PRELIMINARY OFFICIAL STATEMENT DATED MARCH 30, 2020

This Preliminary Official Statement is subject to completion and amendment. Upon sale of the Bonds, the Official Statement will be completed and delivered to the Underwriter.

IN THE OPINION OF BOND COUNSEL, THE BONDS ARE VALID OBLIGATIONS OF HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 390. IN THE OPINION OF SPECIAL TAX COUNSEL, INTEREST ON THE BONDS IS EXCLUDABLE FROM GROSS INCOME FOR PURPOSES OF FEDERAL INCOME TAXATION UNDER STATUTES, REGULATIONS, PUBLISHED RULINGS AND COURT DECISIONS EXISTING ON THE DATE OF SUCH OPINION. SEE "LEGAL MATTERS" AND "TAX MATTERS" HEREIN FOR A DISCUSSION OF THE OPINIONS OF BOND COUNSEL AND SPECIAL TAX COUNSEL, RESPECTIVELY.

THE BONDS HAVE BEEN DESIGNATED "QUALIFIED TAX-EXEMPT OBLIGATIONS" FOR FINANCIAL INSTITUTIONS. SEE "TAX MATTERS—Qualified Tax Exempt Obligations."

NEW ISSUE-Book-Entry Only

Underlying Rating: S&P: "BBB-" See "MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE" herein.

Due: April 1, as shown below

\$1,170,000*

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 390 (A political subdivision of the State of Texas located within Harris County) UNLIMITED TAX ROAD REFUNDING BONDS **SERIES 2020**

Interest accrues from May 1, 2020

The \$1,170,000* Unlimited Tax Road Refunding Bonds, Series 2020 (the "Bonds") are being issued by Harris County Municipal Utility District No. 390 (the "District"). Principal of the Bonds will be payable at maturity or earlier redemption at the principal payment office of the Paying Agent/Registrar, initially, Regions Bank, Houston, Texas (the "Paying Agent/Registrar"). Interest on the Bonds will accrue from May 1, 2020, and will be payable on April 1 and October 1 of each year commencing October 1, 2020, until maturity or prior redemption, and will be calculated on the basis of a 360-day year consisting of twelve 30-day months. The Bonds will be issued in fully registered form only in denominations of \$5,000 each or integral multiples thereof. The Bonds mature and are subject to redemption prior to their maturity as shown below.

The Bonds will be registered and delivered only in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds. Beneficial Owners (as herein defined herein under "BOOK-ENTRY-ONLY SYSTEM") of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the DTC participants. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent/Registrar, as herein defined, directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the Beneficial Owners. See "BOOK-ENTRY-ONLY SYSTEM."

Initial yield represents the initial offering yield to the public, which has been established by the Underwriter (as herein defined) for offers to the public and (a)

The Bonds, when issued, will constitute valid and legally binding obligations of the District and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District, as further described herein. The Bonds are obligations solely of the District and are not obligations of the State of Texas, Harris County, the City of Houston or any entity other than the District. Investment in the Bonds is subject to special investment considerations described herein. See "INVESTMENT CONSIDERATIONS."

The Bonds are offered when, as and if issued by the District, subject, among other things, to the approval of the Bonds by the Attorney General of Texas and the approval of certain legal matters by Schwartz, Page & Harding, L.L.P., Bond Counsel, Houston, Texas, and McCall, Parkhurst & Horton L.L.P., Dallas, Texas, Special Tax Counsel. Delivery of the Bonds in book-entry form through DTC is expected on or about May 19, 2020.

SAMCO CAPITAL

Initial yield represents the initial offering yield to the public, which has been established by the Orderwriter (as herein defined) for orders to the public, which subsequently may be changed.

Bonds maturing on or after April 1, 2027, are subject to redemption at the option of the District prior to their maturity dates in whole, or from time to time in part, on April 1, 2026, or on any date thereafter at a price of par value plus unpaid accrued interest from the most recent Interest Payment Date (as herein defined) to the date fixed for redemption. See "THE BONDS—Redemption Provisions."

CUSIP Numbers have been assigned to the Bonds by CUSIP Service Bureau and are included solely for the convenience of the purchasers of the Bonds. Neither the District nor the Underwriter shall be responsible for the selection or correctness of the CUSIP Numbers set forth herein. (b)

USE OF INFORMATION IN OFFICIAL STATEMENT

For purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission, as amended and in effect on the date hereof, this document constitutes an Official Statement with respect to the Bonds that has been "deemed final" by the District as of its date except for the omission of no more than the information permitted by Rule 15c2-12.

No dealer, broker, salesman or other person has been authorized to give any information or to make any representations other than those contained in this OFFICIAL STATEMENT, and, if given or made, such other information or representation must not be relied upon as having been authorized by the District.

This OFFICIAL STATEMENT is not to be used in an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, orders, contracts, audited financial statements, engineering and other related reports set forth in this OFFICIAL STATEMENT are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from Schwartz, Page & Harding, L.L.P., 1300 Post Oak Blvd., Suite 1400, Houston, Texas 77056 upon payment of the costs of duplication therefor.

This OFFICIAL STATEMENT contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice and neither the delivery of this OFFICIAL STATEMENT nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. However, the District has agreed to keep this OFFICIAL STATEMENT current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that information actually comes to its attention, the other matters described in this OFFICIAL STATEMENT until delivery of the Bonds to the Underwriter (as herein defined) and thereafter only as specified in "PREPARATION OF THE OFFICIAL STATEMENT—Updating the Official Statement."

SALE AND DISTRIBUTION OF THE BONDS

The Underwriter

The Bonds are being purchased by SAMCO Capital Markets, Inc. (1)	the "Underwriter") pursuant to a bond purchase agreeme	ent with
the District (the "Bond Purchase Agreement") at a price of \$	(representing the par amount of the Bo	onds of
\$, plus a net premium on the Bonds of \$, less an Underwriter's discount of \$) plus
accrued interest. The Underwriter's obligation is to purchase	all of the Bonds, if any are purchased. See "PLA	ĀN OF
FINANCING—Sources and Uses of Funds."	•	

The Underwriter has reviewed the information in this official statement pursuant to its responsibilities to investors under the federal securities laws, but the Underwriter does not guarantee the accuracy or completeness of such information.

Prices and Marketability

The prices and other terms with respect to the offering and sale of the Bonds may be changed from time to time by the Underwriter after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts. In connection with the offering of the Bonds, the Underwriter may over-allot or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The District has no control over trading of the Bonds in the secondary market. Moreover, there is no guarantee that a secondary market will be made in the Bonds. In such a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold or traded in the secondary market.

Securities Laws

No registration statement relating to the offer and sale of the Bonds has been filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein and the Bonds have not been registered or qualified under the securities laws of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any other jurisdiction in which the Bonds may be offered, sold or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdiction.

OFFICIAL STATEMENT SUMMARY

The following is a brief summary of certain information contained herein which is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this OFFICIAL STATEMENT. The summary should not be detached and should be used in conjunction with more complete information contained herein. A full review should be made of the entire Official Statement and of the documents summarized or described therein.

THE FINANCING

The Issuer...

Harris County Municipal Utility District No. 390 (the "District"), a political subdivision of the State of Texas, is located in Harris County, Texas. See "THE DISTRICT."

The Issue...

\$1,170,000* Unlimited Tax Road Refunding Bonds, Series 2020 (the "Bonds") are dated May 1, 2020. Interest on the Bonds will accrue from May 1, 2020, and will be payable on April 1 and October 1 of each year commencing October 1, 2020 until maturity or prior redemption. The Bonds mature serially on April 1 in each year from 2021 through 2037, inclusive, in the respective amounts and bear interest at the rates for each maturity shown on the cover page hereof. The Bonds maturing on April 1, 2027, are subject to optional redemption, in whole or, from time to time, in part, on April 1, 2026, or on any date thereafter, at a price equal to the principal amount of the Bonds to be redeemed plus accrued interest thereon to the date fixed for redemption. If less than all the Bonds are redeemed, the amounts thereof to be redeemed shall be selected by the District in integral multiples of \$5,000 in any one maturity. If less than all the Bonds within a maturity are redeemed, the Bonds to be redeemed shall be selected by DTC, as defined herein, in accordance with its procedures. The Bonds will be issued in fully registered form only, in denominations of \$5,000 or any integral multiple thereof. See "THE BONDS."

Book-Entry Only...

The Bonds will be registered in the name of, and delivered only to, Cede & Co., the nominee of The Depository Trust Company, New York, New York ("DTC"), pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the Beneficial Owners. Principal of and interest on the Bonds will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the Beneficial Owners of the Bonds. See "BOOK-ENTRY-ONLY SYSTEM."

Authority for Issuance...

At elections held within the District on May 3, 2003, May 15, 2004, September 10, 2005 and May 10, 2008, voters of the District authorized a total of \$77,550,000 principal amount of unlimited tax bonds for the purpose of refunding bonds of the District. The Bonds are issued by the District pursuant to the election held on May 3, 2003 and the terms and provisions of the Bond Order, Article III, Section 52 of the Texas Constitution; Chapter 1207 of the Texas Government Code, as amended; City of Houston Ordinance No. 97-416; and Chapters 49 and 54 of the Texas Water Code, as amended. See "THE BONDS—Authority for Issuance."

Source of Payment...

The Bonds and the Remaining Outstanding Bonds (as hereinafter defined) are payable from a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. The Bonds are obligations solely of the District and are not obligations of the State of Texas, Harris County, the City of Houston or any entity other than the District. See "THE BONDS—Source and Security for Payment."

Use of Proceeds...

Proceeds from the sale of the Bonds and lawfully available debt service funds, if any, will be used to pay certain costs incurred in connection with the issuance of the Bonds and to refund \$1,065,000* principal amount of the Outstanding Bonds in order to achieve net savings in the District's annual debt service expense. See "PLAN OF FINANCING."

Payment Record...

The District has issued eighteen series of unlimited tax bonds (including two series of unlimited tax road bonds, one series of unlimited tax park bonds and three series of unlimited tax refunding bonds) of which \$40,265,000 principal amount is outstanding (the "Outstanding Bonds") as of the date hereof. The District has also issued two series of contract revenue road bonds, which are payable solely from revenues to be received from the City of Houston, of which \$11,060,000 principal amount remains outstanding as of the date hereof. The District has never defaulted in the timely payment of principal or interest on its previously issued bonds. The term "Outstanding Bonds" refers only to bonds of the District secured by the levy of a tax and does not include said revenue road bonds.

4

Qualified Tax-Exempt Obligations...

The District has designated the Bonds as "qualified tax-exempt obligations" pursuant to Section 265(b) of the Internal Revenue Code of 1986, as amended. See "TAX MATTERS— Qualified Tax-Exempt Obligations."

Municipal Bond Insurance and Municipal Bond Rating...

Application has been made to S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P") for a municipal bond rating and S&P has assigned an underlying credit rating of "BBB-" to the Bonds. Application has also been made for the qualification of the Bonds for municipal bond insurance. If qualified, the purchase of municipal bond insurance will be at the option and expense of the District. The rating fees of S&P will be paid by the District; any other rating fees will be the responsibility of the Underwriter. See "MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE."

Bond Counsel... Schwartz, Page & Harding, L.L.P., Houston, Texas.

Special Tax Counsel... McCall, Parkhurst & Horton L.L.P., Dallas, Texas.

Underwriter's Counsel... McCall, Parkhurst & Horton L.L.P., Houston, Texas.

Financial Advisor... Masterson Advisors LLC, Houston, Texas.

Paying Agent/Registrar... Regions Bank, Houston, Texas.

Escrow Agent... Regions Bank, Houston, Texas.

Verification Agent... Public Finance Partners LLP, Minneapolis, Minnesota.

THE DISTRICT

Description...

The District is a political subdivision of the State of Texas created by order of the Texas Commission on Environmental Quality (the "Commission"), effective February 13, 2003. The District operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended. The District consists of approximately 653 acres of land. Pursuant to the terms of a Development, Financing and Annexation Agreement with D.R. Horton – Texas, Ltd. dated May 22, 2019, and a Development, Financing and Annexation Agreement with 82 Furman Investments, LLC, dated May 22, 2019, the District has agreed to annex approximately 159 acres of land. See "THE DISTRICT."

Location...

The District is located in southern Harris County within the corporate limits of the City of

Infectious Disease Outlook (COVID-19)...

The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (the "Pandemic"), which is currently affecting many parts of the world, including the United States and Texas. As described herein under "INVESTMENT CONSIDERATIONS—Infectious Disease Outlook (COVID-19)", federal, state and local governments have all taken actions to respond to the Pandemic, including disaster declarations by both the President of the United States and the Governor of Texas. Such actions are focused on limiting instances where the public can congregate or interact with each other, which affects economic growth within Texas.

Since the disaster declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets locally and globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide and within Texas.

Such adverse economic conditions, if they continue, could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

The District continues to monitor the spread of COVID-19 and is working with local, state, and national agencies to address the potential impact of COVID-19 upon the District. While the potential impact of COVID-19 on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition. The financial and operating data contained herein are the latest available, but are as of dates and for periods prior to the economic impact of the Pandemic and measures instituted to slow it. Accordingly, they are not indicative of the economic impact of the Pandemic on the District's financial condition.

Extreme Weather Events...

The greater Houston area, including the District, is subject to the possibility of severe weather events, including tropical storms and hurricanes. If the District were to sustain damage to its facilities requiring substantial repair or replacement, or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

The greater Houston area has experienced four storms exceeding a 0.2% probability (i.e. "500-year flood" events) since 2015, including Hurricane Harvey, which made landfall along the Texas Gulf Coast on August 26, 2017, and brought historic levels of rainfall during the successive four days. According to the Operator (as defined herein), there was no interruption of water and sewer service as a result of Hurricane Harvey. According to Pape-Dawson Engineers, Inc. (the "Engineer"), the District's system did not sustain any material damage and there was no interruption of water and sewer service as a result of Hurricane Harvey. To the best knowledge of the District, no homes or other improvements within the District experienced structural flooding or other damage as a result of Hurricane Harvey.

If a future weather event significantly damaged all or part of the improvements within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase in the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected. See "INVESTMENT CONSIDERATIONS—Recent Extreme Weather Events; Hurricane Harvey."

Status of Development...

Approximately 317 acres have been developed into the single-family subdivisions of City Park, Sections 1 through 5, City Park West, Sections 1 through 8 and City Park South Section 1 through 6, which collectively encompass 1,814 lots. As of February 28, 2020, 1,813 homes were completed and 1 vacant lot remains which will not be built upon. DR Horton Homes has built homes under the brand name Express Homes in City Park South, which range in sales price from approximately \$215,990 to \$252,795. D.R. Horton is pursuing the annexation of approximately 57 acres of land in the District, which is part of the 159 acre proposed annexation. D.R. Horton has begun construction of water, sewer and drainage facilities to serve City Gate Section 1 (130 lots on approximately 28 acres) and City Gate Section 2 (149 lots on approximately 25 acres), which sections are located in the annexation tract.

Approximately 41 acres of land have been developed into three apartment complexes. The Stonebridge at City Park, developed by 288 City Park Apartments, Ltd., includes 240 apartment units on 12 acres. Representatives of City Park Apartments, Ltd. have indicated that as of March 3, 2020, Stonebridge at City Park was approximately 95% leased. Ranch at City Park, LP has developed the Ranch at City Park, which includes 270 apartment units on approximately 14 acres. Representatives of Ranch at City Park, LP have indicated that as of March 3, 2020, Ranch at City Park was approximately 92% leased. Landmark Commercial Constructors, L.L.C. has developed the Trails at City Parks Apartments, a 288 unit apartment complex on approximately 15 acres of land. Representatives of Trails at City Park Apartments indicated that as of March 3, 2020, the Trails at City Park Apartments was approximately 92% leased.

Commercial development in the District includes a completed gas station/convenience store on approximately 2 acres of land and a gas station/McDonald's on approximately 3 acres of land. A 122-room hotel has been constructed on approximately 2 acres of land. A 128-bed health and rehabilitation facility has been constructed on approximately 6 acres of land. A storage facility has been constructed on approximately 5 acres of land. A Popeyes restaurant has been constructed on approximately 1 acre of land and a Shipley's Do-Nuts has been constructed on approximately 1 acre of land. Approximately 69 acres of land have been developed with utilities, but there are currently no above ground improvements constructed.

In addition to the development described above, the District has approximately 140 acres that remain to be developed, including 10 acres that are owned by Houston Independent School District, and 66 acres that are undevelopable, including streets and recreational sites. The land owned by Houston Independent School District is not subject to taxation by the District.

INVESTMENT CONSIDERATIONS

THE PURCHASE AND OWNERSHIP OF THE BONDS ARE SUBJECT TO SPECIAL INVESTMENT CONSIDERATIONS AND ALL PROSPECTIVE PURCHASERS ARE URGED TO EXAMINE CAREFULLY THIS ENTIRE OFFICIAL STATEMENT WITH RESPECT TO THE INVESTMENT SECURITY OF THE BONDS, INCLUDING PARTICULARLY THE SECTION CAPTIONED "INVESTMENT CONSIDERATIONS."

The certified 2018 assessed valuation provided by the Appraisal District has been updated to add the estimated value of improvements constructed from January 1, 2018 to April 1, 2019. This estimate has no official status. Taxes are levied based on value as certified by the Appraisal District as of January 1 of each year, and, therefore, this estimate will not be the basis for any tax levy by the District. See "TAX PROCEDURES."

PRELIMINARY OFFICIAL STATEMENT

\$1,170,000*

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 390 (A political subdivision of the State of Texas located within Harris County)

UNLIMITED TAX ROAD REFUNDING BONDS **SERIES 2020**

This OFFICIAL STATEMENT provides certain information in connection with the issuance by Harris County Municipal Utility District No. 390 (the "District") of its \$1,170,000* Unlimited Tax Road Refunding Bonds, Series 2020 (the "Bonds").

The Bonds are issued pursuant to Article III, Section 52 of the Texas Constitution, Chapter 1207 of the Texas Government Code, as amended; Chapters 49 and 54 of the Texas Water Code, as amended, City of Houston Ordinance No. 97-416, an election held within the District, and an order authorizing the issuance of the Bonds (the "Bond Order") adopted by the Board of Directors of the District (the "Board").

This Official Statement includes descriptions, among others, of the Bonds and the Bond Order, and certain other information about the District. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of documents may be obtained from the District c/o Schwartz, Page & Harding, L.L.P., 1300 Post Oak Boulevard, Suite 1400, Houston, Texas 77056, upon payment of the cost of duplication.

PLAN OF FINANCING

Purpose

The proceeds of the Bonds and lawfully available debt service funds, if any, are being used to refund and defease a portion of one series of the District's Outstanding Bonds as listed below in "Refunded Bonds" totaling \$1,065,000* (the "Refunded Bonds") in order to achieve a net savings in the District's debt service expense. The proceeds will also be used to pay the costs of issuance of the Bonds. See "Sources and Uses of Funds" below. A total of \$39,200,000* in principal amount of the Outstanding Bonds will remain outstanding after the issuance of the Bonds (the "Remaining Outstanding Bonds").

Outstanding Unlimited Tax Bonds

The following table lists the original principal amount of unlimited tax bonds previously issued by the District, and the current principal balance of the Outstanding Bonds, the Refunded Bonds and the Remaining Outstanding Bonds.

Series	Original Principal Amount	Principal Currently Outstanding	Refunded Bonds*	Remaining Outstanding Bonds*
Unlimited Tax Road Bonds, Series 2011	\$ 1,300,000	\$ 1,100,000	\$ 1,065,000	\$ 35,000
Unlimited Tax Refunding Bonds, Series 2013	3,290,000	2,470,000	-	2,470,000
Unlimited Tax Bonds, Series 2013A	1,780,000	1,480,000	-	1,480,000
Unlimited Tax Bonds, Series 2014	2,605,000	2,475,000	-	2,475,000
Unlimited Tax Road Bonds, Series 2015	3,750,000	3,455,000	-	3,455,000
Unlimited Tax Refunding Bonds, Series 2016	10,075,000	9,090,000	-	9,090,000
Unlimited Tax Bonds, Series 2017	6,955,000	5,955,000	-	5,955,000
Unlimited Tax Bonds, Series 2018	3,000,000	3,000,000	-	3,000,000
Unlimited Tax Park Bonds, Series 2018A	3,000,000	2,900,000	-	2,900,000
Unlimited Tax Refunding Bonds, Series 2019	1,735,000	1,735,000	-	1,735,000

2034	80,000	(b)
2035	85,000	(b)
2036	90,000	(b)
2037	95,000	(b)
	\$ 1,065,000	
Redemption Date:	May 21, 2020	

⁽a) Consisting of a term bond in the aggregate amount of \$245,000, maturing April 1, 2031 and subject to mandatory redemption.

Escrow Agreement

The Refunded Bonds, and the interest due thereon, are to be paid on their scheduled interest payment dates until final payment or their redemption dates, from funds to be deposited with Regions Bank, Houston, Texas, as escrow agent (the "Escrow Agent").

The Bond Order provides that the District and the Escrow Agent will enter into an escrow agreement (the "Escrow Agreement") to be dated as of the date of the sale of the Bonds but effective on the date of delivery of the Bonds (expected to be May 19, 2020). The Bond Order further provides that from the proceeds of the sale of the Bonds, along with certain other lawfully available funds of the District, if any, the District will deposit with the Escrow Agent the amount necessary to accomplish the discharge and final payment of the Refunded Bonds. Such funds will be held by the Escrow Agent in a segregated escrow account (the "Escrow Fund"). Under the Escrow Agreement, the Escrow Fund is irrevocably pledged to the payment of principal of and interest on the Refunded Bonds and will not be available to pay principal of and interest on the Bonds or the Remaining Outstanding Bonds.

Defeasance of the Refunded Bonds

By the deposit of the cash with the Escrow Agent pursuant to the Escrow Agreement, the District will have effected the defeasance of the Refunded Bonds pursuant to the terms of the order authorizing the issuance of the Refunded Bonds. In the opinion of Bond Counsel, as a result of such deposit, firm banking and financial arrangements will have been made for the discharge and final payment of the Refunded Bonds pursuant to the Escrow Agreement, and such Refunded Bonds will be deemed under Texas law to be fully paid and no longer outstanding, except for the purpose of being paid from the funds provided therefor in the Escrow Fund.

10

⁽b) Consisting of a term bond in the aggregate amount of \$495,000, maturing April 1, 2037 and subject to mandatory redemption.

Sources and Uses of Funds

The proceeds derived from the sale of the Bonds, exclusive of accrued interest, along with the transfer from the debt service fund, will be applied as follows:

Sources of Funds:	
Principal Amount of the Bonds	\$
Net Premium on the Bonds	
Transfer from Debt Service Fund	
Total Sources of Funds	\$
Uses of Funds:	
Deposit to Escrow Fund	\$
Issuance Expenses and Underwriters' Discount (a)	
Total Uses of Funds	

Debt Service Requirements

The following sets forth the debt service requirements for the Outstanding Bonds, less the debt service on the Refunded Bonds (\$1,065,000* principal amount), plus the estimated debt service on the Bonds.

THE BONDS

General

The following is a description of some of the terms and conditions of the Bonds, which description is qualified in its entirety by reference to the Bond Order, a copy of which is available from Bond Counsel upon payment of the costs of duplication therefor. The Bond Order authorizes the issuance and sale of the Bonds and prescribes the terms, conditions and provisions for the payment of the principal of and interest on the Bonds by the District.

Description

The Bonds will be dated May 1, 2020, with interest payable on October 1, 2020, and on each October 1 and April 1 thereafter (each an "Interest Payment Date") until the earlier of maturity or redemption. Interest on the Bonds initially accrues from May 1, 2020, and thereafter, from the most recent Interest Payment Date. The Bonds mature on April 1 of the years and in the amounts shown under "MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES AND INITIAL REOFFERING YIELDS" on the cover page hereof. The Bonds are issued in fully registered form only in denominations of \$5,000 or any integral multiple of \$5,000 for any one maturity. The Bonds will be registered and delivered only to The Depository Trust Company, New York, New York ("DTC"), in its nominee name of Cede & Co., pursuant to the book-entry system described herein ("Registered Owners"). No physical delivery of the Bonds will be made to the purchasers thereof. See "BOOK-ENTRY-ONLY SYSTEM." Interest calculations are based upon a three hundred sixty (360) day year comprised of twelve (12) thirty (30) day months.

Authority for Issuance

At elections held within the District on May 3, 2003, May 15, 2004, September 10, 2005, and May 10, 2008, voters of the District authorized a total of \$77,550,000 principal amount of unlimited tax bonds for the purpose of refunding bonds of the District. The Bonds are issued by the District pursuant to the election held on May 3, 2003 and to the terms and provisions of the Bond Order, Article III, Section 52 of the Texas Constitution; Chapter 1207 of the Texas Government Code, as amended; City of Houston Ordinance No. 97-416; and Chapters 49 and 54 of the Texas Water Code, as amended.

Source of and Security for Payment

The Bonds, together with the Remaining Outstanding Bonds and any additional bonds payable from ad valorem taxes, are secured by and payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property located within the District. See "TAX PROCEDURES." Investment in the Bonds involves certain elements of risk, and all prospective purchasers are urged to examine carefully this Official Statement with respect to the investment security of the Bonds. See "INVESTMENT CONSIDERATIONS." The Bonds are obligations solely of the District and are not obligations of the City of Houston, Harris County, the State of Texas, or any political subdivision or entity other than the District.

Rebates from City of Houston

The District is located within the corporate limits of the City of Houston and the taxpayers in the District pay ad valorem taxes to the City of Houston at the tax rate established by the City of Houston. The District receives an annual rebate from the City of Houston for a portion of the taxes levied by the City of Houston on property in the District for debt service on the City's bonds supported by property taxes (the "Annual Payment"). The Annual Payment is used to supplement the District's Debt Service Fund. The following table shows the Annual Payments received in each year:

Year	Amount	Received
2006	\$ 26,221	March 2007
2007	37,657	October 2008
2008	48,890	June 2009
2009	54,121	April 2010
2010	53,319	April 2011
2011	54,139	March 2012
2012	60,177	March 2013
2013	48,046	March 2014
2014	53,745	March 2015
2015	70,055	March 2016
2016	61,465	November 2017
2017	76,749	March 2018
2018	53,420	June 2019

The City charges District customers for water and sewer services and rebates a certain portion of the monthly collections to the District (the "Monthly Revenue Payment"). The Monthly Revenue Payment is also used to supplement the District's Debt Service Fund. The following table shows the Monthly Revenue Payments received in each year:

	Monthly			
	Revenue			
Year	Payments			
2006	\$ 118,171			
2007	142,102			
2008	233,182			
2009	165,954			
2010	218,455			
2011	239,471			
2012	325,486			
2013	363,214			
2014	392,635			
2015	382,893			
2016	376,228			
2017	310,465			
2018	268,567			
2019	264,850			

The amounts of the Annual Payment and Monthly Revenue Payment are based upon formulas established in the District's Utility Functions and Services Allocation Agreement with the City of Houston ("Utility Agreement"). The District has covenanted in the Bond Orders for the Remaining Outstanding Bonds and the Bonds to deposit all of the proceeds of such rebates (less the costs incurred in the collection of same) in the Debt Service Fund (defined below) to be utilized to pay a portion of the debt service requirements on the Bonds, the Remaining Outstanding Bonds and any additional unlimited tax bonds issued by the District, so long as said bonds are outstanding or until abolition of the District by the City of Houston; however such rebates are not pledged as security for the payment of debt service on any of the unlimited tax bonds issued by the District, including the Bonds. The District has further covenanted in the Bond Order for the Bonds to allocate such rebates in the Debt Service Fund and the sub-account within the Debt Service Fund established to pay debt service on Road Bonds (as defined below) proportionately based upon the debt service requirements of the outstanding WSD&R Bonds (as defined below) and the Road Bonds, respectively, for the next succeeding calendar year. The Annual Payment and Monthly Revenue Payment will be adjusted in accordance with the Utility Agreement on January 1 of each calendar year following the commencement of the payment thereof. In addition, the amount of rebate payment will vary with changes in the City of Houston's tax rate, changes in the District's appraised valuation and changes in the amount of water and sewer revenues generated by District residents. Consequently, the amounts subject to rebate by the City of Houston under the formula will vary from year to year. See "THE DISTRICT - Utility Agreement with the City.'

Funds

The Bond Order confirms the prior creation of the District's Bond Fund (the "Debt Service Fund"), including the sub-accounts which are used to separate funds received to pay debt service on bonds issued to finance water, wastewater, storm drainage and recreational facilities ("WSD&R Bonds") from funds received to pay debt service on bonds issued to finance road facilities (the "Road Bonds"), and funds received to pay debt service on contract revenue bonds ("Contract Revenue Bonds"). The Bond Order also confirms the District's Construction Fund, including the sub-accounts which are used to separate proceeds from WSD&R Bonds, Road Bonds and Contract Revenue Bonds. Accrued interest on the Bonds will be deposited from the proceeds from sale of the Bonds into the sub-account of the Debt Service Fund created in respect of Road Bonds.

The proceeds from all taxes levied, assessed and collected for and on account of the Bonds authorized by the Bond Order shall be deposited, as collected, into the sub-account of the Debt Service Fund created in respect of Road Bonds. The Debt Service Fund, which constitutes a trust fund for the benefit of the owners of the Remaining Outstanding Bonds, the Bonds, any additional tax bonds issued by the District and Contract Revenue Bonds, is to be kept separate from all other funds of the District, and funds in the sub-accounts created in respect of Road Bonds are to be used for payment of debt service on the Bonds and any of the District's duly authorized Road Bonds, whether heretofore, hereunder, or hereafter issued, payable in whole or part from taxes. Amounts on deposit in the sub-accounts of the Debt Service Fund created in respect of Road Bonds may also be used to pay the fees and expenses of the Paying Agent/Registrar, to defray the expenses of assessing and collecting taxes levied for payment of interest on and principal of the Bonds and any of the District's duly authorized Road Bonds, whether heretofore, hereunder, or hereafter issued, payable in whole or in part from taxes, and to pay any tax anticipation notes issued in respect of debt service due to or become due on Road Bonds, together with interest thereon, as such tax anticipation notes become due. Funds otherwise on deposit in the Debt Service Fund, including funds in a sub-account created in respect of WSD&R Bonds and Contract Revenue Bonds, will not be allocated to the payment of the Bonds.

Record Date

The record date for payment of the interest on any regularly scheduled interest payment date is defined as the 15th day of the month (whether or not a business day) preceding such interest payment date.

Redemption Provisions

The District reserves the right, at its option, to redeem the Bonds maturing on and after April 1, 2027, prior to their scheduled maturities, in whole or from time to time in part, in integral multiples of \$5,000, on April 1, 2026, or any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. If fewer than all of the Bonds are to be redeemed, the particular maturity or maturities and the amounts thereof to be redeemed shall be determined by the District. If fewer than all of the Bonds of the same maturity are to be redeemed, the particular Bonds shall be selected by DTC in accordance with its procedures. See "BOOK-ENTRY- ONLY SYSTEM." Notice of each exercise of the reserved right of optional redemption shall be given by the Paying Agent/Registrar at least thirty (30) calendar days prior to the redemption date, in the manner specified in the Bond Order.

By the redemption date, due provision shall be made with the Paying Agent/Registrar for payment of the principal of the Bonds or portions thereof to be redeemed, plus accrued interest to the redemption date. When Bonds have been called for redemption in whole or in part and due provision has been made to redeem the same as herein provided, the Bonds or portions thereof so redeemed shall no longer be regarded as outstanding except for the purpose of receiving payment solely from the funds so provided for redemption, and the rights of the Registered Owners to collect interest which would otherwise accrue after the redemption date on any Bond or portion thereof called for redemption shall terminate on the date fixed for redemption.

Method of Payment of Principal and Interest

The Board has appointed Regions Bank, Houston, Texas, as the initial Paying Agent/Registrar for the Bonds. The principal of and interest on the Bonds shall be paid to DTC, which will make distribution of the amounts so paid. See "BOOK-ENTRY-ONLY SYSTEM."

Registration

Section 149(a) of the Internal Revenue Code of 1986, as amended, requires that all tax exempt obligations (with certain exceptions that do not include the Bonds) be in registered form in order for the interest payable on such obligations to be excludable from a Beneficial Owner's income for federal income tax purposes. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. pursuant to the Book-Entry-Only System described herein. One fully-registered Bond will be issued for each maturity of the Bonds and will be deposited with DTC. See "BOOK-ENTRY-ONLY SYSTEM." So long as any Bonds remain outstanding, the District will maintain at least one paying agent/registrar in the State of Texas for the purpose of maintaining the Register on behalf of the District.

Replacement of Paying Agent/Registrar

Provision is made in the Bond Order for replacement of the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, the new paying agent/registrar shall be required to accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any paying agent/registrar selected by the District shall be a duly qualified and competent trust or banking corporation or organization organized and doing business under the laws of the United States of America or of any State thereof, with a combined capital and surplus of at least \$25,000,000, which is subject to supervision of or examination by federal or state banking authorities, and which is a transfer agent duly registered with the United States Securities and Exchange Commission.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

- "(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic.
- (b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them."

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations, or investment criteria which might apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Issuance of Additional Unlimited Tax Debt

The District's voters have authorized the issuance of a total of \$69,500,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities and could authorize additional amounts. The District currently has \$30,205,000 principal amount of unlimited tax bonds authorized but unissued for said facilities. The District's voters have also authorized a total of \$77,550,000 principal amount of unlimited tax refunding bonds for the purpose of refunding outstanding bonds of the District and could authorize additional amounts. After issuance of the Bonds, the District will have \$76,465,268.82* principal amount of unlimited tax refunding bonds authorized but unissued. The District's voters have also authorized issuance of a total of \$3,000,000 unlimited tax bonds for the purpose of acquiring or constructing recreational facilities and could authorize additional amounts. The District currently has no remaining authorized but unissued unlimited tax bonds for such facilities. See "Financing Recreational Facilities" below. The District's voters have also authorized the issuance of a total of \$5,050,000 principal amount of unlimited tax road bonds for the purpose of financing and constructing road facilities and could authorize additional amounts. The District currently has no remaining authorized but unissued unlimited tax road bonds. See "Financing Road Facilities" below.

The Bond Order imposes no limitation on the amount of additional parity bonds which may be authorized for issuance by the District's voters or the amount ultimately issued by the District.

Issuance of additional unlimited tax debt may dilute the investment security for the Bonds.

Financing Road Facilities

Pursuant to the provisions of the Texas Constitution and Chapter 54 Texas Water Code, as amended, conservation and reclamation districts created pursuant to said Chapter 54 are authorized to develop and finance with property taxes certain road facilities following the granting of road powers by the Commission and a successful District election to approve the issuance of road bonds payable from taxes. The Commission granted road powers to the District, the City of Houston adopted ordinances approving the issuance of road bonds by the District, and at an election held within the District on May 10, 2008, voters of the District authorized a total of \$5,050,000 principal amount of unlimited tax bonds for financing and constructing road facilities. The District has no remaining authorized but unissued unlimited tax road bonds. The voters of the District could authorize additional amounts. See "—Issuance of Additional Debt" herein and "INVESTMENT CONSIDERATIONS – Future Debt." Issuance of additional unlimited tax bonds for road facilities may dilute the security for the Bonds.

The District has also issued \$11,680,000 in Contract Revenue Road Bonds (in two series) pursuant to the Public Improvement Agreement between the District and the City of Houston. Such bonds are not payable from or secured by the levy of taxes. See "THE DISTRICT—Public Improvement Agreement (MUD 390 City Park Proximity Agreement)."

Financing Recreational Facilities

Conservation and reclamation districts in certain counties are authorized to develop and finance with property taxes certain recreational facilities after a district election has been successfully held to approve the issuance of bonds payable from taxes and/or a maintenance tax to support recreational facilities.

The District is authorized to issue bonds payable from an ad valorem tax to pay for the development and maintenance of recreational facilities if (i) the District duly adopts a plan for the facilities; (ii) the bonds are authorized at an election; (iii) the bonds payable from any source do not exceed 1% of the value of the taxable property in the District at the time of issuance of the bonds, or an amount greater than the estimated cost of the plan, whichever amount is smaller; (iv) the District obtains any necessary governmental consents allowing the issuance of such bonds; (v) the issuance of the bonds is approved by the Commission in accordance with its rules with respect to same; and (vi) the bonds are approved by the Attorney General of Texas. The District may issue bonds for such purposes payable solely from net operating revenues without an election. In addition, the District is authorized to levy an operation and maintenance tax to support recreational facilities at a rate not to exceed 10 cents per \$100 of assessed valuation of taxable property in the District, after such tax is approved at an election. Said maintenance tax is in addition to any other maintenance tax authorized to be levied by the District.

At an election held within the District on May 15, 2004, voters of the District authorized a total of \$3,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing recreational facilities. At said election, voters also authorized a maintenance tax to support recreational facilities at a rate not to exceed \$0.10 per \$100 of assessed valuation. The District currently has no remaining authorized but unissued unlimited tax bonds for such facilities. The voters of the District could authorize additional amounts.

Issuance of additional unlimited tax bonds for recreational facilities could dilute the investment security for the Bonds.

Abolishment

Under Texas law, the District may be abolished and dissolved by the City of Houston without the District's consent. If the District is abolished, the City of Houston will assume the District's assets and obligations (including the Bonds) and abolish the District within ninety (90) days thereafter. Prior to abolishment and dissolution by the City of Houston, the District shall have the opportunity to discharge any obligations of the District by selling its bonds or by causing the City of Houston to sell bonds of the City of Houston in an amount necessary to discharge such obligations. Abolishment of the District by the City of Houston is a policymaking matter within the discretion of the Mayor and the City Council of the City of Houston, and, therefore, the District makes no representation that abolishment will or will not occur. Moreover, no representation is made concerning the ability of the City of Houston to make debt service payments should abolishment occur.

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its water and wastewater systems with the water and wastewater systems of the district or districts with which it is consolidating, subject to voter approval. In their consolidation agreement, the consolidating districts may agree to assume each other's bonds, notes and other obligations. If each district assumes the other's bonds, notes and other obligations, taxes may be levied uniformly on all taxable property within the consolidated district in payment of same. If the districts do not assume each other's bonds, notes and other obligations, each district's taxes are levied on property in each of the original districts to pay said debts created by the respective original district as if no consolidation had taken place. No representation is made concerning whether the District will consolidate with any other district, but the District currently has no plans to do so.

Remedies in Event of Default

If the District defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observance or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the right to seek a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners. Certain traditional legal remedies may also not be available. See "INVESTMENT CONSIDERATIONS—Registered Owners' Remedies".

Defeasance

The Bond Order provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) for obligations of the District payable from revenues or from ad valorem taxes or both, or a commercial bank or trust company designated in the proceedings authorizing such discharge, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent; and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. The foregoing obligations may be in book entry form, and shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds. If any of such Bonds are to be redeemed prior to their respective dates of maturity, provision must have been made for giving notice of redemption as provided in the Bond Order.

Upon such deposit as described above, such Bonds shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Bond Order does not contractually limit such investments, Registered Owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as currently permitted under Texas law.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York, ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book- Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District and the Financial Advisor believe the source of such information to be reliable, but neither of the District or the Financial Advisor take any responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has an S&P rating of "AA+." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Principal, premium, if any, interest payments and redemption proceeds on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, interest payments and redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

THE DISTRICT

General

The District is a municipal utility district created by an order of the Commission, dated February 13, 2003, under Article XVI, Section 59 of the Texas Constitution, and operates under the provisions of Chapter 49 and Chapter 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District, which lies wholly within the corporate limits of the City of Houston, is subject to the continuing supervisory jurisdiction of the Commission.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste disposal and collection services. The District is also empowered to establish, operate and maintain fire-fighting facilities, separately or jointly with one or more conservation and reclamation districts, municipalities or other political subdivisions, after approval by the City of Houston, the Commission and the voters of the District. Additionally, the District may, subject to certain limitations, develop and finance recreational facilities and may also, as a result of the granting of road powers by the Commission but subject to certain limitations, develop and finance roads. See "THE BONDS—Issuance of Additional Debt," "Financing Recreational Facilities" and "Financing Road Facilities".

The District is required to observe certain requirements of the City of Houston which limit the purposes for which the District may sell bonds to finance the acquisition, construction, and improvement of waterworks, wastewater, drainage, recreational, road and fire-fighting facilities and the refunding of outstanding debt obligations; limit the net effective interest rate on such bonds and other terms of such bonds; require approval by the City of Houston of District construction plans; and permit connections only to lots and reserves described in a plat that has been approved by the City of Houston and filed in the real property records of Harris County. The District is also required to obtain certain Commission approvals prior to acquiring, constructing and financing firefighting facilities as well as voter approval of the issuance of bonds for said purposes. Construction and operation of the District's drainage system is subject to the regulatory jurisdiction of additional State of Texas and local agencies. See "THE SYSTEM."

Description and Location

The District is located in southern Harris County within the corporate limits of the City of Houston, approximately 8 miles south of the central downtown business district of the City of Houston at the intersection of State Highway 288 and West Orem Drive. The District is located entirely within the boundaries of the Houston Independent School District. The District consists of approximately 653 acres of land. Pursuant to the terms of a Development, Financing and Annexation Agreement with D.R. Horton – Texas, Ltd. dated May 22, 2019, and a Development, Financing and Annexation Agreement with 82 Furman Investments, LLC, dated May 22, 2019, the District has agreed to annex approximately 159 acres of land.

Single-Family Residential Development

Approximately 317 acres have been developed into the single-family subdivisions City Park, Sections 1 through 5, City Park West, Sections 1 through 8 and City Park South Sections 1 through 6, which collectively encompass 1,814 lots. As of February 28, 2020, 1,813 homes were completed, and 1 vacant lot remains which will not be built.

D.R. Horton is pursuing the annexation of approximately 57 acres of land in the District, and has begun construction of water, sewer and drainage facilities to serve City Gate Section 1 (130 lots on approximately 28 acres) and City Gate Section 2 (149 lots on approximately 25 acres), which sections are located in the annexation tract.

Homebuilding Program

DR Horton Homes has built homes under the brand name Express Homes in City Park South, which range in sales price from approximately \$215,990 to \$252,795.

Commercial Development

Commercial development in the District includes a completed gas station/convenience store on approximately 2 acres of land and a gas station/McDonald's on approximately 3 acres of land. A 122-room hotel has been constructed on approximately 2 acres of land. A 128-bed health and rehabilitation facility has been constructed on approximately 6 acres of land. A storage facility has been constructed on approximately 5 acres of land. A Popeyes restaurant has been constructed on approximately 1 acre of land and a Shipley's Do-Nuts has been constructed on approximately 1 acre of land.

Approximately 69 acres of land have been developed with utilities, but there are currently no above ground improvements constructed.

Multi-Family Development

Approximately 41 acres of land have been developed into three apartment complexes. The Stonebridge at City Park, developed by 288 City Park Apartments, Ltd., includes 240 apartment units on 12 acres. Representatives of City Park Apartments, Ltd. have indicated that as of March 3, 2020, Stonebridge at City Park was approximately 95% leased.

Ranch at Citypark, LP has developed the Ranch at Citypark, which includes 270 apartment units on approximately 14 acres. Representatives of Ranch at City Park, LP have indicated that as of March 3, 2020, Ranch at Citypark was approximately 92% leased.

Landmark Commercial Constructors, L.L.C. has developed the Trails at City Parks Apartments, a 288 unit apartment complex on approximately 15 acres of land. Representatives of Trails at City Park Apartments indicated that as of March 3, 2020, the Trails at City Park Apartments was approximately 92% leased.

Undeveloped Acreage

In addition to the development described above, the District has approximately 140 acres that remain to be developed, including 10 acres that are owned by Houston Independent School District, and 66 acres that are undevelopable, including streets and recreational sites. The land owned by Houston Independent School District is not subject to taxation by the District. 82 Furman Investments, LLC is also pursuing the annexation of approximately 102 acres of land into the District.

Utility Agreement with the City

The District operates pursuant to that certain Utility Functions and Services Allocation Agreement between the City of Houston (the "City") and the District (by virtue of an assignment) dated as of September 26, 2002 (the "Utility Agreement"). The term of the Utility Agreement is 50 years. Pursuant to the Utility Agreement, the District assumed responsibility for acquiring and constructing for the benefit of, and for ultimate conveyance to, the City, the water distribution, wastewater collection and drainage facilities and services to serve development occurring within the boundaries of the District (the "Facilities") and the City agreed to make annual tax and monthly water and sewer revenue rebate payments to the District in consideration of the District's financing, acquisition, and construction of the Facilities. See "THE BONDS—Rebates from City of Houston." Under the terms of the Utility Agreement, the District is deemed to be the alter ego of the City, and, as such, the District agrees to act as the alter ego of the City for purposes of financing, constructing and acquiring the Facilities and agrees to perform the duties and functions necessary to provide services to the landowners and customers of the District.

<u>The Facilities</u>: The Utility Agreement provides that the Facilities shall be designed and constructed in accordance with the City's requirements and criteria. The City agrees to provide the District with its ultimate requirements for water supply capacity and major offsite water distribution lines to the water source and wastewater treatment capacity and major offsite wastewater trunk collection line capacity to the wastewater treatment plant.

<u>Authority of District to Issue Bonds</u>: The District has the authority to issue, sell, and deliver bonds as permitted by law and City of Houston Ordinance Nos. 2002-763, 2010-580, 2013-1005 and 2015-1244. Bonds issued by the District are obligations solely of the District and shall not be construed to be obligations or indebtedness of the City.

Ownership, Operation, and Maintenance of the Facilities: Upon completion of construction of the Facilities, the District agrees to convey the Facilities (other than storm water detention systems as discussed below) to the City, reserving for itself a security interest in the Facilities for the purpose of securing the performance of the City under the Utility Agreement. The District may convey storm water channels, stormwater detention ponds and systems and/or stormwater pollution prevention and quality control systems, basins and devices to the City if they are not conveyed to and accepted by the Harris County Flood Control District. When all bonds issued by the District to acquire and construct the Facilities have been issued and subsequently paid or redeemed and discharged in full, the District agrees to execute a release of the security interest retained by the District and the City shall then own the Facilities without encumbrance. As each phase of the Facilities is completed, the City agrees to inspect the same and upon approval will accept the Facilities for operation and maintenance. The Facilities will be operated and maintained by the City at its sole cost and expense. If the City determines that the Facilities or any portion thereof have not been constructed in accordance with approved plans and specifications prior to accepting such Facilities, the City agrees to notify the District, and the District shall immediately correct any deficiency noted by the City.

<u>Acceptance of Roads by City</u>: As required by Section 54.234, Texas Water Code, as amended, the Roads, as defined below, have been, or upon construction, will be accepted by the City of Houston for operation and maintenance in accordance with the procedures of the City of Houston. The District will not operate or maintain the Roads. See "THE ROADS."

<u>Rates for Service</u>: The City agrees to bill and collect from customers of the District such rates and charges for such customers as the City, in its sole discretion, determines are necessary, provided that the rates and charges will be equal and uniform to those charged to other similar users outside the District. The City may impose a charge for connection to the water supply portion of the Facilities at a rate determined by the City so long as that charge is equal to sums charged to other comparable users within the City.

Annual Payment and Monthly Revenue Payments: The City has agreed to make an annual payment (herein the "Annual Payment") consisting of that portion of the City property tax relating to storm sewer and assumed water district debt in accordance with a formula set forth in the Utility Agreement. The Annual Payment is adjusted in accordance with the Utility Agreement on January 1 of each calendar year. In addition to the Annual Payment, the City has agreed to make a monthly revenue payment ("Monthly Revenue Payment") pursuant to the formula set forth in the Utility Agreement. The rates utilized in the formula set forth in the Utility Agreement may be changed from time to time by the City in accordance with the terms of the Utility Agreement. The total amount of the Monthly Revenue Payments made by the City in each calendar year shall not exceed the District's debt service requirements for unlimited tax bonds for such calendar year. The Monthly Revenue Payments are adjusted in accordance with the Utility Agreement on January 1 of each calendar year. If the combined debt service tax levied by the District and ad valorem tax levied by the City goes below \$1.28 per \$100 of assessed valuation, the payments by the City may be reduced or eliminated. See "THE BONDS—Rebates from City of Houston."

<u>Dissolution of the District</u>: The City has the right to abolish and dissolve the District and to acquire the District's assets and assume the District's obligations in accordance with state law. See "THE BONDS—Abolishment."

Public Improvement Agreement (MUD 390 City Park Proximity Agreement)

The District and the City entered into the Public Improvement Agreement (MUD 390 City Park Proximity Agreement) (the "Agreement") dated and approved by the City on December 9, 2015, pursuant to Section 552.014 of the Texas Local Government Code, Article III, Section 52 and Article XVI, Section 59 of the Texas Constitution, the general laws of the State of Texas, and City of Houston Ordinance No. 2015-1244. Under the Utility Agreement, the District is authorized to issue bonds to finance road improvements and related improvements beneficial to the District and the City. Said road improvements may include all or portions of an extension of Kirby Drive from West Orem Drive north to a City of Houston sports complex, East Orem Drive from State Highway 288 to future Cityscape Avenue, Cityscape Avenue from East Orem Drive to Almeda Genoa, and an extension of East Orem Drive from the boundary of the District to existing East Orem Drive. The City has agreed to make payments to the District in annual amounts as described in the Agreement (each an "Annual Reimbursement Amount") which will be used by the District to pay debt service on bonds issued by the District to fund the improvements constructed pursuant to the Agreement (collectively, the "Contract Revenue Bonds") or to directly pay the costs of said improvements. The Contract Revenue Bonds issued pursuant to the Agreement are supported only by the revenue payments from the City and not from property tax revenues of the District. The District issued \$6,000,000 principal amount Contract Revenue Road Bonds, Series 2015A pursuant to the Agreement in October 2015 and \$5,680,000 principal amount Contract Revenue Road Bonds, Series 2017A pursuant to the Agreement in December 2017. There are currently no additional bonds authorized to be issued pursuant to the Agreement.

MANAGEMENT

Board of Directors

The District is governed by the Board, consisting of five (5) directors, which has control over and management supervision of all affairs of the District. Directors are elected to staggered four-year terms in May of even numbered years only. None of the Board members resides in the District; however, all of the members own land within the District, subject to a note and deed of trust in favor of GBF/LIC 288, Ltd. The current members and officers of the Board along with their titles and terms, are listed as follows:

Name	Title	Term Expires
Karen Sears	President	May 2020
Mark Witcher	Vice President	May 2022
Thomas El-Gawly	Secretary	May 2022
Shelly Antley	Asst. Secretary	May 2022
Matthew Austin Muse	Director	May 2020

The District has no full-time employees but instead contracts with the entities described below for professional services:

Tax Assessor/Collector

Land and improvements in the District are appraised for taxation by the Harris County Appraisal District. The District contracts with Wheeler & Associates, Inc. to act as Tax Assessor/Collector for the District.

Utility System Operator

The City of Houston operates and maintains the water and wastewater system that serves the District.

Bookkeeper

The District contracts with Municipal Accounts & Consulting, L.P. for bookkeeping services.

Engineer

The District's consulting engineer is Pape-Dawson Engineers, Inc.

Auditor

The financial statements of the District as of January 31, 2019, and for the year then ended, included in this offering document, have been audited by BKD, LLP, independent auditors, as stated in their report appearing herein. See "APPENDIX A" for a copy of the District's January 31, 2019, audited financial statements. The District has engaged BKD, LLP to audit its financial statements for the fiscal year ended January 31, 2020.

Bond Counsel and General Counsel

Schwartz, Page & Harding, L.L.P. ("Bond Counsel") serves as bond counsel to the District. The fee to be paid Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent upon the sale and delivery of the Bonds. In addition, Schwartz, Page & Harding, L.L.P. serves as general counsel to the District on matters other than the issuance of bonds.

Special Tax Counsel

McCall, Parkhurst & Horton L.L.P., serves as Special Tax Counsel to the District. The fee to be paid Special Tax Counsel for services rendered in connection with the issuance of the Bonds is contingent upon the sale and delivery of the Bonds.

Financial Advisor

Masterson Advisors LLC (the "Financial Advisor") serves as financial advisor to the District. The fee to be paid the Financial Advisor is contingent upon sale and delivery of the Bonds.

THE DEVELOPERS

In general, the activities of a landowner or developer in a municipal utility district such as the District include designing the project, defining a marketing program and setting building schedules; securing necessary governmental approvals and permits for development; arranging for the construction of streets and the installation of utilities; and selling or leasing improved tracts or commercial reserves to other developers or third parties. While a developer is generally required by the Commission to advance funds to pave streets (in areas where District facilities are being financed with bonds) and finance the construction of the water, wastewater and storm drainage facilities, such advances to be reimbursed (except for certain paving costs which are not eligible for reimbursement) from the sale of District bonds to the extent allowed by the Commission, a developer is under no obligation to a district to undertake development activities according to any particular plan or schedule. Furthermore, there is no restriction on a developer's right to sell any or all of the land which the developer owns within a district. In addition, the developer is ordinarily the major taxpayer within the district during the early stages of development. The relative success or failure of a developer to perform in the above-described capacities may affect the ability of a district to collect sufficient taxes to pay debt service and retire bonds.

GBF/LIC 288, Ltd.

The developer of City Park, Sections 1 through 5 and City Park West, Sections 1 through 8 and City Park South, Section 1 is GBF/LIC 288, Ltd. (the "GBF/LIC 288"). The partnership consists of FirstLand Investment Corporation, a Texas corporation, as the managing general partner and GBF 288 Holdings Ltd., a Texas limited partnership, and Forestar (USA) Real Estate Group, Inc., as the limited partners. GBF/LIC 288 was formed in 2001 for the sole purpose of acquiring and developing the approximately 375 acres which originally comprised the District. GBF/LIC 288 owns approximately 34 acres of land in the District. Sam Yager Properties, Ltd. provides management services to GBF/LIC 288 Ltd. for the City Park development. Sam Yager Properties, Ltd. has contracted with Sam Yager Incorporated ("Sam Yager Inc.") to manage the City Park development. In addition to the City Park development, Sam Yager Inc. is the development manager or developer of a number of residential projects in the Houston and surrounding areas, including Memorial Springs, Summer Lakes, Lakecrest, Stone Crest, Kings Mill and Harper's Preserve.

The District cautions that a portion of the foregoing development experience of Sam Yager Inc. was gained in different markets and under different circumstances than exist today, and the prior success of Sam Yager Inc. is no indication or guarantee that the parties discussed above will be successful in the development of land within the District. In addition, neither GBF/LIC 288 nor Sam Yager Inc. has any legal commitment to the District or holders of the Bonds to continue development of land within the District, and GBF/LIC 288 may sell or otherwise dispose of its property within the District, or any other assets, at any time.

D.R. Horton-Texas, Ltd.

D.R. Horton-Texas, Ltd. ("D.R. Horton") has developed City Park South Sections 2, 3, 4, 5 and 6. D.R. Horton is building homes under the brand name Express Homes in City Park South Sections 4, 5 and 6 that range in sales price from approximately \$215,990 to \$252,795. D.R. Horton owns no additional land in the District, but is pursuing the annexation of approximately 57 acres of land in the District, which is part of the 159 acre proposed annexation. D.R. Horton has begun construction of water, sewer and drainage facilities to serve City Gate Section 1 (130 lots on approximately 28 acres) and City Gate Section 2 (149 lots on approximately 25 acres), which sections are located in the annexation tract.

Additional Developers

City Park South, L.P. ("CP South") owns approximately 66 acres of land in the District.

RK City Park I, LLC ("RK City Park") owns approximately 25 acres of land in the District, which have been developed for commercial purposes, but currently have no above ground improvements constructed.

JRC/Almeda Genoa, Ltd. ("JRC Almeda") owns approximately 30 acres of land in the District.

Quasar City Park, Ltd.("Quasar") owns approximately 44 acres of land in the District. which have been developed for commercial purposes, but currently have no above ground improvements constructed.

82 Furman Investments, LLC ("82 Furman") is currently pursing the annexation of approximately 102 acres of land into the District.

Collectively, GBF/LIC 288, CP South, JRC Almeda, RK City Park, Quasar, D.R. Horton and 82 Furman are referred to as the "Developers". The Developers are not responsible for, liable for, and have not made any commitment for payment of the Bonds or other obligations of the District. The Developers have no legal commitment to the District or owners of the bonds to continue development of land within the District and may sell or otherwise dispose of their property within the District, or any other assets, at any time. Further, the Developers' financial condition is subject to change at any time. Neither the Developers nor any affiliate of the Developers, if any, are obligated to pay principal of or interest on the Bonds. Furthermore, the Developers have no binding commitment to the District to carry out any plan of development, and the furnishing of information relating to the proposed development by the Developers should not be interpreted as such a commitment. Prospective purchasers are encouraged to inspect the District in order to acquaint themselves with the nature of development that has occurred or is occurring within the District's boundaries.

THE ROADS

Proceeds from bonds previously issued by the District have been used to finance the road system (the "Roads") which serves the residents of the District by providing collector roads and portions of major thoroughfares within the District and the surrounding area. The Roads financed by the District are comprised of (i) Phases I and II of Kirby Drive (financed through the issuance of the District's Unlimited Tax Road Bonds, Series 2011), which functions as a major thoroughfare by conveying the residents of the District between West Orem Drive and Almeda-Genoa Road, (ii) West Orem Drive Phase I which functions as a major thoroughfare by conveying the residents of the District to the major freeway (State Highway 288) and City Park Central Lane which serves as a collector road by conveying the residents of the District to the major thoroughfares (West Orem Drive and Almeda-Genoa Road) and eventually State Highway 288 (financed through the issuance of the District's Unlimited Tax Road Bonds, Series 2015), (iii) East Orem Drive, from State Highway 288 to a Harris County Flood Control Channel, and Cityscape Avenue from West Orem Drive to Almeda-Genoa Road (financed through the issuance of the District's Contract Revenue Road Bonds, Series 2015A) and (iv) East Orem Drive, from Orem Drive to the City's Amateur Sports Complex (financed through the issuance of the District's Contract Revenue Road Bonds, Series 2017A). As required by Section 54.234, Texas Water Code, as amended, the Roads have been, or, upon construction will be, accepted by the City of Houston for operation and maintenance in accordance with the procedures of the City of Houston. The District will not operate or maintain the Roads.

THE SYSTEM

Regulation

According to the Engineer, the District's water distribution, wastewater collection, and storm drainage facilities (collectively, the "System") have been designed in accordance with accepted engineering practices and the then current requirements of various agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities. The construction of the System was required to be accomplished in accordance with the standards and specifications of such entities and is subject to inspection by each such entities. The Commission exercises continuing supervisory authority over the District. Discharge of treated sewage is subject to the regulatory authority of the Commission and the U.S. Environmental Protection Agency. Construction of drainage facilities is subject to the regulatory authority of the Harris County Flood Control District, Harris County and, in some instances, the Commission. Harris County, the City of Houston, and the Texas Department of State Health Services also exercise regulatory jurisdiction over the System. The regulations and requirements of entities exercising regulatory jurisdiction over the System are subject to further development and revision which, in turn, could require additional expenditures by the District in order to achieve compliance. The following descriptions are based upon information supplied by the District's Engineer.

Water Distribution and Sanitary Sewer Collection and Drainage System

The System includes water, sanitary sewer and drainage facilities to serve the subdivisions, apartments, and commercial improvements described under the section "THE DISTRICT."

Water Supply

The District receives potable water from the City of Houston's regional distribution system as outlined in the Utility Agreement. The District does not have wells or water plant facilities of its own. The City has allocated sufficient capacity to serve the District's ultimate water supply requirements. See "THE DISTRICT—Utility Agreement with the City."

Wastewater Treatment Facilities

The District is served by a City of Houston Wastewater Treatment Plant as outlined in the Utility Agreement in which the City has agreed to provide the District with its ultimate requirements for wastewater treatment capacity, subject to the payment of impact fees or the applicability of an exemption to said fees in accordance with City of Houston ordinances. The District does not have wastewater treatment plant facilities of its own. The City has allocated to the development within the District 5,636 equivalent single-family connections ("ESFCs") in a City of Houston Wastewater Treatment Plant. See "THE DISTRICT—Utility Agreement with the City."

Storm Water Drainage Facilities

Part of the District's natural drainage pattern allow for the run-off to be conveyed into man-made channels along West Orem Drive and to the West of State Highway 288. There is also a regional detention pond that captures flows for the southern half of the development which conveys the remaining flows under State Highway 288 by-way or storm system. Both of these systems eventually outfall into Sims Bayou. The general drainage improvements for the District include storm sewers, drainage channels and two detention ponds that both eventually drain into Sims Bayou.

100-Year Flood Plain

Flood Insurance Rate Map" or "FIRM" means an official map of a community on which the Federal Emergency Management Agency (FEMA) has delineated the appropriate areas of flood hazards. The 1% chance of probable inundation, also known as the 100-year flood plain, is depicted on these maps. The "100-year flood plain" (or 1% chance of probable inundation) as shown on the FIRM is the estimated geographical area that would be flooded by a rainstorm of such intensity to statistically have a one percent chance of occurring in any given year. Generally speaking, homes must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance. An engineering or regulatory determination that an area is above the 100-year flood plain is not an assurance that homes built in such area will not be flooded, and a number of neighborhoods in the greater Houston area that are above the 100-year flood plain have flooded multiple times in the last several years. According to the Engineer, approximately 11 acres of land in the District was located within the 100-year flood plain according to Federal Emergency Management Association ("FEMA") Flood Insurance Rate maps. The District submitted a Letter of Map Revision ("LOMR") based on fill to the required regulatory agencies. This LOMR was approved by FEMA on October 23, 2012, thereby removing said acreage from the 100-year flood plain. See "INVESTMENT CONSIDERATIONS—Recent Extreme Weather Events; Hurricane Harvey" and "Atlas 14."

Ownership, Operation, and Maintenance of Utility Facilities

The City of Houston owns, operates, and maintains all water, sanitary sewer and storm sewer drainage facilities within the District in accordance with the Utility Agreement. Stormwater channels, stormwater detention ponds and systems and/or stormwater pollution prevention and quality control systems, basins and devices may be conveyed to the City of Houston if not conveyed to and accepted by the Harris County Flood Control District into its system. See "THE DISTRICT—Utility Agreement with the City".

District Investment Policy

The policy of the District is to invest District funds only in instruments which further the following investment objectives of the District stated in order of importance: (1) preservation and safety of principal; (2) liquidity; and (3) yield. The District does not currently own, nor does it anticipate the inclusion of, long term securities or derivative products in the District portfolio.

26

⁽a) As certified by the Appraisal District. See "TAX PROCEDURES."

⁽b) As estimated by the Appraisal District as of April 1, 2019 for informational purposes only. The certified 2018 assessed valuation provided by the Appraisal District has been updated to add the estimated value of improvements constructed from January 1, 2018 to April 1, 2019. This estimate has no official status. Taxes are levied based on value as certified by the Appraisal District as of January 1 of each year, and, therefore, this estimate will not be the basis for any tax levy by the District. See "TAX PROCEDURES."

⁽c) After giving effect to issuance of the Bonds. Excludes the District's Contract Revenue Bonds payable from certain payments to be made to the District by the City of Houston. See "THE DISTRICT — Public Improvement Agreement (MUD 390 City Park Proximity Agreement") and "PLAN OF FINANCING — Outstanding Unlimited Tax Bonds."

⁽d) Neither Texas law nor the Bond Order requires the District to maintain any minimum balance in the Debt Service Fund.

⁽e) Based upon 3.5 persons per completed single-family residence and 2 persons per apartment unit.

GENERAL FUND OPERATIONS

Operating Statement

The following statement sets forth in condensed form the historical results of operation of the District's General Fund. Accounting principles customarily employed in the determination of net revenues have been observed and in all instances exclude depreciation. Such summary is based upon information obtained from the District's audited financial statements for the fiscal years ended January 31, 2016 through 2019 and in the case of the financial information for the year ended January 31, 2020, the District's bookkeeper. Reference is made to such records and statements for further and more complete information.

ESTIMATED OVERLAPPING DEBT STATEMENT

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in "Texas Municipal Reports" published by the Municipal Advisory Council of Texas or other publicly available information. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance, and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes.

Taxes are due upon receipt of bill therefor and become delinquent after January 31 of the following year or 30 days after the date billed, whichever is later, or, if billed after January 10, they are delinquent on the first day of the month next following the 21st day after such taxes are billed. No split payments are allowed and no discounts are allowed.

Tax Rate Distribution

	2019	2018	2017	2016	2015
Debt Service	\$ 0.55	\$ 0.57	\$ 0.55	\$ 0.63	\$ 0.63
Maintenance and Operations	0.15	0.13	0.15	0.07	0.07
Total	\$ 0.70	\$ 0.70	\$ 0.70	\$ 0.70	\$ 0.70

Tax Rate Limitations

Debt Service: Unlimited (no legal limit as to rate or amount).

Maintenance: \$1.50 per \$100 Assessed Valuation (water, sanitary sewer and drainage facilities)

\$0.10 per \$100 Assessed Valuation (recreational facilities)

Debt Service Tax

The Board covenants in the Bond Orders to levy and assess, for each year that all or any part of the Bonds remain outstanding and unpaid, a tax which, when added to other funds legally available to the District for payment of outstanding debt obligations payable from taxes, is adequate to provide funds to pay the principal of and interest on such debt. See "THE BONDS—Authority for Issuance."

Maintenance Tax

The Board of Directors of the District has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements and payment of operation and administrative costs, if such maintenance tax is authorized by a vote of the District's electors. On May 3, 2003, voters in the District authorized the Board to levy such a maintenance tax in an amount not to exceed \$1.50 per \$100 assessed valuation. Such tax is in addition to taxes which the District is authorized to levy for paying principal of and interest on the Bonds and any additional unlimited tax bonds which may be issued in the future. The District levied a maintenance tax for 2019 in the amount of \$0.15 per \$100 assessed valuation. At an election held on May 15, 2004, voters in the District authorized the Board to levy a maintenance tax in an amount not to exceed \$0.10 for maintenance of recreational facilities. The District has not yet levied a tax specifically for the maintenance of recreational facilities but could do so in the future.

Principal Taxpayers

The following list of principal taxpayers was provided by the District's Tax Assessor/Collector based upon the 2019 Certified Taxable Assessed Valuation of \$427,402,511, which reflects ownership at January 1, 2019. A principal taxpayer lists related to the April 1, 2019 Estimated Taxable Assessed Valuation is not available.

Taxpayer	Type of Property	2019 Certified Taxable Assessed Valuation	% of 2019 Certified Taxable Assessed Valuation

Maximum Annual Debt Service Requirement (2022)	\$2,789,664*
Maximum Annual Debt Service Requirement (2022)	\$2,802,874*

^{*}Preliminary; subject to change.

TAX PROCEDURES

Property Tax Code and County-Wide Appraisal District

The Texas Tax Code (the "Property Tax Code") requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas a single appraisal district with the responsibility for recording and appraising property for all taxing units within a county and a single appraisal review board with the responsibility for reviewing and equalizing the values established by the appraisal district. The Harris County Appraisal District (the "Appraisal District") has the responsibility for appraising property for all taxing units wholly within Harris County, including the District. Such appraisal values are subject to review and change by the Harris County Appraisal Review Board (the "Appraisal Review Board"). Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a petition for review in State district court. In such event, the value of the property in question will be determined by the court or by a jury if requested by any party. Absent any such appeal, the appraisal roll, as prepared by the Appraisal District and approved by the Appraisal Review Board, must be used by each taxing jurisdiction in establishing its tax roll and tax rate. The District is eligible, along with all other conservation and reclamation districts within Harris County, to participate in the nomination of and vote for a member of the Board of Directors of the Appraisal District.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property and tangible personal property in the District is subject to taxation by the District; however, it is expected that no effort will be made by the District to collect taxes on personal property other than on personal property rendered for taxation, business inventories and the property of privately owned utilities. Principal categories of exempt property include: property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies, and personal effects; farm products owned by the producer; all oil, gas and mineral interests owned by an institution of higher education; certain property owned by exclusively charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; solar and wind-powered energy devices; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons sixty-five (65) years or older or under a disability for purposes of payment of disability insurance benefits under the Federal Old-Age Survivors and Disability Insurance Act to the extent deemed advisable by the Board. The District would be required to call an election on such residential homestead exemption upon petition by at least twenty percent (20%) of the number of qualified voters who voted in the District's preceding election and would be required to offer such an exemption if a majority of voters approve it at such election. For the 2020 tax year, the District has granted an exemption of \$5,000 of assessed valuation for persons 65 years of age and older and to individuals who are under a disability for purposes of payment of disability insurance benefits under the Federal Old-Age Survivors and Disability Insurance Act. The District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, of between \$5,000 and \$12,000 of assessed valuation depending upon the disability rating of the veteran, if such rating is less than 100%. A veteran who receives a disability rating of 100% is entitled to an exemption for the full value of the veteran's residence homestead. Additionally, subject to certain conditions, the surviving spouse of a disabled veteran who is entitled to an exemption for the full value of the veteran's residence homestead is also entitled to an exemption from taxation of the total appraised value of the same property to which the disabled veteran's exemption applied. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if (i) the residence homestead was donated by a charitable organization at no cost to the disabled veteran or, (ii) the residence was donated by a charitable organization at some cost to the disabled veteran if such cost is less than or equal to fifty percent (50%) of the total good faith estimate of the market value of the residence as of the date the donation is made. Also, the surviving spouse of a member of (i) a member of the armed forces or, (ii) a first responder as defined under Texas law, who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

A "Freeport Exemption" applies to goods, wares, merchandise, other tangible personal property and ores, other than oil, natural gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining oil or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to certain tangible personal property, as defined by the Property Tax Code, acquired in or imported into Texas for storage purposes and which is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. The exemption excludes oil, natural gas, petroleum products, aircraft and certain special inventory including dealer's motor vehicles, dealer's vessel and outboard motor vehicle, dealer's heavy equipment and retail manufactured housing inventory. The exemption applies to covered property if it is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-intransit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. However, taxing units who took official action as allowed by prior law before October 1, 2011, to tax goods-in-transit property, and who pledged such taxes for the payment of debt, may continue to impose taxes against the goods-in-transit property until the debt is discharged without further action, if cessation of the imposition would impair the obligations of the contract by which the debt was created. The District has taken official action to allow taxation of all such goods-in-transit personal property, but may choose to exempt same in the future by further official action.

General Residential Homestead Exemption

Texas law authorizes the governing body of each political subdivision in the State of Texas to exempt up to twenty percent (20%) of the appraised value of residential homesteads, but not less than \$5,000 if any exemption is granted, from ad valorem taxation. The law provides, however, that where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. For the 2020 tax year, the District has not granted a general residential homestead exemption.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Assessments under the Property Tax Code are to be based upon one hundred percent (100%) of market value. The appraised value of residential homestead property may be limited to the lesser of the market value of the property, or the sum of the appraised value of the property for the last year in which it was appraised, plus ten percent (10%) of such appraised value multiplied by the number of years since the last appraisal, plus the market value of all new improvements to the property. Once an appraisal roll is prepared and approved by the Appraisal Review Board, it is used by the District in establishing its tax rate. The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraised values. The plan must provide for appraisal of all real property by the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal orders of the Appraisal Review Board by filing a petition for review in district court within forty-five (45) days after notice is received that a final order has been entered. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to comply with the Property Tax Code. The District may challenge the level of appraisal of a certain category of property, the exclusion of property from the appraisal rolls or the grant, in whole or in part, of an exemption. The District may not, however, protest a valuation of any individual property.

Texas law provides for notice and hearing procedures prior to the adoption of an ad valorem tax rate by the District. Additionally, Texas law provides for an additional notice and, upon petition by qualified voters, an election which could result in the repeal of certain tax rate increases on residential homesteads. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Agricultural, Open Space, Timberland and Inventory Deferment

The Property Tax Code permits land designated for agricultural use (including wildlife management), open space, or timberland to be appraised at its value based on the land's capacity to produce agriculture or timber products rather than at its fair market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business be valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Landowners wishing to avail themselves of any of such designations must apply for the designation, and the Appraisal District is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions and not as to others. If a claimant receives the designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use for the three (3) years prior to the loss of the designation for agricultural, timberland or open space land. According to the District's Tax Assessor/Collector, as of January 1, 2020, approximately 84 acres of land within the District was designated for agricultural use, open space, inventory deferment, or timberland.

Tax Abatement

The City of Houston and Harris County may designate all or part of the District as a reinvestment zone, and the District, Harris County and the City of Houston may thereafter enter into tax abatement agreements with the owners of property within the zone. The tax abatement agreements may exempt from ad valorem tax, by the applicable taxing jurisdictions, and by the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed, on the condition that the property owner make specified improvements or repairs to the property in conformity with a comprehensive plan. According to the District's Tax Assessor/Collector, to date, none of the area within the District has been designated as a reinvestment zone.

Levy and Collection of Taxes

The District is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. The District adopts its tax rate each year after it receives a tax roll certified by the Appraisal District. Taxes are due upon receipt of a bill therefor, and become delinquent after January 31 of the following year or 30 days after the date billed, whichever is later, or, if billed after January 10, they are delinquent on the first day of the month next following the 21st day after such taxes are billed. A delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid beginning the first calendar month it is delinquent. A delinquent tax also incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent plus a one percent (1%) penalty for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. However, a tax delinquent on July 1 incurs a total penalty of twelve percent (12%) of the amount of the delinquent tax without regard to the number of months the tax has been delinquent, which penalty remains at such rate without further increase. If the tax is not paid by July 1, an additional penalty of up to the amount of the compensation specified in the District's contract with its delinquent tax collection attorney, but not to exceed twenty percent (20%) of the total tax, penalty and interest, may, under certain circumstances, be imposed by the District. With respect to personal property taxes that become delinquent on or after February 1 of a year and that remain delinquent sixty (60) days after the date on which they become delinquent, as an alternative to the penalty described in the foregoing sentence, an additional penalty on personal property of up to the amount specified in the District's contract with its delinquent tax attorney, but not to exceed twenty percent (20%) of the total tax, penalty and interest, may, under certain circumstances, be imposed by the District prior to July 1. The District's contract with its delinquent tax collection attorney currently specifies a twenty percent (20%) additional penalty. The District may waive penalties and interest on delinquent taxes only if (i) an error or omission of a representative of the District, including the Appraisal District, caused the failure of the taxpayer to pay taxes, (ii) the delinquent taxes are paid on or before the one-hundred and eightieth (180th) day after the taxpayer received proper notice of such delinquency and the delinquent taxes relate to a property for which the appraisal roll lists one or more certain specified inaccuracies, or (iii) the taxpayer submits evidence sufficient to show that the tax payment was delivered before the delinquency, date to the United States Postal Service or other delivery service, but an act or omission of the postal or delivery service resulted in the tax payment being considered delinquent. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency of taxes under certain circumstances. The owner of a residential homestead property who is (i) a person sixty-five (65) years of age or older (ii) under a disability for purpose of payment of disability insurance benefits under the Federal Old Age Survivors and Disability Insurance Act, or (iii) qualifies as a disabled veteran under Texas law, is entitled by law to pay current taxes on a residential homestead in installments or to defer the payment of taxes without penalty during the time of ownership. Additionally, a person who is delinquent on taxes for a residential homestead is entitled to an agreement with the District to pay such taxes in installments over a period of between 12 and 36 months (as determined by the District) when such person has not entered into another installment agreement with respect to delinquent taxes with the District in the preceding 24 months.

Rollback of Operation and Maintenance Tax Rate

During the 86th Regular Legislative Session, Senate Bill 2 ("SB 2") was passed and signed by the Governor, with an effective date (as to those provisions discussed herein) of January 1, 2020, and the provisions described herein are effective beginning with the 2020 tax year. See "SELECTED FINANCIAL INFORMATION" for a description of the District's current total tax rate. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

SB 2 classifies municipal utility districts differently based on their current operation and maintenance tax rate or on the percentage of projected build-out that a district has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified herein as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all land, improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate pursuant to SB 2 is described for each classification below.

Special Taxing Units

Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.035 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions, plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts

Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions.

The District

A determination as to a district's status as a Special Taxing Unit, Developed District or Developing District will be made by the Board of Directors on an annual basis, beginning with the 2020 tax rate. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property against which the tax is levied. In addition, on January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of other such taxing units. See "Estimated Overlapping Debt Statement." A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien. Further, personal property under certain circumstances is subject to seizure and sale for the payment of delinquent taxes, penalties, and interest.

Except with respect to (i) owners of residential homestead property who are sixty-five (65) years of age or older or under a disability as described above and who have filed an affidavit as required by law, and (ii) owners of residential homesteads who have entered into an installment agreement with the District for payment of delinquent taxes as described above and who are not in default under said agreement, at any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, or by taxpayer redemption rights (a taxpayer may redeem property that is a residence homestead or was designated for agricultural use within two (2) years after the deed issued at foreclosure is filed of record and may redeem all other property within six (6) months after the deed issued at foreclosure is filed of record) or by bankruptcy proceedings which restrict the collection of taxpayer debt. The District's ability to foreclose its tax lien or collect penalties and interest may be limited on property owned by a financial institution which is under receivership by the Federal Deposit Insurance Corporation pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1825, as amended. Generally, the District's tax lien and a federal tax lien are on par with the ultimate priority being determined by applicable federal law. See "INVESTMENT CONSIDERATIONS—Tax Collection Limitations."

INVESTMENT CONSIDERATIONS

General

The Bonds, which are obligations of the District and not obligations of the State of Texas, Harris County, the City of Houston, or any other political entity other than the District, will be secured by an annual ad valorem tax levied, without legal limitation as to rate or amount, on all taxable property within the District. The ultimate security for payment of the principal of and interest on the Bonds depends on the ability of the District to collect from the property owners within the District all taxes levied against the property, or, in the event of foreclosure, on the value of the taxable property with respect to taxes levied by the District and by other taxing authorities.

Infectious Disease Outlook (COVID-19)

The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (the "Pandemic"), which is currently affecting many parts of the world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States in connection with COVID-19. On March 13, 2020, the President of the United States (the "President") declared the Pandemic a national emergency and the Texas Governor (the "Governor") declared COVID-19 an imminent threat of disaster for all counties in Texas (collectively, the "disaster declarations"). On March 25, 2020, in response to a request from the Governor, the President issued a Major Disaster Declaration for the State of Texas.

Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency that would in any way prevent, hinder, or delay necessary action in coping with this disaster and issuing executive orders that have the force and effect of law. These include, for example, the issuance of an Executive Order on March 31, 2020, which, among other things, prohibits social gatherings of more than 10 people through April 30, 2020 and orders the closure of schools throughout the state through May 4, 2020, unless otherwise extended, modified, rescinded, or superseded by the Governor. In addition, Harris County, within which the District is located, has issued a "stay home" order for most citizens except when engaged in specified essential businesses and government functions. Many of the federal, state and local actions and policies under the aforementioned disaster declarations are focused on limiting instances where the public can congregate or interact with each other, which affects economic growth within Texas.

Since the disaster declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets locally and globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide and within Texas. Stock values and crude oil prices, in the U.S. and globally, have seen significant declines attributed to COVID-19 concerns. Texas may be particularly at risk from any global slowdown, given the prevalence of international trade in the state and the risk of contraction in the oil and gas industry and spillover effects into other industries.

Such adverse economic conditions, if they continue, could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

The District continues to monitor the spread of COVID-19 and is working with local, state, and national agencies to address the potential impact of COVID-19 upon the District. While the potential impact of COVID-19 on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition. The financial and operating data contained herein are the latest available, but are as of dates and for periods prior to the economic impact of the Pandemic and measures instituted to slow it. Accordingly, they are not indicative of the economic impact of the Pandemic on the District's financial condition.

Recent Extreme Weather Events; Hurricane Harvey

The greater Houston area, including the District, is subject to occasional severe weather events, including tropical storms and hurricanes. If the District were to sustain damage to its facilities requiring substantial repair or replacement, or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

The greater Houston area has experienced four storms exceeding a 0.2% probability (i.e. "500-year flood" events) since 2015, including Hurricane Harvey, which made landfall along the Texas Gulf Coast on August 26, 2017, and brought historic levels of rainfall during the successive four days. According to the Engineer, there was no interruption of water and sewer service and the District's system did not sustain any material damage from Hurricane Harvey. To the knowledge of the District, no homes within the District experienced structural flooding or other damage as a result of Hurricane Harvey.

If a future weather event significantly damaged all or part of the improvements within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

Specific Flood Type Risks

Ponding (or Pluvial) Flood. Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flood. Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or drainage systems downstream.

Atlas 14

The National Weather Service recently completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in interim floodplain regulations applying to a larger number of properties and consequently leaving less developable property within the District. Such regulations could additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain. See "THE SYSTEM."

Economic Factors and Interest Rates

A substantial percentage of the taxable value of the District results from the current market value of single-family residences, multi-family apartment complexes, undeveloped land and developed lots which are currently being marketed by GBF/LIC 288 and D.R. Horton-Texas, Ltd. to the builders for the construction of primary residences. The market value of such properties and lots is related to general economic conditions affecting the demand for residences. Demand for lots and the construction of residential dwellings thereon can be significantly affected by factors such as interest rates, credit availability, construction costs, energy availability and the prosperity and demographic characteristics of the urban center toward which the marketing of lots is directed. Decreased levels of construction activity would tend to restrict the growth of property values in the District or could adversely impact such values. See "THE DISTRICT—Residential Development."

Credit Markets and Liquidity in the Financial Markets

Interest rates and the availability of mortgage and development funding have a direct impact on the construction activity, particularly short-term interest rates at which developers are able to obtain financing for development costs. Interest rate levels may affect the ability of a landowner with undeveloped property to undertake and complete construction activities within the District. Because of the numerous and changing factors affecting the availability of funds, particularly liquidity in the national credit markets, the District is unable to assess the future availability of such funds for continued construction within the District. In addition, since the District is located approximately 8 miles from the central downtown business district of the City of Houston, the success of development within the District and growth of District taxable property values are, to a great extent, a function of the Houston metropolitan and regional economies and national credit and financial markets. A downturn in the economic conditions of Houston and a decline in the nation's economic condition could adversely affect development and homebuilding plans in the District and restrain the growth of the District's property tax base or reduce it from current levels.

Impact on District Tax Rates

Assuming no further development, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of District property owners to pay their taxes. The 2019 Certified Taxable Assessed Valuation of the District (see "FINANCIAL STATEMENT") is \$427,402,511. After issuance of the Bonds, the maximum annual debt service requirement will be \$2,789,664* (2022) and the average annual debt service requirement will be \$2,321,989* (2020-2034). Assuming no increase or decrease from the 2019 Certified Taxable Assessed Valuation and no use of funds other than tax collections, a tax rate of \$0.69* per \$100 assessed valuation at a 95% collection rate would be necessary to pay the maximum annual debt service requirement of \$2,789,664* and a tax rate of \$0.58* per \$100 assessed valuation at a 95% collection rate would be necessary to pay the average annual debt service requirement of \$2,321,989*. See "DEBT SERVICE REQUIREMENTS". The Estimated Taxable Assessed Valuation as of April 1, 2019 within the District is \$466,687,330. Assuming no increase or decrease from the estimated taxable assessed valuation as of April 1, 2019 and a 95% collection rate, a tax rate of \$0.63 per \$100 assessed valuation would be necessary to pay the maximum annual requirement and a tax rate of \$0.53 per \$100 assessed valuation would be necessary to pay the average annual requirement. Although calculations have been made regarding average and maximum tax rates necessary to pay the debt service on the Bonds and the Remaining Outstanding Bonds based upon the 2019 Certified Taxable Assessed Valuation and the Estimated Taxable Assessed Valuation as of April 1, 2019, the District can make no representations regarding the future level of assessed valuation within the District. Increases in the tax rate may be required in the event major taxpayers do not pay their District taxes timely. See "TAX PROCEDURES" and "TAX DATA—Tax Adequacy for Debt Service."

Dependence on Principal Taxpayers

Based on the 2019 certified tax roll, the top ten taxpayers are responsible for \$107,499,825 or 25.14% of the District's 2019 taxes. See "TAX DATA—Principal Taxpayers." The ability of any principal taxpayer to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt service obligations. If, for any reason, any one or more principal taxpayers do not pay taxes due or do not pay in a timely manner, the District may need to levy a higher tax rate or use other funds available for debt service purposes. However, the District has not covenanted in the Bond Orders, nor is it required by Texas law, to maintain any particular balance in its Bond Fund or any other funds to allow for any such delinquencies. Therefore, failure by one or more principal taxpayers to pay their taxes on a timely basis in amounts in excess of the District's available funds could have a material adverse effect upon the District's ability to pay debt service on the Bonds on a current basis.

Future Debt

The District reserves in the Bond Order the right to issue the remaining \$30,205,000 principal amount of authorized but unissued unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities for the District and the remaining \$76,465,268.82* in principal amount of authorized but unissued unlimited tax bonds for the purpose of refunding the outstanding unlimited tax bonds of the District and any additional unlimited tax bonds which may be voted hereafter. The Developers are not currently owed any money for District facilities for which they have not been reimbursed. See "THE BONDS—Issuance of Additional Debt," "Financing Road Facilities," and "Financing Recreational Facilities." The issuance of such future obligations may adversely affect the investment security of the Bonds. In addition, future changes in health or environmental regulations could require the construction and financing of additional improvements without any corresponding increases in taxable value in the District. See "THE BONDS – Issuance of Additional Debt." The District does not employ any formula with regard to assessed valuations or tax collections or otherwise to limit the amount of bonds which may be issued. Any bonds issued by the District, however, must be approved by the Attorney General of Texas and the Board and any bonds issued to acquire or construct water, sewer and drainage facilities or recreational facilities must be approved by the Commission. The Engineer has stated that the District's authorized but unissued bonds will be adequate to complete the development of the District.

Environmental and Air Quality Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

<u>Air Quality Issues</u>. Air quality control measures required by the United States Environmental Protection Agency (the "EPA") and the TCEQ may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act ("CAA") Amendments of 1990, the eight-county Houston Galveston area ("HGB area")—Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty counties—has been designated a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion ("ppb")) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 ("the 1997 Ozone Standards"); the tighter, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 ("the 2008 Ozone Standard"), and the EPA's most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 ("the 2015 Ozone Standard). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB area, the HGB area remains subject to CAA nonattainment requirements.

The HGB area is currently designated as a severe ozone nonattainment area under the the 1997 Ozone Standards. While the EPA has revoked the 1997 Ozone Standards, EPA historically has not formally redesignated nonattainment areas for a revoked standard. As a result, the HGB area remained subject to continuing severe nonattainment area "anti-backsliding" requirements, despite the fact that HGB area air quality has been attaining the 1997 Ozone Standards since 2014. In late 2015, EPA approved the TCEQ's "redesignation substitute" for the HGB area under the revoked 1997 Ozone Standards, leaving the HGB area subject only to the nonattainment area requirements under the 2008 Ozone Standard (and later, the 2015 Ozone Standard).

In February 2018, the U.S. Court of Appeals for the District of Columbia Circuit issued an opinion in *South Coast Air Quality Management District v. EPA*, 882 F.3d 1138 (D.C. Cir. 2018) vacating the EPA redesignation substitute rule that provided the basis for EPA's decision to eliminate the anti-backsliding requirements that had applied in the HGB area under the 1997 Ozone Standard. The court has not responded to EPA's April 2018 request for rehearing of the case. To address the uncertainty created by the South Coast court's ruling, the TCEQ has developed a formal request that the HGB area be redesignated to attainment under the 1997 Ozone Standards. The TCEQ Commissioners approved publication of a proposed HGB area redesignation request under the 1997 Ozone Standards on September 5, 2018.

^{*}Preliminary; subject to change.

The HGB area is currently designated as a "moderate" nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2018. If the EPA ultimately determines that the HGB area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more-stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB area is currently designated as a "marginal" nonattainment area under the 2015 Ozone Standard. For purposes of the 2015 Ozone Standard, the HGB area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA's ozone standards, the TCEQ has established a state implementation plan ("SIP") for the HGB area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB area to reach attainment with the ozone standards by the EPA's attainment deadlines. These additional controls could have a negative impact on the HGB area's economic growth and development.

<u>Water Supply & Discharge Issues</u>. Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) public water supply systems, (2) wastewater discharges from treatment facilities, (3) storm water discharges, and (4) wetlands dredge and fill activities. Each of these is addressed below:

Pursuant to the federal Safe Drinking Water Act ("SDWA") and Environmental Protection Agency's National Primary Drinking Water Regulations ("NPDWRs"), which are implemented by the TCEQ's Water Supply Division, a municipal utility district's provision of water for human consumption is subject to extensive regulation as a public water system.

Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency's rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future.

Texas Pollutant Discharge Elimination System ("TPDES") permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2018, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain nonstormwater discharges into surface water in the state. It has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act ("CWA") and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district's ability to obtain and maintain compliance with TPDES permits.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the "waters of the United States." The District must obtain a permit from the United States Army Corps of Engineers ("USACE") if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2015, the EPA and USACE promulgated a rule known as the Clean Water Rule ("CWR") aimed at redefining "waters of the United States" over which the EPA and USACE have jurisdiction under the CWA. The CWR significantly expanded the scope of the federal government's CWA jurisdiction over intrastate water bodies and wetlands. The CWR was challenged in numerous jurisdictions, including the Southern District of Texas, causing significant uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction.

On September 12, 2019, the EPA and USACE finalized a rule repealing the CWR, thus reinstating the regulatory text that existed prior to the adoption of the CWR. This repeal officially became final on December 23, 2019, but the repeal has itself become the subject of litigation in multiple jurisdictions.

On January 23, 2020, the EPA and USACE released the Navigable Waters Protection Rule ("NWPR"), which contains a new definition of "waters of the United States." The stated purpose of the NWPR is to restore and maintain the integrity of the nation's waters by maintaining federal authority over the waters Congress has determined should be regulated by the federal government, while preserving the states' primary authority over land and water resources. The new definition outlines four categories of waters that are considered "waters of the United States," and thus federally regulated under the CWA: (i) territorial seas and traditional navigable waters; (iii) certain lakes, ponds, and impoundments of jurisdictional waters; and (iv) wetlands adjacent to jurisdictional waters. The new rule also identifies certain specific categories that are not "waters of the United States," and therefore not federally regulated under the CWA: (a) groundwater; (b) ephemeral features that flow only in direct response to precipitation; (c) diffuse stormwater runoff and directional sheet flow over upland; (d) certain ditches; (e) prior converted cropland; (f) certain artificially irrigated areas; (g) certain artificial lakes and ponds; (h) certain water-filled depressions and certain pits; (i) certain stormwater control features; (j) certain groundwater recharge, water reuse, and wastewater recycling structures; and (k) waste treatment systems. The NWPR will become effective 60 days after the date of its publication in the Federal Register, and will likely become the subject of further litigation.

Due to ongoing rulemaking activity, as well as existing and possible future litigation, there remains uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction. Depending on the final outcome of such proceedings, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements.

Tax Collections Limitations

The District's ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other state and local taxing authorities on the property against which taxes are levied, and such lien may be enforced by foreclosure. The District's ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time consuming and expensive collection procedures, (b) a bankruptcy court's stay of tax collection procedure against a taxpayer, or (c) market conditions limiting the proceeds from a foreclosure sale of taxable property. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Attorney's fees and other costs of collecting any such taxpayer's delinquencies could substantially reduce the net proceeds to the District from a tax foreclosure sale. Finally, a bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a taxpayer within the District pursuant to the Federal Bankruptcy Code could stay any attempt by the District to collect delinquent advalorem taxes against such taxpayer. In addition to the automatic stay against collection of delinquent taxes afforded a taxpayer during the pendency of a bankruptcy, a bankruptcy could affect payment of taxes in two other ways: first, a debtor's confirmation plan may allow a debtor to make installment payments on delinquent taxes for up to six years; and, second, a debtor may challenge, and a bankruptcy court may reduce, the amount of any taxes assessed against the debtor, including taxes that have already been paid. See "TAX PROCEDURES—District's Rights in the Event of Tax Delinquencies."

Registered Owners' Remedies

If the District defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the statutory right of a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners.

Statutory language authorizing local governments such as the District to sue and be sued does not waive the local government's sovereign immunity from suits for money damages, so that in the absence of other waivers of such immunity by the Texas Legislature, a default by the District in its covenants in the Bond Order may not be reduced to a judgment for money damages. If such a judgment against the District were obtained, it could not be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Bonds. The enforceability of the rights and remedies of the Registered Owners may further be limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions, such as the District.

Bankruptcy Limitation to Registered Owners' Rights

Subject to the requirements of Texas law discussed below, a political subdivision such as the District may voluntarily file a petition for relief from creditors under Chapter 9 of the Federal Bankruptcy Code, 11 U.S.C. Sections 901-946. The filing of such petition would automatically stay the enforcement of Registered Owner's remedies, including mandamus. The automatic stay would remain in effect until the federal bankruptcy judge hearing the case dismisses the petition, enters an order granting relief from the stay or otherwise allows creditors to proceed against the petitioning political subdivision. A political subdivision such as the District may qualify as a debtor eligible to proceed in a Chapter 9 case only if it (1) is authorized to file for federal bankruptcy protection by applicable state law, (2) is insolvent or unable to meet its debts as they mature, (3) desires to effect a plan to adjust such debts, and (4) has either obtained the agreement of or negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiation is impracticable. Special districts such as the District must obtain the approval of the TCEQ as a condition to seeking relief under the Federal Bankruptcy Code. The TCEQ is required to investigate the financial condition of a financially troubled district and authorize such district to proceed under federal bankruptcy law only if such district has fully exercised its rights and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, the District could file a voluntary bankruptcy petition under Chapter 9, thereby invoking the protection of the automatic stay until the bankruptcy court, after a hearing, dismisses the petition. A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in making the decision of whether to grant the petitioning District relief from its creditors. While such a decision might be appealable, the concomitant delay and loss of remedies to the Registered Owner could potentially and adversely impair the value of the Registered Owner's claim.

If a petitioning district were allowed to proceed voluntarily under Chapter 9 of the Federal Bankruptcy Code, it could file a plan for an adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect Registered Owners by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating the collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of the Registered Owners' claims against a district.

A district may not be forced into bankruptcy involuntarily.

Continuing Compliance with Certain Covenants

The Bond Order contains covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds. Failure by the District to comply with such covenants in the Bond Order on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "TAX MATTERS."

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Risk Factors Related to the Purchase of Municipal Bond Insurance

The District has applied for a bond insurance policy (the "Policy") to guarantee the scheduled payment of principal and interest on the Bonds. If the Policy is issued, investors should be aware of the following investment considerations:

The long-term ratings on the Bonds are dependent in part on the financial strength of the Insurer and its claim paying ability. The Insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Insurer and of the ratings on the Bonds insured by the Insurer will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See description of "MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE."

The obligations of the Insurer are contractual obligations and in an event of default by the Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor the Underwriter has made independent investigation into the claims paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims paying ability of the Insurer, particularly over the life of the investment.

Marketability

The District has no agreement with the Underwriter regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional issuers as such bonds are generally bought, sold or traded in the secondary market.

MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE

Application has been made to S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P") for a municipal bond rating and S&P has assigned an underlying credit rating of "BBB-" to the District's Bonds. An explanation of the ratings may be obtained from the company furnishing the rating. The fee associated with the rating assigned to the District by S&P will be paid by the District; however, the fee associated with ratings provided by other agencies will be at the expense of the Underwriter.

Application has also been made to municipal bond insurance companies for qualification of the Bonds for municipal bond insurance. If qualified, such insurance will be available at the option of the District and at the District's expense. The rating fees of S&P will be paid by the District; any other rating fees associated with the insurance will be the responsibility of the Underwriter.

LEGAL MATTERS

Legal Opinions

The District will furnish to the Underwriter a transcript of certain certified proceedings incident to the issuance and authorization of the Bonds, including a certified copy of the approving legal opinion of the Attorney General of Texas, as recorded in the Bond Register of the Comptroller of Public Accounts of the State of Texas, to the effect that the Attorney General has examined a transcript of proceedings authorizing the issuance of the Bonds, and that based upon such examination, the Bonds are valid and binding obligations of the District payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. The District will also furnish the approving legal opinion of Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and binding obligations of the District under the Constitution and laws of the State of Texas, except to the extent that enforcement of the rights and remedies of the Registered Owners of the Bonds may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. The legal opinion of Bond Counsel will further state that the Bonds are payable, both as to principal and interest, from the levy of ad valorem taxes, without legal limitation as to rate or amount, upon all taxable property within the District. The District will also furnish the legal opinion of McCall, Parkhurst & Horton L.L.P., Dallas, Texas, Special Tax Counsel to the District, to the effect that interest on the Bonds is excludable from gross income of the owners for federal income tax purposes under existing law and not subject to the alternative minimum tax on individuals, or, except as described therein, corporations.

In addition to serving as Bond Counsel, Schwartz, Page & Harding, L.L.P., also serves as counsel to the District on matters not related to the issuance of bonds. The legal fees to be paid to Bond Counsel and Special Tax Counsel for services rendered in connection with the issuance of the Bonds are based upon a percentage of bonds actually issued, sold and delivered, and, therefore, such fees are contingent upon the sale and delivery of the Bonds. Certain legal matters will be passed upon for the Underwriter by McCall, Parkhurst & Horton L.L.P., Houston, Texas.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Legal Review

In its capacity as Bond Counsel, Schwartz, Page & Harding, L.L.P., has reviewed the information appearing in this Official Statement under the captioned sections "PLAN OF FINANCING—Escrow Agreement," and "—Defeasance of Refunded Bonds" (but only insofar as such section relates to the legal opinion of Bond Counsel), "THE BONDS," "THE DISTRICT—General", "—Utility Agreement with the City," and "—Public Improvement Agreement (MUD 390 City Park Proximity Agreement," "MANAGEMENT—Bond Counsel and General Counsel," "TAX PROCEDURES," and "LEGAL MATTERS—Legal Opinions" (insofar as such section relates to the opinion of Bond Counsel) solely to determine whether such information fairly summarizes the law and documents referred to therein. In its capacity as Special Tax Counsel, McCall, Parkhurst & Horton L.L.P, Dallas, Texas, has reviewed the information appearing in this Official Statement under the caption "LEGAL MATTERS—Legal Opinions" (insofar as such section relates to the opinion of Special Tax Counsel) and "TAX MATTERS" solely to determine whether such information fairly summarizes the law referred to therein. Such firms have not independently verified factual information contained in this Official Statement, nor have such firms conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon such firms' limited participation as an assumption of responsibility for, or an expression of opinion of any kind with regard to, the accuracy or completeness of any of the other information contained herein.

TAX MATTERS

Opinion

On the date of initial delivery of the Bonds, McCall, Parkhurst & Horton L.L.P., Dallas, Texas, Special Tax Counsel, will render their opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Bonds will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated above, Special Tax Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Bonds.

In rendering their opinion, Special Tax Counsel will rely upon (a) the opinion of Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel, that the Bonds are valid and binding obligations of the District payable from the proceeds of a generally-applicable ad valorem tax, (b) the District's federal tax certificate and the verification report prepared by Public Finance Partners, LLC and (c) covenants of the District with respect to arbitrage, the application of the proceeds to be received from the issuance and sale of the Bonds and certain other matters. Although it is expected that the Bonds will qualify as tax-exempt obligations for federal income tax purposes as of the date of issuance, the tax-exempt status of the Bonds could be affected by future events. However, future events beyond the control of the District, as well as the failure to observe the aforementioned representations or covenants, could cause the interest on the Bonds to become taxable retroactively to the date of issuance.

Special Tax Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Special Tax Counsel's opinion is not a guarantee of a result. The Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that such Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Bonds.

A ruling was not sought from the Internal Revenue Service by the Issuer with respect to the Bonds. No assurances can be given as to whether or not the Internal Revenue Service will commence an audit of the Bonds, or as to whether the Internal Revenue Service would agree with the opinion of Special Tax Counsel. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

Federal Income Tax Accounting Treatment of Original Issue Discount

The Underwriter has represented that the initial public offering price to be paid for the Bonds (the "Original Issue Discount Bonds"), as stated on the cover of the Official Statement, may be less than the principal amount thereof. As such, the difference between (i) the amount payable at the maturity of each Original Issue Discount Bond, and (ii) the initial offering price to the public of such Original Issue Discount Bond constitutes original issue discount with respect to such Original Issue Discount Bond in the hands of any owner who has purchased such Original Issue Discount Bond in the initial public offering of the Bonds.

Under existing law, such an owner is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the period for which such Original Issue Discount Bond continues to be owned by such owner. For a discussion of certain collateral federal tax consequences, see discussion set forth below.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on Existing Law which is subject to change or modification retroactively.

Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences. The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, including financial institutions, life insurance and property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, certain S corporations with accumulated earnings and profits and excess passive investment income, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit, and individuals otherwise allowed an earned income credit. THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIFIC PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP, AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax- exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Qualified Tax-Exempt Obligations

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds," that are designated by a "qualified small issuer" as "qualified tax-exempt obligations." A "qualified small issuer" is any governmental issuer (together with any "on- behalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term "financial institution" as any "bank" described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by Section 265(b) of the Code, Section 291 of the Code provides that the allowable deduction to a "bank," as defined in Section 585(1)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item."

The District has designated the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action that would assure, or to refrain from such action that would adversely affect, the treatment of the Bonds as "qualified tax-exempt obligations." Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however, the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the aforementioned dollar limitation and the Bonds would not be "qualified tax-exempt obligations."

VERIFICATION OF MATHEMATICAL CALCULATIONS

Public Finance Partners LLC will deliver to the District, on or before the settlement date of the Bonds, its verification report indicating that it has verified the mathematical accuracy of (a) the mathematical computations of the adequacy of the funds deposited with the Escrow Agent pursuant to the Escrow Agreement for the payment of the Refunded Bonds; (b) the mathematical computations of yield; and (c) compliance with City of Houston Ordinance No. 97-416.

Public Finance Partners LLC relied on the accuracy, completeness and reliability of all information provided to it by, and on all decisions and approvals of, the District. In addition, Public Finance Partners LLC has relied on any information provided to it by the District's retained advisors, consultants or legal counsel.

NO MATERIAL ADVERSE CHANGE

The obligations of the Underwriter to take and pay for the Bonds, and the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of the sale.

NO-LITIGATION CERTIFICATE

With the delivery of the Bonds, the President or Vice President and Secretary or Assistant Secretary of the Board will, on behalf of the District, execute and deliver to the Underwriter a certificate dated as of the date of delivery, to the effect that no litigation of any nature of which the District has notice is pending against or, to the knowledge of the District's certifying officers, threatened against the District, either in state or federal courts, contesting or attacking the Bonds; restraining or enjoining the authorization, execution or delivery of the Bonds; in any manner questioning the authority or proceedings for the authorization, execution or delivery of the Bonds; or affecting the validity of the Bonds, the corporate existence or boundaries of the District or the title of the then present officers and directors of the Board.

PREPARATION OF OFFICIAL STATEMENT

Sources and Compilation of Information

The financial data and other information contained in this Official Statement has been obtained primarily from the District's records, the Engineer, the Developers, the Tax Assessor/Collector, the Appraisal District and information from other sources believed to be reliable. No guarantee is made by the District as to the accuracy or completeness of the information derived from sources other than the District, and the inclusion herein of information from sources other than the District is not to be construed as a representation on the part of the District to such effect, except as described below under "Certification of Official Statement." Furthermore, there is no guarantee that any of the assumptions or estimates contained herein will be realized. The summaries of the agreements, reports, statutes, resolutions, engineering and other related information set forth in this Official Statement are included herein subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents for further information.

Financial Advisor

Masterson Advisors LLC is employed as the Financial Advisor to the District to render certain professional services, including advising the District on a plan of financing and preparing the Official Statement. In its capacity as Financial Advisor, Masterson Advisors LLC has compiled and edited this Official Statement. In addition to compiling and editing, the Financial Advisor has obtained the information set forth herein under the caption indicated from the following sources: "THE DISTRICT" and "THE SYSTEM"— Pape-Dawson Engineers, Inc. "THE BONDS" and "LEGAL MATTERS – Legal Opinions" (insofar as such section relates to the legal opinion of Bond Counsel and Special Tax Counsel)—Schwartz, Page & Harding, L.L.P. and McCall, Parkhurst & Horton L.L.P., as applicable; "TAX MATTERS"— McCall, Parkhurst & Horton L.L.P.; "FINANCIAL STATEMENT" and "TAX DATA"— Harris County Appraisal District, Wheeler & Associates, Inc. and the Municipal Advisory Council.

The Financial Advisor has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

Underwriter

The Underwriter has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Consultants

In approving this Official Statement, the District has relied upon the following consultants. Each consultant has agreed to the use of information provided by such firms.

<u>Engineer</u>: The information contained in this Official Statement relating to engineering and to the description of the System and, in particular that information included in the sections entitled "THE DISTRICT," and "THE SYSTEM" (as it relates to District facilities) has been provided by Pape-Dawson Engineers, Inc. and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

Appraisal District: The information contained in this Official Statement relating to the Assessed Valuations of the District has been provided by the Harris County Appraisal District and has been included herein in reliance upon the authority of such entity as experts in assessing the values of property in Harris County, including the District.

<u>Tax Assessor Collector</u>: The information contained in this Official Statement relating to the historical breakdown of the Certified Taxable Assessed Valuations, principal taxpayers, and certain other historical data concerning tax rates and tax collections has been provided by Wheeler & Associates, Inc. and is included herein in reliance upon Wheeler & Associates, Inc. as an expert in collecting taxes.

<u>Auditor</u>: The financial statements of the District, as of January 31, 2019, and for the year then ended, included in this offering document, have been audited by BKD, LLP, independent auditors, as stated in their report appearing herein. See "APPENDIX A" for a copy of the District's January 31, 2019 audited financial statements. The District has engaged BKD, LLP to audit its financial statements for the fiscal year ended January 31, 2020.

Updating the Official Statement

If, subsequent to the date of the Official Statement, the District learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Underwriter, of any adverse event which causes the Official Statement to be materially misleading, and unless the Underwriter elects to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Underwriter an appropriate amendment or supplement to the Official Statement satisfactory to the Underwriter; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate when the District delivers the Bonds to the Underwriter, unless the Underwriter notifies the District on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the District's obligations hereunder will extend for an additional period of time as required by law (but not more than 90 days after the date the District delivers the Bonds).

Certification of Official Statement

The District, acting through its Board in its official capacity and reliance upon the experts listed above, hereby certifies, as of the date hereof, that the information, statements, and descriptions or any addenda, supplement and amendment thereto pertaining to the District and its affairs contained herein, to the best of its knowledge and belief, contain no untrue statement of a material fact and do not omit to state any material fact necessary to make the statements herein, in the light of the circumstances under which they are made, not misleading. With respect to information included in this OFFICIAL STATEMENT other than that relating to the District, the District has no reason to believe that such information contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements herein, in the light of the circumstances under which they are made, not misleading; however, the Board has made no independent investigation as to the accuracy or completeness of the information derived from sources other than the District. In rendering such certificate, the official executing this certificate may state that he has relied in part on his examination of records of the District relating to matters within his own area of responsibility, and his discussions with, or certificates or correspondence signed by, certain other officials, employees, consultants and representatives of the District.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Order, the District has made the following agreement for the benefit of the registered and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board (the "MSRB"). The MSRB has established the Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The District will provide annually to the MSRB certain updated financial information and operating data. The information to be updated with respect to the District includes all quantitative financial information and operating data of the general type included in this Official Statement under the headings "FINANCIAL STATEMENT," "TAX DATA," "THE SYSTEM," "DEBT SERVICE REQUIREMENTS" and "GENERAL FUND OPERATIONS" (most of which information is contained in the District's annual audited financial statements and in Appendix A). The District will update and provide this information within six (6) months after the end of each fiscal year ending in or after 2020.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12. The updated information will include audited financial statements, if the District commissions an audit and the audit is completed by the required time. If the audit of such financial statements is not complete within such period, then the District will provide unaudited financial statements by the required time, and audited financial statements when and if such audited financial statements become available. Any such financial statements will be prepared in accordance with the accounting principles described in the Bond Order or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is January 31. Accordingly, it must provide updated information by July 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Specified Event Notices

The District will provide timely notices of certain events to the MRSB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701 TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other events affecting the tax-exempt status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of CFR § 240.15c2-12 (the "Rule"); (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material to a decision to purchase or sell Bonds; (15) incurrence of a financial obligation of the District or other obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or other obligated person, any of which affect Beneficial Owners of the Bonds, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District or other obligated person, any of which reflect financial difficulties. The terms "financial obligation" and "material" when used in this paragraph shall have the meanings ascribed to them under federal securities laws. Neither the Bonds nor the Bond Order makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide financial information, operating data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from the MSRB

The District has agreed to provide the foregoing updated information only to the MSRB. The MSRB makes the information available to the public without charge through an internet portal at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of specified events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although Holders and beneficial owners of the Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or operations of the District, but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering described herein in compliance with SEC Rule 15c2-12, taking into account any amendments and interpretations of SEC Rule 15c2-12 to the date of such amendment, as well as changed circumstances, and either the Holders of a majority in aggregate principal amount of the outstanding Bonds consent or any person unaffiliated with the District (such as a nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Bonds. The District may also amend or repeal the agreement if the SEC amends or repeals the applicable provisions of SEC Rule 15c2-12 or a court of final jurisdiction determines that such provisions are invalid but in either case, only to the extent that its right to do so would not prevent the Underwriter from lawfully purchasing the Bonds in the offering described herein. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reason for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance With Prior Undertakings

During the last five years, the District has complied in all material respects with all continuing disclosure agreements made by the District in accordance with SEC Rule 15c2-12.

MISCELLANEOUS

All estimates, statements and assumptions in this Official Statement and the Appendix hereto have been made on the basis of the best information available and are believed to be reliable and accurate. Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact, and no representation is made that any such statements will be realized.

This Official Statement was approved by the Board of Directors of Harris County Municipal Utility District No. 390, as of the date shown on the cover page.

Independent Auditor's Report

Board of Directors Harris County Municipal Utility District No. 390 Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 390 (the District), as of and for the year ended January 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors Harris County Municipal Utility District No. 390 Page 2

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of January 31, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Houston, Texas June 13, 2019

BKD,LLP

Management's Discussion and Analysis January 31, 2019

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements. This report also contains supplementary information required by the Governmental Accounting Standards Board and other information required by the District's state oversight agency, the Texas Commission on Environmental Quality (the Commission).

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program, such as the provision of water, sanitary sewer and drainage services. Other activities, such as the provision of recreation facilities and solid waste collection, are minor activities and are not budgeted or accounted for as separate programs. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented on the left side of the statements, a column for adjustments is to the right of the fund financial statements and the government-wide financial statements are presented to the right side of the adjustments column. The following sections describe the measurement focus of the two types of statements and the significant differences in the information they provide.

Government-wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District. The District's government-wide financial statements include the statement of net position and statement of activities, which are prepared using accounting principles that are similar to commercial enterprises. The purpose of the statement of net position is to attempt to report all of the assets, liabilities, and deferred inflows and outflows of resources of the District. The District reports all of its assets when it acquires or begins to maintain the assets and reports all of its liabilities when they are incurred.

The difference between the District's assets, liabilities, and deferred inflows and outflows of resources is labeled as net position and this difference is similar to the total stockholders' equity presented by a commercial enterprise.

The purpose of the statement of activities is to present the revenues and expenses of the District. Again, the items presented on the statement of activities are measured in a manner similar to the approach used by a commercial enterprise in that revenues are recognized when earned or established criteria are satisfied and expenses are reported when incurred by the District. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported even when they may not be collected for several months or years after the end of the accounting period and expenses are recorded even though they may not have used cash during the current year.

Management's Discussion and Analysis (Continued) January 31, 2019

Although the statement of activities looks different from a commercial enterprise's statement of income, the financial statement is different only in format, not substance. Whereas the bottom line in a commercial enterprise is its net income, the District reports an amount described as change in net position, essentially the same thing.

Fund Financial Statements

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the general fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

Governmental Funds

Governmental-fund financial statements consist of a balance sheet and a statement of revenues, expenditures and changes in fund balances and are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted into cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a very short period of time, but do not include capital assets such as land and water, sewer and drainage systems. Fund liabilities include amounts that are to be paid within a very short period after the end of the fiscal year. The difference between a fund's assets, liabilities, and deferred inflows and outflows of resources is labeled the fund balance and generally indicates the amount that can be used to finance the next fiscal year's activities. Likewise, the operating statement for governmental funds reports only those revenues and expenditures that were collected in cash or paid with cash, respectively, during the current period or very shortly after the end of the fiscal year.

Because the focus of the government-wide and fund financial statements is different, there are significant differences between the totals presented in these financial statements. For this reason, there is an analysis in the notes to financial statements that describes the adjustments to fund balances to arrive at net position presented in the governmental activities column on the statement of net position. Also, there is an analysis in the notes to financial statements that reconciles the total change in fund balances for all governmental funds to the change in net position, as reported in the governmental activities column in the statement of activities.

Notes to Financial Statements

The notes to financial statements provide additional information that is essential to a full understanding of the data found in the government-wide and fund financial statements.

Management's Discussion and Analysis (Continued) January 31, 2019

Financial Analysis of the District as a Whole

The District's overall financial position and activities for the past two years are summarized as follows, based on the information included in the government-wide financial statements.

Summary of Net Position

	 2019	2018
Current and other assets Capital assets	\$ 12,352,527 6,743,099	\$ 13,122,009 6,252,467
Total assets	19,095,626	19,374,476
Deferred outflows of resources	630,569	667,500
Total assets and deferred outflows of resources	\$ 19,726,195	\$ 20,041,976
Long-term liabilities Other liabilities	\$ 53,296,706 1,459,776	\$ 52,686,284 850,392
Total liabilities	54,756,482	53,536,676
Deferred inflows of resources	 2,555,267	 2,246,739
Net position:		
Net investment in capital assets	(2,011,474)	(2,714,053)
Restricted	3,615,742	3,718,267
Unrestricted	 (39,189,822)	 (36,745,653)
Total net position	\$ (37,585,554)	\$ (35,741,439)

The total net position of the District decreased by \$1,844,115, or about 5 percent. The majority of the decrease in net position is related to the conveyance of capital assets to another governmental entity for maintenance.

At January 31, 2019, unrestricted net position was \$(39,189,822). This amount was negative because, pursuant to a contract between the District and the City of Houston (the City), all water, sanitary sewer and drainage facilities purchased or constructed by the District or its developers, with the exception of certain detention facilities, are conveyed to the City. Accordingly, these assets are not recorded in the financial statements of the District.

Management's Discussion and Analysis (Continued) January 31, 2019

Summary of Changes in Net Position

	2019	2018
Revenues:		
Property taxes	\$ 2,227,260	\$ 2,055,324
City of Houston revenues	1,009,182	1,113,217
Other revenues	160,125	65,169
Total revenues	3,396,567	3,233,710
Expenses:		
Services	527,546	517,493
Conveyance of capital assets	2,484,197	10,490,215
Capital recovery fees	9,537	130,496
Debt service	2,219,402	2,102,084
Total expenses	5,240,682	13,240,288
Change in net position	(1,844,115)	(10,006,578)
Net position, beginning of year	(35,741,439)	(25,734,861)
Net position, end of year	\$ (37,585,554)	\$ (35,741,439)

Financial Analysis of the District's Funds

The District's combined fund balances as of the end of the fiscal year ended January 31, 2019, were \$8,791,972, a decrease of \$1,546,506 from the prior year.

The general fund's fund balance increased by \$173,826 because property tax revenues and developer advances received were greater than operating expenditures.

The debt service fund's fund balance decreased by \$273,177 because bond principal and interest requirements were greater than property tax revenues generated and rebates received from the City.

The capital projects fund's fund balance decreased by \$1,447,155 due to capital outlay expenditures, debt issuance costs and the repayment of bond anticipation notes exceeding the proceeds received from the sale of bonds.

Management's Discussion and Analysis (Continued) January 31, 2019

General Fund Budgetary Highlights

There were several differences between the final budgetary amounts and actual amounts. The major differences between budget and actual were due property tax revenues and professional fees expenditures being greater than anticipated. In addition, developer advances received and a transfer to the capital projects fund were not included in the current year budget. The fund balance as of January 31, 2019, was expected to be \$148,388 and the actual end-of-year fund balance was \$152,766.

Capital Assets and Related Debt

Capital Assets

The District has conveyed title of its capital assets to the City, with the exception of certain detention facilities. Capital assets held by the District at the end of the current and previous fiscal years are summarized below:

Capital Assets

		2019	2018
Land and improvements Construction in progress	\$	5,110,313 1,632,786	\$ 4,854,055 1,398,412
Total capital assets	\$	6,743,099	\$ 6,252,467
During the current year, additions to capital assets were as for	ollows:		
Construction in progress related to the extension of Orem Dr Detention pond to serve City Park South, Phase 2 Clearing and grubbing and fill site preparation for City Park S			\$ 1,586,666 53,410 202,848
			\$ 1,842,924

Debt

The changes in the debt position of the District during the fiscal year ended January 31, 2019, are summarized as follows:

Long-term debt payable, beginning of year	\$ 52,686,284
Increases in long-term debt	6,936,621
Decreases in long-term debt	 (6,326,199)
Long-term debt payable, end of year	\$ 53,296,706

Management's Discussion and Analysis (Continued) January 31, 2019

The developer of the District has constructed underground utilities, road and recreational facilities on behalf of the District under the terms of contracts with the District. The District has agreed to purchase these facilities from the proceeds of future bond issues, subject to the approval of the Commission. As of January 31, 2019, a liability for developer-constructed capital assets of \$7,546,308 was recorded in the government-wide financial statements.

At January 31, 2019, the District had \$36,810,000 of unlimited tax bonds authorized, but unissued, for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems, \$76,765,000 of unlimited tax refunding bonds authorized, but unissued, for the purpose of refunding outstanding tax bonds of the District, and \$4,000 of contract revenue bonds authorized, but unissued, for certain economic development projects.

The District's bonds carry an underlying rating of "BBB-" from Standard & Poor's. The Series 2013A, Refunding Series 2016 and Series 2018A Park bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Build America Mutual Assurance Company. The Series 2014 bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Municipal Assurance Corp. The Series 2015 Road, Series 2017 and Series 2018 bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Assured Guaranty Municipal Corp. The Series 2008 bonds carry a "AA" rating by virtue of bond insurance issued by Assured Guaranty Corp.

Other Relevant Factors

Contracts With the City of Houston

On September 26, 2002, the District's developer entered into a 50-year contract with the City (the City Contract), which was assigned by the developer to the District on June 17, 2003, to provide water, sanitary sewer and drainage services to customers of the District. Under the terms of the City Contract, the District shall construct or purchase all facilities necessary to provide water, sanitary sewer and drainage services, and services to serve development occurring within the boundaries of the District and, upon completion, convey those facilities to the City, if such facilities are accepted by the City for maintenance. The District retains a security interest in the facilities until all bonds issued to finance the construction of the facilities are retired.

Upon the District's conveyance of the facilities to the City, the City will be the owner and operator of the facilities and will be responsible for all operating costs. The City shall bill all customers within the District's boundaries at rates comparable to in-City customers.

The City Contract provides for monthly revenue payments to be paid to the District by the City based on net revenues collected and annual tax payments. Revenues related to the City Contract for the year ended January 31, 2019, totaled \$293,660.

The District has previously entered into an Economic Development Agreement (MUD 390 City Park Proximity Agreement) and an Economic Development Agreement (MUD 390 City Park Agreement) with the City, both effective as of November 13, 2013. The District entered into a Public Improvement Agreement

Management's Discussion and Analysis (Continued) January 31, 2019

(MUD 390 City Park Proximity Agreement) with the City, effective December 14, 2015, which replaced the Economic Development Agreement (MUD 390 City Park Proximity Agreement). Pursuant to said Agreements, certain roadways and related improvements will be constructed by the District. The District will finance said improvements through direct payment from the City and/or issuance of revenue bonds, the principal and interest on which will be paid from payments from the City. During the current year, the District reported revenues of \$691,522 from the City pursuant to the Agreements. During prior years, the District issued its \$6,000,000 Contract Revenue Road Bonds, Series 2015A and \$5,680,000 Contract Revenue Bonds, Series 2017A pursuant to the terms of said Public Improvement Agreement.

Contingencies

The developer of the District is constructing water, sewer, drainage and road facilities within the boundaries of the District. The District has agreed to reimburse the developer for a portion of these costs, plus interest, from the proceeds of future bond sales to the extent approved by the Commission. The District's engineer has stated that current construction contract amounts are approximately \$205,000. This amount has not been recorded in the financial statements since the facilities are not complete or operational.

Notes to Financial Statements January 31, 2019

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Harris County Municipal Utility District No. 390 (the District) was created by an order of the Texas Commission on Environmental Quality (the Commission), effective February 13, 2003, in accordance with the Texas Water Code, Chapter 54. The District operates in accordance with Chapters 49 and 54 of the Texas Water Code and is subject to the continuing supervision of the Commission. The principal functions of the District are to finance, construct, own and operate waterworks, wastewater, drainage, road and recreational facilities and to provide such facilities and services to the customers of the District.

The District lies within the corporate limits of the City of Houston (the City). The District has contracted with the City to supply water, sanitary sewer and drainage services to the District's customers.

The District is governed by a Board of Directors (the Board) consisting of five individuals who are residents or owners of property within the District and are elected by voters within the District. The Board sets the policies of the District. The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America for state and local governments, as defined by the Governmental Accounting Standards Board. The following is a summary of the significant accounting and reporting policies of the District:

Reporting Entity

The accompanying government-wide financial statements present the financial statements of the District. There are no component units that are legally separate entities for which the District is considered to be financially accountable. Accountability is defined as the District's substantive appointment of the voting majority of the component unit's governing board. Furthermore, to be financially accountable, the District must be able to impose its will upon the component unit or there must be a possibility that the component unit may provide specific financial benefits to, or impose specific financial burdens on, the District.

Government-wide and Fund Financial Statements

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program, such as the provision of water, wastewater, drainage and other related services. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented with a column for adjustments to convert to the government-wide financial statements.

Notes to Financial Statements January 31, 2019

The government-wide financial statements report information on all of the activities of the District. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Governmental activities generally are financed through taxes, charges for services and intergovernmental revenues. The statement of activities reflects the revenues and expenses of the District.

The fund financial statements provide information about the District's governmental funds. Separate statements for each governmental fund are presented. The emphasis of fund financial statements is directed to specific activities of the District.

The District presents the following major governmental funds:

General Fund – The general fund is the primary operating fund of the District which accounts for all financial resources not accounted for in another fund. Revenues are derived primarily from property taxes, charges for services and interest income.

Debt Service Fund – The debt service fund is used to account for financial resources that are restricted, committed or assigned to expenditures for principal and interest related costs, as well as the financial resources being accumulated for future debt service.

Capital Projects Fund – The capital projects fund is used to account for financial resources that are restricted, committed or assigned to expenditures for capital outlays.

Fund Balances - Governmental Funds

The fund balances for the District's governmental funds can be displayed in up to five components:

Nonspendable – Amounts that are not in a spendable form or are required to be maintained intact.

Restricted – Amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

Committed – Amounts that can be used only for the specific purposes determined by resolution of the Board. Commitments may be changed or lifted only by issuance of a resolution by the District's Board.

Assigned – Amounts intended to be used by the District for specific purposes as determined by management. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned – The residual classification for the general fund and includes all amounts not contained in the other classifications.

Notes to Financial Statements January 31, 2019

The District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Nonexchange transactions, in which the District receives (or gives) value without directly giving (or receiving) equal value in exchange, include property taxes and donations. Recognition standards are based on the characteristics and classes of nonexchange transactions. Revenues from property taxes are recognized in the period for which the taxes are levied. Intergovernmental revenues are recognized as revenues, net of estimated refunds and uncollectible amounts, in the accounting period when an enforceable legal claim to the assets arises and the use of resources is required or is first permitted. Donations are recognized as revenues, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met. Amounts received before all eligibility requirements have been met are reported as liabilities.

Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. The statement of governmental funds revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in spendable resources. General capital asset acquisitions are reported as expenditures and proceeds of long-term debt are reported as other financing sources. Under the modified accrual basis of accounting, revenues are recognized when both measurable and available. The District considers revenues reported in the governmental funds to be available if they are collectible within 60 days after year-end. Principal revenue sources considered susceptible to accrual include taxes, charges for services and investment income. Other revenues are considered to be measurable and available only when cash is received by the District. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures when payment is due.

Notes to Financial Statements January 31, 2019

Deferred Outflows and Inflows of Resources

A deferred outflow of resources is a consumption of net position that is applicable to a future reporting period and a deferred inflow of resources is an acquisition of net position that is applicable to a future reporting period.

Interfund Transactions

Transfers from one fund to another fund are reported as interfund receivables and payables if there is intent to repay the amount and if there is the ability to repay the advance on a timely basis. Operating transfers represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

Pension Costs

The District does not participate in a pension plan and, therefore, has no pension costs.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Investments and Investment Income

Investments in certificates of deposit, mutual funds, U.S. Government and agency securities, and certain pooled funds, which have a remaining maturity of one year or less at the date of purchase, are recorded at amortized cost. All other investments are carried at fair value. Fair value is determined using quoted market values.

Investment income includes dividends and interest income and the net change for the year in the fair value of investments carried at fair value. Investment income is credited to the fund in which the investment is recorded.

Property Taxes

An appraisal district annually prepares appraisal records listing all property within the District and the appraised value of each parcel or item as of January 1. Additionally, on January 1, a tax lien attaches to property to secure the payment of all taxes, penalty and interest ultimately imposed for

Notes to Financial Statements January 31, 2019

the year on the property. After the District receives its certified appraisal roll from the appraisal district, the rate of taxation is set by the Board of the District based upon the aggregate appraisal value. Taxes are due and payable October 1 or when billed, whichever is later, and become delinquent after January 31 of the following year.

In the governmental funds, property taxes are initially recorded as receivables and deferred inflows of resources at the time the tax levy is billed. Any collections on the current year tax levy are deferred and recognized in the subsequent fiscal year. Current year revenues recognized are those taxes collected during the fiscal year for prior years' tax levies, plus any collections received during fiscal 2018 on the 2017 levy.

In the government-wide statement of net position, property taxes are considered earned in the budget year for which they are levied. For the District's fiscal year ended January 31, 2019, the tax levied in October 2018 is recorded as receivable and deferred inflows of resources and will be considered earned during the fiscal year ending January 31, 2020. In addition to property taxes levied, any delinquent taxes are recorded net of amounts considered uncollectible.

Capital Assets

The District conveys its water, wastewater and drainage facilities (exclusive of its storm water detention facilities) to the City.

Deferred Amount on Debt Refundings

In the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt in a debt refunding is deferred and amortized to interest expense using the effective interest rate method over the remaining life of the old debt or the life of the new debt, whichever is shorter. Such amounts are classified as deferred outflows or inflows of resources.

Debt Issuance Costs

Debt issuance costs, other than prepaid insurance, do not meet the definition of an asset or deferred outflows of resources since the costs are not applicable to a future period and, therefore, are recognized as an expense/expenditure in the period incurred.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Premiums and discounts on bonds are recognized as a component of long-term liabilities and amortized over the life of the related debt using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount.

Notes to Financial Statements January 31, 2019

In the fund financial statements, governmental fund types recognize premiums and discounts on bonds during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position/Fund Balances

Fund balances and net position are reported as restricted when constraints placed on them are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, generally, it is the District's policy to use restricted resources first.

The components of unrestricted net position at January 31, 2019, are as follows:

General fund, unrestricted fund balance, including deferred taxes	\$ 154,475
Conveyed capital assets	 (39,344,297)
Total	\$ (39,189,822)

The District has financed water, sanitary sewer and drainage facilities, which have been conveyed to the City pursuant to a contract dated September 26, 2002, and has also financed recreational facilities and roads pursuant to applicable state law, which has caused long-term debt to be in excess of capital assets.

Reconciliation of Government-wide and Fund Financial Statements

Conital assets used in governmental activities are not financial resources

Amounts reported for net position of governmental activities in the statement of net position and fund balances in the governmental funds balance sheet are different because:

and are not reported in the funds.	\$ 6,743,099
Property tax revenue recognition and the related reduction of deferred inflows of resources are subject to availability of funds in the fund	
financial statements.	11,696
Penalty and interest on delinquent taxes is not receivable in the current period and is not reported in the funds.	7,574
Deferred amount on debt refundings for governmental activities are not financial resources and are not reported in the funds.	630,569

Notes to Financial Statements January 31, 2019

Accrued interest on long-term liabilities is not payable with current financial resources and is not reported in the funds.	\$ (497,758)
Long-term debt obligations are not due and payable in the current period and are not reported in the funds.	(53,296,706)
Adjustment to fund balances to arrive at net position.	\$ (46,377,526)

Amounts reported for change in net position of governmental activities in the statement of activities are ex

Change in fund balances.	\$ (1,546,506)
Governmental funds report capital outlays as expenditures. However, for government-wide financial statements, the cost of capitalized assets is allocated over their estimated useful lives and reported as depreciation expense unless the capital assets are conveyed to another entity for maintenance. This is the amount by which capital outlay expenditures exceed conveyed capital assets and noncapitalized costs in the current poriod.	1 245 224
period. Covernmental funds report developer advances as other financing sources.	1,345,224
Governmental funds report developer advances as other financing sources or uses as amounts are received or paid. However, for government-wide financial statements, these amounts are recorded as an increase or decrease in due to developer.	(9,075)
Governmental funds report the effect of discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	179,209
Governmental funds report proceeds from the sales of bonds because they provide current financial resources to governmental funds. Principal payments on debt are recorded as expenditures. None of these transactions, however, have any effect on net position.	(1,520,000)
Revenues collected in the current year, which have previously been reported in the statement of activities, are reported as revenues in the governmental funds.	(55,749)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 (237,218)
Change in net position of governmental activities.	\$ (1,844,115)

Notes to Financial Statements January 31, 2019

Note 2: Deposits, Investments and Investment Income

Deposits

Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; a surety bond; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the State of Texas; or certain collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States.

At January 31, 2019, none of the District's bank balances were exposed to custodial credit risk.

Investments

The District may legally invest in obligations of the United States or its agencies and instrumentalities, direct obligations of Texas or its agencies or instrumentalities, collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States, other obligations guaranteed as to principal and interest by the State of Texas or the United States or their agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, obligations of states, agencies and counties and other political subdivisions with an investment rating not less than "A," insured or collateralized certificates of deposit, and certain bankers' acceptances, repurchase agreements, mutual funds, commercial paper, guaranteed investment contracts and investment pools.

The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in Texas CLASS, an external investment pool that is not registered with the Securities and Exchange Commission. A Board of Trustees, elected by the participants, has oversight of Texas CLASS. The District's investments may be redeemed at any time. Texas CLASS attempts to minimize its exposure to market and credit risk through the use of various strategies and credit monitoring techniques and limits its investments in any issuer to the top two ratings issued by nationally recognized statistical rating organizations.

At January 31, 2019, the District had the following investments and maturities.

Notes to Financial Statements January 31, 2019

Maturities in Years

Туре	Fair Value	Less Than 1	1-5	6-10	More Than 10
Texas CLASS	\$ 5,486,708	\$ 5,486,708	\$ 0	\$ 0	\$ 0

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's investment policy does not allow investments in certain mortgage-backed securities, collateralized mortgage obligations with a final maturity date in excess of 10 years and interest rate indexed collateralized mortgage obligations. The external investment pool is presented as an investment with a maturity of less than one year because it is redeemable in full immediately.

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At January 31, 2019, the District's investments in Texas CLASS were rated "AAAm" by Standard & Poor's.

Summary of Carrying Values

The carrying value of deposits and investments shown above are included in the balance sheet at January 31, 2019, as follows:

Carrying	va.	lue:
----------	-----	------

Deposits	\$ 6,597,457
Investments	 5,486,708
Total	\$ 12,084,165
Included in the following statement of net position captions:	
Cash	\$ 4,307,457
Certificates of deposit	2,290,000
Short-term investments	 5,486,708
Total	\$ 12,084,165

Investment Income

Investment income of \$149,691 for the year ended January 31, 2019, consisted of interest income.

Notes to Financial Statements January 31, 2019

Fair Value Measurements

The District has the following recurring fair value measurements as of January 31, 2019:

• Pooled investments of \$5,486,708 are valued at fair value per share of the pool's underlying portfolio.

Note 3: Capital Assets

A summary of changes in capital assets for the year ended January 31, 2019, is presented below:

Governmental Activities	Balances, Beginning nmental Activities of Year		Additions Retirements				Balances, End of Year		
Capital assets, non-depreciable:									
Land and improvements	\$	4,854,055	\$	256,258	\$	-	\$	5,110,313

^{*}Or any date thereafter; callable at par plus accrued interest to the date of redemption.

Annual Debt Service Requirements

The following schedule shows the annual debt service requirements to pay principal and interest on general obligation bonds outstanding at January 31, 2019.

Year	Principal		Interest		Total	
2020	\$	1,765,000	\$	1,658,367	\$	3,423,367
2021		1,745,000		1,578,854		3,323,854
2022		1,585,000		1,536,218		3,121,218
2023		1,725,000		1,489,403		3,214,403
2024		1,765,000		1,435,571		3,200,571
2025-2029		9,685,000		6,282,815		15,967,815
2030-2034		11,230,000		4,520,260		15,750,260
2035-2039		11,185,000		2,279,481		13,464,481
2040-2043		5,735,000		403,768		6,138,768
Total	\$	46,420,000	\$	21,184,737	\$	67,604,737

Notes to Financial Statements January 31, 2019

Water, sewer and drainage bonds voted*	\$ 69,500,000
Water, sewer and drainage bonds sold	32,690,000
Refunding bonds voted*	77,550,000
Refunding bond authorization used	785,000**
Recreational facilities bonds voted*	3,000,000
Recreational facilities bonds sold	3,000,000
Road facilities bonds voted	5,050,000
Road facilities bonds sold	5,050,000
Contract revenue bonds authorized	11,684,000
Contract revenue bonds sold	11,680,000

^{*}The bonds are payable from the proceeds of an ad valorem tax levied upon all property within the District subject to taxation, without limitation as to rate or amount.

Due to Developer

The developer of the District has constructed underground utilities, road and recreational facilities on behalf of the District. The District's engineer estimates reimbursable costs for completed projects are \$7,546,308. The District has agreed to reimburse these amounts, plus interest, to the extent approved by the Commission (if such approval is required) from the proceeds of future bond sales. These amounts have been recorded in the financial statements as long-term liabilities.

Developer Advances

The developer of the District has advanced \$187,814, net of repayments, for expenditures of the general fund. The District has agreed to reimburse these amounts, plus interest, to the extent approved by the Commission from the proceeds of future bond sales.

Note 5: Significant Bond Order Requirements

A. The Bond Orders for the unlimited tax bonds require that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due. During the year ended January 31, 2019, the District levied an ad valorem debt service tax at the rate of \$0.5700 per \$100 of assessed valuation, which resulted in a tax levy of \$2,080,717 on the taxable valuation of \$365,039,029 for the 2018 tax year. The interest and principal requirements to be paid from the tax revenues are \$2,729,415. The District also covenanted in the Bond Orders for the unlimited tax bonds to deposit the revenues received pursuant to the City Contract (see Note 7) into the debt service fund. The District will utilize available debt service fund resources

^{**}The District has issued \$13,365,000 of refunding bonds; however, of such amount, \$785,000 has been applied to the voter-authorized bonds and the remaining \$12,580,000 has been issued pursuant to Chapter 1207 of the Texas Government Code.

Notes to Financial Statements January 31, 2019

to satisfy the requirements. In the Bond Orders for the Series 2015A and 2017A Contract Revenue Road Bonds, the District has covenanted to deposit certain revenue received from the City under the MUD 390 Public Improvement Agreement (see Note 7) into a separate subaccount in the debt service fund to pay debt service on the Series 2015A and 2017A Bonds. The interest and principal requirements to be paid from the contract revenues are \$693,950.

B. In accordance with the Series 2015A and 2017A Bond Orders, a portion of the bond proceeds was deposited into the debt service fund and reserved for the payment of bond interest during the construction period. This bond interest reserve is reduced as the interest is paid. The bond interest reserve was fully utilized in the current year.

Note 6: Maintenance Taxes

At an election held May 3, 2003, voters authorized a maintenance tax not to exceed \$1.50 per \$100 valuation on all property within the District subject to taxation. During the year ended January 31, 2019, the District levied an ad valorem maintenance tax at the rate of \$0.1300 per \$100 of assessed valuation, which resulted in a tax levy of \$474,550 on the taxable valuation of \$365,039,029 for the 2018 tax year. The maintenance tax is being used by the general fund to pay expenditures of operating the District.

At an election held May 15, 2004, voters authorized an additional maintenance tax not to exceed \$0.10 per \$100 of assessed valuation. This tax is to be specifically used for the maintenance and operation of recreational facilities. During the year ended January 31, 2019, no maintenance tax was levied for recreational facilities.

Note 7: Contracts With the City of Houston

On September 26, 2002, the District's developer entered into a 50-year contract with the City (the City Contract), which was assigned by the developer to the District on June 17, 2003, to provide water, sanitary sewer and drainage services to customers of the District. Under the terms of the City Contract, the District shall construct or purchase all facilities necessary to provide water, sanitary sewer and drainage service and services to serve development occurring within the boundaries of the District and, upon completion, convey those facilities to the City.

Upon the District's conveyance of the facilities to the City, the City will be the owner and operator of the facilities and will be responsible for all operating costs. The City will bill all customers within the District's boundaries at rates comparable to in-City customers.

The City Contract provides for monthly revenue payments to be paid to the District by the City based on net revenues collected and annual tax payments. Revenues related to the City Contract totaled \$293,660 for the year ended January 31, 2019.

Notes to Financial Statements January 31, 2019

The District has previously entered into an Economic Development Agreement (MUD 390 City Park Proximity Agreement) and an Economic Development Agreement (MUD 390 City Park Agreement) with the City, both effective as of November 13, 2013. During a prior year, the District entered into a Public Improvement Agreement (MUD 390 City Park Proximity Agreement) with the City, effective December 14, 2015, which replaced the Economic Development Agreement (MUD 390 City Park Proximity Agreement). Pursuant to said Agreements, certain roadways and related improvements will be constructed by the District. The District will finance said improvements through direct payment from the City and/or issuance of revenue bonds, the principal and interest on which will be paid from payments from the City. During the current year, the District reported revenues of \$691,522 from the City pursuant to the Agreements.

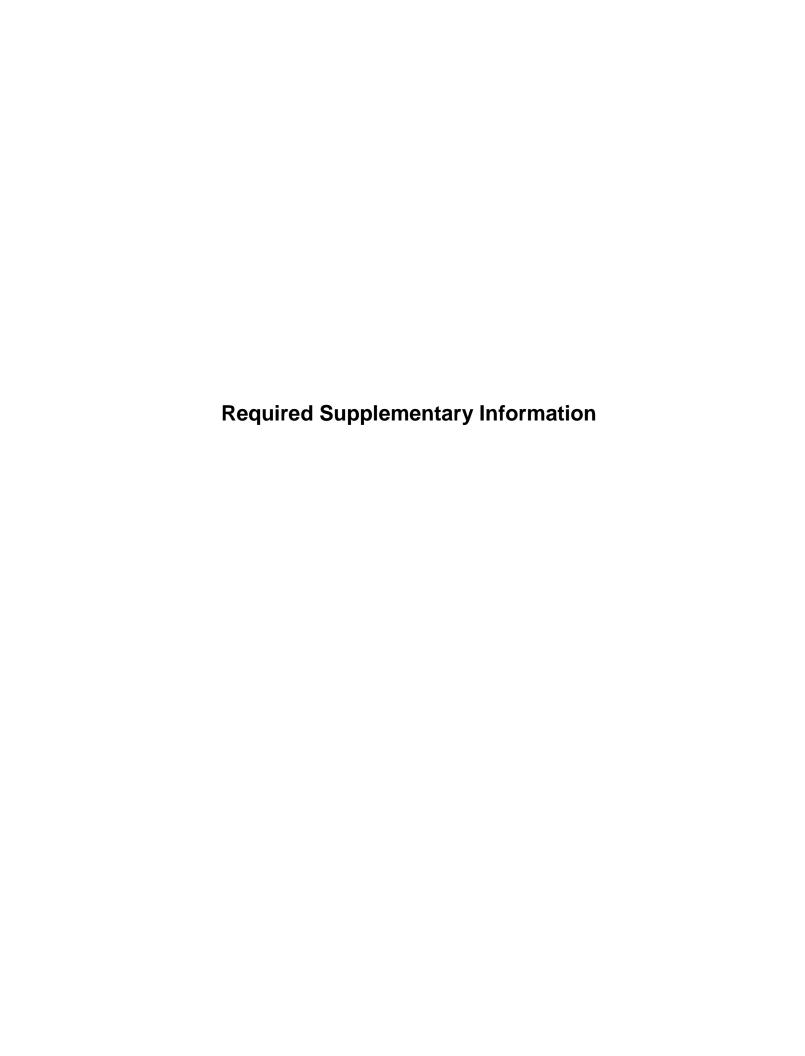

During prior years, the District issued its \$6,000,000 Contract Revenue Road Bonds, Series 2015A and its \$5,680,000 Contract Revenue Bonds, Series 2017A pursuant to the terms of said Public Improvement Agreement.

Note 8: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts in the past three fiscal years.

Note 9: Contingencies

The developer of the District is constructing water, sewer, drainage and road facilities within the boundaries of the District. The District has agreed to reimburse the developer for a portion of these costs, plus interest, from the proceeds of future bond sales to the extent approved by the Commission. The District's engineer has stated that current construction contract amounts are approximately \$205,000. This amount has not been recorded in the financial statements since the facilities are not complete or operational.

Notes to Required Supplementary Information January 31, 2019

Budgets and Budgetary Accounting

An annual operating budget is prepared for the general fund by the District's consultants. The budget reflects resources expected to be received during the year and expenditures expected to be incurred. The Board of Directors is required to adopt the budget prior to the start of its fiscal year. The budget is not a spending limitation (a legally restricted appropriation). The original budget of the general fund was not amended during fiscal 2019.

The District prepares its annual operating budget on a basis consistent with accounting principles generally accepted in the United States of America. The Budgetary Comparison Schedule – General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.
