,860	524,823	18,682,431	18,928,290
Unrestricted	(44,610,632)	(44,163,898)	17,904,731	18,144,661	(26,705,901)	(26,019,237)
Total net position	\$ 17,984,428	\$ 22,797,235	\$ 41,084,249	\$ 42,978,267	\$ 59,068,677	\$ 65,775,502

At the end of the current fiscal year, the City's total net position of \$65.8 million increased \$6.7 million from the prior year. Of this \$65.8 million, \$22.8 million is attributed to governmental activities and \$43.0 million is attributable to business-type activities.

The City's total unrestricted net position at the end of fiscal year 2019 was negative \$26.0 million. While the unrestricted net position for the City's business-type activities were positive by \$18.1 million, unrestricted net assets for governmental activities were negative \$44.2 million. The negative balance is due to the City having incurred development obligations that must be recorded as liabilities but have no offsetting asset. The majority (89.8%) is the direct result of the City's Tax Increment Financing (TIF) debt and development obligations that are paid with incremental revenue generated within the redevelopment area over the life of the TIF plan. If the life of the TIF plan

expires before the obligations are repaid, there will be no further obligation to the City to continue making payments and the obligations will be written off. The balance is mainly the result of debt issued to make improvements to the Highway Y/71 interchange which is owned by the state. Those improvements benefited the City by helping to encourage development and will be repaid with special purpose sales tax revenues, which will be collected over time and used to retire the debt issuance.

The City has a net position of \$18.9 million which is restricted for debt service. These funds are being held to make required debt service payments and are restricted by bond covenants. Additionally, the City has a net position of \$6.8 million that is to be used for capital projects and other purposes.

The largest category of the City's net position, \$66.0 million, reflects its investment in capital assets (e.g. land, infrastructure, buildings, machinery and equipment), less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to its citizens; therefore, they are not available for future spending. Because they are not available for future spending, the resources needed to liquidate the related debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Changes in Net Position

Table B reflects the changes in net position of the City's activities for the years ending March 31, 2018 and 2019.

Table B
City of Belton, Missouri - Changes in Net Position

Net position at end of year	\$ 17,984,428	\$ 22,797,235	\$ 41,084,249	\$ 42,978,267	\$ 59,068,677	\$ 65,775,502

The City's net position increased by \$6.7 million (11.4%) for the fiscal year ended March 31, 2019. To determine the functional cost of the City, the Statement of Activities demonstrates the net cost of each major activity of the City. The purpose of this statement is to measure the gross expenses of \$44.5 million (including depreciation charges), against charges for services and grants and contributions of \$25.4 million. The end result is a net cost of \$19.1 million to taxpayers. In fiscal year 2019 these costs were funded by property taxes in the amount of \$5.6 million, sales taxes in the amount of \$13.4 million, franchise and other taxes in the amount of \$5.6 million and interest earnings and other miscellaneous revenues and transfers totaling \$1.2 million. This resulted in an increase in unrestricted fund balance of \$6.7 million.

Governmental Activities: Governmental activities increased the City's net position by \$4.8 million. Total revenues from governmental activities decreased by \$2.9 million and governmental activity expenses decreased \$27.4 million from the prior fiscal year.

Total governmental activities' revenue for the fiscal year was \$35.3 million. Charges for services, (e.g. ambulance fees, street impact fees, membership fees and entrance fees to the City's community center and outdoor water park) account for 22.4% of the governmental activities revenue and decreased \$926,510 (10.5%) from the prior fiscal year. This decrease was due in large part to the receipt of less building permit and street impact fees (\$407,294), changes to the Park's recreation programs (\$322,007), including the elimination of the competitive soccer program, and fewer emergency medical calls for service resulting in less ambulance revenue (\$193,130) in FY2019.

Property taxes account for 15.9% of the total governmental activities' revenue with no change from the prior fiscal year. Revenues from capital grants and contributions decreased \$2.8 million (81.0%) from the prior fiscal year. This decrease was attributable to the prior year completion of transportation projects that were partially funded by grant revenues (\$2.1 million) and developer-built infrastructure that was contributed and dedicated to the City in the prior fiscal year. Franchise and other taxes account for 15.8% of the governmental activities revenue and increased by \$0.3 million (6.1%) because more payments in lieu of taxes were received in FY2019 as building continues in the City's Tax Increment Financing areas.

Sales tax revenue increased 8.3% (\$1.0 million) to \$13.3 million. This increase includes Economic Activity Taxes (EATs) that by state law are collected from the City, County, TDDs and CIDs located within a Tax Increment Financing area. This increase is attributable to sales within the City increasing as a result of a full year of sales tax collections from Hawaiian Bros and Kneaders, as well as the opening of new businesses, including Cracker Barrel, Ross Dress for Less, Marshall's, 5 Below, Party City, Petco, and Ulta Beauty. Sales tax revenue accounts for 37.9% of the total revenues related to governmental activities.

Total governmental activities' expense for the fiscal year was \$30.2 million, a decrease of \$27.4 million (47.5%) as compared to the prior fiscal year. Community Development expense decreased \$25.6 million (92.9%) from the last fiscal year to \$2.0 million as the prior fiscal year included the certification of approved TIF costs. Public Works expense decreased \$2.3 million (30.5%) from the prior fiscal year to \$5.1 million as the 155th Street widening project was completed in FY2018. General government expenses decreased from the prior fiscal year by \$1.1 million (22.0%) to \$3.8 million as a result of significant budget cuts including a reorganization of administrative positions

which resulted in the elimination of five general government positions, Public Safety expense decreased by \$0.2 million (2.9%) to \$6.1 million and Fire and Emergency Services expense decreased \$0.4 million (6.4%) to \$5.4 million as a result of a hiring freeze that was in place during FY19 for the Police and Fire departments. As first responders retired or found new employment, those positions remained vacant for the remaining months of the year. Interest expense on long-term debt increased from the prior fiscal year \$2.6 million (364.2%) to \$3.3 million. This is a result of three debt issues that were advance refunded during fiscal year 2018, which created a significant interest savings in the year the refunding occurred, as interest expenses were deferred in the prior fiscal year and are now being amortized over the life of the new debt.

Business-type Activities: Business-type activities increased the City's net position by \$1.9 million. Key elements of this increase are as follows:

The Sewer Fund recorded an increase of \$1.3 million in net position for the year. Revenues from user fees increased \$0.2 million (3.7%) as compared with the prior fiscal year due to a City rate increase of 10.8% to sewer rates offset by a reduction to the debt service charge of \$4.10 per monthly sewer bill. Operating expenses increased 13.3% (\$0.6 million) from the prior fiscal year. The increase in operating expenses is due to an increase in depreciation expense of \$0.2 million, franchise tax in the amount of \$0.1 million, and the cost of sewer treatment provided by Little Blue Valley Sewer District \$0.1 million. The Sewer Fund's operating income was \$2.0 million for fiscal year 2019, a 14.5% decrease over operating income of \$2.3 million for fiscal year 2018.

The Water Fund recorded an increase of \$0.6 million in net position for the year. Revenue from customer user fees decreased 16.0% (\$1.3 million) due to a decrease in water usage by customers when compared to the prior year and partially offset by a City rate increase of 1.9%. Operating expenses increased 25.2% (\$1.1 million) over fiscal year 2018 operating expenses due to an increase in water supply costs of \$1.1 million from the city of Kansas City. Operating income for fiscal year 2019 was \$1.2 million which is a 65.8% decrease from the \$3.6 million operating income in fiscal year 2018.

The City's Eagles' Landing Golf Course realized an increase in net position of \$41,184 for the year. Revenues of \$866,985 were relatively flat from fiscal year 2018 revenues of \$885,820. Operating expenses for fiscal year 2019 decreased slightly from the prior year by \$24,327. This decrease is attributable to the decrease in depreciation costs of \$35,373. The loss from operations in fiscal year 2019 was \$169,050, 3.1% less than the loss of \$174,542 in fiscal year 2018.

The City began a new centralized residential trash collection program beginning January 1, 2018. The City entered into a contract with an independent hauler to provide the collection of solid waste, recyclable materials and yard waste for residential properties within the City. The Solid Waste fund realized a decrease in net position of \$9,316 for the year. Fiscal year 2019 was the first full year of centralized residential trash service making operating revenues and expenditures not comparable to the prior year. The operating loss was \$12,247 for fiscal year 2019 which was a 10.2% improvement over the fiscal year 2018 operating loss of \$13,634.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental Funds Overview: As noted earlier, the City of Belton uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The City's governmental funds provide information on short-term inflows and outflows, as well as what remains

for future spending. Such information is useful in assessing the City's financing requirements. For example, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of fiscal year 2019, the City of Belton reported a combined fund balance of \$29.2 million in the governmental funds, a decrease of \$1.2 million from the previous year. \$1.2 million of this total amount (4.0%) constitutes unassigned fund balance. Unassigned fund balance is the portion of fund balance which is available for spending at the City's discretion. The majority of fund balance is restricted (\$25.2 million) by externally imposed constraints such as laws and regulations. A small portion of the City's fund balance has been assigned (\$410,780) by the City Manager for the City's future capital needs. Assigned fund balance is the portion of fund balance that reflects the amount constrained by the City's "intent" to use it for a specific purpose. The remaining fund balance, \$2.4 million, has been committed by the City Council with a formal resolution that requires a 15% General Fund minimum fund balance reserve requirement to be used in the case of a catastrophic emergency.

The General Fund, Park Fund, Capital Improvement Sales Tax Fund, Park Sales Tax Fund, Street Fund and Debt Service – General Obligation Bond Fund are the City's six major governmental funds.

General Fund. The General Fund is the chief operating fund of the City and accounts for all transactions not required to be accounted for in other funds. As the City's major operating fund, the General Fund accounts for ordinary operating expenditures financed primarily by taxes and charges for services. At the end of fiscal year 2019, the total fund balance of the General Fund was \$4.0 million, which is no change from the previous fiscal year end fund balance. Overall, General Fund revenues increased by 2.9% (\$457,122). Tax revenues increased \$0.5 million (5.2%) over the prior year due to new retail shopping and restaurants opening throughout the city, which contributed to a growth in sales tax revenue of 9.0% (\$333,931) over the prior year and also due to new commercial and residential construction being built in the City which increased property tax revenues 4.5% (\$73,183). Fees and fines revenues decreased \$82,709 (10.7%) from the prior year as patrol officers spent more time on calls for service and less time on traffic enforcement during fiscal year 2019. The City made a concerted effort to freeze costs at the prior year's level. As such, functional expense by category in the General Fund only changed insignificantly from the prior year. Fire and emergency services expense increased \$0.1 million (1.4%) due to the City partnering with other cities and fire districts in the area to pay for a consolidated fire district feasibility study. Public safety and General government expenses did not change. Public works expense decreased \$50,823 (5.1%) as a result of the City using fewer outside engineering services.

The City recognizes the need for a fund balance that can adequately absorb any short term downturn in economic events to avoid changes and reductions in service levels. The City Council has adopted a formal resolution that commits an amount of fund balance equal to at least 15% of annual revenues to be used in the event of an emergency such as a natural disaster or significant national economic event. Committed fund balance represents 60.3% (\$2.4 million) of total fund balance in the General Fund. The General Fund has a fund balance reserve of 15% at the end of fiscal year 2019. Assigned fund balance represents 10.2% (\$410,780) of total fund balance, this amount is assigned for use to purchase capital items in the future and 29.5% (\$1.2 million) of total fund balance is unassigned and available for use.

Park Fund. The Park Fund accounts for Parks and Recreation property tax collected for the purpose of providing parks services for the City, as well as program revenue and user fees. Expenditures include purchasing land for City parks, constructing and improving City parks and equipping, maintaining, and operating the parks and recreation facilities. The Park Fund's ending fund balance is \$226,598 at the end of fiscal year 2019; an increase of \$181,560 (403.1%) from the prior fiscal year ending balance. This was the result of significant changes in order to reduce costs. In fiscal year 2019, Park reduced the competitive sports program and other minor programs, which resulted in reduction in charges for services revenue of \$322,007 (11.6%) and a reduction in functional expense of \$419,546 (11.9%). Park capital purchases included completing new exercise equipment for High Blue Wellness Center and two new compressors for the indoor pool, with a total fiscal year 2019 cost of \$100,319, which is a decrease of 42.8% compared to fiscal year 2018.

Capital Improvement Sales Tax. The Capital Improvement Sales Tax Fund is used to record receipts from the ½ cent capital improvement sales tax and reimbursements received from the Cornerstone Point TDD. These receipts are used to make principal and interest payments on debt relating to capital improvement projects financed by this tax. These projects include building improvements made to the Police, Court and City Hall Annex buildings, a new interchange at Hwy 71 & Y Highway and Fire and Emergency Services vehicles and equipment. The fund balance at the end of fiscal year 2019 is \$345,731, which is an increase of \$169,515 (96.2%) from the prior year. The increase in fund balance is due to an increase in taxes revenue of \$122,927 (8.2%) and payments of principal and interest on outstanding bonds.

Park Sales Tax. The Park Sales Tax Fund is used to record receipts from the ½ cent park sales tax and principal and interest payments on debt relating to capital improvement projects financed by this tax. These projects include the aquatic center, and community center. The fund balance at the end of fiscal year 2019 is \$812,513, which is an increase of \$111,493 (15.9%) from the prior year. The increase in fund balance is due to an increase in taxes revenue of \$121,138 (8.1%) and payments of principal and interest on outstanding bonds.

Street Fund. The Street Fund accounts for the operations and maintenance of roads and bridges within the City. Financing is provided primarily by a ½ cent transportation sales tax and other intergovernmental revenues from the State and County, along with occasional transfers from the General Fund. The Street Fund ending fund balance is \$2.4 million, which is an increase of \$0.3 million (15.0%) over the prior year's ending fund balance. Revenues decreased by \$0.7 million from the prior fiscal year due to developer built infrastructure that was contributed and dedicated to the City in FY2018. This decrease in revenue was partially offset by the increase in taxes of \$0.1 million. The fund's capital expenditures were 34.2% less (\$0.4 million) than the prior fiscal year due to a decrease in street preservation expenditures. The City Council began to appropriate funds to the street preservation program over a period of two years before beginning projects, to take advantage of cost savings through economies of scale.

Debt Service – General Obligation Bond Fund. The Debt Service – General Obligation Bond Fund accounts for property tax money received for the City's debt service levy and expended for the payments on the City's general obligation debt. The fund for fiscal year 2019 is \$17.2 million, an increase of \$246,576 (1.5%) over the prior fiscal year. This increase is mostly attributed to interest the increase of income to \$277,982 in fiscal year 2019 from \$94,988 in fiscal year 2018. The proceeds from the crossover debt issuance during fiscal year 2018 are being held in a trust account until the crossover date of March 1, 2021.

General Fund Budgetary Highlights

The City Council revised the budget of the General Fund multiple times during the year for an overall increase in appropriations of \$658,732 which was a 4.0% percent increase over the original budget with actual expenditures \$1.1 million less than the final approved budget. The expenditure budget included a contingency reserve that was intended to only be spent in the case of an extraordinary emergency in the amount of \$2.4 million (15% of anticipated revenues). Expenditures came in under budget due to constraint by the City and a hiring freeze that was in effect all year for public safety and fire personnel. General government expense came in under budget by \$626,271 (17.4%), public safety came in under budget by \$361,653 (6.5%), and fire came in under budget by \$211,276 (4.2%).

Actual revenues were more than budgeted revenues by \$14,022. Tax revenue came in over budget by \$370,740 primarily due to an increase in property tax revenues. Charges for services came in under budget by \$351,905 mostly due to a decrease in calls for emergency medical services and reimbursements received by the City for inmate care and housing costs. Fees and fines revenue came in lower than anticipated by \$138,130 due less time being spent on traffic enforcement activities within the City.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The City of Belton's investment in capital assets for governmental and business-type activities as of March 31, 2019 is \$140.4 million, net of accumulated depreciation. This includes land, buildings, improvements, equipment, roads, bridges, and construction in progress. The total decrease in capital assets was 0.9% under the prior year. The decrease in overall capital assets was due to depreciation and from budget constraints, reducing the number of new projects. Major capital asset projects funded this year are as follows:

- GO Bond Street Improvement Projects (\$1,908,933)
- Sanitary Sewer Intercept Lining (\$1,349,095)
- Mullen & North Cass Project (\$458,884)
- Streambank Stabilization (\$234,698)
- Y Highway & 58 Improvements (\$139,914)

Additional information on the City's capital assets can be found in Note 4 on pages 51 to 53 of this report.

Debt administration. The City of Belton had various forms of debt during fiscal year 2019. Table C below shows the City’s outstanding debt by type for fiscal years 2018 and 2019.

**Table C
Outstanding Debt**

	Governmental		Business-type		Total	
	2018	2019	2018	2019	2018	2019
TIF Revenue Bonds	\$ 11,335,000	\$ 8,390,000	\$ -	\$ -	\$ 11,335,000	\$ 8,390,000
General Obligation Bonds	40,440,000	39,010,000	-	-	40,440,000	39,010,000
Sales Tax Revenue Bonds	-	-	-	-	-	-
Certificates of Participation	15,498,800	13,903,400	856,200	756,600	16,355,000	14,660,000
Sewer Revenue Bonds	-	-	3,065,000	2,970,000	3,065,000	2,970,000
Capital Leases	1,265,866	941,893	699,456	535,001	1,965,322	1,476,894
Notes Payable	-	-	21,322,908	20,342,800	21,322,908	20,342,800
DNR Energy Loan	43,403	32,866	-	-	43,403	32,866
Bond (discount)/ premium	4,830,542	4,317,607	101,152	88,508	4,931,694	4,406,115
Total	\$ 73,413,611	\$ 66,595,766	\$ 26,044,716	\$ 24,692,909	\$ 99,458,327	\$ 91,288,675

The City’s debt for governmental activities decreased in fiscal year 2019 from \$73.4 million to \$66.6 million or 9.3%. The decrease was due to the City making principal and interest payments in accordance with the repayment schedules.

Debt for business-type activities decreased \$1.4 million (5.2%) from March 31, 2018 to March 31, 2019. The decrease is due to the City making required principal and interest payments in accordance with the debt repayment schedules.

Total debt decreased a net of \$8.2 million (8.2%) to \$91.3 million.

Additional information on the City’s long-term debt can be found in Note 6 on pages 58 to 65 of this report.

ECONOMIC FACTORS, FISCAL YEAR 2020 BUDGET AND TAX RATES

Based on fiscal year 2019 activity, it is anticipated that fiscal year 2020 core General Fund revenues will increase due to a new ½ cent sales tax that is restricted to be used for public safety. The public safety sales tax was approved by voters on November 4, 2018 and became effective April 1, 2019. The new ½ cent public safety sales tax is estimated to increase General fund revenues by \$1.6 million, these new revenues will be used to increase the funding for public safety services, and will allow the City to remove the hiring freeze that was in place during FY2019. City staff and City Council were in agreement that conservative revenue estimates for fiscal year 2020 would be fiscally prudent.

General Fund expenditures are projected to increase 5.7% (\$0.9 million) compared to the fiscal year 2019 total actual expenditures. The fiscal year 2020 budget includes the addition of four new police officer positions funded by the public safety sales tax and several capital items including new patrol cars, a new ambulance and safety equipment for the City’s first responders. The City Council

desires that taxpayer monies be spent on City services for citizens, not on building reserves above the required minimum 15% fund balance.

Based on the adopted budget for the City's fiscal year ended March 31, 2020, the City anticipates a balanced General Fund budget, decreasing the General Fund fund balance to the required minimum 15% fund balance reserve. The City will continue to monitor ongoing changes in the local economy and will respond accordingly.

For fiscal year 2020, Water rates were increased by 1.0% and Sewer rates were increased by 12.3%. The City will continue making improvements to both the water and sewer systems in fiscal year 2020, purchasing new profile registers for water meters, replacing and upgrading older water lines, and concentrating on streambank stabilization to protect the City's water and sanitary sewer system.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for our citizens, taxpayers, customers, investors, creditors, and other interested parties, and also to show our accountability for the monies entrusted to our care. If you have questions about this report or need additional financial information, contact Sheila Erzen, CPA, Assistant City Manager/ Director of Finance, The City of Belton, 506 Main Street, Belton, Missouri 64012.

(THIS PAGE LEFT BLANK INTENTIONALLY)

BASIC FINANCIAL STATEMENTS

Basic Financial Statements are provided so that the users of the financial report may obtain an overview of the City's financial position prior to a presentation of comparable data on a detailed basis for individual funds.

**CITY OF BELTON, MISSOURI
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
MARCH 31, 2019**

Fund balances - total governmental funds	\$	29,233,941
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net Position.		91,646,595
Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due.		(290,064)
Net pension asset is not a current financial resource and therefore not reported in the fund financial statements.		263,275
Deferred pension and OPEB inflows and outflows are not included in the fund financial statements, but are included in the governmental activities of the Statement of Net Position:		
Inflows		(2,207,250)
Outflows		<u>2,664,299</u>
		457,049
Deferred debt refunding is not included in the fund financial statements, but are included in the governmental activities of the Statement of Net Position.		3,526,012
Long-term liabilities are not due and payable in the current period and are not included in the fund financial statement, but are included in the government-wide statements:		
Bonds and capital leases		(66,595,766)
Compensated absences		(1,172,559)
OPEB obligation		(651,803)
Development obligations		<u>(33,619,445)</u>
		<u>(102,039,573)</u>
Net Position of governmental activities in the Statement of Net Position	\$	<u>22,797,235</u>

CITY OF BELTON, MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED MARCH 31, 2019

Net change in fund balances - total governmental funds: \$ (1,180,305)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. This is the amount by which capital outlays, which are over the capitalization threshold, exceeded depreciation in the current period:

Capital outlay	3,579,155
Capital outlay expensed	(66,849)
Depreciation expense	(5,258,651)
	(1,746,345)

Governmental funds report bond proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of bond principal as an expenditure. In contrast, the Statement of Net Position reports repayment as a reduction to long-term liabilities. This is the amount by which proceeds exceed repayments:

Repayment of principal	6,304,910
	6,304,910

Governmental funds report premiums and discounts as other financing sources. In contrast, those items are capitalized on the Statement of Net Position and amortized over the life of the bonds on the Statement of Activities. This is the net amount of premiums, discounts, and amortization:

Amortization of debt refunding	(438,418)
Amortization of premiums/discounts	512,935
	74,517

Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

Accrued interest not reflected on governmental funds	158,837
Developer obligation	1,454,260
Pension expense	(446,934)
OPEB obligation	165,845
Compensated absences	28,022
	1,360,030

Change in Net Position of governmental activities in the Statement of Activities \$ 4,812,807

See accompanying notes.

NOTES TO FINANCIAL STATEMENTS

The Notes to the Financial Statements include a summary of the accounting policies followed and information used by the City that are judged to be most appropriate for full disclosure in the preparation of the financial statements.

(THIS PAGE LEFT BLANK INTENTIONALLY)

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the City of Belton, Missouri (the City), have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to local governments. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

Financial Reporting Entity: The City of Belton, Missouri, was incorporated in 1872 and covers an area of approximately 16 square miles located primarily in Cass County, Missouri. Belton is a charter city and operates under the Mayor/Council/Manager form of government. The City Manager is the chief administrative officer of the City. The accompanying financial statements present the City's primary government and any component units over which the City exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the City (as distinct from legal relationships). Management has considered all potential component units and has determined there are no entities outside of the primary government that should be blended into or discretely presented with the City's financial statements.

Related Organization: The City Council is also responsible for appointing the Board of Directors of Belton Industrial Development Authority. The City's accountability for this organization does not extend beyond making the appointments.

Government-Wide and Fund Financial Statements: The government-wide financial statements include the statement of net position and the statement of activities. Government-wide statements report information on all of the activities of the City as a whole (except for fiduciary activities) and distinguish between the *governmental* and *business-type activities* of the City. *Governmental activities*, which are normally supported by taxes and governmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Government-Wide and Fund Financial Statements (Continued):

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate fund financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Non-major funds include other Special Revenue, Capital Projects, and Debt Service funds. The combined amounts for these funds are reflected in a single column in the fund Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances. Detailed statements for non-major funds are presented with Combining and Individual Fund Statements and Schedules.

Measurement Focus, Basis of Accounting, and Basis of Presentation: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are those which governmental functions of the City finance. The acquisition, use, and balances of the City's expendable resources and the related liabilities are accounted for through governmental funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recognized when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences, claims, and judgments are reported only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued):

Property taxes, sales taxes, franchise taxes, licenses, charges for service, amounts due from other governments, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Charges for sales and services (other than utility) and miscellaneous revenues are generally recorded as revenue when received in cash because they are generally not measurable until actually received.

The accounts of the City are organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts. The various funds are summarized by type within the financial statements. The City reports the following major governmental funds:

The General Fund is the primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Expenditures from this fund provide basic City services, such as police and fire protection, planning, inspection, engineering, animal control, civil defense, municipal court, and overall basic services such as finance, personnel, and general administration of the City.

Revenue sources include taxes, which include property taxes, sales taxes, franchise taxes, and cigarette taxes. Other revenues include fees for ambulance service, other fees and licenses, and revenue gathered from the municipal court and investment earnings.

The Park Fund accounts for the activities of the Park Board which administers the operation of all City park facilities and various recreation programs. It is funded by a ½ cent sales tax approved by the voters.

The Capital Improvement Sales Tax Fund accounts for the collection of a ½ cent sales tax approved by voters for the purpose of funding capital items. The funds are restricted for this purpose.

The Parks Sales Tax Fund accounts for the collection of a ½ cent sales tax approved by voters for the purpose of funding park projects.

The Street Fund accounts for the collection of a ½ cent sales tax approved by voters for the purpose of funding capital items.

The Debt Service-General Obligation Bond Fund accounts for collection of property tax monies collected for payment of long-term debt.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued):

Additional governmental fund types which are combined as non-major funds are as follows:

Special Revenue Funds: These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for a specific purpose other than debt service or capital projects.

Debt Service Funds: These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Capital Projects Funds: These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Proprietary fund level financial statements are used to account for activities which are similar to those found in the private-sector. The measurement focus is upon determination of net income, financial position, and cash flows. The City's proprietary funds are as follows:

Water Fund accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing, billing, collection, and related debt service.

Sewer Fund accounts for the provision of sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing, billing, collection, and related debt service.

Golf Course Fund accounts for the activities at the Belton municipal golf course, Eagles' Landing.

Solid Waste Fund accounts for the activities of solid waste services to the residents of the City.

On the proprietary fund financial statements, operating revenues are those that flow directly from the operations of the activity, i.e., charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide those goods or services. Non-operating revenues and expenses are items such as investment income and interest expense that are not a result of the direct operations of the activity.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued):

Fiduciary fund level financial statements are custodial in nature and are merely clearing accounts for assets held by the City as an agent for individuals, private organization, or other governments. Fiduciary funds are excluded from government-wide financial statements.

Y Highway Market Place CID accounts for monies collected by the City which belong to the CID.

Belton Towne Center TDD accounts for monies collected by the City which belong to the TDD.

BelRay Interchange TDD accounts for monies collected by the City which belong to the TDD.

Y Belton CID accounts for monies collected by the City which belong to the CID.

Cedar Tree CID accounts for monies collected by the City which belong to the CID.

Budgets: The reported budgetary data represents the final approved budget after amendments as adopted by the City Council. Annual operating budgets are adopted for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Proprietary Funds. Missouri law requires budgets to be adopted for all governmental funds. The City prepares its budgets on the cash basis of accounting for its governmental funds and the accrual basis for its proprietary funds. The City Council has amended the budget at various times during the year and has performed the following procedures in establishing the City's budget:

- (1) Prior to March 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following April 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) Prior to April 1, the budget is legally enacted through the passage of an ordinance.
- (4) The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. This constitutes the City's legal level of budgetary control.
- (5) Appropriations lapse at year-end, but may be reappropriated in the following fiscal year.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Pooled Cash, Investments, and Restricted Assets: State statutes authorize the City to invest in banking institutions and obligations of municipalities, repurchase agreements, U.S. government agency obligations, and obligations of the U.S. Treasury. Cash resources of the individual governmental fund types are combined to form a pool of cash and investments. At March 31, 2019, the City's cash was deposited in demand accounts, certificates of deposit, Federal Home Loan Bank Notes, Federal National Mortgage Notes, Federal Home Loan Mortgage Corporation Notes, and U.S. Treasury Obligations. Investments with maturities of less than one year are stated at cost, which approximates fair value. All investments are stated at cost, which approximates fair value. Interest income on pooled cash and investments is allocated based upon each fund's respective average cash balance.

Certain proceeds of federal grants are classified as restricted assets on the balance sheet because their use is limited by applicable grant agreements. Assets are also restricted for court bonds, debt service reserve requirements, refunding customer meter deposits, sewer capital expenditures, development expenditures, and future debt refunding.

Statement of Cash Flows: A statement of cash flows has been presented in accordance with Governmental Accounting Standards Board Statement 9 for the Proprietary Funds. For purposes of the statement of cash flows, demand deposits, and all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

Accounts Receivable and Unbilled Usage: Accounts receivable for water, sewer and solid waste services are accounted for in the Water, Sewer and Solid Waste Funds and include billed amounts as well as an accrual for the earned but unbilled services from the previous billing date through March 31, 2019. Accounts receivable in the General Fund represents charges for the mowing of weeds, ambulance service, fire protection, and court fines and fees. Accounts receivable in the Golf Fund represents charges for green fees and annual memberships. All accounts receivable are stated net of allowances.

Interfund Activity: During the course of normal operations, the City has transactions between funds, including expenditures and transfers of resources to provide services and construct assets. Legally authorized transfers are treated as transfers and are included in the results of operations of both Governmental and Proprietary Funds.

Transactions between funds that are representative of cash overdrafts from pooled cash and investing are reported as interfund receivables or payables.

Short-term amounts owed between funds are classified as "Due to/from other funds".

Inventory: Inventory in the Proprietary Funds consists principally of maintenance supplies, gasoline, and oil, and is valued at cost which approximates the lower of cost or market using the first-in/first-out (FIFO) method. The costs of governmental fund type inventories are recorded as expenditures when purchased.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Capital Assets: Capital assets, which include land, buildings and improvements, equipment, and infrastructure assets (e.g., roads and bridges), are reported in the applicable government or business-type activities columns in the government-wide statements. Capital assets are defined as assets with a cost of \$5,000 or more. Capital assets are recorded at historical cost if purchased or constructed, or at estimated historical cost if actual historical cost is not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service arrangement are reported at acquisition value rather than fair value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation on all assets is computed using the straight-line method over the following estimated lives:

Major Assets

Buildings	7 - 50 years
Improvements	10 - 50 years
Infrastructure	50 years
Furniture and equipment	5 - 30 years

GASB Statement 34 requires the reporting and depreciation of the new infrastructure expenditures effective with the beginning of the implementation year.

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources, or expenses/expenditures, until then. The City has deferred changes in proportion dealing with pensions/OPEB and contributions made after the measurement date. The City also has deferred charges on refunding debt. These represent a consumption of net position that applies to future periods and is not recognized as an outflow of resources until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources, or revenues, until that time. The City has non-exchange revenue transactions where a receivable has been recorded because property taxes were levied, but the resources cannot be used until a future period. This item has been reported as a deferred inflow on the government-wide statement of net position. Also a deferred inflow of resources dealing with pension/OPEB is reported for the differences between expected and actual experience, the net difference between projected and actual earnings on pension investments, and changes of assumptions.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Compensated Absences: Accumulated vacation and sick leave, that is expected to be liquidated with expendable available financial resources, is reported as an expenditure and a fund liability of the governmental fund that will pay it. Accumulated vacation and sick leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-Term Obligations: Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

Encumbrances: Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of the formal budgetary control. Encumbrances outstanding at year-end, if any, are reported as reservations of fund balance for subsequent year expenditures. When expenditures are incurred in subsequent years relating to amounts previously encumbered, such amounts are, if material, reappropriated in the year expended.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Unearned Revenues: Governmental funds report unearned revenue when resources are received by the City before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, and when the City has a legal claim to the resources, revenue is recognized.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Fund Balances: In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance - This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - Amounts can only be used for specific purposes pursuant to constraints imposed by ordinances of the City Council - the government's highest level of decision making authority. These committed amounts cannot be used for any other purpose unless the City Council removes the specified use by ordinance. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance - This classification reflects assets constrained by the expressed written intent of the City Council or City Manager for capital equipment and/or capital projects.

Unassigned fund balance - This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use externally restricted resources first, then unrestricted resources—committed, assigned, and unassigned—in order as needed.

The City has a stabilization policy established by ordinance of 15% of general fund revenues to be used for unforeseen catastrophic emergencies resulting in a reduction of anticipated revenues which cause a financial hardship. This catastrophic unforeseeable emergency would include a natural disaster in the City, such as a tornado, flood, earthquake, etcetera that causes significant damage or a national economic crisis that causes a significant shortfall in anticipated revenues.

Other Post-Employment Benefits (OPEB): The fiduciary net position of the plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes the purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about assets, liabilities and additions to/deductions from the City's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay as you go plan.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Net Position Classifications: In the government-wide and proprietary fund financial statements, equity is shown as net position and classified into three components:

Net investment in capital assets - These amounts consist of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent bond or other debt proceeds.

Restricted net position - These amounts consist of net position with constraints placed on its use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Unrestricted net position - These amounts consist of all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

2. DEPOSITS AND INVESTMENTS:

At March 31, 2019, the carrying amount of the City's demand deposits in financial institutions was \$12,280,454. The bank balances of demand deposits were fully insured with a combination of FDIC insurance and pledged collateral held in the name of the City. All deposits were held by a qualified depository.

At March 31, 2019, the City's investments consisted of the following:

	<u>Carrying Amount</u>	<u>Fair Value</u>	<u>Investment Rating</u>
U.S. Government securities	\$ 9,642,894	\$ 9,721,419	Aaa
U.S. Agency securities	1,653,074	1,653,074	Aaa
Money Markets	<u>8,155,585</u>	<u>8,155,585</u>	N/A
	<u>\$ 19,451,553</u>	<u>\$ 19,530,078</u>	

At March 31, 2019, the City had unamortized discounts and premiums amounting to \$17,133 that is included in pooled cash and investments.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

2. DEPOSITS AND INVESTMENTS (Continued):

The City categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the calculation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

U.S government securities and U.S. agency securities of \$11.2 million are valued using quoted market prices (level 1).

Money markets of \$8.1 million are valued using net asset value.

Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. The City does not have a formal policy for interest rate risk. However, the City does manage its exposure to fair value losses arising from interest rate changes on invested funds by reviewing the portfolio on an ongoing basis for changes in effective yield amounts. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

Custodial Credit Risk:

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk of investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City's policy is to collateralize demand deposits with securities held by the financial institution's agent and in the City's name.

At March 31, 2019, the City had the following investments and maturities:

	Investment maturities (in years)			
	Value	Less than one	1-5	>5
Investment type:				
U.S. Government securities	\$ 9,642,894	\$ 2,126,818	\$ 7,516,076	\$ -
U.S. Agency securities	1,653,074	1,653,074	-	-
Money Markets	8,155,585	8,155,585	-	-
	<u>\$ 19,451,553</u>	<u>\$ 11,935,477</u>	<u>\$ 7,516,076</u>	<u>\$ -</u>

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

2. DEPOSITS AND INVESTMENTS (Continued):

Missouri State Statutes authorize the City, with certain restrictions, to deposit funds in open accounts, time deposits, and certificates of deposit. Statutes also require that collateral pledged have a fair market value equal to 100% of the funds on deposit, less insured amounts. Collateral securities must be held by the City or a disinterested third party and must be of the kind prescribed by statutes and approved by the State. The City may purchase any investments allowed by the State Treasurer. These include (a) obligations of the United States government or any agency or instrumentality thereof maturing and becoming payable not more than three years from the date of purchase, or (b) repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law.

The City's general credit risk policy is to apply the prudent person rule: Investments shall be made with the exercise of judgment and care, under circumstances then prevailing, which individuals of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.

At March 31, 2019, the carrying value of deposits and investments are summarized as follows:

Investments:	
U.S. Government securities	\$ 9,642,894
U.S. Agency securities	1,653,074
Money Markets	<u>8,155,585</u>
Total investments	19,451,553
Deposits and amount with fiscal agent	<u>27,938,786</u>
	<u><u>\$ 47,390,339</u></u>

Deposits and investments of the City are reflected in the government-wide financial statements as follows:

	<u>Government- Wide Statement of Net Position</u>	<u>Fiduciary Statement of Net Position</u>
Pooled cash and investments	\$ 29,617,518	\$ 23,672
Restricted cash	3,948,116	-
Cash with fiscal agent	<u>13,801,033</u>	<u>-</u>
	<u><u>\$ 47,366,667</u></u>	<u><u>\$ 23,672</u></u>

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

3. ACCOUNTS RECEIVABLE:

As a result of providing water and sanitation services to its citizens, the City has extended credit to them. Accounts receivable are presented net of allowance for doubtful accounts of \$386,331 in the Water Fund, \$297,468 in the Sewer Fund, and \$6,780 in the Solid Waste Fund.

Water, solid waste, and sewer services are accounted for in the Water, Solid Waste, and Sewer Funds when billed. Unbilled usage for service consumed between periodic scheduled billing dates is recognized as revenue in the period in which service is provided. All are net of an allowance for uncollectibles.

4. CAPITAL ASSETS:

Capital asset activity for the year ended March 31, 2019, consisted of the following:

	<u>Balance 4/1/2018</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance 3/31/2019</u>
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 2,195,918	\$ -	\$ -	\$ 2,195,918
Construction in progress	<u>982,574</u>	<u>737,186</u>	<u>864,677</u>	<u>855,083</u>
Total capital assets not being depreciated	<u>3,178,492</u>	<u>737,186</u>	<u>864,677</u>	<u>3,051,001</u>
Capital assets being depreciated:				
Buildings	35,975,474	-	-	35,975,474
Improvements	32,563,810	2,395,428	-	34,959,238
Furniture and equipment	11,972,409	283,133	-	12,255,542
Infrastructure	<u>70,346,196</u>	<u>961,236</u>	<u>-</u>	<u>71,307,432</u>
Total capital assets being depreciated	<u>150,857,889</u>	<u>3,639,797</u>	<u>-</u>	<u>154,497,686</u>
Less accumulated depreciation:				
Buildings	12,946,029	1,041,024	-	13,987,053
Improvements	9,598,934	1,572,471	-	11,171,405
Furniture and equipment	8,813,052	914,835	-	9,727,887

NOTES TO FINANCIAL STATEMENTS

5. PENSION PLAN:

General Information about the Pension Plan

Plan description: The City of Belton’s defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City of Belton participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with Revised Statutes of Missouri (RSMo). 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits provided: LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

	2018 Valuation
Benefit Multiplier:	2%
Final Average Salary:	3 years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member’s retirement allowance subsequent to the member’s retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees covered by benefit terms. At June 30, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	117
Inactive employees entitled to but not yet receiving benefits	111
Active employees	195
	<hr/>
	423
	<hr/>

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

5. PENSION PLAN (Continued):

Contributions: The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 12.5% General, 16.4% Police, and 14.3% Fire of annual covered payroll.

Net Pension Liability: The employer's net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2018.

Actuarial assumptions: The total pension liability in the February 28, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25% wage; 2.5% price
Salary Increase	3.25% to 7.15% including wage inflation
Investment rate of return	7.25%, net of investment expenses

Mortality rates were based on the RP-2014 mortality table for males and females, adjusted for mortality improvements back to the observation period base year 2006.

The actuarial assumptions used in the February 28, 2018, valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity	48.00%	4.81%
Fixed Income	28.50%	1.72%
Real Assets	23.50%	3.42%

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

5. PENSION PLAN (Continued):

Discount rate: The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Changes in the Net Pension Liability (Asset):

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension (Asset)/Liability (a) - (b)
Balances at 6/30/2018	\$ 47,931,221	\$ 46,882,555	\$ 1,048,666

5. PENSION PLAN (Continued):

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2019, the City recognized pension expense of \$1,954,420. The City reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences in experience	\$ 1,239,585	\$ (685,611)
Differences in assumptions	684,378	-
Excess (deficit) investment returns	-	(1,629,708)
Contributions subsequent to the measurement date*	1,043,084	-
Total	\$ 2,967,047	\$ (2,315,319)

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Net Pension Liability for the year ending March 31, 2020.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	Net Deferred Outflows of Resources
2019	\$ 520,966
2020	25,188
2021	(673,269)
2022	(408,349)
2023	33,503
Thereafter	110,605
	\$ (391,356)

Payable to the Pension Plan

At March 31, 2019, the City reported a payable of \$156,123 for the outstanding amount of contributions to the pension plan required for the year ended March 31, 2019.

*Other liabilities are primarily liquidated by the General Fund.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

6. LONG-TERM DEBT (Continued):

The compensated absences liability attributable to governmental activities will be liquidated primarily by the General Fund. The liability for compensated absences has been calculated using the vesting method, which leaves amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Total City debt at March 31, 2019, consisted of the following:

General obligation bonds:

\$3,845,000, Series 2010 general obligation bonds, issued for storm water improvements, due in annual installments of \$590,000 to \$2,045,000, through March 1, 2027; interest at 5%	\$ 3,845,000

	<u>\$ 20,375,666</u>	<u>\$ 2,705,660</u>	<u>\$ 23,081,326</u>

Bond Reserve Accounts:

Under the three Series 2012 Tax Increment Financing Bonds, the City is required to deposit funds into a reserve account equal to \$802,000.

At March 31, 2019, the City was in compliance with all of these requirements.

Under the Series 2010 A&B Sewerage System Refunding Revenue Bonds (State Revolving Fund Program), the City is required to deposit monies into a debt service account sufficient to meet maturity dates of principal and interest.

At March 31, 2019, the City was in compliance with these requirements.

Rates and fees established and charged were sufficient to satisfy bond covenant responsibilities for the sewer fund for the year ended March 31, 2019.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

7. CAPITAL LEASES:

The City has entered into lease agreements for financing capital equipment. The lease agreements qualify as capital leases for accounting purposes, and therefore have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

<u>Asset</u>		
Governmental equipment	\$	1,596,625
Business type equipment		<u>885,000</u>
 Total assets acquired	\$	<u><u>2,481,625</u></u>

The future minimum lease payments and the present value of the remaining minimum lease payments as of March 31, 2019, are as follows:

<u>Years Ending March 31,</u>	<u>Proprietary Funds</u>	<u>Governmental Funds</u>
2020	\$ 111,502	\$ 261,799

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

8. CONDUIT DEBT:

The City has issued taxable industrial revenue bonds to provide assistance. The bonds are special obligations and do not constitute debt obligations to the City. Accordingly, the bonds are not recorded as a liability in the financial statements.

Belton Research Hospital:

During March 2012, the City had approved issuance of up to \$16,500,000 maximum principal on the taxable industrial revenue bonds. At March 31, 2019, \$14,751,155 had been issued.

Pace Capital / ROM:

During November 2014, the City had approved issuance of up to \$2,000,000 maximum principal on the taxable industrial revenue bonds. At March 31, 2019, \$2,000,000 had been issued.

Salina Hotel Corporation:

During September 2017, the City approved issuance of up to \$7,746,700 maximum principal on the taxable industrial revenue bonds. At March 31, 2019, \$719,750 had been issued.

9. RESTRICTED CASH:

Restricted cash and investments at March 31, 2019, consisted of the following:

Account	Governmental Funds		
	General Fund	Special Revenue Fund	Total Governmental Funds
Court bonds	\$ 61,414	\$ -	\$ 61,414
Jail	6,146	-	6,146

	<u>\$588,080</u>	<u>\$ 1,003</u>	<u>\$ 134,691</u>	<u>\$ 723,774</u>

10. LEGAL MATTERS:

There are a number of claims and/or lawsuits to which the City is a party as a result of certain law enforcement activities, injuries, and various other matters and complaints arising in the ordinary course of City activities. The City's management and legal counsel believe that the potential claims against the City not covered by insurance, if any, resulting from such matters, would not materially affect the financial position of the City.

11. TAX REVENUES:

The tax revenue, including interest and penalties collected thereon, for the year ended March 31, 2019, is as follows:

Type	General Fund	Special Revenue Funds	Debt Service Funds
Property	\$ 1,508,476	\$ 671,229	\$ 3,239,604
Railroad & Utilities	168,402	-	-

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

11. TAX REVENUES (Continued):

The assessed valuation of the tangible property for the purpose of local taxation as of January 1, 2018, was as follows:

Real estate	\$	214,516,445
Personal property		<u>53,266,751</u>
	\$	<u>267,783,196</u>

The tax levy per \$100 of assessed valuation of tangible real and personal property for the calendar year 2018 was as follows:

General Fund	\$	0.5261
Park and Recreation Fund		0.2341
Debt Service Funds		<u>1.1305</u>
	\$	<u>1.8907</u>

Property taxes may attach as an enforceable lien on property as of January 1. Taxes are levied no later than November 1 and are due and payable at that time. All unpaid taxes levied by November 1 become delinquent January 1 of the following year.

12. INTERFUND TRANSACTIONS:

Interfund receivable and payable balances at March 31, 2019, were as follows:

	<u>Receivable</u>	<u>Payable</u>
General Fund	\$ 3,844	\$ -
Special Revenue Funds:		
Street	157,586	-
Capital Improvements Sales Tax	-	3,844

City:		
Vehicle Servicing	<u>74,929</u>	<u>-</u>
	<u>\$ 566,435</u>	<u>\$ 1,385,386</u>

14. RISK MANAGEMENT:

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; workers' compensation, and natural disasters for which the City carries commercial insurance. There have been no significant reductions in insurance coverage from the prior year and no significant losses in the past three fiscal years.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

15. SELF-INSURANCE:

The City is a member of the Midwest Public Risk (MPR), a not-for-profit corporation consisting of local governments and political subdivisions. MPR was formed as a public entity risk retention pool and covers medical and dental, workers' compensations, and property and casualty claims for its members. The City maintains only workers' compensation and property and casualty coverage through MPR. MPR has been established as assessable pools and accounting records are maintained for each year of coverage on a policy-year basis. The City pays annual premiums to MPR for each coverage. The agreement with MPR provides that MPR will be self-sustained through member premiums. MPR has the authority to assess members for deficiencies of revenues under expenses for any single plan year. Likewise, MPR has the authority to declare refunds to members for excess revenues over expenses relating to any single plan year. MPR has not had deficiencies in any of the past three fiscal years. The City purchases commercial insurance for medical, dental, short-term disability, and life insurance.

The City has the following types of insurance coverages and deductibles through MPR for fiscal year 2019: General Liability \$10,000; Automobile Liability \$1,000; Law Enforcement \$10,000; EMS \$10,000; Public Officials \$10,000; and Property \$2,500.

MPR's financial statements are presented in its Comprehensive Annual Financial Report.

16. DEFERRED COMPENSATION PLAN:

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional.

Employees may contribute up to 25% of their annual base salary to a maximum limit of \$18,500 per year. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency. Investments are managed by the plan's trustee, and the choice of the investment option(s) is made by the participants.

The City may contribute 2% of employee compensation for full-time employees participating in the plan. No contributions are made for part-time employees. No contributions have been made for several years.

17. FUND BALANCE DEFICITS:

For the year ended March 31, 2019, the Solid Waste Fund and the Street Capital Projects Fund had a fund balance deficit of \$23,471 and \$25,531, respectively.

CITY OF BELTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

18. COMMITMENTS and CONTINGENCIES:

Construction commitments at March 31, 2019 consisted of the following:

Fund	Amount
General	\$ 41,324
Street	13,764
Street Projects	41,552
Street Capital Project	260,092
Storm Water Projects	53,902
Sewer	789
Water	39,926
Solid Waste	<u>252,385</u>
 Total	 <u>\$ 703,734</u>

The City participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of March 31, 2019, significant amounts of grant expenditures have not been audited by grantor governments.

19. NET POSITION:

Net position is comprised of three categories: Net investment in capital assets; restricted net position; and unrestricted net position. The first category reflects the portion of net position which is associated with non-liquid, capital assets, less the outstanding debt (net) related to these capital assets. The related debt (net) is the debt less the outstanding liquid assets and any associated unamortized costs. Restricted net position are restricted assets, (usually cash) that must be spent for specific purposes. Net position, which are neither restricted nor related to capital assets, are reported as unrestricted net position.

The City issued debt to finance the construction of infrastructure in the Tax Increment Financing Districts. However, the City does not own these capital assets. As a result, in the Statement of Net Position, the debt reduces unrestricted net position of the City and the unspent bond proceeds are reported in restricted net position.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

19. NET POSITION (Continued):

Capital assets, net	\$ 91,646,595
Total debt	(66,595,766)
Debt refunding	3,526,012
Debt related to assets not owned by the City:	
Series 2017 certificate of participation	4,660,000
Series 2011 refunding	95,000
Series 2012 tax increment financing bond	290,000
Series 2012 tax increment financing bond	705,000
Series 2012B tax increment financing bond	3,210,000
Series 2015 tax increment refunding	<u>4,185,000</u>
	13,145,000
Unspent bond proceeds and reserves	<u>16,411</u>
Invested in capital assets, net of related debt	<u>\$ 41,738,252</u>

The City has reported a deficit in its unrestricted net position due to issuing debt for the construction of assets not owned by the City. The City has a sales and property tax revenue stream dedicated to paying off the debt in future years.

20. PLEDGED REVENUES:

The City has pledged a portion of future PILOT and Economic Activity Tax (EATS) revenues to repay \$2,155,000 in Tax Increment Revenue Bonds issued July 2012. The outstanding principal on these bonds as of March 31, 2019, was \$290,000. The bonds were used to provide funding for the Belton Marketplace project. The bonds are payable solely from the incremental property and sales taxes generated by the development in the Belton Marketplace TIF district. Total principal and interest remaining on the bonds is \$881,918, with the final maturity scheduled for December 1, 2030. For the current year, principal and interest paid from PILOTS and EATS revenues were \$375,000 and \$35,381, respectively.

The City has pledged a portion of future PILOT and Economic Activity Tax (EATS) revenues to repay \$2,655,000 in Tax Increment Revenue Bonds issued October 2012. The outstanding principal on these bonds as of March 31, 2019, was \$705,000. The bonds were used to provide funding for the Y Highway Market Place project. The bonds are payable solely from the incremental property and sales taxes generated by the development in the Y Highway Market Place TIF district. Total principal and interest remaining on the bonds is \$1,530,840, with the final maturity scheduled for December 1, 2031. For the current year, principal and interest paid from PILOTS and EATS revenues were \$435,000 and \$55,266, respectively.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

20. PLEDGED REVENUES (Continued):

The City has pledged a portion of future PILOT and Economic Activity Tax (EATS) revenues to repay \$3,210,000 in Tax Increment Revenue Bonds issued October 2012. The outstanding principal on these bonds as of March 31, 2019, was \$3,210,000. The bonds were used to provide funding for the Y Highway Market Place project. The bonds are payable solely from the incremental property and sales taxes generated by the development in the Y Highway Market Place TIF district. Total principal and interest remaining on the bonds is \$5,978,200, with the final maturity scheduled for December 1, 2035. For the current year, principal and interest paid from PILOTS and EATS revenues were \$0 and \$179,575, respectively.

The City has pledged future sewer customer revenues, net of specified operating expenses, to repay two debt issues totaling \$3,500,000. The Series 2010A bonds were issued in the amount of \$435,000. The Series 2010B bonds were issued in the amount of \$3,065,000. The outstanding principal on these bonds as of March 31, 2019, was \$2,970,000. Proceeds from these bonds were used to fund storm water projects. The bonds are payable from the sewer fund net revenues and are payable through 2036. The total interest and principal remaining to be paid on the bonds is \$5,016,805. For the current year, principal and interest paid were \$95,000 and \$186,634, respectively.

The City has pledged a portion of future PILOT and Economic Activity Tax (EATS) revenues to repay \$12,405,000 in Tax Increment Revenue Bonds issued June 2015. The outstanding principal on these bonds as of March 31, 2019, was \$4,185,000. The bonds were used to refund Series 2004 and Series 2016 Tax Increment Revenue Bonds. The bonds are payable solely from the incremental property and sales taxes generated by the development in the TIF districts. Total principal and interest remaining on the bonds is \$5,064,621. For the current year, principal and interest paid from PILOTS, EATS revenues, and debt refunding were \$2,135,000 and \$188,507, respectively.

CITY OF BELTON, MISSOURI
NOTES TO FINANCIAL STATEMENTS

21. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS:

General Information about the OPEB Plan

Plan Description: The City provides employees that retire at the same time they end their service to the City, the opportunity for continuation of medical and dental insurance coverage offered through Midwest Public Risk as part of a single employer defined benefit OPEB plan.

The City requires the retirees to pay the carrier-charged premium. The rates being paid by retirees for benefits are typically lower than those for individual health insurance policies. The difference between these amounts is the implicit rate subsidy, which is considered other post-employment benefits (OPEB) under Governmental Accounting Standards Board Statement No. 75 (GASB Statement 75).

Benefits provided: Retirees and their dependents have the same benefits as active employees. The retiree may continue coverage until death. Spousal coverage is available until the retiree becomes covered under another employer health plan, attains Medicare eligibility age, or 36 months after the death of the retiree under Cobra law.

Funding Policy: The City funds benefits on a pay as you go basis for GASB purposes. GASB Statement 75 does not require funding of the OPEB liability, and the City has chosen not to fund it. City policy dictates the payment of retiree claims as they become due. Assets are not recognized unless placed in a qualifying trust agreement.

Employees covered by the benefit term. At July 1, 2017, the following employees were covered by the benefit term:

Inactive employee or beneficiaries currently receiving benefit payments	2
Active employees	187
	189
	189

Net OPEB liability: The employer's net OPEB liability of \$725,926 was measured as of March 31, 2019, and the total OPEB liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

21. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued):

Actuarial assumptions: The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise noted:

	<u>2017 Valuation</u>
Inflation	2.50%
Salary increases	2.50%
Discount rate	3.35%
Actuarial Cost Method	Entry Age - Level Percent-of-Pay
Healthcare cost trend rates	6.5% for 2019, 6.0% for 2020, decreasing by .25% per year to an ultimate rate of 5.0% for 2024 and later years.

The discount rate was based on the average of the Standard & Poor's Municipal Bond 20 year High Grade and Fidelity GO AA-20 year published yields as of the measurement date.

Healthy life mortality rates were based on the Society of Actuaries RPH-2014 Total Dataset Mortality Table with Scale MP-2018 Full Generational Improvement and the Disabled Life Mortality Rates were based on the Society of Actuaries RPH-2014 Disabled Retiree Mortality Table with Scale PM-2018 Full Generational Improvement.

Changes in the Net OPEB Liability:

	<u>OPEB Liability</u>
Balance at 4/1/18	\$ <u>817,648</u>
Changes for the year:	
Service cost	59,866
Interest	31,044
Changes of benefits terms	-
Differences between expected and actual experience	(186,673)
Changes in assumptions and inputs	15,041
Benefit payments	<u>(11,000)</u>
Net changes	<u>(91,722)</u>
Balance at 3/31/19	<u>\$ <u>725,926</u></u>

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

21. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued):

Discount Rate Sensitivity Analysis: The following presents the Net OPEB Liability of the plan, calculated using the discount rate of 3.35%, as well as what the Net OPEB Liability would be using a discount rate 1% less 2.35% and 1% greater 4.35% than the current rate.

	1% Decrease 2.35%	Discount Rate 3.35%	1% Increase 4.35%
Total OPEB liability	<u>\$ 805,293</u>	<u>\$ 725,926</u>	<u>\$ 654,396</u>

Healthcare Cost Trend Analysis: The following presents the Net OPEB Liability of the plan considering a 1% decrease and 1% increase of the current rate due to healthcare cost factors such as medical inflation, utilization of healthcare services, plan design and technological developments.

	1% Decrease	Current Trend Assumption	1% Increase
Total OPEB liability	<u>\$ 622,577</u>	<u>\$ 725,926</u>	<u>\$ 850,891</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended March 31, 2019, the plan reported OPEB expense of \$87,851. The plan reported deferred outflows and inflows of resources related to OPEB as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 76,831
Changes in assumptions	26,623	-
Total	<u>\$ 26,623</u>	<u>\$ 76,831</u>

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending	Net Deferred Outflows of Resources
2020	\$ (3,059)
2021	(3,059)
2022	(3,059)
2023	(3,059)
2024	(3,059)
Thereafter	(34,913)
	<u>\$ (50,208)</u>

NOTES TO FINANCIAL STATEMENTS

22. DEVELOPMENT OBLIGATIONS:

The City has entered into four agreements with developers for the implementation of the Y Highway Market Place Tax Increment Financing Redevelopment Plan, the Y Belton Marketplace Tax Increment Financing Redevelopment Plan, the South Towne Plaza Tax Increment Financing Redevelopment Plan, and the Cedar Tree Tax Increment Financing Redevelopment Plan. During the current fiscal year, the City had certified costs (including interest) of \$0, \$0, \$476,345, and \$0, respectively. Current year payments were \$0, \$1,022,661, \$747,923, and \$160,021, respectively. Therefore, the City has recorded a \$33,619,445 liability on its Statement of Net Position under “development obligations” related to the four plans.

The development obligations will be paid from 75% of the annual PILOTS (Payments In Lieu Of Taxes) and 50% of the annual EATS (Economic Activity Taxes) generated in the district. 25% of the annual PILOTS collected from the area will be returned pro-rata to the taxing districts.

23. TAX ABATEMENTS:

The City enters into property tax abatement agreements pursuant to the provisions of Article VI, Section 27(b) of the Missouri Constitution, Sections 100.010 through 100.200, 353, and 135.950 through 135.973, inclusive, of the Revised Statutes of Missouri, as amended to purchase, construct, extend, equip and improve certain projects and to issue industrial development revenue bonds for the purpose of providing funds to pay the costs of such projects and to lease or otherwise dispose of such projects to private persons or corporation for manufacturing, commercial, research and development, office industry, warehousing and industrial development purposes upon such terms and conditions as the City shall deem advisable.

For the year ended March 31, 2019, the City had agreements for abated property taxes totaling \$71,901 under the chapter 100 program. Tax abatements have been approved and range from 75% to 100%. Under the agreements the companies have agreed to pay payments in lieu of tax which amounted to \$4,476 for the year ended March 31, 2019. The net effect is a property tax abatement of \$67,425.

Under Chapter 353 the City had agreements for abated property taxes totaling \$126,187, PILOT payments of \$63,094 were received for a net tax abatement of \$63,093. The agreements under Chapter 353 receive a 100% tax abatement.

Under the Enhanced Enterprise Zone the City had an agreement for abated property taxes. In 2018, the abatement cap was achieved and the abatement agreement is no longer in place.

CITY OF BELTON, MISSOURI

NOTES TO FINANCIAL STATEMENTS

24. EVALUATION OF SUBSEQUENT EVENTS:

The City has evaluated subsequent events through September 26, 2019, the date which the financial statements were available to be issued. In May 2019 the City terminated their contract for solid waste disposal. As a result of the termination additional costs and debt was incurred. A new contractor was selected and approved, services began in July 2019.

25. GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS:

GASB Statement No. 83, Certain Asset Retirement Obligations, was issued November 2016 and will be effective for the City with the fiscal year ending March 31, 2020.

GASB Statement No. 84, Fiduciary Activities, was issued January 2017 and will be effective for the City with the fiscal year ending March 31, 2020.

GASB Statement No. 87, Leases, was issued June 2017 and will be effective for the City with the fiscal year ending March 31, 2021.

GASB Statement No. 88, Certain Disclosure Related to Debt including Direct Borrowings and Direct Placements, was issued April 2018 and will be effective for the City with the fiscal year ending March 31, 2020.

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, was issued June 2018 and will be effective for the City with the fiscal year ending March 31, 2021.

GASB Statement No. 90, Majority Equity Interest – an Amendment of GASB Statements No. 14 and N0. 61, was issued December 2018 and will be effective for the City with the fiscal year ending March 31, 2020.

GASB Statement No. 91, Conduit Debt Obligations was issued May 2019 and will be effective for the City with the fiscal year ending March 31, 2021.

The City management has not yet determined the effect these Statements will have on the City's financial statements.

Valuation date 2/28/2018

Notes The roll-forward of total pension liability from February 28, 2018 to June 30, 2018 reflects expected service cost and interest reduced by actual benefit payments.

84 Methods and assumption used to determine contribution rates:

Actuarial cost method	Entry age normal and modified terminal funding
Amortization method	A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years.
Remaining amortization period	15 years
Asset valuation method	5 year smoothed market; 20% corridor
Inflation	3.25% wage inflation; 2.5% price inflation
Salary increases	3.25% to 6.55% including wage inflation
Investment rate of return	7.25%, net of investment expenses
Retirement age	Experience-based table of rate that are specific to the type of eligibility condition
Mortality	RP-2014 mortality tables for males and females, adjusted for improvement back to the observation period base year of 2006. The base year for males and females was established to be 2017.
Other information	Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale.

CITY OF BELTON, MISSOURI

FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for revenues derived from specific taxes, governmental grants, or other revenue sources which are restricted to finance particular functions or activities of the City.

Street Impact Fees Fund – accounts for the collection of the impact fees which are assessed on new construction based on the impact each project will have on the road infrastructure system of the City. The funds collected are restricted for use on improvements to the transportation infrastructure.

Hotel/Motel Tax Fund – accounts for the collection of taxes charged on transient guests at hotels within the City. The taxes collected are restricted for economic development expenses.

Markey Parkway Regional Detention – accounts for the collection of fees paid by developers that are located within the watershed of the regional detention facility for the construction and maintenance of the facility.

Belton Town Centre - TIF Fund – accounts for the collection of sales tax and payments in lieu of tax monies for the tax increment financing district and the payments of debt related to the district.

Mayor's Christmas Tree Fund – accounts for donations received for the benefit of the Belton Welfare Association.

Drug Seizure Fund – accounts for funds collected from items seized in the course of investigations, after the defendant has been convicted. The funds collected are restricted for law enforcement expenses and cannot be used to replace or fund continuing operating expenses.

DWI Recovery Fund – accounts for fines & recoupment of costs collected from cases involving DWI and drunk driving related traffic accidents. The funds collected are restricted for law enforcement expenses related to enforcing DWI laws. The funds cannot be used to replace or fund continuing operating expenses.

Special Training Fund – accounts for court costs collected according to RSMo 488.5336. The funds collected are restricted for the cost of training law enforcement officers.

Belton Marketplace TIF Fund – accounts for the collection of PILOTs and EATs generated within the Belton Marketplace redevelopment area to finance various improvements within the redevelopment district.

Cedar Tree TIF Fund – accounts for the collection of PILOTs and EATs generated within the Cedar Tree redevelopment area to finance various improvements within the redevelopment district.

Y Highway Market Place TIF Fund – accounts for the collection of PILOTs and EATs generated within the Y Highway Marketplace redevelopment area to finance various improvements within the redevelopment district.

Y Belton Plaza TIF – accounts for the collection of PILOTs and EATs generated within the Y Belton Plaza redevelopment area to finance various improvements within the redevelopment district.

Southtowne Plaza TIF Fund – accounts for the collection of PILOTs and EATs generated within the Southtowne Plaza redevelopment area to finance various improvements within the redevelopment district.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for all receipts and expenditures for the acquisition and construction of capital improvements by the City except those financed by Proprietary Funds. Capital improvements are defined as major, permanent improvements to infrastructure or buildings with an estimated useful life in excess of one year.

Capital Projects Funds utilized are Street Projects, Street Capital Projects, and Storm Water Projects. These funds are used to account for recurring capital expenditures and construction in progress.

STATISTICAL SECTION **(Unaudited)**

This statistical data relates to the physical, economic, social, and political characteristics of the City. Its design is to provide a broader and more complete understanding of the City and its financial affairs than is possible from the financial statements, notes, and supporting schedules presented in the Financial Section.

(THIS PAGE LEFT BLANK INTENTIONALLY)

STATISTICAL SECTION
(Unaudited)

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Tables

Financial Trends

These tables contain trend information to help the reader understand how the City's financial performance and well being have changed over time.

1 through 4

Revenue Capacity

These tables contain information to help the reader assess the City's most significant local revenue source-its property tax.

5 through 12

Debt Capacity

These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

13 through 17

Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

18 through 19

Operating Information

These tables contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

20 through 22

Except where noted, the information in these schedules is derived from the City's comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning that year.

CITY OF BELTON, MISSOURI
DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
March 31, 2019

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable</u>	<u>Estimated Share of Overlapping Debt</u>
Debt repaid with property taxes			
Belton School District	\$ 75,242,363	89.00%	\$ 66,965,703
Little Blue Valley Sewer District	218,462,156	3.99%	<u>8,716,640</u>
			75,682,343
City governmental activities direct debt			<u>66,595,768</u>
Total direct and overlapping debt			<u>\$ 142,278,111</u>

Note: Overlapping governments are those that coincide, at least in part, with the geographical boundaries of Belton.

This schedule estimates the portion of outstanding debt of those overlapping governments that is born by the residents and businesses of Belton. The percentages were estimated using taxable assessed property values.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed value that is within the City's boundaries and dividing it by each unit's assessed value.

Source: Outstanding debt obtained from the Belton School District and the Little Blue Valley Sewer District .

APPENDIX C

SUMMARY OF THE BOND ORDINANCE

The following is a summary of certain provisions contained in the Bond Ordinance. The following is not a comprehensive description, however, and is qualified in its entirety by reference to the Bond Ordinance for a complete recital of the terms thereof.

Definitions

In addition to words and terms defined elsewhere in the Official Statement, the following capitalized words and terms have the following meanings:

“Accountant” means an independent certified public accountant or firm of certified public accountants.

“Act” means Chapter 250 of the Revised Statutes of Missouri, as amended.

“Arbitrage Instructions” means the arbitrage investment and rebate instructions included in the City’s Federal Tax Certificate related to the Bonds, as the same may be amended or supplemented in accordance with the provisions thereof.

“Authorized Denominations” means \$5,000 or any integral multiple thereof.

“Average Annual Debt Service” means the average of the Debt Service Requirements as computed for the period of time for which calculated.

“Bond Counsel” means Gilmore & Bell, P.C., Kansas City, Missouri, or other attorney or firm of attorneys with a nationally recognized standing in the field of municipal bond financing selected by the City.

“Bond Payment Date” means any date on which principal of or interest on any Bond is payable at the Maturity thereof or on any Interest Payment Date.

“Bond Register” means the books for the registration, transfer and exchange of Bonds kept at the office of the Paying Agent.

“Bondowner,” “Owner” or **“Registered Owner”** when used with respect to any Bond means the Person in whose name such Bond is registered on the Bond Register.

“Bonds” means the Sewerage System Refunding Revenue Bonds, Series 2020 of the City authorized and issued pursuant to the Bond Ordinance.

“Business Day” means a day, other than a Saturday, Sunday or holiday, on which the Paying Agent is scheduled in the normal course of its operations to be open to the public for conduct of its banking operations.

“Certificate of Final Terms” means the certificate by that name relating to the Bonds and executed by the City and the Original Purchaser.

“Code” means the Internal Revenue Code of 1986, as amended, and the applicable regulations of the Treasury Department proposed or promulgated thereunder.

“Consultant” means an independent firm having a favorable reputation for skill and experience in the construction, financing and operation of public utilities and the preparation of management studies and financial feasibility studies in connection therewith, selected by the City for the purpose of carrying out the duties imposed on the Consultant by the Bond Ordinance.

“Debt Service Requirements” means the aggregate principal payments (including any scheduled mandatory redemption requirements) and net interest or interest-like payments on all System Revenue Bonds (after taking into account any applicable Subsidy Payments) for the period of time for which calculated; provided, however, that for purposes of calculating such amount, principal and net interest shall be excluded from the determination of Debt Service Requirements to the extent that such principal or interest is payable from amounts deposited in trust, escrowed or otherwise set aside for the payment thereof with the Paying Agent or other commercial bank or trust company qualified to do business in the State of Missouri and having full trust powers.

“Defaulted Interest” means interest on any Bond which is payable but not paid on any Interest Payment Date.

“Defeasance Obligations” means any of the following obligations:

- (a) Cash.
- (b) U.S. Treasury Certificates, Notes and Bonds (including State and Local Government Series – “SLGS”).
- (c) Direct obligations of the Treasury which have been stripped by the Treasury itself.
- (d) The interest component of Resolution Funding Corporation (REFCORP) strips which have been stripped by request to the Federal Reserve Bank of New York in book entry form.
- (e) Pre-refunded municipal bonds rated in the highest rating category by a nationally recognized rating service, pre-refunded with cash, direct U.S. obligations or obligations guaranteed by the U.S. as to full and timely payment.

“Escrow Agent” means UMB Bank, N.A., in Kansas City, Missouri, and any successors or assigns.

“Escrow Agreement” means the Escrow Letter of Instructions from the City to the Escrow Agent.

“Expenses” means all reasonable and necessary expenses of operation, maintenance and repair of the System and keeping the System in good repair and working order (other than interest paid on System Revenue Bonds or other borrowed money and depreciation, amortization or other noncash charges during the period of determination), determined in accordance with accounting principles generally accepted in the United States of America, including without limiting the generality of the foregoing, current maintenance charges, expenses of reasonable upkeep and repairs, salaries, wages, costs of materials and supplies, Paying Agent fees and expenses, annual audits, periodic Consultant’s reports, properly allocated

share of charges for insurance, properly allocable reimbursement to the City's General Fund for general administrative expenses applicable to the System, the cost of purchased water, gas and power, if any, obligations (other than for borrowed money or for rents payable under financing leases) incurred in the ordinary course of business, liabilities incurred by endorsement for collection or deposit of checks or drafts received in the ordinary course of business, short term obligations incurred and payable within a particular fiscal year, other obligations or indebtedness incurred for the purpose of leasing (pursuant to a true or operating lease) equipment, fixtures, inventory or other property, and all other expenses incident to the operation of the System, but shall exclude all general administrative expenses of the City not related to the operation of the System.

“Insurance Consultant” means an individual or firm selected by the City qualified to survey risks and to recommend insurance coverage for entities engaged in operations similar to those of the System and having a favorable reputation for skill and experience in making such surveys and recommendations.

“Interest Payment Date” means the Stated Maturity of an installment of interest on any Bond.

“Maturity” when used with respect to any Bond means the date on which the principal of such Bond becomes due and payable, whether at the Stated Maturity thereof or by call for optional or mandatory redemption or otherwise.

“Net Revenues” means, for the period of determination, all Revenues less all Expenses.

“Original Purchaser” means the original purchasers of the Bonds selected by the City to underwrite the issuance of the Bonds.

“Outstanding,” when used with reference to Bonds, means, as of any particular date of determination, all Bonds issued and delivered under the Bond Ordinance, except the following Bonds:

- (a) Bonds cancelled by the Paying Agent or delivered to the Paying Agent for cancellation;
- (b) Bonds deemed to be paid in accordance with the Bond Ordinance; and
- (c) Bonds in exchange for or in lieu of which other Bonds have been registered and delivered thereunder.

“Parity Bonds” means any additional bonds or other obligations issued or incurred pursuant to the Bond Ordinance and standing on a parity and equality with the Bonds with respect to the payment of principal and interest from the Net Revenues of the System, so long as any such bonds or obligations remain outstanding and unpaid or until provision is made for the payment and defeasance of such bonds or obligations.

“Parity Ordinances” means the ordinance or ordinances under which any additional Parity Bonds are issued pursuant to the Bond Ordinance, so long as such Parity Bonds remain outstanding and unpaid or until provision is made for the payment and defeasance of such bonds or obligations.

“Permitted Investments” means any of the securities and obligations, if and to the extent the same are at the time legal for investment of the City’s moneys held in the funds and accounts, referred to in the Bond Ordinance.

“Person” means any natural person, corporation, partnership, firm, joint venture, association, joint-stock company, trust, unincorporated organization, or government or any agency or political subdivision thereof or other public body.

“Purchase Price” means the principal amount of the Bonds plus any accrued interest to the delivery date and plus any premium or less any discount as set forth in the bid of the Original Purchaser.

“Record Date” for the interest payable on any Interest Payment Date means the 15th day (whether or not a Business Day) of the calendar month next preceding such Interest Payment Date.

“Redemption Date” when used with respect to any Bond to be redeemed means the date fixed for such redemption pursuant to the terms of the Bond Ordinance.

“Redemption Price” when used with respect to any Bond to be redeemed means the price at which such Bond is to be redeemed pursuant to the terms of the Bond Ordinance, including the applicable redemption premium, if any, but excluding installments of interest whose Stated Maturity is on or before the Redemption Date.

“Refunded Bonds” means all of the outstanding Series 2010B Bonds.

“Refunding Law” means Section 108.140(2) and Chapter 250 of the Revised Statutes of Missouri, as amended.

“Revenues” means all income and revenues derived from the operation of the System determined in accordance with accounting principles generally accepted in the United States of America, including investment and rental income, net proceeds from business interruption insurance, moneys appropriated on an annual basis for deposit in the Revenue Fund or which are limited solely to the payment of debt service on System Revenue Bonds or Expenses of the System and any amounts deposited in escrow in connection with the acquisition, construction, remodeling, renovation and equipping of facilities to be applied during the period of determination to pay interest on System Revenue Bonds, but excluding (a) any profits or losses on the early extinguishment of debt or on the sale or other disposition, not in the ordinary course of business, of investments or fixed or capital assets or any reappraisal, revaluation or write-down of assets, and any other extraordinary or non-recurring gains or losses, (b) unrealized gains or losses, or (c) insurance (other than business interruption) and condemnation proceeds.

“Series 2010B Bonds” means the City’s Taxable Sewerage System Revenue Bonds (Build America Bonds-Direct Pay), Series 2010B.

“Special Record Date” means the date fixed by the Paying Agent for the payment of Defaulted Interest.

“Stated Maturity” when used with respect to any Bond or any installment of interest thereon means the date specified in such Bond and the Bond Ordinance as the fixed date on which the principal of such Bond or such installment of interest is due and payable.

“Subsidy Payments” means funds received by the City that either (1) must be used, or (2) have been and are expected to continue to be used, to reduce the interest or principal payments on System Revenue Bonds. Such Subsidy Payments would include but are not limited to (a) payments received by the City through a federal or State of Missouri program, or (b) payments related to an interest rate swap, exchange, hedge or similar agreement.

“System” means the entire sewerage plant and system owned and operated by the City for the collection, treatment and disposal of sewage, to serve the needs of the City and its inhabitants and others, including all appurtenances and facilities connected therewith or relating thereto, together with all extensions, improvements, additions and enlargements thereto made or acquired by the City.

“System Revenue Bonds” means collectively the Bonds, the Parity Bonds and all other revenue bonds or other obligations which are payable out of, or secured by an interest in, the Net Revenues of the System.

“United States Government Obligations” means bonds, notes, certificates of indebtedness, treasury bills or other securities constituting direct obligations of, or obligations the principal of and interest on which are fully and unconditionally guaranteed as to full and timely payment by, the United States of America, including evidences of a direct ownership interest in future interest or principal payments on obligations issued or guaranteed by the United States of America (including the interest component of obligations of the Resolution Funding Corporation), or securities which represent an undivided interest in such obligations, and such obligations are held in a custodial or trust account for the benefit of the City.

Establishment of Funds and Accounts

There are created and ordered to be established and maintained in the treasury of the City the following separate accounts to be known respectively as the:

- (a) Revenue Fund.
- (b) Operation and Maintenance Account.
- (c) Debt Service Account.
- (d) Surplus Account.
- (e) Costs of Issuance Account.

In addition to the funds described above, the Escrow Agreement establishes the Escrow Fund to be held and administered by the Escrow Agent in accordance with the provisions of the Escrow Agreement.

Application of Moneys in the Escrow Fund

Under the Escrow Agreement, the Escrow Agent will apply moneys in the Escrow Fund to the payment of the principal of, redemption premium, if any, and interest on the Refunded Bonds. All money deposited with the Escrow Agent shall be deemed to be deposited in accordance with and subject to all of the provisions contained in the ordinance authorizing the Refunded Bonds and the Escrow Agreement.

Revenue Fund

The City covenants and agrees that from and after the delivery of the Bonds, and continuing as long as any of the Bonds remain Outstanding under the Bond Ordinance, all of the Revenues shall as and when received be paid and deposited into the Revenue Fund unless otherwise specifically provided by the Bond

Ordinance and the Parity Ordinances. Said Revenues shall be segregated and kept separate and apart from all other moneys, revenues, funds and accounts of the City and shall not be commingled with any other moneys, revenues, funds and accounts of the City. The Revenue Fund shall be administered and applied solely for the purposes and in the manner provided in the Bond Ordinance.

Application of Moneys in Funds and Accounts

The City covenants and agrees that from and after the delivery of the Bonds and continuing so long as any of the Bonds shall remain Outstanding, it will on the first day of each month administer and allocate all of the moneys then held in the Revenue Fund as follows:

(a) ***Operation and Maintenance Account.*** There shall first be paid and credited to the Operation and Maintenance Account an amount sufficient to pay the estimated Expenses during the ensuing month. All amounts paid and credited to the Operation and Maintenance Account shall be expended and used by the City solely for the purpose of paying the Expenses of the System.

(b) ***Debt Service Account.*** There shall next be paid and credited to the Debt Service Account, to the extent necessary to meet on each Bond Payment Date the payment of all interest on and principal of the Bonds, the following sums:

(1) On April 1, 2020 and continuing on the first day of each month thereafter so long as any of the Bonds shall remain outstanding and unpaid, an amount not less than an equal prorate portion of the amount of interest that will become due on the Bonds on the next succeeding Interest Payment Date; and

(2) On April 1, 2020 and continuing on the first day of each month thereafter, to and including December 1, 2020, an equal pro rata portion of the amount of principal becoming due on the Bonds on January 1, 2021; and thereafter, beginning on January 1, 2021, and continuing on the first day of each month thereafter so long as any of the Bonds shall remain outstanding and unpaid an amount equal to not less than 1/12 of the amount of principal becoming due on the Bonds on the next succeeding Maturity Date.

The amounts required to be paid and credited to the Debt Service Account shall be so paid at the same time and on a parity with the amounts at the time required to be paid and credited to the debt service accounts established for the payment of principal and interest on Parity Bonds under the provisions of the Parity Ordinances.

Any amounts deposited in the Debt Service Account as accrued interest in accordance with the Bond Ordinance shall be credited against the City's payment obligations as set forth in (b)(1), above.

If at any time the moneys in the Revenue Fund are insufficient to make in full the payments and credits at the time required to be made to the Debt Service Account and to the debt service accounts established to pay the principal of and interest on any Parity Bonds, the available moneys in the Revenue Fund shall be divided among such debt service accounts in proportion to the respective principal amounts of said series of bonds at the time outstanding which are payable from the moneys in said debt service accounts.

All amounts paid and credited to the Debt Service Account shall be expended and used by the City for the sole purpose of paying the interest on and principal of the Bonds as and when the same become due on each Bond Payment Date.

(c) **Surplus Account.** After all payments and credits required at the time to be made under the provisions of the foregoing paragraphs and the applicable provisions of the Parity Ordinances (including payments to any debt service reserve accounts and any depreciation and replacement accounts) relating to any outstanding Parity Bonds have been made, all moneys remaining in the Revenue Fund shall be paid and credited to the Surplus Account. Moneys in the Surplus Account may be expended and used for the following purposes as determined by the City Council of the City:

(1) Paying Expenses of the System to the extent that may be necessary after the application of the moneys held in the Operation and Maintenance Account under the provisions of paragraph (a), above;

(2) Paying the cost of extending, enlarging or improving the System;

(3) Preventing default in, anticipating payments into or increasing the amounts in the debt service accounts or debt service reserve accounts for System Revenue Bonds or any depreciation and replacement accounts, or any one of them, said payments made to prevent default to be made in the order prescribed in the Bond Ordinance or in the applicable sections of ordinances authorizing additional System Revenue Bonds, or establishing or increasing the amount of any debt service account or debt service reserve account created by the City for the payment of any additional System Revenue Bonds; or

(4) Calling, redeeming and paying prior to Stated Maturity, or, at the option of the City, purchasing in the open market at the best price obtainable not exceeding the redemption price (if any bonds are callable), the Bonds or any other System Revenue Bonds, including principal, interest and redemption premium, if any; or

(5) Any other lawful purpose in connection with the operation of the System and benefiting the System.

So long as any of the Bonds remain Outstanding, no moneys derived from the operation of the System shall be diverted to the general governmental or municipal functions of the City.

(d) **Deficiency of Payments into Funds and Accounts.** If at any time the Revenues shall be insufficient to make any payment on the date or dates specified, the City will make good the amount of such deficiency by making additional payments or credits out of the first available Revenues thereafter received by the City, such payments and credits being made and applied in the order specified above.

Payments Due on Saturdays, Sundays and Holidays

In any case where a Bond Payment Date is not a Business Day, then payment of principal, Redemption Price or interest need not be made on such Bond Payment Date but may be made on the next succeeding Business Day with the same force and effect as if made on such Bond Payment Date, and no interest shall accrue for the period after such Bond Payment Date.

Nonpresentment of Bonds

In the event any Bond shall not be presented for payment when the principal thereof becomes due at Maturity, if funds sufficient to pay such Bond shall have been made available to the Paying Agent all liability of the City to the Registered Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Paying Agent to hold such funds, without liability for interest thereon, for the benefit of the Registered Owner of such Bond, who shall thereafter be restricted exclusively to such funds for any claim of whatever nature on his part under the Bond Ordinance or on, or with respect to, said Bond. If any Bond is not presented for payment within one year following the date when such Bond becomes due at Maturity, the Paying Agent shall repay to the City the funds (without liability for interest thereon) theretofore held by it for payment of such Bond, and such Bond shall, subject to the defense of any applicable statute of limitation, thereafter be an unsecured obligation of the City, and the Registered Owner thereof shall be entitled to look only to the City for payment, and then only to the extent of the amount so repaid to it by the Paying Agent, and the City shall not be liable for any interest thereon and shall not be regarded as a trustee of such money.

Deposit and Investments of Moneys

Moneys in each of the funds and accounts created by and referred to in the Bond Ordinance shall be deposited in a bank or banks or other legally permitted financial institutions qualified to do business in the State of Missouri that are members of the Federal Deposit Insurance Corporation. All such deposits shall be continuously and adequately secured by the banks or financial institutions holding such deposits as provided by the laws of the State of Missouri.

Moneys held in any fund or account referred to in the Bond Ordinance may be invested in Permitted Investments; provided, however, that no such investment shall be made for a period extending longer than the date when the moneys invested may be needed for the purpose for which such fund or account was created. All earnings on any investments held in any fund or account shall accrue to and become a part of such fund or account. In determining the amount held in any fund or account under any of the provisions of the Bond Ordinance, obligations shall be valued at least annually at the lower of the cost or the market value thereof. If and when the amount held in any fund or account shall be in excess of the amount required by the provisions of the Bond Ordinance, the City shall direct that such excess be paid and credited to the Revenue Fund.

So long as any Parity Bonds remain outstanding and unpaid, any investments made shall be subject to any restrictions in the Parity Ordinances with respect to the funds and accounts created or ratified by and referred to in the Parity Ordinances.

Efficient and Economical Operation

The City will continuously own and will operate the System as a revenue producing System in an efficient and economical manner and will keep and maintain the same in good repair and working order. The City will establish and maintain such rules and regulations for the use of the System as may be necessary to assure maximum utilization and most efficient operation of the System.

Rate Covenant

The City in accordance with and subject to applicable legal requirements will fix, establish, maintain and collect such rates and charges for the use and services furnished by or through the System as will produce Revenues sufficient to (a) pay the Expenses of the System; (b) pay the principal of and net interest or interest-like payments on the Bonds as and when the same become due; and (c) provide reasonable and adequate

reserves for the payment of the Bonds and the interest thereon and for the protection and benefit of the System as provided in the Bond Ordinance. The City further covenants and agrees that such rates and charges will be sufficient to enable the City to have in each fiscal year Net Revenues not less than 110% of the Debt Service Requirements for such fiscal year. The City will require the prompt payment of accounts for service rendered by or through the System and will promptly take whatever action is legally permissible to enforce and collect delinquent charges. The City will, from time to time as often as necessary, in accordance with and subject to applicable legal requirements, revise the rates and charges aforesaid in such manner as may be necessary or proper so that the Net Revenues will be sufficient to cover the obligations of the City under the Bond Ordinance. If in any fiscal year Net Revenues are an amount less than as provided in the Bond Ordinance, the City will immediately employ a Consultant to make recommendations with respect to such rates and charges. A copy of the Consultant's report and recommendations shall be filed with the City Clerk and the Original Purchaser of the Bonds and shall be furnished to any Registered Owner of the Bonds requesting a copy of the same, at the cost of such Registered Owner. The City shall, to the extent feasible, follow the recommendations of the Consultant.

Reasonable Charges for all Services

None of the facilities or services provided by the System will be furnished to any user (excepting the City itself) without a reasonable charge being made therefor. If the Revenues are at any time insufficient to pay the reasonable Expenses of the System and also to pay all interest on and principal of the Bonds as and when the same become due, then the City will thereafter pay into the Revenue Fund a fair and reasonable payment in accordance with effective applicable rates and charges for all use and services furnished to the City or any of its departments by the System, and such payments will continue so long as the same may be necessary in order to prevent or reduce the amount of any default in the payment of the interest on or principal of the Bonds.

Corporate Existence

The City will maintain its corporate identity and existence so long as any of the Bonds remain Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities and duties of the City and is obligated by law to comply with the terms and provisions of the Bond Ordinance without materially adversely affecting at any time the privileges and rights of any Owner of any Outstanding Bond.

Restrictions on Mortgage or Sale of System

The City will not mortgage, pledge or otherwise encumber the System or any part thereof, nor will it sell, lease or otherwise dispose of the System or any material part thereof; provided, however, the City may:

(a) sell at fair market value any portion of the System which shall have been replaced by other similar property of at least equal value, or which shall cease to be necessary for the efficient operation of the System, and in the event of sale, the City will apply the proceeds to either (1) redemption of Outstanding Bonds in accordance with the provisions governing redemption of Bonds in advance of Stated Maturity, or (2) replacement of the property so disposed of by other property the Revenues of which shall be incorporated into the System;

(b) cease to operate, abandon or otherwise dispose of any property which has become obsolete, nonproductive or otherwise unusable to the advantage of the City;

(c) lease, (1) as lessor, any real or personal property which is unused or unimproved, or which has become obsolete, nonproductive or otherwise unusable to the advantage of the City, or which is being acquired as a part of a lease/purchase financing for the acquisition and/or improvement of such property; and/or (2) as lessee, with an option of the City to purchase, any real or personal property for the extension and improvement of the System. Property being leased as lessor and/or lessee pursuant to the Bond Ordinance shall not be treated as part of the System for purposes of the Bond Ordinance and may be mortgaged, pledged or otherwise encumbered; or

(d) sell, lease or convey all or substantially all of the System to another entity or enter into a management contract with another entity if:

(1) The transferee entity or management company is a political subdivision organized and existing under the laws of the State of Missouri, or instrumentality thereof, or an organization described in Section 501(c)(3) of the Code, and expressly assumes in writing the due and punctual payment of the principal of and premium, if any, and interest on all outstanding System Revenue Bonds according to their tenor, and the due and punctual performance and observance of all of the covenants and conditions of the Bond Ordinance and all Parity Ordinances;

(2) If there remains unpaid any System Revenue Bonds which bears interest that is not includable in gross income under the Code, the City receives an opinion of Bond Counsel, in form and substance satisfactory to the City, to the effect that under then existing law the consummation of such sale, lease or conveyance, or delivery of the management agreement, whether or not contemplated on any date of the delivery of such System Revenue Bond, would not cause the interest payable on such System Revenue Bonds to become includable in gross income under the Code;

(3) The City receives a certificate of the Consultant which demonstrates and certifies that immediately upon such sale or conveyance, or the delivery of the management agreement, the transferee entity will not, as a result thereof, be in default in the performance or observance of any covenant or agreement to be performed or observed by it under the Bond Ordinance or any Parity Ordinance;

(4) Such transferee entity or management company possesses such licenses to operate the System as may be required if it is to operate the System; and

(5) The City receives an opinion of Bond Counsel, in form and substance satisfactory to the City, as conclusive evidence that any such sale, lease, conveyance or management agreement, and any such assumption, is permitted by law and complies with the provisions of the Bond Ordinance.

Insurance

The City will carry and maintain insurance with respect to the System and its operations against casualties, contingencies and risks (including but not limited to property and casualty, fire and extended coverage insurance upon all of the properties forming a part of the System insofar as the same are of an insurable nature, public liability, worker's compensation and employee dishonesty insurance), such insurance to be of the character and coverage and in such amounts as would normally be carried by other enterprises engaged in similar activities of comparable size and similarly situated. In the event of loss or damage, the City, with reasonable dispatch, will use the proceeds of such insurance in reconstructing and replacing the property damaged or destroyed, or in paying the claims on account of which such proceeds were received, or if such reconstruction or replacement is unnecessary or impracticable, then the City will pay and deposit the proceeds of such insurance into the Revenue Fund. The City will annually review the insurance it maintains with respect to the System to determine that it is customary and adequate to protect its property and operations. The City may elect to be self-insured for all or any part of the foregoing requirements if (i) the City annually

obtains a written evaluation with respect to such self-insurance program from an Insurance Consultant, (ii) the evaluation is to the effect that the self-insurance program is actuarially sound, and (iii) unless the evaluation states that such reserves are not necessary, the City deposits and maintains adequate reserves for the self-insurance program with a corporate trustee, who may be the Paying Agent. The City shall pay any fees and expenses of such Insurance Consultant in connection therewith. The cost of all such insurance shall be paid as an Expense out of the Revenues of the System.

Books, Records and Accounts

The City will install and maintain proper books, records and accounts (entirely separate from all other records and accounts of the City) in which complete and correct entries will be made of all dealings and transactions of or in relation to the System. Such accounts shall show the amount of Revenues of the System, the application of such Revenues, and all financial transactions in connection therewith. Said books shall be kept by the City according to standard accounting practices as applicable to the operation of facilities comparable to the System.

Annual Budget

Prior to the commencement of each fiscal year, the City will cause to be prepared and filed with the City Clerk a budget setting forth the estimated receipts and expenditures of the System for the next succeeding fiscal year. The City Clerk, promptly upon the filing of said budget in the City Clerk's office, will mail a copy of said budget to the Purchaser of the Bonds.

Annual Audit

Annually, promptly after the end of the fiscal year, the City will cause an audit of the System to be made for the preceding fiscal year by an Accountant to be employed for that purpose and paid from the Revenues. Said annual audit shall cover in reasonable detail the operation of the System during such fiscal year. Within 30 days after the completion of each such audit, a copy thereof shall be filed in the office of the City Clerk, and a duplicate copy of the audit shall be submitted to the Municipal Securities Rulemaking Board through the Electronic Municipal Market Access system. Such audits shall at all times during the usual business hours be open to the examination and inspection by any Registered Owner of any of the Bonds, or by anyone acting for or on behalf of such Registered Owner.

As soon as possible after the completion of the annual audit, the governing body of the City shall review such audit, and if any audit shall disclose that proper provision has not been made for all of the requirements of the Bond Ordinance, the City will promptly cure such deficiency and will promptly proceed to increase the rates and charges to be charged for the use and services furnished by the System as may be necessary to adequately provide for such requirements.

Right of Inspection

The Purchaser of the Bonds or any Registered Owner or Owners of 10% of the principal amount of the Bonds then Outstanding shall have the right at all reasonable times to inspect the System and all records, accounts and data relating thereto (except customer information that is confidential), and shall be furnished all such information concerning the System and the operation thereof which the Purchaser or such Registered Owner or Owners may reasonably request.

Performance of Duties and Covenants

The City will faithfully and punctually perform all duties, covenants and obligations with respect to the operation of the System imposed upon the City by the Constitution and laws of the State of Missouri and by the provisions of the Bond Ordinance.

Tax Covenants

The City covenants and agrees that (1) it will comply with all applicable provisions of the Code necessary to maintain the exclusion from federal gross income of the interest on the Bonds and (2) it will not use or permit the use of any proceeds of Bonds or any other funds of the City, nor take or permit any other action, or fail to take any action, if any such action or failure to take action would adversely affect the exclusion from federal gross income of the interest on the Bonds.

Senior Lien Bonds

The City covenants and agrees that so long as any of the Bonds remain Outstanding, the City will not issue any additional bonds or incur or assume any other debt obligations appearing as liabilities on the balance sheet of the System for the payment of moneys determined in accordance with accounting principles generally accepted in the United States of America, consistently applied, including capital leases as defined by accounting principles generally accepted in the United States of America, payable out of the Net Revenues of the System or any part thereof which are superior to the Bonds.

Parity Bonds and Other Obligations

The City covenants and agrees that so long as any of the Bonds remain Outstanding, it will not issue any additional bonds or other long-term obligations payable out of the Net Revenues of the System or any part thereof which stand on a parity or equality with the Bonds ("Parity Bonds") unless the following conditions are met:

(a) The City shall not be in default in the payment of principal of or interest on any Bonds or any System Revenue Bonds at the time outstanding or in making any payment at the time required to be made into the respective funds and accounts created by and referred to in the Bond Ordinance or any Parity Ordinance for Parity Bonds at the time outstanding (unless such additional revenue bonds or obligations are being issued to provide funds to cure such default); and

(b) The City shall obtain any of the following:

(1) A certificate of an authorized official of the City to the effect that the Net Revenues derived by the City from the operation of the System as set forth in the most recent fiscal year preceding the issuance of additional bonds for which audits are available, shall have been equal to at least 110% of the Average Annual Debt Service required to be paid out of said Net Revenues in succeeding fiscal years on account of both principal (at maturity or upon mandatory redemption) and net interest or interest-like payments becoming due with respect to all System Revenue Bonds of the City, including the additional bonds proposed to be issued. In determining the Net Revenues for the purpose of this paragraph, the City may adjust said Net Revenues by adding thereto, in the event the City shall have made any increase in rates for the use and services of the System and such increase shall not have been in effect during all of the fiscal year immediately preceding the issuance of additional bonds, the amount of the additional Net Revenues which would have

resulted from the operation of the System during said preceding fiscal year had such rate increase been in effect for the entire period; or

(2) A report of a Consultant to the effect that the estimated Net Revenues derived by the City from the operation of the System for the fiscal year immediately following the issuance of the additional bonds, or if improvements to the System are being financed by such additional bonds, the fiscal year immediately following the fiscal year in which the improvements to the System, the cost of which is being financed by such additional bonds, are to be in commercial operation, as certified by a Consultant, shall be equal to at least 110% of the Average Annual Debt Service required to be paid out of said Net Revenues in succeeding fiscal years following such commercial operation on account of both principal (at maturity or upon mandatory redemption) and net interest or interest like payments becoming due with respect to all System Revenue Bonds of the City, including the additional bonds proposed to be issued. In determining the amount of estimated Net Revenues for the purpose of this paragraph, a Consultant may adjust said estimated Net Revenues by adding thereto any estimated increase in Net Revenues resulting from any increase in rates for the use and services of the System which have been approved by the City.

Additional bonds or obligations of the City issued under the conditions set forth above shall stand on a parity with the Bonds and shall enjoy complete equality of lien on and claim against the Net Revenues with the Bonds, and the City may make equal provision for paying said bonds or obligations and the interest thereon out of the Revenue Fund and may likewise provide for the creation of reasonable debt service accounts and debt service reserve accounts for the payment of such additional bonds or obligations and the interest thereon out of moneys in the Revenue Fund.

Junior Lien Bonds and Other Obligations

Nothing in the Bond Ordinance shall prohibit or restrict the right of the City to issue additional revenue bonds or other revenue obligations for any lawful purpose in connection with the operation of the System and to provide that the principal of and interest on said revenue bonds or obligations shall be payable out of the Net Revenues of the System, provided at the time of the issuance of such additional revenue bonds or obligations the City shall not be in default in the performance of any covenant or agreement contained in the Bond Ordinance or any other ordinance relating to System Revenue Bonds (unless such additional revenue bonds or obligations are being issued to provide funds to cure such default), and provided further that such additional revenue bonds or obligations shall be junior and subordinate to the Bonds so that if at any time the City shall be in default in paying either interest on or principal of the Bonds, or if the City shall be in default in making any payments required to be made by it under the provisions of the Bond Ordinance, the City shall make no payments of either principal of or interest on said junior and subordinate revenue bonds or obligations until said default or defaults be cured. In the event of the issuance of any such junior and subordinate revenue bonds or obligations, the City, subject to the provisions aforesaid, may make provision for paying the principal of and interest on said revenue bonds or for paying said obligations out of moneys in the Revenue Fund.

Refunding Bonds

The City shall have the right to refund any of the Bonds or any Parity Bonds under the provisions of any law then available in a manner which provides present value debt service savings, and the refunding bonds so issued shall enjoy complete equality of pledge with any of the Bonds or the Parity Bonds which are not refunded, if any, upon the revenues of the System.

Acceleration of Maturity Upon Default

The City covenants and agrees that (i) if it defaults in the payment of the principal of or interest on any of the Bonds as the same become due on any Bond Payment Date, (ii) if the City or its governing body or any of the officers, agents or employees thereof fail or refuse to comply with any of the provisions of the Bond Ordinance or of the constitution or statutes of the State of Missouri and such default continues for a period of 30 days after written notice specifying such default has been given to the City by the Paying Agent or the Registered Owner of any Bond then Outstanding, or (iii) any bankruptcy, reorganization, debt arrangement, moratorium or any proceeding under bankruptcy or insolvency law, or any dissolution or liquidation proceeding, is instituted by or against the City, and if instituted against the City, is consented to by the City or is not dismissed within 60 days, then, at any time thereafter and while such default continues, the Registered Owners of 25% in principal amount of the Bonds then Outstanding may, by written notice to the City filed in the office of the City Clerk or delivered in person to said City Clerk, declare the principal of all Bonds then Outstanding to be due and payable immediately, and upon any such declaration given as aforesaid, all of said Bonds shall become and be immediately due and payable, anything in the Bond Ordinance or in the Bonds contained to the contrary notwithstanding. This provision, however, is subject to the condition that if at any time after the principal of said Outstanding Bonds has been so declared to be due and payable, all arrears of interest upon all of said Bonds, except interest accrued but not yet due on such Bonds, and all arrears of principal upon all of said Bonds has been paid in full and all other defaults, if any, by the City under the provisions of the Bond Ordinance and under the provisions of the statutes of the State of Missouri have been cured, then and in every such case the Registered Owners of a majority in principal amount of the Bonds then Outstanding, by written notice to the City given as specified above, may rescind and annul such declaration and its consequences, but no such rescission or annulment shall extend to or affect any subsequent default or impair any rights consequent thereon.

Other Remedies

The provisions of the Bond Ordinance, including the covenants and agreements therein contained, shall constitute a contract among the City and the Registered Owners of the Bonds, and the Registered Owner or Owners of not less than 10% in principal amount of the Bonds at the time Outstanding shall have the right for the equal benefit and protection of all Registered Owners of Bonds similarly situated:

- (a) by mandamus or other suit, action or proceedings at law or in equity to enforce the rights of such Registered Owner or Owners against the City and its officers, agents and employees, and to require and compel duties and obligations required by the provisions of the Bond Ordinance or by the constitution and laws of the State of Missouri;
- (b) by suit, action or other proceedings in equity or at law to require the City, its officers, agents and employees to account as if they were the trustees of an express trust; and
- (c) by suit, action or other proceedings in equity or at law to enjoin any acts or things which may be unlawful or in violation of the rights of the Registered Owners of the Bonds.

Limitation on Rights of Bondowners

No one or more Bondowners shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security granted and provided for in the Bond Ordinance, or to enforce any right thereunder, except in the manner therein provided, and all proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all Registered Owners of such Outstanding Bonds.

Remedies Cumulative

No remedy conferred in the Bond Ordinance upon the Bondowners is intended to be exclusive of any other remedy, but each such remedy shall be cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred therein. No waiver of any default or breach of duty or contract by the Registered Owner of any Bond shall extend to or affect any subsequent default or breach of duty or contract or shall impair any rights or remedies consequent thereon. No delay or omission of any Bondowner to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the Registered Owners of the Bonds by the Bond Ordinance may be enforced and exercised from time to time and as often as may be deemed expedient. If any suit, action or proceedings taken by any Bondowner on account of any default or to enforce any right or exercise any remedy has been discontinued or abandoned for any reason, or shall have been determined adversely to such Bondowner, then, and in every such case, the City and the Registered Owners of the Bonds shall be restored to their former positions and rights under the Bond Ordinance, respectively, and all rights, remedies, powers and duties of the Bondowners shall continue as if no such suit, action or other proceedings had been brought or taken.

No Obligation to Levy Taxes

Nothing contained in the Bond Ordinance shall be construed as imposing on the City any duty or obligation to levy any taxes either to meet any obligation incurred therein or to pay the principal of or interest on the Bonds.

Defeasance

When any or all of the Bonds or the interest payments thereon shall have been paid and discharged, then the requirements contained in the Bond Ordinance and the pledge of Net Revenues made thereunder and all other rights granted by the Bond Ordinance shall terminate with respect to the Bonds or interest payments so paid and discharged. Bonds or the interest payments thereon shall be deemed to have been paid and discharged within the meaning of the Bond Ordinance if there has been deposited with the Paying Agent or other commercial bank or trust company qualified to do business in the State of Missouri and having full trust powers, at or prior to the Stated Maturity or Redemption Date of said Bonds or the interest payments thereon, in trust for and irrevocably appropriated thereto, moneys and/or Defeasance Obligations which, together with the interest to be earned thereon, will be sufficient for the payment of the principal or Redemption Price of said Bonds, and/or interest to accrue on such Bonds to the Stated Maturity or Redemption Date, as the case may be, or if default in such payment shall have occurred on such date, then to the date of the tender of such payments; provided, however, that if any such Bonds shall be redeemed prior to the Stated Maturity thereof, (1) the City shall have elected to redeem such Bonds, and (2) either notice of such redemption shall have been given, or the City shall have given irrevocable instructions, or shall have provided for an escrow agent to give irrevocable instructions, to the Paying Agent to redeem such Bonds in compliance with the Bond Ordinance. Any moneys and Defeasance Obligations that at any time shall be deposited with the Paying Agent or other commercial bank or trust company by or on behalf of the City, for the purpose of paying and discharging any of the Bonds or the interest payments thereon, shall be and are assigned, transferred and set over to the Paying Agent or other bank or trust company in trust for the respective Registered Owners of such Bonds, and such moneys shall be and are irrevocably appropriated to the payment and discharge thereof. All moneys and Defeasance Obligations deposited with the Paying Agent or other bank or trust company shall be deemed to be deposited in accordance with and subject to all of the provisions contained in the Bond Ordinance.

In the event funds are deposited with the Paying Agent or other commercial bank or trust company more than 90 days prior to the maturity or redemption date of the Bonds, the City shall cause to be delivered a verification report of an Accountant verifying the sufficiency of the amounts on deposit with the Paying Agent or other escrow agent to provide for payment in full of the Bonds.

Amendments

The rights and duties of the City and the Bondowners, and the terms and provisions of the Bonds or of the Bond Ordinance, may be amended or modified at any time in any respect by ordinance of the City with the written consent of the Registered Owners of not less than a majority in principal amount of the Bonds then Outstanding, such consent to be evidenced by an instrument or instruments executed by such Registered Owners and duly acknowledged or proved in the manner of a deed to be recorded, and such instrument or instruments shall be filed with the City Clerk, but no such modification or alteration shall:

- (a) extend the maturity of any payment of principal or interest due upon any Bond;
- (b) effect a reduction in the amount which the City is required to pay by way of principal or of interest on any Bond;
- (c) permit the creation of a lien on the Net Revenues of the System prior or equal to the lien of the Bonds or Parity Bonds;
- (d) permit preference or priority of any Bonds over any other Bonds; or
- (e) reduce the percentage in principal amount of Bonds required for the written consent to any modification or alteration of the provisions of the Bond Ordinance.

Any provision of the Bonds or of the Bond Ordinance may, however, be amended or modified by ordinance duly adopted by the governing body of the City at any time in any respect with the written consent of the Registered Owners of all of the Bonds at the time Outstanding.

Without notice to or the consent of any Bondowners, the City may amend or supplement the Bond Ordinance for the purpose of curing any formal defect, omission, inconsistency or ambiguity therein or in connection with any other change therein which is not materially adverse to the interests of the Bondowners.

APPENDIX D

CONTINUING DISCLOSURE CERTIFICATE

Dated as of March 5, 2020

By

CITY OF BELTON, MISSOURI

relating to

\$2,625,000
CITY OF BELTON, MISSOURI
SEWERAGE SYSTEM REFUNDING REVENUE BONDS
SERIES 2020

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate dated as of March 5, 2020 (the “**Continuing Disclosure Certificate**”), is executed and delivered by **CITY OF BELTON, MISSOURI** (the “**Issuer**”).

RECITALS

1. This Continuing Disclosure Certificate is executed and delivered by the Issuer in connection with the delivery by the Issuer of \$2,625,000 original principal amount of Sewerage System Refunding Revenue Bonds, Series 2020 (the “**Bonds**”), pursuant to an ordinance adopted by the governing body of the Issuer on February 25, 2020 (the “**Ordinance**”).

2. The Issuer is entering into this Continuing Disclosure Certificate for the benefit of the Beneficial Owners (defined hereafter) of the Bonds and in order to assist the Participating Underwriter (defined hereafter) in complying with Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934 (the “**Rule**”). The Issuer is the only “**obligated person**” (as defined by the Rule) with responsibility for continuing disclosure under this Continuing Disclosure Certificate.

The Issuer covenants and agrees as follows:

Section 1. Definitions. In addition to the definitions set forth in the Ordinance, which apply to any capitalized term used in this Continuing Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“**Annual Report**” means any Annual Report filed by the Issuer pursuant to, and as described in, **Section 2** of this Continuing Disclosure Certificate.

“**Beneficial Owner**” means any registered owner of any Bonds and any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“**EMMA**” means the Electronic Municipal Market Access system for municipal securities disclosures established and maintained by the MSRB, which can be accessed at www.emma.msrb.org.

“**Financial Obligation**” means a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of (a) or (b) in this definition; *provided however*, the term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

“**Fiscal Year**” means the 12-month period beginning on April 1 and ending on March 31 or any other 12-month period selected by the Issuer as the Fiscal Year of the Issuer for financial reporting purposes.

“**Material Events**” means any of the events listed in **Section 3** of this Continuing Disclosure Certificate.

“**MSRB**” means the Municipal Securities Rulemaking Board, or any successor repository designated as such by the Securities and Exchange Commission in accordance with the Rule.

“**Participating Underwriter**” means any of the original underwriters of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

“**Rule**” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 2. Provision of Annual Reports.

(a) The Issuer shall, not later than the last day of the **sixth** month after the end of the Issuer’s Fiscal Year, commencing with the Fiscal Year ended March 31, 2020, provide to the MSRB, through EMMA, the following financial information and operating data (the “**Annual Report**”):

(1) The audited financial statements of the City for the prior fiscal year. If audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in this Official Statement, and the audited financial statements will be filed in the same manner as the Annual Report promptly after they become available. The audited financial statements of the City are currently prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. If the City changes the format of its financial statements, (1) notice of such change shall be given in the same manner as for a Material Event, and (2) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

(2) Updates as of the end of the Fiscal Year of financial information and operating data contained in the final Official Statement related to the Bonds, as described in **Exhibit A**, in substantially the same format contained in the final Official Statement with such adjustments to formatting or presentation determined to be reasonable by the Issuer.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues with respect to which the Issuer is an “**obligated person**” (as defined by the Rule), that have been filed with the MSRB and are available through EMMA or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the MSRB on EMMA. The Issuer shall clearly identify each such other document so included by reference.

In each case, the Annual Report may be filed as a single document or as separate documents comprising a package, and may cross-reference other information as provided in this Section; provided that the audited financial statements of the Issuer may be filed separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the Issuer’s Fiscal Year changes, it shall give notice of such change in the same manner as for a Material Event under **Section 3**.

- (b) The Annual Report shall be filed with the MSRB in such manner and format as is prescribed by the MSRB.

Section 3. Reporting of Material Events. No later than 10 business days after the occurrence of any of the following events, the Issuer shall give, or cause to be given to the MSRB, through EMMA, notice of the occurrence of any of the following events with respect to the Bonds (“**Material Events**”):

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions or events affecting the tax-exempt status of the Bonds;
- (7) modifications to rights of bondowners;
- (8) optional, contingent or unscheduled bond calls;
- (9) defeasances;
- (10) release, substitution or sale of property securing repayment of the Bonds; or
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the City;
- (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (14) appointment of a successor or additional trustee or the change of name of the trustee, if material;
- (15) incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

If the Issuer has not filed the Annual Report to the MSRB by the date required in **Section 2(a)**, the Issuer shall send a timely notice to the MSRB of the failure of the Issuer to file on a timely basis the Annual Report, which notice shall be given by the Issuer in accordance with this **Section 3**.

Section 4. Termination of Reporting Obligation. The Issuer’s obligations under this Continuing Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If the Issuer’s obligations under this Continuing Disclosure Certificate are assumed in full by some other entity, such person shall be responsible for compliance with this Continuing Disclosure Certificate in the same manner as if it were the Issuer, and the Issuer shall have no further responsibility hereunder. If such termination or substitution occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination or substitution in the same manner as for a Material Event under **Section 3**.

Section 5. Dissemination Agents. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Continuing Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report (including without limitation the Annual Report) prepared by the Issuer pursuant to this Continuing Disclosure Certificate.

Section 6. Amendment; Waiver. Notwithstanding any other provision of this Continuing Disclosure Certificate, the Issuer may amend this Continuing Disclosure Certificate and any provision of this Continuing Disclosure Certificate may be waived, provided that Bond Counsel or other counsel experienced in federal securities law matters provides the Issuer with its opinion that the undertaking of the Issuer, as so amended or after giving effect to such waiver, is in compliance with the Rule and all current amendments thereto and interpretations thereof that are applicable to this Continuing Disclosure Certificate.

In the event of any amendment or waiver of a provision of this Continuing Disclosure Certificate, the Issuer shall describe such amendment or waiver in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (1) notice of such change shall be given in the same manner as for a Material Event under **Section 3**, and (2) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 7. Additional Information. Nothing in this Continuing Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Continuing Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that required by this Continuing Disclosure Certificate. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Material Event, in addition to that specifically required by this Continuing Disclosure Certificate, the Issuer shall have no obligation under this Continuing Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

Section 8. Default. If the Issuer fails to comply with any provision of this Continuing Disclosure Certificate, the Paying Agent, the Underwriter or any Owner or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Issuer to comply with its obligations under this Continuing Disclosure Certificate. A default under this Continuing Disclosure Certificate shall not be deemed an event of default under the Ordinance or the Bonds, and the sole remedy under this Continuing Disclosure Certificate in the event of any failure of the Issuer to comply with this Continuing Disclosure Certificate shall be an action to compel performance.

Section 9. Beneficiaries. This Continuing Disclosure Certificate shall inure solely to the benefit of the Issuer, the Participating Underwriter, and the Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Section 10. Severability. If any provision in this Continuing Disclosure Certificate, the Ordinance or the Bonds shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 11. Electronic Transactions. The arrangement described herein may be conducted and related documents may be stored, received or delivered by electronic means. Copies, telecopies, facsimiles, electronic files and other reproductions of original documents shall be deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law.

Section 12. Governing Law. This Continuing Disclosure Certificate shall be governed by and construed in accordance with the laws of the State of Missouri.

Section 13. Counterparts. This Continuing Disclosure Certificate may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.
