LEGAL OPINIONS: In the opinions of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Bond Counsel, under existing law and assuming continuous compliance with certain covenants in the documents relating to the Bonds and the Notes and requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Bonds and the Notes is excluded from gross income for federal income tax purposes, is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals. Bond Counsel is further of the opinion that the Bonds and the Notes and the income from the Bonds and the Notes are exempt from all taxation by the State of New Mexico (the "State") or any political subdivision of the State. Bond Counsel expresses no opinion regarding other federal income tax consequences relating to the accrual or receipt of interest on the Bonds and the Notes.

DATE OF DELIVERY: When, as and if issued, through DTC's facilities, on or about July 20, 2020.

DATED DATE: July 20, 2020.

INTEREST: Accrues from Date of Delivery.

INTRODUCTION

The Santa Fe Public School District, Santa Fe County, New Mexico (the "District") sold its \$15,000,000 General Obligation School Building Bonds, Series 2020 (the "Bonds") and its \$11,000,000 General Obligation Education Technology Notes, Series 2020 (the "Notes") on June 16, 2020. This Official Statement provides information regarding the Bonds and Notes, their security, and the risks involved in an investment in the Bonds and Notes.

Although the District has approved this Official Statement, it does not intend it to substitute for competent investment advice, tailored to a particular individual's situation.

The Issuer

The District is a political subdivision of the State of New Mexico (the "State") organized for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries. The District encompasses almost all of Santa Fe County, New Mexico (the "County") located in the north central part of the State. The District's boundaries encompass all of the City of Santa Fe, New Mexico (the "City") and certain unincorporated portions of the County. The District's 2019 assessed valuation is \$6,935,690,753. The District had an enrollment of 11,724 students for the 2019-20 school year based on the 40th day count, which includes charter school enrollment of 383. See "THE DISTRICT" herein.

Security

The Bonds are general obligations of the District payable from general (ad valorem) property taxes which are required to be levied against all taxable property within the District without limitation of rate or amount. The Notes are secured by rent payments (the "Rent Payments") made pursuant to a Lease Purchase Arrangement (the "Lease") with The Education Technology Leasing Company, LLC (the "Lessor"), which are general obligations of the District, payable from general (ad valorem) property taxes which are required to be levied against all taxable property in the District without limitation as to rate or amount. The Lessor has assigned the Rent Payments received from the District (as lessee) to the Paying Agent/Registrar for payment to the owners of the Notes. The District's obligation to make Rent Payments under the Lease is considered a binding general obligation of the District payable from general (ad valorem) property taxes which are required be levied against all taxable property in the District without limitation as to rate or amount. See APPENDIX F - "LEASE PURCHASE ARRANGEMENT" herein.

Neither the State nor County has any responsibility to pay the debt service on the Bonds or the Notes.

The Bonds represent the forth series issued against \$100 million in bonds authorized by voters at an election held on February 7, 2017. After the issuance of the Bonds no bonds authorized by the voters at such election shall remain unissued. Proceeds of the Notes will be used for the purpose of (1) securing funds for financing education technology equipment for learning and administrative use in schools and related facilities within the District or any other use pursuant to the Education Technology Equipment Act Section 6-15A-1 et seq., NMSA 1978, as amended, and (2) paying costs of issuance of the Notes. COVID-19

Infection Disease Outbreak – COVID-19

A respiratory disease named "coronavirus disease 2019" ("COVID-19") has recently spread to most parts of the world, including New Mexico and throughout the U.S. On March 11, 2020, COVID-19 was declared a pandemic by the World Health Organization. Following the World Health Organization's declaration of the outbreak of COVID-19 as a pandemic, state and local governments, including the State of New Mexico, have announced orders, recommendations and other measures intended to limit the size of public gatherings and regulate public spaces intended to minimize interpersonal contact and slow the spread of COVID-19.

On March 11, 2020, New Mexico Governor Michelle Lujan Grisham issued Executive Order 2020-004, declaring a state of public health emergency and directing State agencies to use all resources necessary to prepare for and respond to the outbreak. On March 13, 2020, President Donald Trump declared a national emergency to unlock federal funds to help states and local

governments fight the pandemic. Governor Lujan Grisham and New Mexico Department of Health Secretary Kathyleen Kunkel have issued additional orders that, among other things, order the closure of all public schools, businesses and non-profit entities except for those deemed essential, advise the public to stay home except for necessary outings, and direct that hotels, motels, RV parks, and other places of lodging shall not operate at more than 25% of maximum occupancy and prohibit mass gatherings. Beginning June 1st, New Mexico entered the next phase of reopening that allows the previously mentioned places, restaurants and gyms to operate at a 50% capacity and the opening of hair salons, indoor malls, tattoo parlors and massage services to open at a 25% capacity. There can be no assurance that additional restrictions applicable to lodging occupancy, travel, mass gatherings, or other matters won't be imposed. Please visit Governor Lujan Grisham's website, www.governor.state.nm.us, for any additional executive orders issued by Governor Lujan Grisham related to COVID-19.

The New Mexico Department of Health provides information relating to COVID-19 and related developments in the State of New Mexico on its website, <https://cv.nmhealth.org/>. The information presented on the NMDOH website is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds. References to website addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such websites and the information or links contained therein are not incorporated into, and are not part of, this Supplement.

Potential Impact of COVID-19

The current spread of COVID-19 is altering the behavior of businesses and people in a manner that may have negative effects on economic activity, and therefore adversely affect the financial condition of the District, either directly or indirectly. The District cannot predict (i) the duration or extent of the COVID-19 outbreak/pandemic; (ii) the duration or expansion of public health orders, regulations or legislation, mandated or voluntary business closings, travel restrictions or warnings; (iii) the extent or duration of the negative effects that any COVID-19 or other outbreak/pandemic-related orders, regulations, legislation, restrictions or warnings will have on the local or global economy; (iv) the duration of lodging occupancy and travel restrictions or (v) the extent of the adverse financial impact that such circumstances or economic effects will have on ad valorem property tax collections or the District's financial condition. In addition, financial markets in the United States and globally have experienced significant volatility or declines in connection with the COVID-19 which may have a material impact on the market price and marketability of the Bonds and Notes .

Measures taken to prevent or reduce the spread of COVID-19 could limit the growth of or reduce economic activity in the State and the District, which in turn could limit the growth of or reduce the District's ad valorem collections or negatively affect property values within the District. The Bonds are secured by an unlimited ad valorem tax, and the Notes are secured by Rent Payments made pursuant to the Lease, which are general obligations of the District, payable from general (ad valorem) property taxes which are required to be levied against all taxable property in the District without limitation as to rate or amount. Any reduction in the property values within the District may require an increase in the ad valorem tax rate required to pay such obligations. The duration, extent and impact of COVID-19 on the New Mexico economy and the District's revenues, expenses, cash flow and property tax valuations is uncertain and cannot be quantified at this time. The District continues to monitor the spread of COVID-19 and is working with local, state, and national authorities to address the potential impact of the COVID-19 pandemic upon the District. While the potential impact of the COVID-19 pandemic on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition. Notwithstanding the foregoing, the District does not believe that the impacts of the spread of COVID-19 will have a material adverse effect on its ability to pay debt service on the Bonds or the Notes.

During the 2020 special legislative session which ended on June 22, 2020, the legislature reduced the state budget by adjusting various accounts, swapping cash for debt, eliminating or reducing some capital outlay projects, drawing down half of the state's reserves and taking credit for approximately one billion dollars of federal CARES Act money, and other emergency funding. The result is that the fiscal year 2021 budget was reduced approximately seven hundred sixty million dollars. The special session budget submitted to the governor for approval is at seven billion down from the seven billion six hundred thousand dollar budget approved during the regular 2020 legislative session. It is expected that the budget will be signed by the Governor.

The financial data contained herein are the latest available, but are as of dates and periods prior to the economic impact of COVID-19.

THE BONDS AND THE NOTES

State law enables the District to issue the Bonds pursuant to Sections 6-15-1 through 6-15-22, NMSA 1978. The New Mexico Attorney General will provide an opinion with respect to the Bonds. On April 21, 2020, the District's Board of Education (the "Board") delegated, pursuant to a Notice of Sale and Delegation of Authority Resolution (the "Delegation Resolution"), permitted by Section 6-14-10.2, NMSA 1978, pricing of the Bonds and certain other matters to the District's Superintendent, who approved the "Bond Award" on June 16, 2020 (together with the Delegation Resolution, the "Bond Resolution"), which contains the final terms of sale and completes the sale of the Bonds.

State law enables the District to issue the Notes pursuant to Section 6-15A-1 through Section 6-15A-17, NMSA 1978. As the delegation authority applicable to the Bonds does not extend to the Notes, the Board, on June 16, 2020, approved a resolution relating to the Notes (the "Note Resolution") allowing the sale of the Notes. The Notes are payable from periodic Rent Payments composed of principal and interest components which are secured by the full faith and credit of the District and payable thereby from general (ad valorem) property taxes which are levied against all taxable property in the District without limitation as to rate or amount. The Form of the Notes are attached to the Lease as APPENDIX F to this Official Statement. The Notes are issuable as fully registered Notes and when initially issued will be registered in the Name of Cede & Co., as nominee of the Depository Trust Company, New York, New York ("DTC"). The New Mexico Attorney General will not provide an opinion with respect to the Notes.

As long as DTC or its nominee is the registered owner of the Bonds and the Notes, reference in the Official Statement to registered owner will mean Cede and Co., and payments to DTC participants are the responsibility of DTC. See "The BONDS AND THE NOTES – Book-Entry-Only System" BOKF, NA or its successor is the Paying Agent/Registrar for the Bonds and Notes.

General Terms and Description of the Bonds and Notes

The Bonds and Notes will bear interest at the rates and mature in the amounts and on the dates shown in the applicable table appearing on the inside front cover of this Official Statement. The Notes maturing on August 1, 2023 have been bifurcated and bear interest at two different interest rates as shown on the cover page of this Official Statement. Interest on the Bonds and the Notes is payable each February 1 and August 1, commencing February 1, 2021. All Bonds and Notes are fully registered in denominations of \$5,000 or integral multiples thereof in conformance with the Constitution and laws of the State and pursuant to the Bond Resolution and the Note Resolution, respectively. Bond and Note payments are made to the DTC, and DTC will then remit the payments to its participants for disbursement to the beneficial owners of the Bonds and the Notes. See "BOOK-ENTRY-ONLY SYSTEM" in APPENDIX C.

Paying Agent/Registrar

BOKF, NA will serve as Paying Agent/Registrar for the Bonds and Notes. In the Bond Resolution and the Note Resolution respectively, the District covenants to provide a Paying Agent/Registrar at all times until the Bonds and the Notes are paid, and any Paying Agent/Registrar selected by the District shall be a commercial bank, a trust company, a financial institution or any other entity, as provided by State law, duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar. The registration books for the Bonds and Notes will be maintained by the Paying Agent/Registrar containing the names and addresses of the registered owners of the Bonds and Notes. In the Bond Resolution and Note Resolution, the District retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, such Paying Agent/Registrar, promptly upon the appointment of a successor, is required to deliver the registration books to the successor paying agent/registrar. In the event there is a change in the Paying Agent/Registrar for the Bonds and Notes the District has agreed to notify each registered owner of the Bonds and the Notes affected by the change by United States mail, first-class postage prepaid, at the address in the registration books, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar.

Optional Prior Redemption

The Bonds

The Bonds maturing on or after August 1, 2029 may be redeemed prior to their scheduled maturities on August 1, 2028 or on any date thereafter, in whole or in part, at the option of the District, with funds derived from any available and lawful source, at the redemption price of par, plus accrued interest to the date fixed for redemption. If less than all of the Bonds are to be redeemed, the District shall determine the amounts and maturities thereof to be redeemed and shall direct the Paying Agent/Registrar to select by lot the Bonds, or portions thereof, to be redeemed.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption have been met and moneys sufficient to pay the principal of and interest on the Bonds to be redeemed shall have been received by the Paying Agent/Registrar prior to the giving of such notice of redemption, such notice shall state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such moneys by the Paying Agent/Registrar on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient moneys are not received, such notice shall be of no force and effect, the District shall not redeem such Bonds and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

The Paying Agent/Registrar must, by first class mail, give redemption notices to the registered owners of the affected Bonds and to DTC and information services not less than 30 days prior to the redemption date. ANY NOTICE OF REDEMPTION SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN IRRESPECTIVE OF WHETHER ONE OR MORE BONDHOLDERS FAILED TO RECEIVE SUCH NOTICE. NOTICE HAVING BEEN SO GIVEN, THE BONDS CALLED FOR REDEMPTION SHALL BECOME DUE AND PAYABLE ON THE SPECIFIED REDEMPTION DATE, AND NOTWITHSTANDING THAT ANY BOND OR PORTION THEREOF HAS NOT BEEN SURRENDERED FOR PAYMENT, INTEREST ON SUCH BOND OR PORTION THEREOF SHALL CEASE TO ACCRUE.

No transfer of Bonds called for redemption shall be made within 30 days of the date of redemption.

The Notes

The Notes are not subject to optional redemption by the District prior to their stated maturity date.

Limited Book-Entry Responsibilities

The District and the Financial Advisor have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds and Notes.

The District and the Financial Advisor cannot and do not give any assurances that DTC will distribute payments to DTC Participants or that DTC Participants or others will distribute payments with respect to the Bonds and Notes received by DTC or its nominees as the holder or any redemption notices (related to the Bonds) or other notices to the beneficial holders, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement. See APPENDIX C - "BOOK-ENTRY-ONLY SYSTEM".

If the Paying Agent/Registrar gives proper redemption notice (related to the Bonds) and the Paying Agent/Registrar holds money to pay the redemption price of the affected Bonds, then on the redemption date the Bonds called for redemption will become due and payable. Thereafter, no interest will accrue on those Bonds, and their owners' only right will be to receive payment of the redemption price upon surrender of those Bonds to the Paying Agent/Registrar.

While the Bonds and the Notes remain under the Book-Entry-Only System, the Paying Agent/Registrar will send notices only to DTC. Any problems from DTC through its system to the beneficial owners of the Bonds will not affect the validity of the Bond redemption or any other action based on the Paying Agent/Registrar's notice. Investors in the Bonds might consider arranging to receive redemption notices (relating to the Bonds) or other communications from DTC which affect them, including notice of interest payments. See "BOOK-ENTRY-ONLY SYSTEM" in APPENDIX C.

Record Date

The Record Date for the Bonds and Notes with respect to any interest payment date is the fifteenth day of the month (whether or not a business day) immediately preceding the interest payment date. The person in whose name any Bond or Note is registered on any Record Date with respect to any interest payment date shall be entitled to receive the interest payable thereon on such interest payment date notwithstanding any transfer or exchange thereof subsequent to such Record Date and prior to such interest payment date.

Transfers and Exchanges

Registered Bond and Note owners may surrender and transfer their Bonds and Notes, respectively in person or by duly authorized attorney, at the office of the Paying Agent/Registrar. They must complete an approved transfer form and pay any taxes or governmental charges which apply to the transfer. As explained below, while DTC is the securities depository for the Bonds and Notes, it will be the sole registered owner of the Bonds and Notes.

SECURITY AND REMEDIES

The Bonds are general obligations of the District payable from general (ad valorem) property taxes which are required to be levied against all taxable property within the District without limitation of rate or amount. The Notes are secured by Rent Payments which are general obligations of the District paid from general (ad valorem) property taxes which are required to be levied against all taxable property in the District without limitation as to rate or amount.

The District must use all of the property taxes collected for debt service, and any other legally available funds, to pay the debt service on the Bonds and Notes and other general (ad valorem) outstanding debt.

Various State laws and constitutional provisions apply to the assessment and collection of ad valorem property taxes. Future legislative changes relating to the assessment and collection of ad valorem property taxes may have a material impact on the District.

Limitations of Remedies

There is no provision for acceleration of maturity of the principal of the Bonds or Notes in the event of a default in the payment of principal or interest on the Bonds and Notes. Consequently, remedies available to the owners of the Bonds and Notes may need to be enforced from year to year.

The enforceability of the rights and remedies of the owners of the Bonds and Notes, and the obligations incurred by the District in issuing the Bonds and Notes, are subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor's rights generally, now or hereafter in effect; usual equity principles that may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the owners of the Bonds and the Notes to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

NEW MEXICO SCHOOL DISTRICT ENHANCEMENT PROGRAM

The State Legislature amended NMSA 1978, Section 22-18-1 et seq. in the first session of 2003 by adding Section 22-18-13 which became effective July 1, 2003. Section 22-18-13 was further amended in 2007 and provides that, if the school district indicates that it will not make the payment by the date on which it is due, the New Mexico Department of Finance and Administration (“DFA”) shall forward the amount in immediately available funds necessary to make the payment due on the bonds to the paying agent from the current fiscal year’s undistributed State Equalization Guarantee (“SEG”) distribution to that school district and, if not otherwise repaid by the school district from other legally available funds, withhold the distributions from the school district until the amount has been recouped by the DFA, provided that, if the amount of the undistributed SEG distribution in the current fiscal year is less than the payment due on the bond, the DFA shall:

1. forward in immediately available funds to the paying agent an amount equal to the total amount of the school district’s undistributed SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold all distributions to the school district for the remainder of the fiscal year; and
2. on July 1 of the following fiscal year, forward in immediately available funds an amount equal to the remaining amount due to the paying agent from that year’s SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold an equal amount from the distribution to the school district until the amount paid has been recouped in full.

The provisions above apply to all State school districts.

To qualify for the New Mexico School District Enhancement Program, Section 22-18-13 NMSA 1978 requires filing the authorizing bond resolution, bond offering documents and contact information for the paying agent for the bonds with DFA. **Failure to file such information will not invalidate the obligation of the State Treasurer to pay the bond payment and withhold the SEG distribution.** Withholding of the SEG distribution may affect the District’s ability to continue to operate.

On June 19, 2018, Moody’s downgraded the sale-level enhanced ratings on all outstanding New Mexico school district debt to “Aa3” (stable outlook) from “Aa2” (negative outlook).

The District will qualify the bonds under the enhancement program, however, the District is not seeking a rating from Moody’s in connection therewith.

The New Mexico School District Enhancement Program does not apply to the Notes.

DEBT AND OTHER FINANCIAL OBLIGATIONS

Article IX, Section 11 of the New Mexico Constitution limits the powers of a district to incur general obligation debt extending beyond the fiscal year. The District can incur such debt for the purpose of erecting, remodeling, making additions to and furnishing school buildings or purchasing or improving school grounds, to purchase computer software and hardware for student use in public schools, to provide matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of these purposes but only after the proposition to create any such debt has been submitted to a vote of the qualified voters of the District, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the District may not exceed 6% of the assessed valuation of the taxable property within the District as shown by the last preceding general assessment. The issuance of refunding bonds does not have to be submitted to a vote of the qualified electors of the District.

The District also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the District, but any such debt is subject to the 6% debt limitation.

The assessed valuation of taxable property within the District is \$6,935,690,753 for tax year 2019, as approved by the State of New Mexico Taxation and Revenue Department, Property Tax Division. The maximum general obligation indebtedness of the District may not exceed 6% of the assessed valuation or \$416,141,445.

After the Bonds and Notes are issued, the ratio of total outstanding general obligation debt of the District to the 2019 assessed valuation will be no greater than 2.74% as summarized in the following table:

	<u>2019</u>
2019 Assessed Valuation	\$6,935,690,753

(1) Estimated actual valuation is computed by adding the exemptions to the assessed valuation and multiplying the result by three.

(2) The cash balance for the debt service fund was \$34,321,240 as of 4/30/2020.

The amount properly attributable to principal reduction is 78.56%.

Tax Rates

Article VIII, Section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax status on residential property in Santa Fe County for tax year 2019 and the previous four years.

Yield Control Limitation

State law limits property tax increases from the prior property tax year. Specifically, no taxing entity may set a rate or impose a tax (excluding oil and gas production ad valorem and oil and gas production equipment ad valorem taxes) or assessment which will produce revenues which exceed the prior year's tax revenues from residential and non-residential property multiplied by a "growth control factor." The growth control factor is the percentage equal to the sum of (a) "percent change I" plus (b) the prior property tax year's total taxable property value plus "net new value", as defined by statute, divided by such prior property tax year's total taxable property value, but if that percentage is less than 100%, then the growth control factor is (a) "percent change I" plus (b) 100%. "Percent change I" is based upon the annual implicit price deflator index for State and local government purchases of goods and services (as published in the United States Department of Commerce monthly publication entitled "Survey of Current Business," or any successor publication) and is a percent (not to exceed 5%) that is derived by dividing the increase in the prior calendar year (unless there was a decrease, in which case zero is used) by the index for such calendar year next preceding the prior calendar year. *The growth control factor applies to authorized operating levies and to any capital improvements levies, but does not apply to levies for paying principal and interest on public general obligation debt, including the Bonds and Notes.*

Developments Limiting Residential Property Tax Increases

In an effort to limit large annual increases in residential property taxes in some areas of the State (particularly the City and Taos areas which historically experienced large increases in residential property values), an amendment to the uniformity clause (Article VIII, Section 1) of the New Mexico Constitution was proposed during the 1997 Legislative Session. The amendment was submitted to voters of the State at the general election held on November 3, 1998 and was approved by a wide margin.

The amendment directs the State Legislature to provide for valuation of residential property in a manner that limits annual increases in valuation. The New Mexico limitation may be applied to classes of residential property taxpayers based on occupancy, age or income. Further, the limitations may be authorized statewide or at the option of a local jurisdiction and may include conditions for applying the limitations.

Bills implementing the constitutional amendment were enacted in 2001 and were codified as Sections 7-36-21.2, NMSA 1978 and 7-36-21.3, NMSA 1978. ("Section 7-36-21.3")

Section 7-36-21.2, NMSA 1978 establishes a statewide limitation on residential property valuation increases beginning in tax year 2001 (the "Statutory Valuation Cap on Residential Increases"). Annual valuation increases are limited to 3% over the prior year's valuation or 6.1% over the valuation from two years prior. Subject to certain exceptions, these limitations do not apply:

1. To property that is being valued for the first time;
2. To physical improvements made to the property in the preceding year;
3. When the property is transferred to a person other than a spouse, or a child who occupies the property as his principal residence and who qualifies for the head of household exemption on the property under the Property Tax Code;
4. When a change occurs in the zoning or use of the property; and
5. To property that is subject to the valuation limitations under Section 7-36-21.3.

On March 28, 2012, the New Mexico Court of Appeals upheld the constitutionality of a law capping residential valuation increases until a home changes ownership. The plaintiff appealed the case to the New Mexico Supreme Court which upheld the constitutionality of the law. The State Legislature has brought up the issue of the disparity in valuations in the past several years, but has not enacted any of the bills into law. To the extent that court or legislative action is taken or a further constitutional amendment is passed amending the valuation provisions, it could have a material impact on the valuation of residential property in the District.

Section 7-36-21.3 places a limitation on the increase in value for property taxation purposes for single-family dwellings occupied by low-income owners who are 65 years of age or older or who are disabled. The statute fixes the valuation of the property to the valuation in the year that the owner turned 65 or became disabled. The Section 7-36-21.3 limitation does not apply:

1. To property that is being valued for the first time;

2. To a change in valuation resulting from physical improvements made to the property in the preceding year; and
3. To a change in valuation resulting from a change in the zoning or permitted use of the property in the preceding year.

Tax Collections

General (ad valorem) taxes for all units of government are collected by the county treasurer and distributed monthly to the various political subdivisions to which they are due.

Property taxes are due in two installments. The first half installment is due on November 10 and becomes delinquent on December 10. The second half installment is due on April 10 and becomes delinquent on May 10.

Collection statistics for all political subdivisions for which each county treasurer collects taxes are presented below:

THE DISTRICT

The District is a political subdivision of the State organized for the purpose of operating and maintaining an education program for school-age children residing within its boundaries.

Currently the District operates and maintains a variety of facilities in meeting its obligation to provide an educational program within its boundaries that cover 1,016 square miles.

The District is the fifth largest district in the State with a 2019-20 student enrollment of 11,724, which includes charter school enrollment of 383. The District operates 30 school sites - 2 comprehensive high schools, 3 alternative high schools, an International Baccalaureate (IB) school which serves grades 7-12, 3 middle schools, 15 elementary schools and 5 K-8 community schools. In addition, within the District there is 1 district charter school and 5 State charter schools. The District's educational program additionally includes vocational, technical and occupational training.

School District Powers

The District's powers are subject to regulations adopted by the New Mexico Public Education Department ("PED"). Pursuant to an amendment to Article XII, Section 6 of the New Mexico Constitution, adopted at a special election held September 23, 2003, the Secretary of Education (the "Secretary") is the governing authority and has control, management, and direction of all public schools pursuant to power provided by law. The Secretary further exercises supervision and authority over the PED. Generally, the powers of the Secretary and the PED include determining policy regarding operations of all public schools, designating courses of instruction, adopting regulations, determining qualifications for teachers, counselors and their assistants, and prescribing minimum educational standards. The Secretary may order the creation or consolidation of school districts.

Management

The District Board (the "Board"), subject to regulations of PED, develops educational policies for the District. The Board employs a superintendent of schools, delegates administrative and supervisory functions to the superintendent, fixes the superintendent's salary, has the capacity to sue and be sued, contracts, leases, purchases and sells property for the District, acquires and disposes of all property, provides for the repair and maintenance of the District's property, and adopts regulations pertaining to the administration of all powers or duties of the Board. Members serve without compensation for four-year terms of office and are elected in non-partisan elections held every two years on the first Tuesday in November. The current District Board members are:

The Superintendent of Schools is selected by and serves at the discretion of the Board. All other staff members are selected by the Superintendent. The current administrative staff is:

Dr. Veronica C. Garcia, Superintendent. Dr. Veronica C. Garcia has extensive experience working in the policy arena in various capacities, including serving as Executive Director for NM Voices for Children, Executive Director of the New Mexico Coalition

of School Administrators, and New Mexico's first Cabinet Secretary of Education. As Cabinet Secretary of Education, she advocated for the passage of many educational reforms including the state's Pre-K Act, Hispanic Education Act, programs that extend the school year for at-risk children (K-3 Plus), and rigorous academic standards that were recognized nationally. She also pushed for a comprehensive approach to educational reform by advocating for increased funding for programs such as school-based health clinics, breakfast in the schools, and elementary physical education. Under her leadership, the State garnered top rankings for school reform, accountability systems, increased teacher quality, data quality, health and wellness policies, parental involvement, and college and career readiness.

Dr. Garcia has also served as the Executive Director of NM Voices for Children, a State children's advocacy organization that champions policies meant to improve child well-being in the areas of education, health, family economic security, and racial and ethnic equity. During her time as Executive Director of NM Voices for Children, she fully integrated the organization's two major work areas—the KIDS COUNT program and the Fiscal Policy Project—which resulted in the creation of the NM KIDS are COUNTing on Us policy campaign, a blueprint for improving child well-being. Her decades of work within the state's K-12 education system has also included teaching in the classroom, serving as principal and regional superintendent in the Albuquerque Public Schools, and serving as associate superintendent and superintendent of the District. Dr. Garcia has received numerous awards including: the National Governor's Association Award for Excellence in State Government, New Mexico Superintendent of the Year, New Mexico Coalition of Educational Leaders Hall of Fame, and the Life Time Achievement Award in Education from Hispanic Magazine. She is a native Spanish speaker and received her doctorate in Educational Leadership from the University of New Mexico. She is a local, national and international keynote speaker having delivered more than a thousand speeches and addresses in her career. Her dissertation, "Ethical Relational Leadership: A New Framework for the Professional Development of Educational Leaders," has been used by many in the field. Dr. Garcia has written a chapter ("Education 2050") in the soon-to-be released book titled *New Mexico 2050*, published by the University of New Mexico Press.

German Martinez, Chief Financial Officer. German received his Bachelor's Degree from the University of Utah in 2009, and his Master's Degree in Business Administration with a focus in Finance from NM Highlands University in 2015. He is a licensed Business Manager for the state of New Mexico, and is certified as an Administrator for School Finance and Operations by the International Association of School Business Officials. German has worked in public finance for education for the past 9 years as an accountant, business manager, and director of finance. He is proficient in various accounting software applications as well as multilingual (Spanish and Portuguese).

Insurance

The District is a member of the New Mexico State Public School Insurance Authority (the "Insurance Authority") which was established to provide a comprehensive liability and casualty insurance program for school districts, board members and public school employees in the State. The Insurance Authority provides risk-related insurance to the District such as workman's compensation, property and casualty insurance, general automobile and fire insurance and general liability insurance for the District, its property, the Board, and employees.

Energy Obligations

During 2016, District Board approved a unique financing agreement which provided \$2,962,734 to construct solar array fields at two school sites. The funding was provided by the New Mexico Finance Authority ("NMFA") through the issuance of the Energy Efficiency and Renewable Energy Bonds, Series 2016A. These bonds are special limited obligations of NMFA, and are payable with pledged revenue, which includes money transferred by the PED from deductions to the SEG distribution of the District. The amount of savings the District expects to gain from the project is designed to be approximately 11% more than the reduction, making for a positive net impact on the District's finances.

Intergovernmental Agreements

The District has entered into various joint powers' agreements with other governmental entities in the State which permit all the governmental entities to jointly provide certain equipment purchases and other services cooperatively. The agreements allow the District to "piggyback" onto price agreements and use Cooperative Purchasing entities such as CES (Cooperative Educational Services) and multi-district agreements to purchase food for the District's Student Nutrition Program. Without these procurement vehicles, the District would have to procure these services on their own and most likely would not receive the same discounts as they do when collaborating with other districts.

School Property

Currently, the District operates and maintains a variety of facilities in meeting its obligations to provide an educational program for the school-aged children residing within its boundaries. The District operates 30 school sites - 2 comprehensive high schools, 3 alternative high schools, an International Baccalaureate (IB) school which serves grades 7-12, 3 middle schools, 15 elementary schools and 5 K-8 community schools. In addition, within the District there is 1 district charter school and 5 state charter schools. The District owns the land upon which school buildings and facilities are located which includes two district administration buildings, a maintenance shop and custodial center, a student nutrition warehouse and numerous vehicles. The District owns a fleet of buses which are used only to transport students to and from school and school activity events. The replacement value of all school facilities and equipment for insurance purposes is estimated to be over \$261 million.

Student Enrollment

The District's student enrollment for the current and previous four years is detailed below.

	2015-16	2016-17	2017-18	2018-19 ⁽¹⁾	2019-20

1) The decline in enrollment is expected to be from the Recession of 2007, which resulted in less babies being born and in turn have seen enrollment steadily decline ever since.

Accreditation

All of the District's high schools are accredited by the North Central Association of Schools and Colleges (the "Association") A voluntary organization of school improvement agencies that is also known as Cognia (previously known as AdvancED.) They serve approximately 32,000 public and private schools and school systems with over 20 million students across the United States and 70 countries. The District is subject to periodic monitoring by the Association to ensure continued compliance with accreditation standards.

FINANCES OF THE EDUCATIONAL PROGRAM

The basic format for the financial operation of the District is provided by the PED through the School Budget Planning Division which is directed by State law to supervise and control the preparation of all budgets of all school districts. The District receives revenue from a variety of local, State, and federal sources, the most important of which are described below. The State's public school finance laws are subject to review and examination through the judicial process, and are subject to legislative changes as well. As a result, the District cannot anticipate with certainty all of the factors which may influence the financing of its future activities. There is no assurance that there will not be any change in, interpretation of, or addition to the applicable laws, provisions, and regulations which would have a material effect, directly or indirectly, on the affairs of the District.

District Budget Process

Each year, the school district budget process begins with the educational appropriations passed by the State Legislature and signed into law by the Governor. The actual budget process follows specific steps set by the PED.

- Pursuant to instruction by the PED, the District must submit an operating budget for the next school year to the PED. If the District fails to submit a budget, the PED must prepare a District budget for the ensuing year. Upon written approval of the state superintendent, the date for the submission of the operating budget may be extended to a later date fixed by the state superintendent (Section 22-8-6).

- Before May 31 of each year, the District Board must hold a public hearing to fix the estimated budget for the next school year.
- Before June 20 of each year, the District must submit a balanced budget to the PED.
- On or before July 1 of each year, the PED must approve and certify an approved operating budget for use by the District Board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by the PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by the PED except upon the District's request to the PED. An instance in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, the PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year end. Total expenditures of any function category may not exceed categorical appropriations.

To conform with PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting except for State instructional material credit. State instructional material funds provide for free textbooks from the PED. As a result, budgets are not prepared in conformity with generally accepted accounting principles (GAAP), and budgetary comparisons are presented on the cash basis of accounting.

Sources of Revenue for General Fund

The General Fund is the primary operating fund of the District and accounts for all financial resources, except those required to be accounted for in other funds. The sources of revenue for the District's General Fund are:

Local Revenues. Local revenues are a minor source of revenue to the District composed, in part, by a property tax annually levied on and against all of the taxable property within the District for operational purposes. The levy is limited by State law to a rate of 50 cents for each \$1,000 of net taxable value of taxable property. Other sources of local revenues include interest income earned on the District's investments, rentals and sale of property and charges for service. In fiscal year 2019, the District received \$5,900,714 from local sources.

Federal Revenues. Another minor source of annual revenue for the District's General Fund is derived from federal grant funds related to vocational, special education, and various other programs and federal impact funds paid to the District in lieu of taxes on federal land located in the District. In fiscal year 2019, the District received \$193,778 in federal revenues for its General Fund.

State Revenues. The District's largest source of annual revenue is derived from the SEG payments described below. During fiscal year 2019, the District received \$99,186,776 from State sources. Such payments represented approximately 95% of actual fiscal year 2019 General Fund revenues.

State Equalization Guarantee

The State Legislature enacted State's current public school funding formula in 1974. Designed to distribute operational funds to local school districts in an objective manner, the funding formula is based upon the educational needs of individual students and costs of the programs designed to meet those needs. Program cost differentials are based upon nationwide data regarding the relative costs of various school programs, as well as data specific to the State. The objectives of the formula are (1) to equalize educational opportunity Statewide (by crediting certain local and federal support and then distributing State support in an objective manner), and (2) to retain local autonomy in actual use of funds by allowing funds to be used in local districts at the discretion of local policy making bodies. The formula is divided into three basic parts:

1. Educational program units that reflect the different costs of identified programs;

2. Training and experience units that attempt to provide additional funds so that districts may hire and retain better educated and more experienced instructional staff; and
3. Size adjustment units that recognize local school and community needs, economies of scale, types of students, marginal costs increases for growth in enrollment from one year to the next, and adjustments for the creation of new districts.

SEG payments are made monthly and prior to June 30 each fiscal year. The calculation of the distribution is also based on the local and federal revenues received from June 1 of the previous fiscal year through May 31 of the fiscal year for which the SEG payment is being computed. In the event that a district receives more SEG funds than its entitlement, the district must make a refund to the State's general fund.

Even though the current public school funding formula has been in place for more than three decades, some districts have indicated a concern about the fact that some districts receive less revenue per pupil compared to others. In response to these concerns, the State Legislature, the Governor, and the State Board of Education authorized an independent, comprehensive study of the formula that was conducted in 1996. In its principal finding the independent consultant concluded: "When evaluated on the basis of generally accepted standards of equity, the New Mexico public school funding formula is a highly equitable formula . . . [S]pending disparities are less than in other states and statistically insignificant."

Despite the acknowledged equity of the formula, the independent consultant pointed out a strong perception of unfairness in the so-called "density" factor and in the training and experience computations of some districts. As a result, the State Legislature enacted the following changes to the funding formula:

- Required that special education students be counted with regular students with "add-on" weights assigned depending upon the severity of the disability;
- Changed weights for special education ancillary services and included diagnosticians in ancillary services computations; and
- Repealed the so-called "density" factor and replaced it with an at-risk factor that is available to all school districts.

SEG payments to the District for the current and previous four fiscal years are as follows:

PED receives federal mineral-leasing funds from which it makes annual allocations to the District for purchasing instructional materials. In fiscal year 2019, the District received \$425,947 for textbook purchases.

The District is also reimbursed by the State for the costs of transporting pupils to and from school. These payments are based upon a formula consisting of the number of students per square mile that are transported. In fiscal year 2019, the District received \$4,161,230 for transportation purposes.

(1) In June 2012, the Government Accounting Standards Board ("GASB") issued Statement No. 68 Accounting and Financial Reporting for Pensions, which was later amended by GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date, each in an effort to improve accounting and financial reporting by state and local governments related to pensions. GASB Statement No. 68 requires reporting entities, such as the District, to recognize their proportionate share of the net pension liability and operating statement activity (Other Than Pension Plans) effective for the year ended June 30, 2019. The implementation of GASB 75 has created a restatement of the District's net position.

1) Academy for Technology and the Classics (the "Charter") is a component unit of the District, as defined by GASB, and has a separate governing board. This charter school does not issue separate financial statements. Charter schools, such as the Charter operate under the Senate Bill 192, Chapter 281, Laws of 1999 and are responsible for maintaining separate accounting records, and are component units of the school districts they

2) Includes amounts received from the Bond Building Fund, Capital Improvement's Education Tech Fund, Special Revenue Funds and Capital Projects Funds.

3) Prior to the 2014-15 fiscal year, the Santa Fe Public Schools adopted a Cash Balance policy to guarantee that the District has sufficient reserves to operate, yet did not withhold more than what was necessary to ensure a successful completion of its instructional mission. While a general decline in fund balance was observed within the last FY2018 increase in Fund Balance is attributable to increased State Funding and the sale of certain property of the District.

1) Prior to the 2014-15 fiscal year, the Santa Fe Public Schools adopted a Cash Balance policy to guarantee that the District has sufficient reserves to operate, yet did not withhold more than what was necessary to ensure a successful completion of its instructional mission. While a general decline in fund balance was observed within the last five years, there was not a single year where this occurred unintentionally and/or without the knowledge and direction of the board. FY2019 increase in Fund Balance is attributable to increased State Funding and the sale of certain property of the District. The District hit their cash balance target each of these years, including FY2018.

Debt Service Funds

The County Treasurer levies and collects debt service funds sufficient to retire bonded debt as it becomes due and payable. Such funds are distributed to the District and accounted for separately from operating funds. The District is allowed to utilize any lawfully available District funds if the collections are insufficient but such borrowings must be repaid from tax collections. Debt service funds may not be used for general operating purposes.

Capital Projects Funds

The Capital Projects Fund is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

- a) Public School Capital Improvements Act
The Capital Projects Fund is used to account for revenues received under provisions of the Public School Capital Improvements Act Section 22-25-1 et seq., NMSA 1978 for a period up to six years. The Act provides for imposition of a property tax to produce revenue for maintenance of capital improvements. The Act further provides that funds will be distributed by the State from the Public School Capital Improvements Fund to those school districts that impose the special property tax, provided that local collections are less than \$35 per mill imposed times the number of units generated by full-time equivalent students.
- b) Public School Buildings Act
The Capital Projects Fund is also used to account for the costs relating to erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving school grounds. Financing is provided through property taxes authorized by the voters for a period up to six years, as specified by the Public School Buildings Act Sections 22-26-1 et seq., NMSA 1978.
- c) Special Building State Appropriations
The State Legislature appropriates general fund and severance tax bond moneys on an annual basis to school districts throughout the state. This money is used for various capital outlay projects. The District accounts for the revenues received and corresponding expenditures in the Capital Projects Fund.
- d) General Obligation Debt Obligations
The Capital Projects Fund is used to account for the proceeds of bond issues such as the Bonds and the Notes. Bond and Note proceeds may be used to pay costs associated with the erecting, remodeling, making additions to, and furnishing school buildings and purchasing and improving school grounds, and purchasing computer software and hardware for student use in public school classrooms.

Fiduciary Funds

The District acts as an agent for the various organizations by facilitating collection of revenues and payments of expenses. Agency funds are custodial in nature and do not involve measurement of results of operations. These funds relate primarily to the various activities of the individual high schools, middle schools and elementary schools. While these funds are under the supervision of the District and enhance the District's educational programs, these are funds of the individual schools and/or their student bodies and are not available for use by the District.

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. In accordance with 6 NMAC 2.2, the District prepares financial information utilizing a standard chart of accounts. A list of specific funds may be obtained by requesting a copy of the complete 2018 Audited Financial Statements from the District.

Employees and Retirement Plan

The District employs 1,831 permanent employees of which 900 are certified educational staff (teachers/counselors) and 201 are classroom educational assistants for a total of 1,101 direct classroom employees.

Education Retirement Board Pension Plan

Substantially all of the District's full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board ("ERB") is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. The report may be obtained by written request to ERB, P.O. Box 26129, Santa Fe, New Mexico 87502. The report is also available on ERB's website at www.nmerb.org.

Contributions

The contribution requirements of defined benefit plan members and the District are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the State Legislature. For the fiscal years ended June 30, 2019 and 2018, the District paid employee and employer contributions of \$18,719,238 and \$17,818,308, respectively, which equal the amount of the required contributions for each fiscal year. For the fiscal years ended June 30, 2019 and 2018, the Charter paid employee and employer contributions of \$464,707 and \$419,156, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

At June 30, 2019, the District reported a liability of \$312,561,256 for its proportionate share of the net pension liability. At June 30, 2019, the Charter reported a liability of \$7,316,736 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. The roll-forward incorporates the impact of the new assumptions adopted by the ERB Board on April 21, 2017. There were no other significant events of changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2018. Therefore, the District's and Charter's portion was established as of the measurement date of June 30, 2018. The District's and Charter's proportion of the net pension liability was based on a projection of the District and Charter long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions at June 30, 2018, actuarially determined. At June 30, 2018, the District's proportion was 2.62848%, which was an increase of 0.00411% from its proportion measured at June 30, 2017. At June 30, 2018, the Charter's proportion was 0.06153%, which was a decrease of 0.00044% from its proportion measured at June 30, 2017. For the year ended June 30, 2019, the District recognized pension expense of \$43,742,162. For the year ended June 30, 2019, the Charter recognized pension expense of \$963,370.

On June 25, 2012, the Governmental Accounting Standards Board approved Statement No. 68 ("Statement No. 68") which addresses accounting and financial reporting for pensions that are provided to employees of State and local government employers through pension plans that are administered through trusts and also establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. According to Statement No. 68, the District, as a contributor to ERB, is required to recognize its proportionate share of the collective net pension liability, pension expense, and deferred inflows or outflows of resources of the cost-sharing, multi-employer plan with ERB. The District continues to assess the full extent of the effect of Statement No. 68 on the District's audited financial statements. Statement No. 68 was effective beginning with the fiscal year ending June 30, 2016 for the District.

In July 2012, the ERB adopted goals of achieving 95%, plus or minus 5% funded ratio by the year 2042. To achieve this goal, the State Legislature amended the Educational Retirement Act in the 2013 legislative session (Senate Bill 115; Chapter 61, Laws 2013). The amendments increased employee contributions for members whose salary exceeds \$20,000 per year to 10.1% in Fiscal Year 2014 and 10.7% in Fiscal Year 2015 (ERB members who make less than \$20,000 contribute 7.9% of their gross salary). The legislation also kept in place scheduled increases in employer contribution rates, created a new tier membership for persons who become members of the ERB Fund on or after July 1, 2013, created certain actuarial limitations on benefits of new tier members, placed limitations on future cost of living adjustments ("COLA") for current and future retirees which are tied to the future funded ratios of the Fund, and made certain other clarifying and technical changes.

In December 2013, the New Mexico Supreme Court (the "Court") in, *Barlett v. Cameron*, 316 P.3d 889 (N.M. 2013), rejected the claims of certain retired teachers, professors and other public education employees challenging the State constitutionality of Senate Bill 115 to the extent that it reduces the future amounts that all education retirees might receive as annual COLA. The Court held that Article XX, Section 22 of the New Mexico Constitution did not grant the retirees a right to an annual COLA based on the formula in effect on the date of their retirement for the entirety of their retirement. The Court held that in the absence of any contrary indication from the State Legislature, any future COLA to a retirement benefit is merely a year-to-year expectation that, until paid, does not create a property right under the New Mexico Constitution. Once paid, the COLA, by statute, becomes part of the retirement benefit, and a property right subject to those constitutional protections.

Post-Employment Benefits

The Retiree Health Care Act (“RHCA”) issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment healthcare plan. That report and further information can be obtained via written request to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107 or online at www.nmrhca.state.nm.us.

Section 10-7C-13 NMSA 1978 of the RHCA authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer’s RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998 are required to make contributions to the RHCA fund in the amount determined to be appropriate by the Board.

Section 10-7C-15 NMSA 1978 of the RHCA is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (State police and adult correctional officer member coverage plan 1; municipal police member coverage plan 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee’s annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee’s annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G), NMSA 1978, at the first session of the State Legislature following July 1, 2013, the State Legislature shall review and adjust the distributions pursuant to Section 7-1-6.1, NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the RHCA.

Contributions to the Fund from the District were \$1,530,874 for the year ended June 30, 2019. Contributions to the Fund from the Charter were \$37,285 for the year ended June 30, 2019.

The District believes it does not have any liability should the plan be underfunded. In the future, the District’s on-going contribution percentage may be increased.

Restatement Of Net Position – Adoption Of New Accounting Standard. The Governmental Accounting Standards Board (GASB) issued a new accounting pronouncement (Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans) effective for the year ended June 30, 2018. The implementation of GASB 75 has created a restatement of the District’s and Charter’s beginning net position.

As a cost-share employer participating the Retiree Health Care Authority (Plan or “RHCA”), the District is required to, and has included, in its June 30, 2019 financial statements, the pro rata share of the Plan’s collective “Net Retiree Healthcare Liability”. This share represents the difference between the Plan’s “Total Plan Liability” and the Plan’s “Net Plan Position”, reported at the market value of the investment assets.

TAX MATTERS

In the opinion of Modrall, Sperling, Roehl, Harris & Sisk, P.A., Bond Counsel, under existing law and assuming continuous compliance with certain covenants made by the District, the interest on the Bonds and Notes is excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and is not treated as an item of tax preference under Section 57 of the Code for purposes of the alternative minimum tax imposed on individuals. Bond Counsel is further of the opinion that the Bonds and Notes, and the income from the Bonds and Notes, are exempt from all taxation by the State or any political subdivision of the State. Bond Counsel will express no opinion regarding other federal or State income tax consequences resulting from the receipt or accrual of interest on the Bonds and Notes. Forms of Bond Counsel Opinions are attached hereto as APPENDIX D.

The opinion on federal tax matters will be based on and will assume continuous compliance with certain covenants of the District to be contained in respective transcripts of proceedings and that are intended to evidence and assure that the Bonds and Notes are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel has not and will not independently verify the accuracy of any of the certifications and representations made by the District.

The Code prescribes a number of qualifications that must be met and conditions that must be satisfied in order for the interest on state and local government obligations such as the Bonds and Notes to be and remain excluded from gross income for federal income tax purposes. Some of these provisions, including provisions for the rebate by the issuer of certain investment earnings to the federal government, require future or continued compliance after issuance of the obligations in order for the interest to be and continue to be so excluded from the date of issuance. Noncompliance with these requirements could cause the interest on the Bonds and Notes to be included in gross income for federal income tax purposes and thus to be subject to regular federal income taxes. The District covenants in the Bond Resolution and the Note Resolution to take all actions that may be required of it in order for the interest on the Bonds and Notes to be and remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion.

Under the Code, the exclusion of interest from gross income for federal income tax purposes can result in certain adverse federal income tax consequences on items of income or deductions for certain taxpayers, including among them financial institutions, insurance companies, recipients of Social Security and Railroad Retirement benefits, and those that are deemed to incur or continue indebtedness to acquire or carry tax exempt obligations. The applicability and extent of those or other tax consequences will depend upon the particular tax status or other items of income and expense of the owners of the Bonds and Notes. Bond Counsel expresses no opinion regarding such consequences.

Internal Revenue Service Audit Program

The Internal Revenue Service (the “Service”) has an ongoing program auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether the Service will commence an audit of the Bonds and/or Notes. If an audit is commenced, under current procedures the Service will treat the District as the taxpayer and the Bond and Note owners may have no right to participate in such procedure. None of the District, the Financial Advisor, Underwriter, Underwriter’s Counsel, Disclosure Counsel, or Bond Counsel is obligated to defend the tax-exempt status of the Bonds and Notes. However, the District has covenanted in the Bond Resolution and the Note Resolution not to take any action that would cause the interest on the Bonds and Notes to lose its exclusion from gross income, except to the extent described above, for the owners thereof for federal income tax purposes. None of the District, the Financial Advisor, Underwriter, Underwriter’s

Counsel, Disclosure Counsel, or Bond Counsel is responsible to pay or reimburse the costs of any Bond and Note owner with respect to any audit or litigation relating to the Bonds and Notes.

Existing law may change to reduce or eliminate the benefit to Bondholders and Noteholders of the exclusion of interest on the Bonds and Notes from gross income for federal income tax purposes. Any proposed legislation or administrative action, whether or not taken, could also affect the value and marketability of the Bonds and the Notes. Prospective purchasers of the Bonds and the Notes should consult with their own tax advisors with respect to any proposed or future changes in tax law.

Original Issue Premium

The Bonds and Notes were offered at a premium (“original issue premium”) over their principal amount. For federal income tax purposes, original issue premium is amortizable periodically over the term of a Bond and Note through reductions in the holders’ tax basis in the Bond and Note for determining taxable gain or loss from sale or from redemption prior to maturity. Amortizable premium is accounted for as reducing the tax-exempt interest on the Bond and Note rather than creating a deductible expense or loss. Holders of Bonds and Notes offered at an original issue premium should consult their tax advisor for an explanation of the amortization rules.

LITIGATION

In the opinion of various officials of the District, except as disclosed in this Official Statement, there is no litigation or other proceeding pending against or, to their knowledge, threatened against the District in any court, agency, or administrative body contesting the validity of the Bonds and Notes or the use of Bond and Note proceeds, the corporate existence of the District or the titles of its officers or contesting or affecting the District’s ability to receive taxes that could be used for Bond and Note payments.

At the time of the original delivery of the Bonds and Notes, the District will deliver a no-litigation certificate to the effect that no litigation or administrative action or proceeding is pending or, to the knowledge of the appropriate officials, threatened, restraining or enjoining, or seeking to restrain or enjoin, the issuance and delivery of the Bonds and Notes, the effectiveness of the Bond Resolution and Note Resolution, the levying or collection of taxes to pay the principal of and interest on the Bonds and Notes or contesting or questioning the proceedings and authority under which the Bonds and Notes have been authorized and are to be issued, sold, executed or delivered, or the validity of the Bonds and Notes.

Legal Matters Relating to State education System

Two lawsuits have been filed challenging the funding of the State’s primary and secondary education system. In March 2014, individual plaintiffs in New Mexico District Court in McKinley County brought suit against the State, among others, alleging, among other things, that the State’s educational funding formula violates the sufficiency of education and uniform system of public schools provision of the New Mexico Constitution and asks the court for injunctive relief ordering the State to develop a budget and funding formula that sufficiently, uniformly and equitably funds the public school system. In April 2014, individual plaintiffs in New Mexico District Court in Santa Fe County brought suit against the State, among others, alleging, among other things, that the State has failed to provide a sufficient and uniform system of education in violation of the sufficiency, uniformity, equal protection and due process provisions of the New Mexico Constitution because of an inadequate and arbitrary funding system.

The two lawsuits were consolidated in 2015. The lawsuits asked for a declaratory judgment and injunctive relief requiring the adoption of a school finance system to remedy these violations. Neither lawsuit asked for a specific award of damages. The consolidated cases were tried in 2017. On July 20, 2018 the District Court entered its Decision which concluded that the State has failed to provide educational funding sufficient to meet its obligations under Article XII, §1 of the New Mexico Constitution, the state Constitution’s Equal Protection Clause and its Due Process Clause with respect to “at risk” students. The District Court entered a Declaratory Judgment as to the Constitutional violations and an Injunction directing the state to take immediate steps, prior to April 15, 2019, to provide sufficient resources to “at risk” students. In response, during the 2019 Regular Session, the Legislature increase public school funding by approximately \$400 million. The court has not indicated whether this will be sufficient to satisfy the requirements of the Judgment. The Decision is expected to continue to affect future funding for all school

age students. It is premature to assess what ongoing effect these lawsuits may have on the State's school financing system, or the District.

RATINGS

S&P Global Ratings ("S&P") assigned a rating of "AA" with a negative outlook to Bonds and Notes, without regard to any enhancement program. These ratings reflect only the views of such rating agencies, and an explanation of the significance of the ratings may be obtained only from each rating agency. Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the Santa Fe Public Schools (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents. We have also audited the financial statements of the governmental activities of the discretely presented component unit, presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining financial statements as of and for the year ended June 30, 2019, as listed in the Table of Contents. We have also audited each major fund, the aggregate remaining fund information, and the respective budgetary comparisons of the following discretely presented component unit: Academy for the Technologies and the Classics, presented as supplementary information, as defined by the Government Accounting Standards Board, in accompanying combining and individual nonmajor fund financial statements as listed in the Table of Contents as of and for the year ended June 30, 2019.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those

risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the District as of June 30, 2019, and the respective changes in financial position, and the respective budgetary comparisons for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information and the respective budgetary comparisons of the following component unit (Academy of Technology and Classics) as of June 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for the placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America requires the Schedule of the District's Proportionate Share of the Net Pension Liability, Schedule of the District's Pension Contributions, Schedule of the District's Proportionate Share of the Net OPEB Liability, and Schedule of the District's Retiree Health Care Contributions on pages 56 - 60, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Board of Education
Santa Fe Public Schools and
Mr. Brian Colón, Esq.
New Mexico State Auditor

Other Information

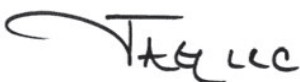

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the schedules required by NMAC 2.2.2 (Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds, Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investment Accounts, and the Schedule of Cash Reconciliation), and other information, such as the Introductory Section and Corrective Action Plan, which are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards, and the schedules required by NMAC 2.2.2 (Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds, Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investment Accounts, and the Schedule of Cash Reconciliation), are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the Schedule of Expenditures of Federal Awards, and the schedules required by NMAC 2.2.2 (Schedule of Changes in Fiduciary Assets and Liabilities – Agency Funds, Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investment Accounts, and the Schedule of Cash Reconciliation), are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory Section and the Corrective Action Plan has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2019 on our consideration of the Santa Fe Public School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Santa Fe Public School's internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019**

Amounts reported for governmental activities in the Statement of Activities are different because:

Net changes in fund balances - total governmental funds	\$ (9,150,757)
District pension and OPEB contributions	12,251,305
Additional GASB 68 and 75 pension and OPEB expenses	(54,030,366)
Increase in accrued compensated absences	(47,485)
Decrease in unavailable revenue related to property tax receivable	353,338

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which capital outlays exceed depreciation for the period.

Depreciation expense	(20,528,877)
Capital expenditures recorded in capital outlays	41,006,263
Loss on disposal of capital assets	-

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. In addition, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.

Proceeds of Long Term Debt	(44,924,150)
Adjustment to Long Term Debt Proceeds	(840,962)
Change in bond premiums	2,090,164
Decrease in accrued interest payable	(350,113)
Principal payments on debt	<u>30,650,694</u>

Changes in Net Position - Total Governmental Activities **\$ (43,520,946)**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Santa Fe Public School Board was created under the provision of Chapter 22, Article 5, Paragraph 4, New Mexico Statutes 1978 to provide public education for the children within the District. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the state of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected.

The School Board provides educational services to approximately 12,000 pupils. In conjunction with the regular educational programs, some of these schools offer special education. In addition, the School Board provides transportation and school food services for the students.

The financial statements of Santa Fe Public Schools (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

A. Reporting Entity

In evaluating the District as a reporting entity, management has addressed all potential Component Unit for which the District may be financially accountable and, as such, should be included within the District's financial statements. The District (the primary government) is financially accountable if (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the District. Organizations for which the District is not financially accountable are also included when doing so is necessary in order to prevent the District's financial statements from being misleading. Discretely presented Component Unit are reported in separate columns in the government-wide financial statements. Based upon the application of these criteria, the following is a brief review of the potential Component Unit addressed in defining the government's reporting entity:

Academy for Technology & the Classics is a Component Unit of the District, as defined by GASB Statement No. 14 and/or GASB Statement No. 39 and have a separate governing board. The Charter Schools do not issue separate financial statements. Charter schools operate under the Senate Bill 192, Chapter 281, Laws of 1999 and are responsible for maintaining separate accounting records, and are Component Units of the school districts they operate within. Academy for Technology & the Classics operates foundations as a Component Unit of the Charter School as defined by GASB Statements No. 14 and 39. See Note 16 for certain information on Charter School assets and liabilities.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities and changes in net position) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

GASB No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB No. 65, *Items Previously Reported as Assets and Liabilities*, amend GASB No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis for State and Local Governments*, to incorporate deferred outflows of resources and deferred inflows of resources in the financial reporting model.

Deferred outflows of resources – a consumption of net position by the government that is applicable to a future reporting period. It has a positive effect on net position, similar to assets.

Deferred inflows of resources – an acquisition of net position by the government that is applicable to a future reporting period. It has a negative effect on net position, similar to liabilities.

Net position – the residual of the net effects of assets, deferred outflows of resources, liabilities, and deferred inflows of resources.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Ad valorem taxes (property taxes) and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

Proprietary fund operating revenue, such as charges for service, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenue, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The agency funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt.

The District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the General Fund and the subgroup operating funds noted below, as well as the following funds:

Governmental funds include:

The *General Fund (Fund 11000)* is the primary operating fund of the District and accounts for all financial resources, except those required to be accounted for in other funds. In addition to Fund 11000, the following funds are subgroups of the operating fund:

The *Pupil Transportation Fund (Fund 13000)* is used to account for the State Equalization received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund (Fund 14000)* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. Each nonmajor special revenue fund is presented following the notes to the financial statements.

The *Title I Fund (24101)* is used to provide supplemental educational opportunity for academically disadvantaged children in the area of residing. Campuses are identified for program participation by the percentage of students on free or reduced-price lunches. Any school with a free and reduced-price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identifies a campus; educational need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Education. Authority for creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

The Debt Service Funds account for the services of long-term debt not being financed by proprietary or non-expendable trust funds. The following fund is a major debt service fund:

The Debt Service (Fund 41000) is used to account for the accumulation of resources for, and the payment of, GO Bond principal and interest.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Each nonmajor debt service fund is presented following the notes to the financial statements.

The Capital Projects Funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or non-expendable trust funds. The following fund is a major capital projects fund:

The *Bond Building Capital Projects Fund (Fund 31100)* is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

Capital Improvements HB-33 (31600) is used to account for monies received from the State of New Mexico under Chapter 4, Laws of 1996 for the purpose of erecting, remodeling, making additions to, providing equipment for or furnishing public school buildings, purchasing or improving public school grounds.

The *Education Technology Equipment Act Fund (31900)* – To account for proceeds of Education Technology Notes. The proceeds are restricted to the purchase of technology equipment for use in school classrooms.

Each nonmajor capital project fund is presented following the notes to the financial statements.

The Debt Service Fund is used to account for the accumulation of resources for the payment of long-term debt principal and interest.

The Fiduciary Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or student organizations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Private-sector standards of accounting and financial reporting issued prior to November 30, 1989, generally are followed in both the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The District has elected not to follow subsequent private-sector guidance.

Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I, IDEA-B, Charter Schools, and other State and Federal funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as bond building, SB-9 and special capital outlay funding to be used for

capital projects. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed. The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

D. Assets, Liabilities and Net Position or Equity

Cash and Temporary Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. There is no allowance for doubtful account in the current year. The District receives monthly income from a tax levy in Santa Fe County. The funds are collected by the County Treasurer and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the Santa Fe County Treasurer in July 2019 and August 2019 is considered measurable and available and, accordingly, is recorded as revenue during the year ended June 30, 2019.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities and Net Position or Equity (Continued)

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Instructional Materials: The New Mexico State Department of Education receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 70% is restricted to the requisition of material listed in the State Board of Education 'State Adopted Instructional Material' list, while 30% of each allocation is available for purchases directly from vendors, for which the school district receives cash draw-downs, or transfer to the 70% account for requisition of material from the adopted list.

Inventory: Inventory is valued at lower of cost (first-in, first-out) or market. Inventory in the Special Revenue Funds consists of USDA commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed. The U.S.D.A. commodities are recorded at year-end by audit adjusting entries. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories and deferred revenue. Non-commodity inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. No unearned revenue was recorded for unused commodity inventory as of June 30, 2019. Inventories in the Transportation Fund consisted of related supplies.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000, per Section 12-6-10 NMSA 1978, and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government-wide financial statements. However, infrastructure assets have not been included in the June 30, 2019 financial statements of Santa Fe Public Schools since the District did not own any infrastructure assets as of June 30, 2019. Information technology equipment, including software, is being capitalized and included in furniture and equipment as the District did not maintain internally-developed software. The District expenses the cost of library books when purchased. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction during the year ended June 30, 2019.

Capital expenditures made on the District's building construction projects by the New Mexico Public School Facilities Authority have been recorded as a revenue and expenditure in the fund financial statements and have been included as capital assets in the District's government-wide financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities and Net Position or Equity (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Land Improvements	20 years
Buildings	20-50 years
Building Improvements	7-30 years
Equipment	5-20 years
Furniture & Fixtures	20 years
Vehicles	5-12 years

Unearned Revenues: The District recognizes grant revenue at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as unearned revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be “available” under the current financial resource’s measurement focus are reported as unearned revenues in the governmental fund financial statements.

Compensated Absences: The District permits administrative employees to accumulate a limited amount of earned but not used vacation, which will be paid if not used, upon termination from the District. Accumulated sick leave benefits vest with each employee in accordance with the District policy. All vacation pay and applicable accumulated sick leave is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result from resignations and retirements. No liability is reported for unpaid accumulated sick leave, as no payment is required upon termination of service by employees.

Long-term Obligations: In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

For fund financial reporting, bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as another financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Plan (ERP) and additions to/deductions from ERP’s fiduciary net position have been determined on the same basis as they are reported by ERP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

D. Assets, Liabilities and Net Position or Equity (Continued)

Post-employment Benefits Other Than Pensions (OPEB): For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position or Fund Equity: Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

In the government-wide financial statements, fund equity is classified as net position and is displayed in three components:

Net investment in capital assets: Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net position are restricted for "debt service or capital projects."

Unrestricted Net Position: All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

The District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

In the governmental fund financial statements, fund balance is classified and is displayed in five components:

Nonspendable – Consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted – Consists of amounts that are restricted to specific purposes as a result of a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.

Committed – Consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities and Net Position or Equity (Continued)

Assigned – Consist of amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned – Represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

Reclassifications: Certain amounts presented in prior year data have been reclassified in order to be consistent with the current year's presentation.

Interfund Transactions: Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it, that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the District's financial statements include management's estimate of the useful lives of capital assets.

E. Revenues

State Equalization Guarantee: School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to ensure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Article 8, Section 22-8-25, NMSA 1978) is at least equal to the school district's program cost.

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education, 2) basic education, 3) special education, 4) bilingual-multicultural education, and 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance.

Tax Revenues: The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized when they are in the hands of the collecting agency. The District records only the portion of the taxes considered to be 'measurable' and 'available'. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

E. Revenues (Continued)

Property taxes attach an enforceable lien on property as of January 1. Tax notices are sent to property owners by November 1 of each year to be paid in whole or in two installments by November 10 and April 10 of each year. Santa Fe County collects County, City and School taxes and distributes them to each fund once per month, except in June when the taxes are distributed twice to close out the fiscal year.

Transportation Distribution: School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through 12 attending public school within the school district.

Instructional Materials: The New Mexico Public Education Department (PED) receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 70% is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while 30% of each allocation is available for purchases directly from vendors.

Federal Grants: The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operated under its own budget, which has been approved by the Federal Department or the flow through agency (usually the New Mexico Department of Education). The various budgets are approved by the Local School Board and the New Mexico Public Education Department.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report separate sections for deferred outflows/inflows of resources. These separate financial statement elements, deferred outflows/inflows of resources, represents a decrease/increase of net position that applies to a future period(s) and so will not be recognized as an outflow/inflow of resources (expense/expenditure or revenue/income) until then. In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the cash basis, excluding encumbrances, and secure appropriation of funds for only one year and reconciled to the modified accrual GAAP financial statements. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Actual expenditures may not exceed the budget on a line item basis, i.e., each budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series,' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

In April or May, the local school board submits to the District Budget Planning Unit (DBPU) of the New Mexico Public Education Department a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets submitted to the State of New Mexico Public Education Department (PED) by the District shall contain headings and details as described by law and have been approved by the PED.

In May or June of each year, the proposed "operating" budget will be reviewed and approved by the DBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the school district for the ensuing fiscal year.

The school board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.

The "operating" budget will be used by the District until they have been notified that the budget has been approved by the DBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the DBPU.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

Budgetary Information (Continued)

The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the PED.

Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the SBPU.

Legal budget control for expenditures is by major function.

Appropriations lapse at fiscal year-end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget of Santa Fe Public Schools has been amended during the current fiscal year in accordance with these procedures. The budget schedules included in the accompanying financial statements reflect the approved budget and amendments thereto.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a cash basis and are reconciled on a GAAP basis. Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board of Education may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico state law prohibits a Governmental Agency from exceeding an individual line item.

The accompanying Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis and reconciled to the GAAP basis.

NOTE 3. CASH AND TEMPORARY INVESTMENTS

State statutes authorize the investment of District funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2019.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

NOTE 3. CASH AND TEMPORARY INVESTMENTS (CONTINUED)

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than 100% of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on the Schedule of Collateral Pledged by Depository for Public Funds. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest-bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

Deposits. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for at least one half of the amount on deposit with the institution. The schedule presented below meets the requirements in reporting the insured portion of the deposits.

	First National Bank of Santa Fe	Wells Fargo	Morgan Stanley	Total

Custodial Credit Risk – Deposits: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2019, the District was exposed to custodial credit risk.

NOTE 3. CASH AND TEMPORARY INVESTMENTS (CONTINUED)

Investments. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. There are no Level 2 or Level 3 inputs.

As of June 30, 2019, the District had the following investments and maturities:

Investment Type (Level 1 inputs)	Fair Value
New MexiGROW LGIP	<u>\$ 78,640,200</u>

The New MexiGROW LGIP is invested in the following at June 30, 2019: 45% in US government agencies (27% fixed rate; 18% floating rate), 21% in Treasuries, 28% in repurchase agreements, and 6% in collateralized demand deposit accounts with qualified banking institutions.

Interest Rate Risk – Investments: The District does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates. The District’s investments were rated AAAM by Standard & Poors and have a weighted-average days to maturity (WAM) as follows: WAM(R) was 35 days and the WAM(F) was 112 days.

Concentration Credit Risk – Investments: For an investment, concentration credit risk is when any one issuer is 5% or more of the investment portfolio of the District. The investments in the State Pool LGIP Fund represent 100% of the investment portfolio. Since the District only purchases investment with the highest credit rating, the additional concentration is not viewed to be an additional risk by the District. The District’s policy related to concentration risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

The District's general obligation bonds were issued for the purposes of creating, remodeling, making additions to and furnishing school buildings, and purchasing and improving school grounds; payable solely from general property taxes that are levied against all taxable property in the District.

The District's Education Technology notes were issued for the purposes of purchasing technology equipment for use in school classrooms and are payable solely from the proceeds of their sale to a third-party. The bonds are payable out of the Debt Service Fund (Fund 41000). Interest payments are due semi-annually on August 1. Interest rates on the bonds range from 2% to 5%. Principal payments in varying amounts are due annually on August 1 through 2028. The notes are payable out of the Debt Service Fund (Fund 43000). Interest payments are due semi-annually on August 1. Interest rates range from .35% to 5%.

During 2016, Santa Fe Public School (SFPS) District Board of Education approved a unique financing agreement which provided \$2,962,734 to construct solar array fields at two (2) school sites. The funding was provided by the New Mexico Finance Authority (NMFA) issuance of 2016A Series Energy Efficiency and Renewable Energy Bonds. The Bonds are special limited obligations of NMFA, and are payable with pledged revenue, which includes money transferred by the Public Education Department from deductions to the State Equalization Guarantee (SEG) distribution of the District. The amount of savings the District expects to gain from the project is designed to be approximately 11% more than the reduction, making for an expected positive net impact on the finances.

NOTE 8. RISK MANAGEMENT

The District is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery, and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$750,000,000 for each property damage claim with a \$25,000 deductible per occurrence with a maximum annual deductible of 100,000. General liability coverage is afforded to all employees, volunteers, and Board members, and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$250,000 applies to Money and Securities, which include a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2019, there have been no claims that have exceeded insurance coverage.

NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD

Plan description. The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's comprehensive annual financial report. The report can be found on NMERB's Web site at https://www.nmerb.org/Annual_reports.html.

The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

The Plan is a pension trust fund of the State of New Mexico. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the plan. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined in Section 22-11-2, NMSA 1978. Employees of public schools, universities, colleges, junior colleges, technical-vocational institutions, state special schools, charter schools, and state agencies providing an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

Pension benefit. A member's retirement benefit is determined by a formula which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Summary of Plan Provisions for Retirement Eligibility. For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and earned service credit add up to the sum of 75 or more,
- The member is at least 65 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on, or after, July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 was refunded all member contributions and then becomes re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more,
- The member is at least 67 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Section 2-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements:

- The member's minimum age is 55 and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.
- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits.
- The member's age is 67 and has earned 5 or more years of service credit.

Forms of Payment. The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

Benefit Options. The Plan has three benefit options available:

- **Option A – Straight Life Benefit.** The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.

**STATE OF NEW MEXICO

NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

- **Option B – Joint 100% Survivor Benefit.** The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.
- **Option C – Joint 50% Survivor Benefit.** The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

Disability Benefit. An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA). All retired members and beneficiaries receiving benefits receive an automatic adjustment in their benefit on July 1 following the later of 1) the year a member retires, or 2) the year a member reaches age 65 (Tier 1 and Tier 2) or age 67 (Tier 3).

- Tier 1 membership is comprised of employees who became members prior to July 1, 2010.
- Tier 2 membership is comprised of employees who became members after July 1, 2010, but prior to July 1, 2013.
- Tier 3 membership is comprised of employees who became members on or after July 1, 2013.

As of July 1, 2013, for current and future retirees the COLA is immediately reduced until the Plan is 100% funded. The COLA reduction is based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.5%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.7%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

Refund of Contributions. Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

Contributions. For the fiscal years ended June 30, 2019 and 2018, educational employers contributed to the Plan based on the following rate schedule:

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2019	7-1-18 to 6-30-19	Over \$20K	10.70%	13.90%	24.60%	0.00%
2019	7-1-18 to 6-30-19	\$20K or less	7.90%	13.90%	21.80%	0.00%
2018	7-1-17 to 6-30-18	Over \$20K	10.70%	13.90%	24.60%	0.00%
2018	7-1-17 to 6-30-18	\$20K or less	7.90%	13.90%	21.80%	0.00%

The contribution requirements are established in statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2019 and 2018, the District paid employee and employer contributions of \$18,719,238 and \$17,818,308, respectively, which equal the amount of the required contributions for each fiscal year. For the fiscal years ended June 30, 2019 and 2018, the Charter paid employee and employer contributions of \$464,707 and \$419,156, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2019, the District reported a liability of \$312,561,256 for its proportionate share of the net pension liability. At June 30, 2019, the Charter reported a liability of \$7,316,736 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. The roll-forward incorporates the impact of the new assumptions adopted by the ERB Board on April 21, 2017. There were no other significant events of changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2018. Therefore, the District's and Charter's portion was established as of the measurement date of June 30, 2018. The District's and Charter's proportion of the net pension liability was based on a projection of the District and Charter long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions at June 30, 2018, actuarially determined. At June 30, 2018, the District's proportion was 2.62848%, which was an increase of 0.00411% from its proportion measured at June 30, 2017. At June 30, 2018, the Charter's proportion was 0.06153%, which was a decrease of 0.00044% from its proportion measured at June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$43,742,162. For the year ended June 30, 2019, the Charter recognized pension expense of \$963,370.

NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial assumptions and methods are set by the Plan’s Board of Trustees, based upon recommendations made by the Plan’s actuary. The Board adopted new assumptions on April 21, 2017 in conjunction with the six-year actuarial experience study period ending June 30, 2016. At that time, the Board adopted several economic assumption changes, including a decrease in the inflation assumption from 3.00% to 2.50%. The 0.50% decrease in the inflation assumption also led to decreases in the nominal investment return assumption from 7.75% to 7.25%, the assumed annual wage inflation rate from 3.75% to 3.25%, the payroll growth assumption from 3.50% to 3.00%, and the annual assumed COLA from 2.00% to 1.90%.

The long-term expected rate of return on pension plan investments was determined using a building-block approach that includes the following:

- Rate of return projections that are the sum of current yield plus projected changes in price (valuations, defaults, etc.)
- Application of key economic projections (inflation, real growth, dividends, etc.)
- Structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Equities	33%	
Fixed income	26%	
Alternatives	40%	
Cash	1%	
	<u>100%</u>	<u>7.25%</u>

Discount rate. A single discount rate of 5.69% was used to measure the total pension liability as of June 30, 2018. This rate is .21% less than the 5.90% discount rate used for June 30, 2017.

The June 30, 2018 single discount rate was based on a long-term expected rate of return on pension plan investments of 7.25%, and a municipal bond rate of 3.62%. Based on the stated assumptions and the projection of cash flows, the pension plan’s fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2050. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the 2050 fiscal year, and the municipal bond rate was applied to all benefit payments after that date.

The projections of cash flows used to determine the June 30, 2018 single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

NOTE 11. OTHER POST EMPLOYMENT BENEFITS (OPEB) – STATE RETIREE HEALTH CARE PLAN

Plan description. Employees of the District are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico. NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2018
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.50% for ERB; 2.25% for PERA
Projected payroll increases	3.50%
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non- Medicare medical plan costs and 7.5% graded down to 4.5% over 12 years for Medicare medical plan costs

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

Asset Class	Target Allocation	Long-Term Rate of Return
U.S. core fixed income	20%	2.1%
U.S. equity - large cap	20%	7.7%
Non U.S. - emerging markets	15%	10.2%
Non U.S. - developed equities	12%	7.8%
Private equity	10%	11.8%
Credit and structured finance	10%	5.3%
Real estate	5%	4.9%
Absolute return	5%	4.1%
U.S. equity - small/mid cap	3%	7.1%

NOTE 11. OTHER POST EMPLOYMENT BENEFITS (OPEB) – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

Discount Rate. The discount rate used to measure the Fund’s total OPEB liability is 4.08% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2029. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029. Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 4.08% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.08%) or 1-percentage-point higher (5.08%) than the **current discount rate**:

NOTE 12. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be allowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal counsel that the resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTE 16. COMPONENT UNIT

The following charter school was formed under NMSA 22-8A and as such are presented here as discrete Component Unit of Santa Fe Public Schools:

Academy for Technology & the Classics (ATC)

District management has determined that the charter school is a Component Unit under GASB Statement No. 61 since their operating budget and charter are presented and approved by the District's board and a financial burden exists upon closure of a school or when the school is in need of financial assistance. The charter school is considered a legally separate entity and has a separate board from the District board. The District does not appoint members of the charter school board. The New Mexico State Auditor has determined that a charter school is a major Component Unit of their respective Districts. Refer to previous footnotes for significant policies of the charter schools, as they are subject to the same State and Federal regulations and follow the same policies as the District. The following are summarized details of the charter school balances and transactions as of June 30, 2019 and for the year then ended:

In defining the reporting entity of ATC, management considered all possible Component Unit and it was determined (due to the significance of the relationship between the ATC Foundation, a non-profit corporation under the IRC Sec. 501(c)(3) and ATC), the Foundation qualified for inclusion in the financial statements of ATC as a blended Component Unit. This Component Unit has a separate appointed board and provides the building that houses ATC under the terms of a 30-year cancelable lease. For tax purposes, the ATC Foundation has a December 31 year-end.

COMPLIANCE SECTION

REPORT OF INDEPENDENT AUDITOR'S ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Education
Santa Fe Public Schools
Santa Fe, New Mexico and
Mr. Brian Colón, Esq.
New Mexico State Auditor
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of the Santa Fe Public Schools (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents. We have also audited the financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary comparisons for the general fund and major special revenue funds of the discretely presented component unit, presented as supplementary information, as defined by the Governmental Accounting Standards Board (GASB) as of and for the year ended June 30, 2019, as listed in the Table of Contents, and have issued our report thereon dated November 15, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be a material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in

The Board of Education
Santa Fe Public Schools and
Mr. Brian Colón, Esq.
New Mexico State Auditor

internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001 and 2019-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2019-003, 2019-004, 2019-005, 2019-006, and 2019-007.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that are required to be reported per Section 12-6-5 NMSA 1978 that we have described in the accompanying Schedule of Section 12-6-5 NMSA Findings as items 2019-008, 2019-009, 2019-010, 2019-011, and 2019-012.

District's Response to Findings

The District's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FEDERAL FINANCIAL ASSISTANCE

**REPORT OF INDEPENDENT AUDITOR'S ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Board of Education
Santa Fe Public Schools
Santa Fe, New Mexico and
Mr. Brian Colón, Esq.
New Mexico State Auditor
Santa Fe, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Santa Fe Public Schools' (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2019. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of law's regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

The Board of Education
Santa Fe Public Schools and
Mr. Brian Colón, Esq.
New Mexico State Auditor

Opinion on Each of the Major Federal Programs

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of non-compliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as items 2019-004, 2019-005, 2019-006, and 2019-007. Our opinion on each major federal program is not modified with respect to these matters.

The District's response to the non-compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

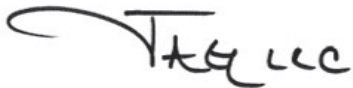

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The Board of Education
Santa Fe Public Schools and
Mr. Brian Colón, Esq.
New Mexico State Auditor

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items 2019-004, 2019-005, 2019-006, and 2019-007 that we consider to be a significant deficiency.

The District's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II A - FINANCIAL STATEMENT FINDINGS - DISTRICT

2019-001 INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING - DISTRICT

TYPE OF FINDING: Material Weakness

CONDITION

During the fiscal year, there was turnover in key Finance employees. Although the District is committed to training these employees, hiring new employees, and implementing changes in systems, the timing made it difficult to accomplish. As a result, during the course of the audit, we identified that the District's year-end financial close and reporting process has the following weaknesses:

- The capital asset roll-forward starting with prior year financial statement balances and capital asset depreciation schedules were not timely produced timely after year-end. Current year additions and deletions to the schedule and transfers from Construction in Progress (CIP) had not been performed, and capital outlay had not been reconciled.
- Long term debt roll-forward was not performed by the District-the audit team performed this procedure, which was reviewed by the District.
- Year-end investment balances were not properly reconciled and not all current year investment activity was properly recorded, which required a \$5 million audit adjustment to correct.
- Cash accounts were again not properly reconciled during the year (Finding 2019-008) and required hiring an outside contractor and a \$2 million adjustment to correct.
- The District provided incomplete and inaccurate Accounts Receivable listings and subsequent receipts population reports. This resulted in our identification of over \$4 million in audit adjustments to the funds.
- It appears reconciliation of requests for reimbursement (RfRs) for federal funds is not performed timely and the District did not prepare the Schedule of Expenditures of Federal Awards (SEFA) timely.
- The District was unable to find out from NM PED how to record their debt and asset transactions for construction of the campus expansion at ATC Charter School. The construction costs on the uncompleted project are recorded in the District's CIP, pending resolution of this matter.
- The NM Energy Efficiency Bond debt transactions were incorrectly reported (in FY 17-18)-the District recorded State Grant revenues rather than bond proceeds.
- The District did not provide journal entries to rollforward fund balances and net assets on the modified accrual and full accrual basis.

FOR THE YEAR ENDED JUNE 30, 2019**

SECTION II A - FINANCIAL STATEMENT FINDINGS (CONTINUED) - DISTRICT (CONTINUED)

2019-001 INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING - DISTRICT (CONTINUED)

CRITERIA

NMAC 6.20.2.12 requires that the District “create and maintain ... financial reports which facilitate the discharge of assigned responsibilities and monitors activities at each level of the organizational structure.”

New Mexico Manual of Procedures for Public School Accounting and Budget (PSAB), Supplement 5, Financial Statements. “The financial statements are the responsibility of the district. The IPA must provide the adjusting entries and supporting documentation to the district for any differences between the district’s records and the financial reports in the audit. The district should review and approve the audit draft prior to it being submitted to the state auditor.”

The State Auditor Rule (2.2.2, NMAC) requires the school district to maintain adequate accounting records to prepare financial statements in accordance with Generally Accepted Accounting Principles (GAAP), and cooperate with the Independent Public Accountant (IPA) by providing in a timely manner the information required to express an opinion on the agency’s financial statements. Districts should familiarize themselves with the contents of the annual audit. If the IPA prepares the financial statements, this fact must be disclosed in notes to the financial statements and may result in an audit finding if there is “ineffective oversight of the financial reporting and internal control processes by those charged by governance.” (Statement of Auditing Standards, SAS 115).

Financial Standards for New Mexico Public Schools and School Districts, 6.20.2.14 NMAC. “In accordance with GASB 34, school districts shall use a full accrual basis of accounting in preparation of annual financial statements and cash basis of accounting for budgeting and reporting.”

New Mexico Manual of Procedures for Public School Accounting and Budget (PSAB), Supplement 2, Internal Control Structure. “The Financial Management System (FMS) generally produces reports containing operational, financial, and compliance related information recorded on a cash basis of accounting, making it possible to efficiently manage the cash functions of the school district. Additional software is generally needed to convert from a cash basis to an accrual basis of accounting required by Generally Accepted Accounting Practices (GAAP) and Generally Accepted Governmental Auditing Standards (GAGAS).

EFFECT

There were material misstatements in the fund trial balances, and information submitted to PED. Additionally, bank reconciliations are key elements of internal control used to detect errors and to protect the assets of the District.

CAUSE

Turnover of key employees, lack of training, and ineffective internal controls relating to the financial close and reporting process.

FOR THE YEAR ENDED JUNE 30, 2019**

SECTION II A - FINANCIAL STATEMENT FINDINGS (CONTINUED) - DISTRICT (CONTINUED)

2019-001 INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING - DISTRICT (CONTINUED)

RECOMMENDATION

We recommend management evaluate all aspects of the financial close and reporting process and establish effective internal controls and procedures to ensure timely and accurate financial statements and supporting schedules. We highly recommend in-depth training on governmental accounting standards and systems such as GASB and COSO. We also recommend that the District track and record modified and full accrual entries separately for financial reporting purposes. Finally, we recommend reconciling all balance sheet accounts by fund every month and performing analytical reviews of the income statements within a week of the close of the previous month.

MANAGEMENT RESPONSE

Santa Fe Public Schools management worked diligently with the auditing firm to maintain milestones during the audit process. During audit committee meetings some items were identified as pending or not sufficient. However, progress was not deemed as a deficiency during audit committee meetings. Internal procedures have been developed to compile documentation related to reconciling worksheets, listings, and transactions that are required to maintain the quality of the audit process.

Corrective Action: The District will implement the following plan:

1. Develop a work plan for the audit process; include milestones and timelines for completion.
2. Compile documentation, worksheets, and draft templates during fiscal year prior to fiscal year end.
3. Timely review and submission of documents to auditor portal.

Due Date of Completion: June 30, 2020

SECTION II A - FINANCIAL STATEMENT FINDINGS (CONTINUED) - DISTRICT (CONTINUED)

2019-002 (PREVIOUSLY REPORTED AS 2018-004) BANK RECONCILIATIONS AND CLEARING ACCOUNTS - DISTRICT - REPEATED AND MODIFIED

TYPE OF FINDING: Material Weakness

CONDITION

During our cash testing, we noted the following exceptions:

- The District did not reconcile and adjust all cash accounts monthly.
- The District did not have cash balances and schedules ready for audit timely.
- The payroll clearing account had not been reconciled properly during the fiscal year; the District contracted assistance for reconciling which led to an audit journal entry net total of over \$2 million.
- Investment accounts were overstated by \$5 million due to improper recording of transfer from the investment accounts to the checking accounts.
- The net unlocated difference in cash accounts, in aggregate, is \$52,604 (cash is under stated).

The District made limited progress in this area during FY19.

CRITERIA

NMAC 6.20.2.11 states that every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization, and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

Per 6.20.2.11(B)(6) NMAC, and Regulation SBE-6, the reports sent to the New Mexico Public Education Department (PED) must agree to the general ledger. Per the New Mexico State Audit Rule, the audit report of each school district shall include a cash reconciliation schedule which reconciled the cash balance as of the end of the previous fiscal year to the cash balance at the end of the current fiscal year.

Per 6.20.2.14(G) NMAC, "clearing accounts or pooled accounts may be used to combine more than one fund in one bank account. Clearing accounts shall reconcile to a zero balance at the end of each month. Bank reconciliations for clearing accounts shall be completed on a monthly basis."

EFFECT

The District is not in compliance with laws and regulations. The audit could have been late.

CAUSE

The District experienced turnover in the Finance Department during the year. The District's controls over account reconciliations, review, and approval are not properly designed and implemented.

2019-002 (PREVIOUSLY REPORTED AS 2018-004) BANK RECONCILIATIONS AND CLEARING ACCOUNTS - DISTRICT - REPEATED AND MODIFIED (CONTINUED)

RECOMMENDATION

We recommend the District fully staff Finance positions, highly train the staff, and develop monthly close processes including a strong review and approval process.

MANAGEMENT RESPONSE

The District acknowledges that work needs to be done in this area and will incorporate the recommendations of the auditor into future practice. Variances of cash were a direct result of transactions between banks or journal entries incorrectly posted to reduce payroll liabilities and cash. These variances will be reviewed and reconciled according to bank reconciliation procedures.

Corrective Action: The District will implement the following plan:

1. Cross-functional training within Business Services to make the process more efficient, transparent and captures issues as they arise.
2. Management review of the work of the Comptroller, including renewed effort to enforce the requirement of signing off on all bank reconciliations on a monthly basis.
3. Timely submission of all bank transfers between accounts.
4. Implementation of procedures to properly process year end closing transactions.

**2019-003 (PREVIOUSLY REPORTED AS 2018-002A AND 2016-004A) BANK RECONCILIATIONS - ATC
CHARTER - REPEATED AND MODIFIED**

TYPE OF FINDING: Significant Deficiency

CONDITION

While progress was made on the timeliness of bank reconciliations, unreconciled differences between the general ledger and bank reconciliations existed on the months tested (March through June 2019). Through the audit testing, we identified that rent for June was recorded twice and the bank reconciliation process failed to detect the error, which was discovered by the audit process. The unreconciled differences in the operating account were reduced to \$2,032.

CRITERIA

Per NMAC 6.20.2.14 (K), all bank accounts shall be reconciled on a monthly basis. Reconciled bank statements are to be reviewed by the business manager and/or assistant superintendent for business administration.

EFFECT

The School could be misstating revenues and expenses when reporting budget amounts to the department and misstating the cash balance in its quarterly cash reports submitted to the department.

CAUSE

Bank reconciliations were not properly performed.

RECOMMENDATION

We recommend the School reconcile bank accounts monthly to the general ledger and that all reconciliations be properly reviewed.

MANAGEMENT RESPONSE

Corrective Action: We acknowledge there is a problem with the general ledger and bank balances and believe the problems have been remedied.

Due Date of Completion: Completed - bank reconciliations are being done on a monthly basis.

SECTION III - FEDERAL AWARDS FINDINGS - DISTRICT

2019-004 (PREVIOUSLY REPORTED AS 2018-006 AND 2017-003) 21ST CENTURY PAYROLL - DISTRICT - REPEATED AND MODIFIED

TYPE OF FINDING: Significant Deficiency/Non-Compliance

Federal program information:

Funding agency: U.S. Department of Education
Title: Twenty-First Century Learning Centers
CFDA Number: 84.287

CONDITION

During our Allowable Costs testing, we noted that overtime is charged to the grant without required documentation in the employees' personnel files describing how overtime will be paid. Employees did not sign agreement forms in 2019.

The District did not make progress on this finding in fiscal years 2018 and 2019.

CRITERIA

Statutory language on computing overtime pay in §778.415 through §778.421 allows flexibility. However, rates for overtime need to be agreed upon before performance of the work.

Twenty-first CCLC funds must be used in a manner consistent with all requirements of the Educational Department General Administrative Regulations (EDGAR), and 2 CFR 200, to support activities allowable under the 21st CCLC program. Expenditures should be pre-approved in the Budget Justification Form submitted to and approved by the PED prior to receiving the fully executed IGA/PSC for the current year, or pre-approved by submitting a budget adjustment request (BAR).

QUESTIONED COSTS

None

EFFECT

Additional compensation which is not supported with documentation showing hourly rates that will be paid and overtime rates that will be paid could be legally challenged. The expenses may not be in compliance with the planning and budgeting for expenditures and the deliverables in the Statement of Work agreement between the District and the New Mexico Public Education Department.

CAUSE

The District has a computerized system that builds a blended rate when two different hour rates are paid. A decision was made to discontinue use of blended rate and pay the highest rate for overtime purposes. This is allowable, but overtime rates need to be agreed upon, documented, and approved in writing before the work is performed.

RECOMMENDATION

We recommend maintaining agreements with employees' pay rates for additional compensation and overtime in the personnel files.

MANAGEMENT RESPONSE

The District acknowledges that work needs to be done in this area and will incorporate the recommendations of the auditor into future practice. All non-contractual pay will be planned and agreements will be established to ensure proper calculation of overtime.

Corrective Action: To ensure compliance, the District will implement the following plan:

1. Have every employee who agrees to hourly work for a supplemental program sign an agreement that specifies the methodology they will be paid overtime, if applicable.
2. Ensure all applications to PED include overtime as part of the budget.

Title: School Breakfast Program, National School Lunch Program

CFDA Number: 10.553, 10.555

CONDITION

The District is not verifying applications that are submitted to the District with household income reported as zero. It was determined that the District accepts the applications, students are classified as free, and no subsequent verification is completed. The District violates Federal regulation by not completing verifications for cause.

The District did make significant progress on this finding. Verification calculation and completion issues discussed in the 2018 finding appear to be resolved in 2019.

CRITERIA

Children belonging to households meeting nationwide income eligibility requirements may receive meals at no charge or a reduced price. By November 15th of each school year, the District must verify the current free and reduced price eligibility of households from a sample of applications that it has approved for free and reduced price meals.

Per CFR 245 6a (c) (7), in addition to the required verification sample, the District must verify any questionable applications, and should, on a case-by-case basis when the District is aware of additional income or persons in the household, verify any application for cause, such as an application where a household reports zero income.

QUESTIONED COSTS

None

EFFECT

The District is not in compliance with program requirements. The proper use of Federal money in this program is fully dependent on the District correctly calculating income reported on applications, completing the required list of verifications, and questioning applications when required by Federal regulation. The result of improper classifications allows students to receive free and reduced meals when families do not qualify for benefits, and the District receives improper reimbursement amounts from Federal programs for the meals provided.

CAUSE

The District's continued non-compliance in this area results from not following federal regulations to verify questionable applications.

SECTION III - FEDERAL AWARDS FINDINGS - DISTRICT (CONTINUED)

2019-005 (PREVIOUSLY REPORTED AS 2018-007) STUDENT NUTRITION VERIFICATION - DISTRICT - REPEATED AND MODIFIED (CONTINUED)

RECOMMENDATION

Although there are differing political philosophies, the CFR criteria has remained the same and must be followed. We recommend the District develop procedures to flag questionable applications in addition to the required verification sample and complete verification for cause as required. This cannot delay approval of applications. If an application is complete and indicates the child is eligible for free or reduced price benefits, the application must be approved while the District begins verification for cause.

MANAGEMENT RESPONSE

While every effort is made to process student meal applications with the highest level of accuracy, these findings indicate a need for review of internal processes. The District maintains records of applications submitted as required by the USDA Food and Nutrition Bureau. To ensure compliance related to eligibility the District utilizes a reasonable cause determination for further verification of applications. The District does not apply a blanket approach for verification; rather a case by case inquiry is used as a practical approach for verification. In order to maintain accurate representation of its review procedures the District will develop a risk assessment to determine an exhaustive review of applications.

Corrective Action: To ensure compliance, the District will implement the following plan:

1. Determine the District's authority and ability to determine the income levels of individual households.
2. Develop a rubric that outlines criteria of verification for cause of inaccurate information submitted by individuals.
3. Identify applications listed as zero income and determine a reasonable cause for review on a case-by-case basis.

2019-006 TITLE I AND SPECIAL EDUCATION PAYROLL - DISTRICT

TYPE OF FINDING: Significant Deficiency/Non-Compliance

Federal program information:

Funding agency: U.S. Department of Education

Title: Title I

Special Education Cluster

CFDA Number: 84.010, 84.027, 84.173

CONDITION

During our Allowable Costs testing, we noted that summer teaching and diagnostic work, overtime, stipends, training, and other time is charged to the grants without required documentation in the employees' personnel files. Rates of pay vary for staff depending on the work being completed with no justification as to how the rates are determined and no documentation in the employee files as to how much pay is Federal related. Contracts are processed late in violation of the School Personnel Act. Several pay periods were processed prior to return of signed contracts.

In Special Education testing, two individuals were paid for June 2018 diagnostic work using 2019 funds and one individual was paid for stipends from 2018 in 2019. The diagnostic work in the summer is charged at \$400 to \$600 per evaluation. Overtime was charged to the grant without documentation on how the overtime rate will be paid. Three individuals had pay rates from \$42.88 to \$44.58 per hour for federal work and were unsupported as to why they were paid so much for the service provided. Stipends and contact teacher amounts are mentioned in the Collective Bargaining Agreement, but nothing is in the personnel files.

From testing of the Title I program, one 2018-2019 contract was not returned with no repercussion. Contracts were not created for 8 of the 40 staff that were tested, to include tutors, district instructional coaches, and some specialists. One staff contract base grew \$11,000 from FY17-18 to FY18-19, but no FY18-19 contract was in the file. The same staff was paid \$45.41 per hour and two staff were paid \$40.36 per hour for federal work at a rate almost one and one-half their regular pay. Rate is determined by payroll. In one case, a reimbursement was completed shorting the employee one-half hour.

CRITERIA

Statutory language on computing overtime pay in §778.415 through §778.421 allows flexibility. However, rates for overtime need to be agreed upon before performance of the work.

Title I and Special Education funds must be used in a manner consistent with all requirements of the Educational Department General Administrative Regulations (EDGAR) and 2 CFR 200, to support activities allowable under the respective programs. Expenditures should be pre-approved in the Budget Justification Form submitted to and approved by the PED prior to receiving the fully executed IGA/PSC for the current year, or pre-approved by submitting a budget adjustment request (BAR).

SECTION III - FEDERAL AWARDS FINDINGS - DISTRICT (CONTINUED)

2019-006 TITLE I AND SPECIAL EDUCATION PAYROLL - DISTRICT (CONTINUED)

QUESTIONED COSTS

None

EFFECT

Additional compensation should be supported with documentation showing hourly rates that will be paid and overtime rates that will be paid. The expenses should be supported by the planning and budgeting for expenditures and the deliverables in the agreements between the District and the New Mexico Public Education Department.

CAUSE

The District does not document additional pay items in compensation. The District has a computerized system that builds a blended rate when two different hour rates are paid. A decision was made to discontinue use of blended rate and pay the highest rate for overtime purposes. This is allowable, but overtime rates need to be agreed upon before the work is performed.

RECOMMENDATION

We recommend maintaining agreements with employees' pay rates for additional compensation and overtime in the personnel files.

MANAGEMENT RESPONSE

The District acknowledges that work needs to be done in this area and will incorporate the recommendations of the auditor into future practice.

Corrective Action: To ensure compliance, the District will implement the following plan:

1. Have every employee who agrees to hourly work for a supplemental program sign an agreement that specifies the methodology they will be paid overtime, if applicable.
2. Ensure all applications to PED include overtime as part of the budget.

2019-007 TITLE I AND SPECIAL EDUCATION DISBURSEMENTS - DISTRICT

TYPE OF FINDING: Significant Deficiency/Non-Compliance

Federal program information:

Funding agency: U.S. Department of Education

Title: Title I

Special Education Cluster

CFDA Number: 84.010, 84.027, 84.173

CONDITION

During our Allowable Costs testing, we found that references were made to expired price agreements and purchase orders which were dated after the date of the invoice. Three purchase orders were completed after the scheduled start date of the service and, in one case, a contract for \$3,000 was signed by a principal prior to the purchase order being completed.

On the payment side, one invoice was paid that was not dated. Another request was made to pay an amount, but the actual amount paid was \$100 more than the request.

Title I is where most of referenced non-compliance occurred. Of the 37 items tested, three contractors had purchase orders dated after the scheduled start date for services. One purchase order had a reference to a price agreement that expired in July 2017. One purchase was paid before the start date of the term of service.

In the Special Education program testing, of the 40 items tested, one purchase referenced a price agreement that expired April 21, 2018. One purchase paid tax that was not part of the purchase order. On one purchase, the shipping and handling was significant, more than the percentage paid to other vendors, and was not shown as a separate item on the purchase order.

CRITERIA

Controls should ensure that expired price agreements are not allowed to be used for support for purchase orders. The purchase orders have a note that a price decrease or increase in shipping cost in excess of \$25 over the total purchase order must receive prior school district approval.

Title I and Special Education funds must be used in a manner consistent with all requirements of the Educational Department General Administrative Regulations (EDGAR), and 2 CFR 200, to support activities allowable under the respective programs. Expenditures should be supported by purchase orders and any approved changes or excess charges should be properly approved and have correct documentation before payments are made. Purchases should be made as tax-exempt when possible.

SECTION III - FEDERAL AWARDS FINDINGS - DISTRICT (CONTINUED)

2019-007 TITLE I AND SPECIAL EDUCATION DISBURSEMENTS - DISTRICT (CONTINUED)

EFFECT

The District is paying for unauthorized or unnecessary expenses that are not included in purchase orders. Large purchases should be reviewed to make sure shipping and handling charges are appropriate for the purchase. The expenses should be supported by the planning and budgeting for expenditures and the deliverables in the agreements between the District and the New Mexico Public Education Department.

CAUSE

The District 's controls over these compliance areas are not properly implemented.

RECOMMENDATION

We recommend reviewing controls over purchasing to ensure shipping, handling, and taxes are properly included or excluded when completing purchase orders. The purchase order form should be reviewed to make sure the language for approval authority is correct for changes and meets the needs of the District.

MANAGEMENT RESPONSE

The District acknowledges that work needs to be done in this area and will incorporate the recommendations of the auditor into future practice. The District will implement a review of terms of service to ensure price agreements follow procurement.

Corrective Action: To ensure compliance, the District will implement the following plan:

1. Review agreements recurring and on-recurring to ensure proper workflow for execution.
2. Establish a purchase order system that aligns with procurement regulations.

2019-008 BANK COLLATERALIZATION - DISTRICT

TYPE OF FINDING: Other Non-Compliance

CONDITION

The District had one bank account that was uninsured in the amount of \$528,450. State law requires collateralization of \$264,225 of this uninsured amount. The District did not have sufficient collateral in place to meet the State requirement and was under collateralized by \$207,947.

CRITERIA

New Mexico State Statute Section 6-10-17, NMSA 1978, requires the District to collateralize an amount equal to one-half of the balance not covered by the Federal Deposit Insurance Corporation (FDIC) for depository accounts.

CAUSE

Administration did not ensure this requirement was met – internal controls were not in place.

EFFECT

If the bank failed due to insufficient capital, the District could lose public monies. Public funds were not secured as required.

RECOMMENDATION

The District should arrange for collateral for bank deposits in excess of \$250,000. Alternatively, the District could maintain deposits with multiple banks with less than \$250,000 in each.

MANAGEMENT RESPONSE

Corrective Action: The District has met with the financial institution and will put appropriate collateralization into place.

2019-009 (PREVIOUSLY REPORTED AS 2018-009 AND 2017-004) COMPLIANCE WITH SCHOOL PERSONNEL ACT - DISTRICT - REPEATED AND MODIFIED

TYPE OF FINDING: Other Matter

CONDITION

During our testing of 10 payroll transactions, we noted contracts were not executed 10 or more days before the start of the school year for 4 of the items tested. Additionally, 5 contracts were not located.

During our testing of school personnel act, we noted supporting documentation could not be provided to verify that new hires completed required training in detection and reporting of child abuse and neglect.

The District did not make progress on this finding in fiscal year 2019.

CRITERIA

Per NMAC 6.20.2.11 Internal Control Structure Standards, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

22-10A-23(B) NMSA 1978 states that delivery of the written acceptance of reemployment by a certified school instructor creates a binding employment contract between the certified school instructor and the local school board or the governing authority of the state agency until the parties enter into a formal written employment contract. Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties not later than ten days before the first day of a school year.

Section 22-10A-32 Item A NMSA 1978 states that all licensed school employees shall be required to complete training in the detection and reporting of child abuse and neglect, including sexual abuse and assault and substance abuse. Except as otherwise provided in this subsection, this requirement shall be completed within the licensed school employee's first year of employment by a school district. Licensed school employees hired prior to the 2014-2015 school year shall complete the sexual abuse and assault component of the required training during the 2014-2015 school year.

EFFECT

The District is at higher risk for misappropriation of assets if it is unable to confirm that pay rates have been approved by management. The District may be at higher risk that classrooms and other services are not staffed as planned. Additionally, the District is not in compliance with Section 22-10A-32 Item A, NMSA 1978.

CAUSE

This is due to a lack of controls over compliance in this area.

2019-009 (PREVIOUSLY REPORTED AS 2018-009 AND 2017-004) COMPLIANCE WITH SCHOOL PERSONNEL ACT - DISTRICT - REPEATED AND MODIFIED (CONTINUED)

RECOMMENDATION

Management should perform a risk assessment and design and implement strong controls over payroll compliance.

MANAGEMENT RESPONSE

The Human Resources Department (HRD) does recognize the legal requirement stated on Section 22-10A-23(b) of the Personnel Act that “[written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties not later than ten days before the first day of a school year.” As often our Collective Bargaining Agreement slows our process. However, in review of Sections 22-10A-22 in conjunction with 22-10A-23. Those say that “On or before the last day of the school year of the existing employment contract, the local school board or the governing authority of the state agency shall serve *written notice of reemployment* or termination on each certified school instructor employed by the school district or state agency.” AND, within fifteen days of “(1) the date *written notice of reemployment* is served upon the person; or (2) the last day of the school year when no written notice of reemployment or termination is served upon the person on or before the last day of the school year,” the employee has to give the district “a written acceptance or rejection of reemployment for the ensuing school year.” Otherwise, there is no binding employment contract between the certified school instructor and the district until the parties enter into a formal written employment contract.

Corrective Action: The HRD will recalibrate processes to mitigate risks and meet compliance requirements. Ensuring that hiring documents are executed in a timely manner and appropriately filed. Will assess and configure to ensure the delivery system of the required trainings and exercises are completed. In addition, include documentation to employee’s personnel file.

TYPE OF FINDING: Other Non-Compliance

CONDITION

The School has expenditure functions where actual expenditures exceeded budgetary authority:

Fund 24106 Instruction	\$9,580
------------------------	---------

The Charter School has not made progress on this finding.

CRITERIA

Per NMAC 6.20.2.9(A), every school district shall follow budget requirements stated in Sections 22-8-5 through 22-8-12.2 NMSA 1978, and procedures of the department in preparing, submitting, maintaining, and reporting budgetary information. Budgetary control shall be at the major function level. Over-expenditure of a function shall not be allowed.

Per NMAC 6.20.2.10.B, school districts shall submit budget adjustment requests for the operating budget to the department for budget increases, budget decreases, transfers between functional categories, and transfers from the emergency reserve account. Expenditures shall not be made by the school district until budget AUTHORITY has been established and approval received from the department. Budget adjustments shall not be incorporated into the school district's accounting system until approval is received by the department.

EFFECT

The School was out of compliance with New Mexico state statute and funds spent could be considered unallowable.

CAUSE

Required budget adjustments were not approved by the Board and submitted to the New Mexico Public Education Department.

RECOMMENDATION

We recommend the School establish a policy of budgetary review at the end of each quarter and have the board approve the necessary budgetary adjustments to ensure funds are not over expended. We recommend that all BARs are properly completed for all changes in funding received and that all BARs are approved by the board and submitted to the department prior to the end of the year.

CONDITION

During our testing of 40 cash disbursements, we noted that 2 purchase orders were utilized incorrectly for expense reimbursements in the amounts of \$11.72 and \$19.52.

The Charter did make progress on this finding in fiscal year 2019.

CRITERIA

EFFECT

There is a higher risk of errors and spending over budget.

CAUSE

The purpose of the purchase orders used did not match the items noted in the invoice.

RECOMMENDATION

The Board and Administration should perform a risk assessment and design and implement strong controls over cash disbursements.

CRITERIA

Per NMAC 6.20.2.11 Internal Control Structure Standards, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

FINDINGS - FINANCIAL STATEMENT AUDIT

MATERIAL WEAKNESS

2019-001 INTERNAL CONTROL OVER FINANCIAL CLOSE AND REPORTING - DISTRICT

RECOMMENDATION

We recommend management evaluate all aspects of the financial close and reporting process and establish effective internal controls and procedures to ensure timely and accurate financial statements and supporting schedules. We highly recommend in-depth training on governmental accounting standards and systems such as GASB and COSO. We also recommend that the District track and record modified and full accrual entries separately for financial reporting purposes. Finally, we recommend reconciling all balance sheet accounts by fund every month and performing analytical reviews of the income statements within a week of the close of the previous month.

MANAGEMENT RESPONSE

Santa Fe Public Schools management worked diligently with the auditing firm to maintain milestones during the audit process. During audit committee meetings some items were identified as pending or not sufficient. However, progress was not deemed as a deficiency during audit committee meetings.

Internal procedures have been developed to compile documentation related to reconciling worksheets, listings, and transactions that are required to maintain the quality of the audit process.

Corrective Action: The District will implement the following plan:

1. Develop a work plan for the audit process; include milestones and timelines for completion.
2. Compile documentation, worksheets, and draft templates during fiscal year prior to fiscal year end.
3. Timely review and submission of documents to auditor portal.

2019-002 (PREVIOUSLY REPORTED AS 2018-004) BANK RECONCILIATIONS AND CLEARING ACCOUNTS - DISTRICT - REPEATED AND MODIFIED

RECOMMENDATION

We recommend the District fully staff Finance positions, highly train the staff, and develop monthly close processes including a strong review and approval process.

MANAGEMENT RESPONSE

The District acknowledges that work needs to be done in this area and will incorporate the recommendations of the auditor into future practice. Variances of cash were a direct result of transactions between banks or journal entries incorrectly posted to reduce payroll liabilities and cash. These variances will be reviewed and reconciled according to bank reconciliation procedures.

Corrective Action: The District will implement the following plan:

1. Cross-functional training within Business Services to make the process more efficient, transparent and captures issues as they arise.
2. Management review of the work of the Comptroller, including renewed effort to enforce the requirement of signing off on all bank reconciliations on a monthly basis.
3. Timely submission of all bank transfers between accounts.
4. Implementation of procedures to properly process year end closing transactions.

SIGNIFICANT DEFICIENCY/NON-COMPLIANCE

2019-004 (PREVIOUSLY REPORTED AS 2018-006 AND 2017-003) 21ST CENTURY PAYROLL - DISTRICT - REPEATED AND MODIFIED

RECOMMENDATION

We recommend maintaining agreements with employees' pay rates for additional compensation and overtime in the personnel files.

MANAGEMENT RESPONSE

The District acknowledges that work needs to be done in this area and will incorporate the recommendations of the auditor into future practice. All non-contractual pay will be planned and agreements will be established to ensure proper calculation of overtime.

Corrective Action: To ensure compliance, the District will implement the following plan:

1. Have every employee who agrees to hourly work for a supplemental program sign an agreement that specifies the methodology they will be paid overtime, if applicable.
2. Ensure all applications to PED include overtime as part of the budget.

2019-005 (PREVIOUSLY REPORTED AS 2018-007) STUDENT NUTRITION VERIFICATION - DISTRICT - REPEATED AND MODIFIED**RECOMMENDATION**

Although there are differing political philosophies, the CFR criteria has remained the same and must be followed. We recommend the District develop procedures to flag questionable applications in addition to the required verification sample and complete verification for cause as required. This cannot delay approval of applications. If an application is complete and indicates the child is eligible for free or reduced price benefits, the application must be approved while the District begins verification for cause.

MANAGEMENT RESPONSE

While every effort is made to process student meal applications with the highest level of accuracy, these findings indicate a need for review of internal processes. The District maintains records of applications submitted as required by the USDA Food and Nutrition Bureau. To ensure compliance related to eligibility the District utilizes a reasonable cause determination for further verification of applications. The District does not apply a blanket approach for verification; rather a case by case inquiry is used as a practical approach for verification. In order to maintain accurate representation of its review procedures the District will develop a risk assessment to determine an exhaustive review of applications.

Corrective Action: To ensure compliance, the District will implement the following plan:

1. Determine the District's authority and ability to determine the income levels of individual households.
2. Develop a rubric that outlines criteria of verification for cause of inaccurate information submitted by individuals.
3. Identify applications listed as zero income and determine a reasonable cause for review on a case-by-case basis.

Initially, DTC will be the securities depository for the Bonds and Notes. The Paying Agent/Registrar will register all Bonds and notes in the name of Cede & Co. (DTC's partnership nominee) and provide DTC with one Bond and one Note, respectively for each maturity.

DTC provided the following information. None of the Financial Advisor nor the District or the Underwriter can vouch for its accuracy or completeness. For further information, please contact DTC.

DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New Mexico and New York Uniform Commercial Codes, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of security certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, some of whom (and/or their representatives) own DTC. Access to the DTC system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the "Indirect Participants").

Purchases of the Bonds and Notes under the book-entry system may be made only through brokers and dealers who are, or act through, DTC Participants. Each DTC Participant will receive a credit balance in the records of DTC in the amount of such DTC Participant's ownership interest in the Bonds and Notes. The ownership interest of each actual purchaser of a Bond (the "Beneficial Owner") will be recorded through the records of the DTC Participant or the Indirect Participant. Beneficial Owners are to receive a written confirmation of their purchase providing certain details of the Bonds and Notes acquired. Transfers of ownership interests in the Bonds and Notes will be accomplished only by book entries made by DTC and, in turn, by DTC Participants or Indirect Participants who act on behalf of the Beneficial Owners. Beneficial Owners of the Bonds and Notes will not receive nor have the right to receive physical delivery of the Bonds and Notes, and will not be or be considered to be registered owners under the Bond Resolution and the Note Resolution except as specifically provided in the Bond Resolution and the Note Resolution in the event the book-entry system is discontinued.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE BONDS AND NOTES, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE BONDS AND NOTES WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

The District and the Paying Agent/Registrar may treat DTC (or its nominee) as the sole and exclusive owner of the Bonds and Notes registered in its name for the purpose of payment of the principal of or interest or premium, if any, on the Bonds and Notes, selecting Bonds and Notes and portions thereof to be redeemed, giving any notice permitted or required to be given to registered owners under the Bond Resolution, register the transfer of Bonds and Notes, obtaining any consent or other action to be taken by registered owners and for all other purposes whatsoever, and will not be affected by any notice to the contrary. The District and the Paying Agent/Registrar will not have any responsibility or obligation to any DTC Participant, any person claiming a beneficial ownership interest in the Bonds and Notes under or through DTC or any DTC Participant, Indirect Participant or other person not shown on the records of the Paying Agent/Registrar as being a registered owner with respect to: the accuracy of any records maintained by DTC, any DTC Participant or Indirect Participant regarding ownership interests in the Bonds and Notes; the payment by DTC, any DTC Participant or Indirect Participant of any amount in respect of the principal of or interest or premium, if any, on the Bonds and Notes; the delivery to any DTC Participant, Indirect Participant or any Beneficial Owner of any notice that is permitted or required to be given to registered owners under the Bond Resolution and the Note Resolution; or any consent given or other action taken by DTC as a registered owner.

Neither DTC nor its nominee, Cede & Co., provides consents with respect to any security. Under its usual procedures, DTC mails an omnibus proxy to the issuer of the securities for which it is acting as securities depository as soon as possible after the establishment of a "record date" by the issuer for purposes of soliciting consents from the holders of such securities. The omnibus proxy assigns Cede & Co.'s voting rights to those DTC Participants having such securities credited to their accounts on such record date.

Principal of and interest on the Bonds and Notes will be paid to DTC or its nominee, Cede & Co., as registered owner of the Bonds and Notes. Disbursement of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners of the Bonds and Notes is the responsibility of the DTC Participants or the Indirect Participants. Upon receipt of any such payments, DTC's current practice is to immediately credit the accounts of the DTC Participants in accordance with their respective holdings shown on the records of DTC. Payments by DTC Participants and Indirect Participants to Beneficial Owners of the Bonds and Notes will be governed by standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such DTC Participant or Indirect Participant and not of DTC, the Paying Agent/Registrar or the District, subject to any statutory and regulatory requirements then in effect.

As long as the DTC book-entry system is used for the Bonds and Notes, the Registrar will give any notice required to be given to registered owners of Bonds and Notes only to DTC or its nominee. Any failure of DTC to advise any DTC Participant, of any DTC Participant to notify any Indirect Participant, or of any DTC Participant or Indirect Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity of any action premised on such notice. Conveyance of notices and other communications by DTC to DTC Participants, by DTC Participants to Indirect Participants and by DTC Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory and regulatory requirements as may be in effect from time to time. Beneficial Owners may desire to make arrangements with a DTC Participant or Indirect Participant so that all communications to DTC that affect such Beneficial Owners will be forwarded in writing by such DTC Participant or Indirect Participant.

NEITHER THE DISTRICT NOR THE PAYING AGENT/REGISTRAR WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS, OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES, WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS OF THE BONDS AND NOTES.

For every transfer and exchange of a beneficial ownership interest in the Bonds and Notes, a Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

DTC may determine to discontinue providing its service with respect to the Bonds and Notes at any time by giving reasonable notice to the District or the Paying Agent/Registrar at any time. In addition, if the District determines that (i) DTC is unable to discharge its responsibilities with respect to the Bonds and Notes or (ii) continuation of the system of book-entry only transfers through DTC is not in the best interests of the Beneficial Owners of the Bonds and Notes or of the District, the District may thereupon terminate the services of DTC with respect to the Bonds and Notes. If for any such reason the system of book-entry transfers through DTC is discontinued, the District may within 90 days thereafter appoint a substitute securities depository that, in its opinion, is willing and able to undertake the functions of DTC upon reasonable and customary terms. If a successor is not approved, Bond certificates will be delivered as described in the Bond Resolution and Note certificates will be delivered as described in the Note Resolution, each in fully registered form in denominations of \$5,000 or any integral multiple thereof in the names of the Beneficial Owners, Indirect Participants or DTC Participants.

In the event the book-entry system is discontinued, the persons to whom Bond and Note certificates are registered will be treated as registered owners for all purposes of the Bond Resolution and Note Resolution, including the giving to the District or the Paying Agent/Registrar of any notice, consent, request or demand pursuant to the Bond Resolution and the Note Resolution for any purpose whatsoever. In such event, the Bonds and Notes will be transferred to such registered owners, interest on the Bonds and Notes will be payable by check of the Paying Agent/Registrar, as paying agent, mailed to such registered owners, and the principal and redemption price of all Bonds and Notes will be payable at the principal corporate trust office of the Paying Agent/Registrar.

The foregoing material concerning DTC and DTC's book-entry system is based on information furnished by DTC. No representation is made by the District or the Underwriter as to the accuracy or completeness of such information.

Limited Book-Entry Responsibilities

While a book-entry-only system is used for the Bonds and Notes, the Paying Agent/Registrar will send redemption (relating only to the Bonds) and other notices only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any notice and its content or effect will not affect the validity of sufficiency of the proceedings relating to the Bond redemption or any other action based on the notice.

None of the District, the Financial Advisor or the Underwriter have any responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds and Notes.

None of the District, the Financial Advisor or the Underwriter can give any assurances that DTC will distribute payments to DTC Participants or that DTC Participants or others will distribute payments with respect to the Bonds and Notes received by DTC or its nominees as the holder or any redemption notices (relating only to the Bonds) or other notices to the beneficial holders, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement.

***Re: Santa Fe Public School District, General Obligation School Bonds,
Series 2020 (the "Bonds")***

Ladies and Gentlemen:

We have acted as bond counsel to the Santa Fe Public School District (the "District") in connection with the issuance of its \$15,000,000 General Obligation School Bonds, Series 2020 (the "Bonds"), dated their date of issuance, with interest payable on February 1, 2021, and semi-annually thereafter on each August 1 and February 1, until maturity, and being bonds in registered form maturing on August 1 in the years 2021 through 2032, inclusive.

We have examined the transcript of proceedings (the "Transcript") relating to the issuance of the Bonds and the law under authority of which the Bonds are issued. Based on our examination, we are of the opinion that, under the law existing on the date of this opinion, subject to the provisions of federal bankruptcy law and other laws affecting creditors' rights and further subject to exercise of judicial discretion in accordance with general principles of equity:

1. The Bonds constitute valid and binding general obligations of the District and are to be paid from the proceeds of the levy of ad valorem taxes on all taxable property within the District without limitation as to rate or amount.

2. Assuming continuing compliance by the District with the requirements of the Internal Revenue Code of 1986, as amended (the "Code"), and with the covenants contained in the Transcript regarding the use, expenditure and investment of Bond proceeds, interest on the Bonds is excludable from the gross income of the owners of the Bonds for purposes of federal income taxation. Interest on the Bonds is not treated as an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations. Failure of the District to comply with its covenants and with the requirements of the Code may cause interest on the Bonds to become includable in gross income for federal income tax purposes retroactive to their date of issuance.

3. Interest on the Bonds is excludable from net income for purposes of the tax imposed on individuals, estate and trusts under the New Mexico Income Tax Act and for purposes of the tax imposed on corporations under the New Mexico Corporate Income and Franchise Tax Act.

Other than as described herein, we have not addressed nor are we opining on the tax consequences to any person of the investment in, or the receipt of interest on, the Bonds.

The opinions expressed herein represent our legal judgment based upon existing legislation as of the date of issuance and delivery of the Bonds that we deem relevant to render such opinions and are not a guarantee of a result, and we express no opinion as of any date subsequent thereto or with respect to any pending legislation.

We are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statement made in connection with any sale of the Bonds.

Re: Santa Fe Public School District, General Obligation Education Technology Notes, Series 2020 (the "Notes")

We have acted as bond counsel to Santa Fe Public School District (the "District") in connection with the issuance of its \$11,000,000 General Obligation Education Technology Lease Purchase Arrangement and Note, Series 2020 (the "Notes"), dated July ____, 2020, with interest payable on February 1, 2021, and semi-annually thereafter on each February 1 and August 1 until maturity, and being Bonds in registered form maturing on August 1 in the years 2021 through 2023.

We have examined the laws of the State and the United States of America relevant to the opinions herein, the transcript of proceedings (the "Transcript") and other documents relevant to the issuance of the Bonds by the District. As to the questions of fact material to our opinion, we have relied upon representations of the District contained in the proceedings and other certifications furnished to us, without undertaking to verify the same by independent investigation.

Based upon the foregoing, and subject to the assumptions and qualifications set forth below, we are of the opinion that, under existing law on the date of this opinion:

1. The Notes constitute valid and binding general obligations of the District and are to be paid from the proceeds of the levy of ad valorem taxes on all taxable property within the District without limitation as to rate or amount.

2. Under existing laws, regulations, rulings and judicial decisions, interest on the Notes is excludable from gross income for federal income tax purposes. We are also of the opinion that interest on the Notes is not a specific preference item for purposes of calculating the alternative minimum tax imposed under provisions contained in the Internal Revenue Code of 1986, as amended (the "Code"). Although we are of the opinion that interest on the Notes is excludable from gross income for federal income tax purposes, the accrual or receipt of interest on the Notes may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences.

3. The Notes and the income from the Notes are exempt from all taxation by the State or any political subdivision thereof.

The opinions set forth above in Paragraph 2 above are subject to continuing compliance by the District with covenants regarding federal tax law contained in the proceedings and other documents relevant to the issuance of the Notes by the District. Failure to comply with these

covenants may result in interest on the Notes being included in gross income retroactive to their date of issuance.

The opinions expressed herein are based upon existing law as of the date of issuance and delivery of the Notes. We express no opinion as of any date subsequent hereto, and our engagement with respect to the Notes has concluded with their issuance. We disclaim any obligation to update this opinion.

The obligations of the District related to the Notes are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers (including bankruptcy powers) delegated to it by the United States Constitution. The obligations of the District and the security provided therefor may be subject to general principles of equity which permit the exercise of judicial discretion and are subject to the provisions of applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities as of the date of issuance and delivery of the Notes that we deem relevant to render such opinions and are not a guarantee of result. We express no opinion with respect to any pending legislation.

As bond counsel, we are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statement made in connection with any sale of the Notes or upon any tax consequences arising from the receipt or accrual of interest on, or the ownership of, the Notes except those specifically addressed in Paragraphs 2 and 3 above.

Respectfully submitted,

(xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

For these purposes, any event described in (xii) in the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District. For the purposes of the above described event notices (xv) and (xvi), the term “financial obligation” means a (i) debt obligation, (ii) derivative instrument entered into in connection with or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) a guarantee of (i) or (ii); provided however, that a “financial obligation” shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

(e) The District, or its designated agent, will provide, in a timely manner not in excess of ten (10) business days after the occurrence of the event, to EMMA, notice of any: (i) failure of the District to timely provide the Annual Financial Information as specified in Sections 3(a) and 3(b); (ii) changes in its fiscal year-end; and (iii) amendment of this Undertaking.

Section 4. Method of Transmission. The District, or its designated agent, will employ such methods of electronic or physical information transmission as are requested or recommended from time to time by EMMA, the MSRB or the SEC.

Section 5. Enforcement. The obligations of the District under this Undertaking are for the benefit of the Owners. Each Owner is authorized to take action to seek specific performance by court order to compel the District to comply with its obligations under this Undertaking, which action will be the exclusive remedy available to it or any other Owner. The District's breach of its obligations under this Undertaking will not constitute an event of default under the Resolution, and none of the rights and remedies provided by such Resolution will be available to the Owners with respect to such a breach.

Section 6. Term. The District's obligations under this Undertaking will be in effect from and after the issuance and delivery of the Notes and will extend to the earliest of (i) the date all principal and interest on the Notes has been paid or legally defeased pursuant to the terms of the Resolution; (ii) the date on which the District is no longer an “obligated person” with respect to the Notes within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this Undertaking are determined to be invalid or unenforceable by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Notes.

Section 7. Amendments. The District may amend this Undertaking from time to time, without the consent of any Owner, upon the District's receipt of an opinion of independent counsel experienced in federal securities laws to the effect that such amendment:

(a) is made in connection with a change in circumstances that arises from a change in legal requirements, a change in law or a change in the identity, nature or status of the District;

(b) this Undertaking, as amended, would have complied with the Rule at the time of the initial issue and sale of the Notes, after taking into account any amendments or interpretations of the Rule, as well as any changes in circumstances; and

(c) the amendment does not materially impair the interests of the Owners.

Any Annual Financial Information containing amended operating data or financial information will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided. If an amendment changes the accounting principles to be followed in preparing financial statements, the Annual Financial Information and Audited Financial Statements for the year in which the change is made will present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 8. Beneficiaries. This Undertaking binds and inures to the sole benefit of the District and the Owners and creates no rights in any other person or entity.

Section 9. Subject to Appropriation. This Undertaking shall be subject to annual appropriation by the District's Board of Education and shall not be construed as a general obligation of the District.

Section 10. Governing Law. This Undertaking is governed by and is to be construed in accordance with the law of the State.

ARTICLE IV: AGREEMENT TO LEASE; TERMINATION OF THIS LEASE; RENT PAYMENTS; TITLE TO PROPERTY

Section 4.1. Lease. Lessor hereby leases to Lessee the Property, and Lessee hereby leases the Property from Lessor, upon the terms and conditions set forth herein.

Section 4.2. Term of Lease. The Term of this Lease and of the right to use the Property described therein shall commence on the Closing Date and shall continue until all payments under this Lease to finance such Property have been paid in accordance with Exhibit B hereto and are no longer outstanding.

Section 4.3. Possession. It is contemplated that Lessee will take possession of each item of the Property in accordance with the terms of the acquisition contracts and purchase orders described in Section 3.2 hereof. Notwithstanding the failure of Lessee to

take possession of any item of Property, however, each Rent Payment hereunder shall be due on the date set out in this Lease.

Section 4.4. Notes, Paying Agent/Registrar, Rent Payments, Tax Pledge.

(a) Notes. The Notes are payable from periodic rent payments (which Lessor hereby assigns to the Paying Agent/Registrar) composed of principal and interest components which are secured by the full faith and credit of the District and payable out of general (ad valorem) property taxes which are levied against all taxable property in the District without limitation as to rate or amount. The Lessor hereby assigns the Rent Payments received from the Lessee to the Paying Agent/Registrar to thereafter be paid by the Paying Agent/Registrar to the owners of the Note.

The right to receive Rent Payments shall be evidenced by the Note in the form attached hereto as Exhibit D. The Purchaser or its assignee may assign the right to receive all or a part of the Rent Payments in Authorized Denominations to any Person.

(b) Paying Agent/Registrar. The principal of and interest components of the Rent Payments shall be payable in accordance with Exhibit B to the owners of the Note as shown on the registration books kept by the BOKF, NA, Albuquerque, New Mexico as paying agent/registrar (such entity and any successor thereto, the "Paying Agent/Registrar") for the Lease and Note, when due, upon maturity and upon presentation and surrender thereof at the principal offices of the Paying Agent/Registrar upon the final maturity of the Note. Payment of interest on the Note shall be made by check or draft mailed by the Paying Agent/Registrar (or by such other arrangement as may be mutually agreed to by the Paying Agent/Registrar and the owner of any Note), on or before each interest payment date (or, if such interest payment date is not a business day, on or before the next succeeding business day), to the Note owner on the Record Date (defined below) at the address as it appears on the registration books kept by the Paying Agent/Registrar. All such payments shall be made in lawful money of the United States of America. The term "Record Date" as used herein with respect to any interest payment date shall mean the 15th day of the month (whether or not a business day) preceding the interest payment date. The owner of the Note as shown on the registration books on any Record Date with respect to any interest payment date shall be entitled to receive the interest payable thereon on such interest payment date notwithstanding any transfer or exchange thereof subsequent to such Record Date and prior to such interest payment date; but interest which is not timely paid or duly provided for shall cease to be payable as provided above and shall be payable to the person in whose name the Note is registered at the close of business on a special record date (the "Special Record Date") fixed by the Paying Agent/Registrar for the payment of any such overdue interest. The Special Record Date shall be fixed by the Paying Agent/Registrar whenever moneys become available for payment of overdue interest, and notice of any such Special Record Date shall be given not less than ten days prior thereto, by first class mail, to the Note owner as of the fifth day preceding the mailing of such notice by the Paying Agent/Registrar, stating the Special Record Date and the date fixed for the payment of overdue interest. The principal of the Note shall be payable to the owners of the Note as shown on the registration books kept by the Paying Agent/Registrar

for the Note, upon maturity and upon presentation and surrender thereof at the principal offices of the Paying Agent/Registrar upon the final maturity of the Note. Payment of principal of the Note shall be made by check or draft mailed by the Paying Agent/Registrar (or by such other arrangement as may be mutually agreed to by the Paying Agent/Registrar and the owner of the Note).

(c) Obligation to Pay. Lessee agrees to pay Lessor, its successors, and assigns, for the right of use and support, of the Property, the sum obtained by adding the Rent Payments (denominated into components of principal and interest) in the amounts specified in Exhibit B hereto on each Rent Payment Date as reflected in such exhibit.

Lessee hereby covenants to establish and maintain with respect to the Lease, a special fund to be denoted the "Rent Payment Fund", at a depository of the Lessee, solely for the benefit of the Note. The Rent Payment Fund shall be kept separate and apart from all other funds and accounts of Lessee and held in trust for the benefit of the Lessor, and shall be used only for paying Rent Payments. All ad valorem taxes levied and collected for the purpose of making such Rent Payments shall be deposited into the Rent Payment Fund, prior to the Rent Payment Date in the amount to be paid pursuant to Exhibit B of the Lease. Any amount held in the Rent Payment Fund on any date when a Rent Payment is required to be made shall be credited towards the Rent Payment then due and payable; and no Rent Payment need be made by Lessee into the Rent Payment Fund if the amounts then held in the Rent Payment Fund are at least equal to the Rent Payment then required to be paid

Lessee agrees to pay any amounts required to be deposited to the Rebate Fund established under Section 5.4 hereof for rebate (hereinafter referred to as a "Rebate Payment") to the U.S. Department of the Treasury (which amounts shall be calculated by Lessee or its agent and the result of such calculation provided in writing to Lessor). Each Rebate Payment shall be made in accordance with the terms of Section 5.4 hereof.

The obligation of Lessee to make Rent Payments and Rebate Payments is absolute and unconditional and is not subject to abatement or set-off.

(d) Tax Pledge. There shall annually be assessed, levied, and collected upon all taxable property in District, in addition to all other taxes, a tax which will be sufficient to raise and produce the money required to pay the interest component of the Rent Payments as such interest component comes due and to provide and maintain a fund adequate to pay the principal component of the Rent Payments as such principal component matures, pursuant to Section 6-15A-6, as amended, as the same becomes due and payable, without limit as to rate or amount. The Board shall establish adequate budgetary provisions, approved by the New Mexico Public Education Department, to promptly pay all Rent Payments as they become due. This Section is hereby declared to be the certificate to the County Commissioners of the County of Santa Fe, New Mexico as to the amount of taxes necessary to be levied for the purposes herein stated. Said tax shall annually be assessed, levied and collected at the same time and in the same manner as other taxes are assessed and collected, but nothing herein contained shall be construed as to prevent Lessee

thereof from applying any other funds available for that purpose to the payment of said Rent Payments as the same respectively mature and become due, and upon such payments, the levies herein provided for, may thereupon, to that extent, be diminished. The sums produced by the levies above provided to meet the Rent Payments when due are hereby applied for that purpose, and the amount for each year will be included in the annual budget and the appropriation bills to be adopted and passed by the Board of Education in each year, respectively. The Board does hereby levy and order to be levied, taxes sufficient to pay the Rent Payments. It shall be the duty of the Board annually at the time and in the manner provided by law for levying other taxes, if such action shall be necessary, to effectuate the provisions hereof with reference to the levy and collection of taxes; and the Board shall levy, extend, and collect such taxes in the manner provided by law for the purpose of funding the Rent Payment Fund for the payment of the Rent Payments. Such taxes, when collected, shall be kept for and applied only to the payment of the Rent Payments as hereinbefore specified. Said ad valorem taxes, sufficient to provide for the payment of the interest component and principal component of the Rent Payments as such interest component comes due and such principal component matures, are hereby pledged for such payment.

Section 4.5. Fair Rental Value. The Rent Payments for each rent payment period during the Term of this Lease shall constitute the total amount due for such rent payment period and shall be paid by Lessee in each rent payment period for and in consideration of the right of the use of the Property during each such period for which such rental is to be paid. The parties hereto have agreed and determined that the total of Rent Payments represents the fair value of the Property.

Section 4.6 Quiet Enjoyment. During the Term of this Lease, Lessee shall peaceably and quietly have and hold and enjoy the Property, without suit, trouble or hindrance from Lessor or Purchaser, except as expressly set forth herein. Lessor will, at the request of Lessee and at Lessee's cost, join in any legal action in which Lessee asserts its right to such possession and enjoyment to the extent Lessor may lawfully do so. Notwithstanding the foregoing, Lessor shall have the right to inspect the Property as provided in Section 6.3 hereof.

Section 4.7. Title to the Property. During the Term of this Lease, Lessor shall hold title to the Property described herein and any and all additions which comprise repairs, replacements, or modifications. In the event of default as set forth in Section 8.1, remedies of the owner(s) of the Note shall be restricted as described in Section 8.2 hereof.

If Lessee pays all Rent Payments during the Term hereof as the same come due and payable, all right and interest of Lessor in and to all of the Property described in Exhibit A hereto shall be transferred to and vest in Lessee upon payment by Lessee of One Dollar (\$1.00) without the necessity of any additional document of transfer.

Section 4.8. Equitable Lien. Lessee hereby grants to the Purchaser an equitable lien on the ad valorem taxes pledged to pay the Rent Payments as set forth in Section 4.4(d)

hereof. Purchaser acknowledges that it has an equitable lien on the Pledged Taxes but no security interest in the Property.

ARTICLE V: MAINTENANCE, TAXES, TAX COVENANTS AND OTHER MATTERS

Section 5.1. Maintenance, Utilities, Taxes and Assessments. Throughout the Term of this Lease, as part of the consideration this Lease, all improvement, repair, and maintenance of the Property shall be the responsibility of Lessee, and Lessee shall pay for or otherwise arrange for the payment of the cost of the repair and replacement of the Property resulting from ordinary wear and tear or want of care on the part of Lessee or any sublessee thereof. In exchange for the Rent Payments herein provided, and subject to Purchaser's equitable lien as hereinbefore set forth, Lessor agrees to, and does hereby grant Lessee the right to use the Property as hereinbefore and hereafter or specifically set forth.

Lessee shall use the Property only for its proper purposes and will not install, use, operate or maintain the Property improperly, carelessly or in violation of any applicable law, ordinance, rule or regulation of any governmental authority, or in a manner contrary to the nature of the Property or the use contemplated by its manufacturer. The Property shall be used solely in the conduct of Lessee's operations. Lessee shall obtain, at its expense, all registrations, permits, and licenses, if any, required by law for the installation and operation of the Property.

Lessee shall also pay or cause to be paid all taxes and assessments of any type or nature charged to Lessor or Lessee or levied, assessed or charged against any item of the Property or the respective interests or estates therein; provided that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, Lessee shall be obligated to pay only such installments as are required to be paid during the Term of this Lease as and when the same become due.

Lessee may, at Lessee's expense and in its name, in good faith contest any such taxes, assessments, utility and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless Lessor or the Purchaser shall notify Lessee that nonpayment is affecting timely payment of the Rent Payments, or in the case that, in the opinion of Bond Counsel, by nonpayment of any such items, the interest of Lessor in the Property will be materially endangered or the Property or any part thereof will be subject to loss or forfeiture, in which event Lessee shall promptly pay such taxes, assessments, or charges or provide Lessor with full security against any loss which may result from nonpayment, in form satisfactory to Lessor and the Purchaser.

Section 5.2. Modification of the Property. Lessee, at its own expense, shall have the right to make additions, modifications and improvements to any item of the Property. All such additions, modifications and improvements shall thereafter comprise part of the Property and be subject to the provisions of this Lease. Such additions, modifications, and improvements shall not in any way damage the Property or cause it to be used for purposes other than those authorized under the provisions of state and federal law or in any way

which would impair the tax exempt status of the interest components of the Rent Payments required to be made with respect to the Property; and the Property, upon completion of any additions, modifications, and improvements made pursuant to this Section, shall be of a value which is not substantially less than the value of the Property immediately prior to the making of such additions, modifications and improvements. Lessee shall not alter, remove, destroy, or permanently cover any manufacturer's nameplate, serial number or other similar distinguishing number or mark on the Property. Lessee will not permit any mechanic's or other lien to be established or remain against the Property for labor or materials furnished in connection with any additions, modifications, improvements, repairs, renewals, or replacements made by Lessee pursuant to this Section; provided that if any such lien is established and Lessee shall first notify or cause to be notified Lessor of Lessee's intention to do so, Lessee may in good faith contest any lien filed or established against the Property, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom and shall provide Lessor with full security against any loss or forfeiture which might arise from the nonpayment of any such item, in form satisfactory to Lessor. Upon the request of and at the expense of Lessee, Lessor will cooperate fully in any such contest.

The Property is and shall at all times be and remain personal property and will not be affixed to or be a part of the real property upon which it may be situated. If requested by Lessor, Lessee, at Lessee's expense, will furnish a landlord or mortgage waiver with respect to the Property.

Section 5.3. Liens. Lessee shall not, directly or indirectly, create, incur, assume, or suffer to exist any mortgage, pledge, lien, charge, encumbrance, or claim on or with respect to the Property, other than the respective rights of Lessor and Lessee as herein provided. Except as expressly provided in this Article V, Lessee shall promptly, at its own expense, take such action as may be necessary to duly discharge or remove any such mortgage, pledge, lien, encumbrance or claim, for which it is responsible, if the same shall arise at any time. Lessee shall reimburse Lessor for any expense incurred by it in order to discharge or remove any such mortgage, pledge, lien, charge, or encumbrance of claim.

Section 5.4. Tax Covenants with Respect to Lease and the Note. Lessee covenants to take any action necessary to assure, or to refrain from any action which would adversely affect, the treatment of each interest component of each Rent Payment ("Interest Component") to be made pursuant to this Lease as an obligation described in section 103 of the Internal Revenue Code of 1986 ("Code"), the interest on which is not includable in the "gross income" of the holder for purposes of federal income taxation. In furtherance thereof, Lessee covenants as follows:

(a) to take any action necessary to assure that no more than ten percent (10%) of the proceeds of the Lease or the projects financed therewith (less amounts deposited to a reserve fund, if any) are used for any "private business use," as defined in section 141 (b)(6) of the Code or, if more than ten percent (10%) of the proceeds or the projects financed therewith are so used, such amounts, whether or not received by Lessee, with respect to such private business use, do not, under the terms of this Lease or any

underlying arrangement, directly or indirectly, secure or provide for the payment of more than ten percent (10%) of the Rent Payments due under this Lease, in contravention of section 141(b)(2) of the Code;

(b) to take any action necessary to assure that in the event that the “private business use” described in subsection (a) hereof exceeds five percent (5%) of the proceeds of the Lease or the projects financed therewith (less amounts deposited into a reserve fund, if any) then the amount in excess of five percent (5%) is used for a “private business use” which is “related” and not “disproportionate,” within the meaning of section 141(b)(3) of the Code, to the governmental use;

(c) to take any action necessary to assure that no amount which is greater than the lesser of Five Million Dollars (\$5,000,000), or five percent (5%) of the proceeds of the Lease (less amounts deposited into a reserve fund, if any) is directly or indirectly used to finance loans to persons, other than state or local governmental units, in contravention of section 141 (c) of the Code;

(d) to refrain from taking any action which would otherwise result in the Lease being treated as a “private activity bond” within the meaning of section 141(b) of the Code;

(e) to refrain from taking any action that would result in the Lease being “federally guaranteed” within the meaning of section 149(b) of the Code;

(f) to refrain from using any portion of the proceeds of the Lease, directly or indirectly, to acquire or to replace funds which were used, directly or indirectly, to acquire investment property (as defined in section 148(b)(2) of the Code), which produces a materially higher yield over the term of the Lease, other than investment property acquired with:

(i) proceeds of this Lease invested for a reasonable temporary period of three (3) years or less or, in the case of a refunding obligation, for a period of thirty (30) days or less until such proceeds are needed for the purpose for which the obligation is issued,

(ii) amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1 (b) of the Treasury Regulations, and

(iii) amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed ten percent (10%) of the proceeds of this Lease;

(g) to otherwise restrict the use of the proceeds of this Lease or amounts treated as proceeds of this Lease, as may be necessary, so that the Lease does not otherwise contravene the requirements of section 148 of the Code (relating to arbitrage) and, to the extent applicable, section 149(d) of the Code (relating to advance refundings);

(h) to deposit in the Rebate Fund for the benefit of the United States of America at least once during each five-year period (beginning on the date of delivery of this Lease), and no later than the fifth anniversary of such date of delivery, an amount that is at least equal to ninety percent (90%) of the "Excess Earnings," within the meaning of section 148(f) of the Code, and Lessee shall pay to the United States of America, not later than sixty (60) days after this Lease has been paid in full, one hundred percent (100%) of the amount then required to be paid as a result of Excess Earnings under section 148(f) of the Code; and

(i) to maintain such records as will enable Lessee to fulfill its responsibilities under this section and section 148 of the Code and to retain such records for at least six (6) years following the final payment of principal and interest on this Lease.

In order to facilitate compliance with the above subsections (h) and (i), a "Rebate Fund" shall be established by Lessee for the sole benefit of the United States of America, and such fund shall not be subject to the claim of any other person, including without limitation Lessor. The Rebate Fund is established for the additional purpose of compliance with section 148 of the Code.

Lessee understands that the term "proceeds" includes "disposition proceeds" as defined in the Treasury Regulations and, in the case of refunding the Note, transferred proceeds (if any). It is the understanding of Lessee that the covenants contained herein are intended to assure compliance with the Code and any regulations or rulings promulgated by the U.S. Department of the Treasury pursuant thereto. In the event that regulations or rulings are hereafter promulgated which modify or expand provisions of the Code, as applicable to this Lease, Lessee will not be required to comply with any covenant contained herein to the extent that such failure to comply, in the opinion of nationally recognized bond counsel, will not adversely affect the exemption from federal income taxation of the interest component of the Rent Payments under section 103 of the Code. In the event that regulations or rulings are hereafter promulgated that impose additional requirements that are applicable to the Lease, Lessee agrees to comply with the additional requirements to the extent necessary, in the opinion of nationally recognized bond counsel, to preserve the exemption from federal income taxation of the Interest Component of the Rent Payments under section 103 of the Code. In furtherance of such intention, Lessee hereby authorizes and directs Lessee's Representative, respectively, to execute any documents, certificates or reports required by the Code and to make such elections, on behalf of Lessee, which may be permitted by the Code, as are consistent with the purpose for the execution and delivery of the Lease.

Section 5.5. Damage to or Destruction of Property. Upon the passage of risk of loss under the Uniform Commercial Code, Lessee shall bear the entire risk of loss, damage, theft or destruction of such Property from any and every cause whatsoever. No loss, damage, destruction, or other event shall release Lessee from the obligation to pay the full amount of Rent Payments or from any other obligation hereunder.

Section 5.6. Allocation of and Limitation on, Expenditures for the Property. Lessee covenants to account for the expenditure of lease proceeds and investment earnings to be used for the Property on their books and records by allocating proceeds to expenditures within eighteen (18) months of the later of the date that (a) the expenditure is made, or (b) the Property is acquired. The foregoing notwithstanding, Lessee shall not expend lease proceeds or investment earnings thereon more than sixty (60) days after the earlier of (a) the fifth anniversary of the Closing Date of this Lease, or (b) the date this Lease expires, unless Lessee obtains an opinion of nationally-recognized bond counsel that such expenditure will not adversely affect the status, for federal income tax purposes, of this Lease or the interest component of any Rental Payment. For purposes hereof, Lessee shall not be obligated to comply with this covenant if it obtains an opinion that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest component of any Rental Payment.

Section 5.7. Disposition of Property. Lessee covenants that the Property will not be sold or otherwise disposed in a transaction resulting in the receipt by Lessee of cash or other compensation, unless Lessee obtains an opinion of nationally recognized bond counsel that such sale or other disposition will not adversely affect the status, for federal income tax purposes, of the interest component of any Rent Payment. For purposes of the foregoing, the portion of the Property comprising personal property and disposed in the ordinary course shall not be treated as a transaction resulting in the receipt of cash or other compensation. For purposes hereof, Lessee shall not be obligated to comply with this covenant if it obtains an opinion that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest component of any Rental Payment.

ARTICLE VI: DISCLAIMER OF WARRANTIES; ACCESS

Section 6.1. Warranties. Lessee acknowledges and agrees that the Property is of the size, design and capacity selected by Lessee based upon its own judgment. LESSOR HAS MADE AND MAKES NO WARRANTY, REPRESENTATION, OR COVENANT, EITHER EXPRESS OR IMPLIED, AND ASSUMES NO OBLIGATION WITH RESPECT TO THE TITLE, VALUE, DESIGN, CONDITION, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR FITNESS FOR THE USE CONTEMPLATED BY LESSEE OF THE PROPERTY OR ANY ITEM THEREOF, OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE PROPERTY OR ANY ITEM THEREOF ITS DESIGN, DELIVERY, INSTALLATION OR OPERATION OR THE CONFORMITY OF THE PROPERTY TO SPECIFICATIONS OR PURCHASE ORDERS. IN NO EVENT SHALL LESSOR BE LIABLE FOR INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES, IN CONNECTION WITH OR ARISING OUT OF THIS LEASE FOR THE EXISTENCE, FURNISHING, FUNCTIONING OR LESSEE'S USE OF THE EQUIPMENT.

Section 6.2. Lessee's Right to Enforce Warranties. Lessee shall have all rights with respect to the warranties of the manufacturers and any other persons with respect to

the Property and the right to enforce such warranties against the manufacturers and such other persons. Any recovery under a warranty shall be payable to Lessee.

Section 6.3. Access to the Property. Lessee agrees that Lessor and any Lessor Representative, and Lessor's successors or assigns, shall have the right at all times during regular business hours of Lessee and upon reasonable notice to Lessee to examine and inspect the Property.

Section 6.4. Release and Indemnification. Subject to the limitations and exceptions in the New Mexico Tort Claims Act, NMSA 1978, Sections 41-4-1 to 41-4-27, as amended, and to the extent it otherwise lawfully permitted may, Lessee shall indemnify and save harmless Lessor and its agents, employees, officers, and directors from and, at Lessee's expense, defend Lessor and its agents, employees, officers, and directors against all liability, obligations, losses, damages, penalties, claims, actions, costs, and expenses (including but not limited to reasonable attorneys' fees) of whatsoever kind or nature which in any way relate to or arise out of this Lease or the selection, purchase, delivery, ownership, rental, possession, operation, condition, sale or return of the Property; provided that Lessee shall not indemnify any person under this Section 6.4 for any liability arising from such person's own negligence or willful misconduct. All amounts which become due from Lessee under this provision shall be credited with any amounts received by Lessor from insurance provided by Lessee and shall be payable by Lessee within thirty (30) days following demand therefor by Lessor and shall survive the termination or expiration of this Lease.

ARTICLE VII: ASSIGNMENT, SUBLEASING AND AMENDMENT

Section 7.1. Assignment and Subleasing by Lessee. This Lease may not be assigned or subleased by Lessee. Lessor may assign in whole or in part its rights, title and interest, under this Lease at any time subsequent to its execution without the necessity of obtaining the Lessee's consent.

Section 7.2. Amendment of Lease. This Lease may not be altered, modified or canceled without the written consent of Lessor, Lessee and the Purchaser. Notwithstanding anything herein to the contrary, without receiving the consent of any Person, Lessee may enter into personal property finance contracts with persons other than Lessor and pledge an ad valorem tax, as contemplated by the Constitution of the State of New Mexico and NMSA 1978, Section 6-15A-6, as amended, to support its obligations with respect to acquiring "education technology equipment," it being expressly agreed by Lessor and Lessee that this Lease does not constitute an exclusive method of financing or acquiring "education technology equipment" by Lessee.

ARTICLE VIII: EVENTS OF DEFAULT AND REMEDIES

Section 8.1. Events of Default Defined. The following shall be events of default under this Lease and the terms "Events of Default" and "Default" shall mean, whenever they are used herein, any one or more of the following events whether occurring voluntarily

or involuntarily, by operation of law or pursuant to any order of any court or governmental agency:

(a) Lessee's failure to levy taxes in amounts sufficient to make any Rent Payment when due, to make such Rent Payment when due, or to provide the moneys levied for such purposes to Lessor in accordance with the terms hereof; or

(b) Lessee's failure to make any payment required hereunder, other than a Rent Payment, or its failure to comply with any other covenant, condition or agreement of Lessee hereunder for a period of thirty (30) days after notice thereof; or

(c) Any representation or warranty made by Lessee hereunder shall be found to be untrue in any material respect as of the date made; or

(d) Lessee makes, permits or suffers any unauthorized assignment, transfer or other disposition of this Lease or any interest herein, or of any part of the Property or any interest therein; or

(e) Lessee becomes insolvent or admits in writing its inability to pay its debts as they mature or applies for, consents to or acquiesces in the appointment of a trustee, receiver or custodian for Lessee or a substantial part of its property; or in the absence of such application, consent or acquiescence, a trustee, receiver or custodian is appointed for Lessee or a substantial part of its property and is not discharged within sixty (60) days of such appointment; or any bankruptcy, reorganization, debt arrangement, moratorium, or any proceeding under any bankruptcy or insolvency law, or any dissolution or liquidation proceeding is instituted by or against Lessee and, if instituted against Lessee, is consented to or acquiesced in by Lessee or is not dismissed within sixty (60) days of such institution; or

Section 8.2. Remedies Upon Event of Default. Upon the happening and continuance of any event of default specified in Section 8.1, the holders of the Note(s), from time to time, may proceed to protect and enforce this Lease and enforce the pledge of Lessee's ad valorem taxes by such judicial proceedings as such Persons shall deem most effectual, either by suit in equity, mandamus or by action at law, whether for the specific performance of any covenant or agreement contained herein, or in aid of the exercise of any power granted herein. Before seeking to enforce any other legal or equitable right vested in the holders of the Note, from time to time, by this Lease or by law, such Persons must first seek through a mandamus action to enforce the payment of the Rent Payments due hereunder by the levying of ad valorem taxes, without limit as to rate or amount.

Section 8.3. No Waiver. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In the event any agreement contained herein should be breached by either party and thereafter waived by the other party and the Purchaser, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive

any other breach thereunder. In order to entitle the holders of the Note, from time to time, to exercise any remedy in this Article VIII, it shall not be necessary to give any notice, other than such notice as may be required in this Article VIII or by law.

ARTICLE IX: PREPAYMENT OF RENT PAYMENTS AND EXERCISE OF PURCHASE OPTION AT END OF LEASE

Lessee hereby exercises such option to purchase at the end of the Term of the Lease and Lessor hereby acknowledges receipt of One dollar (\$1.00) from Lessee and other valuable consideration.

THIS CERTIFIES THAT the registered owner specified above, or registered assigns, has an undivided interest in rights to receive certain Rent Payments by The Board of Education of the Santa Fe Public School District, County of Santa Fe, New Mexico (the "Board") under a Lease Purchase Arrangement dated as of _____, 2020 (as amended or supplemented from time to time, the "Lease") between, The Education Technology Leasing Company, LLC as lessor (the "Lessor") and the Board as lessee (the "Lessee"). The interest of the registered owner of this Note is secured as provided in the Lease. As registered owners (the "Owners") of the Note, Series 2020 (the "Note"), evidencing an undivided interest in the right to receive certain Rent Payments in the original aggregate principal amount of \$11,000,000, Owners are entitled to receive Rent Payments consisting of principal and interest as set out in the Lease. Capitalized terms used but not defined herein have the meaning assigned to them in the Lease.

The Board on the full faith and credit and on behalf of Santa Fe Public School District, County of Santa Fe, New Mexico (the "District"), for value received, hereby promises to pay to the registered owner named above, or registered assigns, the principal amount hereof on the Maturity Date and to pay interest on the principal amount at the Interest Rate on February 1, 2021, and thereafter on each August 1 and February 1 of each year (each an "Interest Payment Date") from the Original Date to its maturity. The principal of the Note due at maturity and interest when due shall be payable to the registered owner thereof as shown on the registration books kept by BOKF, NA, as "Paying Agent/Registrar" (such entity and any successor thereto, the "Paying Agent/Registrar") for the Note, upon maturity and upon presentation and surrender thereof at the principal offices of the Paying Agent/Registrar upon the final maturity of the Note. If the Note shall not be paid upon such presentation and surrender at or after maturity, it shall continue to draw interest at the rate borne by the Note until the principal thereof is paid in full. Payment of interest on the Note (other than at maturity) shall be made by check or draft mailed by the Paying Agent/Registrar (or by such other arrangement as may be mutually agreed to by the Paying Agent/Registrar and such registered owner), on or before each Interest Payment Date (or, if such Interest Payment Date is not a business day, on or before the next succeeding business day), to the registered owner thereof on the Record

Date (defined below) at his address as it appears on the registration books kept by the Paying Agent/Registrar. All such payments shall be made in lawful money of the United States of America. The term "Record Date" as used herein with respect to any Interest Payment Date shall mean the fifteenth (15th) day of the month immediately preceding the Interest Payment Date. The person in whose name the Note is registered on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable thereon on such Interest Payment Date notwithstanding any transfer or exchange thereof subsequent to such Record Date and prior to such Interest Payment Date; but interest on the Note which is not timely paid or duly provided for shall cease to be payable as provided above and shall be payable to the person in whose name the Note is registered at the close of business on a special record date (the "Special Record Date") fixed by the Paying Agent/Registrar for the payment of any such overdue interest. The Special Record Date shall be fixed by the Paying Agent/Registrar whenever moneys become available for payment of overdue interest, and notice of any such Special Record Date shall be given not less than ten (10) days prior thereto, by first-class mail, to the registered owners of the Note as of the fifth (5th) day preceding the mailing of such notice by the Paying Agent/Registrar, stating the Special Record Date and the date fixed for the payment of overdue interest. The principal of the Note shall be payable to the owner of the Note as shown on the registration books kept by the Paying Agent/Registrar for the Note, upon maturity and upon presentation and surrender thereof at the principal offices of the Paying Agent/Registrar upon the final maturity of the Note. Payment of principal of the Note shall be made by check or draft mailed by the Paying Agent/Registrar (or by such other arrangement as may be mutually agreed to by the Paying Agent/Registrar and the owner of the Note).

The Note is fully registered and is issuable in denominations of \$5,000 and multiples thereof or, if less, the principal amount outstanding on the Note.

The Rent Payments relating to this Lease may not be prepaid and the Note is not subject to redemption prior to maturity.

The Note of which this Note is one to the extent more than one Note is issued, is limited to the total principal amount of \$11,000,000 of like tenor except as to number, denomination, maturity date, and interest rate, issued by the Board for the purpose of acquiring technology equipment to the extent permitted by NMSA 1978 §§ 6-15A-3 (B) and 22-15A-2, The Technology for Education Act, under the authority of and in full conformity with the Constitution and laws of the State of New Mexico (including §§ 6-15-3 through 6-15-10 NMSA 1978, and acts amendatory and supplemental thereto), and pursuant to a resolution of the Board duly adopted and made a law of the District prior to the issuance of this Note (the "Lease Purchase Arrangement Resolution").

The Paying Agent/Registrar will maintain the books of the District for the registration of ownership of the Note. Upon the surrender for transfer of any Note at the principal office of the Paying Agent/Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing, the Paying Agent/Registrar shall authenticate and deliver not more than three (3) business days after receipt of the Note to be transferred in the name of the transferee or transferees a new Note in fully registered form of the same aggregate principal amount of authorized denominations, and of the same maturity, interest rate and series, bearing a number or numbers not contemporaneously outstanding. The Note may be exchanged at the principal offices of the Paying Agent/Registrar for an equal aggregate principal amount of the Note of other authorized denominations, and of the same maturity, series and interest rate. The Paying Agent/Registrar shall authenticate and deliver not more than three (3) business days after receipt of the Note to be exchanged a Note which the registered owner making the exchange is entitled to receive, bearing a number or numbers not contemporaneously outstanding. Exchanges and transfers of the Note as herein provided shall be without charge to the owner or any transferee, but the Paying Agent/Registrar may require the payment

by the owner of any Note requesting exchange or transfer of any tax or other governmental charge required to be paid with respect to such exchange or transfer.

The person in whose name the Note shall be registered on the registration books kept by the Paying Agent/Registrar, shall be deemed and regarded as the absolute owner thereof for the purpose of making payment thereof and for all other purposes except as may otherwise be provided with respect to payment of interest; and payment of or on account of either principal or interest on the Note shall be made only to or upon the written order of the registered owner thereof or his legal representative, but such registration may be changed upon transfer of the Note in the manner and subject to the conditions and limitations provided herein. All such payments shall be valid and effectual to discharge the liability upon the Note to the extent of the sum or sums so paid.

If the Note shall be lost, stolen, destroyed or mutilated, the Paying Agent/Registrar shall, upon receipt of the mutilated Note and such evidence, information or indemnity relating thereto as it may reasonably require and as may be required by law, authenticate and deliver a replacement Note of a like aggregate principal amount of authorized denominations, and of the same maturity, interest rate and series, bearing a number or numbers not contemporaneously outstanding. If such lost, stolen, destroyed or mutilated Note shall have matured, the Paying Agent/Registrar may pay such Note in lieu of replacement.

For the punctual payment of the principal of and interest on this Note as aforesaid and for the levy and collection of taxes in accordance with the statutes authorizing the issuance of this Note, the full faith and credit of the District is hereby irrevocably pledged. The Board has, by the Lease Purchase Arrangement Resolution, ordered the creation of an interest and sinking fund for the payment of the Note. Such fund is to be held in trust for the benefit of the owner or owners of the Note.

It is hereby certified, recited and warranted that all the requirements of law have been complied with by the proper officials of the District in the issuance of this Note; that the total indebtedness of the District, including that of this Note, does not exceed any limit of indebtedness prescribed by the Constitution or laws of the State of New Mexico; that provision has been made for the levy and collection of annual taxes sufficient to pay the principal of and the interest on this Note when the same becomes due. This Note shall not be valid or obligatory for any purpose until the Paying Agent/Registrar shall have manually signed the Note of authentication hereon.

IN TESTIMONY WHEREOF, the Board of Education of Santa Fe Public School District, County of Santa Fe, New Mexico, constituting the governing board of the District, has caused the seal of the District to be hereto affixed and this Note to be signed and executed with the manual or facsimile signature of the President of the Board and subscribed and attested with the manual or facsimile signature of the Secretary of the Board, all as of the Original Dated Date.
