

PRELIMINARY OFFICIAL STATEMENT DATED NOVEMBER 23, 2021

New Issue

Rating: S&P: "A+"
See "RATING" herein

In the opinion of McManimon, Scotland & Baumann, LLC, Bond Counsel, assuming compliance by the Board (as defined herein) with certain tax covenants described herein, under existing law, interest on the Bonds (as defined herein) is excluded from gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Bonds is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax. Based upon existing law, interest on the Bonds and any gain on the sale thereof are not included in gross income under the New Jersey Gross Income Tax Act. See "TAX MATTERS" herein.

THE BOARD OF EDUCATION OF
THE CITY OF RAHWAY
IN THE COUNTY OF UNION, NEW JERSEY
\$38,714,000 SCHOOL BONDS
(Book-Entry-Only) (Callable)

Dated: Date of Delivery

Due: July 15, as shown below

The \$38,714,000 School Bonds (the "Bonds") of The Board of Education of the City of Rahway in the County of Union, New Jersey (the "Board" when referring to the governing body and legal entity and the "School District" when referring to the territorial boundaries governed by the Board) will be issued in the form of one certificate for the aggregate principal amount of the Bonds maturing in each year and when issued will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository. See "BOOK-ENTRY-ONLY SYSTEM" herein.

Interest on the Bonds will be payable semiannually on January 15 and July 15 in each year until maturity, or earlier redemption, commencing on July 15, 2022. Principal of and interest on the Bonds will be paid to DTC by the Board or its designated paying agent. Interest on the Bonds will be credited to the participants of DTC as listed on the records of DTC as of each next preceding January 1 and July 1 (the "Record Dates" for the payment of interest on the Bonds). The Bonds shall be subject to optional redemption prior to their stated maturities. See "DESCRIPTION OF THE BONDS - Redemption" herein.

The Bonds are valid and legally binding obligations of the Board and, unless paid from other sources, are payable from *ad valorem* taxes levied upon all the taxable property within the School District for the payment of the Bonds and the interest thereon without limitation as to rate or amount.

MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES, YIELDS AND CUSIPS*

Maturity (July 15)	Principal Amount	Interest Rate	Yield	CUSIP*	Maturity (July 15)	Principal Amount	Interest Rate	Yield	CUSIP*
2023	\$1,264,000	%	%		2033	\$2,500,000	%	%	
2024	1,250,000				2034	2,500,000			
2025	1,250,000				2035	2,500,000			
2026	1,250,000				2036	2,500,000			
2027	1,250,000				2037	2,500,000			
2028	1,250,000				2038	2,500,000			
2029	1,250,000				2039	2,500,000			
2030	2,500,000				2040	2,500,000			
2031	2,500,000				2041	2,450,000			
2032	2,500,000								

The Bonds are offered when, as and if issued and delivered to the Underwriter (as defined herein), subject to prior sale, to withdrawal or modification of the offer without notice and to the approval of legality by the law firm of McManimon, Scotland & Baumann, LLC, Roseland, New Jersey and certain other conditions described herein. Phoenix Advisors, LLC, Bordentown, New Jersey has served as Municipal Advisor in connection with the issuance of the Bonds. Delivery is anticipated to be via DTC in New York, New York on or about December 15, 2021.

ELECTRONIC SUBMISSIONS FOR THE BONDS WILL BE RECEIVED VIA PARITY UNTIL 11:00 A.M. ON DECEMBER 2, 2021. FOR MORE DETAILS ON HOW TO BID ELECTRONICALLY, VIEW THE NOTICE OF SALE POSTED AT WWW.MUNIUB.COM.

CUSIP data herein is provided by CUSIP Global Services, which is managed on behalf of the American Bankers Association by S&P Global Market Intelligence. The CUSIP numbers listed above are being provided solely for the convenience of Bondholders only at the time of issuance of the Bonds, and the Board does not make any representation with respect to such numbers or undertake any responsibility for their accuracy now or at any time in the future. The CUSIP number for a specific maturity is subject to being changed after the issuance of the Bonds as a result of procurement of secondary market portfolio insurance or other similar enhancement by investors that is applicable to all or a portion of certain maturities of the Bonds.

This is a Preliminary Official Statement, complete with the exception of the specific information permitted to be omitted by Rule 15c2-12 of the Securities and Exchange Commission. The Board has authorized distribution of this Preliminary Official Statement to prospective purchasers and others. In accordance with Rule 15c2-12, this Preliminary Official Statement is deemed final. Upon the sale of the Bonds described herein, the Board will deliver a final Official Statement within the earlier of seven business days following such sale or in order to accompany the purchasers confirmations that request payment for the Bonds.

OF
THE BOARD OF EDUCATION OF
THE CITY OF RAHWAY
IN THE COUNTY OF UNION, NEW JERSEY**

**\$38,714,000
SCHOOL BONDS
(BOOK-ENTRY-ONLY) (CALLABLE)**

INTRODUCTION

This Official Statement, which includes the front cover page and the appendices attached hereto, has been prepared by The Board of Education of the City of Rahway in the County of Union, New Jersey (the “Board” when referring to the governing body and legal entity and the “School District” when referring to the territorial boundaries governed by the Board) in connection with the sale and issuance of its \$38,714,000 School Bonds (the “Bonds”). This Official Statement has been executed by and on behalf of the Board by the Business Administrator/Board Secretary, and its distribution and use in connection with the sale of the Bonds have been authorized by the Board.

This Official Statement contains specific information relating to the Bonds including their general description, certain matters affecting the financing, certain legal matters, historical financial information and other information pertinent to this issue. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the Board from its records, except for information expressly attributed to other sources. The presentation of information is intended to show recent historic information and, but only to the extent specifically provided herein, certain projections into the immediate future and is not necessarily indicative of future or continuing trends in the financial position of the Board.

DESCRIPTION OF THE BONDS

The following is a summary of certain provisions of the Bonds. Reference is made to the Bonds themselves for the complete text thereof, and the discussion herein is qualified in its entirety by such reference.

Terms and Interest Payment Dates

The Bonds shall be dated the date of delivery and shall mature on July 15 in each of the years and in the amounts set forth on the front cover page hereof. The Bonds shall bear interest from the date of delivery, which interest shall be payable semi-annually on the fifteenth day of January and July, commencing on July 15, 2022 (each an “Interest Payment Date”), in each of the years and at the interest rates set forth on the front cover page hereof until maturity, or earlier redemption, by the Board or a duly appointed paying agent to the registered owners of the Bonds as of each January 1 and July 1 immediately preceding the respective Interest Payment Dates (the “Record Dates”). Interest on the Bonds shall be calculated on the basis of a 360-day year of twelve 30-day calendar months. So long as The Depository Trust Company, New York, New York (“DTC”) or its nominee, Cede & Co. (or any successor or assign), is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the Board or a designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC Participants, which will in turn remit such payments to the beneficial owners of the Bonds. *See* “BOOK-ENTRY-ONLY SYSTEM” herein.

The Bonds will be issued in fully registered book-entry-only form without certificates. One certificate shall be issued for the aggregate principal amount of Bonds maturing in each year and, when issued, will be registered in the name of Cede & Co., as nominee of DTC. DTC will act as securities depository for the Bonds. The certificates will be on deposit with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds on behalf of the individual purchasers. Individual purchases may be made in the principal amount of any multiple of \$5,000 (except that bonds maturing in any year in an amount that is not a multiple of \$5,000 shall be purchased in an amount that is a multiple of \$1,000) through book entries made on the books and the records of DTC and its participants. Individual purchasers of the Bonds will not receive certificates representing their beneficial ownership interests in the Bonds, but each book-entry owner will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Bonds purchased. See “BOOK-ENTRY-ONLY SYSTEM” herein.

Redemption

The Bonds maturing prior to July 15, 2030 are not subject to redemption prior to maturity. The Bonds maturing on or after July 15, 2030 shall be subject to redemption at the option of the Board, in whole or in part, on any date on or after July 15, 2029 at a price of 100% of the Bonds to be redeemed (the “Redemption Price”), plus unpaid accrued interest to the date fixed for redemption.

Notice of redemption shall be given by mailing by first class mail in a sealed envelope with postage prepaid to the registered owners of the Bonds not less than thirty (30) days, nor more than sixty (60) days prior to the date fixed for redemption. Such mailing shall be to the Owners of such Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the Board or a duly appointed bond registrar. However, as long as The Depository Trust Company (or any successor thereto) acts as Securities Depository for the Bonds, notice of redemption may be sent to such Securities Depository by email or as otherwise permitted by the Securities Depository regulations. Any failure of the depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any notice of redemption shall not affect the validity of the redemption proceedings. If the Board determines to redeem a portion of the Bonds prior to maturity, the Bonds to be redeemed shall be selected by the Board; the Bonds to be redeemed having the same maturity shall be selected by the securities depository in accordance with its regulations.

If notice of redemption has been given as provided herein, the Bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Interest shall cease to accrue on and after such redemption date.

Security for the Bonds

The Bonds are valid and legally binding general obligations of the Board, and the Board has irrevocably pledged its full faith and credit for the payment of the principal of and interest on the Bonds. Unless paid from other sources, the principal of and interest on the Bonds are payable from *ad valorem* taxes levied upon all the taxable property within the School District without limitation as to rate or amount except to the extent that enforcement of such payment may be limited by bankruptcy, insolvency or other similar laws on equitable principles effecting the enforcement of creditors’ rights generally.

New Jersey School Bond Reserve Act (N.J.S.A. 18A:56-17 et seq.)

All school bonds are secured by the School Bond Reserve (the “School Bond Reserve”) established in the Fund for the Support of Free Public Schools of the State of New Jersey (the “Fund”) in accordance with the New Jersey School Bond Reserve Act, N.J.S.A. 18A:56-17 et seq. (P.L. 1980, c. 72, approved July 16, 1980, as amended by P.L. 2003, c. 118, approved July 1, 2003 (the “Act”). Amendments to the Act provide that the Fund will be divided into two (2) School Bond Reserve accounts. All bonds issued prior to July 1, 2003 shall be benefited by a School Bond Reserve account funded in an amount equal to 1-1/2% of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes issued prior to July 1, 2003 (the “Old School Bond Reserve Account”) and all bonds, including the Bonds, issued on or after July 1, 2003 shall be benefited by a School Bond Reserve account equal to 1% of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes issued on or after July 1, 2003 (the “New School Bond Reserve Account”), provided such amounts do not exceed the moneys available in the Fund. If a municipality, county or school district is unable to make payment of principal of or interest on any of its bonds issued for school purposes, the trustees of the Fund will purchase such bonds at par value and will pay to the bondholders the interest due or to become due within the limits of funds available in the applicable School Bond Reserve account in accordance with the provisions of the Act.

The Act provides that the School Bond Reserve shall be composed entirely of direct obligations of the United States government or obligations guaranteed by the full faith and credit of the United States government. Securities representing at least one-third of the minimal market value to be held in the School Bond Reserve shall be due to mature within one year of issuance or purchase. Beginning with the fiscal year ending on June 30, 2003 and continuing on each June 30 thereafter, the State Treasurer shall calculate the amount necessary to fully fund the Old School Bond Reserve Account and the New School Bond Reserve Account as required pursuant to the Act. To the extent moneys are insufficient to maintain each account in the School Bond Reserve at the required levels, the State of New Jersey (the “State”) agrees that the State Treasurer shall, no later than September 15 of the fiscal year following the June 30 calculation date, pay to the trustees for deposit in the School Bond Reserve such amounts as may be necessary to maintain the Old School Bond Reserve Account and the New School Bond Reserve Account at the levels required by the Act. No moneys may be borrowed from the Fund to provide liquidity to the State unless the Old School Bond Reserve Account and the New School Bond Reserve Account each are at the levels certified as full funding on the most recent June 30 calculation date. The amount of the School Bond Reserve in each account is pledged as security for the prompt payment to holders of bonds benefited by such account of the principal of and the interest on such bonds in the event of the inability of the issuer to make such payments. In the event the amounts in either the Old School Bond Reserve Account or the New School Bond Reserve Account fall below the amount required to make payments on bonds, the amounts in both accounts are available to make payments for bonds secured by the School Bond Reserve.

The Act further provides that the amount of any payment of interest or purchase price of school bonds paid pursuant to the Act shall be deducted from the appropriation or apportionment of State aid, other than certain State aid which may be otherwise restricted pursuant to law, payable to the school district, county or municipality and shall not obligate the State to make, nor entitle the school district, county or municipality to receive any additional appropriation or apportionment. Any amount so deducted shall be applied by the State Treasurer to satisfy the obligation of the school district, county or municipality arising as a result of the payment of interest or purchase price of bonds pursuant to the Act.

AUTHORIZATION AND PURPOSE

The Board is issuing the Bonds pursuant to: (i) Chapter 24 of Title 18A of the New Jersey Statutes, as amended and supplemented; (ii) a resolution duly adopted by the Board on November 9, 2021 (the

“Resolution”); and (iii) a proposal adopted by the Board on June 22, 2021 and approved by a majority of the legal voters present and voting at the School District election held on September 28, 2021.

The Bonds are being issued to permanently finance various capital improvements at Franklin Elementary School, Grover Cleveland Elementary School, Madison Elementary School, Roosevelt Elementary School, the 7th and 8th Grade Academy and Rahway High School (the “Project”). The Board is authorized to expend an amount not to exceed \$38,714,049 for the Project. The Board expects to receive State Debt Service Aid to help support the costs of the Project. See “SUMMARY OF STATE AID TO SCHOOL DISTRICTS” herein.

INFECTIOUS DISEASE OUTBREAK – COVID-19

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the “Pandemic”) by the World Health Organization and has been affecting many parts of the world, including the United States and the State. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President’s Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States. As governments monitor the outbreaks, they have taken various steps to control them through requiring social distancing, masks and business closures and limited openings. As the virus appears to be under control in many areas, many of these restrictions have been lifted although the as the situation is monitored, sometimes restrictions are reinstated. Several vaccines have been developed and have been administered. Mutant variants have emerged in various places around the world and now are prevalent in the United States. Certain workers are being required to be vaccinated. Companies have developed booster shots, and current vaccines have proven substantially effective against all currently known variants. New treatments are also being developed to avert the worst outcomes. The assessment of the impact of the virus and the ability to control it and its mutant strains is ongoing.

In the State, Governor Phil Murphy has issued multiple Executive Orders since March 16, 2020 including but not limited to aggressive social distancing measures, restrictions on local elections, restrictions on foreclosure and evictions, suspension of all elective surgeries, closing of schools and child care centers, the commandeering of property such as medical supplies, the cessation of all non-essential construction projects, extending insurance premium grace periods, the temporary reprieve to certain at-risk inmates and the extension of the permitted statutory grace period from May 11, 2020 to June 1, 2020 for quarterly property taxes due May 1, 2020. On June 4, 2021, the Governor signed legislation enabling the end of the public health emergency and keeping certain executive orders in place until January 1, 2022, though such executive orders may be modified or rescinded prior to that date by the Governor. The declaration of the state of emergency remains in effect as of this date. The Board expects ongoing actions may be taken by State, federal and local governments and private entities to mitigate the spread and impacts of COVID-19. The Pandemic has negatively affected travel, commerce, and financial markets globally, and may continue to negatively affect economic growth and financial markets worldwide. These negative impacts could reduce or negatively affect property values within the School District

Since the pandemic began, the federal government has enacted rescue legislation to address the pandemic and alleviate its economic and health effects, including significant support for education. The legislation includes various forms of financial relief including direct stimulus payments and various other forms of economic relief, including extended unemployment benefits, continued eviction and foreclosure moratoriums, an increase in the child tax credit, an increase in food and housing aid, assistance grants to restaurants and bars, and other small business grants and loans. The Plan provides funding for state and local governments to offset costs to safely reopen schools during the COVID-19 pandemic and to subsidize COVID-19 testing and vaccination programs. Federal aid for public education has been provided under three

separate laws: The Coronavirus Aid, Relief, and Economic Security Act in March 2020 (CARES Act), and the Coronavirus Response and Relief Supplemental Appropriations Act in December 2020 (CRRSA) and the American Rescue Plan Act in March 2021 (ARP). The Elementary and Secondary School Emergency Relief (ESSER) Fund is the main source of funding for public elementary and secondary education under each law. The School District has been awarded up to \$10,641,270 to address certain expenses incurred as a result of the pandemic. Because of the evolving nature of the outbreak and federal, state and local responses, the Board cannot predict how the outbreak will impact the financial condition or operations of the Board, or if there will be any impact on the assessed values of property within the School District or deferral of tax payments to municipalities. The School District cannot predict costs associated with this or any other potential infectious disease outbreak, including whether there will be any reduction in State funding or an increase in operational costs incurred to clean, sanitize and maintain its facilities either before or after an outbreak of an infectious disease. To date the School District has not been materially and adversely affected financially due to the virus.

BOOK-ENTRY-ONLY SYSTEM¹

The following description of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal and interest, and other payments on the Bonds to DTC Participants or Beneficial Owners (as defined below), confirmation and transfer of beneficial ownership interests in the Bonds and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the Board. Accordingly, the Board does not make any representations concerning these matters.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks and trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has an S&P Global Ratings, acting through Standard & Poor's Financial Services LLC, rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each

¹ Source: The Depository Trust Company

Bond (“Beneficial Owner”) is in turn to be recorded on the Direct Participants’ and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Bonds are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct Participants or Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the Record Date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as in the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Board or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry-only system has been obtained from sources that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof.

THE BOARD WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS, OR THE INDIRECT PARTICIPANTS, OR BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE BONDHOLDERS OR REGISTERED OWNERS OF THE BONDS (OTHER THAN UNDER THE CAPTION "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

Discontinuance of Book-Entry-Only System

If the Board, in its sole discretion, determines that DTC is not capable of discharging its duties, or if DTC discontinues providing its services with respect to the Bonds at any time, the Board will attempt to locate another qualified securities depository. If the Board fails to find such a securities depository, or if the Board determines, in its sole discretion, that it is in the best interest of the Board or that the interest of the Beneficial Owners might be adversely affected if the book-entry-only system of transfer is continued (the Board undertakes no obligation to make an investigation to determine the occurrence of any events that would permit it to make such determination), the Board shall notify DTC of the termination of the book-entry-only system.

THE SCHOOL DISTRICT AND THE BOARD

The School District is a Type II school district that is coterminous with the borders of the City of Rahway (the "City") located in the County of Union (the "County") in the State. The School District provides a full range of educational services appropriate to students in Pre-Kindergarten (PreK) through grade twelve (12).

The Board is comprised of nine (9) members elected by the legally qualified voters in the School District to terms of three (3) years on a staggered basis. The President and Vice President are chosen for one (1) year terms from among the members of the Board. See "APPENDIX A – Certain Economic and Demographic Information About the School District and the City of Rahway."

THE STATE'S ROLE IN PUBLIC EDUCATION

The Constitution of the State provides that the legislature of the State shall provide for the maintenance and support of a thorough and efficient system of free public schools for the instruction of all children in the State between the ages of 5 and 18 years. Case law has expanded the responsibility to include children between the ages of 3 and 21.

The responsibilities of the State with respect to the general supervision and control of public education have been delegated to the New Jersey Department of Education (the "Department"), which is a part of the executive branch of the State government and was created by the State Legislature. The Department is governed and guided by the policies set forth by the New Jersey Board of Education (the "State Board"). The State Board is responsible for the general supervision and control of public education and is obligated to formulate plans and to make recommendations for the unified, continuous and efficient development of public education of all people of all ages within the State. To fulfill these responsibilities,

the State Board has the power, inter alia, to adopt rules and regulations that have the effect of law and that are binding upon school districts.

The Commissioner of Education (the “Commissioner”) is the chief executive and administrative officer of the Department. The Commissioner is appointed by the Governor of the State with the advice and consent of the State Senate and serves at the pleasure of the Governor during the Governor’s term of office. The Commissioner is Secretary and Chief Executive Officer of the State Board and is responsible for the supervision of all school districts in the State and is obligated to enforce the rules and regulations of the State Board. The Commissioner has the authority to recommend the withholding of State financial aid and the Commissioner’s consent is required for authorization to sell school bonds that exceed the debt limit of the municipality in which the school district is located and may also set the amount to be raised by taxation for a board of education if a school budget has not been adopted by a board of school estimate or by the voters.

An Executive County Superintendent of Schools (the “County Superintendent”) is appointed for each county in the State by the Governor, upon the recommendation of the Commissioner and with the advice and consent of the State Senate. The County Superintendent reports to the Commissioner or a person designated by the Commissioner. The County Superintendent is responsible for the supervision of the school districts in the county and is charged with the enforcement of rules pertaining to the certification of teachers, pupil registers and financial reports and the review of budgets. Under the Uniform Shared Services and Consolidation Act, P.L. 2007, c. 63 approved April 3, 2007 (A4), the role of the County Superintendent was changed to create the post of the Executive County Superintendent with expanded powers for the operation and management of school districts to, among other things, promote administrative and operational efficiencies, eliminate non-operating school districts and recommend a school district consolidation plan to eliminate school districts through the establishment or enlargement of regional school districts, subject to voter approval.

STRUCTURE OF SCHOOL DISTRICTS IN NEW JERSEY

Categories of School Districts

State school districts are characterized by the manner in which the board of education or the governing body takes office. School districts are principally categorized in the following categories:

(1) Type I, in which the mayor or chief executive officer (“CEO”) of a municipality appoints the members of a board of education and a board of school estimate, which board of school estimate consists of two (2) members of the board of education, two (2) members of the governing body of the municipality and the mayor or CEO of the municipality comprising the school district, approves fiscal matters;

(2) Type II, in which the registered voters in a school district elect the members of a board of education and either (a) the registered voters may also vote upon fiscal matters, or (b) a board of school estimate, consisting of two (2) members of the governing body of and the CEO of each municipality within the school district and the president of and one member of the board of education, approves all fiscal matters;

(3) Regional and consolidated school districts comprising the territorial boundaries of more than one municipality in which the registered voters in the school district elect members of the board of education and may vote upon fiscal matters. Regional school districts may be “All Purpose Regional School Districts” or “Limited Purpose Regional School Districts”;

(4) State operated school districts created by the State Board, pursuant to State law, when a local board of education cannot or will not correct severe educational deficiencies;

(5) County vocational school districts have boards of education consisting of the County Superintendent and four (4) members unless it is a county of the first class, which adopted an ordinance, in which case it can have a board consisting of seven (7) appointed members which the board of chosen freeholders of the county appoints. Such vocational school districts shall also have a board of school estimate, consisting of two (2) members appointed by the board of education of the school district, two (2) members appointed by the board of chosen freeholders and a fifth member being the county executive or the director of the board of chosen freeholders of the county, which approves fiscal matters; and

(6) County special services school districts have boards of education consisting of the County Superintendent and six (6) persons appointed by the board of chosen freeholders of the county. Such special services school districts shall also have a board of school estimate, consisting of two (2) members appointed by the board of education of the school district, two (2) members appointed by the board of chosen freeholders and a fifth member being the freeholder-director of the board of chosen freeholders, which approves all fiscal matters.

There is a procedure whereby a Type I school district or a Type II school district may change from one type to the other after an approving public referendum. Such a public referendum must be held whenever directed by the municipal governing body or board of education in a Type I school district, or the board of education in a Type II school district, or when petitioned for by fifteen percent (15%) of the voters of any school district. The School District is a Type II school district.

Under the Uniform Services and Consolidation Act, the Executive County Superintendent is required to eliminate non-operating school districts and to recommend consolidation to eliminate school districts through the establishment or enlargement of regional school districts, subject to voter approval.

School Budgetary Process (N.J.S.A. 18A:22-1 et seq.)

In a Type I school district, a separate body from the school district, known as the board of school estimate, examines the budget requests and fixes the appropriation amounts for the next year's operating budget at or after a public hearing. This board, whose composition is fixed by statute, certifies the budget to the municipal governing body or board of education. If the board of education disagrees with the certified budget of the board of school estimate, then it can appeal to the Commissioner to request changes.

In a Type II school district, the elected board of education develops the budget proposal and, at or after a public hearing, submits it for voter approval unless the board has moved its annual election to November as discussed below. Debt service provisions are not subject to public referendum. If approved, the budget goes into effect. If defeated, the governing body of the municipality must develop the school budget by May 19 of each year. Should the governing body be unable to do so, the Commissioner establishes the local school budget.

The Budget Election Law (P.L. 2011, c.202, effective January 17, 2012) established procedures that allow the date of the annual school election of a Type II school district, without a board of school estimate, to be moved from April to the first Tuesday after the first Monday in November, to be held simultaneously with the general election. Such change in the annual school election date must be authorized by resolution of either the board of education or the governing body of the municipality, or by an affirmative vote of a majority of the voters whenever a petition, signed by at least 15% of the legally qualified voters, is filed with the board of education. Once the annual school election is moved to November, such election may not be changed back to an April annual school election for four (4) years.

School districts that opt to move the annual school election to November are no longer required to submit the budget to the voters for approval if the budget is at or below the 2% property tax levy cap as provided for by the 2% Tax Levy Cap Law. For school districts that opt to change the annual school election

date to November, proposals to spend above the 2% property tax levy cap would be presented to voters at the annual school election in November.

The Board conducts its annual elections in November.

Spending Growth Limitation

CEIFA (as hereinafter defined) places limits on the amount school districts can increase their annual current expenses and capital outlay budgets, and such limits are known as a school district's spending growth limitation amount (the "Spending Growth Limitation"). See "SUMMARY OF CERTAIN PROVISIONS FOR THE PROTECTION OF SCHOOL DEBT" herein.

SUMMARY OF CERTAIN PROVISIONS FOR THE PROTECTION OF SCHOOL DEBT

Levy and Collection of Taxes

School districts in the State do not levy or collect taxes to pay those budgeted amounts that are not provided by the State. The municipality within which a school district is situated levies or collects the required taxes and must remit them in full to the school district.

Budgets and Appropriations

School districts in the State must operate on an annual cash basis budget. Each school district must adopt an annual budget in such detail and upon forms as prescribed by the Commissioner, to which must be attached an itemized statement showing revenues, including State and federal aid, and expenditures. The Commissioner must approve a budget prior to its final adoption and has the power to increase or decrease individual line items in a budget. Any amendments to a school district's budget must be approved by the board of education or the board of school estimate, as the case may be. Every budget submitted must provide no less than the minimum permissible amount deemed necessary under State law to provide for a thorough and efficient education as mandated by the State constitution. The Commissioner may not approve any budget unless the Commissioner is satisfied that the school district has adequately implemented within the budget the Core Curriculum Content Standards required by State law. If necessary, the Commissioner is authorized to order changes in the local school district's budget. The Commissioner will also ensure that other provisions of law are met including the limitations on taxes and spending explained below.

Tax and Spending Limitations

The Public School Education Act of 1975, N.J.S.A. 18A:7A-1 *et seq.*, P.L. 1975, c. 212 (as amended and partially repealed) first limited the amount of funds that could be raised by a local school district. It limited the annual increase of any school district's net current expense budget. The budgetary limitation was known as a "CAP" on expenditures. The "CAP" was intended to control the growth in local property taxes. Subsequently there have been numerous legislative changes as to how the spending limitations would be applied.

The Quality Education Act of 1990, N.J.S.A. 18A:7D-1 *et seq.*, P.L. 1990, c. 52 ("QEA") (now repealed) also limited the annual increase in the school district's current expense and capital outlay budgets by a statutory formula linked to the annual percentage increase in per capita income. The QEA was amended and revised by Chapter 62 of the Laws of New Jersey of 1991, and further amended by Chapter 7 of the Laws of New Jersey of 1993.

The Comprehensive Educational Improvement and Financing Act of 1996, N.J.S.A. 18A:7F-1 et seq., P.L. 1996, c. 138 (“CEIFA”) (as amended by P.L. 2004, c.73, effective July 1, 2004), which followed QEA, also limited the annual increase in a school district’s net budget by a spending growth limitation. CEIFA limited the amount school districts could increase their annual current expenses and capital outlay budgets, defined as a school district’s “Spending Growth Limitation”. Generally, budgets could increase by either a set percent or the consumer price index, whichever was greater. Amendments to CEIFA lowered the budget cap to 2.5% from 3%. Budgets could also increase because of certain adjustments for enrollment increases, certain capital outlay expenditures, pupil transportation costs, and special education costs that exceeded \$40,000 per pupil. Waivers were available from the Commissioner based on increasing enrollments and other fairly narrow grounds and increases higher than the cap could be approved by a vote of 60% at the annual school election.

P.L. 2007, c. 62, effective April 3, 2007 (Assembly Bill A1), provided additional limitations on school district spending by limiting the amount a school district could raise for school district purposes through the property tax levy by 4% over the prior budget year’s tax levy. P.L. 2007, c. 62 provided for adjustments to the cap for increases in enrollment, reductions in State aid and increased health care costs and for certain other extraordinary cost increases that required approval by the Commissioner. The bill granted discretion to the Commissioner to grant other waivers from the cap for increases in special education costs, capital outlay, and tuition charges. The Commissioner also had the ability to grant extraordinary waivers to the tax levy cap for certain other cost increases beginning in fiscal year 2009 through 2012.

P.L. 2007, c. 62 was deemed to supersede the prior limitations on the amount school districts could increase their annual current expenses and capital outlay budgets, created by CEIFA (as amended by P.L. 2004, c.73, effective July 1, 2004). However, Chapter 62 was in effect only through fiscal year 2012. Without an extension of Chapter 62 by the legislature, the Spending Growth Limitations on the general fund and capital outlay budget would be in effect.

Debt service was not limited either by the Spending Growth Limitations or the 4% cap on the tax levy increase imposed by Chapter 62.

The previous legislation was amended by P.L. 2010, c. 44, approved July 13, 2010, and became applicable to the next local budget year following enactment. This law limits the school district tax levy for the general fund budget to increases of 2% over the prior budget year with exceptions only for enrollment increases, increases for certain normal and accrued liability for pension contributions in excess of 2%, certain healthcare increases, and amounts approved by a simple majority of voters voting at a special election (the “Tax Levy Cap Law”). Additionally, also becoming effective in the 2011-2012 fiscal year, a school district that has not been granted approval to exceed the tax levy CAP by a separate proposal to bank the unused tax levy for use in any of the next three (3) succeeding budget years. A school district can request a use of “banked CAP” only after it has fully exhausted all eligible statute spending authority in the budget year. The process for obtaining waivers from the Commissioner for additional increases over the tax levy cap or Spending Growth Limitations was eliminated under Chapter 44. Notwithstanding the foregoing, under P.L. 2018, c. 67, approved July 24, 2018, which increases State school aid to underfunded school districts and decreases State school aid to over funded school districts, during the 2018-2019 through 2024-2025 fiscal years, SDA Districts, which are certain urban school districts formerly referred to as Abbott Districts referred to herein under “SUMMARY OF STATE AID TO SCHOOL DISTRICTS”, are permitted increases in the tax levy over the 2% limit to raise a general fund tax levy to an amount that does not exceed its local share of the adequacy budget.

The restrictions are solely on the tax levy for the general fund and are not applicable to the debt service fund. There are no restrictions on a local school district’s ability to raise funds for debt service, and nothing would limit the obligation of a school district to levy *ad valorem* taxes upon all taxable property within the school district to pay debt service on its bonds or notes with one exception. School districts are subject to GAAP accounting, and under GAAP interest on obligations maturing within one year must be

treated as operating expenses. Accordingly, under the Department of Education's Chart of Accounts, interest on notes is raised in the General Fund of a school district and therefore is counted within its 2% tax levy cap on spending.

Issuance of Debt

Among the provisions for the issuance of school debt are the following requirements: (i) bonds must mature in serial installments within the statutory period of usefulness of the projects being financed but not exceeding forty (40) years; (ii) bonds shall be issued pursuant to an ordinance adopted by the governing body of the municipality comprised within the school district for a Type I school district; (iii) for Type II school districts (without boards of school estimate) bonds shall be issued by board of education resolution approving the bond proposal and by approval of the legally qualified voters of the school district; (iv) debt must be authorized by a resolution of a board of education (and approved by a board of school estimate in a Type I school district); and (v) there must be filed with the State by each municipality comprising a school district a supplemental debt statement and a school debt statement setting forth the amount of bonds and notes authorized but unissued and outstanding for such school district.

Annual Audit (N.J.S.A. 18A:23-1 et seq.)

Every board of education is required to provide an annual audit of the school district's accounts and financial transactions. Beginning with the fiscal year ended June 30, 2010, a licensed public school accountant must complete the annual audit no later than five (5) months after the end of the fiscal year. P.L. 2010, c. 49 amended N.J.S.A. 18A:23-1 to provide an additional month for the completion of a school district's audit. Previously the audit was required to be completed within four (4) months. The audit, in conformity with statutory requirements, must be filed with the board of education and the Commissioner. Additionally, the audit must be summarized and discussed at a regular public meeting of the local board of education within thirty (30) days following receipt of the annual audit by such board of education.

Temporary Financing (N.J.S.A. 18A:24-3)

Temporary notes may be issued in anticipation of the issuance of permanent bonds for a capital improvement or capital project. Such temporary notes may not exceed in the aggregate the amount of bonds authorized for such improvement or project. A school district's temporary notes may be issued for one (1) year periods, with the final maturity not exceeding five (5) years from the date of original issuance; provided, however, that no such notes shall be renewed beyond the third and fourth anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which said notes are issued, is paid and retired subsequent to such third anniversary date from funds other than the proceeds of obligations.

Refunding Bonds

Notwithstanding limitations regarding the issuance of debt, including debt limits and voter referendums, school districts may authorize and issue refunding bonds for the purpose of paying any refunded bonds, together with the costs of issuing the refunding bonds.

Debt Limitation (N.J.S.A. 18A:24-19)

Except as provided below, no additional debt shall be authorized if the principal amount, when added to the net debt previously authorized, exceeds a statutory percentage of the average equalized valuation of taxable property in a school district. As a pre-kindergarten (Pre-K) through grade twelve (12) school district,

the Board can borrow up to 4% of the average equalized valuation of taxable property in the School District. The Board has not exceeded its 4% debt limit. See “APPENDIX A – Debt Limit of the Board.”

Exceptions to Debt Limitation

A Type II school district (other than a regional school district) may also utilize its constituent municipality’s remaining statutory borrowing power (i.e., the excess of 3.5% of the average equalized valuation of taxable property within the constituent municipality over the constituent municipality’s net debt). A school district may also authorize debt in excess of this limit with the consent of the Commissioner and the Local Finance Board (as hereinafter defined).

Capital Lease Financing

School districts are permitted to enter into lease purchase agreements for the acquisition of equipment or for the improvement of school buildings. Generally, lease purchase financings must mature within five (5) years except for certain lease purchase financings of energy savings equipment and other energy conservation measures, which may mature within fifteen (15) years and in certain cases twenty (20) years from the date the project is placed in service, if paid from energy savings (see “Energy Savings Obligations” below). Facilities lease purchase agreements, which may only be financed for a term of five (5) years or less, must be approved by the Commissioner. The Educational Facilities Construction and Financing Act, P.L. 2000, c. 72, effective July 18, 2000, as amended (“EFCFA”) repealed the authorization to enter into facilities leases for a term in excess of five (5) years. The payment of rent is treated as a current expense and within the school district’s Spending Growth Limitation and tax levy cap, and the payment of rent on an ordinary equipment lease and on a five (5) year and under facilities lease is subject to annual appropriation. Lease purchase payments on leases in excess of five (5) years entered into under prior law (CEIFA) are treated as debt service payments and, therefore, will receive debt service aid if the school district is entitled and are outside the school district’s Spending Growth Limitation and tax levy cap.

Energy Saving Obligations

Under N.J.S.A. 18A:18A-4.6 (P.L. 2009, c. 4, effective March 23, 2009, as amended by P.L. 2012, c. 55, effective September 19, 2013), the Energy Savings Improvement Program Law or the “ESIP Law,” school districts may issue energy savings obligations as refunding bonds without voter approval or lease purchase agreements to fund certain improvements that result in reduced energy use, facilities for production of renewable energy or water conservation improvements, provided that the value of the savings will cover the cost of the measures. The lease purchase financings for such measures must mature within 15 years, or in certain instances 20 years, from the date the projects are placed in service. These energy savings refunding bonds or leases are payable from the general fund. Such payments are within the school district’s Spending Growth Limitation and tax levy cap but are not necessarily subject to annual appropriation.

Promissory Notes for Cash Flow Purposes

N.J.S.A. 18A:22-44.1 permits school districts to issue promissory notes in an amount not exceeding ½ the amount appropriated for current general fund expenses. These promissory notes are not considered debt and are used for cash flow purposes including funding in anticipation of the receipt of taxes, other revenues or grants.

N.J.S.A. 18A:20-44.2 permits borrowing in anticipation of State aid payments deferred by the State until the next fiscal year when needed upon application of the school district and with approval of the Commissioner.

Investment of School Funds

Investment of funds by State school districts is governed by State statute. Pursuant to N.J.S.A. 18A:20-37, school districts are limited to purchasing the following securities: (1) bonds or other obligations of the United States of America or obligations guaranteed by the United States of America; (2) government money market mutual funds invested in U.S. Government securities or obligations of New Jersey school districts, municipalities, counties and entities subject to State regulation (“local obligations”); (3) any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor; (4) bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located; (5) bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase constituting local obligations or approved by the Division of Investment in the Department of the Treasury for investment by school districts; (6) local government investment pools, rated in the highest rating category, investing in U.S. government securities, local obligations and repurchase agreements fully collateralized by securities set forth in (1), (3) and (5) above; (7) deposits with the State of New Jersey Cash Management Fund (created pursuant to N.J.S.A. 52:18A-90.4; the “Cash Management Fund”); and (8) repurchase agreements with a maximum 30 day maturity fully collateralized by securities set forth in (1) and (3) above or local obligations. School districts are required to deposit their funds in interest-bearing bank accounts in banks satisfying certain security requirements set forth in N.J.S.A. 17:9-41 et seq. or invest in permitted investments to the extent practicable, and may invest in bank certificates of deposit.

The Cash Management Fund is governed by regulations of the State Investment Council, a nonpartisan oversight body, and is not permitted to invest in derivatives. The Cash Management Fund is permitted to invest in Government Obligations, Federal Government Agency obligations, certain short term investment-grade corporate obligations, commercial paper rated “prime”, certificates of deposit, repurchase agreements involving Government Obligations and Federal Government Agency obligations and certain other types of instruments. The average maturity of these securities in the Cash Management Fund must be one year or less, and only a quarter of the securities are permitted to mature in as much as two years.

The Board has no investments in derivatives.

SUMMARY OF STATE AID TO SCHOOL DISTRICTS

In 1973, the Supreme Court of the State (the “Court”) first ruled in Robinson v. Cahill that the method then used to finance public education principally through property taxation was unconstitutional. Pursuant to the Court’s ruling, the State Legislature enacted the Public School Education Act of 1975, N.J.S.A. 18A:7A-1 et seq. (P.L. 1975, c. 212) (the “Public School Education Act”) (since amended and partially repealed), which required funding of the State’s school aid through the New Jersey Gross Income Tax Act, P.L. 1976, c. 47, since amended and supplemented, enacted for the purpose of providing property tax relief.

On June 5, 1990, the Court ruled in Abbott v. Burke that the school aid formula enacted under the Public School Education Act was unconstitutional as applied. The Court found that poorer urban school districts were significantly disadvantaged under that school funding formula because school revenues were derived primarily from property taxes. The Court found that wealthy school districts were able to spend more, yet tax less for educational purposes.

Since that time there has been much litigation and many cases affecting the State’s responsibilities to fund public education and many legislative attempts to distribute State aid in accordance with the court cases and the constitutional requirement. The cases addressed not only current operating fund aid but also addressed the requirement to provide facilities aid as well. The legislation has included the QEA (now repealed), CEIFA and EFCFA, which became law on July 18, 2000. For many years, aid has simply been determined in the

State Budget, which itself is an act of the legislature, based upon amounts provided in prior years. The school funding formula provided in the School Funding Reform Act of 2008, P.L. 2007, c. 260, approved January 1, 2008 (A500), removed the special status given to certain school districts known as Abbott Districts after the school funding cases and instead has funding follow students with certain needs and provides aid in a way that takes into account the ability of the local school district to raise local funds to support the budget in amounts deemed adequate to provide for a thorough and efficient education as required by the State constitution. This legislation was challenged in the Court, and the Court held that the State's then current plan for school aid was a "constitutionally adequate scheme". However, the State continued to underfund certain school districts and to overfund other school districts in its budgets based on the statutory scheme. In its budget process for FY 2019 and with the enactment of P.L. 2018, c. 67, approved July 24, 2018, the State is moving the school districts toward the intent of the statutory scheme by increasing funding for underfunded school districts and decreasing funding for overfunded school districts over the next six (6) years.

Pursuant to Public Law 2018, c.67, signed into law by the Governor of the State on July 24, 2018, the School Funding Reform Act has been modified to adjust the distribution of State aid to school districts in the State ("SFRA Modification Law"). In particular, the SFRA Modification Law revises the School Funding Reform Act so that, after calculating the amount of State aid available per pupil, State aid will be distributed to each school district based on student enrollment. The SFRA Modification Law also eliminates the application of the State aid growth limit and adjustment aid, but includes a transition period for school districts that will receive less State aid. Under the SFRA Modification Law, most school districts that will receive reduced State aid resulting from the revised funding formula will be provided a transition period from the 2019-2020 school year through the 2024-2025 school year during which funding will be reduced. For those school districts where State aid will increase under the SFRA Modification Law, the transition period to increase funding will be one-year.

After over 35 years of litigation, the State provides State aid to school districts of the State in amounts provided in the State Budget each year. These now include equalization aid, educational adequacy aid, special education categorical aid, transportation aid, preschool education aid, school choice aid, security aid, adjustment aid and other aid determined in the discretion of the Commissioner.

State law requires that the State will provide aid for the construction of school facilities in an amount equal to the greater of the district aid percentage or 40% times the eligible costs determined by the Commissioner either in the form of a grant or debt service aid as determined under the EFCFA. The amount of the aid to which a school district is entitled is established prior to the authorization of the project. Grant funding is provided by the State up front and debt service aid must be appropriated annually by the State. The Commissioner of Education has determined the final eligible costs of the Projects being financed by the Bonds are \$38,714,049, and the district aid percentage for the School District does not exceed 43.2353%.

The State reduced debt service aid by fifteen percent (15%) for the fiscal years 2011 through 2021. As a result of the debt service aid reduction for those fiscal years, school districts received eighty-five percent (85%) of the debt service aid that they would have otherwise received. In addition, school districts which received grants under the EFCFA, which grants were financed through the New Jersey Economic Development Authority (the "EDA"), were assessed an amount in their fiscal years 2011 through 2021 budgets representing 15% of the school district's proportionate share of the principal and interest payments on the outstanding EDA bonds issued to fund such grants.

From time to time, including the present, the State has deferred one or more State Aid payments to school districts in the last month of its fiscal year until the following fiscal year and permitted borrowing in anticipation of such amounts for any cash flow deficit caused by such deferral.

SUMMARY OF FEDERAL AID TO SCHOOL DISTRICTS

Federal funds are available for certain programs approved by the federal government with allocation decided by the State, which assigns a proportion to each local school district. The Every Student Succeeds Act of 2015, enacted December 10, 2015, is a federal assistance program for which a school district qualifies to receive aid. A remedial enrichment program for children of low income families is available under Chapter 1 Aid. Such federal aid is generally received in the form of block grants. Aid is also provided under the Individuals with Disabilities Education Act although never in the amounts federal law required.

MUNICIPAL FINANCE - FINANCIAL REGULATION OF COUNTIES AND MUNICIPALITIES

Local Bond Law (N. J. S. A. 40A:2-1 et seq.)

The Local Bond Law governs the issuance of bonds and notes to finance certain general municipal and utility capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects bonded and that bonds be retired in serial installments. A 5% cash down payment is generally required toward the financing of expenditures for municipal purposes subject to a number of exceptions. All bonds and notes issued by the City are general full faith and credit obligations.

The authorized bonded indebtedness of a municipality for municipal purposes is limited by statute, subject to the exceptions noted below, to an amount equal to 3.5% of its average equalized valuation basis. See “SUMMARY OF CERTAIN PROVISIONS FOR THE PROTECTION OF SCHOOL DEBT – Debt Limitation (N.J.S.A. 18A:24-19) and Exception to Debt Limitation.”

Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit, including school bonds that do not exceed the school bond borrowing margin and certain debt that may be deemed self-liquidating.

A municipality may exceed its debt limit with the approval of the Local Finance Board, a State regulatory agency (the “Local Finance Board”), and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, the municipality may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the municipality or substantially reduce the ability of the municipality to meet its obligations or to provide essential public improvements and services, or if it makes certain other statutory determinations, approval is granted. In addition, debt in excess of the statutory limit may be issued by a municipality to fund certain notes, to provide for self-liquidating purposes, and, in each fiscal year, to provide for purposes in an amount not exceeding 2/3 of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

A municipality may sell short-term “bond anticipation notes” to temporarily finance a capital improvement or project in anticipation of the issuance of bonds if the bond ordinance or a subsequent resolution so provides. A local unit’s bond anticipation notes must mature within one year, but may be renewed or rolled over. Bond anticipation notes, including renewals, must mature and be paid no later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes. For bond ordinances adopted on or after February 3, 2003, notes may only be renewed beyond the third anniversary date of the original notes if a minimum payment equal to the first year’s required principal payment on the bonds is paid to retire a portion of the notes on or before each subsequent anniversary date from funds other than the proceeds of bonds or notes. For bond ordinances adopted prior to February 3, 2003, the governing body may elect to make such minimum principal payment only when the notes are renewed beyond the third and fourth anniversary dates. Generally, bond anticipation notes may not be outstanding for longer than ten (10) years. An additional period may be available following the tenth

anniversary date equal to the period from the notes' maturity to the end of the tenth fiscal year in which the notes mature plus four (4) months in the next following fiscal year from the date of original issuance. Beginning in the third year, the amount of notes that may be issued is decreased by the minimum required for the first year's principal payment for a bond issue.

Local Budget Law (N. J. S. A. 40A:4-1 et seq.)

The foundation of the State local finance system is the annual cash basis budget. The City, which operates on a calendar year (January 1 to December 31), must adopt a budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the director of the Division (the "Director") prior to final adoption. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service, and the Director is required to review the adequacy of such appropriations, among others, for certification.

Tax Anticipation Notes are limited in amount by law and must be paid off in full within 120 days of the close of the fiscal year.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review functions focusing on anticipated revenues serve to protect the solvency of all local units.

The cash basis budgets of local units must be in balance, i.e., the total of anticipated revenues must equal the total of appropriations (N.J.S.A. 40A:4-22). If in any year a local unit's expenditures exceed its realized revenues for that year, then such excess must be raised in the succeeding year's budget.

The Local Budget Law (N.J.S.A. 40A:4-26) provides that no miscellaneous revenues from any source may be included as an anticipated revenue in the budget in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the Director determines that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and certifies that determination to the local unit.

No budget or budget amendment may be adopted unless the Director shall have previously certified his approval of such anticipated revenues except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years for such grants rarely coincide with the municipality's calendar year. However, grant revenue is generally not realized until received in cash.

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. The maximum amount of delinquent taxes that may be anticipated is limited by a statutory formula, which allows the local unit to anticipate collection at the same rate realized for the collection of delinquent taxes in the previous year. Also, the local unit is required to make an appropriation for a "reserve for uncollected taxes" in accordance with a statutory formula to provide for a tax collection in an amount that does not exceed the percentage of taxes levied and payable in the preceding fiscal year that was received in cash by the last day of that fiscal year. The budget also must provide for any cash deficits of the prior year.

Emergency appropriations (those made after the adoption of the budget and the determination of the tax rate) may be authorized by the governing body of the local unit. However, with minor exceptions, such appropriations must be included in full in the following year's budget. When such appropriations exceed 3% of the adopted operating budget, consent of the Director must be obtained.

Under legislation recently enacted to address the COVID-19 emergency, P.L. 2020, c. 60 (A4175) (the "New Jersey COVID-19 Emergency Bond Act"), a municipality may adopt an emergency appropriation

to fund certain deficits resulting from COVID-19 with approval of the Director and may either fund it as a deferred charge or issue special emergency notes to fund it payable by 1/5 each year beginning in the year after the year in which the deferred charge appears in the financial statements so it is paid off no later than the last day of the sixth fiscal year following the end of the fiscal year in which the application is made. If there is a showing of fiscal distress, that may be extended to ten years. The Director may also promulgate guidelines modifying the standard for anticipated revenues when the amount realized in cash from the same source during the next preceding fiscal year experienced reductions due to COVID-19. Also, local units may be able to issue refunding bonds with Local Finance Board approval to repay a Federal Management Agency Community Disaster Loan for which it executed a promissory note in 2013.

The exceptions are certain enumerated quasi-capital projects (“special emergencies”) such as ice, snow and flood damage to streets, roads and bridges, which may be amortized over three (3) years, and tax map preparation, revaluation programs, revision and codification of ordinances, master plan preparations, and drainage map preparation for flood control purposes, which may be amortized over five (5) years. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project.

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between appropriation accounts may be made only during the last two (2) months of the year. Appropriation reserves may also be transferred during the first three (3) months of the year, to the previous year’s budget. Both types of transfers require a 2/3 vote of the full membership of the governing body; however, transfers cannot be made from either the down payment account or the capital improvement fund. Transfers may be made between sub-account line items within the same account at any time during the year, subject to internal review and approval. In a “CAP” budget, no transfers may be made from excluded from “CAP” appropriations to within “CAP” appropriations nor can transfers be made between excluded from “CAP” appropriations.

A provision of law known as the New Jersey “Cap Law” (N.J.S.A. 40A:4-45.1 *et seq.*) imposes limitations on increases in municipal appropriations subject to various exceptions. The payment of debt service is an exception from this limitation. The Cap formula is somewhat complex, but basically, it permits a municipality to increase its overall appropriations by the lesser of 2.5% or the “Index Rate”. The “Index Rate” is the rate of annual percentage increase, rounded to the nearest one-half percent, in the Implicit Price Deflator for State and Local Government purchases of goods and services computed by the U.S. Department of Commerce. Exceptions to the limitations imposed by the Cap Law also exist for other things including capital expenditures; extraordinary expenses approved by the Local Finance Board for implementation of an interlocal services agreement; expenditures mandated as a result of certain emergencies; and certain expenditures for services mandated by law. Counties are also prohibited from increasing their tax levies by more than the lesser of 2.5% or the Index Rate subject to certain exceptions. Municipalities by ordinance approved by a majority of the full membership of the governing body may increase appropriations up to 3.5% over the prior year’s appropriation, and counties by resolution approved by a majority of the full membership of the governing body may increase the tax levy up to 3.5% over the prior year’s tax levy in years when the Index Rate is 2.5% or less.

Additionally, legislation constituting P.L. 2007, c. 62, effective April 3, 2007, imposed a 4% cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit included increases required to be raised for debt service and certain lease payments to county improvement authorities, increases to replace certain lost State aid, increases in certain pension contributions, increases in the reserve for uncollected taxes required for municipalities, and certain increases in health care costs over 4%. The Local Finance Board was able to approve waivers for certain extraordinary costs identified by the statute, and voters could approve increases above 4% not otherwise permitted by a vote of 60% of the voters voting on a public question.

This legislation has now been amended by P.L. 2010, c. 44, approved July 13, 2010 and applicable to the next local budget year following enactment to limit tax levy increases for those local units to two

percent (2%) with exceptions only for capital expenditures including debt service, increases in pension contributions and accrued liability for pension contributions in excess of two percent (2%), certain healthcare increases, extraordinary costs directly related to a declared emergency and amounts approved by a simple majority of voters voting at a special election. Chapter 44 eliminates the process for obtaining waivers for additional spending under the tax levy limitation.

Neither the tax levy limitation nor the “Cap Law” limits, including the provisions of the recent legislation, would limit the obligation of a municipality to levy *ad valorem* taxes upon all taxable property within a municipality to pay debt service on its bonds or notes.

In accordance with the Local Budget Law, each local unit must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six (6) years as a general improvement program. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures which the local unit may contemplate over the next six (6) years. Expenditures for capital purposes may be made either by ordinances adopted by the governing body setting forth the items and the method of financing or from the annual operating budget if the terms were detailed.

Tax Assessment and Collection Procedure

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income, where appropriate. Current assessments are the results of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners, but it often results in a divergence of the assessment ratio to true value. Because of the changes in property resale values, annual adjustments could not keep pace with the changing values.

Upon the filing of certified adopted budgets by the local unit and the county, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, the levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June by the Tax Collector. The taxes are due August 1 and November 1, respectively, and are adjusted to reflect the current calendar year’s total tax liability. The preliminary taxes due February 1 and May 1 of the succeeding year are based upon one-half of the current year’s total tax.

Tax installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00. These interest penalties are the highest permitted under State statutes. If a delinquency is in excess of \$10,000.00 and remains in arrears after December 31st, an additional penalty of 6% shall be charged. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with New Jersey Statutes.

Tax Appeals

The State Statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. Prior to February 1 in each year, the municipality must mail to each property owner a notice of the current assessment and taxes on the property. The taxpayer has a right to petition the County Board of Taxation on or before April 1 for review. The County Board of Taxation has the authority after a hearing to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was unsatisfactorily reviewed by the County Board of Taxation, appeal may be made to the Tax Court of New

Jersey for further hearing. Some State Tax Court appeals may take several years prior to settlement, and any losses in tax collections from prior years are charged directly to operations.

Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

This law regulates the non-budgetary financial activities of local governments. The chief financial officer of every local unit must file annually, with the Director, a verified statement of the financial condition of the local unit and all constituent boards, agencies or commissions.

An independent examination of each local unit's accounts must be performed annually by a licensed registered municipal accountant. The audit, conforming to the Division of Local Government Services' "Requirements of Audit", includes recommendations for improvement of the local unit's financial procedures and must be filed with the Director. A synopsis of the audit report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of its submission.

FINANCIAL STATEMENTS

Excerpts from the financial statements of the Board for the fiscal year ended June 30, 2020 are presented in Appendix B to this Official Statement (the "Financial Statements"). The Financial Statements have been audited by Lerch, Vinci & Higgins, LLP, Fair Lawn, New Jersey, an independent auditor (the "Board Auditor"), as stated in its report appearing in Appendix B to this Official Statement. See "APPENDIX B – Excerpts from Financial Statements of the Board for the Fiscal Year Ending June 30, 2020". Such Financial Statements are included herein for informational purposes only, and the information contained in the Financial Statements should not be used to modify the description of the Bonds contained herein.

LITIGATION

To the knowledge of the Board Attorney, Mark A. Tabakin, Esquire of Weiner Law Group LLP, Parsippany, New Jersey (the "Board Attorney") there is no litigation of any nature now pending or threatened, restraining or enjoining the issuance or the delivery of the Bonds, or the levy or the collection of any taxes to pay the principal of or the interest on the Bonds, or in any manner questioning the authority or the proceedings for the issuance of the Bonds or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the Board or the School District or the title of any of the present officers. To the knowledge of the Board Attorney and confirmed by the Business Administrator/Board Secretary, no litigation is presently pending or threatened that, in the opinion of the Board Attorney, would have a material adverse impact on the financial condition of the Board if adversely decided. A certificate to such effect will be executed by the Board Attorney and delivered to the Underwriter (as hereinafter defined) of the Bonds at the closing.

TAX MATTERS

Exclusion of Interest on the Bonds From Gross Income for Federal Tax Purposes

The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements that must be met on a continuing basis subsequent to the issuance of the Bonds in order to assure that interest on the Bonds will be excluded from gross income for federal income tax purposes under Section 103 of the Code. Failure of the Board to comply with such requirements may cause interest on the Bonds to lose the exclusion from gross income for federal income tax purposes, retroactive to the date of issuance of the Bonds. The Board will make certain representations in its Arbitrage and Tax Certificate, which will be executed on the date of issuance of the Bonds, as to various tax requirements. The Board has covenanted to comply with the

provisions of the Code applicable to the Bonds and has covenanted not to take any action or fail to take any action that would cause interest on the Bonds to lose the exclusion from gross income under Section 103 of the Code. Bond Counsel (as defined herein) will rely upon the representations made in the Arbitrage and Tax Certificate and will assume continuing compliance by the Board with the above covenants in rendering its federal income tax opinions with respect to the exclusion of interest on the Bonds from gross income for federal income tax purposes and with respect to the treatment of interest on the Bonds for the purposes of alternative minimum tax.

Assuming the Board observes its covenants with respect to compliance with the Code, McManimon, Scotland & Baumann, LLC, Bond Counsel to the Board ("Bond Counsel"), is of the opinion that, under existing law, interest on the Bonds is excluded from gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Code, and interest on the Bonds is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service ("IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and enforcement of the Code or those regulations by the IRS.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Board or the owners of the Bonds regarding the tax status of interest thereon in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Bonds, under current IRS procedures, the IRS will treat the Board as the taxpayer and the beneficial owners of the Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including, but not limited to, selection of the Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market value of the Bonds.

Payments of interest on tax-exempt obligations, including the Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Original Issue Discount

Certain maturities of the Bonds may be sold at an initial offering price less than the principal amount payable on such Bonds at maturity (the "Discount Bonds"). The difference between the initial public offering price of the Discount Bonds at which a substantial amount of each of the Discount Bonds was sold and the principal amount payable at maturity of each of the Discount Bonds constitutes the original issue discount. Bond Counsel is of the opinion that the appropriate portion of the original issue discount allocable to the original and each subsequent owner of the Discount Bonds will be treated for federal income tax purposes as interest not includable in gross income under Section 103 of the Code to the same extent as stated interest on the Discount Bonds. Under Section 1288 of the Code, the original issue discount on the Discount Bonds accrues on the basis of economic accrual. The basis of an initial purchaser of a Discount Bond acquired at the initial public offering price of the Discount Bonds will be increased by the amount of such accrued discount. Owners of the Discount Bonds should consult their own tax advisors with respect to the determination for federal income tax purposes of the original issue discount properly accruable with respect to the Discount Bonds and the tax accounting treatment of accrued interest.

Original Issue Premium

Certain maturities of the Bonds may be sold at an initial offering price in excess of the amount payable at the maturity date (the "Premium Bonds"). The excess, if any, of the tax basis of the Premium Bonds to a purchaser (other than a purchaser who holds such Premium Bonds as inventory, as stock-in-trade or for sale to customers in the ordinary course of business) over the amount payable at maturity is amortizable bond premium, which is not deductible from gross income for federal income tax purposes. Amortizable bond premium, as it amortizes, will reduce the owner's tax cost of the Premium Bonds used to determine, for federal income tax purposes, the amount of gain or loss upon the sale, redemption at maturity or other disposition of the Premium Bonds. Accordingly, an owner of a Premium Bond may have taxable gain from the disposition of the Premium Bond, even though the Premium Bond is sold, or disposed of, for a price equal to the owner's original cost of acquiring the Premium Bond. Bond premium amortizes over the term of the Premium Bonds under the "constant yield method" described in regulations interpreting Section 1272 of the Code. Owners of the Premium Bonds should consult their own tax advisors with respect to the calculation of the amount of bond premium that will be treated for federal income tax purposes as having amortized for any taxable year (or portion thereof) of the owner and with respect to other federal, state and local tax consequences of owning and disposing of the Premium Bonds.

Bank-Qualification

The Bonds will not be designated as qualified under Section 265 of the Code by the Board for an exemption from the denial of deduction for interest paid by financial institutions to purchase or to carry tax-exempt obligations.

The Code denies the interest deduction for certain indebtedness incurred by banks, thrift institutions and other financial institutions to purchase or to carry tax-exempt obligations. The denial to such institutions of 100% of the deduction for interest paid on funds allocable to tax-exempt obligations applies to those tax-exempt obligations acquired by such institutions after August 7, 1986. For certain issues that are eligible to be designated, and that are designated, by the issuer as qualified under Section 265 of the Code, 80% of such interest may be deducted as a business expense by such institutions.

Additional Federal Income Tax Consequences of Holding the Bonds

Prospective purchasers of the Bonds should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Bonds, may have additional federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and certain Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty companies, foreign corporations and certain S corporations.

Bond Counsel expresses no opinion regarding any federal tax consequences other than its opinion with regard to the exclusion of interest on the Bonds from gross income pursuant to Section 103 of the Code and interest on the Bonds not constituting an item of tax preference under Section 57 of the Code. Prospective purchasers of the Bonds should consult their tax advisors with respect to all other tax consequences (including, but not limited to, those listed above) of holding the Bonds.

Changes in Federal Tax Law Regarding the Bonds

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the State. Court proceedings may also be filed, the outcome of which could modify the tax treatment of obligations such as the Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Bonds will not have an adverse effect on the tax status of interest on the Bonds or the market value or marketability of the Bonds. These adverse

effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax) or repeal (or reduction in the benefit) of the exclusion of interest on the Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

State Taxation

Bond Counsel is of the opinion that, based upon existing law, interest on the Bonds and any gain on the sale thereof are not included in gross income under the New Jersey Gross Income Tax Act.

THE OPINIONS EXPRESSED BY BOND COUNSEL WITH RESPECT TO THE BONDS ARE BASED UPON EXISTING LAWS AND REGULATIONS AS INTERPRETED BY RELEVANT JUDICIAL AND REGULATORY CHANGES AS OF THE DATE OF ISSUANCE OF THE BONDS, AND BOND COUNSEL HAS EXPRESSED NO OPINION WITH RESPECT TO ANY LEGISLATION, REGULATORY CHANGES OR LITIGATION ENACTED, ADOPTED OR DECIDED SUBSEQUENT THERETO. PROSPECTIVE PURCHASERS OF THE BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS REGARDING THE POTENTIAL IMPACT OF ANY PENDING OR PROPOSED FEDERAL OR STATE TAX LEGISLATION, REGULATIONS OR LITIGATION.

MUNICIPAL BANKRUPTCY

The undertakings of the Board should be considered with reference to 11 U.S.C. 401 *et seq.*, as amended and supplemented (the “Bankruptcy Code”), and other bankruptcy laws affecting creditors’ rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner’s creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants certain priority to debt owed for services or material; and provides that the plan must be accepted in writing by or on behalf of classes of creditors holding at least two-thirds in amount and more than one-half in number of the allowed claims of such class. The Bankruptcy Code specifically does not limit or impair the power of a state to control, by legislation or otherwise, the procedures that a municipality must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, any such lien, other than municipal betterment assessments, shall be subject to the necessary operating expenses of such project or system. Furthermore, the Bankruptcy Code provides that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may not be avoided pursuant to certain preferential transfer provisions set forth in such Bankruptcy Code.

Reference should also be made to N.J.S.A. 52:27-40 *et seq.*, which provides that a local unit has the power to file a petition in bankruptcy with any United States Court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Municipal Finance Commission must be obtained. The powers of the Municipal Finance Commission have been vested in the Local Finance Board.

REFERENCE TO THE BANKRUPTCY CODE OR THE STATE STATUTE SHOULD NOT CREATE ANY IMPLICATION THAT THE BOARD EXPECTS TO UTILIZE THE BENEFITS OF THEIR PROVISIONS.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Bonds are subject to the approval of Bond Counsel to the Board, whose approving legal opinion will be delivered with the Bonds substantially in the form set forth as Appendix C hereto. Certain legal matters may be passed on to the Board for review by the Board Attorney.

PREPARATION OF OFFICIAL STATEMENT

The Board hereby states that the descriptions and statements herein, including the Financial Statements, are true and correct in all material respects, and it will confirm same to the Underwriter (as hereinafter defined) by a certificate signed by the Board President and the Business Administrator/Board Secretary, that, to their knowledge, such descriptions and statements, as of the date of this Official Statement and as of the date of delivery of the Bonds, are true and correct in all material respects and do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading.

The Board Auditor takes responsibility for the Audited Financial Statements to the extent specified in their Independent Auditor's Report and has not participated in the preparation of this Official Statement.

The Municipal Advisor has participated in the preparation and review of this Official Statement, however, it has not verified the accuracy, completeness or fairness thereof, and, accordingly, expresses no opinion or other assurance with respect thereto.

Bond Counsel has participated in the review of this Official Statement but has not participated in the preparation of this Official Statement or in the collection of financial, statistical or demographic information contained in this Official Statement, nor have they verified the accuracy, completeness or fairness thereof and, accordingly, expresses no opinion with respect thereto.

All other information has been obtained from sources that the Board considers to be reliable, and it makes no warranty, guaranty or other representation with respect to the accuracy and the completeness of such information.

RATING

S&P Global Ratings, acting through Standard & Poor's Financial Services LLC (the "Rating Agency"), has assigned an underlying rating of "A+" to the Bonds based upon the underlying credit of the School District. The Bonds also receive a program rating based upon the additional security provided by the Act.

The rating reflects only the views of the Rating Agency and an explanation of the significance of such rating may only be obtained from the Rating Agency. The Board furnished to the Rating Agency certain information and materials concerning the Bonds and the School District. There can be no assurance that the rating will be maintained for any given period of time or that the rating may not be raised, lowered or withdrawn entirely, if in the Rating Agency's judgment, circumstances so warrant. Any downward change in, or withdrawal of, such rating may have an adverse effect on the marketability or market price of the Bonds.

UNDERWRITING

The Bonds have been purchased from the Board at a public sale by _____ (the “Underwriter”) at a price of \$ _____.

The Underwriter intends to offer the Bonds to the public initially at the offering yields set forth on the front cover of this Official Statement, which may subsequently change without any requirement of prior notice. The Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investments trusts) at yields higher than the public offering yields set forth on the front cover of this Official Statement, and such yields may be changed, from time to time, by the Underwriter without prior notice.

MUNICIPAL ADVISOR

Phoenix Advisors, LLC, Bordentown, New Jersey has served as Municipal Advisor to the Board (the “Municipal Advisor”) with respect to the issuance of the Bonds. This Official Statement has been prepared with the assistance of the Municipal Advisor. Certain information set forth herein has been obtained from the Board and other sources, which are deemed reliable, but no warranty, guaranty or other representation as to the accuracy or completeness is made as to such information contained herein. There is no assurance that any of the assumptions or estimates contained herein will be realized. The Municipal Advisor is an independent Municipal Advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

SECONDARY MARKET DISCLOSURE

Solely for purposes of complying with Rule 15c2-12 of the Securities and Exchange Commission, as amended and interpreted from time to time (the “Rule”), and provided that the Bonds are not exempt from the Rule and provided that the Bonds are not exempt from the following requirements in accordance with paragraph (d) of the Rule, for so long as the Bonds remain outstanding (unless the Bonds have been wholly defeased), the Board shall provide for the benefit of the holders of the Bonds and the beneficial owners thereof:

(a) On or prior to February 1 of each year, beginning February 1, 2022, electronically to the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access (“EMMA”) system or such other repository designated by the SEC to be an authorized repository for filing secondary market disclosure information, if any, annual financial information with respect to the Board consisting of the audited financial statements (or unaudited financial statements if audited financial statements are not then available, which audited financial statements will be delivered when and if available) of the Board and certain financial information and operating data consisting of (1) Board indebtedness; (2) property valuation information; and (3) tax rate, levy and collection data. The audited financial statements will be prepared in accordance with generally accepted accounting principles as modified by governmental accounting standards as may be required by New Jersey law.

(b) If any of the following events occur regarding the Bonds, a timely notice not in excess of ten (10) business days after the occurrence of the event sent to EMMA:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults, if material;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;

- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (7) Modifications to the rights of holders of the Bonds, if material;
- (8) Bond calls, if material, and tender offers;
- (9) Defeasances;
- (10) Release, substitution or sale of property securing repayment of the Bonds, if material;
- (11) Rating changes;
- (12) Bankruptcy, insolvency, receivership or similar event of the Board;
- (13) The consummation of a merger, consolidation or acquisition involving the Board or the sale of all or substantially all of the assets of the Board, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (15) Incurrence of a Financial Obligation of the Board, if material, or agreement to covenants, events of default, remedies, priority rights or other similar terms of a Financial Obligation, any of which affect holders of the Bonds, if material; and
- (16) Default, event of acceleration, termination event, modification of terms or other similar events under a Financial Obligation of the Board, if any such event reflects financial difficulties.

For the purposes of the event identified in subparagraph (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Board in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Board, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Board.

The term “Financial Obligation” as used in subparagraphs (b)(15) and (b)(16) above means a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation or (iii) guarantee of (i) or (ii); provided, however, that the term “Financial Obligation” shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

Notice of failure of the Board to provide required annual financial information on or before the date specified in the Resolution shall be sent in a timely manner to EMMA.

If all or any part of the Rule ceases to be in effect for any reason, then the information required to be provided under the Resolution, insofar as the provisions of the Rule no longer in effect required the provision of such information, shall no longer be required to be provided.

The Business Administrator/Board Secretary shall determine, in consultation with Bond Counsel, the application of the Rule or the exemption from the Rule for each issue of obligations of the Board prior to their offering. Such officer is authorized to enter into additional written contracts or undertakings to implement the Rule and is further authorized to amend such contracts or undertakings or the undertakings set forth in the

Resolution, provided such amendment is, in the opinion of nationally recognized bond counsel, in compliance with the Rule.

In the event that the Board fails to comply with the above-described undertaking and covenants, the Board shall not be liable for any monetary damages, remedy of the beneficial owners of the Bonds being specifically limited in the undertaking to specific performance of the covenants.

Within the five years immediately preceding the date of this Official Statement, the Board previously failed to file, in accordance with the Rule, in a timely manner, under previous filing requirements: (i) audited financial information for the fiscal years ending June 30, 2016, 2018 and 2020; and (ii) operating data for fiscal years ending June 30, 2016 and 2018. Additionally, the Board previously failed to file late filing notices in connection with its untimely filings of: (i) audited financial information; and (ii) operating data, all as described above, and late filing notices and/or event notices in connection with certain program rating changes in 2016. Such notices of events and late filings have since been filed with EMMA. The Board appointed Phoenix Advisors, LLC in August of 2017 to serve as continuing disclosure agent.

ADDITIONAL INFORMATION

Inquiries regarding this Official Statement, including information additional to that contained herein, may be directed to Stephen Fried, Business Administrator/Board Secretary, at PO Box 42, Rahway, NJ 07065, (732) 396-1020, or to the Municipal Advisor at 625 Farnsworth Avenue, Bordentown, New Jersey 08505, (609) 291-0130.

CERTIFICATE WITH RESPECT TO THE OFFICIAL STATEMENT

At the time of the original delivery of the Bonds, the Board will deliver a certificate of one of its authorized officials to the effect that such official has examined this Official Statement (including the appendices) and the financial and other data concerning the School District contained herein and that, to the best of such official's knowledge and belief, (i) this Official Statement, both as of its date and as of the date of delivery of the Bonds, does not contain any untrue statement of a material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading and (ii) between the date of this Official Statement and the date of delivery of the Bonds there has been no material adverse change in the affairs (financial or otherwise), financial condition or results or operations of the Board except as set forth in or contemplated by this Official Statement.

MISCELLANEOUS

This Official Statement is not to be construed as a contract or agreement among the Board, the Underwriter and the holders of any of the Bonds. Any statements made in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinions and not as representations of fact. The information and expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale of the Bonds made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the Board since the date hereof. The information contained in this Official Statement is not guaranteed as to accuracy or completeness.
