NOTICE

ALAMOGORDO MUNICIPAL SCHOOL DISTRICT NO. 1 General Obligation School Bonds, Series 2020

Preliminary Official Statement dated May 6, 2020

The Preliminary Official Statement, dated May 6, 2020 relating to the above-described bonds (the "Bonds") of the Alamogordo Municipal School District No. 1 (the "Issuer"), has been posted on the Internet as a matter of convenience. Paper copies of the Official Statement are available from the Issuer by contacting the financial advisor, RBC Capital Markets, LLC, Regina Gaysina, at (505) 872-5999. The posted version of the Preliminary Official Statement has been formatted in Adobe Portable Document Format (Adobe Acrobat XI). Although this format should replicate the Preliminary Official Statement available from the Issuer, its appearance may vary for a number of reasons, including electronic communication difficulties or particular user software or hardware. Using software other than Adobe Acrobat XI may cause the Preliminary Official Statement that you view or print to differ in format from the Preliminary Official Statement.

The Preliminary Official Statement and the information contained therein are subject to completion or amendment or other change without notice. Under no circumstances shall the Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

For purposes of Rule 15c2-12 promulgated by the U.S. Securities and Exchange Commission, the Preliminary Official Statement alone, and no other document or information on the internet, constitutes the "Preliminary Official Statement" that the Issuer has deemed "final" as of its date in respect of the Bonds, except for certain pertinent information permitted to be omitted therefrom.

No person has been authorized to give any information or to make any representations other than those contained in the Preliminary Official Statement in connection with the offer and sale of the Bonds, and, if given or made, such information or representations must not be relied upon as having been authorized. The information and expressions of opinion in the Preliminary Official Statement are subject to change without notice and neither the delivery of the Official Statement nor any sale made there under shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date of the Preliminary Official Statement.

By choosing to proceed and view the electronic version of the Preliminary Official Statement, you acknowledge that you have read and understood this notice.

Preliminary Official Statement dated May 6, 2020

PRELIMINARY OFFICIAL STATEMENT DATED MAY 6, 2020

\$5.000.000* ALAMOGORDO MUNICIPAL SCHOOL DISTRICT NO. 1 Otero County, New Mexico **General Obligation School Bonds, Series 2020**

NEW ISSUE Bank Qualified Book-Entry Only Moody's Rating: A1 Underlying/ Aa3 Enhanced

PURPOSES

Proceeds of the above described bonds (the "Bonds" or "Series 2020 Bonds") will be used for the purpose of erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, NMSA 1978, Sections 22-24-1 et seq., or any combination of these purposes and paying the costs of issuance of the Bonds.

THE BONDS

The Bonds are issuable as fully registered bonds and when initially issued will be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York ("DTC"). Purchases of the Bonds will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof, through brokers and dealers who are, or who act through a DTC Participant (as defined herein). Beneficial owners of the Bonds will not be entitled to receive physical delivery of bond certificates so long as DTC or a successor securities depository acts as the securities depository with respect to the Bonds. Interest on the Bonds is payable on each February 1 and August 1, commencing February 1, 2021. As long as DTC or its nominee is the registered owner of the Bonds, reference in this Official Statement to the registered owner will mean Cede & Co., and payments of principal of and interest on the Bonds will be made directly to DTC by the Paying Agent. Disbursement of such payments to DTC Participants is the responsibility of DTC. See "The Bonds - Book-Entry-Only System". BOKF, N.A., Albuquerque, New Mexico (or successor) is the Registrar and Paying Agent for the Bonds.

OPTIONAL REDEMPTION

The Series 2020 Bonds are subject to redemption prior to maturity as provided herein. See "Introduction -Optional Prior Redemption".

SECURITY

The Bonds are general obligations of the Alamogordo Municipal School District No. 1 (the "District" or "Issuer"), Otero County, New Mexico, payable solely out of general (ad valorem) property taxes levied against all taxable property in the District without limitation as to rate or amount.

OPINIONS

The delivery of the Bonds is subject to the opinions of Cuddy & McCarthy, LLP and McCall, Parkhurst & Horton L.L.P., Co-Bond Counsel, as to the validity of the Bonds and the opinion of McCall, Parkhurst & Horton L.L.P., to the effect that interest on the Bonds is excludable from gross income for purposes of federal income taxation, under existing statutes, regulations, published rulings and court decisions and is not includable in gross income for purposes of New Mexico income tax, as described under "Tax Matters" herein. See "Legal Matters" and "Tax Matters" herein for a discussion of Co-Bond Counsel's opinions. Delivery of the Bonds is also subject to the delivery of an approving opinion of the Attorney General of the State of New Mexico. The District expects to designate the Bonds as "qualified tax-exempt obligations" for financial institutions. Certain legal matters in connection with the Bonds will be passed upon by Modrall, Sperling, Roehl, Harris & Sisk, P.A., as counsel to the underwriter.

DELIVERY

When, as and if issued, through DTC's facilities, on or about June 18, 2020.

DATED DATE

Date of initial delivery of the Bonds.

DUE DATE

August 1, as shown below:

A Few Words About Official Statements

Official statements for municipal securities issues – like this one – contain the only "official" information about a particular issue of municipal securities. This "Official Statement" is not an offer to sell or solicitation of an offer to buy Bonds in any jurisdiction where it is unlawful to make such offer, solicitation or sale and no unlawful offer, solicitation or sale of the Bonds may occur through this Official Statement or otherwise. This Official Statement is not a contract and provides no investment advice. Investors should consult their advisors and legal counsel with their questions about this Official Statement, the Bonds or anything else related to this issue.

MARKET STABILIZATION

In connection with this Official Statement, the initial purchaser may over-allot or effect transactions, which stabilize and maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. The initial purchaser is not obligated to do this and is free to discontinue it at any time.

The estimates, forecasts, projections and opinions in this Official Statement are not hard facts, and no one, including the District, guarantees them.

The information set forth or included in this Official Statement has been provided by the District and from other sources believed by the District to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale hereunder shall create any implication that there has been no change in the financial condition or operations of the District described herein since the date hereof. This Official statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions or that they will be realized.

Co-Bond Counsel, Cuddy & McCarthy, LLP, Santa Fe, New Mexico, and McCall, Parkhurst & Horton L.L.P., Austin, Texas, were not requested to and did not take part in the preparation of the Official Statement nor have these firms undertaken to independently verify any of the information contained herein. Such firms have no responsibility for the accuracy or completeness of any information furnished in connection with any offer or sale of the Bonds in the Official Statement or otherwise. The legal fees to be paid to Co-Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent, in part, upon the sale and delivery of such Bonds and all legal fees will be paid from bond proceeds.

Any part of this Official Statement may change at any time, without prior notice. Also, important information about the District and other relevant matters may change after the date of this Official Statement.

The Underwriter has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

All document summaries are just that – they are not complete or definitive, and they may omit relevant information. Such documents are qualified in their entirety to the complete documents. Any investor who wishes to review the full text of documents may request them at no cost from the District or the Financial Advisor as follows:

\$5,000,000*
ALAMOGORDO MUNICIPAL SCHOOL DISTRICT NO. 1
Otero County, New Mexico
General Obligation School Bonds, Series 2020

INTRODUCTION

Thank you for your interest in learning more about the \$5,000,000* Alamogordo Municipal School District No. 1, Otero County, New Mexico (the "District" or "Issuer"), General Obligation School Bonds, Series 2020 (the "Bonds"). This Official Statement will tell you about the Bonds, their security, the District and the risks involved in an investment in the Bonds.

Although the District has approved this Official Statement, the District does not intend it to substitute for competent investment advice, tailored for your situation.

The Issuer

The District is a political subdivision of the State of New Mexico (the "State") organized for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries. The District encompasses approximately 3,772 square miles. The District's 2019 assessed valuation is \$856,607,581 and its 2019-20 enrollment is 5,901. See "THE DISTRICT."

The Financial Advisor

The District has retained RBC Capital Markets, LLC as financial advisor (the "Financial Advisor") in connection with the preparation, authorization and issuance of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make an independent verification of or assume responsibility for the accuracy, completeness, or fairness of the information contained in the Official Statement. The fee of the Financial Advisor for services with respect to the Bonds is contingent upon the issuance and sale of the Bonds.

Limited Role Of Auditor

The District's auditor has not been engaged to perform and has not performed any procedures relating to this Official Statement.

Except for a portion of the audited financial statements of the District for the year ended June 30, 2019 contained in Appendix B, this Official Statement presents unaudited financial and statistical information from District records and other sources.

^{*}Preliminary and subject to change.

COVID-19

Infection Disease Outbreak - COVID-19

A respiratory disease named "coronavirus disease 2019" ("COVID-19") has recently spread to most parts of the world, including New Mexico and throughout the U.S. On March 11, 2020, COVID-19 was declared a pandemic by the World Health Organization. Following the World Health Organization's declaration of the outbreak of COVID-19 as a pandemic, state and local governments, including the State of New Mexico, have announced orders, recommendations and other measures intended to limit the size of public gatherings and regulate public spaces intended to minimize interpersonal contact and slow the spread of COVID-19.

On March 11, 2020, New Mexico Governor Michelle Lujan Grisham issued Executive Order 2020-004, declaring a state of public health emergency and directing State agencies to use all resources necessary to prepare for and respond to the outbreak. On March 13, 2020, President Donald Trump declared a national emergency to unlock federal funds to help states and local governments fight the pandemic. Governor Lujan Grisham and New Mexico Department of Health Secretary Kathyleen Kunkel have issued additional orders that, among other things, order the closure of all public schools, businesses and non-profit entities except for those deemed essential, advise the public to stay home except for necessary outings, and direct that hotels, motels, RV parks, and other places of lodging shall not operate at more than 25% of maximum occupancy, prohibit mass gatherings. There can be no assurance that additional restrictions applicable to lodging occupancy, travel, mass gatherings, or other matters won't be imposed. Please visit Governor Lujan Grisham's website, www.governor.state.nm.us, for any additional executive orders issued by Governor Lujan Grisham related to COVID-19.

The New Mexico Department of Health provides information relating to COVID-19 and related developments in the State of New Mexico on its website, https://cv.nmhealth.org/. The information presented on the NMDOH website is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds. References to website addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such websites and the information or links contained therein are not incorporated into, and are not part of, this Supplement.

Potential Impact of COVID-19

The current spread of COVID-19 is altering the behavior of businesses and people in a manner that may have negative effects on economic activity, and therefore adversely affect the financial condition of the District, either directly or indirectly. The District cannot predict (i) the duration or extent of the COVID-19 outbreak/pandemic; (ii) the duration or expansion of public health orders, regulations or legislation, mandated or voluntary business closings, travel restrictions or warnings; (iii) the extent or duration of the negative effects that any COVID-19 or other outbreak/pandemic-related orders, regulations, legislation, restrictions or warnings will have on the local or global economy; (iv) the duration of lodging occupancy and travel restrictions or (v) the extent of the adverse financial impact that such circumstances or economic effects will have on ad valorem property tax collections or the District's financial condition. In addition, financial markets in the United States and globally have experienced significant volatility or declines in connection with the COVID-19 which may have a material impact on the market price of the Bonds.

Measures taken to prevent or reduce the spread of COVID-19 could limit the growth of or reduce economic activity in the State and the District, which in turn could limit the growth of or reduce the District's ad valorem collections or negatively affect property values within the District. The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds. The duration, extent and impact of COVID-19 on the New Mexico economy and the District's revenues, expenses, cash flow and property tax valuations is uncertain and cannot be quantified at this time. The financial data contained herein are the latest available, but are as of dates and periods prior to the economic impact of COVID-19.

THE BONDS

Authority

The Bonds are being issued pursuant to a resolution adopted by the Board of Education of the District (the "Board") on April 15, 2020 authorizing the issuance of the Bonds in which pricing of the Bonds was delegated to a "Pricing Officer" and an executed pricing certificate dated May _____, 2020 of such officer (collectively, the "Bond Resolution") and NMSA 1978, Sections 6-15-1 through 6-15-22, as amended and supplemented, the Constitution of the State of New Mexico and other laws of the State, and constitute the first installment of \$5,000,000¹ of voted authorization of the \$17,000,000 of general obligation bonds authorized by the qualified voters of the District at an election held on November 5, 2019. Pursuant to NMSA 1978, Section 22-18-9, the written approval of the New Mexico Attorney General will be supplied as to the form and legality of the Bonds. See "LEGALITY" herein.

General Terms

The Bonds will bear interest at the rates and mature in the amounts and on the dates shown on the front cover of this Official Statement. All Bonds are fully registered in denominations of \$5,000 or multiples of \$5,000. Interest is payable on February 1, 2021 and each February 1 and August 1 thereafter until maturity or prior redemption and will be calculated on the basis of a 360-day year consisting of twelve 30-day months. Bond payments will be made by the Paying Agent/Registrar to The Depository Trust Company ("DTC"), and DTC will then remit the payments to its participants for disbursement to the beneficial owners of the Bonds. See "Book-Entry-Only System" in Appendix C.

Plan of Finance

The Bonds are being offered for the purpose of providing approximately \$5,000,000¹ for erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software and hardware for student use in public school classrooms, providing matching funds for capital projects funded pursuant to the Public School Capital Outlay Act, NMSA 1978, Sections 22-24-1, et seq. or any combination of these purposes within the District and paying the costs of issuance of the Bonds.

Security for the Bonds

The Bonds are general obligation bonds of the District and are payable from ad valorem taxes which shall be levied against all taxable property within the boundaries of the District without limitation as to rate or amount. The Bonds are additionally secured by the New Mexico Credit Enhancement Program as discussed in more detail under "NEW MEXICO SCHOOL DISTRICT CREDIT ENHANCEMENT PROGRAM" herein. The District will covenant in the Bond Resolution to levy, in addition to all other taxes, direct annual ad valorem taxes sufficient to pay the principal of and interest on the Bonds. The District may pay the principal of and interest on the Bonds from any funds belonging to the District, which funds may be reimbursed from the ad valorem taxes when the same are collected.

Bond Registrar and Paying Agent

BOKF, N.A., Albuquerque, New Mexico (or its successor) will serve as the Registrar (the "Registrar") and Paying Agent (the "Paying Agent") for the Bonds. In the Bond Resolution, the District covenants to provide a Paying Agent/Registrar at all times until the Bonds are paid, and any Paying Agent/Registrar selected by the District shall be a commercial bank, a trust company, a financial institution or any other entity, as provided by State law, duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar. The Registration Books for the Bonds will be maintained by the Paying Agent/Registrar containing the names and addresses of the registered owners of the Bonds. In the Bond Resolution, the District retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, such Paying Agent/Registrar, promptly upon the appointment of a

3

¹ Preliminary and subject to change.

successor, is required to deliver the Registration Books to the successor Paying Agent/Registrar. In the event there is a change in the Paying Agent/Registrar for the Bonds the District has agreed to notify each registered owner of the Bonds affected by the change by United States mail, first-class postage prepaid, at the address in the Registration Books, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar.

Payment of Principal and Interest; Record Date

The principal of the Bonds is payable to the registered owners of the Bonds at the principal office of the Paying Agent. Interest on the Bonds is payable by check or draft of the Paying Agent mailed on or before each interest payment date to the registered owners of the Bonds as of the close of business on the fifteenth day of the month preceding the interest payment date (the "Regular Record Date") at the addresses appearing in the registration books maintained by the Registrar. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first-class postage prepaid, to the address of each Owner of a Bond appearing on the registration books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Optional Prior Redemption

Bonds maturing on or after August 1, 2029 may be redeemed prior to their scheduled maturities, on August 1, 2028 or on any date thereafter, in whole or in part, at the option of the District, with funds derived from any available and lawful source, and the District shall designate the amount that is to be redeemed, and if less than a whole maturity is to be redeemed, the District shall direct the Paying Agent/Registrar to call by lot Bonds, or portions thereof within such maturity, for redemption (provided that a portion of a Bond may be redeemed only in an integral multiple of \$5,000), at the redemption price of par plus accrued interest to the date fixed for prepayment or redemption.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption have been met and moneys sufficient to pay the principal of and interest on the Bonds to be redeemed shall have been received by the Paying Agent/Registrar prior to the giving of such notice of redemption, such notice shall state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such moneys by the Paying Agent/Registrar on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient moneys are not received, such notice shall be of no force and effect, the District shall not redeem such Bonds and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

Redemption Notices

The Registrar must, by first class mail, give redemption notices to the registered owners of the bonds to be redeemed and to various securities depositories and information services not less than 30 days prior to the redemption date. *Please note that failure to give notice or any defect in such notice will not affect the validity of the redemption for Bonds which notice was properly given.* No transfer of Bonds called for redemption shall be made within 45 days of the date of redemption.

While the Bonds remain under the Book-Entry-Only System, the Paying Agent/Registrar will send notices only to DTC. Any problems from DTC through its system to the beneficial owners of the Bonds will not affect the validity of the Bond redemption or any other action based on the Paying Agent/Registrar's notice. Investors in the Bonds might consider arranging to receive redemption notices or other communications from DTC which affect them, including notice of interest payments. See "Book-Entry-Only System" in Appendix C.

If the Paying Agent/Registrar gives proper redemption notice and the Paying Agent/Registrar holds money to pay the redemption price of the affected Bonds, then on the redemption date the Bonds called for redemption will become

due and payable. Thereafter, no interest will accrue on those Bonds, and their owners' only right will be to receive payment of the redemption price upon surrender of those Bonds to the Registrar.

Transfers and Exchanges

In the event the Book-Entry-Only System should be discontinued, the Bonds may be transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar and such transfer or exchange will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration, exchange and transfer. A Bond may be assigned by the execution of an assignment form on the Bond or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the principal office of the Paying Agent/Registrar, or sent by United States mail, first-class, postage prepaid, to the new registered owner or his designee. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three business days after the receipt of the Bonds to be canceled, and the written instrument of transfer or request for exchange duly executed by the registered owner of his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in any integral multiple of \$5,000 for any one maturity and for a like aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. See "Book-Entry-Only System" in Appendix C.

Limitation on Transfer of Bonds

Neither the District nor the Paying Agent/Registrar are required to transfer or exchange any Bond (i) during the period commencing at the close of business on the Record Date and ending at the opening of business on the next interest payment date and (ii) called for redemption, in whole or in part, within 45 days of the date fixed for redemption; provided, however, such limitation of transfer will not be applicable to an exchange by the registered owner of the uncalled balance of a Bond.

Limited Book-Entry Responsibilities

While a book-entry-only system is used for the Bonds, the Paying Agent/Registrar will send redemption and other notices only to DTC. Any failure of DTC to advise any DTC Participant or of any DTC Participant to notify any Beneficial Owner (as defined in Appendix C), of any notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the Bond redemption or any other action based on the notice.

The District and the Financial Advisor have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds.

The District and the Financial Advisor cannot and do not give any assurances that DTC will distribute payments to DTC Participants or that DTC Participants or others will distribute payments with respect to the Bonds received by DTC or its nominees as the holder or any redemption notices or other notices to the beneficial holders, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement. See "Book-Entry-Only System" in Appendix C.

Defeasance

<u>General</u>. The Bond Resolution provides for the defeasance of the Bonds and the termination of the pledge of taxes and all other general defeasance covenants in the Bond Resolution under certain circumstances. Any Bond and the interest thereon shall be deemed to be paid, retired and no longer outstanding (a "Defeased Bond") within the meaning of the Bond Resolution when the payment of all principal and interest payable with respect to such Bond to the due date or dates thereof (whether such due date or dates be by reason of maturity, upon redemption, or otherwise) either (1) shall have been made or caused to be made in accordance with the terms thereof (including the giving of any required notice of redemption) or (2) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar or an eligible entity for such payment (a) lawful money of the

United States of America sufficient to make such payment, (b) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times as will ensure the availability, without reinvestment, of sufficient money to provide for such payment and when proper arrangements have been made by the District with the Paying Agent/Registrar or an eligible entity for the payment of its services until after all Defeased Bonds shall have become due and payable or (c) any combination of (a) and (b). At such time as a Bond shall be deemed to be a Defeased Bond, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes or revenues levied and pledged as provided in the Bond Resolution, and such principal and interest shall be payable solely from such money or Defeasance Securities.

The deposit under clause (2) above shall be deemed a payment of a Bond when proper notice of redemption of such Bonds shall have been given, in accordance with the Bond Resolution. Any money so deposited with the Paying Agent/Registrar or an eligible entity may at the discretion of the District also be invested in Defeasance Securities, maturing in the amounts and at the times as set forth in the Bond Resolution, and all income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank that is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, shall be turned over to the District.

<u>Investments</u>. Any escrow agreement or other instrument entered into between the District and the Paying Agent/Registrar or an eligible entity pursuant to which money and/or Defeasance Securities are held by the Paying Agent/Registrar or an eligible trust company or commercial bank for the payment of Defeased Bonds may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of certain requirements. All income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank which is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, will be remitted to the District.

For the purposes of these provisions, "Defeasance Securities" means direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America.

SECURITY AND REMEDIES

The Bonds are general obligations of the District payable from general (ad valorem) property taxes levied against all taxable property within the District without limitation of rate or amount.

The District must use all of the property taxes collected for debt service, and any other legally available money, to pay the debt service on the Bonds and other outstanding general obligation debt.

Various New Mexico laws and constitutional provisions apply to the assessment and collection of ad valorem property taxes. There is no guarantee that there will not be any changes in the law that would have a material effect on the District.

Limitations of Remedies

There is no provision for acceleration of maturity of the principal of the Bonds in the event of a default in the payment of principal of or interest on the Bonds. Consequently, remedies available to the owners of the Bonds, including mandamus, may have to be enforced from year to year.

The enforceability of the rights and remedies of the owners of the Bonds, and the obligations incurred by the District in issuing the Bonds, are subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor's rights generally, now or hereafter in effect; usual equity principles that may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could

subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

NEW MEXICO SCHOOL DISTRICT ENHANCEMENT PROGRAM

The New Mexico legislature amended NMSA 1978, Sections 22-18-1 et. seq. in the first session of 2003 by adding Section 22-18-13 which became effective July 1, 2003. Section 22-18-13 was further amended in 2007 and provides that, if a school district indicates that it will not make a payment by the date on which it is due, the New Mexico Department of Finance and Administration ("DFA") shall forward the amount in immediately available funds necessary to make the payment due on the bonds to the paying agent from the current fiscal year's undistributed State Equalization Guarantee ("SEG") distribution to that school district and, if not otherwise repaid by the school district from other legally available funds, withhold the distributions from the school district until the amount has been recouped by the DFA, provided that, if the amount of the undistributed SEG distribution in the current fiscal year is less than the payment due on the bond, the DFA shall:

- (1) forward in immediately available funds to the paying agent an amount equal to the total amount of the school district's undistributed SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold all distributions to the school district for the remainder of the fiscal year; and
- (2) on July 1 of the following fiscal year, forward in immediately available funds an amount equal to the remaining amount due to the paying agent from that year's SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold an equal amount from the distribution to the school district until the amount paid has been recouped in full.

This provision applies to all New Mexico school districts.

Withholding of the SEG distribution may affect the District's ability to continue to operate.

The New Mexico School District Enhancement Program was initially put on watch list for possible downgrade on May 15, 2007 after the state adopted new legislation that altered the mechanics of the program. After a review of the law and policies regarding the implementation of the law, program ratings were bifurcated, with one rating applying to bonds issued prior to the March 30, 2007 effective date of the legislation and a second rating applying to bonds issued on or after the March 30, 2007 effective date. Under the new law, the State cannot immediately advance more than the remaining undistributed SEG payments for the fiscal year of default. As a result, those districts with principal and interest payments that fall in the latter part of the fiscal year or that are significant in amount relative to the district's total annual SEG distribution may not have sufficient undistributed SEG payments to cover debt service payments in the event of a default.

Moody's downgraded the New Mexico School District Enhancement Program (Pre and Post-Default) to Aa2 from Aa1, and assigned a negative outlook on November 1, 2016. On June 18, 2018, Moody's further downgraded the enhancement rating from "Aa2" to "Aa3" and assigned a stable outlook.

By request, Moody's will assign a rating to school district bonds upon verification of a requirement in the authorizing Bond Resolution that an independent, third-party paying agent will be appointed and maintained. The District has qualified the Bonds under the New Mexico School District Enhancement Program and received a rating of "Aa3" on the Bonds.

DEBT AND OTHER FINANCIAL OBLIGATIONS

Article IX, Section 11 of the New Mexico Constitution limits the powers of a school district to incur general obligation debt extending beyond the fiscal year. The District can incur such debt for the purpose of erecting, remodeling, making additions to and furnishing school buildings and purchasing or improving school grounds and purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of these purposes but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of the District, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the District may not exceed 6% of the assessed valuation of the taxable property within the District as shown by the last preceding general

assessment. The District also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the District, but any such debt is subject to the 6% debt limitation. Refunding bonds are not subject to the 6% debt limitation.

The assessed valuation of taxable property within the District is \$856,607,581 for tax year 2019. Therefore, the maximum general obligation debt may not exceed \$51,396,454. Currently, the District has \$39,505,000 in General Obligation debt outstanding including the Bonds.

After the Bonds are issued, the ratio of total outstanding net general obligation debt of the District to the 2019 assessed valuation will be no greater than 4.30% as summarized:

2019 Assessed Valuation	\$856,607,581
2019 Estimated Actual Valuation	\$2,836,109,682 ⁽¹⁾
Bonded Debt	
Total Outstanding (including the Bonds)	\$39,505,000 (2)

Direct and Overlapping Debt

The following is a calculation that is useful to investors in assessing the debt load and per capita debt of the District payable from property taxes. In addition to the outstanding debt of the District, the calculation takes into account debt attributable to other taxing entities that are the responsibility of taxpayers within the boundaries of the District. Revenue bonds are not payable from property taxes.

TAX BASE

Analysis of Assessed Valuation

Assessed valuation of property within the District is calculated as follows: Of the total estimated actual valuation of all taxable property in the District, 33 1/3 percent is legally subject to ad valorem taxes. This means the assessment ratio is 33 1/3 percent. After deduction of certain personal exemptions, the District's 2019 assessed valuation is \$856,607,581. The actual value of personal property within the District (see "Assessments" below) is determined by the County Assessor.

The actual value of certain corporate property within the District (see "Central Assessments" below) is determined by the State of New Mexico, Taxation and Revenue Department, Property Tax Division. The analysis of assessed valuation for 2019 and the previous four years follows.

Assessments	2019	2018	2017	2016	2015
Value of Land	176,535,446	173,286,910	170,866,535	166,279,496	159,256,206

Tax Rates

Article VIII, Section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the overlapping tax rates on residential property for the 2019 tax year and the previous four years. The District expects no change in the level of its taxes in the foreseeable future but is unable to predict what overlapping entities might do. A high level of taxation may impact the District's ability to repay bonds.

Within 20 Mill Limit for General Purposes (Per \$1,000 Assessed Valuation)							
2019 2018 2017 2016 2015

School Tax Rates

The following table shows the historical school tax levies on property within the District since the 2015 tax year (2015-16 fiscal year). The Two Mill Levy, a capital improvements tax imposition, is renewed every six years, most recently in April 2019. The next Two Mill Levy election is scheduled for 2023.

This table breaks down the District's total tax rate shown in the previous tables.

	Oper	ational	Two	III Levy	HB-33		D	ebt Service	Total

Yield Control Limitations

State law limits property tax increases from the prior property tax year. Specifically, no taxing entity may set a rate or impose a tax (excluding oil and gas production ad valorem and oil and gas production equipment ad valorem taxes) or assessment that will produce revenues that exceed the prior year's tax revenues from residential and non-residential property multiplied by a "growth control factor." The growth control factor is the percentage equal to the sum of (a) "percent change I" plus (b) the prior property tax year's total taxable property value plus "net new value," as defined by statute, divided by such prior property tax year's total taxable property value. However, if that percentage is less than 100%, the growth control factor is (a) "percent change I" plus (b) 100%. "Percent change I" is based upon the annual implicit price deflator index for state and local government purchases of goods and services (as published in the United States Department of Commerce monthly publication, "Survey of Current Business," or any successor publication) and is a percent (not to exceed 5%) that is derived by dividing the increase in the prior calendar year (unless there was a decrease, in which case zero is used) by the index for such calendar year next preceding the prior calendar year. The growth control factor applies to authorized operating levies and to any capital improvements levies but does not apply to levies for paying principal and interest on public general obligation debt.

Developments Limiting Residential Property Tax Increases

In an effort to limit large annual increases in residential property taxes in some areas of the State (particularly the Santa Fe and Taos areas which have experienced large increases in residential property values in recent years), an amendment to the uniformity clause (Article VIII, Section 1) of the New Mexico Constitution was proposed during the 1997 Legislative Session. The amendment was submitted to voters of the State at the general election held on November 3, 1998 and was approved by a wide margin.

The amendment directs the Legislature to provide for valuation of residential property in a manner that limits annual increases in valuation. The limitation may be applied to classes of residential property taxpayers based on occupancy, age or income. Further, the limitations may be authorized statewide or at the option of a local jurisdiction and may include conditions for applying the limitations.

Bills implementing the constitutional amendment were enacted in 2001 and were codified as NMSA 1978, Sections 7-36-21.2 and 7-36-21.3. NMSA 1978, Section 7-36-21.2 establishes a statewide limitation on residential property valuation increases beginning in tax year 2001 (the "Statutory Valuation Cap on Residential Increases"). Annual valuation increases are limited to 3% over the prior year's valuation or 6.1% over the valuation from two years prior. Subject to certain exceptions, these limitations do not apply:

- 1. To property that is being valued for the first time;
- 2. To physical improvements made to the property in the preceding year;
- 3. When the property is transferred to a person other than a spouse or a child who occupies the property as his principal residence and who qualifies for the head of household exemption on the property under the Property Tax Code;

- 4. When a change occurs in the zoning or use of the property; and
- 5. To property that is subject to the valuation limitations under NMSA 1978. Section 7-36-21.3.

On March 28, 2012, the New Mexico Court of Appeals upheld the constitutionality of a law capping residential valuation increases until a home changes ownership. This decision was appealed to the New Mexico Supreme Court. The Supreme Court affirmed this decision on June 30, 2014. The New Mexico Legislature has brought up the issue of the disparity in valuations in the past several years, but has not enacted any of the bills into law. To the extent that court or legislative action is taken or a further constitutional amendment is passed amending the valuation provisions, it could have a material impact on the valuation of residential property within the boundaries of the District.

NMSA 1978, Section 7-36-21.3 places a limitation on the increase in value for property taxation purposes for single-family dwellings occupied by low-income owners who are 65 years of age or older or who are disabled. The statute fixes the valuation of the property to the valuation in the year that the owner turned 65 or became disabled. The NMSA 1978, Section 7-36-21.3 limitation does not apply to:

- 1. Property that is being valued for the first time;
- 2. A change in valuation resulting from physical improvements made to the property in the preceding year; and
- 3. A change in valuation resulting from a change in the zoning or permitted use of the property in the preceding year.

Tax Collections

The level of tax collections is an important component in the analysis of the District's ability to pay principal and interest on a timely basis. General property taxes, with the exception of those taxes on oil and gas production and equipment, for all units of government are collected by the County Treasurer and distributed monthly to the various political subdivisions to which they are due. Property taxes are due in two installments. The first half is due on November 10 and becomes delinquent on December 10. The second half installment is due on April 10 and becomes delinquent on May 10. Collection statistics for all political subdivisions for which the County Treasurer collects taxes are as follows:

Property Tax Collections for Otero County									
	Net Taxes			Current	Current/	Current/Delinquent			
Tax	Fiscal	Charged to	Current Tax	Collections as a	Delinquent Tax	Collections as a			
Year	Year	Treasurer	Collections (1)	% of Net Levied	Collections (2)	% of Net Levied

2011	11/12	22,776,842	21,317,856	93.59%	23,621,202	100.00%			
2010	10/11	21,967,265	20,544,334	93.52%	22,732,908	100.00%			

⁽¹⁾ Current collections through June 30 of each complete tax year, except for tax year 2019 (as of April 1, 2020)

Source: Otero County Treasurer's Office

Interest on Delinquent Taxes

Pursuant to NMSA 1978, Section 7-38-49, if property taxes are not paid for any reason within 30 days after the date they are due, interest on the unpaid taxes shall accrue from the 30th day after they are due until the date they are paid. Interest accrues at the rate of 1% per month or any fraction of a month.

⁽²⁾ As of April 1, 2020

Penalty for Delinquent Taxes

Pursuant to NMSA 1978, Section 7-38-50, if property taxes become delinquent, a penalty of 1% of the delinquent tax for each month, or any portion of a month, they remain unpaid must be imposed, but the total penalty shall not exceed 5% of the delinquent taxes. The minimum penalty imposed is \$5.00. A county can suspend application of the minimum penalty requirement for any tax year.

If property taxes become delinquent because of an intent to defraud by the property owner, 50% of the property tax due or \$50.00, whichever is greater, shall be added as a penalty.

Remedies Available for Non-Payment of Taxes

Pursuant to NMSA 1978, Section 7-38-47, property taxes are the personal obligation of the person owning the property on the date upon which the property was subject to valuation for property taxation purposes. A personal judgment may be rendered against the taxpayer for payment of taxes that are delinquent, together with any penalty and interest on the delinquent taxes.

Taxes on real property are a lien against the real property. Pursuant to NMSA 1978, Section 7-38-65, delinquent taxes on real property may be collected by selling the real property on which taxes are delinquent.

Pursuant to NMSA 1978, Section 7-38-53, delinquent property taxes on personal property may be collected by asserting a claim against the owner(s) of the personal property upon which taxes are delinquent.

THE DISTRICT

The District is a political subdivision of the State organized for the purpose of operating and maintaining an educational program for school-age children residing within its boundaries.

The District is located in the southeastern portion of Otero County and north-central New Mexico. The District contains approximately 3,772 square miles with an estimated population of 41,000. The District operates 11 elementary schools, 3 middle schools, and 2 high schools.

School District Powers

The District's powers are subject to regulations adopted by the New Mexico Public Education Department ("PED"). Pursuant to an amendment to Article XII, Section 6 of the New Mexico Constitution, adopted at a special election held September 23, 2003, the Secretary of Education (the "Secretary") is the governing authority and has control, management, and direction of all public schools pursuant to power provided by law. The Secretary further exercises supervision and authority over the PED. Generally, the powers of the Secretary and the PED include determining policy regarding operations of all public schools, designating courses of instruction, adopting regulations, determining qualifications for teachers, counselors and their assistants, and prescribing minimum educational standards. The Secretary may order the creation or consolidation of school districts.

Management

The District Board of Education (the "Board"), subject to regulations of the Secretary of the PED, develops educational policies for the District. The Board employs a superintendent of schools, delegates administrative and supervisory functions to the superintendent, including fixing the salaries of all employees, reviews and approves the annual District budget, has the capacity to sue and be sued, contracts, leases, purchases and sells for the District, acquires and disposes of all property, develops educational policies subject to rules of the PED and adopts regulations pertaining to the administration of all powers or duties of the Board. Members serve without compensation for four-year terms of office in non-partisan elections, which effective July 1, 2018, will be held on the first Tuesday after the first Monday in November of odd-numbered years. The District Board Members are:

Angela M. Cadwallader, President term expires December 31, 2021

<u>Judy Rabon</u>, Member; term expires December 31, 2024 Ryan Sherwood, Vice President; term expires December 31, 2024

<u>Carol Teweleit</u>, Secretary, term expires December 31, 2024

Anthony Torres, Member; term expires December 31, 2021

The Superintendent of Schools is selected by and serves at the discretion of the Board. All other employees are selected by the Superintendent with the approval of the Board. The current Administrative Staff is:

Jerrett Perry, Superintendent of Schools graduated with his Bachelor's Degree in Education from New Mexico State University in 1994 and his Master's Degree in Educational Management and Development in 2005. He also graduated from the Superintendent's Academy, sponsored by the New Mexico Coalition of School Administrators, in 2014. Over his 25 year career, he has served as a superintendent, director, principal, teacher and coach.

During Mr. Perry's tenure as the District's Superintendent of Schools (6000 students, 800 employees and a \$77 million budget), he has reorganized, redefined and retooled the district. Business and Finance, Operations, Learning Services, Special Education, IT, General Counsel Services and Administrative leadership have all been reformed, are under new leadership, and have been charged with a new mission. The newly established Executive team is poised and motivated to set the tone of excellence throughout the District.

Mr. Perry has led the District through an extensive financial audit and has made it a priority to bring fidelity to the District. Under his command, he has outsourced student nutrition, insourced bus transportation services and streamlined day to day operations throughout the District. He has secured a \$34 million allocation to build a new elementary school and solidified a 100 year Ground Lease Agreement with Holloman Air Force Base. His knowledge and experience in facility and land acquisition has enabled the District to purchase assets for the District that will promote growth and financial stewardship.

Insurance

The District is a member of the New Mexico State Public School Insurance Authority (the "Insurance Authority"), which was established to provide a comprehensive insurance program for school districts, board members and retirees and public school employees and retirees with the State. The Insurance Authority provides risk related insurance to the District such as worker's compensation, property and casualty insurance, general automobile and fire insurance and general liability insurance for the District, its property, its board members and employees. The Insurance Authority also provides health, dental and vision insurance to the District.

Intergovernmental Agreements

The District has entered into various joint powers agreements with other governmental entities in the State that permit them to provide equipment purchases and other services jointly.

School Property

In addition to the school buildings and their contents, the District owns the land upon which school buildings and facilities are located, which includes the District Administration Building, a Federal Directors Building, a Maintenance Shop and Custodial Center, and an instructional materials warehouse. In addition, the District owns and operates a total of seven buses, 6 activity buses and 1 route bus.

Enrollment

Set forth below is the District's enrollment for the last five school years. For a discussion of the relationship between student enrollment and amounts of financial support provided by the State for public schools, see "FINANCES OF THE EDUCATIONAL PROGRAM - SOURCES OF REVENUES FOR GENERAL FUND".

	2015-16	2016-17	2017-18	2018-19	2019-20
Elementary	3,044	3,057	3,090	3,175	2,978
Middle	1,276	1,314	1,293	1,424	1,371
High	1,540	1,575	1,574	1,718	1,552
Total	5,860	5,946	5,957	6,317	5,901

Source: New Mexico Public Education Department.

FINANCES OF THE EDUCATIONAL PROGRAM

The basic format for the financial operation of the District is provided by the PED through the School Budget Planning Division, which is directed by State law to supervise and control the preparation of all budgets of all school districts. The District receives revenue from a variety of local, state and federal sources, the most important of which are described below. New Mexico's public school finance laws are subject to review and examination through both the judicial and legislative processes. As a result, the District cannot anticipate with certainty all of the factors that may influence the financing of its future activities. There is no assurance that there will not be any change in, interpretation of or additions to the applicable laws, provisions and regulations that would have a material effect, directly or indirectly, on the affairs of the District.

See "LITIGATION" for a discussion of current litigation that could impact the funding of education in the State.

Recent and Current Legislative Action

During the New Mexico State Legislature's 2018 regular session, the New Mexico State Legislature passed House Bill 98 (HB 98) which enacted the Local Elections Act amending the State's election statutes to consolidate virtually all nonpartisan local elections on the same day. HB 98 was signed by Governor Susana Martinez on March 7, 2018, and took effect on July 1, 2018. Among other things, the local Election Act provides that elections for school districts, community college districts, flood control districts, special zoning districts and soil and water sanitation districts will be merged starting in 2019. The Local Election Act which was amended in the 2019 Legislative session also permits certain municipalities to opt-in to the elections at the regular elections. As a result of the statutory amendments, the dates for all of these nonpartisan regular elections will occur on the first Tuesday after the first Monday in November of each odd-numbered year. Matters voted on at these regular elections could include election of school board members, municipal officers and the officers for other districts that have taxation authority. Ballots may also include bond questions and local mill levies for the voter's consideration. HB 98 amended the special election provisions contained under NMSA Section 1-24-1 to eliminate in person voting at special elections and to require that all such special elections be conducted by mailed ballot. The District passed a 2 mill levy at a special election in April 2019.

Sources of Revenue for General Fund

The General Fund is used to account for resources of the operational fund, student activity funds and other resources not accounted for in another fund. The sources of revenue for the District's General Fund are:

<u>Local Revenues</u> - Local revenues are a minor source of revenue to the District made up, in part, by a property tax annually levied on and against all of the taxable property within the District for operational purposes. The levy is limited by State law to a rate of 50 cents for each \$1,000 of net taxable value of taxable property. Other sources of local revenues include interest income earned on the District's investments, rentals and sale of property. In the fiscal year 2019, the District received \$531,188 from local sources.

<u>Federal Revenues</u> - Another minor source of annual revenue for the District's General Fund is derived from indirect costs of direct federal grant funds related to vocational, special education, and various other programs and P.L. 874 federal impact moneys paid to the District in lieu of taxes on federal land located in the District. In fiscal year 2019, the District received \$1.541.059 in federal revenues for its General Fund.

<u>State Revenues</u> - The District's largest source of annual revenue is derived from the State Equalization Guarantee distribution described below. During fiscal year 2019 the District received \$45,552,258 from state sources. Such payments represented approximately 96% of actual fiscal year 2019 General Fund Revenue.

State Equalization Guarantee Program

The State Legislature enacted New Mexico's current public school funding formula in 1974. Designed to distribute operational funds to local school districts in an objective manner, the funding formula is based upon the educational needs of individual students and costs of the programs designed to meet those needs. Program cost differentials are based upon nationwide data regarding the relative costs of various school programs, as well as data specific to New Mexico. The objectives of the formula are (1) to equalize educational opportunity statewide (by crediting certain local and federal support and then distributing state support in an objective manner) and (2) to retain local autonomy in actual use of funds by allowing funds to be used in local districts at the discretion of local policy making bodies. The formula is divided into three basic parts:

- 1. Educational program units that reflect the different costs of identified programs;
- 2. Training and experience units that attempt to provide additional funds so that districts may hire and retain better educated and more experienced instructional staff; and
- Size adjustment units that recognize local school and community needs, economies of scale, types of students, marginal costs increases for growth in enrollment from one year to the next, and adjustments for the creation of new districts.

SEG payments are made monthly and prior to June 30 each fiscal year. The calculation of the distribution is also based on the local and federal revenues received from July 1 of the previous fiscal year through May 31 of the fiscal year for which the State distribution is being computed. In the event that a district receives more SEG funds than its entitlement, the district must make a refund to the State's general fund.

Even though the current public school funding formula has been in place for more than two decades, some districts have indicated a concern about the fact that some districts receive less revenue per pupil compared to others. In response to these concerns, the Legislature, the Governor, and the State Board of Education authorized an independent, comprehensive study of the formula that was conducted in 1996. In its principal finding the independent consultant concluded,"...When evaluated on the basis of generally accepted standards of equity, the New Mexico public school funding formula is a highly equitable formula. . . . [S]pending disparities are less than in other states and statistically insignificant."

Despite the acknowledged equity of the formula, the independent consultant pointed out a strong perception of unfairness in the so-called "density" factor and in the training and experience computations of some districts. As a result, the Legislature enacted the following changes to the funding formula:

- Required that special education students be counted with regular students with "add-on" weights assigned
 depending upon the severity of the disability;
- Changed weights for special education ancillary services and included diagnosticians in ancillary services computations; and
- Repealed the so-called "density" factor and replaced it with an at-risk factor that is available to all school districts.

In addition, the equalization funding for a district is based on previous year's enrollment rather than current year enrollment.

SEG payments to the District for the prior five years are as follows:

Year	Program Unit Value	Number of Program Units	SEG Payment
2019-20	\$4,565.00	10,208	\$46,599,064
2018-19	4,159.23	10,636	44,239,450
2017-18	4,053.55	9,946	40,316,875
2016-17	3,979.63	9,928	39,510,403
2015-16	4,027.75	9,702	39,077,520

Source: New Mexico Public Education Department and the District.

The PED receives federal mineral-leasing funds from which it makes annual allocations to the District for purchasing textbooks. In fiscal year 2019, the District received \$201,966 for textbook purchases.

The District is also reimbursed by the State for the costs of transporting pupils to and from school. These payments are based upon a formula consisting of the number of students per square mile that are transported. In fiscal year 2019, the District received \$1,917,160 for transportation purposes.

Balance Sheet

The following is a history of the District's General Fund Balance Sheet. The General Fund includes Operational, Transportation and Instructional Materials. See financial statements for the fiscal year ending June 30, 2019 attached as Appendix B. The complete audit report for the fiscal year ending June 30, 2019 and the prior four fiscal years can be downloaded from the State Auditor's website using the following link http://www.saonm.org/audit_reports.

Source: The figures above have been extracted from the District's audited financial statements. Such figures are excerpts only and do not purport to be complete. A portion of the independent audit report for fiscal year 2019 is attached as Appendix B.

Title I Special Revenue Funds

The Special Revenue Fund program is used to provide supplemental educational opportunity for academically disadvantaged children residing in the area. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criterion that identifies a campus; educational need determines the students to be served and the funds are allocated to the District through the New Mexico Public Education Department. Authority is Part A of Chapter I of Title I of Elementary and Secondary Education Act ESEA of 1965, as amended, P.L. 103-383.

Debt Service

The Debt Service Fund is used to account for accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Bond Building Capital Projects

The Bond Building Capital Projects Fund is used to account for bond proceeds plus any income earned thereon. The proceeds are restricted for the purpose of erecting, remodeling and making additions to and furnishing of school buildings or purchasing or improving school grounds, purchasing computer software and hardware for student use in public classrooms, providing matching funds for capital projects funded pursuant to the Public School Capital Outlay Act, or any combination thereof, as approved by the voters of the District.

Agency Funds

The Agency Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

District Budget Process

Each year, the school district budget process begins with the educational appropriations passed by the Legislature and signed into law by the Governor. The actual budget process follows specific steps set forth in the Public School Finance Act:

- Before April 15 of each year, the District must submit an estimated budget for the next school year to the PED.
 If the District fails to submit a budget, the PED must prepare a District budget for the ensuing year.
- Before June 20 of each year, the Board must hold a public hearing to fix the estimated budget for the next school year.
- On or before July 1 of each year, the PED must approve and certify an approved operating budget for use by the Board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by the PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by the PED except upon the District's request to the PED. Instances in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, the PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year-end. Total expenditures of any function category may not exceed categorical appropriations.

To conform to the PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting except for state instructional material credit. State instructional material funds provide for free textbooks from the PED. As a result, budgets are not prepared in conformity with generally accepted accounting principles GAAP, and budgetary comparisons are presented on the Non-GAAP basis of accounting.

Employees and Retirement Plan

The District employs approximately 369 teachers, 217 instructional support staff, 162 non-instructional support staff, 42 food service employees, and 32 Administrators, Principals, and Coordinators for an approximate total of 822 full time employees.

ERB Pension Plan

Employees of the District participate in a public employee retirement system authorized under the Educational Retirement Act ("ERA"). The Educational Retirement Board ("ERB"), pursuant to NMSA 1978, Section 22-11-6, is the administrator of the "Plan", which is a cost-sharing, multiple-employer defined benefit retirement plan. The Plan provides for retirement benefits, disability benefits, survivor benefits, and cost-of-living adjustments to Plan members and beneficiaries. The ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information of the Plan. That report is available on the ERB's website at www.nmerb.org. Following is a partial history of employer and employee contributions statewide, and average asset balance of the Plan:

Fiscal Year	Employer	Employee	Net Assets Held
Ending June 30	Contributions	Contributions	in Trust
2015	395,129,621	292,822,396	11,497,723,115
2016	396,988,557	293,847,970	11,532,837,951
2017	395,843,795	292,809,008	12,509,355,910
2018	388,723,983	287,323,804	12,970,300,855
2019	406,549,056	303,442,092	13,544,691,114

Funding Policy

Contributions. The contribution requirements are established in statute under NMSA 1978 Chapter 10, Article 11. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2019 and 2018, the District paid employee and employer contributions of \$7,096,297 and \$6,859,025, respectively, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2019, the District reported a liability of \$121,073,965 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. The roll-forward incorporates the impact of the new assumptions adopted by the ERB Board on April 21, 2017. There were no other significant events of changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2018. Therefore, the District's portion was established as of the measurement date of June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions, at June 30, 2018 actuarially determined. At June 30, 2018, the District's proportion was 1.01817%, which was a decrease of 0.00127% from its proportion measured at June 30, 2017. For the year ended June 30, 2019, the District recognized pension expense of \$16,276,339.

On June 25, 2012, the Governmental Accounting Standards Board approved Statement No. 68 which addresses accounting and financial reporting for pensions that are provided to employees of state and local government employers through pension plans that are administered through trusts and also establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. According to Statement No. 68, the District, as a contributor to ERB, is required to recognize its proportionate share of the collective net pension liability, pension expense, and deferred inflows or outflows of resources of the cost-sharing, multi-employer plan with ERB. The District is assessing the full extent of the effect of the new standards on the District's audited financial statements. Statement No. 68 is effective beginning with the fiscal year ending June 30, 2015 for the District.

In July 2012, the ERB adopted goals of achieving 95%, plus or minus 5% funded ratio by the year 2042. To achieve this goal, the New Mexico Legislature amended the Act in the 2013 legislative session (Senate Bill 115; Chapter 61, Laws 2013). The amendments increased employee contributions for members whose salary exceeds \$20,000 per year to 10.1% in Fiscal Year 2014 and 10.7% in Fiscal Year 2015 (ERB members who make less than \$20,000 contribute 7.9% of their gross salary). The legislation also kept in place scheduled increases in employer contribution rates, created a new tier membership for persons who become members of the ERB Fund on or after July 1, 2013, created certain actuarial limitations on benefits of new tier members, placed limitations on future cost of living adjustments ("COLA") for current and future retirees which are tied to the future funded ratios of the Plan, and made certain other clarifying and technical changes.

In December 2013, the New Mexico Supreme Court, rejected the claims of certain retired teachers, professors and other public education employees challenging the state constitutionality of Senate Bill 115 to the extent that it reduces the future amounts that all education retirees might receive as annual COLA. Bartlett v. Cameron, 316 P.3d 889 (N.M. 2013), The Court held that Article XX, Section 22 of the New Mexico Constitution did not grant the retirees a right to an annual COLA based on the formula in effect on the date of their retirement for the entirety of their retirement. The Court held that in the absence of any contrary indication from the New Mexico Legislature, any future COLA to a retirement benefit is merely a year-to-year expectation that, until paid, does not create a property right under the New Mexico Constitution. Once paid, the COLA, by statute, becomes part of the retirement benefit, and a property right subject to those constitutional protections.

Post-Employment Benefits

The District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority ("RHCA"). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (NMSA 1978, Chapter 10, Article 7C). The Board is responsible to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer made contributions as a participant in the plan; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

Funding Policy

The Retiree Health Care Act (NMSA 1978, Section 10-7C-13) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee, and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plan 3, 4 or 5; municipal fire member coverage plan 3, 4, or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2016, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary.

Contributions. Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by NMSA 1978 Section 10-7C-15. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the District were \$568,711 for the year ended June 30, 2018.

Other post employee benefits ("OPEB") Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2019, the District reported a liability of \$28,955,695 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2018. At June 30, 2018, the District's proportion was 0.66590%. For the year ended June 30, 2019, the District recognized OPEB income of \$139,515.

The Governmental Accounting Standards Board (GASB) issued a new accounting pronouncement (Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans) effective for the year ended June 30, 2018. The implementation of GASB 75 has created a restatement of the District's beginning net position.

As a cost-share employer participating in the Retiree Health Care Authority Plan ,the District is required to, and has included, in its June 30, 2018 financial statements, the pro rata share of the Plan's collective "Net Retiree Healthcare Liability". This share represents the difference between the Plan's "Total Plan Liability" and the Plan's "Net Plan Position", reported at the market value of the investment assets.

With the adoption of the new accounting pronouncement, the District has reduced its Unrestricted Net Position the beginning of the fiscal year in the amount of \$36,404,058, as shown on the government-wide Statement of Activities.

Recent Legislative Changes

Recent legislative changes enacted during the 2012, 2013 and 2019 legislative sessions also amended various provisions of the ERA. House Bill 360 below is the most recent legislative action.

House Bill 360 ("HB-360") amends the ERA to increase employer contributions to the educational retirement fund; increase the salary level employees would be required to reach before paying a higher contribution rate; increase the age or years of service requirements for new members to be eligible for retirement and reduce retirement benefits for new employees who work for less than 30 years; make changes to the return-to-work program; require most retirees from the Public Employees Retirement Association (PERA) to make contributions to the educational retirement fund if they become employed by an ERA-covered employer; change the salary calculation for determining retirement benefits for employees that receive a salary increase of more than 30 percent, and require substitute teachers to become members of the Educational Retirement Board (ERB) if they are employed at least one quarter time (0.25 FTE) increase employer contributions .

HB-360 amends ERA to provide for employer contribution of 14.15 percent of annual salary, rather than 14.4 percent of annual salary, eliminate contribution increases in FY21 and FY22, require that a retired employee working 0.25 FTE or less make nonrefundable contributions to the educational retirement fund, and delayed the date for which

substitute teachers with a FTE of more than 0.25 FTE would be required to become a member of the Educational Retirement Board (ERB) to July 1, 2020. House Bill 2 also approved by the legislature in 2019 included changes to the state equalization guarantee for FY 2020 to increase employer contributions to ERB to offset the impact of HB-360.

TAX MATTERS

Federal Income Tax Opinion

On the date of initial delivery of the Bonds, McCall, Parkhurst & Horton L.L.P., Austin, Texas, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Bonds will not be treated as "specified private activity bonds" the interest of which would be included as an alternative minimum tax preference item under Section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated in this subsection and the subsection "New Mexico Income Tax Opinion," Co-Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Bonds. See Appendix D for form of Opinion of McCall, Parkhurst & Horton L.L.P.

In rendering its opinion, McCall, Parkhurst & Horton L.L.P. will rely upon (a) the District's federal tax certificate and (b) covenants of the District with respect to arbitrage, the application of the proceeds to be received from the issuance and sale of the Bonds and certain other matters. Failure of the District to comply with these representations or covenants could cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Bonds in order for interest on the Bonds to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The opinion of McCall, Parkhurst & Horton L.L.P. is conditioned on compliance by the District with such requirements, and McCall, Parkhurst & Horton L.L.P. has not been retained to monitor compliance with these requirements subsequent to the issuance of the Bonds.

The opinion rendered by McCall, Parkhurst & Horton L.L.P. represents its legal judgement based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. The opinion rendered by McCall, Parkhurst & Horton L.L.P. is not a guarantee of a result. Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Bonds.

A ruling was not sought from the Internal Revenue Service by the Issuer with respect to the Bonds or the property financed or refinanced with proceeds of the Bonds. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Bonds, or as to whether the Internal Revenue Service would agree with the opinion rendered by McCall, Parkhurst & Horton L.L.P. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

New Mexico Income Tax Opinion

On the date of initial delivery of the Bonds, Cuddy & McCarthy, LLP, Santa Fe, New Mexico and McCall, Parkhurst & Horton L.L.P., Austin, Texas, will render their opinions that interest on the Bonds will be excluded from net income for purposes of New Mexico state income tax. Cuddy & McCarthy, LLP expresses no opinion as to any other federal, state or local tax consequences, except as described in this subsection. See Appendix D "Forms of Co-Bond counsel Opinions"

Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Bonds may be less than the principal amount thereof of one or more periods for the payment of interest on the bonds may not be equal to the accrual period or be in excess of one year (the "Original Issue Discount Bonds"). In such event, the difference between (1) the "stated redemption price at maturity" of each Original Issue Discount Bond, and (2) the "initial offering price to the public" of such Original Issue Discount Bond would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the Bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods, which do not exceed one year.

Under existing law, any owner who has purchased such Original Issue Discount Bond in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see the discussion set forth below.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under existing law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on existing statutes, regulations, published rulings and court decisions, all of which are subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with accumulated earnings and profits and excess passive investment income, foreign corporations subject to the branch profit tax, taxpayers qualifying for the health insurance premium assistance credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of an obligation issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local & Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Bonds will be sent to each registered holder and to the IRS. Payments of interest and principal may be subject to backup withholding under Section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of non- U.S. holders, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Qualified Tax-Exempt Obligations for Financial Institutions

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds," that are designated by a "qualified small issuer" as "qualified tax-exempt obligations." A "qualified small issuer" is any governmental issuer (together with any "onbehalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term "financial institution" as any "bank" described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by Section 265(b) of the Code, Section 291 of the Code provides that the allowable deduction to a "bank," as defined

in Section 585(a)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item."

The District expects to designate the Bonds as "qualified tax-exempt obligations" within the meaning of section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action which would assure, or to refrain from such action which would adversely affect, the treatment of the Bonds as "qualified tax-exempt obligations." Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however, the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the aforementioned dollar limitation and the Bonds would not be "qualified tax-exempt obligations."

CONTINUING DISCLOSURE UNDERTAKING

In the Bond Resolution, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified material events, to the Municipal Securities Rulemaking Board (the "MSRB"). This information will be publicly available on the MSRB's website at www.emma.msrb.org.

Annual Reports

The District will provide annually certain updated financial information and operating data to the MSRB. The information to be updated includes all quantitative financial information and operating data with respect to the District of the general type included in this Official Statement under the headings "DEBT AND OTHER FINANCIAL OBLIGATIONS", "TAX BASE", "THE DISTRICT - Enrollment" and "FINANCES OF THE EDUCATIONAL PROGRAM - State Equalization Guarantee Program, Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances" and "Appendix B." The District will update and provide this information March 31 of each fiscal year beginning in 2021.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12. The updated information will include audited financial statements, if the District commissions an audit and it is completed by the required time. If audited financial statements are not available by the required time, the District will provide unaudited financial statements by the required time and will provide audited financial statements when and if the audit report becomes available. Any such financial statements will be prepared in accordance with accounting principles as in the District's annual financial statements attached hereto or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is June 30. Accordingly, it must provide updated information by March 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds; (7) modifications to rights of Beneficial Owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if

material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of CFR § 240.15c2-12 (the "Rule"); (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of an definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation (as defined by the Rule, which includes certain debt, debt-like, and debt-related obligations) of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

For these purposes, the District intends the words used in clauses (15) and (16) in the preceding paragraph, including the term "financial obligation," to have the meanings ascribed to them in SEC Release No. 34-83885, dated August 20, 2018. In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from the MSRB

The District has agreed to provide the foregoing information only to the MSRB. All documents provided by the District to the MSRB described under "Annual Reports" and "Event Notices" will be in an electronic format and accompanied by identifying information as prescribed by the MSRB.

The address of the MSRB is 1300 I Street NW, Suite 1000, Washington, DC 20005 and its telephone number is (202) 898-1500.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

This continuing disclosure agreement may be amended by the District from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law or a change in the identity, nature, status or type of operations of the District, but only if (1) the provisions, as so amended, would have permitted an underwriter to purchase or sell bonds in the primary offering of the Bonds in compliance with the Rule, taking into account any amendments or interpretations of the Rule since such offering as well as such changed circumstances and (2) either (a) the Holders of a majority in aggregate principal amount (or any greater amount required by any other provision of the Bond Resolution that authorizes such an amendment) of the outstanding Bonds consent to such amendment or (b) a person that is unaffiliated with the District (such as nationally recognized bond counsel) determines that such amendment will not materially impair the interest of the Holders and beneficial owners of the Bonds. The District may also amend or repeal the provisions of this continuing disclosure agreement if the SEC amends or repeals the applicable provision of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling bonds in the primary offering of the Bonds.

Compliance with Prior Undertakings

During the past five years the District has made continuing disclosure agreements in accordance with SEC Rule 15c2-12 and is in material compliance with such agreements.

LITIGATION

At the time of the original delivery of the Bonds, the District will deliver a no-litigation certificate to the effect that no litigation or administrative action or proceedings are pending or, to the knowledge of the appropriate officials, threatened, restraining or enjoining, or seeking to restrain or enjoin, the issuance and delivery of the Bonds, the effectiveness of the Bond Resolution, the levying or collecting of taxes to pay the principal of and interest on the Bonds except as described below or contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be issued, sold, executed or delivered, or the validity of the Bonds.

RATING

Moody's Investors Service has assigned the Bonds a rating of "Aa3" with the understanding that the Bonds will qualify under the New Mexico School District Enhancement Program. See "New Mexico School District Enhancement Program" herein. The underlying rating on the Bonds is "A1". An explanation of the significance of the rating given by Moody's Investors Service may be obtained from Moody's Investors Service, 99 Church Street, New York, New York 10007. There is no assurance that the rating will not be revised downward or withdrawn entirely by the rating agency, if in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

LEGAL MATTERS

The delivery of the Bonds is subject to the approval of the Attorney General of New Mexico. Additionally, the firms of Cuddy & McCarthy, LLP, Santa Fe, New Mexico, and McCall, Parkhurst & Horton L.L.P., Austin, Texas, have been retained as Co-Bond Counsel to the District ("Co-Bond Counsel"). Co-Bond Counsel will provide unqualified opinions that the Bonds are legally issued under New Mexico law and that the interest income from the Bonds is exempt from Federal and State of New Mexico income taxes. In connection with the transactions described in this Official Statement, Co-Bond Counsel only represent the District. The legal fees to be paid to Co-Bond Counsel for services rendered in connection with the issuance of the Bonds are contingent in part upon the sale and delivery of the Bonds.

Certain legal matters will be passed upon for the Underwriter by Modrall, Sperling, Roehl, Harris & Sisk, P.A., Albuquerque, New Mexico. The fee to be paid to Counsel to the Underwriter is contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

UNDERWRITING

The Underwriter has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

ADDITIONAL MATTERS

All summaries of the statutes, resolutions, opinions, contracts, agreements, financial and statistical data and other related reports described in this Official Statement are subject to the actual provisions of such documents. The summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are either publicly available or available for inspection during normal business hours at the offices of the District located at the School Administration Office, or at the offices of RBC Capital Markets, LLC, 6301 Uptown Boulevard NE, Suite 110, Albuquerque, New Mexico 87110.

OTHER MATTERS

Two lawsuits were filed challenging the funding of the State's primary and secondary education system. In March 2014, individual plaintiffs in New Mexico District Court in McKinley County brought suit against the State, and others alleging, among other things, that the State's educational funding formula violated the sufficiency of education and uniform system of public schools provision of the New Mexico Constitution and asked the court for injunctive relief ordering the State to develop a budget and funding formula that sufficiently, uniformly and equitably funded the public school system. In April 2014, individual plaintiffs in New Mexico District Court in Santa Fe County brought suit against the State, among others, alleging, among other things, that the State has failed to provide a sufficient and uniform system of education in violation of the sufficiency, uniformity, equal protection and due process provisions of the New Mexico Constitution because of an inadequate and arbitrary funding system. The cases were consolidated and on July 20, 2018 the District Court entered its Decision on the consolidated suits which concluded that the State has failed to provide educational funding sufficient to meet its obligations under Article XII, §1 of the New Mexico Constitution, the state Constitution's Equal Protection Clause and its Due Process Clause with respect to "at risk" students. Final Judgment was entered on February 2, 2019. The State has not appealed. The Judgment does not directly affect ad valorem taxes in the State.

A LAST WORD

Anything in this Official Statement involving matters of opinion or estimates – whether labeled as such or not – are just that. They are not representations of fact. They might not prove true. Neither this Official Statement nor any other written or oral information is to be construed as a contract with the registered owners of the Bonds.

The District has duly authorized the execution and delivery of this Official Statement.

ECONOMIC & DEMOGRAPHIC INFORMATION

THE ECONOMY

The City of Alamogordo is an incorporated municipality and a political subdivision of the State of New Mexico (the "State") organized and existing under and pursuant to the Constitution and the laws of the State and a home rule charter. The City was incorporated as a village in 1912, operated as a city with a Commission-Manager form of government under the general statutes from 1950 to 1983, adopted its home rule charter in 1983, and since 1983 has been and now is operating with a Commission-Manager form of government under such charter. The City is located in the southern portion of the State approximately 215 miles south of Albuquerque and approximately 65 miles northeast of Las Cruces. The City has a land area of approximately 17.5 square miles. Alamogordo is the largest community in Otero County and serves as the county seat.

The City of Alamogordo is dissected by Highway 54, a northwest arterial and is situated at the crossroads of two transcontinental highways, U.S. 70 and 82. The District is also served by the Southern Pacific Railroad, and additional surface transportation is provided by all major bus and trucking companies.

The economy of the District is largely centered on governmental facilities, including Holloman Air Force Base, and White Sands Missile Range. Holloman Air Force Base has been in operation since May 1942, covers 59,639 acres, and is presently home to the 49th Wing. The 49th Wing supports national security objectives by deploying worldwide to support peacetime and wartime activities. The wing provides combat-ready airmen and aircraft, and trains MQ-1 Predator and MQ-9 Reaper pilots and sensor operators. The 54th Fighter group, a detachment from Luke AFB in Arizona, is stationed at Holloman to facilitate high speed training, live fire weapons training and night flying. In addition, two squadrons, consisting of 45 aircraft from Hill AFB Utah, are now temporarily assigned to Holloman and the community is awaiting the 2020 announcement for permanent placement of the aircraft. Maintenance for these aircraft will be performed by civilian contractors. AECOM was awarded the contract for the F-16 maintenance which consists of 638 positions. Holloman Air Force Base is the largest employer in Otero County, employing over 3,500 military personnel and 1600 civilians.

White Sands Missile Range is the birthplace of the U.S. rocket program in the 1940's, and the north end of the range was the site of the first atomic bomb detonation on July 16, 1945. The range covers two million acres or about 3,200 square miles and is the premier test range in the world. The range is still used for testing missiles and missile defense systems and other defense-related research.

Tourism

The other important component of the area economy is tourism. White Sands National Monument is located within the District. Here, great wave-like dunes of white gypsum cover almost 300 square miles of desert. White Sands is New Mexico's number one National Monument attraction.

Lincoln National Forest is well known as the birthplace of Smokey Bear, the national symbol of the campaign against human-caused forest fires. The forest consists of three mountain ranges, Sacramento, Guadalupe and Capitan, that cover 1,103,441 acres spanning four New Mexico counties. Lincoln National Forest provides a watershed, hunting, fishing and camping opportunities for area residents and visitors. Other tourist attractions in the area include the New Mexico Museum of Space History, the Oliver Lee Memorial State Park, the Three Rivers Petroglyph Site, the Old Town Alamogordo, and the Toy Train Depot in Alameda Park.

The Alamogordo Branch Community College District is situated in the foothills, at the base of the Sacramento Mountains. This vantage point overlooks the city of Alamogordo and the Tularosa Basin. The service area of the school includes Holloman Air Force Base (HAFB), White Sands Missile Range, and stretches beyond the view to include the Mescalero Apache Reservation and approximately twenty villages and towns. Much of the south central New Mexico region benefits from the convenient location of the campus.

New Mexico State University – Alamogordo ("NMSU-A") was established in 1958 with an initial enrollment of 278 students. The classes were held at night on the Alamogordo High School campus. The objective of this post-secondary educational venture was to serve the military and civilian personnel from HAFB, as well as students from the local non-military population.

There are approximately 1,750 students currently enrolled in degree and certificate programs. At the same time, the number and the character of students' objectives have also grown. The basic two year traditional university credited education has been expanded and enriched. NMSU-A has evolved from offering only two year traditional education courses to providing occupational/technical programs and courses for personal enrichment as well as selected bachelor completion programs through NMSU-Las Cruces Distance Education. NMSA-A currently offers 11 Associate Degree Programs, 13 Associate of Applied Science Degree Programs and over 10 certificate programs.

NMSU-A is a two year community college campus dedicated to the concept of high-quality, cost-effective education that meets the needs of a diverse community. While some students continue to value the long established core courses, others are seeking alternatives to the traditional liberal arts education. Every possible effort is being made at NMSU-A to keep programs and curricula flexible in order to accommodate varied and expanding community educational needs.

Population

Based on information gained from the Bureau of Business & Economic Research, the following table shows the historical and projected population data for the City of Alamogordo, Otero County and the State.

Census Year	City of Alamogordo	Otero County	State of New Mexico
1960	21,723	36,976	951,023
1970	23,035	41,097	1,017,055
1980	24,024	44,665	1,303,143
1990	27,986	51,928	1,515,069
2000	35,582	62,298	1,819,046
2010	30,403	63,797	2,059,179
2018*	31,707	66,781	2,095,428
2020 ⁽¹⁾	31,099	67,303	2,097,688
2025 ⁽¹⁾	31,349	68,853	2,116,027
Projected Growth 2020-2025 (2)	0.80%	2.30%	0.87%

The following table sets forth a comparative age distribution profile for Otero County, the State and the United States.

Age Group	Otero County	New Mexico	United States
0 - 17	23.89%	23.06%	22.34%
18 - 24	9.82%	9.58%	9.46%
25 - 34	14.99%	13.23%	13.51%
35 - 44	11.81%	12.12%	12.66%
45 - 54	10.03%	11.32%	12.53%
55 and Older	29.46%	30.69%	29.50%

Source: Environics Analytics, April 2020.

Income

The following table reflects the percentage of households by Effective Buying Income ("EBI") and a five-year comparison of the estimated median household income as reported by Environics Analytics. EBI is personal income less personal tax and non-tax payments. Personal income includes wages and salaries, other labor income, proprietors' income, rental income, dividends, personal interest income and transfer payments. Deductions are made for federal, state and local taxes, non-tax payments such as fines and penalties, and personal contributions for social security insurance.

Effective Buying Income Group	Otero County	New Mexico	United States
Under \$25,000	24.07%	25.91%	18.56%
\$25,000 - \$34,999	14.03%	10.84%	8.50%
\$35,000 - \$49,999	16.06%	13.77%	12.23%
\$50,000 - \$74,999	17.41%	17.17%	16.73%
\$75,000 & Over	28.43%	32.31%	43.98%
2016 Est. Median Household Income	\$43,522	\$45,445	\$55,551
2017 Est. Median Household Income	\$43,348	\$47,043	\$57,462
2018 Est. Median Household Income	\$41,555	\$48,044	\$60,133
2019 Est. Median Household Income	\$46,453	\$49,655	\$62,279
2020 Est. Median Household Income	\$45,561	\$49,384	\$65,228

INDEPENDENT AUDITOR'S REPORT

The Board of Education Alamogordo Municipal School District Alamogordo, New Mexico and Mr. Brian Colón, Esq. New Mexico State Auditor Santa Fe, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the Alamogordo Municipal School District (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion.

4700 Lincoln Rd NE

Albuquerque NM 87109

www.JAGnm.com

505.323.2035

The Board of Education Alamogordo Municipal School District and Mr. Brian Colón, Esq. New Mexico State Auditor

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District of June 30, 2019, and the respective changes in financial positions thereof and the respective budgetary comparisons for the general fund and the major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the *Management Discussion and Analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for the placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basis financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information on pages 52 - 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards as required by Title 2 *U.S. Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* and the schedules required by NMAC 2.2.2 (Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds, Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investments Accounts, and Schedule of Cash Reconciliation), other information, such as the Introductory Section and the Corrective Action Plan, which are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Board of Education Alamogordo Municipal School District and Mr. Brian Colón, Esq. New Mexico State Auditor

The combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards, and the schedules required by NMAC 2.2.2 (Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds, Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investments Accounts, and Schedule of Cash Reconciliation), are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards, and the schedules required by NMAC 2.2.2 (Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds, Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investments Accounts, and Schedule of Cash Reconciliation), are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory Section and Corrective Action Plan have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS

TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2019

	Go	overnmental Funds
Amounts reported for governmental activities in the Statement of Activities are different because:		
Net changes in fund balances - total governmental funds	\$	(2,396,198)
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which depreciation exceeds capital outlays for the period.		
Depreciation expense Capital outlays		(3,889,635) 12,234,650
Revenues that do not provide current financial resources are not reported as revenues in the fund statements but are reporting in the Statement of Activities		
Change in unavailable revenue related to property tax receivable		83,625
The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:	er	
Change in accrued interest payable		49,875
Change in accrued compensated absences		52,135
Bond proceeds		-
Principal payments on bonds		4,175,000
Premium on bond issuance		-
Amortization of bond premium		107,322
Contributions to ORER plan subsequent to measurement date		4,080,871
Contributions to OPEB plan subsequent to measurement date Pension expense		587,701 (20,357,210)
OPEB income		139,515
Changes in Net Position - Total Governmental Activities	\$	(5,132,349)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Alamogordo Municipal School District (the District) is a special purpose government corporation governed by an elected five-member Board of Education. The Board of Education is the basic level of government, which has oversight, responsibility and control over the activities related to the public school education of the City of Alamogordo. The District is responsible for all activities related to public elementary and secondary school education within its jurisdiction. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

The Board is authorized to establish policies and regulations for its own government, consistent with the laws of the State of New Mexico and the regulations of the Legislative Finance Committee. The Board is comprised of five members who are elected for terms of four years. The District operates 16 schools within the District, with a total enrollment of approximately 6,000 pupils. In conjunction with the regular educational programs, some of these schools offer special education. In addition, the Board provides transportation and school food services for the students.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

A. Reporting entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units for which the District may be financially accountable and, as such, should be included within the District's financial statements. The District (the primary government) is financially accountable if (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the District. Organizations for which the District is not financially accountable are also included when doing so is necessary in order to prevent the District's financial statements from being misleading. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, as amended by GASB Statements No. 39 and 61. Blended component units, although legally separate entities, are in substance part of the government's operations. Discretely presented Component Units are reported in separate columns in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the District has no component units and is not a component unit of another governmental agency.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities and changes in net position) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

GASB No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and GASB No. 65, Items Previously Reported as Assets and Liabilities, amend GASB No. 34, Basic Financial Statements — and Management's Discussion and Analysis for State and Local Governments, to incorporate deferred outflows of resources and deferred inflows of resources in the financial reporting model.

Deferred outflows of resources – a consumption of net position by the government that is applicable to a future reporting period. It has a positive effect on net position, similar to assets.

Deferred inflows of resources — an acquisition of net position by the government that is applicable to a future reporting period. It has a negative effect on net position, similar to liabilities.

Net position – the residual of the net effects of assets, deferred outflows of resources, liabilities, and deferred inflows of resources.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis by column and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts: net investment in capital assets, restricted net position, and unrestricted net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, state equalization, and other items not properly included among program revenues are reported instead as general revenues.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, subject to the availability criterion. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met, subject to the availability criterion. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Ad valorem taxes (property taxes) and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

The agency funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt.

The District reports the following major governmental funds:

The General Fund (11000) is the primary operating fund of the District and accounts for all financial resources of the general government, except those required to be accounted for in other funds. Revenues are provided by the District's school tax levy, state equalization and transportation funds, state instructional material allocations, and earnings from investments. Expenditures include all costs associated with the daily operations of the school except for those items included in other funds. The general fund includes the Pupil Transportation Fund (13000), which is used to pay for the costs associated with transporting school-age children. It also includes the Instructional Materials Fund (14000), which is used to account for the monies received form the New Mexico Public Education Department for the purposes of purchasing instructional materials (books, manuals, periodical, etc.) used in the education of students.

The Title I IASA Fund (24101) is used to account for a program funded by a federal grant to assist the District in providing supplemental education opportunities for academically disadvantaged children in the area in which they reside. Funding is allocated to the District through the New Mexico Public Education Department. Authority for the creation of this fund is Part A, Chapter I, Title I of the Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 102-383.

The *IDEA B Entitlement Fund* (24106) is used to account for revenue used to help maximize the resources in meeting the objective of handicapped children. The federal revenues in this fund are received from and administered by the New Mexico Department of Education. Authority for the creation of this fund is Part B of the Handicapped Act, Public Law 105-17. No minimum balance required according to legislation.

The Bond Building Capital Projects Fund (31100) is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchase or improving school grounds or any combination thereof, as approved by the voters of the District. Authority for the creation of this fund is the New Mexico Public Education Department.

The Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The Debt Service Funds account for the services of long-term debt not being financed by proprietary or nonexpendable trust funds.

Debt Service (41000) – These funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

The Capital Projects Funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Additionally, the District reports the following agency fund:

The Fiduciary Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Private-sector standards of accounting and financial reporting issued prior to November 30, 1989, generally are followed in both the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The District has elected not to follow subsequent private-sector guidance.

Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I, IDEA-B, Charter Schools, and other State and Federal funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as bond building, SB-9 and special capital outlay funding to be used for capital projects. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed. The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Deposits and Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Money market investments and participating interest-earning investment contracts that have a remaining maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost as provided in paragraph 9 of GASB No. 72.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position or equity

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Local Government Investment Pool (LGIP). The LGIP operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Restricted Assets: The Debt Service Fund is used to report resources set aside for the payment of long-term debt principal and interest.

Receivables and Payables: Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. There is no allowance for doubtful account in the current year. The District receives monthly income from a tax levy in Otero County. The funds are collected by the County Treasurer and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the County Treasurer in July and August 2019 is considered "measurable and available" and, accordingly, is recorded as revenue in the governmental fund statements during the year ended June 30, 2019. Period of availability is deemed to be 60 days subsequent to year end.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Instructional Materials: The New Mexico State Department of Education receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 70% is restricted to the requisition of material listed in the State Board of Education 'State Adopted Instructional Material' list, while 30% of each allocation is available for purchases directly from vendors, for which the school district receives cash draw-downs, or transfer to the 70% account for requisition of material from the adopted list.

Inventory: The District's method of accounting for inventory is the consumption method. Under the consumption approach, governments report inventories they purchase as an asset and defer the recognition of the expenditures until the period in which the inventories actually are consumed. Inventory is valued at cost and

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, deferred outflows or resources, liabilities, deferred inflows of resources, and net position or equity (Continued)

consist of USDA commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed.

Inventory in the Special Revenue Funds consists of USDA commodities and other purchased food and non-food supplies. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000, per Section 12-6-10 NMSA 1978, and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets received prior to June 15, 2016 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2016 are recorded at acquisition value. Information Technology Equipment, including software, is being capitalized and included in furniture, fixtures, and equipment in accordance with NMAC 2.20.1.9 C (5). The District was a Phase II government for purposes of implementing GASB Statement No. 34. However, the District does not have any infrastructure assets to report.

The cost of normal maintenance and repairs that do not add to the value of the asset, or materially extend asset lives, are not capitalized. Library books are not capitalized because they are considered to have a useful life of less than one year.

Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government-wide financial statements. However, infrastructure assets have not been included in the June 30, 2019 financial statements of the District since the District did not own any infrastructure assets as of June 30, 2019. Information technology equipment, including software, is being capitalized and included in furniture and equipment as the District did not maintain internally-developed software. The District expenses the cost of library books when purchased. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Construction projects paid for by the Public School Capital Outlay Council are included in the District's capital assets.

Capital expenditures made on the District's building construction projects by the New Mexico Public School Facilities Authority have been recorded as a revenue and expenditure in the fund financial statements and have been included as capital assets in the District's government-wide financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, deferred outflows or resources, liabilities, deferred inflows of resources, and net position or equity (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Land Improvements20-50 yearsBuildings and improvements20-50 yearsFurniture, fixtures, & equipment5-10 years

Deferred Outflows of Resources: In addition to assets, the balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a use of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The District has pension-related deferred outflows of resources items that qualify for reporting in this category.

Deferred Inflows of Resources: In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding liability for deferred inflows of resources. The District has two types of items which arise under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue-property taxes is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the District has pension-related deferred inflows of resources items that qualify for reporting in this category.

Unearned Revenues: The District recognizes grant revenue at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as unearned revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be "available" under the current financial resource's measurement focus are reported as unearned revenues in the governmental fund financial statements.

Compensated Absences: It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Twelve-month employees may accumulate up to 20 days of vacation leave; any leave beyond these limits must be used by June 30 of the current contract year unless carryover approval is obtained from the Superintendent. Qualified employees are entitled to accumulate sick leave. There is no limit to the amount of sick leave which an employee may accumulate; however, upon termination, sick leave is not paid out to the employee. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they are matured, for example, as a result of employee resignations and retirements. In the past, the liability has been paid from the general fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, deferred outflows or resources, liabilities, deferred inflows of resources, and net position or equity (Continued)

Accrued Payroll: In the fund financial statements, governmental fund types recognize the accrual of unpaid wages and benefits that employees have earned at the close of each fiscal year. The amount recognized in the fund financial statements represents checks that were held at year end in relation to employees' summer payroll.

Long-term Obligations: In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method or the straight-line method if the difference from the effective interest method is minimal.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual net of debt proceeds received, are reported as debt service expenditures.

Fund Balance: In the governmental fund financial statements, fund balance is classified and is displayed in five components:

Nonspendable – Consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted – Consists of amounts that are restricted to specific purposes as a result of a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.

Committed – Consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.

Assigned — Consist of amounts that are constrained by the government's intent to be used for specific purposes but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned – Represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, deferred outflows or resources, liabilities, deferred inflows of resources, and net position or equity (Continued)

For the classification of fund balances, the District considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also, for the classification of fund balances, the District considers committed, assigned, or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Minimum Fund Balance Policy: The District's policy for maintaining a minimum amount of fund balance for operations is to minimize any sudden and unplanned discontinuity to programs and operations and for unforeseen contingencies. At a minimum, the budget shall ensure that the District holds cash reserves of 5% of the general fund cash balance.

Net Position: Equity is classified as net position and displayed in three components:

In the government-wide financial statements, fund equity is classified as net position and is displayed in three components:

Net investment in capital assets: Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net position are restricted for "special revenue, debt service, and capital projects."

Unrestricted Net Position: All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates for the District are management's estimate of depreciation on assets over their estimated useful lives, net pension liability calculations, and the current portion of accrued compensated absences.

Pensions: For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Educational Retirement Board (ERB), and additions to/deductions from ERB's fiduciary net position have been determined on the same basis as they are reported by the ERB; on the economic resource's measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, deferred outflows or resources, liabilities, deferred inflows of resources, and net position or equity (Continued)

Post-employment Benefits Other Than Pensions (OPEB): For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Plan (ERP) and additions to/deductions from ERP's fiduciary net position have been determined on the same basis as they are reported by ERP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

E. Revenues

State Equalization Guarantee: School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to ensure that the school district's operating revenue, including its local and federal revenues as defined (Article 8, Section 22-8-25, NMSA 1978) is at least equal to the school district's program costs."

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education, 2) basic education, 3) special education, 4) bilingual-multicultural education, 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance.

Tax Revenues: The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Property taxes are assessed on January 1 of each year and are payable in two equal installments: on November 10 of the year in which the tax bill is prepared and April 10 of the following year with the levies becoming delinquent 30 days (one month) thereafter. The District recognizes tax revenues in the period for which they are levied. In the governmental funds, the District records only the portion of the taxes considered to be 'measurable' and 'available'. The District records all taxes receivable on the government-wide financial statements. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Tax notices are sent to property owners by November 1 of each year to be paid in whole or in two installments by November 10 and April 10 of each year. Otero County collects County, City and School taxes and distributes them to each fund once per month, except in June when the taxes are distributed twice to close out the fiscal year.

Transportation Distribution: School districts in the State of New Mexico receive student transportation distributions. The transportations distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through 12 attending public school within the school district.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Revenues (Continued)

Instructional Materials: The New Mexico Public Education Department (PED) receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 70% is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while 30% of each allocation is available for purchases directly from vendors.

SB-9 State Match: The Director shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of Section 22-25-3 NMSA 1978, assuming a 100% collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the District under the Public School Capital Improvements Act. The distribution shall be made by December 1 of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. However, in the event that sufficient funds are not available in the public school capital improvement funds to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

Public School Capital Outlay: The public school capital outlay fund was created under the provisions of Chapter 22, Article 24, NMSA 1978. The money in the fund may be used for: capital expenditures deemed by the public school capital outlay council to be necessary for an adequate educational program per Section 22-24-4(B); core administrative functions of the public school facilities authority and for project management expenses upon approval of the council per Section 22-24-2(G); and for the purpose of demolishing abandoned school district facilities, upon application by a school district to the council, per Section 22-24-4(L).

Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration, following certification by the council that the application has been approved.

Federal Grants: The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operated under its own budget, which has been approved by the Federal Department or the flow-through agency (usually the New Mexico Public Education Department). The various budgets are approved by the local Board and the New Mexico Public Education Department.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information. Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

These budgets are prepared on the non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year and reconciled to the modified accrual GAAP financial statements. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Because the budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year, such appropriated balance is legally restricted and is, therefore, presented as restricted fund balance.

Actual expenditures may not exceed the budget at the function (or "series") level. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series,' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

- In April or May, the local Board submits to the District Budget Planning Unit (DBPU) of the New Mexico
 Public Education Department (PED) a proposed operating budget for the ensuing fiscal year commencing
 July 1. The operating budget includes proposed expenditures and the means of financing them. All
 budgets are submitted to the PED.
- 2. In May or June of each year, the proposed "operating" budget will be reviewed and approved by the DBPU and certified and approved by the local Board at a public hearing of which notice has been published by the local Board, which fixes the estimated budget for the school district for the ensuing fiscal year.
- 3. The Board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.
- 4. The "operating" budget will be used by the District until they have been notified that the budget has been approved by the DBPU and the local Board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local Board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the DBPU.
 - The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board and the PED.
- 5. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the DBPU.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

- 6. Legal budget control for expenditures is by function.
- 7. Appropriations lapse at fiscal year-end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget schedules included in the accompanying financial statements reflect the approved budget and the final budget.
- 8. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds.

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a cash basis and are reconciled on a GAAP basis. Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico Administrative Code 6.20.2.9 prohibits the District from exceeding budgetary control at the function level.

The District is required to balance its budgets each year. Accordingly, amounts that are in excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

The reconciliation between the non-GAAP budgetary basis amounts and the financial statements on the GAAP basis for each governmental fund are included in each individual budgetary comparison.

The accompanying statements of revenues, expenditures and changes in fund balance – budget and actual present comparisons of the legally adopted budget with actual data on a budgetary basis and reconciled to the GAAP basis.

NOTE 3. DEPOSITS AND INVESTMENTS - CASH AND TEMPORARY INVESTMENTS

State statutes authorize the investment of District funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2019.

Deposits of funds may be made in interest or noninterest-bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or collateralized as required by statute. The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance.

The rate of interest in nondemand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than 100% of the asking price on United States Treasury bills of the same maturity on the day of deposit.

NOTE 3. DEPOSITS AND INVESTMENTS - CASH AND TEMPORARY INVESTMENTS (CONTINUED)

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

All of the District's accounts at an insured depository institution, including all noninterest-bearing transaction accounts, are insured by the FDIC up to the standard maximum deposit insurance amount of \$250,000 for all deposit accounts out of state, and up to \$250,000 for all time and saving accounts, plus up to \$250,000 for all demand deposit accounts held at a single institution in state.

Custodial Credit Risk – Deposits: Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

At June 30, 2019, \$24,042,667 of the District's bank balances of \$24,792,667 were exposed to custodial credit risk. \$15,209,363 was uninsured and collateralized by collateral held by the pledging bank's trust department not in the District's name and \$8,114,840 was uninsured and uncollateralized.

	,	First American	ı	First National		Wells Fargo	
		Bank		Bank		Bank	Total
Deposits				_

FDIC coverage		(250,000)	_	(250,000)		(250,000)	 (750,000)
Total uninsured public funds		15,850,560		3,553,181		4,638,926	 24,042,667
Collateral requirement (50% of uninsured public funds)		7,925,280		1,776,591		2,319,463	12,021,335
Pledged collateral held by pledging bank's trust department or agent but not in agency's name		8,739,009		4,271,645		2,917,173	 15,927,827
Total over collateralized	\$	813,729	\$	2,495,054	<u>\$</u>	597,709	\$ 3,906,492
Uninsured and uncollateralized	\$	7,111,551	\$		\$	1,721,753	\$ 8,114,840

The collateral pledged is listed on the Schedule of Pledged Collateral by Depository for Public Funds. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

NOTE 3. DEPOSITS AND INVESTMENTS - CASH AND TEMPORARY INVESTMENTS (CONTINUED)

The District utilizes internal pooled accounts for certain programs and funds. Negative cash balances arise primarily from cost-reimbursement grants. Negative cash balances in individual funds that were part of the pooled accounts were reclassified as due to/from accounts in the combining balance sheet as of June 30, 2019. Funds 24101 through 25254 are federal funds and 27103 through 31700 are non-federal funds.

The following table presents the cash balances of negative cash funds before and after the reclassification of pooled cash from the General Fund (Fund 11000) as of June 30, 2019:

	Funds with	Pooled cash	
	negative cash	reclassified from	Ending balance

Investments. As of June 30, 2019, the District did not have investments balances.

NOTE 3. DEPOSITS AND INVESTMENTS - CASH AND TEMPORARY INVESTMENTS (CONTINUED)

Reconciliation to the Statement of Net Position

The carrying amount of deposits and investments shown above are included in the District's financial statements is as follows:

Bank balance of deposits	\$	24,792,667
Less: petty cash	_	(260)
Less: held checks		(945,787)
Add: outstanding checks and other reconciling items		3,424,284
Total cash and cash equivalents		22,314,430
Cash and cash equivalents	_	782,676
Statement of Fiduciary Assets and Liabilities - Agency Funds		
Cash and cash equivalents	\$	21,531,754
Government Funds - Balance Sheet		

NOTE 4. RECEIVABLES

Receivables as of June 30, 2019 are as follows:

Operational					Debt	Other	
	Fund		Title I	IDEA-B	Service	Governmental	 Total
Property taxes	\$	22,621	\$ -	\$ -	\$ 317,376	\$ 205,222	\$ 545,219
Intergovernmental		-	966,944	720,190	-	1,531,445	3,218,579
Other		23					23
	\$	22,644	\$ 966,944	\$ 720,190	\$ 317,376	\$ 1,736,667	\$ 3,763,821

In accordance with GASB Statement No. 33, property tax revenues in the amount of \$359,628 that were not collected within the period of availability have been reclassified as deferred inflows of resources in the governmental fund financial statements. All of the above receivables are deemed to be fully collectible.

NOTE 5. INTERFUND RECEIVABLES AND PAYABLES

The District records temporary interfund receivables and payables to enable the funds to operate until grant monies are received. The composition of interfund balances as of June 30, 2019 is as follows:

NOTE 5. INTERFUND RECEIVABLES AND PAYABLES (CONTINUED)

	Receivables		Payables
Major Funds			
General Fund	\$	2,769,798	\$ -
Title I		-	874,306
Entitlement IDEA-B		-	667,155
Nonmajor Funds			
Special Revenue Funds		-	943,561
Capital Funds		_	284,776
	\$	2,769,798	\$ 2,769,798

All interfund balances are intended to be repaid within one year.

There were no net operating transfers, made to close out funds and to supplement other funding sources for the year ended June 30, 2019.

NOTE 6. CAPITAL ASSETS

A summary of capital assets and changes occurring during the year ended June 30, 2019 follows:

	Balance				Balance
	June 30, 2018	Additions	Deletions	Transfers	June 30, 2019
Capital Assets not being depreciated					
Land	\$ 3,826,619	\$ -	\$ -	\$ -	\$ 3,826,619
Construction in process	933,987	12,145,195			13,079,182

Government activities capital assets, net	\$77,183,829	\$ 8,345,015	\$ -	\$ -	\$85,528,844

NOTE 6. CAPITAL ASSETS (CONTINUED)

Depreciation expense for the year ended June 30, 2019 was charged to the following functions:

Depreciation expenses	
Instruction	\$ 795,746
Support services - Students	5,288
Support services - Instruction	2,652,913
Support services - General administration	27,594
Central Services	54,682
Operation & maintenance of plant	336,030
Food services	17,382
	\$3,889,635

NOTE 7. LONG-TERM DEBT

General obligation bonds are secured by and payable solely from the Debt Service Fund and the Ed Tech Debt Service Fund. General obligation bonds are direct obligations and pledge the full faith and credit of the District. These bonds are issued with varying terms and varying amounts of principal maturing each year. All general obligation bonds as of June 30, 2019 are for governmental activities.

Bonds outstanding at June 30, 2019 are comprised of the following:

			Balance at
Bond Series	Date of Issue	Date of maturity	June 30, 2019
Series 2009 GO Bonds	4/21/2009	8/1/2020	\$ 1,000,000
Series 2011 GO Bonds	12/14/2010	8/1/2021	4,000,000
Series 2012 GO Bonds	4/18/2018	8/1/2031	5,050,000
Series 2013 GO Bonds	5/16/2012	8/1/2024	3,425,000
Series 2014 GO Bonds	3/26/2013	8/1/2025	4,100,000
Ed Tech Bond Series 2014A	3/25/2014	8/1/2026	380,000
Series 2015 GO Bonds	10/21/2014	8/1/2019	3,415,000
Series 2016 GO School Bonds	3/24/2015	8/1/2025	3,630,000
Series 2017 GO School Bonds	6/22/2016	8/1/2029	2,700,000
Series 2018 GO School Bonds	4/19/2017	8/1/2030	4,365,000
			\$ 32,065,000

NOTE 7. LONG-TERM DEBT (CONTINUED)

During the year ended June 30, 2019, the following changes occurred in the liabilities reported in the government-wide Statement of Net Position:

	Balance				Balance	Due Within
	June 30, 2018	Α	dditions	Deletions	June 30, 2019	One Year
Bonds payable	\$36,240,000	\$	-	\$(4,175,000)	\$32,065,000	\$ 4,195,000
Compensated absences	635,623		394,362	(446,496)	583,489	446,496
Total	\$36,875,623	\$	394,362	\$(4,621,496)	\$32,648,489	\$ 4,641,496

Compensated Absences. Administrative employees of the District are able to accrue a limited amount of vacation and other compensatory time during the year. Included in the District's sick leave policy is a provision that allows an employee to receive a payout of their sick leave bank up to a maximum of 30 days at \$50 per day upon termination. At June 30, 2019, the amount accrued under this policy was \$238,732. At June 30, 2019, compensated absences decreased \$52,134 from the prior year accrual.

In prior years, the General Fund was typically used to liquidate such long-term liabilities. See Note 1 for more details.

The annual requirements to amortize the General Obligation Bonds outstanding as of June 30, 2019, including interest payments, are as follows:

Fiscal Year				-	Total Debt
Ending June 30,	Principal	_	Interest		Service
2020	\$ 4,195,000	\$	788,183	\$	4,983,183
2021	3,965,000		667,870		4,632,870
2022	3,350,000		566,758		3,916,758
2023	3,600,000		482,133		4,082,133
2024	3,460,000		404,245		3,864,245
2025-2029	10,795,000		1,090,449		11,885,449
2030-2032	2,700,000		769,275		3,469,275
	\$ 32,065,000	\$	4,768,911	\$	36,833,911

NOTE 8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; error omissions; and natural disasters, for which the District is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers' Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery, and Student Accident Insurance.

NOTE 8. RISK MANAGEMENT (CONTINUED)

The NMPSIA provides coverage for up to a maximum of \$750,000,000 for each property damage claim with a \$25,000 deductible per occurrence with a maximum annual deductible of \$100,000. General liability coverage is afforded to all employees, volunteers, and Board members, and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$250,000 applies to Money and Securities, which include a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2019, there have been no claims that have exceeded insurance coverage.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD

Plan description. The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's comprehensive annual financial report. The report can be found on NMERB's Web site at https://www.nmerb.org/Annual_reports.html.

The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

The Plan is a pension trust fund of the State of New Mexico. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the plan. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined in Section 22-11-2, NMSA 1978. Employees of public schools, universities, colleges, junior colleges, technical-vocational institutions, state special schools, charter schools, and state agencies providing an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

Pension benefit. A member's retirement benefit is determined by a formula which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD

Summary of Plan Provisions for Retirement Eligibility. For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and earned service credit add up to the sum of 75 or more,
- The member is at least sixty-five years of age and has five or more years of earned service credit, or
- The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on, or after, July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 was refunded all member contributions and then becomes re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more,
- The member is at least sixty-seven years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Section 2-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements:

- The member's minimum age is 55 and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.
- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits
- The member's age is 67 and has earned 5 or more years of service credit.

Forms of Payment. The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

Benefit Options. The Plan has three benefit options available:

• Option A – Straight Life Benefit. The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

- Option B Joint 100% Survivor Benefit. The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.
- Option C Joint 50% Survivor Benefit. The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

Disability Benefit. An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA). All retired members and beneficiaries receiving benefits receive an automatic adjustment in their benefit on July 1 following the later of 1) the year a member retires, or 2) the year a member reaches age 65 (Tier 1 and Tier 2) or age 67 (Tier 3).

- Tier 1 membership is comprised of employees who became members prior to July 1, 2010
- Tier 2 membership is comprised of employees who became members after July 1, 2010, but prior to July 1, 2013
- Tier 3 membership is comprised of employees who became members on or after July 1, 2013

As of July 1, 2013, for current and future retirees the COLA is immediately reduced until the Plan is 100% funded. The COLA reduction is based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.5%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.7%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Refund of Contributions. Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

Contributions. For the fiscal years ended June 30, 2019 and 2018, educational employers contributed to the Plan based on the following rate schedule.

Fiscal		Wage	Member	Employer	Combined	Increase Over
Year	Date Range	Category	Rate	Rate	Rate	Prior Year
2019	7-1-18 to 6-30-19	Over \$20K	10.70%	13.90%	24.60%	0.00%
2019	7-1-18 to 6-30-19	\$20K or less	7.90%	13.90%	21.80%	0.00%
2018	7-1-17 to 6-30-18	Over \$20K	10.70%	13.90%	24.60%	0.00%
2018	7-1-17 to 6-30-18	\$20K or less	7.90%	13.90%	21.80%	0.00%

The contribution requirements are established in statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2019 and 2018, the District paid employee and employer contributions of \$7,096,297 and \$6,859,025, respectively, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2019, the District reported a liability of \$121,073,965 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. The roll-forward incorporates the impact of the new assumptions adopted by the ERB Board on April 21, 2017. There were no other significant events of changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2018. Therefore, the District's portion was established as of the measurement date of June 30, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions, at June 30, 2018 actuarially determined. At June 30, 2018, the District's proportion was 1.01817%, which was a decrease of 0.00127% from its proportion measured at June 30, 2017.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

For the year ended June 30, 2019, the District recognized pension expense of \$16,276,339. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred		Deferred	
	Outflows of		Inflows of	
	Resources		Resources Resour	
Difference between expected and actual				
actuarial experience change of assumptions	\$	88,364	\$	2,304,232
Net differences between projected and actual				
earnings on pension plan investments		268,027		-
Changes in assumptions	24	1,952,772		-
Changes in proportion and differences between District				
contributions and proportionate share of contributions		833,655		316,053
District contributions subsequent to the measurement date		1,080,871		_
Total	\$ 30	0,223,689	\$	2,620,285

\$4,080,871 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date June 30, 2018 will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2019	\$ 14,353,732
2020	9,348,032
2021	(182,759)
2022	3,528
2023	-
Thereafter	
	\$ 23,522,533

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial assumptions. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary increases 3.25% composed of 2.50% inflation, plus a 0.75% productivity increase

rate, plus a step-rate promotional increase for members with less

than 10 years of service.

Investment rate of return 7.25% compounded annually, net of expenses. This is made up of a

2.50% inflation rate and a 4.75 real rate of return.

Average of expected remaining service lives

Fiscal year <u>2018</u> <u>2017</u> <u>2016</u> <u>2015</u> <u>2014</u> Service life in years 3.56 3.65 3.77 3.92 3.88

Mortality

Healthy males: Based on the RP-2000 Combined Healthy Mortality Table with White Collar adjustments, not set back. Generational mortality improvements with Scale BB from the table's base year of 2000.

Healthy females: Based on GRS Southwest Region Teacher Mortality Table, set back one year. Generational mortality improvements in accordance with Scale BB from the table's base year of 2012.

Disabled males: RP-2000 Disabled Mortality Table for males, set back

three years, projected to 2016 with Scale BB.

Disabled females: RP-2000 Disabled Mortality Table for females, no

set back, projected to 2016 with Scale BB.

Active members: RP-2000 Employee Mortality Tables, with males set back two years and scaled at 80%, and females set back five years and scaled at 70%. Static mortality improvement from the table's base year of 2000 to the year 2016 in accordance with Scale BB. No future

 $improvement\ was\ assumed\ for\ preretirement\ mortality.$

Retirement age Experience-based table rates based on age and service, adopted by

the NMERB Board on April 21, 2017 in conjunction with the six-year

experience study for the period ending June 30, 2016.

Cost-of-living increases 1.90% per year, compounded annually; increases deferred until July 1

following the year a member retires, or the year in which a member attains the age of 65 (67 for Tier 3), whichever is later or, for disabled

retirees, until July 1 of the third year following retirement.

Payroll growth 3.00% per year (with no allowance for membership growth).

Contribution accumulation The accumulated member account balance with interest is estimated

at the valuation date by assuming that member contributions increased 5.50% per year for all years prior to the valuation date. Contributions are credited with 4.00% interest, compounded annually, applicable to the account balances in the past as well as the

uture.

Disability incidence Approved rates are applied to eligible members with at least 10 years

of service.

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial assumptions and methods are set by the Plan's Board of Trustees, based upon recommendations made by the Plan's actuary. The Board adopted new assumptions on April 21, 2017 in conjunction with the six-year actuarial experience study period ending June 30, 2016. At that time, the Board adopted several economic assumption changes, including a decrease in the inflation assumption from 3.00% to 2.50%. The 0.50% decrease in the inflation assumption also led to decreases in the nominal investment return assumption from 7.75% to 7.25%, the assumed annual wage inflation rate from 3.75% to 3.25%, the payroll growth assumption from 3.50% to 3.00%, and the annual assumed COLA from 2.00% to 1.90%.

The long-term expected rate of return on pension plan investments was determined using a building-block approach that includes the following:

- Rate of return projections that are the sum of current yield plus projected changes in price (valuations, defaults, etc.)
- Application of key economic projections (inflation, real growth, dividends, etc.)
- Structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

	Long-Term
Target	Expected
Allocation	Rate of Return
33%	
26%	
40%	
1%	
100%	7.25%
	•

Discount rate. A single discount rate of 5.69% was used to measure the total pension liability as of June 30, 2018. This rate is .21% less than the 5.90% discount rate used for June 30,2017.

The June 30, 2018 single discount rate was based on a long-term expected rate of return on pension plan investments of 7.25%, and a municipal bond rate of 3.62%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2050. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the 2050 fiscal year, and the municipal bond rate was applied to all benefit payments after that date.

The projections of cash flows used to determine the June 30, 2018 single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate

NOTE 9. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

of 5.69%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.69%) or 1-percentage-point higher (6.69%) than the current rate.

	Current					
	1	% Decrease	D	iscount Rate	1	% Increase
		4.69%		5.69%		6.69%

of the net pension liability	\$	157,349,783	\$	121,073,965	\$	91,475,161

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in separately issued NMERB'S financial reports. The reports can be found on NMERB's Web site at https://www.nmerb.org/Annual reports.html

NOTE 10. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

Plan description. Employees of the District are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by copayments or out-of-pocket payments of eligible retirees.

Employees covered by benefit terms. At June 30, 2018, the Fund's measurement date, the following State of New Mexico employees were covered by the benefit terms:

Plan membership

Current retirees and surviving spouses	51,205
Inactive and eligible for deferred benefit	11,471
Current active members	93,349
	156,025

NOTE 10. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

Active membership	
State general	19,593
State police and corrections	1,886
Municipal general	17,004
Municipal police	3,820
Municipal FTRE	2,290
Educational Retirement Board	48,756
	93,349

Contributions. Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the District were \$587,701 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2019, the District reported a liability of \$28,955,695 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2018. At June 30, 2018, the District's proportion was 0.66590%.

For the year ended June 30, 2019, the District recognized OPEB income of \$139,515. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred		Deferred	
	Outflows of		Inflows of	
	Resources		Resources	
Differences between expected and				
actual experience	\$	-	\$	1,714,363
Net Difference between actual and projected				
earnings on OPEB plan investments		-		361,356
Changes of assumptions		-		5,405,900
Change in Proportion		-		476,954
Contributions made after the				
measurement date		587,701	_	
Total	\$	587,701	\$	7,958,573

Deferred outflows of resources totaling \$587,701 represent District contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30,

NOTE 10. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Total	\$ (7,958,573)

2019	\$ (2,001,968)
<u>Year Ended June 30:</u>	

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2018
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.50% for ERB; 2.25% for PERA
Projected payroll increases	3.50%
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non- Medicare medical plan costs and 7.5% graded down to 4.5% over 12 years for Medicare medical plan costs

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

NOTE 10. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

The best estimates for the long-term expected rate of return is summarized as follows:

	Target	Long-Term
Asset Class	Allocation	Rate of Return
U.S. core fixed income	20%	2.1%
U.S. equity - large cap	20%	7.7%
Non U.S emerging markets	15%	10.2%
Non U.S developed equities	12%	7.8%
Private equity	10%	11.8%
Credit and structured finance	10%	5.3%
Real estate	5%	4.9%
Absolute return	5%	4.1%
U.S. equity - small/mid cap	3%	7.1%

Discount Rate. The discount rate used to measure the Fund's total OPEB liability is 4.08% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2029. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029. Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 4.08% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.08%) or 1-percentage-point higher (5.08%) than the current discount rate:

1% Decrease	Current Discount			6 Increase
(3.08%)	(4.08%)			(5.08%)
\$ 35,043,209	\$	28,955,695	\$	24,157,377

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the *current healthcare cost trend rates*:

		Cu	rrent Trend		
19	% Decrease		Rates	_1	% Increase
\$	24,477,714	\$	28,955,695	\$	32,466,532

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in NMRHCA's audited financial statements for the year ended June 30, 2019.

NOTE 11. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits in not presently determinable, it is the opinion of the District's legal counsel that the resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTE 12. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosures of certain information concerning individual funds, including:

- A. Deficit fund balance of individual funds: The District did not have any funds with deficit fund balances.
- B. Excess of expenditures over appropriations: The following fund exceeded approved budgetary authority for the year ended June 30, 2019:

Nonmajor Funds
Ed Tech Debt Service (43000)
Major budgeted expenditures

function: Support Services \$ 268

C. Designated cash appropriations in excess of available balances: The District did not have any funds with designated cash appropriations in excess of available balances for the year ended June 30, 2019.

NOTE 13. CONCENTRATIONS

The District depends on financial resources flowing from, or associated with, both the Federal Government and the State of New Mexico. Because of this dependency, the District is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

NOTE 14. COMMITMENTS

The District had multiple construction projects ongoing as of the year ended June 30, 2019 that are to continue into the following fiscal year. The projects include the design, construction, renovation, and demolition of school buildings. At June 30, 2019, the District's and the New Mexico Public School Finance Authority's (PSFA) shares of commitments for construction was \$6,745,535 and \$13,795,929, respectively.

NOTE 15. TAX ABATEMENTS

Abatements of Other Governments. The District is subject to tax abatements granted by Otero County through the Industrial Revenue Bond Act. This program has the stated purposes of promoting industry and trade other than retail trade in the county and municipalities.

Industrial Revenue Bonds. Under the Industrial Revenue Bond Act [3-32 NMSA 1978], the County Commission can vote to induce an industrial revenue bond in order to induce a manufacturing, industrial, or commercial enterprise to locate or expand in that region, by financing a specified project. The County may include in the agreement a stipulation of an amount or a percentage reduction of property taxes, which can be as much as 100%. This reduction or exemption is applicable for the life of the bond issue, not to exceed 30 years from the date the bonds were issued and is a significant benefit for borrowers that would not otherwise qualify for a property tax exemption under other constitutional or statutory provisions. Information relevant to disclosure of those programs for the fiscal year ended June 30, 2019 follows:

Agency number for Agency making the disclosure			
(Abating Agency)	5019

STATE OF NEW MEXICO ALAMOGORDO MUNICIPAL SCHOOLS NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED) JUNE 30, 2019

ERB PLAN

Changes in benefit provisions. There were no modifications to the benefit provisions that were reflected in the actuarial valuation as of June 30, 2018.

Changes in assumptions and methods. There were no modifications to the actuarial assumptions and methods reflected in the actuarial valuation at June 30, 2018.

RHCA PLAN

Changes in benefit provisions. There were no modifications to the benefit provisions that were reflected in the actuarial valuation as of June 30, 2018.

Changes in assumptions and methods. The actuary removed 4,010 members that were deemed participants of non-participating employers. There were no other modifications to the assumptions and methods that were reflected in the actuarial valuation at June 30, 2018.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for grant funds received from the U.S. Department of Education through the New Mexico Public Education Department. These grants are to be used for purposes specified in the grant awards and may not be used for any other purpose. Grants accounted for in the Special Revenue Funds include:

Food Services (21000) – This fund is used to account for all financial transactions related to the food service operation. Authority for the creation of this fund is the National School Lunch Act, as amended, 42 U.S.C. 1751, 1760, 1779.

Athletics (22000) – This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Preschool IDEA-B (24109) – The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the Schools through the New Mexico Department of Children, Youth and Families. Authority for the creation of this fund is the Individuals with Disabilities Education Act (IDEA), Part B, Section 619, as amended, 20 U.S.C. 1419.

IDEA-B Early Intervention (24112) - Coordinated Early Intervention Services to provide students with services before they are identified as special education.

Education of Homeless (24113) – This fund is used to provide tutoring and remedial academic services to homeless children and youth within the District. Funding is by the New Mexico Public Education Department.

IDEA-B Private School Share (24115) – Under 34 CFR SS 300.132-300.133, an LEA must spend a proportionate amount of their IDEA-B Basic Entitlement and, if applicable, Preschool sub-grant funds for special education and related services ("equitable participation services") to students with disabilities who are parentally placed in private elementary and secondary schools ("equitable participation services") located in the school district served by the LEA. The private schools must be nonprofit institutions. Children aged three through five are considered to be parentally-placed private school children with disabilities, only if they are enrolled in a private school that meets the definition of elementary school in 34 CFF SS 300.13. New Mexico State law defines an elementary school as "a public school providing instruction for grades kindergarten through eight, unless there is a junior high school program approved by the state board [department], in which case it means a public school providing instruction for grades kindergarten through six" 22-1-3(A) NMSA 1978.

Fresh Fruits & Vegetables (24118) – This fund is used to assist States, through cash grants, in providing free fresh fruits and vegetables to school children in designated participating schools beginning in school year 2004/2006. Authorized by National School Lunch Act, as amended, 42 U.S.C. 1769.

SPECIAL REVENUE FUNDS (CONTINUED)

Title I 1003g Grant (24124) – The objective of this grant is to provide in conjunction with Title I funds for school improvement reserved under Section 1003(a) of the ESEA. School Improvement Grants under Section 1003(g) of the ESEA are used to improve student achievement in Title I schools identified for improvement, corrective action, or restructuring so as to enable those schools to make adequate yearly progress (AYP) and exit improvement status. Funding is by the Elementary and Secondary Education Act of 1965, as amended, Title I, Part B, Subpart I.

IDEA-B Results Plan (24132) – Funding for support activities included the Education Plan for Student Success for Elementary Schools.

Teacher/Principal Training & Recruiting (24154) – To improve the skills of teachers and the quality of instruction in mathematics and science, and also to increase the accessibility of such instruction to all students. Authority for creation of this fund is the Rehabilitation Act of 1973, as amended, Title III, Section 303(b)-(d). 20 U.S.C. 777a and 797a.

Rural & Low-Income Schools (24160) – To provide financial assistance to rural districts to carry out activities to help improve the quality of teaching and learning in their schools. Elementary and Secondary Education Act, Title VI, Part B.

Title I School Improvement (24162) – This fund is used to improve student achievement in Title I Schools with a status of Priority or Focus. Authority for the creation of this fund is Title 34, Code of Federal Regulations (CFR), Parts 74-86 and 97-99.

Carl D. Perkins Special Projects (24171 - Current) (24172 – PY Unliq. Obligations) (24174 – Secondary Current) (24176 – Secondary Redistribution) (24183 – Secondary Redistribution 2) - The objective of this grant is to provide secondary and postsecondary educational institutions the opportunity to develop, implement, and operate programs using different models of curricula that integrate vocational and academic learning. Funds are acquired from federal sources through the New Mexico Department of Education. Authority for creation of this fund is Carl D. Perkins Vocational and Applied Technology Education Act of 1990, as amended, Public Law 105-332.

Teen Dating Violence Awareness Program (24184) – The objective of this grant is to provide support for expectant parenting teens, women, fathers, and their families for the State of New Mexico. This fund enables Alamogordo Public Schools to carry out its Teen Dating Violence Prevention and Campaign Awareness program. Authorized by U.S. Department of Health and Human Services (ISP1AH000021-02-00).

Youth Resiliency Project (24186) – To account for funds used to promote adolescent health through school-based Human Immunodeficiency Virus (HIV) / sexually transmitted infections prevention and school-based surveillance program in the State of New Mexico as part of the Youth Resiliency Project. Authorized by U.S. Centers for Disease Control.

Student Support & Academic Enrichment Program (24189) – To account for funds used to improve student's academic achievement by increasing the capacity of States, local educational agencies (LEAs), schools and local communities to: (1) provide all students with access to a well-rounded education; (2) improve school conditions for student learning; and (3) improve the use of technology in order to improve the academic achievement and digital literacy for all students. Authorized by Section 4101 of the Elementary and Secondary Education Act.

SPECIAL REVENUE FUNDS (CONTINUED)

Title I – Comprehensive Support and Improvement (CSI) (24190) – To account for funds used to support those schools identified in the lowest-performing five percent of Title I schools as identified by overall points earned on the School Grande Report Card, or that has a graduation rate (high schools only) less than 67% for two of the past three years. Funds are used to support participation in an evidence-based school improvement program or innovative school interventions designed to address Tier 1 (Core) Instruction. Authorized by the Every Student Succeeds Act, Public Law 114-95.

Impact Aid Special Education (25145) – To account for funding of a Federal program to provide financial assistance to local educational agencies (LEA's) where enrollments or availability of revenue are adversely affected by Federal activities, i.e., where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), or where there are a significant number of children who reside on Federal (including Indian) lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3(a) and 3(b)): where there is a significant decrease (Section 3(c)) or a sudden and substantial increase (Section 4) in school enrollment as the result of Federal activities; to provide disaster assistance for reduced or increased operating costs (Section 7(a)), for replacing or repairing damaged or destroyed supplies, equipment, and books, and for repairing minor damage to facilities. Funding authorized by Public Law 81-874.

Title XIX Medicaid (25153) – This fund is used to account for a program providing school-based screening, diagnostic services, and other related health services and administrative activities in conformance with the approved Medicaid State Plan in order to improve health and developmental outcomes for children. Authority for the creation of this fund is the Social Security Act, Title XIX, as amended; Public Laws 89-97, 90-248, and 91-56; 42 U.S.C. 1396 et set., as amended

Alamo DOD (25179) - To provide assistance to schools with significant numbers of military dependent students. Required by the New Mexico Public Education Department Manual of Procedures for New Mexico School Districts to be accounted for as a separate fund. Funding authorized by Public Law 111-84.

DOD Education Activity (25254) – To provide *Power Up* – 21^{st} Century technology skills for Grades 5, 6, and 9, Mathematics and Reading Achievement for Grades 5, 6, and 9, and easing the challenges of military students for all grades. Required by the New Mexico Public Education Department Manual of Procedures for New Mexico School Districts to be accounted for as a separate fund. Funding authorized by Section 574(d) of Public Law 109-364, as amended.

Dual Credit Instructional Materials (27103) – SB943 (2007) and SB31 (2008) create a dual credit program that allows public high school students in school districts, charter schools, and state-supported schools in the state to earn both high school and college credit for qualifying dual credit courses. Authority for the creation of this fund is the New Mexico Pubic Education Department.

2012 G.O. Bond Student Library Fund (27107) – This award allows schools to acquire library books, equipment, and library sources for public school library resources for public school libraries statewide. The funding was made available through Senate Bill 66, Laws of 2012, 2nd Session, 2012 Senate and House Bill.

SPECIAL REVENUE FUNDS (CONTINUED)

New Mexico Reads to Lead (27114) – This fund is used to purchase core reading program materials for grades K-5 in alignment with Common Core State Standards. Authority for the creation of this fund is the New Mexico Public Education Department.

Excellence in Teaching Awards (27125). To account for state special appropriation funding to be used solely for Excellence in Teacher salary supplements. These salary supplements are \$5,000 or \$10,000 per teacher and may only be awarded to teachers who have met the award criteria.

Teacher Recruitment Initiative (27128) - Teacher recruitment awarded to all LEA's by the New Mexico PED for signing bonuses for new teachers, covering cost of travel to recruit/hire, update district web site with regards to recruitment or the cost of other advertising such as newspaper or external website.

Breakfast for Elementary Students (27155) – To account for Legislative Appropriation to implement Breakfast in the Classroom for elementary schools in need of improvement based on AYP designation. Authority for the creation of this fund is the New Mexico Public Education Department.

Kindergarten – Three Plus (27166) – Funds allow for an extended school year for Kindergarten through third grade students. The program focuses on acclimating young students to the structure of a classroom environment and spending additional time to prepare them for the next grade. Authority for the creation of this fund is the New Mexico Public Education Department.

School Bus Replacement (27178) – Is provided to the District to allow the District to purchase school buses. Authorized by Law of 2015, First Special Session, Chapter 3, Section 75, Paragraph 2.

Pay for Performance - Group (27190) — The New Mexico Pay for Performance Pilot (PPP) establishes group and individual-based incentive programs designed to recognize and reward New Mexico's high performing teachers and principals. By using local expertise and negotiating with local partners, PPP grantees will create innovative systems primarily to reward teachers and principals for their excellence. Authority for creating this fund are the Laws of 2014.

K3+ 4&5 PILOT (27198). Provides funding for additional educational time for students in the kindergarten through fifth grade with at least 25 instructional days, beginning up to two months earlier than the regular school year.

GRADS - Instruction (28190) – To assist in the cost of caps and gowns for students who are graduating. Authority for the creation of this fund is the New Mexico Public Education Department.

GRADS Plus (28203) – To account for a program as an instructional component for teenage parents to be used for summer case management and GRADS case management period. Special Revenue Fund was established by the local Board.

Private Direct Grants (Categorical) (29102) – To account for local grants awarded to provide additional funding for specific projects. Authority for the creation of this fund is the New Mexico Public Education Department.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District has the following separate funds classified as Capital Projects Funds:

Public School Capital Outlay – State (31200) - To account for Critical Capital Outlay funds and other special capital outlay funds received from the State of New Mexico. The funds are restricted for the purposes outlined in the applicable legislation under which the funds were approved. This generally includes construction of new schools or improvements to existing schools.

Capital Improvements HB-33 (31600) – To account for monies received from the State of New Mexico under Chapter 4, Laws of 1996 for the purpose of erecting, remodeling, making additions to, providing equipment for or furnishing public school buildings, purchasing or improving public school grounds.

Capital Improvements SB-9 State (31700) – To account for resources received through Senate Bill 9 and local tax levies obtained for the purpose of building, remodeling, and equipping classroom facilities. Authority for the creation of this fund is the New Mexico Public Education Department.

Capital Improvements SB-9 Local (31701) - To account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local Board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978).

Education Technology Equipment Act (31900) – To ensure that American children have skills they need to succeed in the information-intensive 21st century, the federal government is committed to working with the private sector to promote four major developments in American education: making modern computer technology an integral part of every classroom; providing information infrastructure; and encouraging the creation of excellent educational software. The authority for the creation of this fund is the Federal Property and Administrative Services Act of 1949, Ch. 288, 63 Stat 377 and the National Defense Authorization Act for the fiscal year 1996, Public Law 104-106.

DEBT SERVICE FUNDS

Debt Service Ed Tech (43000) – These funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Authority for the creation of this fund is the New Mexico Public Education Department.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Education
Alamogordo Municipal School District
Alamogordo, New Mexico and
Mr. Brian Colón, Esq.
New Mexico State Auditor
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of the Alamogordo Municipal School District (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be material weaknesses as items 2019-001 and 2019-002.

4700 Lincoln Rd NE Albuquerque NM 87109 <u>www.JAGnm.com</u>

505.323.2035

The Board of Education Alamogordo Municipal School District and Mr. Brian Colón, Esq. New Mexico State Auditor

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs to be a significant deficiency as item 2019-003.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of non-compliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as items 2019-002 and 2019-004.

We noted certain matters that are required to be reported per Section 12-6-5 NMSA 1978 that we have described in the accompanying Schedule of Section 12-6-5 NMSA 1978 Findings as items 2019-006, 2019-007, and 2019-008.

District's Response to Findings

The District's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Education
Alamogordo Municipal School District
Alamogordo, New Mexico and
Mr. Brian Colón, Esq.
New Mexico State Auditor
Santa Fe, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Alamogordo Municipal School District's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2019. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statues, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal* Regulations (CFR) *Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

4700 Lincoln Rd NE Albuquerque NM 87109 www.JAGnm.com 505.323.2035

The Board of Education Alamogordo Municipal School District and Mr. Brian Colón, Esq. New Mexico State Auditor

Opinion on Each of the Major Federal Programs

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed an instance of non-compliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2019-005. Our opinion on each major federal program is not modified with respect to these matters.

The District's response to the non-compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be

The Board of Education Alamogordo Municipal School District and Mr. Brian Colón, Esq. New Mexico State Auditor

material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item 2019-005, which we consider to be a significant deficiency.

The District's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

STATE OF NEW MEXICO ALAMOGORDO MUNICIPAL SCHOOLS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Alamogordo Municipal Schools (District) under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in financial position of the District.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. SUBRECIPIENTS

The District did not have any subrecipients during the year ended June 30, 2019.

NOTE 4. NON-CASH FEDERAL ASSISTANCE

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast program. Per USDA guidance (FPI-18-2), donated USDA commodities should be grouped with the National School Lunch Program and use the same CFDA number as the National School Lunch Program. The value of commodities received for the year ended June 30, 2019 was \$171,971. Commodities are recorded as revenues and expenditures in the Food Service fund.

NOTE 5. INDIRECT COST RATE

During the year ended June 30, 2019, the New Mexico Public Education Department reimbursed the District for indirect costs at 5.05%.

NOTE 6. RECONCILIATION OF FEDERAL REVENUE TO FEDERAL EXPENDITURES

Federal expenditures as reported on Schedule of Expenditure of Federal Awards	\$ 8,579,339
District as contractor relationship:	
Medicaid (Fund 25153)	876,805
Indirect cost recovery (Fund 11000)	165,917
Advance reimbursement grant (Impact Aid - Fund 25145)	101,965
Advance reimbursement grant (Alamo DOD - Fund 25179)	 176,418
Federal revenue as reported in the financial statements	\$ 9,900,444

STATE OF NEW MEXICO ALAMOGORDO MUNICIPAL SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

Financial Statement Findings:

SECTION II - FINANCIAL STATEMENT FINDINGS

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROLS OVER THE PAYROLL DISBURSEMENT TRANSACTION CYCLE (REPEATED AND MODIFIED)

TYPE OF FINDING: Material Weakness

CONDITION

During our test work over the payroll disbursements transaction cycle, we noted the following:

• During our random testing of manual journal entries and walkthrough of the payroll transaction cycle, we noted that there were a large number of adjustments required to be made to correct previously processed payrolls. Our testing indicates 79 manual journal entries in Fiscal Year 2019 had been initiated by the payroll department, including 1,732 line-items. These are primarily entries reclassifying object, program, location, or job classification codes within the account string. Also, 13 of the District's 26 pay periods required supplemental pay period(s). Approximately \$965,000 was disbursed during these supplementary pay periods in fiscal year 19. While there may be valid reasons for the extra payroll runs and adjustments, we believe it is one area that should be fully analyzed by Finance in order to make any improvements necessary in the payroll cycle.

The District hired a contractor around March of 2019 to perform certain business office management and accounting services. Since then, there has been significant progress toward implementing the corrective action plan, effected through personnel changes, and through additional oversight and training in this area.

CRITERIA

<u>6.20.2.18 NMAC</u> states: "PAYROLL: The local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll as well as maintaining strict internal controls, close supervision and financial accounting in accordance with GAAP."

New Mexico Manual of Procedures for Public School Accounting and Budgeting Supplement 2, Internal Control Structure states: "Pertinent information must be identified, captured, and communicated in a form and time frame that enables personnel to carry out their responsibilities." "The accounting system consists of the methods and records established to identify, assemble, analyze, classify, record and report a school district's transactions and to maintain accountability for the related assets and liabilities. An effective accounting system gives appropriate consideration to establishing methods and records that will:

- Identify and record all valid transactions.
- Describe transactions in sufficient detail and on a timely basis to permit proper classification of transactions for financial reporting.
- Measure the value of transactions in a manner that permits recording their proper monetary value in the financial statements.
- Determine the time period in which transactions occurred to permit recording of transactions in the proper accounting period.
- Present properly transactions and related disclosures in the financial statements."

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROLS OVER THE PAYROLL DISBURSEMENT TRANSACTION CYCLE (REPEATED AND MODIFIED) (CONTINUED)

<u>Section 22-10A-23(B) NMSA 1978</u> states: "Delivery of the written acceptance of reemployment by a certified school instructor creates a binding employment contract between the certified school instructor and the local Board or the governing authority of the state agency until the parties enter into a formal written employment contract. Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties not later than ten days before the first day of a school year."

EFFECT

The deficiencies identified over payroll may lead to the District not properly identifying, classifying, or valuing all transactions and increases the risk of errors or fraud. Not being in compliance with the statutes requiring timely, formal, written contracts with certified employees negatively effects both the District's and employees' ability to perform their normal duties.

CAUSE

Oversight and clerical errors were made in recording certain payroll transactions. A lack of communication between business office personnel and/or functions may have existed and this led to problems with accuracy and compliance with the law. It appears there was not a strong, thorough review process with proactive communication early in the payroll process prior to March 2019.

RECOMMENDATION

There should be a week in between the pay period end and the pay day in order to leave time for quality reviews. Administration should analyze the risks and troubleshoot any problems. The District should consider moving to paying once or twice a month instead of every two weeks. Then they should design and implement stronger controls, including continued monitoring.

MANAGEMENT RESPONSE

Corrective Action: The District hired a new Business Manager in February 2019 to take control over the Finance Department, including the payroll department. The new Business Manager reviewed existing policies and procedures and helped determine the role of each department to ensure that all processes and procedures were completed timely and efficiently.

The new Business Manager provides oversite on all transactions and corrections made in the payroll department and since taking control of the finance department has significantly reduced/eliminated the need for supplementary payrolls and correcting journal entries. The new business manager employed a team to work with Program Managers to ensure that they planned their annual budgets for the next fiscal year to avoid mid-year changes in payroll funding.

Due date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Business Manager, Director of Human Resources

SECTION II – FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-002 TRANSPORTATION RIDERSHIP REPORTING

TYPE OF FINDING: Material Weakness and Material Non-Compliance

CONDITION

The District reports certain transportation information to the New Mexico Public Education Department (PED). Included in this information is the District's count of the number of students transported, which becomes a primary driver for PED to calculate the District's allocation of the state transportation distribution.

During fiscal year 2019, in the course of the new Superintendent's and Administrators' review of final reporting of transportation figures to PED, they noted the reported student ridership number (approximately 2,450) appeared to be inflated from their expectation. Upon discovery, the new Administrators corrected the numbers to the accurate ridership (approximately only 1,100 students) and self-reported the matter to PED and to the New Mexico State Auditor. This was a material reduction of approximately 55%, indicating the former Administration and vendor may have been reporting inflated numbers, perhaps to increase funding.

Since this time, the District has not renewed services with the bus contract vendor, has implemented stronger controls and reviews over the ridership reporting, and has brought the transportation services in-house (as of July 1, 2019).

CRITERIA

NM State Audit Rule 2.2.2.10 (K)(2). Pursuant to Section 12-6-6 NMSA 1978 (criminal violations), an agency [District] or IPA [external auditor] shall notify the state auditor immediately, in writing, upon discovery of any violation of a criminal statute in connection with financial affairs. The notification shall include an estimate of the dollar amount involved and a complete description of the violation, including names of persons involved and any action taken or planned. If warranted, the state auditor may cause an audit of the financial affairs and transactions of the agency in whole or in part pursuant to Section 12-6-3 NMSA 1978 and 2.2.2.15 NMAC. If the state auditor does not designate an agency for audit, an agency shall follow the provisions of 2.2.2.15 NMAC when entering into a professional services contract for a special audit, performance audit or attestation engagement regarding the financial affairs and transactions of the agency relating to financial fraud, waste and abuse.

If any information comes to our attention (regardless of materiality) indicating any fraud, illegal acts, non-compliance, or any internal control deficiencies, such instances must be disclosed in the report as required by Section 12-6-6 NMSA 1978. Additionally, the external auditor's consideration of fraud in a financial statement audit includes reporting to management and/or governance any evidence that fraud may exist.

NMSA 1978 30-16-6. Fraud consists of the intentional misappropriation or taking of anything of value which belongs to another by means of fraudulent conduct, practices or representations.

NMSA 1978 30-16-1. Larceny consists of stealing anything of value that belongs to another.

SECTION II – FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-002 TRANSPORTATION RIDERSHIP REPORTING (CONTINUED)

<u>NMSA 1978 Section 30-23-2</u>, paying or receiving public money for services not rendered: "Paying or receiving public money for services not rendered consists of knowingly making or receiving payment or causing payment to be made from public funds where such payment purports to be for wages, salary or remuneration for personal services which have not in fact been rendered.

Nothing in this section shall be construed to prevent the payment of public funds where such payments are intended to cover lawful remuneration to public officers or public employees for vacation periods or absences from employment because of sickness, or for other lawfully authorized purposes.

Whoever commits paying or receiving public money for services not rendered is guilty of a fourth degree felony."

New Mexico Constitution Article IX, Section 14 states, "neither the state, nor any county, school district, or municipality, except as otherwise provided in this constitution, shall directly or indirectly lend or pledge its credit, or make any donation to or in aid of any person, association or public or private corporation. A donation within the meaning of this provision is a "gift", an allocation or appropriation of something of value, without consideration." This section is commonly referred to as the "Anti-Donation Clause."

EFFECT

It appears there is fraud, waste, or abuse of District funds.

CAUSE

The actual cause is unknown. There does not appear to have been sufficient controls in place in the past over student transportation reporting.

RECOMMENDATION

The New Mexico State Auditor's Office, PED, and law enforcement have already been contacted to investigate further. We recommend training on internal controls and compliance, and paths to report unethical behavior beyond the Superintendent. We also recommend adding the New Mexico State Auditor's website hotline to campus sites, internal website, external website, trainings, posted around the District, etc.

MANAGEMENT'S RESPONSE

Corrective Action: Upon learning about this situation, the District's current Administration reported the potential violations to the New Mexico State Auditor's Office and Law Enforcement - Further investigation will ensue. The District has since brought the transportation "in-house" and will ensure correct reporting going forward.

Due Date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Director of Transportation

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-003 (PREVIOUSLY REPORTED AS 2017-002) ACCOUNTING SOFTWARE ACCESS - SEGREGATION OF DUTIES (REPEATED AND MODIFIED)

TYPE OF FINDING: Significant Deficiency

CONDITION

All personnel from the District's business office management and accounting services contractor have full access to all modules within the accounting system. This includes general ledger, payroll, and purchasing modules, as well as Administrator access to security functions. Our review of user access permissions confirmed that eight personnel for the vendor, as well as the Coordinator of Technology, had this level of full access. Although the District has strong compensating controls from which any errors or fraud would most likely be prevented and detected, adding limitations to this complete access (such as read-only for areas not needed) is necessary for proper segregation of duties internal controls, a good accounting practice to prevent and detect errors or fraud.

Management made progress on the prior year planned corrective action plan by changing the STARS Data Management Specialist access to read only, however, there was no progress toward other aspects of the plan.

CRITERIA

Effective system access controls help prevent and detect unauthorized use, damage, loss, or modification of programs and data, including sensitive and confidential information. No one position should have the ability to record, review, and approve transactions within the system. Effective change controls should ensure that program changes and changes to data are valid, meet user needs, are reviewed and approved independently, and are implemented accurately.

EFFECT

Without thorough reviews and strong restrictions on access, there is an increased risk of unauthorized or inaccurate changes in the accounting records.

CAUSE

The District has not thoroughly identified risks by position and reviewed security settings with the accounting system vendor until recently. Also, as employees transfer positions within the District, their old access is not always removed, causing position roles with excess access.

RECOMMENDATION

Finance and HR management should work with IT personnel to regularly review user access control, so that users have only those roles that are necessary, and do not have any incompatible roles. Also, we recommend that the District utilize the Administration Access, User Roles, User Security, and Workflow Configuration (such as Payroll User Roles) functionalities to improve controls where needed. The District needs consulting with the software company to evaluate and re-build user access with greater limitations. Users should never change their own access. IT personnel should not have "write" access to functions within accounting modules.

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-003 (PREVIOUSLY REPORTED AS 2017-002) ACCOUNTING SOFTWARE ACCESS - SEGREGATION OF DUTIES (REPEATED AND MODIFIED) (CONTINUED)

MANAGEMENT RESPONSE

Corrective Action: The Director of Human Resources and Business Manager will work with Technology Support to review the current access to the accounting software and determine any changes that need to be made. A written process will be created and utilized to assign user rights and access. A User Rights Profile document will be created and used to assign access rights for new employees, transferred employees, and terminated employees. A separate person will cross check the user rights after they have been entered in the accounting software to ensure accurate entry.

The Technology Department, in conjunction with the Director of Human Resources and Business Manager, will conduct a semi-annual review of the personnel who have access rights to the accounting software and work to correct any discrepancies.

The District will work with the software provider to develop user roles and access to ensure a separation of duties.

Due Date of Completion: January 30, 2020

Responsible Party: Directors of Human Resources, Business and Finance, and Technology Support Services

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-004 (PREVIOUSLY REPORTED AS 2018-010) SALARIES PAID IN ADVANCE (REPEATED)

TYPE OF FINDING: Material Non-Compliance

CONDITION

The District has been pre-paying employees for at least five years. The former Director of Business and Finance asserted that she reported the situation to past Superintendents; however, the situation had not been corrected. During fiscal year 2019, the first pay period on July 6, 2018, the District prepaid for five days (July 9-13), totaling approximately \$100,000 without benefits. There are times the District does not recover these amounts when employees leave, obliging the use of operational funds to cover these deficits. They do not track accounts receivable related to these losses. Additionally, it is unlawful to pay employees or vendors before services are rendered, as shown in the criteria below.

Management has not made progress toward implementing the prior year planned corrective action plan.

CRITERIA

<u>NMSA 1978 Section 30-23-2</u>, paying or receiving public money for services not rendered: "Paying or receiving public money for services not rendered consists of knowingly making or receiving payment or causing payment to be made from public funds where such payment purports to be for wages, salary or remuneration for personal services which have not in fact been rendered.

Nothing in this section shall be construed to prevent the payment of public funds where such payments are intended to cover lawful remuneration to public officers or public employees for vacation periods or absences from employment because of sickness, or for other lawfully authorized purposes.

Whoever commits paying or receiving public money for services not rendered is guilty of a fourth degree felony."

New Mexico Constitution Article IX, Section 14 states, "neither the state, nor any county, school district, or municipality, except as otherwise provided in this constitution, shall directly or indirectly lend or pledge its credit, or make any donation to or in aid of any person, association or public or private corporation. A donation within the meaning of this provision is a "gift", an allocation or appropriation of something of value, without consideration." This section is commonly referred to as the "Anti-Donation Clause".

EFFECT

By having the current payroll payment schedule set up the District is at risk of making payroll disbursements for services that are not rendered. This could potentially result in erroneous payroll expenditures. The District may potentially be non-compliant with NMSA 1978 § 30-23-2.

CAUSE

The timing of pay shifted at some point in the past and the District's administration did not take steps to remedy this yet because of the impact on employees' finances.

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

2019-004 (PREVIOUSLY REPORTED AS 2018-010) SALARIES PAID IN ADVANCE (REPEATED) (CONTINUED)

RECOMMENDATION

The District is encouraged to change the payroll payment schedule so that the District is not at risk for paying employees for services not rendered. For instance, the District can pay employees on the last day of the month for the services performed for that month.

MANAGEMENT RESPONSE

Corrective Action: The District has negotiated with the Union regarding potential options to correct the pay dates to ensure that prepayments of contracts is not occurring.

Due Date of Completion: Based on conversations with the Union, this will be address beginning in FY21.

Responsible Party: Director Human Resources, Superintendent

SECTION III - FEDERAL AWARDS FINDINGS

2019-005 (PREVIOUSLY REPORTED AS 2017-005) STUDENT NUTRITION - VERIFICATION AND ELIGIBILITY (REPEATED AND MODIFIED)

TYPE OF FINDING: Significant Deficiency, Non-Compliance

Federal program information:

Funding agency: U.S. Department of Agriculture

Title: School Breakfast Program and National School Lunch Program

CFDA Number: 10.553 and 10.555

CONDITION

During testing of the 14 applications selected for verification, calculations of gross income were not done properly on one application, resulting in one student receiving reduced meals when they should have been charged full price.

Application 258 Verification - Information provided showed an estimated yearly income. Adding year-to-date earnings add regular pay to be earned came up with a like amount. One student was allowed to stay on reduced meals when they should have been changed to full price.

The District has made significant progress from prior year in decreasing the number of compliance violations in this program.

CRITERIA

Children belonging to households meeting nationwide income eligibility requirements may receive meals at no charge or a reduced price. By November 15 of each school year, the District must verify the current free and reduced-price eligibility of households from a sample of applications that it has approved for free and reduced price meals and put them in the correct category.

The Eligibility Manual for School Meals states that gross income means all money earned. SP 19-2017, Reporting Annual Income on School Meal Applications, states that annual income may provide the most accurate measure of income and may reduce improper program payments.

CFR 245 6a (c) (7) states: In addition to the required verification sample, the District must verify any questionable application, and should on a case-by-case basis, verify any application for cause such as an application where a household reports zero income or when the District is aware of additional income or persons in the household.

QUESTIONED COSTS

None

SECTION III - FEDERAL AWARDS FINDINGS (CONTINUED)

2019-005 (PREVIOUSLY REPORTED AS 2017-005) STUDENT NUTRITION - VERIFICATION AND ELIGIBILITY (REPEATED AND MODIFIED) (CONTINUED)

EFFECT

The District is not in compliance with program requirements. By not calculating income properly for verifications, students' eligibility status is incorrect resulting in improper classifications and students receiving benefits of the Federal program in excess of what they are eligible for. The proper use of Federal money in this program is dependent on Districts correct calculations of income and household sizes, and requesting a new application when required.

CAUSE

The verification testing must look at all elements of income documentation and is more in-depth than the application process.

RECOMMENDATION

We recommend that the District develops procedures to make sure verification calculations are correct. The District needs to ensure it uses all information provided as part of the verification process. Regular pay should be calculated for the year, and then the District needs include bonuses and overtime, if not sporadic, to get to a gross amount. In situations where household changes or income changes become aware the District should ask for a new application to be completed. Families that do not qualify should not receive free and reduced meals.

MANAGEMENT RESPONSE

The District will analyze all aspect of documents in the calculation of gross income when verifying eligibility.

Corrective Action: Continued familiarity with Eligibility Guidelines as set forth by the USDA, FNS.

Due Date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Student Nutrition Coordinator

STATE OF NEW MEXICO ALAMOGORDO MUNICIPAL SCHOOL DISTRICT SCHEDULE OF SECTION 12-6-5 NMSA 1978 FINDINGS FOR THE YEAR ENDED JUNE 30, 2019

2019-006 (PREVIOUSLY REPORTED AS 2018-011) OVER-EXPENDITURE OF BUDGET (REPEATED AND MODIFIED)

TYPE OF FINDING: Non-Compliance

CONDITION

The District has a major function line item where actual expenditures exceeded budgetary authority:

Fund 43000 Major Function 2000 – Support Services \$268

The District has not made significant progress on the condition of this finding from the prior year, which also saw only a single fund and major function be over-expended.

CRITERIA

NMAC 6.20.2.9(A) states: "every school district shall follow budget requirements stated in Sections 22-8-5 through 22-8-12.2 NMSA 1978, and procedures of the department in preparing, submitting, maintaining and reporting budgetary information. Budgetary control shall be at the function level. Over-expenditure of a function shall not be allowed".

CAUSE

The Finance Department did not prepare a budget adjustment request to prevent the overage.

EFFECT

The District is out of compliance with New Mexico state statute and the control established using budgets has been compromised, which could result in deficit fund balances and unnecessary usage of operating funds to cover the over-expenditures.

RECOMMENDATION

We recommend the District establish a policy of budgetary review by the governing council or finance committee at the end of each quarter and have the governing council approve the necessary budgetary adjustments to ensure funds are not over expended. We recommend expanding the OBMS to Infinite Visions reconciliation and budgetary review to the function level immediately. We recommend completing these reconciliations weekly and completing budget and actuals statements monthly.

MANAGEMENT'S RESPONSE

Corrective Action: The 2300 function for fund 43000 is for recording the county tax collection fee and is directly related to revenue received by the District. The District records an expense for the 1% collection cost at the time the revenue is received by the District and that budget overage is related to this expense. The District received a larger tax distribution than anticipated in June of 2019 that caused this budget line item to exceed the amount budgeted by \$268. In the future, the District will increase the budget in this function to exceed 1% of anticipated revenues.

Due Date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Business Manager

STATE OF NEW MEXICO

ALAMOGORDO MUNICIPAL SCHOOL DISTRICT SCHEDULE OF SECTION 12-6-5 NMSA 1978 FINDINGS (CONTINUED)

FOR THE YEAR ENDED JUNE 30, 2019

2019-007 DEFICIT CASH IN ACTIVITY FUND

TYPE OF FINDING: Non-Compliance

CONDITION

The activity fund "Chief of Staff" had a negative balance of \$117 as of June 30, 2019. The District should not have activity funds for employees. As recommended in the prior year, the District needs to analyze all fiduciary and activity funds and outside entities to follow New Mexico PED's regulations, PSAB No. 18, and in preparation for

the implementation of GASB 84 – Fiduciary Activities.

CRITERIA

Per Section 6-10-2 NMSA 1978, it is the duty of every public official or agency of this state that receives or disburses public money to maintain a cash record in which is entered daily, in detail, all items of receipts and disbursements of public money. The cash record shall be balanced daily to show the balance of public money on hand at the close

of each day's business.

Manual of Procedures Public School Accounting and Budgeting (PSAB) "Supplement 18 Student Activity and Athletics" states that "no activity fund account shall ever be permitted to incur a deficit. Financial records of student activity funds must be in accordance with general accepted accounting principles and an adequate internal control structure established and maintained, as well as audit trails, in the same manner as the school

district's regular funds."

EFFECT

Inadequate controls over cash management of the activity funds could result in overspent accounts and in a violation of the state anti-donation laws and other requirements. A negative balance in one fund creates an

unallowed loan from another fund.

CAUSE

Previous Administration and Finance employees set up these funds and allowed overspent funds without

accountability.

RECOMMENDATION

The District should evaluate and ensure that internal controls on activities fund accounts are in accordance with PSAB No. 18. All personnel and staff involved in the activity funds should be re-trained to understand their roles

and responsibilities under PSAB No. 18 and GASB 84.

MANAGEMENT RESPONSE

Corrective Action: The Business Manager will work with Management to perform a review of all fiduciary and activity funds to ensure that the District is following New Mexico Public Education Department Regulations, PSAB

No. 18, and is prepared for the implementation of GASB 84 – Fiduciary Activities.

Due Date of Completion: December 2019

Responsible Party: Business Manager, Fiduciary Fund/Activity Fundholders

118

STATE OF NEW MEXICO

ALAMOGORDO MUNICIPAL SCHOOL DISTRICT SCHEDULE OF SECTION 12-6-5 NMSA 1978 FINDINGS (CONTINUED)

FOR THE YEAR ENDED JUNE 30, 2019

2019-008 COMPLIANCE WITH SCHOOL PERSONNEL ACT

TYPE OF FINDING: Non-Compliance

CONDITION

We tested a random sample of 40 payroll transactions and noted the following exception: Teacher contracts were not executed 10 days or more prior to the first day of classes for SY18-19 for 13 out of 28 employees for which

this attribute was applicable (12 of 40 items in the sample were substitutes or new hires).

CRITERIA

Per NMAC 6.20.2.11 Internal Control Structure Standards, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in

accordance with GAAP.

22-10A-23(B) NMSA 1978 states that delivery of the written acceptance of reemployment by a certified school instructor creates a binding employment contract between the certified school instructor and the local school board or the governing authority of the state agency until the parties enter into a formal written employment contract. Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties not later than ten days before the first day of a

school year.

EFFECT

The District is at higher risk for misappropriation of assets if it is unable to confirm that pay rates have been approved by management. The District may be at higher risk that classrooms and other services are not staffed as planned. Additionally, the District is not in compliance with Section 22-10A-32 Item A, NMSA 1978.

CAUSE

This may be due to turnover in the Human Resources Department and a lack of controls over compliance in this

area.

RECOMMENDATION

Management should perform a risk assessment and design and implement strong controls over payroll

compliance.

MANAGEMENT'S RESPONSE

Corrective Action: The Director of Human Resources will ensure that the contract execution deadlines are met. The Collective Bargaining Agreement salary schedules will be verified against the salary schedules used in the accounting software and on contract documents. Increased use of technology systems, coupled with enhanced

staff oversight, will allow greater transparency, accuracy and timeliness of documentation processes.

Due Date of Completion: Already implemented

Responsible Party: Director of Human Resources

119

STATE OF NEW MEXICO ALAMOGORDO MUNICIPAL SCHOOL DISTRICT EXIT CONFERENCE JUNE 30, 2019

The contents of this report were discussed, in a closed session, on November 13, 2019 with Alamogordo Municipal School District. The following individuals were in attendance:

Alamogordo Municipal School District

Angela M. Cadwallader, Vice President, Board of Education Colleen Tagle, Deputy Superintendent for Support Services and Human Resources Bryan Runyan (K12 Accounting) MaryAnn Mayton, Community Representative, Audit Committee

Jaramillo Accounting Group LLC (JAG)

Scott Eliason, CPA, Partner

Jaramillo Accounting Group (JAG) assisted in the preparation of the financial statements presented in this report. The District's management has reviewed and approved the financial statements, the schedule of expenditures of federal awards, and related notes and they believe that their records adequately support the financial statements.

CORRECTIVE ACTION PLAN

November 15, 2019

US Department of Education

Alamogordo Municipal School District respectfully submits the following corrective action plan for the year ended June 30, 2019.

Name and address of independent public accounting firm:

Jaramillo Accounting Group LLC 4700 Lincoln Rd. NE Albuquerque, New Mexico 87109

Audit period:

June 30, 2019

The findings from the June 30, 2019 Schedule of Findings and Questioned Costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS - FINANCIAL STATEMENT AUDIT

SIGNIFICANT DEFICIENCY

2019-003 (PREVIOUSLY REPORTED AS 2017-002) ACCOUNTING SOFTWARE ACCESS - SEGREGATION OF DUTIES (REPEATED AND MODIFIED)

RECOMMENDATION

Finance and HR management should work with IT personnel to regularly review user access control, so that users have only those roles that are necessary, and do not have any incompatible roles. Also, we recommend that the District utilize the Administration Access, User Roles, User Security, and Workflow Configuration (such as Payroll User Roles) functionalities to improve controls where needed. The District needs consulting with the software company to evaluate and re-build user access with greater limitations. Users should never change their own access. IT personnel should not have "write" access to functions within accounting modules.

MANAGEMENT RESPONSE

Corrective Action: The Director of Human Resources and Business Manager will work with Technology Support to review the current access to the accounting software and determine any changes that need to be made. A written process will be created and utilized to assign user rights and access. A User Rights Profile document will be created and used to assign access rights for new employees, transferred employees, and terminated employees. A separate person will cross check the user rights after they have been entered in the accounting software to ensure accurate entry.

The Technology Department, in conjunction with the Director of Human Resources and Business Manager, will conduct a semi-annual review of the personnel who have access rights to the accounting software and work to correct any discrepancies.

The District will work with the software provider to develop user roles and access to ensure a separation of duties.

Due Date of Completion: January 30, 2020

Responsible Party: Directors of Human Resources, Business and Finance, and Technology Support Services

MATERIAL WEAKNESS

2019-001 (PREVIOUSLY REPORTED AS 2018-002) INTERNAL CONTROLS OVER THE PAYROLL DISBURSEMENT TRANSACTION CYCLE (REPEATED AND MODIFIED)

RECOMMENDATION

There should be a week in between the pay period end and the pay day in order to leave time for quality reviews. Administration should analyze the risks and troubleshoot any problems. The District should consider moving to paying once or twice a month instead of every two weeks. Then they should design and implement stronger controls, including continued monitoring.

MANAGEMENT RESPONSE

Corrective Action: The District hired a new Business Manager in February 2019 to take control over the Finance Department, including the payroll department. The new Business Manager reviewed existing policies and procedures and helped determine the role of each department to ensure that all processes and procedures were completed timely and efficiently.

The new Business Manager provides oversite on all transactions and corrections made in the payroll department and since taking control of the finance department has significantly reduced/eliminated the need for supplementary payrolls and correcting journal entries. The new business manager employed a team to work with Program Managers to ensure that they planned their annual budgets for the next fiscal year to avoid mid-year changes in payroll funding.

Due date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Business Manager, Director of Human Resources

MATERIAL NON-COMPLIANCE

2019-004 (PREVIOUSLY REPORTED AS 2018-010) SALARIES PAID IN ADVANCE (REPEATED)

RECOMMENDATION

The District is encouraged to change the payroll payment schedule so that the District is not at risk for paying employees for services not rendered. For instance, the District can pay employees on the last day of the month for the services performed for that month.

MANAGEMENT RESPONSE

Corrective Action: The District has negotiated with the Union regarding potential options to correct the pay dates to ensure that prepayments of contracts is not occurring.

Due Date of Completion: Based on conversations with the Union, this will be address beginning in FY21.

Responsible Party: Director Human Resources, Superintendent

MATERIAL WEAKNESS and MATERIAL NON-COMPLIANCE

2019-002 TRANSPORTATION RIDERSHIP REPORTING

RECOMMENDATION

The New Mexico State Auditor's Office, PED, and law enforcement have already been contacted to investigate further. We recommend training on internal controls and compliance, and paths to report unethical behavior beyond the Superintendent. We also recommend adding the New Mexico State Auditor's website hotline to campus sites, internal website, external website, trainings, posted around the District, etc.

MANAGEMENT'S RESPONSE

Corrective Action: Upon learning about this situation, the District's current Administration reported the potential violations to the New Mexico State Auditor's Office and Law Enforcement - Further investigation will ensue. The District has since brought the transportation "in-house" and will ensure correct reporting going forward.

Due Date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Director of Transportation

FINDINGS - FEDERAL AWARD PROGRAMS AUDIT

SIGNIFICANT DEFICIENCY/NON-COMPLIANCE

2019-005 (PREVIOUSLY REPORTED AS 2017-005) STUDENT NUTRITION - VERIFICATION AND ELIGIBILITY (REPEATED AND MODIFIED)

RECOMMENDATION

We recommend that the District develops procedures to make sure verification calculations are correct. The District needs to ensure it uses all information provided as part of the verification process. Regular pay should be calculated for the year, and then the District needs include bonuses and overtime, if not sporadic, to get to a gross amount. In situations where household changes or income changes become aware the District should ask for a new application to be completed. Families that do not qualify should not receive free and reduced meals.

MANAGEMENT RESPONSE

The District will analyze all aspect of documents in the calculation of gross income when verifying eligibility.

Corrective Action: Continued familiarity with Eligibility Guidelines as set forth by the USDA, FNS.

Due Date of Completion: The District feels that this finding has been addressed as of the date of this response.

Responsible Party: Student Nutrition Coordinator

If the US Department of Education has questions regarding this plan, please call me at 575-812-6000.

Sincerely yours,

Jerrett Perry, Superintendent

APPENDIX C

BOOK-ENTRY-ONLY SYSTEM

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor and the Underwriters believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The District and the Underwriters cannot and do not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption notices or other notices to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption notices or other notices to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do

not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments, with respect to the Bonds, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained. Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor Securities depository). In that event, Bond certificates will be printed and delivered to bond holders.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District, the Financial Advisor and the Underwriters believe to be reliable, but none of the District, the Financial Advisor or the Underwriters take any responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Direct or Indirect Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Bond Order will be given only to DTC.

Effect of Termination of Book-Entry-Only System

In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the District, printed Bonds will be issued to the holders and the Bonds will be subject to transfer, exchange and registration provisions as set forth in the Resolution and summarized under "The Bonds" below in this Official Statement.

REPLY TO SANTA FE OFFICE

_____, 2020

An opinion in substantially the following form will be delivered by Cuddy & McCarthy, LLP, Bond Counsel, upon delivery of the Bonds, assuming no material changes in facts or law.

ALAMOGORDO MUNICIPAL SCHOOL DISTRICT NO. 1 GENERAL OBLIGATION SCHOOL BONDS SERIES 2020

We have acted as Co-Bond Counsel in connection with the issuance by the Alamogordo Municipal School District No. 1, County of Otero, State of New Mexico ("Issuer"), of its General Obligation School Bonds, Series 2020 ("Bonds") in the aggregate principal amount of \$_______. We have examined those portions of the Constitution and laws of the State of New Mexico considered by us to be relevant to this opinion, we have reviewed certified copies of the proceedings of the Issuer and documents authorizing the release of the Bonds, including the form of Bond approved by the Issuer. We have acted as Co-Bond Counsel for the Issuer for the sole purpose of rendering an opinion with respect to the validity of the Bonds under the Constitution and laws of the State of New Mexico, as to which an opinion is rendered herein, and for no other reason or purpose.

We have not been engaged nor have we undertaken to review the accuracy, completeness, or sufficiency of any offering material relating to the Bonds, and we express no opinion relating thereto. We have not been requested to investigate or verify, nor have we independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Issuer, and we have not assumed and do not assume any responsibility with respect thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that under existing law:

	, 2020
Page 2	

- 1. The Bonds have been authorized, issued, and delivered in accordance with the Constitution and laws of the State of New Mexico, and constitute valid and legally binding general obligations of the Issuer.
- 2. All taxable property within the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds, to the extent the necessary funds are not provided from other sources.
- 3. The interest on the Bonds is excluded from net income for New Mexico State income tax purposes.
- 4. We express no opinion as to any federal tax consequences resulting from the ownership, carrying, or disposition of the Bonds, and in particular, no opinion is expressed as to the excludability of interest on the Bonds from the gross income of the holders, for federal tax purposes.

Except as stated above, we express no opinion as to any other federal, state, or local tax consequences of acquiring, carrying, owning, or disposing of the Bonds. Further, we express no opinion as to the federal, state, or local tax consequences arising from the enactment of any pending or future legislation.

We note that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

Very truly yours,

[An opinion in substantially the following form will be delivered by McCall, Parkhurst & Horton L.L.P., Co-Bond Counsel, upon the delivery of the Bonds, assuming no material changes in facts or law.]

ALAMOGORDO MUNICIPAL SCHOOL DISTRICT NO. 1 GENERAL OBLIGATION SCHOOL BONDS **SERIES 2020**

We have acted as Co-Bond Counsel in connection with the issuance by the Alamogordo Municipal School District No. 1 (the "Issuer"), of its General Obligation School Bonds, Series 2020 in the aggregate principal amount of \$_____ (the "Bonds"). We have examined those portions of the Constitution and laws of the State of New Mexico considered by us relevant to this opinion, certified copies of the proceedings of the Issuer and other documents authorizing and relating to the issuance of the Bonds, including the form of the Bonds approved by the Issuer. We have acted as Co-Bond Counsel for the Issuer for the sole purpose of rendering an opinion with respect to the validity of the Bonds under the Constitution and laws of the State of New Mexico and with respect to the application to the Bonds of those provisions of the Internal Revenue Code of 1986, as amended (the "Code"), as to which an opinion is rendered herein and for no other reason or purpose.

We have not been engaged nor have we undertaken to review the accuracy, completeness or sufficiency of the Official Statement provided to us or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement) and we express no opinion relating thereto (excepting only the matters set forth as our opinion in the Official Statement), nor have we been requested to investigate or verify, nor have we independently investigated or verified any records, data or other material relating to the financial condition or capabilities of the Issuer and have not assumed any responsibility with respect thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The Bonds have been authorized, issued and delivered in accordance with the Constitution and laws of the State of New Mexico and constitute valid and legally binding general obligations of the Issuer.

- 2. All taxable property within the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.
- 3. Except as discussed below, the interest on the Bonds is excludable from the gross income of the owners for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of this opinion. We further are of the opinion that the Bonds are not "specified private activity bonds" and that accordingly, interest on the Bonds will not be included as an individual alternative minimum tax preference item under Section 57(a)(5) of the Code. In expressing the aforementioned opinions, we have relied on, and assume compliance by the Issuer with, certain representations and covenants regarding the use and investment of the proceeds of the Bonds. We call your attention to the fact that failure by the Issuer to comply with such representations and covenants may cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds.

Except as stated above, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Bonds, including the amount, accrual or receipt of interest on, the Bonds. In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation. Owners of the Bonds should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Bonds.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the Issuer as the taxpayer. We observe that the Issuer has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

4. The interest on the Bonds is excluded from net income for New Mexico state income tax purposes.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

Respectfully,
