Rating Action: Moody's assigns Aa3 UND/Aa3 ENH to Las Cruces SD 2 (Dona Ana County), NM's ser. 2020 GO rfdg bonds

23 Apr 2020

New York, April 23, 2020 -- Moody's Investors Service has assigned Aa3 underlying and Aa3 enhanced ratings to Las Cruces School District 2 (Dona Ana County), NM's \$33.355 million in General Obligation Refunding School Bonds, Series 2020. We have maintained the Aa3 underlying rating on \$93.4 million in outstanding parity obligations.

RATINGS RATIONALE

The Aa3 underlying rating is based on the district's improved financial position, which is expected to remain stable through fiscal 2020. The district's tax base remains large for the rating category, and is anchored by institutions of higher education and military installations. While the direct debt burden is manageable, the pension burden is elevated, with statutorily-required contributions remaining unfavorably below Moody's-calculated tread water payment.

The Aa3 enhanced rating is based on our assessment of the New Mexico (Aa2 stable) School District Intercept Program and a review of the district's proposed financing. In order to qualify for the programmatic rating of Aa3, per our methodology, annual debt service coverage must be at least sum sufficient. In Las Cruces' case, coverage is an ample 12.8 times, based on fiscal 2019 state aid. For additional information, please refer to the State Aid Intercept Program and Financings methodology, published December 14, 2017.

We regard the coronavirus outbreak as a social risk under our ESG framework, given the substantial implications for public health and safety. The coronavirus crisis is not a key driver for this rating action. We do not see any material immediate credit risks for the district. However, the situation surrounding coronavirus is rapidly evolving and the longer term impact will depend on both the severity and duration of the crisis. If our view of the credit quality of the district changes, we will update the rating and/or outlook at that time.

RATING OUTLOOK

Moody's generally does not assign outlooks to local government credits with this amount of debt outstanding.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATINGS

- Trend of surplus operations materially increasing reserves
- Significant tax base growth and diversification
- Material reductions to the pension and fixed cost burdens
- Upgrade of the State of New Mexico's rating (enhanced only)

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATINGS

- A material reduction to reserves; trend of structural imbalance
- Sustained tax base contractions
- Continued growth in the unfunded pension liability
- Downgrade of the State of New Mexico's rating (enhanced only)

LEGAL SECURITY

The bonds are secured by the district's full faith and credit and are general obligations of the district payable from ad valorem taxes to be levied against all taxable property within the district without limitation as to rate or amount. The bonds are further secured by the state's commitment to pay debt service, if necessary, pursuant

to the New Mexico School District Intercept Program.

USE OF PROCEEDS

Proceeds from the Series 2020 bonds will refund the series 2011 and series 2011A bonds for net present value savings of an estimated \$2.4 million.

PROFILE

The district is located in Dona Ana County in southern New Mexico, approximately 46 miles north of El Paso, Texas. The district provides primary and secondary education to approximately 24,000 students.
