CARLSBAD MUNICIPAL SCHOOL DISTRICT
Eddy County, New Mexico
General Obligation School Bonds
Series 2020

Preliminary Official Statement, subject to completion,
Dated February 19, 2020

The Preliminary Official Statement, dated February 19, 2020 relating to the above-described bonds (the "Bonds") of the Carlsbad Municipal School District (the "Issuer"), has been posted on the internet as a matter of convenience. The posted version of the Preliminary Official Statement has been formatted in Adobe Portable Document Format (Adobe Acrobat XI). Although this format should replicate the Preliminary Official Statement available from the Issuer, its appearance may vary for a number of reasons, including electronic communication difficulties or particular user software or hardware. Using software other than Adobe Acrobat XI may cause the Preliminary Official Statement that you view or print to differ in format from the Preliminary Official Statement.

The Preliminary Official Statement and the information contained therein are subject to completion or amendment or other change without notice. Under no circumstances shall the Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

For purposes of Rule 15c2-12 promulgated by the United States Securities and Exchange Commission, the Preliminary Official Statement alone, and no other document or information on the internet, constitutes the "Official Statement" that the Issuer has deemed "final" as of its date in respect of the Bonds, except for certain pertinent information permitted to be omitted therefrom.

No person has been authorized to give any information or to make any representations other than those contained in the Preliminary Official Statement in connection with the offer and sale of the Bonds, and, if given or made, such information or representations must not be relied upon as having been authorized. The information and expressions of opinion in the Preliminary Official Statement are subject to change without notice and neither the delivery of the Official Statement nor any sale made thereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date of the Preliminary Official Statement.

By choosing to proceed and view the electronic version of the Preliminary Official Statement, you acknowledge that you have read and understood this Notice.

Preliminary Official Statement dated February 19, 2020

PRELIMINARY OFFICIAL STATEMENT DATED FEBRUARY 19, 2020

**\$30,000,000⁽¹⁾
CARLSBAD MUNICIPAL SCHOOL DISTRICT
Eddy County, New Mexico
General Obligation School Bonds
Series 2020**

**NEW ISSUE
Book-Entry Only**

Moody's Rating: Aa3 Underlying/Aa3 Enhanced

PURPOSES	Proceeds of the Bonds will be used for the purpose of (i) erecting, remodeling, making additions to and furnishing school buildings and purchasing or improving school grounds and purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of these purposes and (ii) paying costs of issuance.
THE BONDS	The Bonds are issuable as fully registered bonds and when initially issued will be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York ("DTC"). Purchases of the Bonds will be made in book-entry-only form, in the principal amount of \$5,000 or any integral multiple thereof, through brokers and dealers who are, or who act through a DTC Participant. Beneficial owners of the Bonds will not be entitled to receive physical delivery of bond certificates so long as DTC or a successor securities depository acts as the securities depository with respect to the Bonds. Interest on the Bonds is payable on each August 1 and February 1, commencing August 1, 2020. As long as DTC or its nominee is the registered owners of the Bonds, reference in this Official Statement to registered owner will mean Cede & Co., and payments of principal of and interest on the Bonds will be made directly to DTC by the Paying Agent. Disbursements of such payments to DTC Participants is the responsibility of DTC. See "The Bonds - Book-Entry Only System". BOKF, N.A., Albuquerque, New Mexico (or successor in function) is the Registrar and Paying Agent for the Bonds.
OPTIONAL REDEMPTION	The Series 2020 Bonds are subject to redemption prior to maturity as provided herein. See "THE BONDS."
SECURITY	The Bonds are general obligations of the Carlsbad Municipal School District, Eddy County, New Mexico, payable solely out of general ad valorem (property) taxes which are required to be levied against all taxable property in the District without limitation as to rate or amount.
BOND AND TAX OPINION	In the opinion of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Bond Counsel, under existing law and assuming continuous compliance with certain covenants in the documents relating to the Bonds and requirements of the Internal Revenue Code of 1986, as amended, (the "Code") interest on the Bonds is excluded from gross income for federal income tax purposes, and the interest on the Bonds is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations. However, for the purpose of computing the alternative minimum tax imposed on certain corporations (as defined for federal income tax purposes) such interest is taken into account in determining adjusted current earnings. Bond Counsel is further of the opinion that interest on the Bonds is excluded from net income for purposes of certain New Mexico taxes imposed on individuals, estates, trusts and corporations. Bond Counsel expresses no opinion regarding other federal income tax consequences relating to the accrual or receipt of interest on the Bonds.
DELIVERY	When, as and if issued, through DTC's facilities, on or about March 18, 2020.
DATED DATE	Date of delivery March 18, 2020.
DUE DATE	August 1, as shown below:

A Few Words About Official Statements

Official statements for municipal securities issues – like this one – contain the only “official” information about a particular issue of municipal securities. This Official Statement is not an offer to sell or solicitation of an offer to buy Bonds in any jurisdiction where it is unlawful to make such offer, solicitation or sale and no unlawful offer, solicitation or sale of the Bonds may occur through this Official Statement or otherwise. This Official Statement is not a contract and provides no investment advice. Investors should consult their advisors and legal counsel with their questions about this Official Statement, the Bonds or anything else related to this issue.

MARKET STABILIZATION

In connection with this Official Statement, the Underwriter may over-allot or effect transactions which stabilize and maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. The Underwriter is not obligated to do this and is free to discontinue it at any time.

The estimates, forecasts, projections and opinions in this Official Statement are not hard facts, and no one, including the District, guarantees them.

The information set forth or included in this Official Statement has been provided by the District and from other sources believed by the District to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale hereunder shall create any implication that there has been no change in the financial condition or operations of the District described herein since the date hereof. This Official statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions or that they will be realized.

Bond Counsel, Modrall, Sperling, Roehl, Harris & Sisk, P.A., Albuquerque, New Mexico was not requested and did not take part in the preparation of the Official Statement nor has this firm undertaken to independently verify any of the information contained herein. Such firm has no responsibility for the accuracy or completeness of any information furnished in connection with any offer or sale of the Bonds in the Official Statement or otherwise. The legal fees to be paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are contingent, in part, upon the sale and delivery of such Bonds and all legal fees will be paid from bond proceeds.

Any part of this Official Statement may change at any time, without prior notice. Also, important information about the District and other relevant matters may change after the date of this Official Statement.

All document summaries are just that – they are not complete or definitive, and they may omit relevant information. Such documents are qualified in their entirety to the complete documents. \$30,000,000 ⁽¹⁾
Carlsbad Municipal School District
County of Eddy, New Mexico
General Obligation School Bonds, Series 2020

INTRODUCTION:

Thank you for your interest in learning more about the \$30,000,000⁽¹⁾ Carlsbad Municipal School District, County of Eddy, New Mexico (the "District"), General Obligation School Bonds, Series 2020 (the "Bonds"). This Preliminary Official Statement will tell you about the Bonds, their security, the District and the risks involved in an investment in the Bonds.

Although the District has approved this Official Statement, the District does not intend it to substitute for competent investment advice, tailored for your situation.

The Bonds are fully registered bonds in denominations of \$5,000 or integral multiples thereof as described in the Bond Resolution. The Bonds mature and bear interest as presented on the cover page of this Official Statement.

The Financial Advisor

RBC Capital Markets, LLC (the "Financial Advisor") is employed as Financial Advisor to the District in connection with the issuance of the Bonds. The Financial Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the issuance and delivery of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make an independent verification of or assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

The Issuer

The District is a political subdivision of the State of New Mexico organized for the purpose of operating and maintaining an educational program for the school-aged children residing within its boundaries. The District encompasses approximately 2,497 square miles, which includes the City of Carlsbad and unincorporated portions of Eddy County (the "County") in the southeastern area of New Mexico. The District's 2019 Assessed Valuation is \$4,183,309,304 and its enrollment is 8,677 students. See "THE DISTRICT."

Limited Role of Auditors

Except for the audited financial statements of the District for the year ended June 30, 2019, contained in Appendix B, this Preliminary Official Statement presents unaudited financial and statistical information from District records and other sources.

Purpose

Proceeds of the Bonds will be used for the purposes of (i) erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds and purchasing computer software and hardware for student use in public school classrooms, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act or any combination of these purposes; and (ii) paying costs of issuance. The sale of Bonds represents the first series of \$80 million authorized by voters in November, 2019.

THE BONDS

New Mexico law (NMSA 1978, §§ 6-15-1 through 6-15-22) enables the District to issue the Bonds. The New Mexico Attorney General will provide a written approving opinion with respect to the Bonds.

General Terms

The Bonds will bear interest at the rates and mature in the amounts and on the dates shown on the front cover of this Official Statement. All Bonds are fully registered in denominations of \$5,000 or multiples of \$5,000. Bond payments will be made by the Paying Agent/Registrar to The Depository Trust Company ("DTC"), and DTC will then remit the payments to its participants for disbursement to the beneficial owners of the Bonds. See "Book-Entry-Only System" in Appendix C.

Security for the Bonds

The Bonds are general obligation bonds of the District and are payable from ad valorem taxes which shall be levied against all taxable property within the boundaries of the District without limitation as to rate or amount. The Bonds are additionally secured by the New Mexico Credit Enhancement Program as discussed in more detail under "NEW MEXICO CREDIT ENHANCEMENT PROGRAM," herein. The District will covenant in the Bond Resolution to levy, in addition to all other taxes, direct annual ad valorem taxes sufficient to pay the principal of and interest on the Bonds. The District may pay the principal of and interest on the Bonds from any funds belonging to the District, which funds may be reimbursed from the ad valorem taxes when the same are collected.

Registrar and Paying Agent

BOKF, N.A., Albuquerque, New Mexico (or successor in function) will serve as the Registrar (the "Registrar") and Paying Agent (the "Paying Agent") for the Bonds.

In the bond resolution, the District covenants to provide a Paying Agent/Registrar at all times until the Bonds are paid, and any Paying Agent/Registrar selected by the District shall be a commercial bank, a trust company, a financial institution or any other entity, as provided by State law, duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar. The Registration Books for the Bonds will be maintained by the Paying Agent/Registrar containing the names and addresses of the registered owners of the Bonds. In the bond resolution, the District retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, such Paying Agent/Registrar, promptly upon the appointment of a successor, is required to deliver the Registration Books to the successor Paying Agent/Registrar. In the event there is a change in the Paying Agent/Registrar for the Bonds the District has agreed to notify each registered owner of the Bonds affected by the change by United States mail, first-class postage prepaid, at the address in the Registration Books, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar.

Payment of Principal and Interest; Record Date

The principal of the Bonds is payable to the registered owners of the Bonds at the principal office of the Paying Agent. Interest on the Bonds is payable by check or draft of the Paying Agent mailed on or before each interest payment date to the registered owners of the Bonds as of the close of business on the 15th day of the month (whether or not a business day) immediately preceding the interest payment date (the "Regular Record Date") at the addresses appearing in the registration books maintained by the Registrar. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first-class postage prepaid, to the address of each Owner of a Bond appearing on the registration books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Optional Prior Redemption

Bonds maturing on and after August 1, 2029, are subject to redemption prior to their maturity on or after August 1, 2028, at the option of the District, in whole or in part at any time, at par value. The Bonds will be redeemed in \$5,000 units or

multiples of \$5,000. The redemption price will equal principal of Bonds being redeemed plus accrued interest to the redemption date, without any premium. If the District redeems only part of the Bonds of a given maturity, the Registrar will select those Bonds by lot.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption required by the Resolution have been met and moneys sufficient to pay the principal of and interest on the Bonds to be redeemed shall have been received by the Paying Agent/Registrar prior to the giving of such notice of redemption, such notice shall state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such moneys by the Paying Agent/Registrar on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient moneys are not received, such notice shall be of no force and effect, the District shall not redeem such Bonds and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

Redemption Notices

Notice of prior redemption shall be given by the Registrar by sending a copy of such notice by first-class, postage prepaid mail, not less than 30 days prior to the redemption date as shown on the registration books as of the date of selection of the bonds to be redeemed. Failure to give such notice by mailing to the registered owner of any Bond, any defect therein, shall not affect the validity of the proceedings for the redemption of any of the Bonds.

While the Bonds remain under the Book-Entry-Only System, the Paying Agent/Registrar will send notices only to DTC. Any problems from DTC through its system to the beneficial owners of the Bonds will not affect the validity of the Bond redemption or any other action based on the Paying Agent/Registrar's notice. Investors in the Bonds might consider arranging to receive redemption notices or other communications from DTC which affect them, including notice of interest payments. See "**Book-Entry Only System**" in Appendix C.

If the Paying Agent/Registrar gives proper redemption notice and the Paying Agent/Registrar holds money to pay the redemption price of the affected Bonds, then on the redemption date the Bonds called for redemption will become due and payable. Thereafter, no interest will accrue on those Bonds, and their owners' only right will be to receive payment of the redemption price upon surrender of those Bonds to the Registrar.

Transfers and Exchanges

In the event the Book-Entry-Only System should be discontinued, the Bonds may be transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar and such transfer or exchange will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration, exchange and transfer. A Bond may be assigned by the execution of an assignment form on the Bond or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the principal office of the Paying Agent/Registrar, or sent by United States mail, first-class, postage prepaid, to the new registered owner or his designee. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three business days after the receipt of the Bonds to be canceled, and the written instrument of transfer or request for exchange duly executed by the registered owner of his duly authorized agent, in a form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in any integral multiple of \$5,000 for any one maturity and for a like aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. See Appendix C - "**Book-Entry-Only System**" herein.

Limitation on Transfer of Bonds

Neither the District nor the Paying Agent/Registrar are required to transfer or exchange any Bond (i) during the period commencing at the close of business on the Record Date and ending at the opening of business on the next interest payment date; and (ii) within 45 days of the date fixed for redemption; provided such limitation of transfer shall not be applicable to an exchange by the registered owner of the uncalled balance of a Bond called for redemption in part.

Limited Book-Entry Responsibilities

While a Book-Entry-Only system is used for the Bonds, the Paying Agent/Registrar will send redemption and other notices only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any beneficial owner, of any notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the Bond redemption or any other action based on the notice.

The District and the Financial Advisor have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds.

The District and the Financial Advisor cannot and do not give any assurances that DTC will distribute payments to DTC Participants or that DTC Participants or others will distribute payments with respect to the Bonds received by DTC or its nominees as the holder or any redemption notices or other notices to the beneficial owners, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement.

Defeasance

General. The bond resolution provides for the defeasance of the Bonds and the termination of the pledge of taxes and all other general defeasance covenants in the bond resolution under certain circumstances. Any Bond and the interest thereon shall be deemed to be paid, retired and no longer outstanding (a "Defeased Bond") within the meaning of the bond resolution when the payment of all principal and interest payable with respect to such Bond to the due date or dates thereof (whether such due date or dates be by reason of maturity, upon redemption, or otherwise) either (1) shall have been made or caused to be made in accordance with the terms thereof (including the giving of any required notice of redemption) or (2) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar or an eligible entity for such payment (a) lawful money of the United States of America sufficient to make such payment, (b) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times as will ensure the availability, without reinvestment, of sufficient money to provide for such payment and when proper arrangements have been made by the District with the Paying Agent/Registrar or an eligible entity for the payment of its services until after all Defeased Bonds shall have become due and payable or (c) any combination of (a) and (b). At such time as a Bond shall be deemed to be a Defeased Bond, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of the ad valorem taxes or revenues levied and pledged as provided in the bond resolution, and such principal and interest shall be payable solely from such money or Defeasance Securities.

The deposit under clause (2) above shall be deemed a payment of a Bond when proper notice of redemption of such Bonds shall have been given, in accordance with the bond resolution. Any money so deposited with the Paying Agent/Registrar or an eligible entity may at the discretion of the District also be invested in Defeasance Securities, maturing in the amounts and at the times as set forth in the bond resolution, and all income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank that is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, shall be turned over to the District.

Investments. Any escrow agreement or other instrument entered into between the District and the Paying Agent/Registrar or an eligible entity pursuant to which money and/or Defeasance Securities are held by the Paying Agent/Registrar or an eligible trust company or commercial bank for the payment of Defeased Bonds may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of certain requirements. All income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank which is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, will be remitted to the District.

For the purposes of these provisions, "Defeasance Securities" means direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America.

Security and Remedies

The Bonds are general obligations of the District payable from general (ad valorem) property taxes that may be levied against all taxable property within the District without limitation of rate or amount.

The District must use all of the property taxes collected for debt service, and any other legally available money, to pay the debt service on the Bonds and other outstanding general obligation debt.

Various New Mexico laws and constitutional provisions apply to the assessment and collection of ad valorem property taxes. There is no guarantee that there will not be any changes that would have a material effect on the District.

Limitations of Remedies

There is no provision for acceleration of maturity of the principal of the Bonds in the event of a default in the payment of principal or interest on the Bonds. Consequently, remedies available to the owners of the Bonds, including mandamus, may have to be enforced from year to year.

The enforceability of the rights and remedies of the owners of the Bonds, and the obligations incurred by the District in issuing the Bonds, are subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor's rights generally, now or hereafter in effect; usual equity principles that may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the owners of the Bond to judicial discretion and interpretation of their rights in bankruptcy or otherwise and consequently may entail risks of delay, limitation, or modification of their rights.

NEW MEXICO SCHOOL DISTRICT ENHANCEMENT PROGRAM

The New Mexico legislature amended NMSA 1978, Sections 22-18-1 et. seq. in the first session of 2003 by adding Section 22-18-13 which became effective July 1, 2003. Section 22-18-13 was further amended in 2007 and provides that, if a school district indicates that it will not make the payment by the date on which it is due, the New Mexico Department of Finance and Administration ("DFA") shall forward the amount in immediately available funds necessary to make the payment due on the bonds to the paying agent from the current fiscal year's undistributed State Equalization Guarantee ("SEG") distribution to that school district and, if not otherwise repaid by the school district from other legally available funds, withhold the distributions from the school district until the amount has been recouped by the DFA, provided that, if the amount of the undistributed SEG distribution in the current fiscal year is less than the payment due on the bond, the DFA shall:

- (1) forward in immediately available funds to the paying agent an amount equal to the total amount of the school district's undistributed SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold all distributions to the school district for the remainder of the fiscal year; and
- (2) on July 1 of the following fiscal year, forward in immediately available funds an amount equal to the remaining amount due to the paying agent from that year's SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold an equal amount from the distribution to the school district until the amount paid has been recouped in full.

This provision applies to all New Mexico school districts.

Withholding of the SEG distribution may affect the District's ability to continue to operate.

The New Mexico School District Enhancement Program was initially put on watch list for possible downgrade on May 15, 2007 after the State adopted new legislation that altered the mechanics of the program. After a review of the law and policies regarding the implementation of the law, program ratings were bifurcated, with one rating applying to bonds issued prior to the March 30, 2007 effective date of the legislation and a second rating applying to bonds issued on or after the March 30, 2007 effective date. Under the new law, the State cannot immediately advance more than the remaining undistributed SEG payments for the fiscal year of default. As a result, those school districts with principal and interest payments that fall in the latter part of the fiscal year or that are significant in amount relative to the district's total annual SEG distribution may not have sufficient undistributed SEG payments to cover debt service payments in the event of a default.

Moody's downgraded the New Mexico School District Enhancement Program (Pre and Post-Default) to Aa2 from Aa1, and assigned a negative outlook on November 1, 2016. On June 18, 2018, Moody's further downgraded the enhancement rating from "Aa2" to "Aa3" and assigned a stable outlook.

By request, Moody's will assign a rating to school district bonds upon verification of a requirement in the authorizing Bond Resolution that an independent, third-party paying agent will be appointed and maintained. The District has qualified the Bonds under the New Mexico School District Enhancement Program and received a rating of "Aa3" on the Bonds.

DEBT AND OTHER FINANCIAL OBLIGATIONS

General Obligation Debt

Article IX, Section 11 of the New Mexico Constitution limits the powers of a district to incur general obligation debt extending beyond the fiscal year. The district can incur such debt for the purpose of erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software or hardware for student use in public school classrooms or any combination of these purposes but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of the district, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the district may not exceed 6% of the assessed valuation of the taxable property within the district as shown by the last preceding general assessment. The district also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the district, but any such debt is subject to the 6% debt limitation. The issuance of refunding bonds does not have to be submitted to a vote of the qualified electors of the district.

The most recent certified assessed valuation of taxable property within the District is \$4,183,309,304 for the tax year 2019, as approved by the State of New Mexico Taxation and Revenue Department, Property Tax Division. Therefore, the maximum general obligation indebtedness of the District may not exceed \$183,363,558.

After the Bonds are issued, the ratio of total outstanding general obligation debt of the District to the 2019 Assessed Valuation will be no greater than 1.04% as summarized below:

2019 Assessed Valuation	\$4,183,309,304
2019 Estimated Actual Valuation ⁽¹⁾	\$13,307,128,932
Current G/O Bonds Outstanding (including this issue)	\$59,635,000

Analysis of Assessed Valuation

Assessed Valuation of property within the District is calculated as follows: Of the total estimated actual valuation of all taxable property in the District, 33 1/3 percent is legally subject to ad valorem taxes. After deduction of certain personal exemptions, the 2019 Assessed Valuation is \$4,183,309,304. The actual value of personal property within the District (see "Assessments" below) is determined by the County Assessor. The actual value of certain corporate property within the District (see "Centrally Assessed" below) is determined by the State of New Mexico, Taxation and Revenue Department, Property Tax Division. The actual value of Oil and Gas Production and Equipment (see "Oil and Gas" below) is determined by the Oil and Gas Accounting Commission. Oil and Gas totals are certified in March of the year following production. The analysis of Assessed Valuation follows:

Tax Rates

Article VIII, Section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax situation on residential property for 2019-20 Fiscal Year and the previous four years.

Yield Control Limitation

State law limits property tax increases from the prior property tax year. Specifically, no taxing entity may set a rate or impose a tax (excluding oil and gas production ad valorem and oil and gas production equipment ad valorem taxes) or assessment which will produce revenues which exceed the prior year's tax revenues from residential and non-residential property multiplied by a "growth control factor." The growth control factor is the percentage equal to the sum of (a) "percent change I" plus (b) the prior property tax year's total taxable property value plus "net new value", as defined by Statute, divided by such prior property tax year's total taxable property value, but if that percentage is less than 100%, then the growth control factor is (a) "percent change I" plus (b) 100%. "Percent change I" is based upon the annual implicit price deflator index for state and local government purchases of goods and services (as published in the United States Department of Commerce monthly publication entitled "Survey of Current Business," or any successor publication) and is a percent (not to exceed 5%) that is derived by dividing the increase in the prior calendar year (unless there was a decrease, in which case zero is used) by the index for such calendar year next preceding the prior calendar year. *The growth control factor applies to authorized operating levies and to any capital improvements levies, but does not apply to levies for paying principal and interest on public general obligation debt.*

Developments Limiting Residential Property Tax Increases

In an effort to limit large annual increases in residential property taxes in some areas of the State (particularly the Santa Fe and Taos areas which have experienced large increases in residential property values in recent years), an amendment to the uniformity clause (Article VIII, Section 1) of the New Mexico Constitution was proposed during the 1997 Legislative Session. The amendment was submitted to voters of the State at the general election held on November 3, 1998 and was approved by a wide margin.

The amendment directs the Legislature to provide for valuation of residential property in a manner that limits annual increases in valuation. The limitation may be applied to classes of residential property taxpayers based on occupancy, age or income. Further, the limitations may be authorized statewide or at the option of a local jurisdiction and may include conditions for applying the limitations.

Bills implementing the constitutional amendment were enacted in 2001 and were codified as Sections 7-36-21.2 NMSA 1978 and 7-36-21.3 NMSA 1978.

NMSA 1978, Section 7-36-21.2, establishes a statewide limitation on residential property valuation increases beginning in tax year 2001 (the "Statutory Valuation Cap on Residential Increases"). Annual valuation increases are limited to 3% over the prior year's valuation or 6.1% over the valuation from two years prior. Subject to certain exceptions, these limitations do not apply:

1. To property that is being valued for the first time;
2. To physical improvements made to the property in the preceding year;
3. When the property is transferred to a person other than a spouse, or a child who occupies the property as his principal residence and who qualifies for the head of household exemption on the property under the Property Tax Code;

4. When a change occurs in the zoning or use of the property; and
5. To property that is subject to the valuation limitations under Section 7-36-21.3 NMSA 1978; and
6. On March 28, 2012, the New Mexico Court of Appeals upheld the constitutionality of a law capping residential valuation increases until a home changes ownership. This decision was appealed to the New Mexico Supreme Court which affirmed this decision on June 30, 2014. The New Mexico Legislature has brought up the issue of the disparity in valuations in the past several years, but has not enacted the bill into law. To the extent that court or legislative action is taken or a further constitutional amendment is passed amending the valuation provisions, it could have a material impact on the valuation of residential property within the boundaries of the District.

NMSA 1978 Section 7-36-21.3 places a limitation on the increase in value for property taxation purposes for single-family dwellings occupied by low-income owners who are 65 years of age or older or who are disabled. The statute fixes the valuation of the property to the valuation in the year that the owner turned 65 or became disabled. The Section 7-36-21.3 limitation does not apply:

- To property that is being valued for the first time;
- To a change in valuation resulting from physical improvements made to the property in the preceding year; and
- To a change in valuation resulting from a change in the zoning or permitted use of the property in the preceding year.

Tax Collections

The level of tax collections is an important component in the analysis of the ability to pay principal and interest on a timely basis. General property taxes, with the exception of those taxes on oil and gas production and equipment for all units of government, are collected by the County Treasurer and distributed monthly to the various political subdivisions to which they are due. Property taxes are due in two installments. The first half is due on November 10 and becomes delinquent on December 10. The second half is due on April 10 and becomes delinquent on May 10. Collection statistics for all political subdivisions for which the County Treasurer collects taxes are as follows:

Tax Year	Fiscal Year	Net Taxes Charged to Treasurer ⁽¹⁾	Current Tax Collections ⁽¹⁾	Current Collections as of % of Net Levied	Current/Delinquent Tax Collections ⁽²⁾	Current/Delinquent Collections as of % of Net Levied

Interest on Delinquent Taxes

Pursuant to Section 7-38-49, NMSA 1978, if property taxes are not paid for any reason within 30 days after the date they are due, interest on the unpaid taxes shall accrue from the 30th day after they are due until the date they are paid. Interest accrues at the rate of 1% per month or any fraction of a month.

Penalty for Delinquent Taxes

Pursuant to Section 7-38-50, NMSA 1978, if property taxes become delinquent, a penalty of 1% of the delinquent tax for each month, or any portion of a month, they remain unpaid must be imposed, but the total penalty shall not exceed 5% of the delinquent taxes. The minimum penalty imposed is \$5.00. A county can suspend application of the minimum penalty requirement for any tax year.

If property taxes become delinquent because of an intent to defraud by the property owner, 50% of the property tax due or \$50.00, whichever is greater, shall be added as a penalty.

Remedies Available for Non-Payment of Taxes

Pursuant to Section 7-38-47, NMSA 1978, property taxes are the personal obligation of the person owning the property on the date upon which the property was subject to valuation for property taxation purposes. A personal judgment may be rendered against the taxpayer for payment of taxes that are delinquent, together with any penalty and interest on the delinquent taxes.

Taxes on real property are a lien against the real property. Pursuant to Section 7-38-65, NMSA 1978, delinquent taxes on real property may be collected by selling the real property on which taxes are delinquent.

Pursuant to Section 7-38-53, NMSA 1978, delinquent property taxes on personal property may be collected by asserting a claim against the owner(s) of the personal property upon which taxes are delinquent.

Tax Collection on Oil and Gas Production

The producer of oil and gas products is required by law to report the value of his production within 65 days after the end of the month in which the products are produced. Payment must be made at the time of reporting. The value upon which the tax levy is imposed (at the prevailing tax rate) is equal to 50% of the well-head price after transaction costs and royalties have been deducted. Interest penalties are imposed on any overdue taxes, although the Oil & Gas Accounting Division of the New Mexico Taxation & Revenue Department experiences few, if any, delinquencies.

Tax Collection on Oil and Gas Equipment

The assessed value of oil and gas equipment is calculated by multiplying the prior calendar year's sales of oil and gas products by .09 (9%). The assessed value determined by this method is then multiplied by the prevailing tax rate. The producer is billed by the Oil and Gas Accounting Division of the New Mexico Taxation & Revenue Department on October 15 of each year. The taxes are payable by November 30 of each year. Interest penalties are imposed on any overdue taxes, although the Division experiences few, if any, delinquencies.

THE DISTRICT

General

The District is a political subdivision of the State organized for the purpose of operating and maintaining an educational program for school-age children residing within its boundaries.

Carlsbad Municipal School District has an enrollment of approximately 8,677 students. The district includes one pre-school, one kindergarten center, seven elementary schools, two middle schools, one high school, one early college high school, one alternative school and one charter school within the District. There is also one virtual charter school that enrolls students from both within and outside the district. The enrollment for the virtual charter school is included in the district's overall enrollment total.

The District employs 52 administrators, 430 teachers and other professional instructional personnel, 136 instructional assistants, 61 administrative (clerical/technical) personnel, 58 maintenance and custodial personnel, and 55 cafeteria employees.

School District Powers

Pursuant to Chapter 22 Laws 2004 passed in the 2004 legislative session, the District's powers are subject to regulations promulgated by the Secretary of the New Mexico Public Education Department ("PED") with the advice of the Public Education Commission. The Secretary of the PED (the "Secretary") is responsible for control, management and direction of all public schools. The Public Education Commission is comprised of 10 members, elected from public education districts for staggered four-year terms. Generally, the powers of the PED include determining policy of operations of all public schools; designating courses of instruction for all public schools in the State; adopting regulations for the administration of all public schools; determining qualifications for teachers, counselors, and their assistants; and prescribing minimum educational standards for all public schools. The PED may order the creation of new school districts or may require consolidation of school districts.

Governing Board and Administration

The District Board (the "Board"), subject to regulations of the Secretary of the PED, develops educational policies for the District. The Board employs a superintendent of schools, delegates administrative and supervisory functions to the superintendent, including fixing the salaries of all employees, reviews and approves the annual District budget, has the capacity to sue and be sued, contracts, leases, purchases and sells for the District, acquires and disposes of all property, and adopts regulations pertaining to the administration of all powers or duties of the Board. Members serve without compensation for four-year terms of office in non-partisan elections held every two years on the first Tuesday in February. The current District Board Members are:

David Shoup, President, term expires December 31, 2021

Ron Singleton, Vice President; term expires December 31, 2021

Simon Rubio, Secretary, term expires December 31, 2021

Trent Cornum, Member; term expires December 31, 2023

Robbie Chacon, Member, term expires December 31, 2023

The Superintendent of Schools is selected by and serves at the discretion of the Board. All other staff members are selected by the Superintendent. The current Administrative Staff is:

Gerry Washburn, Superintendent of Schools: Dr. Gerry Washburn, a career educator and native New Mexican, was chosen by the Carlsbad Municipal School Board to lead the district as its superintendent. Dr. Washburn most recently served as superintendent of Roseburg Public Schools (Roseburg, Oregon) for three years; from July 2015 until August 2018. Dr. Washburn brings 26 years of educational experience from a variety of roles with Los Alamos Public Schools. He served as assistant superintendent, director of human resources, elementary school principal, elementary teacher, and coach. He

was named varsity girls basketball coach in Los Alamos in 1995 and coached until 2006. In addition to multiple state appearances and district titles, Washburn was named New Mexico's 4A Girls Basketball Coach of the Year in 2000.

Dr. Washburn graduated from Floyd High School in eastern New Mexico; a small rural community where he formed life-long friendships, met the love of his life, found his faith and learned the importance of family and hard work. While in high school he ran his own hay hauling business and worked after school as a custodian. He attended Eastern New Mexico University and received a Bachelor of Science degree with a double major in English and Economics. He also has a Master degree in Educational Administration from Eastern New Mexico University and an Educational Doctorate in Educational Leadership from Northcentral University. After graduation he worked as a bank examiner throughout the Southwest for five years before moving into banking as a commercial loan officer in Santa Rosa and Los Alamos, New Mexico. He also owned and operated two video stores in Los Alamos before pursuing a career in education.

Laura Garcia, Finance Director: Laura Garcia, a veteran New Mexico public school business official, currently serves the Carlsbad Municipal Schools as Director of Finance. She returned to work in August 2019 after her retirement from the same position in June 2017. Laura is a native of southern New Mexico and has served in four New Mexico schools systems in a financial/administrative capacity.

Laura Garcia graduated from Las Cruces High School and attended New Mexico State University where she earned a Bachelor of Accounting degree. This accomplishment came after ten years of working full time, raising her children and attending university classes on a part-time basis. While working toward this educational goal, she served several organizations at various levels of financial system responsibility. She began her work experience as a bookkeeper for a non-profit organization, moved to the Dona Ana Community College as an accounting clerk and steadily advanced in responsibility over a seven year employment period. Laura began her career as a New Mexico school business official in 1992 where she served as an assistant comptroller and comptroller for the Las Cruces Public Schools. She also served as business manager at the Tularosa Municipal Schools, associate superintendent for finance at the Gadsden Independent School District, and Director of Finance for the Carlsbad Municipal Schools. Her career in New Mexico public school finance spans a twenty-six year period of time. Laura holds a Level 2 New Mexico school business official license and is a New Mexico certified procurement officer.

Insurance

The District is a member of the New Mexico Public Schools Insurance Authority (the "Insurance Authority"), which was established to provide a comprehensive core insurance program by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the Insurance Authority based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the Risk Management Program are Boiler, Machinery and Student Accident Insurance.

Intergovernmental Agreements

The District has entered into various joint powers agreements with other governmental entities in the State that permit them to provide equipment purchases and other services jointly.

School Property

Currently, the District operates and maintains a variety of facilities in meeting its obligations to provide an educational program for the school-aged children residing within its boundaries. In addition to the regular educational program of grades kindergarten through 12, the District offers an alternative junior/senior high school for students which includes vocational programs in horticulture, distributive education, home economics, industrial technology training, auto mechanics, welding and metals, and business education. In addition, the District has Special Education Services, Title I remedial education and bilingual education in grades kindergarten through 12.

The capacity of the school facilities is estimated at 7,483 students (FTE basis). The enrollments of home-schooled students and of the virtual charter school (1,265) are included in the district's overall enrollment but do not impact any district facilities.

In addition to the school buildings and their contents, the District owns 220 acres of land upon which school buildings and facilities are located, approximately 96 acres of additional vacant property, the district Administration Building, a Maintenance Shop and Custodial Center and an instructional materials warehouse. The District also owns 90 acres of water rights. The appraised value of all school facilities and equipment is over \$300 million.

Enrollment

The District's headcount enrollment has increased 17.83% since 2015/16. Set forth below are the District's enrollment of the school years 2015/16 through 2019/20 inclusive, including special education and bilingual students. For a discussion of the relationship between student enrollment and amounts of financial support provided by the State for public schools, see "FINANCES OF THE EDUCATIONAL PROGRAM - SOURCES OF REVENUES".

The District's enrollment for the current and previous five years is as follows:

School Year	Enrollment ⁽¹⁾
2015-16	6,924
2016-17	6,852
2017-18	7,320
2018-19	8,018
2019-20	8,677

FINANCES OF THE DISTRICT

The basic format for the financial operation of the District is provided by the PED through the School Budget Planning Division, which is directed by State law to supervise and control the preparation of all budgets of all school districts. The District receives revenue from a variety of local, state and federal sources, the most important of which are described below. New Mexico's public school finance laws are subject to review and examination through both the judicial and legislative processes. As a result, the District cannot anticipate with certainty all of the factors that may influence the financing of its future activities. There is no assurance that there will not be any change in, interpretation of or additions to the applicable laws, provisions and regulations that would have a material effect, directly or indirectly, on the affairs of the District.

Sources of Revenues for General Fund

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided by school tax levy, state equalization distribution, transportation funds, state instructional material allocations and earning from investments. The sources of revenue for the District's General Fund are:

Local Revenues - Local revenues are a minor source of revenue to the District composed, in part, by a property tax annually levied on and against all of the taxable property within the District for operational purposes. The levy is limited by State law to a rate of 50 cents for each \$1,000 of net taxable value of taxable property. Other sources of local revenues include interest income earned on the District's investments, rentals and sale of property. In the fiscal year 2019, the District received \$2,179,539 from local sources.

Federal Revenues - Another minor source of annual revenue for the District's General Fund is derived from indirect costs of direct federal grant funds related to vocational, special education, and various other programs. In fiscal year 2019, the District received \$134,161 in federal revenues for its General Fund.

State Revenues - The District's largest source of annual revenue is derived from the State Equalization distribution described below. During fiscal year 2019, the District received \$56,962,681 from state sources. Such payments represented approximately 96% of actual fiscal year 2019 General Fund Revenues.

State Equalization Guarantee

The State Legislature enacted New Mexico's current public school funding formula in 1974. Designed to distribute operational funds to local school districts in an objective manner, the funding formula is based upon the educational needs of individual students and costs of the programs designed to meet those needs. Program cost differentials are based upon nationwide data regarding the relative costs of various school programs, as well as data specific to New Mexico. The objectives of the formula are (1) to equalize educational opportunity statewide (by crediting certain local and federal support and then distributing state support in a objective manner) and (2) to retain local autonomy in actual use of funds by allowing funds to be used in local districts at the discretion of local policy making bodies. The formula is divided into three basic parts:

1. Educational program units that reflect the different costs of identified programs;
2. Training and experience units that attempt to provide additional funds so that districts may hire and retain better educated and more experienced instructional staff; and
3. Size adjustment units that recognize local school and community needs, economies of scale, types of students, marginal costs increases for growth in enrollment from one year to the next, and adjustments for the creation of new districts.

SEG payments are made monthly and prior to June 30 of each fiscal year. The calculation of the distribution is also based on the local and federal revenues received from July 1 of the previous fiscal year through May 31 of the fiscal year for which the State distribution is being computed. In the event that a district receives more SEG funds than its entitlement, the district must make a refund to the State's general fund.

Even though the current public school funding formula has been in place for more than two decades, some districts have indicated a concern about the fact that some districts receive less revenue per pupil compared to others. In response to these concerns, the Legislature, the Governor, and the State Board of Education authorized an independent, comprehensive study of the formula, that was conducted in 1996. In its principal finding the independent consultant concluded, ". . .When evaluated on the basis of generally accepted standards of equity, the New Mexico public school funding formula is a highly equitable formula. . . .[S]pending disparities are less than in other states and statistically insignificant."

Despite the acknowledged equity of the formula, the independent consultant pointed out a strong perception of unfairness in the so-called "density" factor and in the training and experience computations of some districts. As a result, the Legislature enacted the following changes to the funding formula:

- Required that special education students be counted with regular students with "add-on" weights assigned depending upon the severity of the disability;
- Changed weights for special education ancillary services and included diagnosticians in ancillary services computations; and
- Repealed the so-called "density" factor and replaced it with an at-risk factor that is available to all school districts.

SEG payments for the previous five fiscal years are as follows:

Year	Program Unit Value	Amount
2019-2020	4,565	59,552,431
2018-2019	4,159	55,336,571
2017-2018	4,054	53,011,184
2016-2017	3,980	49,162,908
2015-2016	4,028	52,309,521

Source: New Mexico Public Education Department and the District

The New Mexico PED receives Federal mineral-leasing funds from which it makes annual allocations to the school district for purchasing instructional materials. In 2018-19, the District received \$281,087 in instructional materials revenue from the State.

The District is also reimbursed by the State for the costs of transporting pupils to and from school. These payments are based upon a formula consisting of the number of students per square mile that are transported. In 2018-19, the District received \$2,066,283 for transportation purposes.

District Budget Process

Each year, the school district budget process begins with the educational appropriations passed by the Legislature and signed into law by the Governor. The actual budget process follows steps set forth in the Public School Finance Act:

1. Before April 15 of each year, the District must submit an estimated budget for the next school year to the PED. If the District fails to submit a budget, the PED must prepare a District budget for the ensuing year.
2. Before June 20 of each year, the District Board must hold a public hearing to fix the estimated budget for the next school year.
3. On or before July 1 of each year, the PED must approve and certify an approved operating budget for use by the District board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by the PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by the PED except upon the District's request to the PED. Instances in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, the PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year end. Total expenditures of any function category may not exceed categorical appropriations.

To conform to PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting except for state instructional material credit. State instructional material funds provide for free textbooks from the PED. As a result, budgets are not prepared in conformity with generally accepted accounting principles (GAAP), and budgetary comparisons are presented on the (Non-GAAP) basis of accounting.

Special Revenue Funds

The Special Revenue Fund accounts are used to account for grant funds received from various sources that are legally required to be used for purposes specified in the grant awards and may not be used for any other purpose.

Debt Service

Debt service funds are used to account for accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. The County remits property taxes collected on locally assessed and centrally assessed property to the District as one lump sum and does not break down the amounts as to principal or interest reduction in accordance with instructions from PED.

Capital Projects

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The Capital Projects Fund which consists of the Bond Building Fund accounts for the resources and major costs of capital improvements in the District such as erecting, remodeling, making additions to and furnishing school buildings and purchasing and improving school grounds. Revenue is provided through general obligation bonds and earnings on investments.

Fiduciary Funds – Trust & Agency

These funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

District Budget Process

Each year, the school district budget process begins with the educational appropriations passed by the Legislature and signed into law by the Governor. The actual budget process follows specific steps set forth in the Public School Finance Act:

- Before April 15 of each year, the District must submit an estimated budget for the next school year to PED. If the District fails to submit a budget, PED must prepare a District budget for the ensuing year.
- Before June 20 of each year, the District Board must hold a public hearing to fix the estimated budget for the next school year.
- On or before July 1 of each year, PED must approve and certify an approved operating budget for use by the District Board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by PED except upon the District's request to PED. Instances in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year end. Total expenditures of any function category may not exceed categorical appropriations.

To conform with PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting except for state instructional material credit. State instructional material funds provide for free textbooks from PED. As a

result, budgets are not prepared in conformity with generally accepted accounting principles GAAP, and budgetary comparisons are presented on the (Non-GAAP) basis of accounting.

Employees and Retirement Plan

Pension Plan – Educational Retirement Board

Plan Description. Substantially all of the District’s full-time employees participate in an educational employee retirement system authorized under the Educational Retirement Act (NMSA 1978, Chapter 22, Article 11). The Educational Retirement Board (“ERB”) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of living adjustments to plan members (certified teachers, other employees of state public school districts, colleges and universities, and some state agency employees) and beneficiaries. The ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may also be obtained by writing to the ERB, P.O. Box 26129, Santa Fe, New Mexico 87502. The report is also available on the ERB’s website at www.nmerb.org.

Following is a partial history of employer and employee contributions statewide and net assets held in trust of the retirement fund.

Fiscal Year Ending June 30	Employer Contributions	Employee Contributions	Average Asset Balance

Funding Policy

Contributions

The contribution requirements are established in statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2019 and 2018, the District paid employee and employer contributions of \$9,742,314 and \$9,480,026, respectively, which equal the amount of the required contributions for each fiscal year. For the fiscal years ended June 30, 2019 and 2018, the Jefferson Montessori Academy Charter School paid employee and employer contributions of \$297,627 and \$268,660, respectively, which equal the amount of the required contributions for each fiscal year. For the fiscal years ended June 30, 2019 and 2018, the Pecos Connections Academy Charter School paid employee and employer contributions of \$394,716 and \$239,457, respectively, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2019, the District reported a liability of \$165,077,835 for its proportionate share of the net pension liability. At June 30, 2019, the Jefferson Montessori Academy Charter School reported a liability of \$4,676,860 for its proportionate share of the net pension liability. At June 30, 2019, the Pecos Connections Academy Charter School reported a liability of \$4,141,751 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. The roll-forward incorporates the impact of the new assumptions adopted by the ERB Board on April 21, 2017. There were no other significant events of changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2018. Therefore, the District’s and Charter’s portion was established as of the measurement date of June 30, 2018. The District’s and Charter’s proportion of the net pension liability was based on a projection of the District and Charter long-term share of contributions to the pension

plan relative to the projected contributions of all participating educational institutions at June 30, 2018, actuarially determined.

At June 30, 2018, the District's proportion was 1.38822% which was an increase of 0.02873% from its proportion measured at June 30, 2017. At June 30, 2018, the Jefferson Montessori Academy Charter School proportion was 0.03933%, which was a decrease of 0.00081% from its proportion measured at June 30, 2017. At June 30, 2018, the Pecos Connections Academy Charter School proportion was 0.03483%, which was an increase of 0.01266% from its proportion measured at June 30, 2017. For the year ended June 30, 2019, the District recognized pension expense of \$29,950,637.

For the year ended June 30, 2019, Jefferson Montessori Academy Charter School recognized pension expense of \$780,119. For the year ended June 30, 2019, Pecos Connections Academy Charter School recognized pension expense of \$1,385,750.

Post-Employment Benefits – State Retiree Healthcare Plan

Plan Description. The District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (NMSA 1978 §§ 10-7C-1 through 10-7C-16). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Retiree Health Care Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (at Section 10-7C-13) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the RGCA Board.

The Retiree Health Care Act (at Section 10-7C-15) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G), at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions

pursuant to NMSA 1978, Section 7-1-6.1 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority ("RHCA"). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The RHCA Board is responsible for establishing and amending benefit provisions of the healthcare plan is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment health care plan. That report and further information can be obtained by writing to RHCA, 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Contributions. Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the District were \$797,229 for the year ended June 30, 2019. Contributions to the Fund from the Jefferson Montessori Academy Charter Schools were \$24,460 for the year ended June 30, 2019. Contributions to the Fund from the Pecos Connections Academy Charter Schools were \$31,553 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2019, the District reported a liability of \$39,521,762 for its proportionate share of the net OPEB liability. At June 30, 2019, Jefferson Montessori Academy Charter School reported a liability of \$1,117,962 for its proportionate share of the net OPEB liability. At June 30, 2019, Pecos Connections Academy Charter School reported a liability of \$1,068,826 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

The District's and Charter's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2018. At June 30, 2018, the District's proportion was 0.90889%. At June 30, 2018, the Jefferson Montessori Academy Charter School's proportion was 0.02571%. At June 30, 2018, the Pecos Connections Academy Charter School's proportion was 0.02458%.

Recent Legislative Changes

Recent legislative changes enacted during the 2012, 2013 and 2019 legislative sessions also amended various provisions of the ERA. House Bill 360 below is the most recent legislative action.

House Bill 360("HB-360") amends the ERA to increase employer contributions to the educational retirement fund; increase the salary level employees would be required to reach before paying a higher contribution rate; increase the age or years of service requirements for new members to be eligible for retirement and reduce retirement benefits for new employees who work for less than 30 years; make changes to the return-to-work program; require most retirees from the Public Employees Retirement Association (PERA) to make contributions to the educational retirement fund if they become employed by an ERA-covered employer; change the salary calculation for determining retirement benefits for employees that receive a salary increase of more than 30 percent, and require substitute teachers to become members of the Educational Retirement Board (ERB) if they are employed at least one quarter time (0.25 FTE).increase employer contributions .

The law amends ERA to provide for employer contribution of 14.15 percent of annual salary, rather than 14.4 percent of annual salary, eliminate contribution increases in FY21 and FY22, require that a retired employee working 0.25 FTE or less

make nonrefundable contributions to the educational retirement fund, and delayed the date for which substitute teachers with a FTE of more than 0.25 FTE would be required to become a member of the Educational Retirement Board (ERB) to July 1, 2020. House Bill 2 also approved by the legislature in 2019 included an increases to the state equalization guarantee for FY 2020 to increase employer contributions to ERB to offset the impact of HB 360

TAX EXEMPTION

In the opinion of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Bond Counsel, under existing law and assuming continuous compliance with certain covenants made by the District, the interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and is not treated as an item of tax preference under Section 57 of the Code for purposes of the alternative minimum tax imposed on individuals and corporations. Bond Counsel is further of the opinion that, under existing law, interest on the Bonds is excluded from net income for purposes of the tax imposed on individuals, estates and trusts under the New Mexico Income Tax Act or for purposes of the tax imposed on corporations under the New Mexico Corporate Income and Franchise Tax Act. Bond Counsel will express no opinion regarding other federal or New Mexico income tax consequences resulting from the receipt or accrual of interest on the Bonds. A form of Bond Counsel Opinion is attached to this document as Appendix D.

The opinion on federal tax matters will be based on and will assume continuous compliance with certain covenants of the District to be contained in the transcript of proceedings and that are intended to evidence and assure that the Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel has not and will not independently verify the accuracy of any of the certifications and representations made by the District.

The Code prescribes a number of qualifications that must be met and conditions that must be satisfied in order for the interest on state and local government obligations such as the Bonds to be and remain excluded from gross income for federal income tax purposes. Some of these provisions, including provisions for the rebate by the issuer of certain investment earnings to the federal government, require future or continued compliance after issuance of the obligations in order for the interest to be and continue to be so excluded from the date of issuance. Noncompliance with these requirements could cause the interest on the Bonds to be included in gross income for federal income tax purposes and thus to be subject to regular federal income taxes. The District covenants in the Bond Resolution to take all actions that may be required of it in order for the interest on the Bonds to be and remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion.

Code provisions applicable to corporations (as defined for federal income tax purposes) that impose an alternative minimum tax on a portion of the excess of adjusted current earnings over other alternative minimum taxable income, may subject a portion of the interest of the Bonds earned by corporations to the corporate tax imposed on certain corporations, a branch profits tax imposed on certain foreign corporations doing business in the United States, and a tax imposed on excess net passive income of certain S corporations.

Under the Code, the exclusion of interest from gross income for federal income tax purposes can result in certain adverse federal income tax consequences on items of income or deductions for certain taxpayers, including among them financial institutions, insurance companies, recipients of Social Security and Railroad Retirement benefits, and those that are deemed to incur or continue indebtedness to acquire or carry tax exempt obligations. The applicability and extent of those or other tax consequences will depend upon the particular tax status or other items of income and expense of the owners of the Bonds. Bond Counsel expresses no opinion regarding such consequences.

Internal Revenue Service Audit Program

The Internal Revenue Service (the "Service") has an ongoing program auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether the Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Service will treat the District as the taxpayer and the Bond owners may have no right to participate in such procedure.

None of the District, the Financial Advisor, or Bond Counsel is obligated to defend the tax-exempt status of the Bonds. However, the District has covenanted in the Bond Resolution not to take any action that would cause the interest on the Bonds to lose its exclusion from gross income, except to the extent described above, for the owners thereof for federal income tax purposes. None of the District, the Financial Advisor, or Bond Counsel is responsible to pay or reimburse the costs of any Bond, owner with respect to any audit or litigation relating to the Bonds.

Original Issue Discount

The Bonds may be offered at a discount ("original issue discount") equal generally to the difference between public offering price and principal amount. For federal income tax purposes, original issue discount on a Bond accrues periodically over the term of the Bond as interest with the same tax exemption and alternative minimum tax status as regular interest. The accrual of original issue discount increases the holders' tax basis in the Bond for determining taxable gain or loss from sale or from redemption prior to maturity. Holders of Bonds offered at original issue discount should consult their tax advisor for an explanation of the accrual rules.

Original Issue Premium

The Bonds may be offered at a premium ("original issue premium") over their principal amount. For federal income tax purposes, original issue premium is amortizable periodically over the term of a Bond through reductions in the holders' tax basis in the Bond for determining taxable gain or loss from sale or from redemption prior to maturity. Amortizable premium is accounted for as reducing the tax-exempt interest on the Bond rather than creating a deductible expense or loss. Holders of Bonds offered at an original issue premium should consult their tax advisor for an explanation of the amortization rules.

Litigation

There is no litigation pending or threatened about the validity of the Bonds or the use of Bond proceeds, the financial stability of the District, the corporate existence of the District or the titles of their officers or contesting or affecting the District's ability to receive taxes that could be used for Bond payments.

At the time of the original delivery of the Bonds, the District will deliver a no-litigation certificate to the effect that no litigation or administrative action or proceeding is pending or, to the knowledge of the appropriate officials, threatened, restraining or enjoining, or seeking to restrain or enjoin, the issuance and delivery of the Bonds, the effectiveness of the Bond Resolution, the levying or collection of taxes to pay the principal of and interest on the Bonds except as described below or contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be issued, sold, executed or delivered, or the validity of the Bonds.

RATINGS

Moody's Investors Service has rated the Bonds **Aa3 Underlying/ Aa3 Enhanced**. An explanation of the significance of the rating given by Moody's Investors Service may be obtained from Moody's Investors Service, Inc. at 99 Church Street, New York, New York 10007. There is no assurance that the rating will be obtained or will continue for any given period of time after received or that the rating will be revised downward or withdrawn entirely by the rating agency, if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such rating may have effect on the market price of the Bonds.

THE FINANCIAL ADVISOR

The District has retained RBC Capital Markets, LLC as financial advisor (the "Financial Advisor") in connection with the preparation, authorization and issuance of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in the Preliminary Official Statement. The fee of the Financial Advisor for services with respect to the Bonds is contingent upon the issuance and sale of the Bonds.

LEGAL MATTERS

The opinion of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Albuquerque, New Mexico, Bond Counsel, approving the legality of the Bonds and relating to the tax-exempt status of the Bonds will be furnished to the successful bidder at no cost to the successful bidder. The written approval of the New Mexico Attorney General of the Bonds as to form and legality will be supplied. A draft of the opinion of Bond Counsel is attached hereto as Appendix D.

CONTINUING DISCLOSURE UNDERTAKING

For the benefit of bondholders and to enable a broker, dealer or municipal securities dealer to comply with requirements of Rule 15c2-12 (the "Rule") of the Securities and Exchange Commission, the District has undertaken to provide to the Municipal Securities Rulemaking Board (the "MSRB") MSRB's Electronic Municipal Market Access ("EMMA"), its audited financial statements and certain financial and operating information. The District will provide financial information and

operating data with respect to the District of the general type included in this Official Statement under the headings "DEBT AND OTHER FINANCIAL OBLIGATIONS," "TAX BASE," "THE DISTRICT – Student Enrollment," "FINANCES OF THE DISTRICT - State Equalization Guarantee, Statement of Net Assets, Statement of Activities, Balance Sheet and Statement of Revenues, Expenditures & Changes in Fund Balances." The District will update and provide this information no later than March 31 of each year, commencing March 31, 2020, for the fiscal year ending on the preceding June 30. A draft of the Continuing Disclosure Undertaking is attached hereto as Appendix E.

Any or all of such information may be incorporated by reference from other documents, as permitted by the Rule. The annual information will include audited financial statements, if the District commissions an audit and it is completed by the required time. If audited financial statements are not available by the required time, unaudited financial statements must be provided as part of the annual financial information, and audited financial statements when and if audited financial statements become available. Any such financial statements will be prepared in accordance with generally accepted accounting principals and state law requirements, as in effect from time to time. (See Note 1 of the District's audited financial statements included as Appendix B for a description of the accounting principles currently followed in the preparation of the District's audited annual financial statements.)

If the District changes its fiscal year, it may change the date by which it must provide its annual financial information to a date no later than nine months after the end of its new fiscal year. In addition, the District shall provide to EMMA timely notice of any failure to provide required annual financial information on or before the filing date.

Event Notices

The District shall notify the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of ten business days after the occurrence of the event, of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds; (7) modifications to rights of Beneficial Owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of CFR § 240.15c2-12 (the "Rule"); (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of an definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation (as defined by the Rule, which includes certain debt, debt-like, and debt-related obligations) of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

The purposes of the event identified as "12)" in the immediately preceding paragraph, the event is considered to occur when any of the following occur: The appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court of governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officer in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Limitations and Amendments

The District may amend its undertaking from time to time without consent of the Bondholders, if the District delivers to EMMA an opinion of nationally recognized bond counsel to the effect that such amendment, and giving effect hereto, will not adversely affect compliance of the undertaking and the District with the Rule (except that no opinion of counsel shall be required with respect to a change in the date by which the annual financial and operating information must be reported resulting from a change in the District's fiscal year). The undertaking will terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. In addition, the undertaking, or any provision thereof, will be null and void in the event the District delivers to EMMA an opinion of nationally recognized bond counsel to the effect that those portions of the Rule that require the undertaking, or any such provision, are invalid, have been repealed retroactively or otherwise do not apply to the Bonds.

Any failure of the District to provide the annual financial information or any material event notice does not constitute an Event of Default with respect to the Bonds, and an action seeking to compel performance of the undertaking shall be the sole remedy in the event the District fails to comply with the undertaking.

Limitations and Amendments

During the past five years, the District has made continuing disclosure agreements in accordance with SEC Rule 15c2-12 and is in material compliance with such agreements.

ADDITIONAL MATTERS

All summaries of the statutes, resolutions, opinions, contracts, agreements, financial and statistical data and other related reports described in this Official Statement are subject to the actual provisions of such documents. The summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are either publicly available or available for inspection during normal business hours at the offices of the District located at the School Administration Office, or at the offices of RBC Capital Markets, LLC, 6301 Uptown Boulevard, NE, Suite 110, Albuquerque, New Mexico 87110.

A LAST WORD

Anything in this Official Statement involving matters of opinion or estimates – whether labeled as such or not – are just that. They are not representations of fact. They might not prove true. Neither this Official Statement nor any other written or oral information is to be construed as a contract with the registered owners of the Bonds.

The District has duly authorized the execution and delivery of this Official Statement.

ECONOMIC AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT

General

The Carlsbad Municipal School District (the "District") is located in the southeastern area of New Mexico. It is serviced by two highways: U.S. 285 traveling north and south, and U.S. 62/180 traveling east and west. The City of Carlsbad is the seat of Eddy County. Located along the banks of the Pecos River, Carlsbad was originally christened the Town of Eddy on September 15, 1888 and organized as a municipal corporation in 1893. With the improvement of the mineral springs with their valuable medicinal qualities north of town, the town changed the name to Carlsbad, after the famous European spa, Karlsbad. With the discovery of the "Bat Cave" in 1901 and the establishment of the Carlsbad Caverns National Park on May 14, 1930, Carlsbad gained international recognition.

Potash Production

Discovered in 1925, the potash industry in Carlsbad has long been the "backbone" of the economy of the region. Potash is a mined salt containing water-soluble potassium. New Mexico ranked first in domestic potash production in 2013⁽¹⁾, producing 75 percent of U.S. potash. Potash is used primarily as an agricultural fertilizer or animal feed supplement, with most sold to nearby states. Intrepid Mining LLC and Mosaic operate potash mines near Carlsbad in Eddy County.

Intrepid Mining was formed in January 2000 for the purpose of acquiring the Moab Mine from PCS. The company acquired the assets of Mississippi Potash, Inc. and Eddy Potash, Inc. in Carlsbad, New Mexico from Mississippi Chemical Company in February 2004. In April 2004, they acquired the potash assets of Reilly Chemical, Inc. in Wendover, Utah. Intrepid is one of the largest producers of Potash in the United States, supplying 4.4% of the United States' potash consumption, and is one of the two global producers of langbenite.

Intrepid currently operates their North compaction Facility in Carlsbad which sits on top of one of the world's largest langbenite reserves. Intrepid markets sells the langbenite as Trio, a specialty fertilizer. This trademarked fertilizer was responsible for 31% of Intrepid's \$208.3 million in sales in 2018.

Intrepid's primary product is Potash, making up 52% of sales. Potash is used across three primary markets as fertilizer input, fracturing fluids for oil and a nutrient supplement for animal feed. ⁽²⁾ The table below shows a history of average potash shipped \$/ton for Intrepid Potash:

Year Ending:	2014	2015	2016	2017	2018
Average Potash Shipped \$/ton ¹	\$332.00	\$339.00	\$196.00	\$238.00	\$256.00

Mosaic is the world's largest combined producer of potash and phosphates, operating in over a dozen countries. Launched October 25, 2004, Mosaic was formed by a merger between IMC Global, a fertilizer company formed in 1909, and Cargill's crop nutrition division. The company is among the world's largest producers of potash with 10.5 million tonnes of operational capacity. Mosaic's Potash facility in Carlsbad operates one of the largest underground mines in the United States. This location mines two separate potassium minerals: sylvite and langbenite. The company reported \$9.6 billion in consolidated net sales in 2018.⁽³⁾

According to the State of New Mexico Taxation and Revenue Department Central Assessment Division, the Assessed value of potash production for Carlsbad School District was \$226,321,273 for tax year 2018.

Potash Valuation for Property Taxation Purposes

According to NM Stat § 7-36-24 (1996 through 1st Sess 50th Legis) "The value for property taxation purposes of improvements, equipment, materials, supplies and other personal property held or used in connection with all classes of potash mineral property is an amount equal to the market value of all mineral production from the potash mineral property for the prior year, less any royalties paid or due the United States, the state or any Indian tribe, Indian pueblo or Indian who is a ward of the United States....". "The value for property taxation purposes of class one, two and three productive potash mineral property is an amount equal to fifty percent of the market value of all mineral production from the potash mineral property for the prior year....". Potash tax collections follow general property tax rules referred to on page 15 (Tax Collections) of this document.

Oil and Gas Production

New Mexico is ranked ninth natural gas production among all producing states in the United States. ⁽¹⁾ Eddy County has remained the undisputed leader in natural gas production, producing 41 million cubic feet of natural gas in 2018. ⁽²⁾ Most of today's oil production occurs in the New Mexico portion of the Permian Basin in southeast New Mexico and most of the natural gas production occurs in northwest New Mexico.

Tax Collection on Oil and Gas Production

The producer of oil and gas products is required by law to report the value of his production within 65 days after the end of the month in which the products are produced. Payment must be made at the time of reporting. The value upon which the tax levy is imposed (at the prevailing tax rate) is equal to 50% of the well-head price after transaction costs and royalties have been deducted. Interest penalties are imposed on any overdue taxes, although the Oil & Gas Accounting Division of the New Mexico Taxation & Revenue Department experiences few, if any, delinquencies.

Tax Collection on Oil and Gas Equipment

The assessed value of oil and gas equipment is calculated by multiplying the prior calendar year's sales of oil and gas products by .09 (9%). The assessed value determined by this method is then multiplied by the prevailing tax rate. The producer is billed by the Oil and Gas Accounting Division of the New Mexico Taxation & Revenue Department on October 15 of each year. The taxes are payable by November 30 of each year. Interest penalties are imposed on any overdue taxes, although the Division experiences few, if any, delinquencies.

WIPP Project (Waste Isolation Pilot Plant)

The same geologic formations that made Eddy County the United States' leading potash producer have also made the area the chosen site for the Department of Energy's Waste Isolation Pilot Plant ("WIPP"). Potash and salt have proven to be extremely important to Eddy County and the nation. First, the rich potash deposits discovered in the early 1920's continue to rival those of Canada and Russia. Secondly, based on a recommendation by the National Academy of Sciences, a 2000-foot thick salt deposit, located 2,150 feet underground, was elected in the early 1970's as the site for the nation's first deep-geologic repository for defense-generated nuclear waste.

The Waste Isolation Pilot Plant, or WIPP, safely disposes of the nation's defense-related transuranic radioactive waste. Located in the Chihuahuan Desert, outside Carlsbad, New Mexico, WIPP began disposal operations in March 1999. Transuranic radioactive waste left from the research and production of nuclear weapons is disposed of at WIPP. Waste is emplaced in underground storage rooms mined in a salt formation that has remained geologically stable for more than 225 million years. The site is about 26 miles east of the City of Carlsbad.

The total scope of WIPP is enormous. By law, the facility can dispose of 6.2 million cubic feet of waste, or about 850,000 55-gallon drums. More than 20 temporary above-ground storage facilities will send waste to the unique repository, which will take about 35 years to fill to capacity. Washington TRU Solutions manages the site for the Department of Energy.⁽¹⁾ Numerous contractors work at WIPP (see major employers).

Agriculture

Eddy County is a significant producer of agricultural products in New Mexico. Its primary products are hay, cotton, sorghum, pecans, cattle and wheat. The following chart show cash receipts for livestock and crops (in 000's) for Eddy County and New Mexico since 2014:

Year	Livestock	Crops	Total Eddy County	Total New Mexico

Tourism (Carlsbad Caverns National Park)

Carlsbad Caverns National Park is a US National Park in the Guadalupe Mountains in southeastern New Mexico. The park entrance is located on US Highway 62/180, approximately 18 miles (29 km) southwest of Carlsbad, New Mexico. The park was established in 1930 and currently encompasses an area of 46,677 acres. The park contains over 119 caves. Three caves are open to public tours. Carlsbad Caverns is the most famous and is fully developed with electric lights, paved trails, and elevators. Slaughter Canyon Cave and Spider Cave are undeveloped, excepted for designated paths for the guided "adventure" caving tours. Carlsbad Caverns had 465,912 visitors in 2018. The highest attendance seen in a year was 876,500 visitors in 1976.⁽²⁾ Peak visitation typically occurs on the weekends following Memorial Day and the Fourth of July.

Education

Over 7,000 students attend the Carlsbad Municipal Schools. There are three parochial/private schools in the Carlsbad area.

New Mexico State University - NMSU-Carlsbad is a two-year branch community college of New Mexico State University and is independently accredited by the North Central Association. NMSU-C has reported 2,000 students, 41 full-time faculty members, 63 part-time faculty and 72 full-time staff members.⁽¹⁾

NMSU-Carlsbad offers a variety of quality educational opportunities. The college is the Eddy County provider of Adult Basic Education services (ABE). The college offers developmental studies designed to provide students with basic skills needed to achieve academic success. Certificate programs of 30-36 credit hours are designed to provide the students with marketable and employable skills upon completion. Associate of Arts degrees are designed for individuals who plan to complete their educational goals with a baccalaureate degree. Associate of Applied Science degrees are designed for those who enter the work force upon graduation. Transfer programs are designed to provide freshman- and sophomore-level course work for students planning to transfer to institutions offering baccalaureate degrees. Non-credit programs offered through Community Services and Continuing Education programs provide a variety of educational, personal interest, and enrichment programs for all ages. NMSU-Carlsbad hosts the regional Small Business Development Center (SBDC) and the Manufacturing Sector Development Program (MSDP) that serves business and industry training needs through customized programs.

Effective Buying Income

The following table reflects the percentage of households by Effective Buying Income (“EBI”) and a five-year comparison of the estimated median household income as reported by The Nielsen Company. EBI is personal income less personal tax and non tax payments. Personal income includes wages and salaries, other labor income, proprietors’ income, rental income, dividends, personal interest income and transfer payments. Deductions are made for federal, state and local taxes, non-tax payments such as fines and penalties, and personal contributions for social security insurance. During the period shown in the following chart, the estimated median household income level for the County compares favorably with the State but has been lower than the national level.

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of Carlsbad Municipal School District (the "District"), as of and for the year ended June 30, 2019, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the Table of Contents. We have also audited the financial statements of the governmental activities of each discretely presented component unit, presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining financial statements as of and for the year ended June 30, 2019, as listed in the Table of Contents. We have also audited each major fund, the aggregate remaining fund information, and the respective budgetary comparisons of each of the following discretely presented component units: Jefferson Montessori Academy Charter School and Pecos Connections Academy Charter School, presented as supplementary information, as defined by the Government Accounting Standards Board, in accompanying combining and individual fund financial statements as listed in the Table of Contents as of and for the year ended June 30, 2019.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

The Board of Education
Carlsbad Municipal School District and
Mr. Brian Colón, Esq.
New Mexico State Auditor

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of June 30, 2019, and the respective changes in financial position and the respective budgetary comparisons for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information and the respective budgetary comparisons of the following component units (Jefferson Montessori Academy Charter School and Pecos Connections Academy Charter School) as of June 30, 2019, and the respective changes in financial position thereof for the year ended in accordance with accounting principles generally accepted in the United State of America.

Other Matters

Required Supplementary Information

Management has omitted the Management Discussion and Analysis that accounting principles, generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Accounting principles generally accepted in the United States of America requires the Schedules and Notes in the Required Supplementary Information section on pages 54 - 62 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Board of Education
Carlsbad Municipal School District and
Mr. Brian Colón, Esq.
New Mexico State Auditor

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District’s basic financial statements. The combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards as required by Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the schedules required by NMAC 2.2.2 (Schedule of Deposits, Schedule of Cash Reconciliations, Schedule of Collateral Pledged by Depository for Public Funds, and the Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds), and other information, such as the Introductory Section and Corrective Action Plan, which are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards, and the schedules required by NMAC 2.2.2 (Schedule of Deposits, Schedule of Cash Reconciliations, Schedule of Collateral Pledged by Depository for Public Funds, and the Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds), are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards, and the schedules required by NMAC 2.2.2 (Schedules, and the Schedule of Deposits, Schedule of Cash Reconciliations, Schedule of Collateral Pledged by Depository for Public Funds, and the Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds), are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory Section and the Corrective Action Plan have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2019 on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

FUND BALANCES - GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019**

Amounts reported for governmental activities in the Statement of Activities are different because:

Net changes in fund balances - total governmental funds	\$ 5,763,974
---	--------------

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which capital outlays exceeds depreciation in the period.

Capital outlays	16,148,035
Depreciation expense	(5,493,470)
Adjustments	(180,997)

Revenue in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds

Decrease in deferred inflow related to the property taxes receivable	51,069
--	--------

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayments of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position:

Bond proceeds	(11,600,000)
Principal payments on bonds	18,390,000
Amortization of premiums	456,802

Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as expenditures in the governmental funds:

Decrease in accrued interest payable	132,324
Decrease in accrued compensated absences	69,189
Loss on disposal of capital assets	(445,038)

**STATE OF NEW MEXICO
CARLSBAD MUNICIPAL SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Carlsbad Municipal School District (the "District") is a special purpose government corporation governed by an elected five-member Board of Education. The Board of Education is the basic level of government which has oversight responsibility and control over all activities related to the public-school education in the City of Carlsbad and surrounding area. The District is responsible for all activities related to public elementary and secondary school education within its jurisdiction. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the State of New Mexico and the regulations of the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years. The District operates three schools and two charter school within the District. In conjunction with the regular educational programs, some of these schools offer special education.

This summary of significant accounting policies of the District is presented to assist in the understanding of the District's and the Charter Schools' financial statements. The financial statements and notes are the representation of the District's management that is responsible for the financial statements. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units.

A. Reporting entity

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14 amended by GASB Statements No. 39, 61 and 80. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Each discretely presented component unit is reported in a separate column in the governmentwide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

CARLSBAD MUNICIPAL SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting entity (Continued)

The District's Board of Education approved the Jefferson Montessori Academy Charter School and Pecos Connections Academy Charter School for operation in accordance with the criteria listed above. The charter schools are deemed to be fiscally dependent upon the District and have been deemed to be a separate legal entity based on state statute and are presented as a discrete component unit.

The discretely presented component units do not have separately issued financial statements.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets, restricted net position; and unrestricted net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function such as the sale of lunch tickets and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function such as state and federal grants. Taxes and other items not properly included among program revenues are reported instead *as general revenues*.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned

and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, subject to the availability criterion. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met, subject to the availability criterion.

All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

General Fund (Funds 11000, 13000, and 14000) – is the District’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided by the District’s school tax levy, state equalization and transportation funds, state instructional material allocations, and earnings from investments. Expenditures include all costs associated with the daily operations of the schools except for those items included in other funds. The General Fund includes the Pupil Transportation Fund, which is used to account for transportation distribution received from the New Mexico Public Education Department which is used to pay for the costs associated with transporting school age children. It also includes the instructional Materials Fund, which is used to account for the monies received from the New Mexico Public Education Department for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

Bond Building Capital Projects Fund (31100) – is used to account for the erecting, remodeling, additions and furnishings of school buildings.

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

Capital Improvements HB-33 Fund (31600) – is used to account for two mill levy funds authorized by the Public-School Capital Improvement Act. The levy must be voted on by local residents and allows the District to impose a property tax.

Capital Improvements SB-9 – Local (31701) is used to account for resources received through Senate Bill 9 and local tax levies obtained for the purpose of building, remodeling, and equipping classroom facilities. Funding authority is the New Mexico Public Education Department.

Education Technology Notes (31900) – To account for revenue received from any revenue bonds issued into as part of a lease purchase agreement under the Education Technology Act. The Education Technology Act was enacted to implement a provision of Article IX Section 11 of the Constitution of New Mexico which declares that a school district may create a debt under the constitution by entering into a lease purchase arrangement to acquire education technology without submitting the proposition to a vote of the qualified electors of the school district.

Debt Service Fund (41000) – is used to accumulate resources for payment of principal and interest due on general obligation bonds. Financing is provided by a special tax levy approved by the voters and assessed by the County Assessor and collected and remitted to the District by the County Treasurer.

Education Technology Debt Service Fund (43000) – is used to account for tax collections and debt service payments specific to the Education Technology note funding. Authority for this fund is the New Mexico Public Education Department.

Additionally, the District reports the following agency fund:

Fiduciary Funds – are used to account for assets held by the District in a trustee capacity or as an agent for individual, private organizations, other governments and/or other funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity

Deposits and Investments. The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Schools to invest in Certificates of Deposit, obligations of the U.S. Government, and the Local Government Investment Pool. The Local Government Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of pool shares. As of June 30, 2019, the District does not have any investments with Local Governmental Investment Pool.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (Continued)

Restricted Assets. Certain proceeds of the District's revenue bonds and general obligation bonds are classified as restricted assets on the balance sheet because their use is limited by the applicable bond covenants. The Bond Building fund has \$1,153,440 in unspent bond proceeds included in investments as of June 30, 2019.

Receivables and Payables. Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements. All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy from Eddy County. The funds are collected by the County Treasurer and are remitted to the District the following month. Under the modified accrual method of accounting, the amount remitted by the County Treasurer in July and August 2019 is considered 'measurable and available' and, accordingly, is recorded as revenue in the governmental fund statements during the year ended June 30, 2019. Period of availability is deemed to be 60 days subsequent to year end. The portion of property taxes receivable not collected within 60 days is classified as a deferred inflow.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incur the cost and submit the necessary request for reimbursement or advance, respectively.

Inventory. The District's method of accounting for inventory is the consumption method. Under the consumption approach, governments report inventories they purchase as an asset and defer recognition of the expenditures until the period in which the inventories actually are consumed. Inventory in the General Fund consists of expendable supplies held for consumption. Inventory in the Food Service Special Revenue Fund consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as expenditures at the time individual inventory items are consumed.

U.S.D.A. commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (Continued)

Capital Assets. Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5). The District does not have any infrastructure. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Library books are deemed to have useful lives of one year and are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction. Construction projects paid for by the Public-School Capital Outlay Council are included in the District’s capital assets.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	20
Buildings and improvements	20-50
Equipment	5-20

Unearned Revenues. The District recognizes grant revenue at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as unearned revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be “available” under the current financial resource’s measurement focus are reported as deferred revenues in the governmental fund financial statements. Accordingly, the item, unavailable revenue - property taxes, is reported only in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. The District has recorded \$437,265 related to property taxes considered “unavailable.”

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Plan (ERP) and additions to/deductions from ERP’s fiduciary net position have been determined on the same basis as they are reported by ERP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (Continued)

Post-employment Benefits Other Than Pensions (OPEB). For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences. The District permits administrative employees to accumulate a limited amount of earned but unused vacation, which will be paid if not used, upon termination from the District. Accumulated sick leave benefits vest with each employee in accordance with District policy. All vacation pay and applicable accumulated sick leave is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. No liability is reported for unpaid accumulated sick leave, as no payment is required upon termination of service employees.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide Statement of Net Position.

Long-term Obligations. In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are included in bonds payable reported in the Statement of Net Position and are amortized into interest expense over the term of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balance Classification Policies and Procedures. The District has implemented GASB Statement No. 54 and has defined the various categories reported in fund balance. For committed fund balance, the District's highest level of decision-making authority is the Board of Education. The formal action that is required to be taken to establish a fund balance commitment is the Board of Education.

For assigned fund balance, the Board of Education or an official or body to which the School Board of education delegates the authority is authorized to assign amounts to a specific purpose. The authorization policy is in governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

For the classification of fund balances, the District considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also for the classification of fund balances, the District considers committed, assigned, or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. The District's estimates include the useful lives of depreciable assets, net pension liability and related deferred inflows and outflows of resources, and the current portion of compensated absences. Accordingly, actual results could differ from those estimates.

Significant estimates for the District are management's estimate of depreciation on assets over their estimated useful lives, the net pension liability and related amounts, and the current portion of accrued compensated absences.

E. Revenues

State Equalization Guarantee. School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to ensure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program costs." A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public-school fund under the authority of the Director of Public School Finance.

The District received \$54,361,132 in state equalization guarantee distributions during the year ended June 30, 2019. Jefferson Montessori Academy Charter School received \$2,160,158 in state equalization guarantee distributions during the year ended June 30, 2019. Pecos Connections Academy Charter School received \$6,407,061 in state equalization guarantee distributions during the year ended June 30, 2019.

Tax Revenues. The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Property taxes are assessed on January 1st of each year and are payable in two equal installments, on November 10th of the year in which the tax bill is prepared and April 10th of the following year

with the levies becoming delinquent 30 days (one month) thereafter. The District recognizes tax revenues in the period for which they are levied in the government-wide financial statements.

The District records only the portion of the taxes considered 'measurable' and 'available' in the governmental fund financial statements. The District recognized \$13,736,032 and Jefferson Montessori Academy Charter School recognized \$145,409 in property tax revenues during the year ended June 30, 2019. The amounts are included in revenue from taxes reported in the Statement of Activities. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes. The District recognized \$27,379,201 in oil and gas tax revenues in fiscal year 2019.

Transportation Distribution. School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$2,066,283 in transportation distributions during the year ended June 30, 2019.

Instructional Materials. The Public Education Department receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 70% is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while 30% of each allocation is available for purchases directly from vendors. The District received \$240,042, Jefferson Montessori Academy Charter School received \$8,522, and Pecos Connections Academy Charter School received \$32,523 in instructional materials during the year ended June 30, 2019.

SB-9 State Match. The Director shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of Section 22-25-3 NMSA 1978, assuming a 100% collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the Schools under the Public-School Capital Improvements Act. The distribution shall be made by December 1 of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. This District received \$0 in State SB-9 matching during the year ended June 30, 2019.

Public School Capital Outlay. The public-school capital outlay fund was created under the provisions of Chapter 22, Article 24, NMSA 1978. The money in the fund may be used for: capital expenditures deemed by the public-school capital outlay council to be necessary for an adequate education program per Section 22-24-4(B); core administrative function of the public-school facilities authority and for project management expense upon approval of the council per Section 22-24-4(G); and for the purpose of demolishing abandoned school district facilities, upon application by a school district to the council, per Section 22-24-4(L). Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of

Finance and Administration following certification by the council that the application has been approved. The District did not receive any funds from PSCOC awards during the year ended June 30, 2019.

Federal Grants. The District receives revenues from various federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds.

Each program operates under its own budget, which has been approved by the Federal Department or the flow through agency (usually the New Mexico Public Education Department). The various budgets are approved by the Local School Board and the New Mexico Public Education Department.

The District also receives reimbursement under the National School Lunch and Breakfast for its food services operations, and the distribution of commodities through the New Mexico Human Services Department.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Budgets for the General, Special Revenue, Debt Service, and Capital Projects Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Actual expenditures may not exceed the budget at the function level. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May, the local school board submits to the District Budget Planning Unit (DBPU) of the New Mexico Public Education Department (PED) a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets are submitted to the State of New Mexico Public Education Department.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

2. In May or June of each year, the proposed “operating” budget will be reviewed and approved by the DBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the school district for the ensuing fiscal year.
3. The school board meeting is open for the general public unless a closed meeting has been called.
4. The “operating” budget will be used by the District until they have been notified that the budget has been approved by the DBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system.
5. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the DBPU.
6. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Public Education Department.
7. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the DBPU.
8. Legal budget control for expenditures is by function.
9. Appropriations lapse at fiscal yearend. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year’s budget. The budget schedules included in the accompanying financial statements reflect the original budget and the final budget.
10. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.

The School Board may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico Administrative Code 6.20.2.9 prohibits a District from exceeding budgetary control at the function level. The District is required to balance its budgets each year.

The appropriated budget for the year ended June 30, 2019, was properly amended by the District’s Board of Education throughout the year.

The District is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

The District and Charter Schools budget on a modified cash basis with payroll or held checks being accrued and expensed. Therefore, fund balances on the budget statements do not reconcile to cash due to the Charter Schools' accrued payroll which is presented on the accrual basis.

The reconciliation between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis for each governmental fund are included in each individual budgetary comparison.

NOTE 3. DEPOSITS AND INVESTMENTS

Section 22-8-40, NMSA 1978 authorizes the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2019.

Deposits of funds may be made in interest or non-interest-bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or collateralized as required by statute.

The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case, shall the rate of interest be less than 100% of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

All of the District's accounts at an insured depository institution, including non-interest-bearing accounts are insured by the FDIC up to the standard maximum deposit insurance amount of \$250,000.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2019, \$80,909,196 of the District's bank balance of \$82,812,636 was subject to custodial credit risk. \$63,387,412 was uninsured and collateralized by collateral held by the pledging bank's trust department, not in the District's name. \$20,744,511 of the District's deposits were uninsured and uncollateralized at June 30, 2019.

NOTE 8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. Therefore, the District is a member of the New Mexico Public School Insurance Authority (NMPSIA). NMPSIA was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool.

The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance. The NMPSIA provides coverage for up to a maximum of \$500,000 for each property damage claim with a \$15,000 deductible per occurrence with a maximum annual deductible of \$60,000. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit are subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery and Money Orders. A limit of \$100,000 applies to Money and Securities, which include a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. No settlements exceeded insurance coverage for 2019.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD

Plan description. The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's comprehensive annual financial report. The report can be found on NMERB's Web site at https://www.nmerb.org/Annual_reports.html.

The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

The Plan is considered a component unit of the State's financial reporting entity. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the Plan which is a pension benefit trust fund of the State of New Mexico. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined Section 22-112, NMSA 1978. Employees of public schools, universities, colleges, junior colleges, technical-vocational institutions, state special schools, charter schools, and state agencies providing an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

Pension benefit. A member's retirement benefit is determined by a formula which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

Summary of Plan Provisions for Retirement Eligibility. For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and earned service credit add up to the sum of 75 or more,
- The member is at least 65 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on, or after, July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 refunded all member contributions and then becomes re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more,
- The member is at least 67 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Section 2-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and, subsequently, withdrew all contributions and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements:

- The member's minimum age is 55 and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits.
- The member's age is 67 and has earned 5 or more years of service credit.

Forms of Payment. The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

Benefit Options. The Plan has three benefit options available:

- **Option A – Straight Life Benefit.** The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.
- **Option B – Joint 100% Survivor Benefit.** The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.
- **Option C – Joint 50% Survivor Benefit.** The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

Disability Benefit. An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA). All retired members and beneficiaries receiving benefits receive an automatic adjustment in their benefit on July 1 following the later of 1) the year a member retires, or 2) the year a member reaches age 65 (Tier 1 and Tier 2) or age 67 (Tier 3).

- Tier 1 membership is comprised of employees who became members prior to July 1, 2010.
- Tier 2 membership is comprised of employees who became members after July 1, 2010, but prior to July 1, 2013.
- Tier 3 membership is comprised of employees who became members on or after July 1, 2013.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

As of July 1, 2013, for current and future retirees the COLA is immediately reduced until the Plan is 100% funded. The COLA reduction is based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.5%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.7%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

Refund of Contributions. Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

Contributions. For the fiscal years ended June 30, 2019 and 2018, educational employers contributed to the Plan based on the following rate schedule:

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2019	7-1-18 to 6-30-19	Over \$20K	10.70%	13.90%	24.60%	0.00%
2019	7-1-18 to 6-30-19	\$20K or less	7.90%	13.90%	21.80%	0.00%
2018	7-1-17 to 6-30-18	Over \$20K	10.70%	13.90%	24.60%	0.00%
2018	7-1-17 to 6-30-18	\$20K or less	7.90%	13.90%	21.80%	0.00%

The contribution requirements are established in statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2019 and 2018, the District paid employee and employer contributions of \$9,742,314 and \$9,480,026, respectively, which equal the amount of the required contributions for each fiscal year. For the fiscal years ended June 30, 2019 and 2018, the Jefferson Montessori Academy Charter School paid employee and employer contributions of \$297,627 and \$268,660, respectively, which equal the amount of the required contributions for each fiscal year. For the fiscal years ended June 30, 2019 and 2018, the Pecos Connections Academy Charter School paid employee and employer contributions of \$394,716 and \$239,457, respectively, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2019, the District reported a liability of \$165,077,835 for its proportionate share of the net pension liability. At June 30, 2019, the Jefferson Montessori Academy Charter School reported a liability of \$4,676,860 for its proportionate share of the net pension liability. At June 30, 2019, the Pecos Connections Academy Charter School reported a liability of \$4,141,751 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. The roll-forward incorporates the impact of the new assumptions adopted by the ERB Board on April 21, 2017. There were no other significant events of changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2018. Therefore, the District’s and Charter’s portion was established as of the measurement date of June 30, 2018. The District’s and Charter’s proportion of the net pension liability was based on a projection of the District and Charter long- term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions at June 30, 2018, actuarially determined. At June 30, 2018, the District’s proportion was 1.38822% which was an increase of 0.02873% from its proportion measured at June 30, 2017. At June 30, 2018, the Jefferson Montessori Academy Charter School proportion was 0.03933%, which was a decrease of 0.00081% from its proportion measured at June 30, 2017. At June 30, 2018, the Pecos Connections Academy Charter School proportion was 0.03483%, which was an increase of 0.01266% from its proportion measured at June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$29,950,637. For the year ended June 30, 2019, Jefferson Montessori Academy Charter School recognized pension expense of \$780,119. For the year ended June 30, 2019, Pecos Connections Academy Charter School recognized pension expense of \$1,385,750.

At June 30, 2019, the District and Charters reported deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial assumptions and methods are set by the Plan’s Board of Trustees, based upon recommendations made by the Plan’s actuary. The Board adopted new assumptions on April 21, 2017 in conjunction with the six-year actuarial experience study period ending June 30, 2016. At that time, the Board adopted several economic assumption changes, including a decrease in the inflation assumption from 3.00% to 2.50%. The 0.50% decrease in the inflation assumption also led to decreases in the nominal investment return assumption from 7.75% to 7.25%, the assumed annual wage inflation rate from 3.75% to 3.25%, the payroll growth assumption from 3.50% to 3.00%, and the annual assumed COLA from 2.00% to 1.90%.

The long-term expected rate of return on pension plan investments was determined using a building-block approach that includes the following:

- Rate of return projections that are the sum of current yield plus projected changes in price (valuations, defaults, etc.).
- Application of key economic projections (inflation, real growth, dividends, etc.).
- Structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Asset Class	Target Allocation	Long-Term Expected Rate of Return
Equities	33%	
Fixed income	26%	
Alternatives	40%	
Cash	1%	
	100%	7.25%

Discount rate. A single discount rate of 5.69% was used to measure the total pension liability as of June 30, 2018. This rate is .21% less than the 5.90% discount rate used for June 30, 2017.

The June 30, 2018 single discount rate was based on a long-term expected rate of return on pension plan investments of 7.25%, and a municipal bond rate of 3.62%. Based on the stated assumptions and the projection of cash flows, the pension plan’s fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2050. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the 2050 fiscal year, and the municipal bond rate was applied to all benefit payments after that date.

The projections of cash flows used to determine the June 30, 2018 single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

NOTE 10. OTHER POST EMPLOYMENT BENEFITS (OPEB) – STATE RETIREE HEALTH CARE PLAN

Plan description. Employees of the District are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico. NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Contributions. Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee’s salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer’s participation in the Fund. Contributions to the Fund from the District were \$797,229 for the year ended June 30, 2019. Contributions to the Fund from the Jefferson Montessori Academy Charter Schools were \$24,460 for the year ended June 30, 2019. Contributions to the Fund from the Pecos Connections Academy Charter Schools were \$31,553 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2019, the District reported a liability of \$39,521,762 for its proportionate share of the net OPEB liability. At June 30, 2019, Jefferson Montessori Academy Charter School reported a liability of \$1,117,962 for its proportionate share of the net OPEB liability. At June 30, 2019, Pecos Connections Academy Charter School reported a liability of \$1,068,826 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

The District’s and Charter’s proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2018. At June 30, 2018, the District’s proportion was 0.90889%. At June 30, 2018, the Jefferson Montessori Academy Charter School’s proportion was 0.02571%. At June 30, 2018, the Pecos Connections Academy Charter School’s proportion was 0.02458%.

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2018
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.50% for ERB; 2.25% for PERA
Projected payroll increases	3.50%
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 years for Medicare medical plan costs

NOTE 10. OTHER POST EMPLOYMENT BENEFITS (OPEB) – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

Asset Class	Target Allocation	Long-Term Rate of Return
U.S. core fixed income	20%	2.1%
U.S. equity - large cap	20%	7.7%
Non U.S. - emerging markets	15%	10.2%
Non U.S. - developed equities	12%	7.8%
Private equity	10%	11.8%
Credit and structured finance	10%	5.3%
Real estate	5%	4.9%
Absolute return	5%	4.1%
U.S. equity - small/mid cap	3%	7.1%

Discount Rate. The discount rate used to measure the Fund’s total OPEB liability is 4.08% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2029. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029. Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 4.08% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.08%) or 1-percentage-point higher (5.08%) than the **current discount rate**:

NOTE 11. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTE 12. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

- A. Deficit fund balance of individual funds. The following funds maintained a deficit fund balance as of June 30, 2019:

Primary Government:

Non-major Funds	
Athletics (Fund 22000)	\$ 25,981
Title I (Fund 24101)	28

NOTE 16. RESTRICTED NET POSITION

The government-wide Statement of Net Position for the District reports \$77,200,357 of restricted amounts, all of which is restricted by enabling legislation. For the Jefferson Montessori Academy Charter School restricted net position is \$232,955. For the Pecos Connections Academy Charter School there is not a restricted net position.

NOTE 17. RESTATEMENT OF FUND BALANCE – PAYMENT IN LIEU OF TAXES

The District is subject to tax abatements granted by Eddy County through the Industrial Revenue Bond Act, which exempt projects from certain gross receipt, compensating, and ad valorem taxes (Note 14). The District receives payments in lieu of these abated taxes to compensate in whole or in part for these lost tax revenues.

In the financial statements for the year ended June 30, 2018, these balances were included in certain funds associated with the receipt of ad valorem tax revenue. In the financial statements for the year ended June 30, 2019, as more fully described in finding 2019-001, these amounts are shown as a restatement reducing beginning fund balance in those funds and increasing beginning fund balance in the Industrial Revenue Bonds PILOT Fund (29315), on the Statement of Revenues, Expenditures, and Changes in Fund Balances. The restatement of these balances during the year ended June 30, 2019 is as follows:

General Fund	\$ (51,534)
Capital Improvements HB-33	(199,574)
Capital Improvements SB-9 Local	(200,500)
Debt Service	(240,394)
Ed Tech Debt Service	(406,683)
Industrial Revenue Bonds PILOT	<u>1,098,685</u>
Total	<u><u>\$ -</u></u>

NOTE 18. RESTATEMENT OF FUND BALANCE AND NET POSITION – INVESTMENTS

In fiscal year 2018, the District’s bank erroneously double-entered a purchase of a certificate of deposit for \$250,000. This error resulted in an overstatement of investments in Fund 31100 in the financial statements for the year ended June 30, 2018. The error was identified and corrected in fiscal year 2019, as more fully described in finding 2019-002.

In the financial statements for the year ended June 30, 2019, this amount is shown as a restatement reducing beginning fund balance on the Statement of Revenues, Expenditures, and Changes in Fund Balances and reducing net position of the Statement of Activities.

NOTE 19. GOVERNMENTAL FUND BALANCE

In the fund financial statements, governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Some governments may not have policies or procedures that are comparable to those policies that underlie the classifications and therefore would not report amounts in all possible fund balance classifications. In the governmental financial statements, fund balance is classified and is displayed in five components:

Nonspendable: Consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted: Consists of amounts that are restricted to specific purposes as a result of a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed: Consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.

Assigned: Consist of amounts that are constrained by the government's *intent* to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned: Represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

NON-MAJOR FUND DESCRIPTIONS
JUNE 30, 2019**

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

Food Services (21000) – This fund is utilized to account for Federal and Local sources of income relating to the food service programs. The Cafeteria Fund is segregated into two categories, one being the Federal funds and the other being Non-Federal funds. Federal funds consist of the National School Lunch Program, which is administered by the State of New Mexico for the purpose of making breakfast and lunch available to all school children and to encourage the domestic consumption of agricultural commodities and other food components. Authority for the creation of this fund is NMSA 22-13-13.

Athletics (22000) – This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Non-Instructional Support (23000) - To account for funds paid to the Schools for student activity travel. Accumulated funds are used to replace activity buses. Funding authority is the New Mexico Public Education Department.

Title I (24101) – This fund is used to provide supplemental educational opportunity for academically disadvantaged children. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identify a campus; educational need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Public Education Department. Authority for creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103- 383.

Migrant Children Education (24103) – To account for federal sources administered by the State Public Education Department to provide for special education needs of children of migratory agricultural workers. Authority for the creation of this fund is Public Law 100-297.

Entitlement IDEA-B (24106) – To account for a program funded by a Federal grant to assist the District in providing free appropriate public education to all handicapped children. Funding authorized by Individuals with Disabilities Education Act, Part B, Section 611- 620, as amended, Public Laws 91-230, 93-380, 94-142, 98-199, 99-457, 100,639, and 101-476, 20 U.S.C. 1411-1420.

Competitive IDEA-B (24108) – Research-based model program for the New Mexico Autism Project to improve the outcomes for students with Autism Spectrum Disorders.

Preschool IDEA-B (24109) – The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from age three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

SPECIAL REVENUE FUNDS (CONTINUED)

Education of Homeless (24113) – To ensure that homeless children and youth have equal access to the same free, appropriate public education as other children; to provide activities for and services to ensure that these children enroll in, attend, and achieve success in school; to establish or designate an office in each State educational agency (SEA) for the coordination of education for homeless children and youth; to develop and implement programs for school personnel to heighten awareness of specific problems of homeless children and youth; and to provide grants to local educational agencies (LEAs). Program funding is authorized by authorized by McKinney-Vento Homeless Assistance Act, Title VII, Subtitle B.

IDEA Private School Share (24115) – Under 34 CFR §§ 300.132-300.133, an LEA must spend a proportionate amount of their IDEA-B Basic Entitlement and, if applicable, Preschool sub-grant funds for special education and related services (“equitable participation services”) to students with disabilities who are parentally placed in private elementary and secondary schools (“equitable participation services”) located in the school district served by the LEA. The private schools must be non-profit institutions. Children aged three through five are considered to be parentally placed private school children with disabilities, only if they are enrolled in a private school that meets the definition of elementary school in 34 CFR §300.13. New Mexico State law defines an elementary school as “a public school providing instruction for grades kindergarten through eight, unless there is a junior high school program approved by the state board [department], in which case it means a public school providing instruction for grades kindergarten through six” 22-1-3(A) NMSA 1978.

IDEA-B “Risk Pool” (24120) – Entitlement funds that are set aside each year for the Puente para los Ninos high-cost child program.

IDEA-B Results Plan (24132) – This account is to support the individual school site's Educational Plan for Student Success, or areas of need of improvement as identified through an instructional audit. This is a pilot program for the New Mexico Real Results program required by US Dept. of Education of Special Education Programs. Authority for creation of this fund is New Mexico Public Education Department. -

TO STATEMENT OF ACTIVITIES
JUNE 30, 2019

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds	\$	218,291
--	----	---------

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which capital outlays exceeds depreciation in the period.

Capital outlays		9,186
Depreciation expense		(707)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as expenditures in the governmental funds:

Pension contribution		169,563
Pension expense		(780,122)
Retiree health contribution		24,460
OPEB expense (income)		<u>32,108</u>

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Education
Carlsbad Municipal School District
Carlsbad, New Mexico and
Mr. Brian Colón, Esq.
New Mexico State Auditor
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison of the general fund of the Carlsbad Municipal School District (the "District"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents. We have also audited the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund of each discretely presented component unit, presented as supplementary information, as defined by the Governmental Accounting Standards Board (GASB) as of and for the year ended June 30, 2019, as listed in the Table of Contents, and have issued our report thereon dated November 15, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Board of Education
Carlsbad Municipal School District and
Mr. Brian Colón, Esq.
New Mexico State Auditor

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying Schedule of Findings and Questioned Costs that we consider to be significant deficiencies as items 2019-001, 2019-002, 2019-007, and 2019-008.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards* as items 2019-003, 2019-004, 2019-005, and 2019-006.

We noted certain matters that are required to be reported per Section 12-6-5 NMSA 1978 that we have described in the accompanying Schedule of Section 12-6-5 NMSA 1978 Findings as item 2019-010.

The District's Responses to Findings

The District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Education
Carlsbad Municipal School District
Carlsbad, New Mexico and
Mr. Brian Colón, Esq.
New Mexico State Auditor
Santa Fe, New Mexico

Report on Compliance for the Major Federal Program

We have audited Carlsbad Municipal School District’s (the “District”) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2019. The District's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the District’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the Audit Requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about District’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the District’s compliance.

The Board of Education
Carlsbad Municipal School District and
Mr. Brian Colón, Esq.
New Mexico State Auditor

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed an instance of non-compliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2019-009. Our opinion on each major federal program is not modified with respect to these matters.

The District's response to the non-compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over

The Board of Education
Carlsbad Municipal School District and

New Mexico State Auditor

compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item 2019-009 that we consider to be a significant deficiency.

The District's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**STATE OF NEW MEXICO
CARLSBAD MUNICIPAL SCHOOL DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2019**

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of Carlsbad Municipal Schools (District) under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in financial position of the District.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. SUBRECIPIENTS

The Carlsbad Municipal Schools did not provide any federal awards to any subrecipients during the fiscal year.

NOTE 4. NON-CASH FEDERAL ASSISTANCE

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast program. Per USDA guidance (FPI-18-2), donated USDA commodities should be grouped with the National School Lunch Program and used the same CFDA number as the National School Lunch Program. The value of commodities received for the year ended June 30, 2019 was \$265,227. Commodities are recorded as revenues and expenditures in the Food Service Fund.

NOTE 5. INDIRECT COST RATE

During the year ended June 30, 2019, the New Mexico Public Education Department reimbursed the District for indirect costs at 3.55%.

NOTE 6. RECONCILIATION OF FEDERAL REVENUE TO FEDERAL EXPENDITURES

SECTION II - FINANCIAL STATEMENT FINDINGS

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING (REPEATED AND MODIFIED)

TYPE OF FINDING: Significant Deficiency

CONDITION

During our audit, we noted the following weakness in the District’s year-end financial close and reporting process:

The capital asset roll-forward starting with prior year financial statement balances and capital asset depreciation schedules for building and land improvements could not be timely produced after year-end. When produced, current year additions and deletions to the schedule and transfers from Construction in Progress had not been performed, nor had depreciation been calculated for buildings and improvements nor land improvements.

Year-end investment balances were not properly reconciled and not all current year investment activity was properly recorded, which required adjustments to correct. See finding 2019-002 for further details.

The unadjusted, cash-basis trial balance submitted to the auditors for the fiscal year ended June 30, 2019, incorrectly contained certain accrual entries, including receivables in several funds. It also included interfund loans from the general fund to other funds.

The Balance Sheet for Governmental funds contains certain funds that are reimbursement basis funds, for which the fund balance should be zero as of year-end, however the following funds have either a positive or negative fund balance:

Athletics (Fund 22000)	\$ (25,981)
Title I (Fund 24101)	(28)
Entitlement IDEA-B (Fund 24106)	(8,902)
IDEA-B "Risk Plan" (Fund 24132)	(550)
Carl D Perkins Secondary Current (Fund 24174)	(634)
Truancy Initiative PED (Fund 27141)	(1,220)
Breakfast for Elementary Students (Fund 27155)	(6,418)
IDEA-B Preschool (Fund 24109)	8,065
Teacher/Principal Training and Recruiting (Fund 24154)	21,526

The New Mexico Public Education Department set up Fund 29135 to account for PILOT payments on Industrial Revenue Bonds. The District erroneously placed these funds in fiscal year 2018 into five separate funds that normally account for property tax revenues. When management discovered the error in fiscal year 2019, they moved the funds into Fund 29135.

The District has made significant improvements in the financial close and reporting process from fiscal year 2018.

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING (REPEATED AND MODIFIED) (CONTINUED)

CRITERIA

NMAC 6.20.2.12 requires that the District “create and maintain ... financial reports which facilitate the discharge of assigned responsibilities and monitors activities at each level of the organizational structure.”

New Mexico Manual of Procedures for Public School Accounting and Budget (PSAB), Supplement 5, Financial Statements. “The financial statements are the responsibility of the district. The IPA must provide the adjusting entries and supporting documentation to the district for any differences between the district’s records and the financial reports in the audit. The district should review and approve the audit draft prior to it being submitted to the state auditor.”

The State Auditor Rule (2.2.2, NMAC) requires the school district to maintain adequate accounting records to prepare financial statements in accordance with Generally Accepted Accounting Principles (GAAP), and cooperate with the Independent Public Accountant (IPA) by providing in a timely manner the information required to express an opinion on the agency's financial statements. Districts should familiarize themselves with the contents of the annual audit. If the IPA prepares the financial statements, this fact must be disclosed in notes to the financial statements and may result in an audit finding if there is “ineffective oversight of the financial reporting and internal control processes by those charged by governance.” (Statement of Auditing Standards, SAS 115).

Financial Standards for New Mexico Public Schools and School Districts, 6.20.2.14 NMAC. “In accordance with GASB 34, school districts shall use a full accrual basis of accounting in preparation of annual financial statements and cash basis of accounting for budgeting and reporting.”

New Mexico Manual of Procedures for Public School Accounting and Budget (PSAB), Supplement 2, Internal Control Structure. “The Financial Management System (FMS) generally produces reports containing operational, financial, and compliance related information recorded on a cash basis of accounting, making it possible to efficiently manage the cash functions of the school district. Additional software is generally needed to convert from a cash basis to an accrual basis of accounting required by Generally Accepted Accounting Practices (GAAP) and Generally Accepted Governmental Auditing Standards (GAGAS).

EFFECT

There were misstatements in the fund trial balances. Additionally, the basis of accounting which the financial management system was maintained does not appear to be fully cash basis or fully modified accrual basis. While cash reports to PED reconciled to the cash basis as required, this is not ideal. The status of the budget was not tracked properly on a cash basis through the entire year. Fund balances in reimbursement funds that are not equal to zero are typically caused by either error or by requests for reimbursement that have been denied, which have not been identified and corrected.

CAUSE

Turnover and lack of effective internal controls relating to the financial close and reporting process.

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING (REPEATED AND MODIFIED) (CONTINUED)

RECOMMENDATION

We recommend management evaluate all aspects of the financial close and reporting process and establish effective internal controls and procedures to ensure timely and accurate financial statements and supporting schedules.

We also recommend that the District maintain its books on a cash basis in the financial management system, and track and record modified and full accrual entries separately for financial reporting purposes.

MANAGEMENT RESPONSE

Corrective Action: The financial close and reporting process is under review. Procedural changes, evaluation of duty assignments and staff training needs were included in the review. A proposed plan of action addresses the areas in need of improvement. A new financial close and reporting procedure designed to track all required activities, assign responsible parties and sets firm due dates will be used. The Director of Finance monitors all

aspects of the financial close and reviews/approves all supporting reports and documents prior to finalizing the financial close and completing required reports.

Account reconciliations for all financial system modules, including General Fixed Assets, and all bank/investment accounts will ensure the timely and accurate posting of all transactions. A routine review of trial balance reports for all Funds is included in the financial close requirements.

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-002 (PREVIOUSLY REPORTED AS 2018-005) INVESTMENT INTEREST (REPEATED AND MODIFIED)

TYPE OF FINDING: Significant Deficiency

CONDITION

During our testing of investment balances, we noted the District had not recorded interest income on investments during the year in the following account, for the following amount:

- \$418,158 in fiscal year 2019 of unrecorded investment income in Western Commerce Bank investment accounts was recorded immediately after year-end.
- An additional \$242,382 in fiscal year 2019 corrections to investment income in Western Commerce Bank investment accounts were recorded in November 2019, which netted with a correction of \$250,000 to investment distributions.

Additionally, in November 2017, the bank had erroneously double-entered a purchase of a certificate of deposit for \$250,000, and did not correct this error until January 2019. The District did not identify this error and the correction until November 2019.

The District did not make improvements in this area from the fiscal year 2018.

CRITERIA

Cash Control Standards for New Mexico Public Schools and School Districts, 6.20.2.14 NMAC. "All bank accounts shall be reconciled on a monthly basis. Reconciled bank statements are to be reviewed by the business manager and/or assistant superintendent for business administration. The bank statement, deposit slips, and canceled checks shall be made available to the district's auditor during the annual audit."

New Mexico Manual of Procedures for Public School Accounting and Budget (PSAB), Supplement 7, Cash Controls. "The (PED) Cash Report should flow directly from the General Ledger. Before completing the Cash Report, districts/charter schools should first reconcile all bank accounts and *properly record any adjusting items such as interest* or deductions for banking supplies, or for loans made by the district operational fund to other funds. The cash balance on the final line of the cash report should tie directly to the general ledger cash accounts total."

EFFECT

In order to ensure that assets are protected and accounted for in a professional and timely manner, it is important for good internal cash controls to reconcile and make proper entries each month as part of the District's month end closing procedures. In fiscal year 2018, investments were overstated by \$250,000 and the District was not aware because it had not performed proper reconciliations. In fiscal year 2019, this error was corrected without the District's knowledge. If this correction had not been proper, the District would not have had adequate controls in place to detect it.

CAUSE

We noted that the Comptroller prepared bank reconciliations for cash accounts on a monthly basis, which were then reviewed and approved by the Finance Director. However, for investment accounts, the same process for reconciling and recording associated adjusting items was not followed. This issue was identified during the prior year audit; however, these controls were not properly implemented in fiscal year 2019.

RECOMMENDATION

The District should implement procedures to ensure that bank reconciliations reconcile to the general ledger and the PED cash report. Any unexplained differences should be investigated and corrective action taken immediately.

MANAGEMENT RESPONSE

Corrective Action: Review of cash control procedures was a part of the overall Internal Control evaluation. The new financial close and reporting process proposed ensures that all bank accounts are reconciled on a monthly basis and that all adjusting items are recorded properly and in a timely manner. The Director of Finance will review and give final approval for all account reconciliations. Any errors and/or missed transactions will be corrected and posted to the General Ledger prior to finalizing the monthly close process.

2019-003 (PREVIOUSLY REPORTED AS 2018-006) SCHOOL PERSONNEL ACT (JEFFERSON MONTESSORI ACADEMY CHARTER SCHOOL) (REPEATED AND MODIFIED)

TYPE OF FINDING: Other Non-compliance

CONDITION

During our testing of payroll and the School Personnel Act, we noted the following exception: 3 of 3 tested, for whom the statute was applicable, did not have signed contracts 10 days before the start of the school year.

JMA did not make improvements in this area from FY18.

CRITERIA

School Personnel Act Statute 22-10A-23 (B), NMSA 1978 Reemployment; acceptance; rejection; binding contract states "Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties no later than ten days before the first day of a school year."

School Personnel Act Statute 22-10A-18 states: "develop a proposed budget for the public school, with input from the school council, and submit it to the local superintendent"

EFFECT

Students may not have teachers in the classroom at the start of school if contracts are not executed proactively.

CAUSE

Administration did not ensure State policies were followed and review did not ensure proper execution.

RECOMMENDATION

We recommend that JMA ensure all employees contracts for the school year are executed no later than ten days before the first day of the school year. There are software options to help with this – for teachers who may be out of town during the summer.

MANAGEMENT RESPONSE

Corrective Action: Management had processes in place using letters of intent to ensure all staffing needs were met. The early dating of these were meant to meet the requirement of NMSA. Administration will make sure all staff contracts comply with statute and are appropriately dated moving forward.

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-004 (PREVIOUSLY REPORTED AS 2018-008) SCHOOL PERSONNEL ACT (PECOS CONNECTIONS ACADEMY CHARTER SCHOOL) (REPEATED AND MODIFIED)

TYPE OF FINDING: Other Non-compliance

CONDITION

During our testing of payroll and the School Personnel Act, we noted the following exceptions:

- 1 of 4 tested, for whom the statute was applicable, did not have signed contracts 10 days before the start of the school year
- Fingerprint cards not retained in employees' files

PCA did not make improvements in this area from FY18.

CRITERIA

School Personnel Act Statute 22-10A-23 (B), NMSA 1978 Reemployment; acceptance; rejection; binding contract states "Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties no later than ten days before the first day of a school year."

School Personnel Act Statute 22-10A-5 states: "An applicant for initial licensure shall be fingerprinted and shall provide two fingerprint cards or the equivalent electronic fingerprints to the department to obtain the applicant's federal bureau of investigation record".

EFFECT

Students may not have teachers in the classroom at the start of school if contracts are not executed proactively.

CAUSE

Administration did not ensure State policies were followed and review did not ensure proper execution.

RECOMMENDATION

We recommend that PCA ensure all employees contracts for the school year are executed no later than ten days before the first day of the school year. There are software options to help with this – for teachers who may be out of town during the summer.

MANAGEMENT RESPONSE

Corrective Action: Employee was on extended medical leave. PCA has reviewed processes and reassigned task. Staffing List will be reviewed at least 10 days prior to beginning of the school year to ensure that employees have signed contracts to abide by School Personnel Statue 22-104-23.

Fingerprinting is processed as part of hiring packet thru our HR contractor. TP has record of all FBI results prior to issuing contracts. We reached out to Gemalto Cogent and NM Department of Public Safety and now require our new employees to go thru both background checks; one processed by our HR contractor and the local one through Gemalto Cogent under our ORI.

2019-005 (PREVIOUSLY REPORTED AS 2018-009) BANK COLLATERALIZATION (PECOS CONNECTIONS ACADEMY CHARTER SCHOOL) (REPEATED AND MODIFIED)

TYPE OF FINDING: Other Non-compliance

CONDITION

PCA had one bank account that was uninsured in the amount of \$805,832. State law requires collateralization of \$402,916 of this uninsured amount. PCA did not have sufficient collateral in place to meet the State requirement and was under collateralized by \$317,163.

PCA did not make improvements in this area from FY18.

CRITERIA

New Mexico State Statute Section 6-10-17, NMSA 1978, requires PCA to collateralize an amount equal to one-half of the balance not covered by the Federal Deposit Insurance Corporation (FDIC) for depository accounts.

CAUSE

Charter administration did not provide sufficient oversight to ensure the bank met this requirement.

EFFECT

If the bank failed due to insufficient capital, the District could lose certain public monies. Public funds were not secured as required.

RECOMMENDATION

PCA should arrange for collateral for bank deposits in excess of \$250,000. Alternatively, PCA could maintain deposits with multiple banks with less than \$250,000 in each.

MANAGEMENT RESPONSE

Corrective Action: The un-collateralized amount was a result of PED issuing the final June 2019 SEG on the final day, Friday, June 28, 2019, before the period was closed. We also reached out to Wells Fargo relationship Manager and Analyst with the Public Funds Collateral Management to change notifications process of incoming deposits. Please note that this step was taken after our 2017-2018 audit exit, which took place in July 2019.

2019-006 (PREVIOUSLY REPORTED AS 2018-014) SCHOOL PERSONNEL ACT (REPEATED AND MODIFIED)

TYPE OF FINDING: Other Non-compliance

CONDITION

During our testing of payroll and the School Personnel Act, we noted the following exceptions:

- For 4 of 5 individuals tested, the individuals did not have signed contracts 10 days before the start of the school year.
- The District self-reported to us that three employees were not compliant with the requirement to cease compensating employees if proper licensure or certification is not obtained within three months of beginning employment.

The District did not make significant improvements in this area from the fiscal year 2018.

CRITERIA

School Personnel Act Statute 22-10A-23 (B), NMSA 1978. "Reemployment; acceptance; rejection; binding contract states "Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties no later than ten days before the first day of a school year."

School Personnel Act Statute 22-10A-3(C), NMSA 1978. "A person performing the duties of a licensed school employee who does not hold a valid license or certificate or has not submitted a complete application for licensure or certification within the first three months from beginning employment duties shall not be compensated thereafter for services rendered until he demonstrates that he holds a valid license or certificate. This section does not apply to practice teachers as defined by rules of the state board [department]."

EFFECT

Students may not have teachers in the classroom at the start of school if contracts are not executed proactively.

CAUSE

Management did not ensure state policies were followed and review did not ensure proper execution.

RECOMMENDATION

We recommend the District ensure all employees contracts for the school year are executed no later than ten days before the first day of the school year. There are software options to help with this – for teachers who may be out of town during the summer. We further recommend that proper controls be put in to place to ensure that all compliance requirements, including School Personnel Act compliance requirement, are identified and that compliance with these requirements be tracked.

2019-007 JOURNAL ENTRY SUPPORTING DOCUMENTATION

TYPE OF FINDING: Significant Deficiency

CONDITION

During our internal control test work over manual journal entries, we noted that seven out of a random sample of forty journal entries did not contain sufficient supporting documentation to determine the accuracy, business purpose, or completeness of the entry. The total amount of these seven entries was \$23,351.

CRITERIA

Per NMAC 6.20.2.11 (A) Internal Control Structure Standards, "every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP. The internal control structure shall include written administrative controls (rules, procedures and practices, and policies that affect the organization) and accounting controls (activity cycles, financial statement captions, accounting applications including computer systems) that are in accordance with GAAP."

CAUSE

The District did not have effective controls over manual journal entries in place during the first eight months of fiscal year 2019 to ensure journal entries were adequately supported. Sufficient controls appear to have been put in place around approximately March 2019.

EFFECT

Financial statements could be misstated.

RECOMMENDATION

We recommend that the District maintain adequate controls over manual journal entries. All journal entries should be supported by the documentation needed to make those entries. Journal entries should be reviewed and approved by someone other than the preparer.

MANAGEMENT RESPONSE

Corrective Action: Corrective action for this issue has already taken place. All manual journal entries posted to the General Ledger will require a minimum of a two-person process. The individual requesting the adjustment will submit a Journal Entry request and an entry template to the Finance Department. Supporting documentation is required to be submitted with all requests. The Accounting Specialist will review and upload all Journal Entry requests to the financial management system. The Director of Finance will review all documentation before posting the entry to the General Ledger.

2019-008 ACTIVITY FUND CASH RECEIPTS

TYPE OF FINDING: Other Non-compliance

CONDITION

During our internal control test work over a sample of twenty-five activity fund daily deposit packets, we noted seven deposit packets contained receipts totaling \$2,876 that were not deposited within 24 hours. Additionally, we noted one receipt totaling \$622 where the receipt had been post-dated three days after the date of deposit. We noted that these violations were identified by the Finance Specialist, and the individuals receipting were counseled and required to provide a corrective action plan.

CRITERIA

Per NMAC 6.20.2.14, “

- A. School districts shall establish and maintain a cash management program to safeguard cash and provide prompt and accurate reporting that adheres to cash management requirements of the office of management and budget (OMB) Circular A-102, and applicable state and federal laws and regulations.
- B. The school district shall issue a factory pre-numbered receipt for all money received. Pre-numbered receipts are to be controlled and secured. If a receipt is voided, all copies shall be marked "VOID" and retained in the receipt book.
- C. Money received and receipted shall be deposited in the bank within twenty-four (24) hours or one banking day. If the distance to the bank is considerable, or the cash collection is limited to small amounts and/or low volume and it is impractical to meet the twenty-four hour/one banking day requirement, the local board may request approval from the department for an alternative plan. The bank deposit slip shall have the numbers from applicable receipts entered on it or attached as a reference.”

CAUSE

Internal controls were not properly implemented to ensure receipts were deposited within 24-hours. The District appears to conduct training over this area and has controls in place to detect the occurrence of these violations after they happen, and is taking action to counsel individuals violating the standard, however these actions have not yet been entirely effective in preventing violations.

EFFECT

The District is not in compliance with NMAC 6.20.2.14.

RECOMMENDATION

We recommend continuing to assess risk over each cash receipts revenue stream at each school, frequently monitoring controls that are then implemented over activity funds and holding employees accountable for non-compliance with policies and procedures.

2019-008 ACTIVITY FUND CASH RECEIPTS (CONTINUED)

MANAGEMENT RESPONSE

Corrective Action: The current cash receipt process controls the activities in the Finance Department and the Control Agents and their Secretaries at the schools and departments. New procedures will be required to expand the span of control to activity/athletic sponsors and other individuals handling monies before they reach the school/department secretary. The District is also investigating other electronic/non-cash methods of payment. Expanding the payment options accepted by the District will reduce the amount of cash transactions handled throughout the District. The current process of identifying non-compliance will be expanded to include more effective methods for preventing violations; methods yet to be determined.

**2019-009 (PREVIOUSLY REPORTED AS 2018-016) STUDENT NUTRITION - VERIFICATION AND ELIGIBILITY
(REPEATED AND MODIFIED)**

TYPE OF FINDING: Significant Deficiency / Non-compliance

Federal program information:

Funding agency: U.S. Department of Agriculture
Title: National School Lunch Program, School Breakfast
CFDA Number: 10.555, 10.553

CONDITION

During our testing of 40 applications for **eligibility**, there were two households whose information scanned into the computer had incorrect amounts or household member errors that were not caught during review. The auditor also noted one questionable amount for a household income that potentially should have been flagged for verification.

During testing of the 27 applications selected for **verification**, the calculation of gross income was not completed properly on one application, resulting in two students receiving reduced meals when they should not have. In addition, one verification reported significantly lower income for verification and different income recipients and should have resulted in additional follow up with the household.

The differences noted in both the eligibility and verification testing are more fully described below:

- Household 419 Eligibility - the application flagged one family member was left off the household count. This did not affect the classification for these students, but could result in a family not receiving benefits that they are eligible for.
- Household 1183 Eligibility - the application was flagged as the result for income was different than the application. This did not affect the classification for the students but could result in a family receiving benefits not eligible for, or not receiving benefit level they are eligible for.
- Household 1263 Verification - The pay stub submitted for verification had year-to-date income that exceeded the limit. Commission, and bonuses were not included in the calculation of gross pay resulting in two students continuing to receive reduced meals for the year when they should have been charged full price.
- Household 1515 Eligibility - Application resulted three students classified as free. The income amount for a family of five appeared small to the auditor based on the address for the application.
- Household 2208 Verification - The result of the verification allowed two students to remain in the free category. The income as the result of the verification was significantly lower than the original application. The members reporting income also changed from application to verification.

The District made significant improvements in this area from FY18.

CRITERIA

Children belonging to households meeting nationwide income eligibility requirements may receive meals at no charge or a reduced price.

SECTION III - FEDERAL AWARD FINDINGS (CONTINUED)

**2019-009 (PREVIOUSLY REPORTED AS 2018-016) STUDENT NUTRITION - VERIFICATION AND ELIGIBILITY
(REPEATED AND MODIFIED) (CONTINUED)**

By November 15th of each school year, the District must verify the current free and reduced price eligibility of households from a sample of applications that it has approved for free and reduced price meals and place them in the correct category. Earnings from work include salary (or wages) and cash bonuses.

Per CFR 245 6a (c) (7), In addition to the required verification sample, the District must verify any questionable applications and should, on a case-by-case basis when the District is aware of additional income or persons in the household, verify any application for cause such as an application on which a household reports zero income.

The District has not made improvements over “verification and eligibility” from fiscal year 2018.

QUESTIONED COSTS

None

EFFECT

The District is not in compliance with program requirements. By not calculating income properly for verifications, students’ eligibility status is incorrect resulting in improper classifications and students receiving benefits of the Federal program in excess of what they are eligible for. The proper use of Federal money in this program is dependent on District’s correct calculations of income, and following up on unusual applications when allowable by law.

CAUSE

The District’s non-compliance in this area resulted from missing the proper amount for verification on one application, and not properly reviewing the scanned applications to assure the information transitions correctly. Verifications for cause are an option available to the District for questionable applications

RECOMMENDATION

We recommend the District enhance its procedures to ensure verification calculations are correct. The District needs to ensure it uses all information provided as part of the verification process. Regular pay should be calculated for the year, and then the District needs include overtime and bonuses to get to a gross amount. In situations where the verification amount for income is significantly less than what was on the application, follow up should occur to determine why.

MANAGEMENT RESPONSE

Corrective Action: The District will review the procedures used to ensure that the verification calculations for program eligibility are met. Any participant in the program who is determined to be ineligible through either the eligibility or verification processes for free or reduced meals will be moved to the correct payment category and the District will revise future billings to the National School Lunch Program accordingly.

2019-010 OVER-EXPENDITURE OF BUDGET

TYPE OF FINDING: Other Non-compliance

CONDITION

The District has major function line items where actual expenditures exceeded budgetary authority, as follows:

Major Funds			
General Fund - Operational (11000)			
Operation of Non-instructional Services	\$	6,731	
Capital Improvements HB-33 (31600)			
Support Services		2,227	
Debt Service (41000)			
Support Services		34,609	
Non-major Funds			
Competitive IDEA-B (24108)			
Instruction		3,117	

CRITERIA

NMAC 6.20.2.9(A) states: “every school district shall follow budget requirements stated in Sections 22-8-5 through 22-8-12.2 NMSA 1978, and procedures of the department in preparing, submitting, maintaining and reporting budgetary information. Budgetary control shall be at the function level. Over-expenditure of a function shall not be allowed”.

CAUSE

The Finance Department did not prepare budget adjustment requests to prevent these overages.

EFFECT

The District is out of compliance with New Mexico state statute and the control established using budgets has been compromised, which could result in deficit fund balances and unnecessary usage of operating funds to cover the over-expenditures.

RECOMMENDATION

We recommend the District establish a policy of budgetary review by the governing council or finance committee at the end of each quarter and have the governing council approve the necessary budgetary adjustments to ensure funds are not over expended. We recommend expanding the OBMS to general ledger reconciliation and budgetary review to the function level immediately. We recommend completing these reconciliations weekly and completing budget and actuals statements monthly.

MANAGEMENT’S RESPONSE

Corrective Action: Budgetary controls available in the financial management system will be activated. These system controls will limit purchases to the budget balances available in the various school, program or department budget allocations. In addition, the process to review budgets to the function level is included in the new financial close and reporting procedure. The reviews will be conducted routinely on a monthly basis and the necessary

The findings from the June 30, 2019 Schedule of Findings and Questioned Costs are discussed below. **The Corrective Action Plan does not include the corrective actions for our discretely presented component units: Jefferson Montessori Academy Charter School and Pecos Connections Academy Charter School.** The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS - FINANCIAL STATEMENT AUDIT

SIGNIFICANT DEFICIENCY

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING

RECOMMENDATION

We recommend management evaluate all aspects of the financial close and reporting process and establish effective internal controls and procedures to ensure timely and accurate financial statements and supporting schedules.

We also recommend that the District maintain its books on a cash basis in the financial management system, and track and record modified and full accrual entries separately for financial reporting purposes.

MANAGEMENT RESPONSE

Corrective Action: The financial close and reporting process is under review. Procedural changes, evaluation of duty assignments and staff training needs were included in the review. A proposed plan of action addresses the areas in need of improvement. A new financial close and reporting procedure designed to track all required activities, assign responsible parties and sets firm due dates will be used. The Director of Finance monitors all

aspects of the financial close and reviews/approves all supporting reports and documents prior to finalizing the financial close and completing required reports.

Account reconciliations for all financial system modules, including General Fixed Assets, and all bank/investment accounts will ensure the timely and accurate posting of all transactions. A routine review of trial balance reports for all Funds is included in the financial close requirements.

Due Date of Completion: June 30, 2020

Responsible Party: Finance Director

2019-002 (PREVIOUSLY REPORTED AS 2018-005) INVESTMENT INTEREST

RECOMMENDATION

The District should implement procedures to ensure that bank reconciliations reconcile to the general ledger and the PED cash report. Any unexplained differences should be investigated and corrective action taken immediately.

MANAGEMENT RESPONSE

Corrective Action: Review of cash control procedures was a part of the overall Internal Control evaluation. The new financial close and reporting process proposed ensures that all bank accounts are reconciled on a monthly basis and that all adjusting items are recorded properly and in a timely manner. The Director of Finance will review and give final approval for all account reconciliations. Any errors and/or missed transactions will be corrected and posted to the General Ledger prior to finalizing the monthly close process.

BOOK-ENTRY-ONLY SYSTEM

The Book-Entry-Only System

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor and the Underwriters believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The District and the Underwriters cannot and do not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption notices or other notices to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption notices or other notices to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds;

DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments, with respect to the Bonds, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor Securities depository). In that event, Bond certificates will be printed and delivered to bond holders.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District, the Financial Advisor and the Underwriters believe to be reliable, but none of the District, the Financial Advisor or the Underwriters take any responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Direct or Indirect Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Bond Order will be given only to DTC.

Effect of Termination of Book-Entry-Only System

In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the District, printed Bonds will be issued to the holders and the Bonds will be subject to transfer, exchange and registration provisions as set forth in the Resolution and summarized under "The Bonds" below in this Official Statement.

BOND COUNSEL OPINION

March _____, 2020

Board of Education
Carlsbad Municipal School District
Carlsbad, New Mexico

Re: *Carlsbad Municipal School District, General Obligation School Bonds, Series 2020 (the "Bonds")*

Ladies and Gentlemen:

We have acted as bond counsel to the Carlsbad Municipal School District No. 3 (the "District") in connection with the issuance of its \$30,000,000 General Obligation School Bonds, Series 2020 (the "Bonds"), dated their date of issuance, with interest payable on August 1, 2020, and semi-annually thereafter on each February 1 and August 1, until maturity, and being bonds in registered form maturing on August 1 in the years 2020 through 2034, inclusive.

We have examined the transcript of proceedings (the "Transcript") relating to the issuance of the Bonds and the law under authority of which the Bonds are issued. Based on our examination, we are of the opinion that, under the law existing on the date of this opinion, subject to the provisions of federal bankruptcy law and other laws affecting creditors' rights and further subject to exercise of judicial discretion in accordance with general principles of equity:

1. The Bonds constitute valid and binding general obligations of the District and are to be paid from the proceeds of the levy of ad valorem taxes on all taxable property within the District without limitation as to rate or amount.

2. Assuming continuing compliance by the District with the requirements of the Internal Revenue Code of 1986, as amended (the "Code"), and with the covenants contained in the Transcript regarding the use, expenditure and investment of Bond proceeds, interest on the Bonds is excludable from the gross income of the owners of the Bonds for purposes of federal income taxation. Interest on the Bonds is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations. Failure of the District to comply with its covenants and with the requirements of the Code may cause interest on the Bonds to become includable in gross income for federal income tax purposes retroactive to their date of issuance.

3. Interest on the Bonds is excludable from net income for purposes of the tax imposed on individuals, estate and trusts under the New Mexico

Board of Education
Carlsbad Municipal School District

Income Tax Act and for purposes of the tax imposed on corporations under the New Mexico Corporate Income and Franchise Tax Act.

Other than as described herein, we have not addressed nor are we opining on the tax consequences to any person of the investment in, or the receipt of interest on, the Bonds.

The opinions expressed herein represent our legal judgment based upon existing legislation as of the date of issuance and delivery of the Bonds that we deem relevant to render such opinions and are not a guarantee of a result, and we express no opinion as of any date subsequent thereto or with respect to any pending legislation.

We are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statement made in connection with any sale of the Bonds.

Respectfully submitted,

CONTINUING DISCLOSURE UNDERTAKING

CONTINUING DISCLOSURE UNDERTAKING

Section 1. Recitals. This Continuing Disclosure Undertaking (the “Undertaking”) is executed and delivered by the Carlsbad Municipal School District, Eddy County, New Mexico (the “District”), in connection with the issuance of the Carlsbad Municipal School District, Eddy County, New Mexico, General Obligation School Bonds, Series 2020 (the “Bonds”). The Bonds are being issued pursuant to a Bond Resolution adopted January 21, 2020 and a Bond Award of the District signed by the Superintendent on February 25, 2020 (the “Bond Resolution”). Pursuant to the Bond Resolution to allow the underwriter of the Bonds to comply with the Rule (defined below), the District is required to make certain continuing disclosure undertakings for the benefit of owners (including beneficial owners) of the Bonds (the “Owners”). This Undertaking is intended to satisfy the requirements of the Rule.

Section 2. Definitions.

(a) “Annual Financial Information” means the financial information (which will be based on financial statements prepared in accordance with generally accepted accounting principles, as in effect from time to time (“GAAP”), for governmental units as prescribed by the Governmental Accounting Standards Board (“GASB”)) and operating data with respect to the District, delivered at least annually pursuant to Sections 3(a) and 3(b) of this Undertaking, consisting of information of the type set forth under the captions “NEW MEXICO SCHOOL DISTRICT ENHANCEMENT PROGRAM,” “TAX BASE,” “THE DISTRICT – Enrollment,” “FINANCES OF THE DISTRICT State Equalization Guarantee,” “District Budget Process,” “Balance Sheet – General Fund Only” and “Statement of Revenues, Expenditures & Changes in Fund Balances – General Fund” in the Official Statement. The District will update and provide this information no later than March 31 of each year, commencing March 31, 2020, for the fiscal year ending on the preceding June 30.

(b) “Audited Financial Statements” means the District’s annual financial statements prepared in accordance with generally accepted accounting principles, as in effect from time to time (“GAAP”), for governmental units as prescribed by the Governmental Accounting Standards Board (“GASB”), which financial statements have been audited as may then be required or permitted by the laws of the State.

(c) “EMMA” means the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access System located on its website at emma.msrb.org.

(d) “Event Information” means the information delivered pursuant to Section 3(d).

(e) “MSRB” means the Municipal Securities Rulemaking Board. The current address of the MSRB is 1900 Duke Street, Suite 600, Alexandria, Virginia 22314, phone (703) 797-6600, fax (703) 797-6708.

(f) “Official Statement” means the Official Statement dated February 25, 2020, delivered in connection with the original issue and sale of the Bonds.

(g) “Report Date” means March 31 of each year, beginning in 2020.

(h) “Rule” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934, as amended (17 C.F.R. Part 240, § 240.15c2-12), as the same may be amended from time to time.

(i) “SEC” means the United States Securities and Exchange Commission.

(j) “State” means the State of New Mexico.

Section 3. Provision of Annual Financial Information and Reporting of Event Information.

(a) The District, or its designated agent, will provide the Annual Financial Information for the preceding fiscal year to EMMA on or before each Report Date while the Bonds are outstanding.

(b) If Audited Financial Statements are not provided as a part of the Annual Financial Information, the District, or its designated agent, will provide unaudited financial statements as part of the Annual Financial Information. The District will timely provide to EMMA notice of failure to provide Annual Financial Information or Audited Financial Statements in the event these items are not available by the Report Date.

(c) The District, or its designated agent, may provide Annual Financial Information by specific reference to other documents, including information reports and official statements relating to other debt issues of the District, which have been submitted to EMMA or filed with the SEC; provided, however, that if the document so referenced is a “final official statement” within the meaning of the Rule, such final official statement must also be available from the MSRB.

(d) The District, or its designated agent, will provide, to EMMA, notice of any of the following events with respect to the Bonds in a timely manner not in excess of ten (10) business days after the occurrence of the event:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of holders of the Bonds, if material;
- (viii) bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or a similar event with respect to the District, which shall occur as described below;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee, or the change of name of a trustee, if material.
- (xv) incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material; and

(xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties. For these purposes, any event described in (xii) in the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District. For the purposes of the above described event notices (xv) and (xvi), the term “financial obligation” means a (i) debt obligation, (ii) derivative instrument entered into in connection with or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) a guarantee of (i) or (ii); provided however, that a “financial obligation” shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

(e) The District, or its designated agent, will provide, in a timely manner not in excess of ten (10) business days after the occurrence of the event, to EMMA, notice of any: (i) failure of the District to timely provide the Annual Financial Information as specified in Sections 3(a) and 3(b); (ii) changes in its fiscal year-end; and (iii) amendment of this Undertaking.

Section 4. Method of Transmission. The District, or its designated agent, will employ such methods of electronic or physical information transmission as are requested or recommended from time to time by EMMA, the MSRB or the SEC.

Section 5. Enforcement. The obligations of the District under this Undertaking are for the benefit of the Owners. Each Owner is authorized to take action to seek specific performance by court order to compel the District to comply with its obligations under this Undertaking, which action will be the exclusive remedy available to it or any other Owner. The District's breach of its obligations under this Undertaking will not constitute an event of default under the Resolution, and none of the rights and remedies provided by such Resolution will be available to the Owners with respect to such a breach.

Section 6. Term. The District's obligations under this Undertaking will be in effect from and after the issuance and delivery of the Bonds and will extend to the earliest of (i) the date all principal and interest on the Bonds has been paid or legally defeased pursuant to the terms of the Resolution; (ii) the date on which the District is no longer an “obligated person” with respect to the Bonds within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this Undertaking are determined to be invalid or unenforceable by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

Section 7. Amendments. The District may amend this Undertaking from time to time, without the consent of any Owner, upon the District's receipt of an opinion of independent counsel experienced in federal securities laws to the effect that such amendment:

(a) is made in connection with a change in circumstances that arises from a change in legal requirements, a change in law or a change in the identity, nature or status of the District;

(b) this Undertaking, as amended, would have complied with the Rule at the time of the initial issue and sale of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any changes in circumstances; and

(c) the amendment does not materially impair the interests of the Owners.

Any Annual Financial Information containing amended operating data or financial information will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided. If an amendment changes the accounting principles to be followed in preparing financial statements, the Annual Financial Information and Audited Financial Statements for the year in which the change is

made will present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 8. Beneficiaries. This Undertaking binds and inures to the sole benefit of the District and the Owners and creates no rights in any other person or entity.

Section 9. Subject to Appropriation. This Undertaking shall be subject to annual appropriation by the District's Board of Education and shall not be construed as a general obligation of the District.

Section 10. Governing Law. This Undertaking is governed by and is to be construed in accordance with the law of the State.

2032	1,170,000
2033	1,170,000
2034	1,500,000

*Subject to Change

The Series 2020 Bonds will be fully registered bonds in the denomination of \$5,000 each, or any integral multiple thereof. Interest will be payable on August 1, 2020 and semiannually thereafter on February 1 and August 1 of each year.

ADJUSTMENT OF PRINCIPAL AMOUNTS, MODIFICATION OR CLARIFICATION PRIOR TO BID DEADLINE: The Superintendent may, after consultation with the Board's financial and bond advisors, in the Superintendent's sole discretion and prior to the examination of bids, (i) adjust the aggregate principal amount set forth herein; (ii) adjust individual maturities; and/or (iii) modify or clarify any other term hereof by issuing a notification of the adjusted amounts, modification or clarification via Thomson Municipal News ("TM3") and/or Bloomberg Financial Services no later than 8:30 a.m., prevailing Mountain Time, on the Bid Date.

SALE OF AND ADJUSTMENT OF THE SERIES 2020 BONDS: The District reserves the right to cancel the receipt of bids on the Series 2020 Bonds and not offer such Series 2020 Bonds for sale by giving notice by the TM3 News Service (or any other news wire service widely recognized and relied upon by the municipal securities industry, collectively defined as "TM3"), or by any other available means, of any new date and/or time of receipt of bids on the Bonds, not later than 8:30 A.M., prevailing Mountain time, on February 25, 2020, the date for submission of bids on the Bonds established by this Notice of Sale; provided, however, any bids subsequently received shall be effective with respect to the Series 2020 Bonds. All such notices provided through TM3, or by any other available means, shall be considered an amendment to this Notice of Sale. No additional notice shall be given if the District determines to accept bids for the Bonds, as set forth above.

RESCHEDULING OF BID DATE AND DEADLINE: The Superintendent may, after consultation with the Board's financial and bond advisors, in the Superintendent's sole discretion on notice given at least twenty-four (24) hours prior to the Original Deadline, reschedule the Original Bid Date and Original Deadline, and may, at that time or a subsequent time on at least twenty-four (24) hours prior notice, in each case via TM3 and/or Bloomberg Financial Services, establish a Rescheduled Bid Date and Rescheduled Deadline and a place where electronic bids will be publicly examined.

ADJUSTMENT OF PRINCIPAL AMOUNT OF THE SERIES 2020 BONDS AFTER BIDS RECEIVED: The District in consultation with its financial and bond advisors reserves the right to adjust the principal amount of the Series 2020 Bonds by increasing or decreasing the principal amount of each maturity and adjusting the aggregate principal amount of the Series 2020 Bonds and the maturity schedule in any amount in the years 2020 through 2034 in \$5,000 increments, no later than four (4) hours following receipt of bids to obtain sufficient funds to prepay and redeem the Bonds; notice of any adjustment will be given promptly to the winning bidder and any adjustment will be done in a "spread neutral" manner.

In the event the District exercises its right to make adjustments to the aggregate principal amount of the Series 2020 Bonds and/or the maturity schedule for such series after the deadline for the submission of bids, the winning bidder must execute and promptly deliver to the District an acknowledgment of and agreement with such modification and adjusted maturity schedule, and the Bonds shall be payable in the principal amounts contained therein and shall bear interest at the respective interest rates submitted by the winning bidder in its bid.

For purposes of the written sealed bids, and bids received through the electronic bidding process, the time as maintained by PARITY shall constitute the official time.

BIDS DELIVERED TO THE DISTRICT: Sealed bids, plainly marked "Bid for Bonds," should be addressed to "Superintendent, the Carlsbad Municipal School District No. 3," and delivered to the Carlsbad Municipal School District No. 1, c/o RBC Capital Markets, LLC, 6301 Uptown Blvd. NE, Suite 110, Albuquerque, New Mexico 87110 prior to 10:00 a.m., local time, on February 25, 2020, the date of the bid opening. Such bids must be submitted on the Official Bid Form, without alteration or interlineation or through the electronic bidding process described below.

ELECTRONIC BIDDING PROCEDURES: Any prospective bidder that intends to submit an electronic bid must submit its electronic bid through the facilities of PARITY. Subscription to i-Deal's BIDCOMP Competitive Bidding System is required in order to submit an electronic bid. The Board will neither confirm any subscription nor be responsible for the failure of any prospective bidder to subscribe.

An electronic bid made through the facilities of PARITY shall be deemed an irrevocable offer to purchase the Series 2020 Bonds on the terms provided in this Official Notice of Meeting and Bond Sale ("Notice"), and shall be binding upon the bidder as if made by a signed, sealed bid delivered to the Board. The Board and the Board's financial and bond advisors shall not be

responsible for any malfunction or mistake made by or as a result of the use of the facilities of PARITY, the use of such facilities being the sole risk of the prospective bidder.

If any provisions of this Notice conflict with information provided by PARITY, as the approved provider of electronic bidding services, this Notice shall control. Further information about PARITY, including any fee charged, may be obtained from BIDCOMP/PARITY, 1359 Broadway, 2nd Floor, New York, New York 10018, i-Deal Prospectus:(212) 849-5024 or (212) 849-5025; BidComp/Parity: (212) 849-5021.

For information purposes only, bidders are requested to state in their electronic bids the true interest cost to the Board, as described under "BASIS OF AWARD" below. All electronic bids shall be deemed to incorporate the provisions of this Notice and the Official Bid Form.

REDEMPTION: The Series 2020 Bonds maturing on and after August 1, 2029, may be redeemed prior to their scheduled maturities on August 1, 2028 or on any date thereafter, in whole or in part, at the option of the District at par plus accrued interest to the date of redemption, if any.

PAYMENT OF PURCHASE PRICE: The purchaser will be required to make payment of the balance of the purchase price of the Series 2020 Bonds (after credit for the bidder's good faith deposit, without interest to the purchaser) in immediately available funds at a depository designated by the District on the date of closing.

INTEREST RATE, BID LIMITATIONS: The maximum net effective interest rate permitted on the Bonds is ten percent (10%), and no interest rate on any maturity of the Bonds may be greater than ten percent (10%) per annum. It is permissible to bid different or split rates of interest; provided, however, that: (1) no bid shall specify more than one interest rate for each maturity; (2) each bid shall specify one interest rate applicable for each common maturity of the Series 2020 Bonds; (3) each interest rate specified must be stated in a multiple of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%) per annum; and (4) the maximum interest rate specified for any maturity may not exceed the minimum interest rate specified for any other maturity by no more than three percent (3%). A bid of zero percent is not permitted.

The Bonds will not be sold for less than 100% of par.

Bidders are required to submit a bid specifying the lowest rate or rates of interest and premium, if any, at which such bidder will purchase the Bonds. For informational purposes only, each bidder is requested to specify the True Interest Cost on the Series 2020 Bonds stated as a nominal annual percentage rate (see "BASIS OF AWARD" below). Only unconditional bids shall be considered. Bids should be submitted on the Official Bid Form, which may be obtained from the District's financial advisor (see "FURTHER INFORMATION" below).

NEW MEXICO CREDIT ENHANCEMENT PROGRAM: The District will qualify the Series 2020 Bonds for the New Mexico Credit Enhancement Program created under Section 22-18-13, NMSA 1978 and the District will apply and pay for a Moody's Investor's Service, Inc., rating on the Series 2020 Bonds based on the New Mexico Credit Enhancement Program.

BASIS OF AWARD: The Bonds will be awarded to the best bidder, considering the interest rate or rates specified and the premium offered, if any, and subject to the right of the Board to reject any and all bids and re-advertise. The best bid will be determined and will be awarded on the basis of the True Interest Cost of the Bonds (i.e., using a True Interest Cost method) for each bid received, and an award will be made (if any is made) to the responsible bidder submitting the bid that results in the lowest actuarial yield on the Bonds. "True Interest Cost" of the Series 2020 Bonds, as used herein, means that yield, which if used to compute the present worth, as of the date of the Series 2020 Bonds, of all payments of principal and interest to be made on the Series 2020 Bonds, from their date to their respective maturity dates, as specified in the maturity schedule and without regard to the possible optional prior redemption of the Series 2020 Bonds, using the interest rates specified in the bid, produces an amount equal to the principal amount of the Series 2020 Bonds plus any premium bid. No adjustment shall be made in such calculation for accrued interest on the Series 2020 Bonds from their date to the date of delivery thereof. Such calculation shall be based on a 360-day year consisting of twelve thirty day months and a semiannual compounding interval. The purchaser must pay accrued interest from the date of the Series 2020 Bonds to the date of delivery. **The Series 2020 Bonds will not be sold for less than par plus accrued interest.** The District reserves the right to waive any irregularity or informality in any bid, except time of filing.

GOOD FAITH DEPOSIT: All bids shall be sealed, except bids received by electronic transmission, and, a good faith deposit of \$900,000, representing 2% of the par amount, (in the form of cash (to be sent by wire transfer to a bank account designated by the District immediately upon notice from the financial advisor to the winning bidder and prior to official award of the Series 2020 Bonds by the Superintendent, a financial security bond, cashier's or treasurer's check of or by certified check drawn on a solvent commercial bank or trust company in the United States of America and payable to "Carlsbad Municipal School District No. 3"), must accompany any bid. If a financial security bond is used, it must be from an insurance company that is licensed to issue such a bond in the State of New Mexico and that has a long term rating by a nationally recognized rating agency of one of the two highest rating categories for long term obligations. The financial security bond must identify each bidder whose good faith deposit is guaranteed by such bond. If the Series 2020 Bonds are awarded to a bidder utilizing a financial security bond, then that successful bidder is required to submit the amount of the good faith deposit to the District in the form of a cashier's, treasurer's or certified check as provided in the first sentence of this paragraph (or wire transfer such amount as instructed by the District or its financial advisor) not later than 2:30 p.m., local time, on the next business day following the opening of the bids for the Series 2020 Bonds. If such good faith deposit is not received by that time, the financial security bond may be drawn upon by the District to satisfy the good faith deposit requirement. No interest on such good faith deposit will accrue to the successful bidder. If the financial security bond is drawn against or the winning bidder wire transfers to the District the amount of the good faith deposit, such cash deposit will be applied to the purchase price of the Series 2020 Bonds.

The good faith deposit shall be returned for all non-successful bids or if no bid is accepted. If the successful bidder fails or neglects to complete the purchase of the Series 2020 Bonds within forty-five (45) days following the acceptance of the bid or within ten (10) days after the Series 2020 Bonds are offered for delivery, whichever is later, the amount of the deposit shall be forfeited to the District as liquidated damages, and, in that event, the Board may accept the bid of the one

making the next best bid. If all bids are rejected, the Board shall re-advertise the Series 2020 Bonds for sale in the same manner as herein provided for the original advertisement. If there be two or more equal bids and such bids are the best bids received, the Board shall determine which bid shall be accepted.

TIME OF AWARD AND DELIVERY: The Superintendent will take action awarding the Series 2020 Bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for the receipt of the bids. Delivery of the Series 2020 Bonds will be made to the successful bidder through the facilities of The Depository Trust Company, New York, New York, within 60 days of the acceptance of the bid. If for any reason delivery cannot be made within 60 days, the successful bidder shall have the right to purchase the Series 2020 Bonds during the succeeding 30 days upon the same terms, or at the request of the successful bidder, during said succeeding 30 days, the good faith deposit will be returned, and such bidder shall be relieved of any further obligation. It is anticipated that the delivery of the Series 2020 Bonds will be on or about March 18, 2020.

FURTHER INFORMATION: Information concerning the Series 2020 Bonds, information regarding electronic bidding procedures, bid submission and other matters related to the Series 2020 Bonds, including printed copies of this Notice, the Official Bid Form, and the Preliminary Official Statement ("Preliminary Official Statement"), may be obtained from the District's financial advisor, RBC Capital Markets, LLC, 6301 Uptown Blvd. NE, Suite 110, Albuquerque, New Mexico 87110. This Notice, the Official Bid Form and the Preliminary Official Statement is available for viewing in electronic format at www.fmhub.com (MuniHub). The District has prepared the accompanying Preliminary Official Statement for dissemination to potential purchasers of the Series 2020 Bonds, but will not prepare any other document or version for such purpose except as described below. In addition, any NASD registered broker-dealers or dealer banks with The Depository Trust Company clearing arrangements who bid on the Series 2020 Bonds are advised that they may either: (a) print out a copy of the Preliminary Official Statement on their own printer or (b) at any time prior to the sale date, elect to receive a photocopy of the Preliminary Official Statement in the mail by requesting it from the District's financial advisor. All bidders must review the Preliminary Official Statement, and by submitting a bid for the Series 2020 Bonds, each bidder certifies that such bidder has done so prior to participating in the bidding.

The District will agree in a separate agreement to provide certain periodic information and notices of material events in accordance with Securities and Exchange Commission Rule 15c2-12 ("Rule"), as described in the Preliminary Official Statement under "Continuing Disclosure of Information." The Preliminary Official Statement is deemed final by the District for purposes of Rule 15c2-12(b)(1) except for the omission of the following information: the offering price(s), interest rate(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery dates, any other terms or provisions required by an insurer of such securities to be specified in the winning bid, ratings, other terms of the securities depending on such matters, and the identity of the purchaser. The Board will furnish to the successful bidder or bidders, acting through a designated senior representative, in accordance with instructions received from such successful bidder(s) in order to comply with the Rule, within seven (7) business days from the sale date an aggregate of 20 copies of the final Official Statement, reflecting interest rates and other terms relating to the initial reoffering of the Series 2020 Bonds. The cost of preparation of the

Official Statement shall be borne by the District except for the cost of any final Official Statement in excess of the number specified shall be borne by the successful bidder(s).

TRANSCRIPT AND LEGAL OPINIONS: The legality of the Series 2020 Bonds will be approved by Modrall, Sperling, Roehl, Harris & Sisk, P.A., Attorneys at Law, Albuquerque, New Mexico, whose opinion approving the legality of the Series 2020 and Bonds will be furnished to the successful bidder at no cost to the successful bidder. The opinion will state in substance that the issuance of the Series 2020 Bonds is valid and legally binding upon the District, that all of the taxable property in the District is subject to the levy of a tax to pay the same without limitation of rate or amount, and that interest on the Series 2020 Bonds is excludable from gross income for purposes of federal income tax. The successful bidder (without cost to such bidder) will also be furnished with a complete transcript of the legal proceedings, including a no-litigation certificate stating that to the knowledge of the signer or signers thereof, as of the date of the delivery of the Series 2020 Bonds, no litigation is pending affecting their validity or the levy or collection of such taxes for their payment.

BOOK- ENTRY ONLY OBLIGATIONS: The Series 2020 Bonds will be issued in book-entry only form through the facilities of the Depository Trust Company (see Preliminary Official Statement).

CUSIP NUMBERS: The District's Financial Advisor shall make timely application in writing to the CUSIP Service Bureau for and shall obtain CUSIP numbers. CUSIP identification numbers may be typed or printed on the Bonds, but neither the failure to provide such number on any Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser thereof to accept delivery of and to pay for the Bonds in accordance with the terms hereof. All expenses in relation to the CUSIP Service charge for the assignment of said numbers will be the responsibility of and will be paid for by the District's Financial Advisor.

BLUE SKY LAWS: The District has not investigated the eligibility of any institution or person to purchase or participate in the underwriting of the Series 2020 Bonds under any applicable legal investment, insurance, banking, or other laws.

By submitting a bid, the initial purchaser represents that the sale of the Series 2020 Bonds in states other than New Mexico will be made only under exemptions from registration, or, wherever necessary, the initial purchaser will register the Series 2020 Bonds in accordance with the securities laws of the state in which the Series 2020 Bonds are offered or sold. The District agrees to cooperate with the initial purchaser, at the initial purchaser's written request and expense, in registering the Series 2020 Bonds or obtaining an exemption from registration in any state where such action is necessary but will not consent to service of process in any such jurisdiction.

CERTIFICATE REGARDING ISSUE PRICE

EXHIBIT A **[to Bid Form]**

The undersigned hereby certifies on behalf of _____ (the "Underwriter") as follows with respect to the \$30,000,000 Carlsbad Municipal School District General Obligation School Bonds, Series 2020 (the "Bonds").

1. Reasonably Expected Initial Offering Price.

(a) As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public by the Underwriter are the prices listed in Schedule A (the "Expected Offering Prices"). The Expected Offering Prices are the prices for the Maturities of the Bonds used by the Underwriter in formulating its bid to purchase the Bonds. Attached as Schedule B is a true and correct copy of the bid provided by the Underwriter to purchase the Bonds.

(b) The Underwriter was not given the opportunity to review other bids prior to submitting its bid.

(c) The bid submitted by the Underwriter constituted a firm offer to purchase the Bonds.

2. Defined Terms.

(a) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(c) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is February 27, 2020.

(d) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents Underwriter's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the District with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Modrall, Sperling, Roehl, Harris & Sisk, P.A., as Bond Counsel in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the District from time to time relating to the Bonds.

EXHIBIT B

ESTABLISHING THE ISSUE PRICE FOR THE BONDS

The District intends to rely on Treasury Regulation section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of municipal bonds), which require, among other things, that the District receives bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds ("Competitive Sale Requirement").

In the event that the bidding process does not satisfy the Competitive Sale Requirement, the fact of which will be communicated by the District's Financial Advisor to the winning bidder by 2:30 p.m. the day of sale or, in the event such information is not communicated by the District's Financial Advisor, then promptly upon the request of the winning bidder, bids will not be subject to cancellation and the winning bidder (i) agrees to promptly report to the District the first prices at which at least 10% of each maturity of the Bonds (the "First Price Maturity") have been sold to the Public on the Sale Date (the "10% Test") and (ii) agrees to hold-the-offering-price of each maturity of the Bonds that does not satisfy the 10% Test ("Hold-the-Price Maturity"), as described below.

In order to provide the District with information that enables it to comply with the establishment of the issue price of the Bonds under the Internal Revenue Code of 1986, as amended, the winning bidder agrees to complete, execute, and timely deliver to the District or to the District's Financial Advisor a certification as to the Bonds' "issue price" ("Issue Price Certificate") substantially in the form and to the effect accompanying this Notice, within five business days prior to the Closing Date if the Competitive Sale Requirement is satisfied or within five business days of the date on which the 10% Test is satisfied with respect to all of the maturities. In the event the winning bidder will not reoffer any maturity of the Bonds for sale to the Public (as defined herein) by the Closing Date, the Issue Price Certificate may be modified in a manner approved by the District. It will be the responsibility of the winning bidder to institute such syndicate reporting requirements, to make such investigation, or otherwise to ascertain such facts necessary to enable it to make such certification with reasonable certainty. Any questions concerning such certification should be directed to Bond Counsel (identified in the Preliminary Official Statement).

For purposes of this section of this Notice of Sale:

(i) "Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party to the Underwriter,

(ii) "Underwriter" means (A) any person that agrees pursuant to a written contract with the District (or with the lead Underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public),

(iii) "Related Party" means any two or more persons (including an individual, trust, estate, partnership, association, company, or corporation) that are subject, directly or indirectly, to (a) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (b) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (c) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "Sale Date" means the date that the Bonds are awarded by the Pricing Officer pursuant to the Bond Resolution to the winning bidder.

All actions to be taken by the District under this Notice to establish the issue price of the Bonds may be taken on behalf of the District by the District's Financial Advisor, and any notice or report to be provided to the District may be provided to the District's Financial Advisor.

The District will consider any bid submitted pursuant to this Notice to be a firm offer for the purchase of the Bonds, as specified in the bid and, if so stated, in the Official Bid Form.

By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to report the prices at which it sells to the Public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% Test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the Public, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the Public to require each broker-dealer that is a party to such retail distribution agreement to report the prices at which it sells to the Public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder or such Underwriter that either the 10% Test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the Public, if and for so long as directed by the winning bidder or such Underwriter and as set forth in the related pricing wire.

By submitting a bid, the winning bidder agrees, on behalf of each Underwriter participating in the purchase of the Bonds, that each Underwriter will neither offer nor sell any Hold-the-Price Maturity to any person at a price that is higher than the initial offering price to the Public during the period starting on the Sale Date and ending on the earlier of (1) the close of the fifth (5th) business day after the Sale Date; or (2) the date on which the Underwriters have sold at least 10% of that Hold-the-Price Maturity to the Public at a price that is no higher than the initial offering price to the Public. The winning bidder shall promptly advise the District when the Underwriters have sold 10% of a Hold-the-Price Maturity to the Public at a price that is no

higher than the initial offering price to the Public, if that occurs prior to the close of the fifth (5th) business day after the Sale Date.
