OFFICIAL STATEMENT DATED AUGUST 10, 2022

IN THE OPINION OF BOND COUNSEL, THE BONDS ARE VALID OBLIGATIONS OF CHAMBERS COUNTY IMPROVEMENT DISTRICT NO. 2, AND INTEREST ON THE BONDS IS EXCLUDABLE FROM GROSS INCOME FOR PURPOSES OF FEDERAL INCOME TAXATION UNDER STATUTES, REGULATIONS, PUBLISHED RULINGS AND COURT DECISIONS EXISTING ON THE DATE OF SUCH OPINION. SEE "LEGAL MATTERS" HEREIN FOR A DISCUSSION OF THE OPINION OF BOND COUNSEL.

THE BONDS HAVE BEEN DESIGNATED "QUALIFIED TAX-EXEMPT OBLIGATIONS" FOR FINANCIAL INSTITUTIONS.

BOOK-ENTRY-ONLY

Rating: Moody's "Baa1" See "MUNICIPAL BOND RATING" herein.

\$3,000,000

CHAMBERS COUNTY IMPROVEMENT DISTRICT NO. 2

(A political subdivision of the State of Texas located within Chambers County)

UNLIMITED TAX BONDS SERIES 2022

Dated Date: September 1, 2022 Interest Accrual Date: Date of Delivery **Due: December 1, as shown below**

Principal of the Bonds will be payable at maturity or earlier redemption at the principal payment office of the Paying Agent/Registrar, initially Regions Bank, Houston, Texas (the "Paying Agent/Registrar"). Interest on the Bonds will accrue from the initial date of delivery (expected to be September 15, 2022) (the "Date of Delivery"), will be payable on December 1 and June 1 of each year, commencing December 1, 2022 until maturity or prior redemption, and will be calculated on the basis of a 360-day year consisting of twelve 30-day months. The Bonds will be issued in fully registered form only in denominations of \$5,000 each or integral multiples thereof. The Bonds will be subject to redemption prior to their maturity, as shown below.

The Bonds will be registered and delivered only in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds. Beneficial Owners (as defined herein under "BOOK-ENTRY-ONLY SYSTEM") of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the DTC participants. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent/Registrar, as herein defined, directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the Beneficial Owners. See "BOOK-ENTRY-ONLY SYSTEM."

⁽a) Initial reoffering yield represents the initial offering yield to the public, which has been established by the Initial Purchaser for offers to the public and which may be subsequently changed by the Initial Purchaser and is the sole responsibility of the Initial Purchaser. The initial reoffering yields indicated above represent the lower of the yields resulting when priced to maturity or to the first call date.

The Bonds, when issued, will constitute valid and legally binding obligations of Chambers County Improvement District No. 2 (the "District") and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District, as further described herein. The Bonds are obligations solely of the District and are not obligations of the State of Texas, Chambers County, the City of Baytown or any entity other than the District. Investment in the Bonds is subject to special risk factors described herein. See "INVESTMENT CONSIDERATIONS."

The Bonds are offered when, as and if issued by the District, subject, among other things, to the approval of the Bonds by the Attorney General of Texas and the approval of certain legal matters by Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel. Delivery of the Bonds in book-entry form through DTC is expected on or about September 15, 2022.

⁽b) The Bonds maturing on or after December 1, 2029 are subject to redemption prior to maturity at the option of the District, in whole or, from time to time in part, on December 1, 2028, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. The Term Bonds (as defined herein) are also subject to mandatory sinking fund redemption as more fully described herein. See "THE BONDS—Redemption Provisions."

⁽c) CUSIP Numbers have been assigned to the Bonds by CUSIP Global Services and are included solely for the convenience of the purchasers of the Bonds. Neither the District nor the Initial Purchaser shall be responsible for the selection or correctness of the CUSIP Numbers set forth herein.

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement, and, if given or made, such other information or representation must not be relied upon as having been authorized by the District.

This Official Statement is not to be used in an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, orders, contracts, audited financial statements, engineering and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from Schwartz, Page & Harding, L.L.P., 1300 Post Oak Boulevard, Suite 1400, Houston, Texas, 77056 upon payment of the costs of duplication.

References to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement for purposes of, and as that term is defined in, SEC Rule 15c2-12, as amended.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. However, the District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that relevant information actually comes to its attention, the other matters described in this Official Statement until delivery of the Bonds to the Initial Purchaser, and thereafter only as specified in "UPDATING OF OFFICIAL STATEMENT."

OFFICIAL STATEMENT SUMMARY

The following information is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement. The summary should not be detached and should be used in conjunction with more complete information contained herein. A full review should be made of the entire OFFICIAL STATEMENT and of the documents summarized or described therein.

THE FINANCING

The Issuer	Chambers County Improvement District No. 2 (the "District"), a political subdivision of the State of Texas, is located in Chambers County, Texas. See "THE DISTRICT."
The Issue	The \$3,000,000 Unlimited Tax Bonds, Series 2022 (the "Bonds") are being issued as fully registered bonds pursuant to an order authorizing the issuance of the Bonds (the "Bond Order") adopted by the District's Board of Directors (the "Board"). The Bonds mature serially on December 1 in each year from 2025 through 2032, both inclusive, and as term bonds on December 1 in each of the years 2037, 2042, 2044, and 2047 (the "Term Bonds"), in the respective amounts and bearing interest at the rates for each maturity shown on the cover page hereof. Interest on the Bonds will accrue from the initial date of delivery (expected to be September 15, 2022) (the "Date of Delivery") and will be payable June 1 and December 1 of each year commencing December 1, 2022. The Bonds maturing on or after December 1, 2029 are subject to optional redemption, in whole or, from time to time, in part, on December 1, 2028, or on any date thereafter, at a price equal to the principal amount of the Bonds to be redeemed plus accrued interest thereon to the date fixed for redemption. If less than all the Bonds are redeemed, the particular maturity or maturities and the amounts thereof to be redeemed shall be selected by the District in integral multiples of \$5,000 in any one maturity. If less than all the Bonds within a maturity are redeemed, the Bonds to be redeemed shall be selected by DTC in accordance with its procedures. The Term Bonds are also subject to mandatory sinking fund redemption as more fully described herein. See "BOOK-ENTRY-ONLY SYSTEM." The Bonds will be issued in fully registered form only, in denominations of \$5,000 or any integral multiple thereof. See "THE BONDS."
Book-Entry-Only	The Bonds will be registered in the name of, and delivered only to, Cede & Co., the nominee of DTC, pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the Beneficial Owners. Principal of and interest on the Bonds will be payable by the Paying Agent/Registrar to Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC, which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the Beneficial Owners of the Bonds. See "BOOK-ENTRY- ONLY SYSTEM."
Authority for Issuance	At elections held within the District on November 8, 2011 and May 7, 2022, voters authorized a total of \$377,400,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities. The Bonds are the sixth installment of bonds issued pursuant to such authorization. After sale of the Bonds, the District will have \$348,265,000 principal amount of unlimited tax bonds authorized but unissued for purpose of acquiring or constructing water, sanitary sewer and drainage facilities. The Bonds are issued pursuant to the terms and provisions of the Bond Order, Article XVI, Section 59 of the Texas Constitution, Chapters 49 and 54 of the Texas Water Code, as amended, Chapter 3872 of the Texas Special District Local Laws Code, as amended, and an order of the Texas Commission on Environmental Quality (the "Commission") dated June 22, 2022. See "THE BONDS—Authority for Issuance" and "—Issuance of Additional Debt."
Source of Payment	The Bonds are payable from a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. The Bonds are obligations solely of the District and are not obligations of the State of Texas, Chambers County, the City of Baytown or any entity other than the District. See "THE BONDS—Source and Security for Payment."

Use of Proceeds	.Proceeds from the Bonds will be used to reimburse the Developer (herein after defined) for engineering and construction costs of water, sanitary sewer and drainage facilities. Bond proceeds will also be used to pay certain costs associated with the issuance of the Bonds. See "USE AND DISTRIBUTION OF BOND PROCEEDS."
Payment Record	The District has issued five series of unlimited tax water, sanitary sewer and drainage bonds and three series of unlimited tax road bonds, of which \$44,385,000 principal amount remains outstanding (the "Outstanding Bonds"). The District has never defaulted in the timely payment of principal of or interest on its previously issued bonds.
Future Debt	The District anticipates issuing its Unlimited Tax Road Bonds, Series 2022A in the approximate amount of \$6,000,000 in the fourth quarter of 2022. See "INVESTMENT CONSIDERATIONS—Future Debt" and "THE BONDS—Issuance of Additional Debt."
Qualified Tax-Exempt	
Obligations	The District has designated the Bonds as "qualified tax-exempt obligations" pursuant to Section 265(b) of the Internal Revenue Code of 1986, as amended. See "LEGAL MATTERS—Qualified Tax-Exempt Obligations."
Legal Opinion	Schwartz, Page & Harding, L.L.P., Bond Counsel, Houston, Texas.
Engineer	.Ward, Getz & Associates, PLLC, Houston, Texas.
Disclosure Counsel	.McCall, Parkhurst & Horton L.L.P, Houston, Texas.
Financial Advisor	.Masterson Advisors LLC, Houston, Texas.
Paying Agent/Registrar	.Regions Bank, Houston, Texas.
Municipal Bond Rating	.Moody's Investors Service ("Moody's") has assigned a credit rating of "Baa1" on the Bonds. An explanation of the rating may be obtained from Moody's, 7 World Trade Center, 250 Greenwich Street, New York, New York 10007. The fee associated with the rating assigned to the District by Moody's will be paid by the District. "MUNICIPAL BOND RATING."
Investment Considerations	The purchase and ownership of the Bonds are subject to special risk factors, and all prospective purchasers are urged to examine carefully the entire Official Statement with respect to the investment security of the Bonds, including particularly the section captioned "INVESTMENT CONSIDERATIONS."
	THE DISTRICT
Description	The District is a political subdivision of the State of Texas, created by Act of the 81st Legislature of the State of Texas, June 19, 2009, Regular Session pursuant to Senate Bill 2511, codified as Chapter 3872 of the Texas Special District Local Laws Code. The District was created as a special district under Article III, Sections 52 and 52-a, and Article XVI, Section 59 of the Texas Constitution. The District operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, Chapter 375 of the Texas Local Government Code, as amended, and Chapter 3872 of the Texas Special District Local Laws Code, as amended. The District consists of approximately 1,380 acres of land. See "THE DISTRICT."
Location	The District is located in Chambers County, approximately 8 miles east of the central downtown business district of the City of Baytown and 20 miles east of the central business district of the City of Houston. The District is bordered by FM Highway 565 on the north, a Coastal Water Authority Canal on the east and southeast and FM 1405 on the west. Access to the District is provided by Interstate Highway 10 east to SH 99 (Grand Parkway) south. The District is located entirely within the extraterritorial jurisdiction of the City of Baytown and within the boundaries of the Goose Creek Independent School District. See "THE DISTRICT."

Infectious Disease Outlook

(COVID-19) In March 2020, the World Health Organization and the President of the United States separately declared the outbreak of a respiratory disease caused by a novel coronavirus ("COVID-19") to be a public health emergency. On March 13, 2020, the Governor of Texas (the "Governor") declared a state of disaster for all counties in the State of Texas (the "State") because of the effects of COVID-19. Subsequently, in response to a rise in COVID-19 infections in the State and pursuant to Chapter 418 of the Texas Government Code, the Governor issued a number of executive orders intended to help limit the spread of COVID-19 and mitigate injury and the loss of life, including limitations imposed on business operations, social gatherings and other activities.

> There are currently no COVID-19 related operating limits imposed by executive order of the Governor for any business or other establishment in the State. The Governor retains the right to impose additional restrictions on activities if needed in order to mitigate the effects of COVID-19. Additional information regarding executive orders issued by the Governor is accessible on the website of the Governor at https://gov.texas.gov/. Neither the information on, nor accessed through, such website of the Governor is incorporated by reference into this Official Statement.

> The District has not experienced any decrease in property values, unusual tax delinquencies or interruptions to any service as a result of COVID 19; however, the District cannot predict the long-term economic effect of COVID-19 or a similar virus should there be a reversal of economic activity and reinstitution of restrictions. See "INVESTMENT CONSIDERATIONS—Infectious Disease Outlook (COVID-19)."

planned business park with Union Pacific and BNSF Railway dual rail service and AmeriPort Business Park, a 424 acre master planned business park. The AmeriPort Industrial Park is located in close proximity to the Port of Houston and Barbours Cut terminals. Approximately 666 acres in the District are developed with utilities and existing development in the District consists of the following thirteen (13) AmeriPort Buildings: (1) AmeriPort Building 1, a 214,000 square foot facility located on approximately 11.26 acres of land, is leased to Delta Companies Group.; (2) AmeriPort Building 2, a 168,480 square foot facility located on approximately 17.03 acres of land, is leased to Delta Petroleum (72%) and Soltex (28%); (3) AmeriPort Building 3, a 252,720 square foot building located on approximately 16.02 acres of land, is leased to Greif, Inc. and Delta Companies Group.; (4) AmeriPort Building 4, a 333,200 square foot building located on approximately 18.46 acres of land, is leased to Palmer Logistics; (5) AmeriPort Building 5, a 327,600 square foot building located on approximately 16.76 acres of land, is leased to Plantgistix-Baytown; (6) AmeriPort Building 6, a 458,250 square foot building located on approximately 24.92 acres of land, is leased to Geodis (65%) and Exxon Mobil Corporation (35%); (7) AmeriPort Building 7, a 203,840 square foot building located on approximately 17.11 acres of land, is leased to Palmer Logistics; (8) AmeriPort Building 8, a 35,000 square foot building on approximately 5.20 acres, is leased to Boral Resources, LLC; (9) AmeriPort Building 9, a 337,040 square foot building on approximately 19 acres of land, is leased to Plantgistix-Baytown; (10) AmeriPort Building 10, a 306,240 square foot building on approximately 21.4 acres, which is leased to Access World (101,640 square feet) and Delta Companies Group (204,600 square feet); (11) AmeriPort Building 11, a 225,500 square foot building on approximately 14 acres of land, is leased to NT Logistics, Inc; (12) AmeriPort Building 12, a 218,553 square foot building on approximately 11 acres, is leased to Palmer Logistics; and (13) AmeriPort Building 13, a 133,000 square foot building on approximately 8.85 acres of land, is leased to A&R Logistics. Each of the AmeriPort buildings is owned by a separate entity, each of which is an affiliate of AmeriPort, LLC.

In addition, AmeriPort Industrial Park includes the following improvements which are not owned by the affiliates of AmeriPort, LLC: (1) the Custom Commodities building, a 8,600 square foot building on approximately 6 acres of land; (2) the Hunting Energy Services building, a 99,000 square foot facility on approximately 39.96 acres of land; (3) the Taylor Wharton building, a 101,320 square foot facility on approximately 12 acres of land; (4) the HMT, LLC building, a 120,456 square foot facility located on approximately 15.83 acres of land; and (5) the FlexSteel building, a 428,298 square foot facility located on approximately 56.17 acres of land (FlexSteel owns the building and contents of the building and Rubiales Consulting owns the land on which the building is located). Approximately 135 acres of land has been developed into a rail yard owned by Rail Logix AmeriPort, LLC. Currently an approximately 1,100,000 acre building is under construction in AmeriPort Industrial Park for Plantgistix on approximately 15 acres of land.

AmeriPort Business Park is approximately 420 acres and currently has 42 acres developed with utilities and facilities to serve AmeriPort Business Park Building 1, a 297,243 square foot facility which has been constructed on approximately 16 acres of land. Currently an approximately 1,000,000 square foot building on approximately 51 acres is under construction in the AmeriPort Business Park for a furniture distributor.

There are approximately 102 acres that are developed with utilities, but have no above ground improvements; approximately 538 acres that have no utilities available, but are developable; and approximately 190 acres of land that are undevelopable, which includes detention ponds, pipelines, roads and a lift station site.

Developer

.The developer of AmeriPort Industrial Park is AmeriPort, LLC (the "Developer"), a Texas limited liability company. The Developer is a land holding company which is financing the construction of the water, sanitary sewer, drainage and road facilities to serve the District. Each of the thirteen (13) AmeriPort buildings described above is owned by a separate entity, each of which is an affiliate of the Developer. National Property Holdings, L.P., a Texas limited partnership and an affiliate of AmeriPort, LLC, manages the development for the Developer. The Developer owns an additional approximately 640 acres of undeveloped land in the District. See "THE DEVELOPER."

OFFICIAL STATEMENT

\$3,000,000

CHAMBERS COUNTY IMPROVEMENT DISTRICT NO. 2

(A political subdivision of the State of Texas located within Chambers County)
UNLIMITED TAX BONDS, SERIES 2022

This Official Statement provides certain information in connection with the issuance by Chambers County Improvement District No. 2 (the "District") of its \$3,000,000 Unlimited Tax Bonds, Series 2022 (the "Bonds").

The Bonds are issued pursuant to Article XVI Section 59 of the Texas Constitution, Chapters 49 and 54 of the Texas Water Code, as amended, Chapter 3872 of the Texas Special Local Laws Code, as amended, an order of the Texas Commission on Environmental Quality (the "Commission") authorizing the sale of the Bonds, elections held within the District, and an order authorizing the issuance of the Bonds (the "Bond Order") adopted by the Board of Directors of the District (the "Board").

This Official Statement includes descriptions, among others, of the Bonds and the Bond Order, and certain other information about the District and AmeriPort LLC (the "Developer"), the developer of land in the District. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of documents may be obtained from the District c/o Schwartz, Page & Harding, L.L.P., 1300 Post Oak Boulevard, Suite 1400, Houston, Texas 77056, upon payment of the cost of duplication.

THE BONDS

General

The following is a description of some of the terms and conditions of the Bonds, which description is qualified in its entirety by reference to the Bond Order, a copy of which is available from Bond Counsel upon payment of the costs of duplication therefor. The Bond Order authorizes the issuance and sale of the Bonds and prescribes the terms, conditions and provisions for the payment of the principal of and interest on the Bonds by the District.

Description

The Bonds will be dated September 1, 2022, with interest payable on December 1, 2022, and on each December 1 and June 1 thereafter (each an "Interest Payment Date") until the earlier of maturity or redemption. Interest on the Bonds initially accrues from the Date of Delivery, and thereafter, from the most recent Interest Payment Date. The Bonds mature on December 1 of the years and in the amounts shown under "MATURITIES PRINCIPAL AMOUNTS, INTEREST RATES AND INITIAL REOFFERING YIELDS" on the cover page hereof. The Bonds are issued in fully registered form only in denominations of \$5,000 or any integral multiple of \$5,000 for any one maturity. The Bonds will be registered and delivered only to The Depository Trust Company, New York, New York ("DTC"), in its nominee name of Cede & Co., pursuant to the book-entry system described herein ("Registered Owners"). No physical delivery of the Bonds will be made to the purchasers thereof. See "BOOK-ENTRY-ONLY SYSTEM." Interest calculations are based upon a three hundred sixty (360) day year comprised of twelve (12) thirty (30) day months.

Authority for Issuance

At elections held within the District on November 8, 2011 and May 7, 2022, voters of the District authorized a total of \$377,400,000 in unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities. The Bonds constitute the sixth issuance of bonds from such authorization. After the issuance of the Bonds, a total of \$348,265,000 in principal amount of unlimited tax bonds for acquiring or constructing water, sanitary sewer and drainage facilities will remain authorized but unissued from such election. The Bonds are issued by the District pursuant to the terms and provisions of the Bond Order; Article XVI, Section 59 of the Texas Constitution; Chapters 49 and 54 of the Texas Water Code, as amended; Chapter 3872 of the Texas Special Local Laws Code, as amended, and an order of the Commission dated June 22, 2022. See "—Issuance of Additional Debt" herein.

Source and Security for Payment

The Bonds, together with the Outstanding Bonds and any additional bonds payable from ad valorem taxes, are secured by and payable from the proceeds of a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property located within the District. See "TAX PROCEDURES". Investment in the Bonds involves certain elements of risk, and all prospective purchasers are urged to examine carefully this Official Statement with respect to the investment security of the Bonds. See "INVESTMENT CONSIDERATIONS." The Bonds are obligations solely of the District and are not obligations of the City of Baytown, Chambers County, the State of Texas, or any political subdivision or entity other than the District.

Funds

The Bond Order confirms the prior creation of the District's Bond Fund, and confirms the sub-accounts which are used to separate funds received to pay debt service on bonds issued to finance water, wastewater and storm drainage ("WSD Bonds") including the Bonds from funds received to pay debt service on bonds issued to finance road facilities ("Road Bonds"). The Bond Order also confirms the District's Construction Fund, and confirms the sub-accounts which are used to separate proceeds from WSD Bonds and Road Bonds. All remaining proceeds of the Bonds will be deposited in the sub-account of the Construction Fund created in respect of WSD Bonds.

The proceeds from all taxes levied, appraised and collected for and on account of the Bonds authorized by the Bond Order shall be deposited, as collected, into the sub-account of the Bond Fund created in respect of WSD Bonds. The Bond Fund, which constitutes a trust fund for the benefit of the owners of the Outstanding Bonds, the Bonds and any additional tax bonds issued by the District, is to be kept separate from all other funds of the District, and funds in the subaccounts created in respect of WSD Bonds are to be used for payment of debt service on the Bonds and any of the District's duly authorized WSD Bonds, whether heretofore, hereunder, or hereafter issued, payable in whole or part from taxes. Amounts on deposit in the sub-accounts of the Bond Fund created in respect of WSD Bonds may also be used to pay the fees and expenses of the Paying Agent/Registrar, to defray the expenses of assessing and collecting taxes levied for payment of interest on and principal of the Bonds and any of the Districts duly authorized WSD Bonds, whether heretofore, hereunder, or hereafter issued, payable in whole or in part from taxes, and to pay any tax anticipation notes issued in respect of debt service due to or become due on WSD Bonds, together with interest thereon, as such tax anticipation notes become due. Funds otherwise on deposit in the Bond Fund, including funds in a sub-account created in respect of Road Bonds, will not be allocated to the payment of the Bonds.

Record Date

The record date for payment of the interest on any regularly scheduled interest payment date is defined as the 15th day of the month (whether or not a business day) preceding such interest payment date.

Redemption Provisions

<u>Mandatory Redemption</u>: The Term Bonds maturing on December 1 in each of the years 2037, 2042, 2044 and 2047 (the "Term Bonds") shall be redeemed, at a price equal to the principal amount thereof, plus accrued interest to the date fixed for redemption (the "Redemption Date"), on December 1 in each of the years and in the principal amounts set forth in the following schedule (with each such scheduled principal amount reduced by the principal amount as may have been previously redeemed through the exercise of the District's reserved right of optional redemption, as provided under "Optional Redemption" below):

\$365,000 Term B	onds
Due December 1	2037

Due Detember 1, 2037					
Mandatory		Principal			
Redemption Date		Amount			
2033	\$	65,000			
2034		70,000			
2035		75,000			
2036		75,000			
2037 (maturity)		80,000			

\$215,000 Term Bonds Due December 1, 2044

Mandatory	Principal			
Redemption Date	Amount			
2043	\$ 105,000			
2044 (maturity)	110,000			

\$465,000 Term Bonds Due December 1, 2042

2 40 2 000 11,20 12				
Mandatory	Principal			
Redemption Date	Amount			
2038	\$ 85,000			
2039	90,000			
2040	95,000			
2041	95,000			
2042 (maturity)	100,000			

\$1,515,000 Term Bonds Due December 1, 2047

Mandatory	Principal				
Redemption Date	Amount				
2045	\$ 115,000				
2046	200,000				
2047 (maturity)	1,200,000				

Notice of the mandatory redemption of the Term Bonds will be provided at least thirty (30) calendar days prior to the date fixed for redemption, with the particular portions of the Term Bonds to be redeemed to be selected by lot or other customary method in accordance with the procedures of DTC so long as the Bonds are registered in accordance with the Book-Entry-Only System. See "BOOK-ENTRY-ONLY-SYSTEM."

Optional Redemption: The District reserves the right, at its option, to redeem the Bonds (including any Term Bonds) maturing on or after December 1, 2029 prior to their scheduled maturities, in whole or from time to time in part, in integral multiples of \$5,000, on December 1, 2028, or any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. If fewer than all of the Bonds are to be redeemed, the particular maturity or maturities and the amounts thereof to be redeemed shall be determined by the District. If fewer than all of the Serial Bonds of the same maturity are to be redeemed, the particular Bonds shall be selected by DTC in accordance with its procedures, so long as the Bonds are registered in accordance with the Book-Entry-Only System. See "BOOK-ENTRY-ONLY SYSTEM." If less than all of the outstanding principal amount of a Term Bond is redeemed, the District will notify the Paying Agent/Registrar of the reductions in the remaining mandatory redemption amounts to result from the optional redemption. Notice of each exercise of the reserved right of optional redemption shall be given at least thirty (30) calendar days prior to the date fixed for redemption, in the manner specified in the Bond Order.

<u>Effects of Redemption</u>: By the date fixed for redemption, due provision shall be made with the Paying Agent/Registrar for payment of the principal of the Bonds (including any Term Bonds) or portions thereof to be redeemed, plus accrued interest to the date fixed for redemption. When Bonds have been called for redemption in whole or in part and due provision has been made to redeem the same as herein provided, the Bonds or portions thereof so redeemed shall no longer be regarded as outstanding except for the purpose of receiving payment solely from the funds so provided for redemption, and the rights of the Registered Owners to collect interest which would otherwise accrue after the redemption date on any Bond or portion thereof called for redemption shall terminate on the date fixed for redemption.

Method of Payment of Principal and Interest

The Board has appointed Regions Bank, Houston, Texas, as the initial Paying Agent/Registrar for the Bonds. The principal of and interest on the Bonds shall be paid to DTC, which will make distribution of the amounts so paid. See "BOOK-ENTRY-ONLY SYSTEM."

Registration

Section 149(a) of the Internal Revenue Code of 1986, as amended, requires that all tax exempt obligations (with certain exceptions that do not include the Bonds) be in registered form in order for the interest payable on such obligations to be excludable from a Beneficial Owner's income for federal income tax purposes. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. pursuant to the Book-Entry-Only System described herein. One fully-registered Bond will be issued for each maturity of the Bonds and will be deposited with DTC. See "BOOK-ENTRY-ONLY SYSTEM." So long as any Bonds remain outstanding, the District will maintain at least one paying agent/registrar in the State of Texas for the purpose of maintaining the Register on behalf of the District. All references herein to the Registered Owners of the bonds shall mean Cede & Co. and not the Beneficial Owners of the Bonds, so long as the Bonds are registered in the name of Cede & Co. See "BOOK-ENTRY-ONLY-SYSTEM."

Replacement of Paying Agent/Registrar

Provision is made in the Bond Order for replacement of the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, the new Paying Agent/Registrar shall be required to accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any paying agent/registrar selected by the District shall be a duly qualified and competent trust or banking corporation or organization organized and doing business under the laws of the United States of America or of any State thereof, with a combined capital and surplus of at least \$25,000,000, which is subject to supervision of or examination by federal or state banking authorities, and which is a transfer agent duly registered with the United States Securities and Exchange Commission.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

- "(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic.
- (b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them.

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Issuance of Additional Debt

The District's voters have authorized the issuance of a total of \$377,400,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities and could authorize additional amounts. Following the issuance of the Bonds, the District will have \$348,265,000 principal amount of unlimited tax bonds authorized but unissued for water, sanitary sewer and drainage facilities. The District's voters have also authorized issuance of a total of \$6,850,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing recreational facilities, all of which is unissued, and could authorize additional amounts. The District's voters have authorized a total of \$147,600,000 principal amount of unlimited tax bonds for financing and constructing road facilities, \$127,500,000 principal amount of which is unissued, and could issue additional amounts. See "Financing Recreational Facilities" and "Financing Road Facilities" below. The District's voters have also authorized a total of \$84,750,000 principal amount of unlimited tax refunding bonds for the purpose of refunding outstanding bonds of the District and could authorize additional amounts. The District currently has \$84,750,000 principal amount of unlimited tax refunding bonds authorized but unissued. The District anticipates issuing its Unlimited Tax Road Bonds, Series 2022A in the approximate amount of \$6,000,000 in the fourth quarter of 2022.

The Bond Order imposes no limitation on the amount of additional parity bonds which may be authorized for issuance by the District's voters or the amount ultimately issued by the District. Issuance of additional bonds could dilute the investment security for the Bonds.

The District also is authorized by statute to engage in fire-fighting activities, including the issuing of bonds payable from taxes for such purpose. Before the District could issue fire-fighting bonds payable from taxes, the following actions would be required: (a) authorization of a detailed master plan and bonds for such purpose by the qualified voters in the District; (b) approval of the master plan and issuance of bonds by the Commission; and (c) approval of bonds by the Attorney General of Texas. Issuance of bonds for fire-fighting activities could dilute the investment security for the Bonds.

On May 7, 2016, the voters of the District approved a fire plan and agreement with the City for the provision of emergency protection services. The District's obligations under the fire plan and agreement are not payable from or secured by District taxes and no bonds will be issued by the District pursuant to such fire plan or agreement.

Financing Road Facilities

The District was created by Act of the 81st Legislature of the State of Texas, June 19, 2009, Regular Session pursuant to Senate Bill 2511, codified as Chapter 3872 of the Texas Special District Local Laws Code, as a special district under Article III, Sections 52 and 52-a, and Article XVI, Section 59 of the Texas Constitution, which included the granting of road powers. The voters of the District authorized a total of \$147,600,000 principal amount of unlimited tax bonds for financing and constructing road facilities. The District has issued \$20,100,000 principal amount of unlimited tax road bonds from said authorization. See "—Issuance of Additional Debt" herein and "INVESTMENT CONSIDERATIONS – Future Debt." Issuance of additional bonds for road facilities may dilute the security for the Bonds.

Financing Recreational Facilities

Conservation and reclamation districts in certain counties are authorized to develop and finance with property taxes certain recreational facilities after a district election has been successfully held to approve the issuance of bonds payable from taxes and/or a maintenance tax to support recreational facilities.

The District is authorized to issue bonds payable from an ad valorem tax to pay for the development and maintenance of recreational facilities if (i) the District duly adopts a plan for the facilities; (ii) the bonds are authorized at an election; (iii) the bonds payable from any source do not exceed 1% of the value of the taxable property in the District at the time of issuance of the bonds, or, in the event the District meets certain conditions, 3% of the value of the taxable property in the District at the time of issuance of the bonds, but in no event in an amount greater than the estimated cost of the plan,; (iv) the District obtains any necessary governmental consents allowing the issuance of such bonds; (v) the issuance of the bonds is approved by the Commission in accordance with its rules with respect to same; and (vi) the bonds are approved by the Attorney General of Texas. The District may issue bonds for such purposes payable solely from net operating revenues without an election. In addition, the District is authorized to levy an operation and maintenance tax to support recreational facilities at a rate not to exceed 10 cents per \$100 of assessed valuation of taxable property in the District, after such tax is approved at an election. Said maintenance tax is in addition to any other maintenance tax authorized to be levied by the District.

At election held within the District on November 8, 2011, voters of the District authorized a total of \$6,850,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing recreational facilities. The District has not issued bonds from said authorization.

Issuance of bonds for recreational facilities could dilute the investment security for the Bonds.

Annexation

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City, the District may be annexed for full purposes by the City, subject to compliance by the City with various requirements of Chapter 43 of the Texas Local Government Code, as amended. Such requirements may include the requirement that the City hold an election in the District whereby the qualified voters of the District approve the proposed annexation. If the District is annexed, the City must assume the District's assets and obligations (including the Bonds and the Outstanding Bonds) and abolish the District within ninety (90) days of the date of annexation. Annexation of territory by the City is a policy-making matter within the discretion of the Mayor and City Council of the City, and, therefore, the District makes no representation that the City will ever attempt to annex the District and assume its debt. Moreover, no representation is made concerning the ability of the City to make debt service payments should annexation occur.

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its water and wastewater systems with the water and wastewater systems of the district or districts with which it is consolidating, subject to voter approval. In their consolidation agreement, the consolidating districts may agree to assume each other's bonds, notes and other obligations. If each district assumes the other's bonds, notes and other obligations, taxes may be levied uniformly on all taxable property within the consolidated district in payment of same. If the districts do not assume each other's bonds, notes and other obligations, each district's taxes are levied on property in each of the original districts to pay said debts created by the respective original district as if no consolidation had taken place. No representation is made concerning whether the District will consolidate with any other district, but the District currently has no plans to do so.

Remedies in Event of Default

If the District defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observance or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the right to seek a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners. Certain traditional legal remedies may also not be available. See "INVESTMENT CONSIDERATIONS—Registered Owners' Remedies".

Defeasance

The Bond Order provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) for obligations of the District payable from revenues or from ad valorem taxes or both, or a commercial bank or trust company designated in the proceedings authorizing such discharge amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent; and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. The foregoing obligations may be in book entry form and shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds. If any of such Bonds are to be redeemed prior to their respective dates of maturity, provision must have been made for giving notice of redemption as provided in the Bond Order.

Upon such deposit as described above, such Bonds shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Bond Order does not contractually limit such investments, Registered Owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under Texas law.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York, ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book- Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District and the Financial Advisor believe the source of such information to be reliable, but neither of the District, the Financial Advisor nor the Initial Purchaser take any responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered Bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a rating of AA+ from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Bonds held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

THE DISTRICT

General

The District is a political subdivision of the State of Texas, created by Act of the 81st Legislature of the State of Texas, June 19, 2009, Regular Session pursuant to Senate Bill 2511, codified as Chapter 3872 of the Texas Special District Local Laws Code, as amended. The District was created as a special district under Article III, Sections 52 and 52-a, and Article XVI, Section 59 of the Texas Constitution. The District operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, Chapter 375 of the Texas Local Government Code, as amended, and Chapter 3872 of the Texas Special District Local Laws Code, as amended. The District, which lies wholly within the extraterritorial jurisdiction of the City, is subject to the continuing supervisory jurisdiction of the Commission.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste disposal and collection services. The District is also empowered to establish, operate and maintain fire-fighting facilities, separately or jointly with one or more conservation and reclamation districts, municipalities or other political subdivisions, after approval by the City of Baytown, the Commission and the voters of the District. Additionally, the District may, subject to certain limitations, develop and finance recreational facilities and may also, subject to certain limitations, develop and finance roads. See "THE BONDS—Issuance of Additional Debt" and "Financing Recreational Facilities" and "Financing Road Facilities".

The District is required to observe certain requirements of the City which limit the purposes for which the District may sell bonds to finance the acquisition, construction, and improvement of waterworks, wastewater, drainage, recreational, road and fire-fighting facilities and the refunding of outstanding debt obligations; limit the net effective interest rate on such bonds and other terms of such bonds; require approval by the City of District construction plans; and permit connections only to lots and reserves described in a plat that has been approved by the City and filed in the real property records of Chambers County. The District is also required to obtain certain Commission approvals prior to acquiring, constructing and financing road and fire-fighting facilities, as well as voter approval of the issuance of bonds for said purposes and/or for the purposes of financing recreational facilities. Construction and operation of the District's drainage system is subject to the regulatory jurisdiction of additional State of Texas and local agencies. See "THE SYSTEM."

Description and Location

The District consists of approximately 1,380 acres of land. The District is located in Chambers County, approximately 8 miles east of the central downtown business district of the City and 20 miles east of the central downtown business district of the City of Houston. The District is bordered by FM Highway 565 on the north, a Coastal Water Authority Canal on the east and southeast and FM 1405 on the west. Access to the District is provided by Interstate Highway 10 east to SH 99 (Grand Parkway) south. The District is located entirely within the extraterritorial jurisdiction of the City and within the boundaries of the Goose Creek Independent School District.

Agreement for Emergency Protection Services

On October 24, 2014, the District entered into the Agreement for Emergency Protection Services with the City. The City has agreed to provide fire protection services to the District in return for quarterly payments for the costs of providing such services. The quarterly payment is determined by the then assessed value within the District and is payable on the first day of January, April, July and October of the contract year. Additionally, the District will pay for any materials used to repair or replace any equipment damaged or destroyed in connection with providing service within the District. District voters approved a fire plan and the Agreement for Emergency Protection Services with the City at an election on May 7, 2016. The District will not fund any of the costs of providing fire protection services with bond funds.

Foreign Trade Zone Tax Equivalency and Contribution Agreement

On March 11, 2020, the District entered into a Foreign Trade Zone Tax Equivalency Agreement with Access World (USA) LLC (the "Tax Equivalency Agreement"). Pursuant to the Tax Equivalency Agreement, the District agreed to execute a Non-Opposition Letter in support of Access World (USA) LLC's application for the creation of a new Usage Driven Foreign-Trade Zone site ("FTZ Site") at its inventory storage facility located within Foreign Trade Zone No. 171 and the District. If Access World (USA) LLC's inventory storage facility is designated as a FTZ Site, certain personal property and inventory located within the facility will be exempt from ad valorem taxes levied by the District. Accordingly, Access World (USA) LLC has agreed to require all of its customers owning or storing inventory within the facility to execute an agreement that requires the customer to make an annual payment to the District in an amount equivalent to the taxes that would have been paid to the District had the personal property and inventory not received the foreign trade zone exemption. The facility received FTZ Site designation on November 23, 2020.

Development

Development in the District consists of AmeriPort Industrial Park, a 956 acre master planned business park with Union Pacific and BNSF Railway dual rail service and AmeriPort Business Park, a 424 acre master planned business park. The AmeriPort Industrial Park and AmeriPort Business Park are located in close proximity to the Port of Houston and Barbours Cut terminals. Approximately 666 acres in the District are developed with utilities and existing development in the District consists of the following thirteen (13) AmeriPort Buildings: (1) AmeriPort Building 1, a 214,000 square foot facility located on approximately 11.26 acres of land, is leased to Delta Companies Group.; (2) AmeriPort Building 2, a 168,480 square foot facility located on approximately 17.03 acres of land, is leased to Delta Petroleum (72%) and Soltex (28%); (3) AmeriPort Building 3, a 252,720 square foot building located on approximately 16 acres of land, is leased to Greif, Inc. and Delta Companies Group.; (4) AmeriPort Building 4, a 333,200 square foot building located on approximately 18.46 acres of land, is leased to Palmer Logistics; (5) AmeriPort Building 5, a 327,600 square foot building located on approximately 16.76 acres of land, is leased to Plantgistix-Baytown; (6) AmeriPort Building 6, a 458,250 square foot building located on approximately 24.92 acres of land, is leased to Geodis (65%) and Exxon Mobil Corporation (35%); (7) AmeriPort Building 7, a 203,840 square foot building located on approximately 17.11 acres of land, is leased to Palmer Logistics; (8) AmeriPort Building 8, a 35,000 square foot building on approximately 5.20 acres, is leased to Boral Resources, LLC; (9) AmeriPort Building 9, a 337,040 square foot building on approximately 19 acres of land, is leased to Plantgistix-Baytown; (10) AmeriPort Building 10, a 306,240 square foot building on approximately 21.4 acres, is leased to Access World (101,640 square feet) and Delta Companies Group (204,600 square feet); (11) AmeriPort Building 11, a 225,500 square foot building on approximately 14 acres of land, is leased to NT Logistics, Inc (124,200 square feet); (12) AmeriPort Building 12, a 218,553 square foot building on approximately 11.2 acres, is leased to Palmer Logistics; and (13) AmeriPort Building 13, a 133,000 square foot building on approximately 8.85 acres, is leased to A&R Logistics. Each of the AmeriPort buildings is owned by a separate entity, each of which is an affiliate of AmeriPort, LLC.

In addition, AmeriPort Industrial Park includes the following improvements which are not owned by the affiliates of AmeriPort, LLC: (1) the Custom Commodities building, a 8,600 square foot building on approximately 6 acres of land, completed in February, 2018; (2) the Hunting Energy Services building, a 99,000 square foot facility on approximately 39.96 acres of land; (3) the Taylor Wharton building, a 101,320 square foot facility on approximately 12 acres of land; (4) the HMT, LLC building, a 120,456 square foot facility located on approximately 15.83 acres of land; and (5) the FlexSteel building, a 428,298 square foot facility located on approximately 56 acres of land (FlexSteel owns the building and contents of the building and Rubiales Consulting owns the land on which the building is located). A 150,400 square foot expansion of the FlexSteel facility was recently completed. Approximately 135 acres of land has been developed into a rail yard owned by Rail Logix AmeriPort, LLC. Currently an approximately 1,100,000 acre building is under construction in AmeriPort Industrial Park for Plantgistix on approximately 15 acres of land.

AmeriPort Business Park has 42 acres developed with utilities and facilities to serve AmeriPort Business Park Building 1, a 297,243 square foot facility which has been constructed located on approximately 16 acres, Currently an approximately 1,000,000 square foot building n approximately 51 acres is under construction in the AmeriPort Business Park for a furniture distributor.

There are approximately 640 acres of land remaining to be developed with above-ground improvements (which includes 102 acres which have utilities available and 538 acres which do not have utilities available), and 190 acres of land that are undevelopable, which includes detention ponds, pipelines, roads and a lift station site.

THE DEVELOPER

In general, the activities of a landowner or developer in an improvement district such as the District include designing the project; defining a marketing program and setting building schedules; securing necessary governmental approvals and permits for development; arranging for the construction of streets and the installation of utilities; and selling or leasing improved tracts or commercial reserves to other developers or third parties. While a developer is generally required by the Commission to advance funds to pave streets (in areas where District facilities are being financed with bonds) and finance the construction of the water, wastewater and storm drainage facilities, such advances to be reimbursed (except for paving costs) from the sale of district bonds to the extent allowed by the Commission, a developer is under no obligation to a district to undertake development activities according to any particular plan or schedule. Furthermore, there is no restriction on a developer's right to sell any or all of the land which the developer owns within a district. In addition, the developer is ordinarily the major taxpayer within the district during the early stages of development. The relative success or failure of a developer to perform in the above-described capacities may affect the ability of a district to collect sufficient taxes to pay debt service and retire bonds.

The principal developer of land in the District is AmeriPort, LLC, a Texas limited liability company (the "Developer"). Michael J. Plank is the Managing Member/President of AmeriPort, LLC. The Developer is a land holding company which is financing the construction of the water, sanitary sewer, drainage and road improvements to serve AmeriPort Industrial Park. National Property Holdings LP, a Texas limited partnership and affiliate of the Developer manages the development for the Developer. Michael J. Plank is also the President and CEO of National Property Holdings LP.

The Developer owns an additional approximately 640 acres of undeveloped land in the District.

The following single purpose Delaware limited liability companies have been formed to construct and own each of the thirteen AmeriPort Buildings, AmeriPort Building 1 LLC, AmeriPort Building 2 LLC, AmeriPort Building 3 LLC, AmeriPort Building 4 LP AmeriPort Building 5 LLC, AmeriPort Building 6 LLC, AmeriPort Building 7 LLC, AmeriPort Building 8 LLC, AmeriPort Building 9 LLC, AmeriPort Building 10 LLC, AmeriPort Building 11 LLC, AmeriPort Building 12 LLC, AmeriPort Building 13 LLC, AmeriPort Building 13 LLC, AmeriPort Building 1, LLC and Rail Logix AmeriPort LLC, each of which is a Texas limited liability company. Each limited liability company has the same Managing Member/President as the Developer. Michael J. Plank is the Managing Member/President. Ameriport Building 4, LP is a Delaware limited partnership, managed by Ameriport Building 4, GP, LLC, a Delaware LLC, its General Partner of which Michael J. Plank is the Managing Member/President.

The Developer has no legal commitment to the District or the Registered Owners or Beneficial Owners of the Bonds to continue development of land within the District, and the Developer may sell or otherwise dispose of its property within the District, or any other assets, at any time. Neither the Developer nor any affiliate of the Developer, if any, is obligated to pay principal of or interest on the Bonds. Furthermore, the Developer has no binding commitment to the District to carry out any plan of development, and the furnishing of information relating to the proposed development by the Developer should not be interpreted as such a commitment. Prospective purchasers are encouraged to inspect the District in order to acquaint themselves with the nature of development that has occurred or is occurring within the District's boundaries.

MANAGEMENT

Board of Directors

The District is governed by the Board, consisting of five (5) directors, which has control over and management supervision of all affairs of the District. Directors are elected to staggered four-year terms in May of even numbered years only. None of the members of the Board resides in the District; however, all of the members own land within the District, subject to a note and deed of trust in favor of the Developer. The current members and officers of the Board along with their titles and terms, are listed as follows:

Name	Title	Term Expires		
Patsy T. Waldrop	President	May 2026		
Stephen H. Olson	Vice President	May 2026		
Adrian B. Combs	Secretary	May 2024		
David King	Assistant Secretary	May 2024		
Susan Ruske	Assistant Secretary	May 2026		

The District has no full-time employees but instead contracts with the entities described below for professional services:

Tax Assessor/Collector

Land and improvements in the District are being appraised for taxation by the Chambers County Appraisal District. The District contracts with Utility Tax Service, LLC to act as Tax Assessor/Collector for the District.

System Operator

The District has engaged Municipal District Services, LLC to operate and maintain the District's system.

Bookkeeper

The District contracts with Municipal Accounts & Consulting, L.P. (the "Bookkeeper") for bookkeeping services for the District.

Engineer

Ward, Getz & Associates, PLLC (the "Engineer") provides consulting engineering services to the District.

Auditor

The District's financial statements for the year ended June 30, 2021, were audited by McGrath & Co., PLLC. See "APPENDIX A" for a copy of the District's June 30, 2021, audited financial statements. McGrath & Co., PLLC. has been engaged by the District to audit the District's financial statements for the year ended June 30, 2022.

Bond Counsel and General Counsel

Schwartz, Page & Harding, L.L.P. ("Bond Counsel") serves as bond counsel to the District. The fee to be paid Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent upon the sale and delivery of the Bonds. In addition, Schwartz, Page & Harding, L.L.P. serves as general counsel to the District on matters other than the issuance of bonds.

Disclosure Counsel

McCall, Parkhurst & Horton L.L.P, Houston, Texas ("Disclosure Counsel") has been engaged by the District to serve as disclosure counsel. Fees for services rendered by Disclosure Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

Financial Advisor

Masterson Advisors LLC (the "Financial Advisor") serves as financial advisor to the District. The fee to be paid the Financial Advisor is contingent upon the sale and delivery of the Bonds.

THE ROADS

A portion of the Outstanding Bonds have been issued to finance the road system (the "Roads") which serves the property owners of the District by providing collector roads and portions of major thoroughfares within the District and the surrounding area. Ameriport Parkway functions as a major thoroughfare by conveying travelers to FM 565 and to Texas 99 (Grand Parkway). Transport Drive and Delta Parkway serve as collector roads by conveying travelers to Ameriport Parkway. Upon completion, the Roads are owned, operated and maintained by the District.

THE SYSTEM

Regulation

According to the Engineer, the District's water distribution, wastewater collection, and storm drainage facilities (collectively, the "System") have been designed in accordance with accepted engineering practices and the then current requirements of various agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities. The construction and operation of the System was to be accomplished in accordance with the standards and specifications and requirements of such entities and is subject to inspection by each such entity. The Commission exercises continuing supervisory authority over the District. Discharge of treated sewage is subject to the regulatory authority of the Commission and the U.S. Environmental Protection Agency. Construction of drainage facilities is subject to the regulatory authority of Chambers County and, in some instances, the Commission. Chambers County, the City of Baytown, and the Texas Department of Health also exercise regulatory jurisdiction over the System. The regulations and requirements of entities exercising regulatory jurisdiction over the System are subject to further development and revision which, in turn, could require additional expenditures by the District in order to achieve compliance. In particular, additional or revised requirements in connection with any permit for the wastewater treatment plant which provides service to the District beyond the criteria existing at the time of construction of the plant could result in the need to construct additional facilities in the future. The following descriptions are based upon information supplied by the District's Engineer.

Water Distribution and Sanitary Sewer Collection and Drainage System

The District's System includes water, sanitary sewer and drainage facilities to serve the land described under the section "THE DISTRICT—Development".

Water Supply

The Baytown Area Water Authority ("BAWA") was created in 1973 to serve the Baytown area with a stable and reliable source of treated surface water and to reduce the area's reliance on groundwater. BAWA provides the City with its entire domestic and commercial supply of water. The water treated by BAWA originates from the Trinity River and is conveyed to BAWA via the Coastal Water Authority ("CWA") canal system. BAWA's Trinity River water conveyance system is operated under a contract with the City of Houston.

Pursuant to a Water Supply and Waste Disposal Agreement between the City and the District (the "Agreement") dated July 24, 2015 (with a term of 25 years), as amended, the City agreed to provide to the District water supply in average daily flow of 200,000 gallons per day "gpd" and no more than 245,900 gpd average daily flow at full build-out.

The District is currently serving 352 esfcs with water supply. The District is serving the Hunting Energy Services building and AmeriPort Buildings 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 14, HMT and Flexsteel. The District bills the customers that it is serving pursuant to its Rate Order.

There are also 60 esfcs that were in existence prior to connection to the City's water system which are served by private water wells. The building served by private water well is Taylor Wharton, which plans to connect to the District's water supply in the near future.

Wastewater Treatment Facilities

Wastewater treatment for the District is provided by the City's FM565 Wastewater Facility. Pursuant to the Agreement, the District may discharge waste into the City's wastewater system in an amount not to exceed 184,500 gallons per minute, which is sufficient to serve 1,440 esfcs. The District is currently serving 200 esfcs wastewater connections.

There are also 60 esfcs that were in existence prior to connection to the City's wastewater system which are served by private septic systems. The building served by private septic system is Taylor Wharton. It is anticipated that these connections will connect to the District's wastewater system in the near future.

Storm Water Drainage Facilities

The District is in the Cedar Bayou watershed. The majority of the District area drains into drainage channels that run through the District. Water from developed areas is collected by roadside ditches which drain into the drainage channels that run through the District and eventually to detention facilities which drain to channels located outside of the District and ultimately drain to Trinity Bay.

100-Year Flood Plain

"Flood Insurance Rate Map" or "FIRM" means an official map of a community on which the Federal Emergency Management Agency (FEMA) has delineated the appropriate areas of flood hazards. The 1% chance of probable inundation, also known as the 100-year flood plain, is depicted on these maps. The "100-year flood plain" (or 1% chance of probable inundation) as shown on the FIRM is the estimated geographical area that would be flooded by a rain storm of such intensity to statistically have a one percent chance of occurring in any given year. Generally speaking, improvements must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance. An engineering or regulatory determination that an area is above the 100-year flood plain is not an assurance that improvements built in such area will not be flooded, and a number of neighborhoods in the greater Houston area that are above the 100-year flood plain have flooded multiple times in the last several years. According to the Engineer approximately 310 acres of land within the District are located within the 100-year floodplain. Developments within the District have been filled to above the 100-year floodplain. Applications for Letters of Map Revision to remove these sites from the official floodplain have been or will be submitted to FEMA. Additionally, the District's storm water drainage system has been designed and constructed in accordance with current applicable regulatory standards for a development of this size and location. See "INVESTMENT CONSIDERATIONS—Extreme Weather Events."

Future Debt

With the consent of the District, the Developer has financed the design and construction of water, sanitary sewer and drainage facilities, road facilities as well as other related detention and District facilities to serve the AmeriPort Industrial Park. According to the District Engineer, after reimbursement with the proceeds of the Bonds, the costs of such facilities that will not have been previously reimbursed will be approximately \$11,020,000. It is anticipated that additional bonds will be issued in the future to pay such entities for the foregoing and to serve the undeveloped acreage within the District as well as for additionally required wastewater treatment plant capacity and/or water plant capacity, if any. The District can make no representation that any additional development will occur within the District. The Engineer has stated that the District's authorized but unissued bonds should be adequate, under present land use projections, to finance such improvements.

USE AND DISTRIBUTION OF BOND PROCEEDS

The construction costs below were approved by the Commission in its order authorizing the issuance of the Bonds.

The actual amounts to be reimbursed by the District and the non-construction costs will be finalized after the sale of the Bonds and agreed-upon procedures are completed by an independent accountant. The surplus funds, if any, may be expended for any lawful purpose for which surplus construction funds may be used.

I. CONSTRUCTION COSTS

	 Detention Ponds 8,9,10,11, and 12. Ameriport Business Park Roadway Phase 1. Ameriport Business Park Detention Pond Phase 1. Engineering and Permitting. 	\$ 1,345,000 135,329 533,632 486,588
	Total Construction Costs	\$ 2,500,549
II.	NON-CONSTRUCTION COSTS	
	Underwriter's Discount (a)	\$ 63,646
	Developer Interest	 167,848
	Total Non-Construction Costs	\$ 231,494
III.	ISSUANCE COSTS AND FEES	
	Issuance Costs and Professional Fees	\$ 191,103
	Bond Engineering Report Costs	40,000
	State Regulatory Fees	10,500
	Contingency (a)	26,355
	Total Issuance Costs and Fees	\$ 267,958
	TOTAL BOND ISSUE	\$ 3,000,000

⁽a) Represents surplus funds resulting from the sale of the Bonds at a lower underwriter's discount than estimated.

In the instance that Commission-approved estimated amounts exceed actual costs, the difference comprises a surplus which may be expended for uses approved under the rules of the Commission. In the instance that actual costs exceed previously approved estimated amounts and contingencies, additional Commission approval and the issuance of additional bonds may be required.

WATER AND SEWER OPERATIONS

General

The Bonds are payable from the levy of an ad valorem tax, without legal limitation as to rate or amount, upon all taxable property in the District. Net revenues, if any, derived from the District's operations are not pledged to the payment of the Bonds, but are available for any lawful purpose including payment of debt service on the Bonds, at the discretion and upon action of the Board. It is not anticipated that any revenues will be available for the payment of debt service on the Bonds.

Waterworks and Sewer System Operating Statement

The following statement sets forth in condensed form the historical results of operation of the District's General Fund. Accounting principles customarily employed in the determination of net revenues have been observed and in all instances exclude depreciation. Such summary is based upon information obtained from the District's audited financial statements for the fiscal years ended June 30, 2018 through June 30, 2021 and an unaudited summary for the fiscal year ended June 30, 2022, prepared by the Bookkeeper. Reference is made to such records and statements for further and more complete information.

			Fiscal Year Ended June 30					
	7/1/2021 to 6/30/2022 (a)		2021	2020	2019	2018

District Investment Policy

Road Bond Funds

The policy of the District is to invest District funds only in instruments which further the following investment objectives of the District stated in order of importance: (1) preservation and safety of principal; (2) liquidity; and (3) yield. The District does not currently own, nor does it anticipate the inclusion of, long term securities or derivative products in the District portfolio.

⁽a) Unlimited Tax Road Bonds.

Due to a value adjustment to the 2020 assessed value, approximately \$55,303 from the Operating Fund and approximately \$95,121 from the Bond Funds will be reimbursed to a Taxpayer. See "TAX DATA—Tax Collections and Summary of Assessed Valuation."

Although all the District's debt, including the Outstanding Bonds and the Bonds, has been issued on a parity basis and is payable from an unlimited tax pledge, portions of the District's ad valorem tax revenue will be allocated on a pro rata basis between debt service on bonds issued for the purpose of financing water, sanitary sewer, and drainage facilities or to refund such bonds ("WSD Bonds"), including the Bonds, and bonds issued for the purpose of financing road facilities or to refund such bonds ("Road Bonds"), and deposited into separate sub-accounts within the District's Bond Fund. See "THE BONDS-Funds." Neither Texas law nor the Bond Order requires the District to maintain any minimum balance in the Bond Fund. (b)

ESTIMATED OVERLAPPING DEBT STATEMENT

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in "Texas Municipal Reports" published by the Municipal Advisory Council of Texas or other publicly available information. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance, and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes

⁽a) Unaudited.

Taxes are due upon receipt of bill therefor and become delinquent after January 31 of the following year or 30 days after the date billed, whichever is later, or, if billed after January 10, they are delinquent on the first day of the month next following the 21st day after such taxes are billed. No split payments are allowed and no discounts are allowed.

Tax Rate Distribution

	Anticipated						
	2022 (a)	2021		2020	2020 2019		2018
Debt Service	\$ 0.4900	\$	0.4900	\$0.4300	\$	0.3500	\$ 0.4075
Maintenance and Operations	0.2000		0.2000	0.2500		0.3300	0.2425
Total	\$0.6900	\$	0.6900	\$0.6800	\$	0.6800	\$0.6500

⁽a) On August 10, 2022, the District authorized publication of a 2022 total tax rate in the amount of \$0.69 per \$100 of taxable assessed valuation and expects to adopt such rate in September 2022.

Tax Rate Limitations

Debt Service: Unlimited (no legal limit as to rate or amount).

Maintenance: \$1.50 per \$100 Assessed Valuation

Debt Service Tax

The Board will covenant in the Bond Order to levy and assess, for each year that all or any part of the Bonds remain outstanding and unpaid, a tax which, when added to other funds legally available to the District for payment of outstanding debt obligations, is adequate to provide funds to pay the principal of and interest on such debt. See "THE BONDS—Authority for Issuance."

Maintenance and Operations Tax

The Board has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements, if such maintenance tax is authorized by a vote of the District's electors. On November 8, 2011, voters in the District authorized the Board to levy such a maintenance tax in an amount not to exceed \$1.50 per \$100 assessed valuation. Such tax is in addition to taxes which the District is authorized to levy for paying principal of and interest on the Bonds and any additional unlimited tax bonds which may be issued in the future. The District levied a maintenance tax for 2021 in the amount of \$0.20 per \$100 assessed valuation.

⁽b) Due to an adjustment by the Appraisal District, it is expected that this value will decrease by \$22,121,094,

Principal Taxpayers

The following list of principal taxpayers was provided by the District's Tax Assessor/Collector based upon the certified 2021 tax roll of \$522,673,260, which reflects ownership at January 1, 2021. Principal taxpayer lists related to the 2022 Certified Taxable Assessed Valuation of \$650,842,662 is not available.

Taxpayer	Type of Property	2021 Certified Taxable Assessed Valuation		% of 2021 Certified Taxable Assessed Valuation

TAX PROCEDURES

Property Tax Code and County-Wide Appraisal District

The Texas Tax Code (the "Property Tax Code") requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas a single appraisal district with the responsibility for recording and appraising property for all taxing units within a county and a single appraisal review board with the responsibility for reviewing and equalizing the values established by the appraisal district. The Chambers County Appraisal District (the "Appraisal District") has the responsibility for appraising property for all taxing units wholly within Chambers County, including the District. Such appraisal values are subject to review and change by the Chambers County Appraisal Review Board (the "Appraisal Review Board"). Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a petition for review in State district court. In such event, the value of the property in question will be determined by the court or by a jury if requested by any party. Absent any such appeal, the appraisal roll, as prepared by the Appraisal District and approved by the Appraisal Review Board, must be used by each taxing jurisdiction in establishing its tax roll and tax rate. The District is eligible, along with all other conservation and reclamation districts within Chambers County, to participate in the nomination of and vote for a member of the Board of Directors of the Appraisal District.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property and tangible personal property in the District is subject to taxation by the District; however, it is expected that no effort will be made by the District to collect taxes on personal property other than on personal property rendered for taxation, business inventories and the property of privately owned utilities. Principal categories of exempt property include: property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies, and personal effects; farm products owned by the producer; all oil, gas and mineral interests owned by an institution of higher education; certain property owned by exclusively charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; solar and wind-powered energy devices; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons sixty-five (65) years or older or under a disability for purposes of payment of disability insurance benefits under the Federal Old-Age Survivors and Disability Insurance Act to the extent deemed advisable by the Board. The District would be required to call an election on such residential homestead exemption upon petition by at least twenty percent (20%) of the number of qualified voters who voted in the District's preceding election and would be required to offer such an exemption if a majority of voters approve it at such election. For the 2022 tax year, the District has not granted any such exemptions. The District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, of between \$5,000 and \$12,000 of assessed valuation depending upon the disability rating of the veteran, if such rating is less than 100%. A veteran who receives a disability rating of 100% is entitled to an exemption for the full value of the veteran's residence homestead. Additionally, subject to certain conditions, the surviving spouse of a disabled veteran who is entitled to an exemption for the full value of the veteran's residence homestead is also entitled to an exemption from taxation of the total appraised value of the same property to which the disabled veteran's exemption applied. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if (i) the residence homestead was donated by a charitable organization at no cost to the disabled veteran or, (ii) the residence was donated by a charitable organization at some cost to the disabled veteran if such cost is less than or equal to fifty percent (50%) of the total good faith estimate of the market value of the residence as of the date the donation is made. Also, the surviving spouse of a member of the armed forces or a first responder (as defined under Texas law), who was (i) killed in action, or (ii) fatally injured in the line of duty, is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

A "Freeport Exemption" applies to goods, wares, merchandise, other tangible personal property and ores, other than oil, natural gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining oil or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to certain tangible personal property, as defined by the Property Tax Code, acquired in or imported into Texas for storage purposes and which is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. The exemption excludes oil, natural gas, petroleum products, aircraft and certain special inventory including dealer's motor vehicles, dealer's vessel and outboard motor vehicle, dealer's heavy equipment and retail manufactured housing inventory. The exemption applies to covered property if it is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. However, taxing units who took official action as allowed by prior law before October 1, 2011, to tax goods-in-transit property, and who pledged such taxes for the payment of debt, may continue to impose taxes against the goods-in-transit property until the debt is discharged without further action, if cessation of the imposition would impair the obligations of the contract by which the debt was created. The District has taken official action to allow taxation of all such goods-in-transit personal property, but may choose to exempt same in the future by further official action.

General Residential Homestead Exemption

Texas law authorizes the governing body of each political subdivision in the State of Texas to exempt up to twenty percent (20%) of the appraised value of residential homesteads, but not less than \$5,000 if any exemption is granted, from ad valorem taxation. The law provides, however, that where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. For the 2022 tax year, the District has not granted a general residential homestead exemption.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Assessments under the Property Tax Code are to be based upon one hundred percent (100%) of market value. The appraised value of residential homestead property may be limited to the lesser of the market value of the property, or the sum of the appraised value of the property for the last year in which it was appraised, plus ten percent (10%) of such appraised value multiplied by the number of years since the last appraisal, plus the market value of all new improvements to the property. Once an appraisal roll is prepared and approved by the Appraisal Review Board, it is used by the District in establishing its tax rate. The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraised values. The plan must provide for appraisal of all real property by the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis.

The Property Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the District, adopting its tax rate for the tax year. A taxing unit, such as the District, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Property Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment rating to determine the amount of the exemption. The temporary exemption amounts established in the Property Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal orders of the Appraisal Review Board by filing a petition for review in district court within forty-five (45) days after notice is received that a final order has been entered. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to comply with the Property Tax Code. The District may challenge the exclusion of property from the appraisal rolls or the grant, in whole or in part, of an exemption.

Texas law provides for notice and hearing procedures prior to the adoption of an ad valorem tax rate by the District. Additionally, under certain circumstances, an election would be required to determine whether to approve the adopted total tax rate. See "Rollback of Operation and Maintenance Tax Rate" herein. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Agricultural, Open Space, Timberland and Inventory Deferment

The Property Tax Code permits land designated for agricultural use (including wildlife management), open space, or timberland to be appraised at its value based on the land's capacity to produce agriculture or timber products rather than at its fair market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business be valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Landowners wishing to avail themselves of any of such designations must apply for the designation, and the Appraisal District is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions and not as to others. If a claimant receives the designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use for the three (3) years prior to the loss of the designation for agricultural, timberland or open space land. According to the District's Tax Assessor/Collector, as of January 1, 2022 no land within the District was designated for agricultural use, open space, inventory deferment, or timberland.

Tax Abatement

The City of Baytown and Chambers County may designate all or part of the District as a reinvestment zone, and the District, Chambers County, and (if it were to annex the area) the City of Baytown, may thereafter enter into tax abatement agreements with the owners of property within the zone. The tax abatement agreements may exempt from ad valorem tax, by the applicable taxing jurisdictions, and by the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed, on the condition that the property owner make specified improvements or repairs to the property in conformity with a comprehensive plan. According to the District's Tax Assessor/Collector, to date, none of the area within the District has been designated as a reinvestment zone.

Levy and Collection of Taxes

The District is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. The District adopts its tax rate each year after it receives a tax roll certified by the Appraisal District. Taxes are due upon receipt of a bill therefor and become delinquent after January 31 of the following year or 30 days after the date billed, whichever is later, or, if billed after January 10, they are delinquent on the first day of the month next following the 21st day after such taxes are billed. A delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid beginning the first calendar month it is delinquent. A delinquent tax also incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent plus a one percent (1%) penalty for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. However, a tax delinquent on July 1 incurs a total penalty of twelve percent (12%) of the amount of the delinquent tax without regard to the number of months the tax has been delinquent, which penalty remains at such rate without further increase. If the tax is not paid by July 1, an additional penalty of up to the amount of the compensation specified in the District's contract with its delinquent tax collection attorney, but not to exceed twenty percent (20%) of the total tax, penalty and interest, may, under certain circumstances, be imposed by the District. With respect to personal property taxes that become delinquent on or after February 1 of a year and that remain delinquent sixty (60) days after the date on which they become delinquent, as an alternative to the penalty described in the foregoing sentence, an additional penalty on personal property of up to the amount specified in the District's contract with its delinquent tax attorney, but not to exceed twenty percent (20%) of the total tax, penalty and interest, may, under certain circumstances, be imposed by the District prior to July 1. The District's contract with its delinquent tax collection attorney currently specifies a twenty percent (20%) additional penalty. The District may waive penalties and interest on delinquent taxes only for the items specified in the Texas Property Tax Code. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency of taxes under certain circumstances. The owner of a residential homestead property who is (i) a person sixtyfive (65) years of age or older, (ii) under a disability for purpose of payment of disability insurance benefits under the Federal Old Age Survivors and Disability Insurance Act, or (iii) qualifies as a disabled veteran under Texas law, is also entitled by law to pay current taxes on a residential homestead in installments or to defer the payment of taxes without penalty during the time of ownership. Additionally, a person who is delinquent on taxes for a residential homestead is entitled to an agreement with the District to pay such taxes in installments over a period of between 12 and 36 months (as determined by the District) when such person has not entered into another installment agreement with respect to delinquent taxes with the District in the preceding 24 months.

Rollback of Operation and Maintenance Tax Rate

Chapter 49 of the Texas Water Code, as amended, classifies certain special purpose districts, including the District, differently based on their current operation and maintenance tax rate or on the percentage of projected build-out that a district has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified herein as "Low Tax Rate Districts." Districts that have financed, completed, and issued bonds to pay for all land, improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate is described for each classification below. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

<u>Low Tax Rate Districts</u>: Low Tax Rate Districts that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Low Tax Rate District is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions.

<u>Developed Districts</u>: Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.035 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions, plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Low Tax Rate District and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Low Tax Rate Districts.

<u>Developing Districts</u>: Districts that do not meet the classification of a Low Tax Rate District or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions.

<u>The District:</u> A determination as to a district's status as a Low Tax Rate District, Developed District or Developing District will be made by the Board of Directors on an annual basis. For tax year 2022, the District has been designated as a "Developing District." The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property against which the tax is levied. In addition, on January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of other such taxing units. See "ESTIMATED OVERLAPPING DEBT STATEMENT." A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien. Further, personal property under certain circumstances is subject to seizure and sale for the payment of delinquent taxes, penalties, and interest.

Except with respect to (i) owners of residential homestead property who are sixty-five (65) years of age or older or under a disability as described above and who have filed an affidavit as required by law and (ii) owners of residential homesteads who have entered into an installment agreement with the District for payment of delinquent taxes as described above and who are not in default under said agreement, at any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, or by taxpayer redemption rights (a taxpayer may redeem property that is a residence homestead or was designated for agricultural use within two (2) years after the deed issued at foreclosure is filed of record and may redeem all other property within six (6) months after the deed issued at foreclosure is filed of record) or by bankruptcy proceedings which restrict the collection of taxpayer debt. The District's ability to foreclose its tax lien or collect penalties and interest may be limited on property owned by a financial institution which is under receivership by the Federal Deposit Insurance Corporation pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1825, as amended. Generally, the District's tax lien and a federal tax lien are on par with the ultimate priority being determined by applicable federal law. See "INVESTMENT CONSIDERATIONS—Tax Collection Limitations"

DEBT SERVICE REQUIREMENTS

⁽a) Excludes the June 1, 2022 interest payment of \$677,388.

Maximum Annual Debt Service Requirement (2040)	\$2,811,134
Average Annual Debt Service Requirements (2023-2047)	\$2,703,730

INVESTMENT CONSIDERATIONS

General

The Bonds are obligations solely of the District and are not obligations of the City of Baytown (the "City"), Chambers County, the State of Texas, or any entity other than the District. Payment of the principal of and interest on the Bonds depends upon the ability of the District to collect taxes levied on taxable property within the District in an amount sufficient to service the District's bonded debt or in the event of foreclosure, on the value of the taxable property in the District and the taxes levied by the District and other taxing authorities upon the property within the District. See "THE BONDS—Source of and Security for Payment." The collection by the District of delinquent taxes owed to it and the enforcement by registered owners ("Registered Owners") of the District's obligation to collect sufficient taxes may be a costly and lengthy process. Furthermore, the District cannot and does not make any representations that taxable values will be sufficient to justify continued payment of taxes by property owners or that there will be a market for the property or that owners of the property will have the ability to pay taxes. See "Registered Owners' Remedies" below.

Infectious Disease Outlook (COVID-19)

In March 2020, the World Health Organization and the President of the United States separately declared the outbreak of a respiratory disease caused by a novel coronavirus ("COVID-19") to be a public health emergency. On March 13, 2020, the Governor of Texas (the "Governor") declared a state of disaster for all counties in the State of Texas (the "State") because of the effects of COVID-19. Subsequently, in response to a rise in COVID-19 infections in the State and pursuant to Chapter 418 of the Texas Government Code, the Governor issued a number of executive orders intended to help limit the spread of COVID-19 and mitigate injury and the loss of life, including limitations imposed on business operations, social gatherings, and other activities.

There are currently no COVID-19 related operating limits imposed by executive order of the Governor for any business or other establishment in the State. The Governor retains the right to impose additional restrictions on activities if needed to mitigate the effects of COVID-19. Additional information regarding executive orders issued by the Governor is accessible on the website of the Governor at https://gov.texas.gov/. Neither the information on, nor accessed through, such website of the Governor is incorporated by reference into this Official Statement.

The District has not experienced any decrease in property values, unusual tax delinquencies, or interruptions to service as a result of COVID-19; however the District cannot predict the long-term economic effect of COVID-19 or a similar virus should there be a reversal of economic activity and re-imposition of restrictions.

Potential Effects of Oil Price Volatility on the Houston Area

The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values within the District. The District cannot predict the impact that negative conditions in the oil and gas industry will have on property values in the District.

Extreme Weather Events

The greater Houston area, including the District, is subject to potential severe weather events, including tropical storms and hurricanes. If the District were to sustain damage to its facilities requiring substantial repair or replacement, or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

The greater Houston area has experienced multiple storms exceeding a 0.2% probability (i.e. "500-year flood" events) since 2015, including Hurricane Harvey, which made landfall along the Texas Gulf Coast on August 26, 2017, and brought historic levels of rainfall during the successive four days. According to the Operator, there was no interruption of water and sewer service as a result of Hurricane Harvey. According to the Engineer, the District's system did not sustain any material damage from Hurricane Harvey. The District did not receive reports that any taxable property within the District experienced structural flooding as a result of Hurricane Harvey.

If a future weather event significantly damaged all or part of the improvements within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

Risk of Catastrophic Loss

In the event of a natural or manmade disaster, such as a hurricane, fire, earthquake, tornado, explosion, terrorist attack, or other event destroyed one of the major facilities located in the District, the appraised value of real and personal property within the District could be drastically reduced. Given the District's proximity to Galveston Bay (and thus the Gulf of Mexico) and to the Port of Houston and Houston Ship Channel, the District is vulnerable to damages caused by hurricanes and terrorist attacks. Further, given that many of the major facilities in the District are distribution facilities, operations in the District could be interrupted if a hurricane, terrorist attack or other event did not directly affect properties in the District but severely damaged transportation facilities in the area such as the Houston Ship Channel, railroad facilities, bridges and roads. See "Extreme Weather Events" above.

Specific Flood Type Risks

Ponding (or Pluvial) Flood. Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flood. Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or drainage systems downstream.

Dependence on Principal Taxpayers

The ten principal taxpayers represent \$209,256,480 or approximately 40.04% of the 2021 Certified Taxable Assessed Valuation of \$522,673,260, which represents ownership as of January 1, 2021. Based upon the 2021 certified tax rolls, FlexSteel Pipeline Technologies, Inc. ("FlexSteel") is responsible for approximately 9.06% of the District's 2021 taxes levied on approximately \$47,370,638 in taxable personal property. FlexSteel is located in the building on land owned by Rubiales Consulting, Inc. Hunting Energy Services is responsible for 4.50% of the District's 2021 taxes on approximately \$23,539,005 of land and improvements.

AmeriPort Building 6 LLC, AmeriPort Building 9 LLC, AmeriPort Building 4 LLC and AmeriPort Building 5 LLC are each among the ten principal taxpayers, and are collectively responsible for approximately \$67,063,450 in assessed value, representing 12.83% of the District's taxes levied. In addition to these 4 entities that are related to the Developer, other properties owned by entities affiliated with the Developer (but not one of the ten principal taxpayers) represent an additional \$85,739,890 in assessed value. Entities related to the Developer total \$152,803,340 in assessed value or 29.23% of the District's 2021 certified taxable assessed value. See "THE DISTRICT—Status of Development," "THE DEVELOPER" and "TAX DATA—Principal Taxpayers."

The ability of any principal taxpayer to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt service obligations. If, for any reason, any one or more principal taxpayers do not pay taxes due or do not pay in a timely manner, the District may need to levy additional taxes or use other funds available for debt service purposes. However, the District has not covenanted in the Bond Resolution, nor is it required by Texas law, to maintain any particular balance in its Bond Fund or any other funds to allow for any such delinquencies. Therefore, failure by one or more principal taxpayers to pay their taxes on a timely basis in amounts in excess of the District's available funds could have a material adverse effect upon the District's ability to pay debt service on the Bonds. See "Tax Collection Limitations and Foreclosure Remedies" in this section, "TAXING PROCEDURES—Levy and Collection of Taxes."

The Developer has informed the Board that its current plan is to develop the remaining undeveloped land. However, neither the Developer nor any future developer is obligated to implement development plans on any particular schedule or at all. Thus, the furnishing of information related to any proposed development should not be interpreted as such a commitment. The District makes no representation about the probability of development continuing in a timely manner or about the ability of the Developer or any other landowner within the District to implement any plan of development. Furthermore, there is no restriction on any landowner's right to sell land. The District can make no prediction as to the effects that current or future economic or governmental circumstances may have on any plans of the Developer or any other landowner. See "THE DEVELOPER"

Dependence on Personal Property Tax Collections

Because substantially all of the District's 2021 tax base is comprised of industrial/manufacturing/commercial facilities, approximately 61.15% (\$319,614,884) of the certified 2021 Taxable Assessed Valuation (\$522,673,260) is personal property. See "TAX DATA—Summary of Assessed Valuation," "TAX PROCEDURES—Property Subject to Taxation by the District," and "THE DISTRICT—Foreign Trade Zone Tax Equivalency and Contribution Agreement."

Unlike real property, there is no certainty that personal property will remain in the District from year to year. Business inventories are portable, and could be removed from the District at any time. Personal property removed from the District as of January 1 of any year is not subject to taxation by the District for that year.

If personal property is subject to a lien for unpaid District taxes for any year, the District lien is lost if the property is sold in the ordinary course of business. A lien in the amount of the personal property taxes owed by a taxpayer attaches not only to personal property owned by the taxpayer as of January 1 with a tax situs in the District, but to any personal property then or thereafter owned by the taxpayer. However, the District may not be able to foreclose on personal property located outside the State of Texas, and locating and foreclosing on property held outside the District may be costly, inefficient and difficult.

The statute of limitations for collection of personal property taxes is four years from the date of delinquency, which is shorter than the 20 year statute of limitations for real property. Personal property may not be seized and a suit may not be filed to collect delinquent personal property taxes if the tax has been delinquent for more than four years. A tax and any penalty and interest on the tax that is delinquent longer than the limitations period is presumed paid unless a suit to collect such personal property tax is pending. As with real property taxes, ad valorem taxes levied on personal property are the personal obligation of the taxpayer. See "TAX PROCEDURES."

Economic Factors and Interest Rates

A substantial percentage of the taxable value of the District currently results from the current market value of industrial/manufacturing/commercial facilities and vacant tracts of land. The market value of such properties is related to general economic conditions in Houston (including the oil and gas industry), the State of Texas and the nation and those conditions can affect the demand for such properties. Demand for industrial/manufacturing/commercial facilities of this type can be significantly affected by factors such as interest rates, credit availability, construction costs and the prosperity and demographic characteristics of the urban center toward which the marketing of such properties is directed. Additionally, the Developer estimates that approximately 70% of the District's 2021 tax base has exposure to the upstream oil and gas industry. Because the Houston area economy (which includes Chambers County) is particularly affected by the oil and gas industry, significant fluctuations in the prices for oil and gas could negatively affect the demand for and the values of real estate in the Houston area.

Credit Markets and Liquidity in the Financial Markets

Interest rates and the availability of development funding have a direct impact on the construction activity, particularly short-term interest rates at which developers are able to obtain financing for development costs. Interest rate levels may affect the ability of a landowner with undeveloped property to undertake and complete construction activities within the District. Because of the numerous and changing factors affecting the availability of funds, particularly liquidity in the national credit markets, the District is unable to assess the future availability of such funds for continued construction within the District. In addition, since the District is located approximately 20 miles east of the central downtown business district of the City of Houston, the success of development within the District and growth of District taxable property values are, to a great extent, a function of the Houston metropolitan and regional economies and national credit and financial markets. A decline in the nation's real estate and financial markets could adversely affect development in the District and restrain the growth or reduce the value of the District's property tax base.

Landowner Obligation to the District

There are no commitments from or obligations of the Developer or other landowner to the District to proceed at any particular rate or according to any specified plan with the development of land or the construction of improvements in the District, and there is no restriction on any landowner's right to sell its land. Failure to construct taxable improvements on developed lots or developed tracts of land would restrict the rate of growth of taxable values in the District. The District cannot and does not make any representations that, over the life of the Bonds, the District will increase or maintain its taxable value.

Maximum Impact on Tax Rate

Assuming no further development, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of owners of property within the District to pay their taxes. The 2021 Certified Taxable Assessed Valuation is \$522,673,260. After issuance of the Bonds, the maximum debt service requirement on the Bonds will be \$2,811,134 (2040), and the average annual debt service requirement will be \$2,703,730 (2023-2047 inclusive). Assuming no increase or decrease from the 2021 Certified Taxable Assessed Valuation, the issuance of no additional debt, and no other funds available for the payment of debt service, a tax rate of \$0.57 per \$100 of appraised valuation at a ninety percent (95%) collection rate would be necessary to pay the maximum debt service requirement and a tax rate of \$0.55 would be necessary to pay the average annual debt service requirement on the Bonds. The District's 2022 Certified Taxable Assessed Valuation is \$650,842,662, which reduces the above calculations to a tax rate of \$0.46 to pay the maximum debt service requirement on the Bonds and a tax rate of \$0.44 to pay the average debt service requirement on the Bonds.

Undeveloped Acreage

There are 640 developable acres of land that have no above-ground improvements constructed. Of the 640 acres, approximately 538 developable acres of land within the District have not been provided with water, sanitary sewer, drainage, road and other facilities necessary for the construction of taxable improvements. The remaining 102 acres have utilities available, but no above-ground improvements. The District makes no representation as to when or if development of the undeveloped acreage will occur. See "THE DISTRICT—Land Use" and "—Status of Development."

Environmental and Air Quality Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues: Air quality control measures required by the United States Environmental Protection Agency (the "EPA") and the Texas Commission on Environmental Quality (the "TCEQ") may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act ("CAA") Amendments of 1990, the eight-county Houston-Galveston-Brazoria area ("HGB Area")—Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties—has been designated a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion ("ppb")) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 (the "1997 Ozone Standards"); the tighter, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the "2008 Ozone Standard"), and the EPA's most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the "2015 Ozone Standard"). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

While the EPA has revoked the 1997 Ozone Standards, the EPA historically has not formally redesignated nonattainment areas for a revoked standard. As a result, the HGB Area remained subject to continuing severe nonattainment area "antibacksliding" requirements, despite the fact that HGB Area air quality has been attaining the 1997 Ozone Standards since 2014. In late 2015, the EPA approved the TCEQ's "redesignation substitute" for the HGB Area under the revoked 1997 Ozone Standards, leaving the HGB Area subject only to the nonattainment area requirements under the 2008 Ozone Standard (and later, the 2015 Ozone Standard).

In February 2018, the U.S. Court of Appeals for the District of Columbia Circuit issued an opinion in South Coast Air Quality Management District v. EPA, 882 F.3d 1138 (D.C. Cir. 2018) vacating the EPA redesignation substitute rule that provided the basis for the EPA's decision to eliminate the anti-backsliding requirements that had applied in the HGB Area under the 1997 Ozone Standard. The court has not responded to the EPA's April 2018 request for rehearing of the case. To address the uncertainty created by the South Coast court's ruling, the TCEQ developed a formal request that the HGB Area be redesignated to attainment under the 1997 Ozone Standards. The TCEQ Commissioners adopted the request and maintenance plan for the 1997 one-hour and eight-hour standards on December 12, 2018. On May 16, 2019, the EPA proposed a determination that the HGB Area has met the redesignation criteria and continues to attain the 1997 one-hour and eight-hour standards, the termination of the anti-backsliding obligations, and approval of the proposed maintenance plan.

The HGB Area is currently designated as a "serious" nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2021. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a "marginal" nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2021. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA's ozone standards, the TCEQ has established a state implementation plan ("SIP") for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA's attainment deadlines. These additional controls could have a negative impact on the HGB Area's economic growth and development.

Water Supply & Discharge Issues: Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act ("SDWA") and the EPA's National Primary Drinking Water Regulations ("NPDWRs"), which are implemented by the TCEQ's Water Supply Division, a municipal utility district's provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency's rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future.

Texas Pollutant Discharge Elimination System ("TPDES") permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2018, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain non-stormwater discharges into surface water in the state. It has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act ("CWA") and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district's ability to obtain and maintain compliance with TPDES permits.

The District is subject to the TCEQ's General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the "MS4 Permit"), which was issued by the TCEQ on January 24, 2019. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. The District has applied for coverage in the form of a waiver under the MS4 Permit and is awaiting final approval from the TCEQ. If the District's waiver is denied, the District could incur substantial costs to develop, implement, and maintain the necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the "waters of the United States." The District must obtain a permit from the United States Army Corps of Engineers ("USACE") if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2015, the EPA and USACE promulgated a rule known as the Clean Water Rule ("CWR") aimed at redefining "waters of the United States" over which the EPA and USACE have jurisdiction under the CWA. The CWR significantly expanded the scope of the federal government's CWA jurisdiction over intrastate water bodies and wetlands. The CWR was challenged in numerous jurisdictions, including the Southern District of Texas, causing significant uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction.

On September 12, 2019, the EPA and USACE finalized a rule repealing the CWR, thus reinstating the regulatory text that existed prior to the adoption of the CWR. This repeal officially became final on December 23, 2019, but the repeal has itself become the subject of litigation in multiple jurisdictions.

On January 23, 2020, the EPA and USACE released the Navigable Waters Protection Rule ("NWPR"), which contains a new definition of "waters of the United States." The stated purpose of the NWPR is to restore and maintain the integrity of the nation's waters by maintaining federal authority over the waters Congress has determined should be regulated by the federal government, while preserving the states' primary authority over land and water resources. The new definition outlines four categories of waters that are considered "waters of the United States," and thus federally regulated under the CWA: (i) territorial seas and traditional navigable waters; (ii) perennial and intermittent tributaries to territorial seas and traditional navigable waters; (iii) certain lakes, ponds, and impoundments of jurisdictional waters; and (iv) wetlands adjacent to jurisdictional waters. The new rule also identifies certain specific categories that are not "waters of the United States," and therefore not federally regulated under the CWA: (a) groundwater; (b) ephemeral features that flow only in direct response to precipitation; (c) diffuse stormwater runoff and directional sheet flow over upland; (d) certain ditches; (e) prior converted cropland; (f) certain artificially irrigated areas; (g) certain artificial lakes and ponds; (h) certain water-filled depressions and certain pits; (i) certain stormwater control features; (j) certain groundwater recharge, water reuse, and wastewater recycling structures; and (k) waste treatment systems. The NWPR became effective June 22, 2020, and is currently the subject of ongoing litigation.

On June 9, 2021, the EPA and USACE announced plans to further revise the definition of "waters of the United States." On August 30, 2021, the United States District Court for the District of Arizona issued an order vacating the NWPR while the EPA and USACE make plans to replace it. On November 18, 2021, the EPA and USACE issued a Notice of Proposed Rulemaking to put back into place the pre-2015 definition of "waters of the United States," and on December 7, 2021, the proposed rule was published in the Federal Register, with the public comment period closing on February 7, 2022. Due to existing and possible future litigation and regulatory action, there remains uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction. Depending on the final outcome of such proceedings, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements.

Flood Protection. The District is located within the Sawpit Gully watershed. According to the most recent maps published by the Federal Emergency Management Agency, approximately 310 acres of land within the District are located within the 100-year floodplain. Developments within the District have been filled to above the 100-year floodplain. Applications for Letters of Map Revision to remove these sites from the official floodplain have been or will be submitted to FEMA.

Tax Collection Limitations

The District's ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other state and local taxing authorities on the property against which taxes are levied, and such lien may be enforced by foreclosure. The District's ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time consuming and expensive collection procedures, (b) a bankruptcy court's stay of tax collection procedure against a taxpayer, or (c) market conditions limiting the proceeds from a foreclosure sale of taxable property. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Attorney's fees and other costs of collecting any such taxpayer's delinquencies could substantially reduce the net proceeds to the District from a tax foreclosure sale. Finally, a bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a taxpayer within the District pursuant to the Federal Bankruptcy Code could stay any attempt by the District to collect delinquent ad valorem taxes against such taxpayer. In addition to the automatic stay against collection of delinquent taxes afforded a taxpayer during the pendency of a bankruptcy, a bankruptcy could affect payment of taxes in two other ways: first, a debtor's confirmation plan may allow a debtor to make installment payments on delinquent taxes for up to six years; and, second, a debtor may challenge, and a bankruptcy court may reduce, the amount of any taxes assessed against the debtor, including taxes that have already been paid. See "TAX PROCEDURES—District's Rights in the Event of Tax Delinquencies.'

Registered Owners Remedies

If the District defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the right to seek of a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners.

Statutory language authorizing local governments to sue and be sued does not waive the local government's sovereign immunity for suits for money damages so that in the absence of other waivers of such immunity by the Texas Legislature, a default by the District in its covenants in the Bond Order may not be reduced to a judgment for money damages. Even if a judgment against the District for money damages could be obtained, it could not be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Bonds. The enforceability of the rights and remedies of the Registered Owners may further be limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions, such as the District.

Bankruptcy Limitation to Registered Owners' Rights

Subject to the requirements of Texas law, the District may voluntarily proceed under Chapter 9 of the Federal Bankruptcy Code, 11 U.S.C. Section 901-946, if the District: (1) is authorized to file for federal bankruptcy protection by Texas law; (2) is insolvent or unable to meet its debts as they mature; (3) desires to effect a plan to adjust such debts; and (4) has either obtained the agreement of or negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiation is impracticable. Under Texas law, the District must also obtain the approval of the Commission prior to filing bankruptcy. Such law requires that the Commission investigate the financial conditions of the District and authorize the District to proceed only if the District has fully exercised its rights and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, the District could file a voluntary bankruptcy petition under Chapter 9, thereby invoking the protection of the automatic stay until the bankruptcy court, after a hearing, dismisses the petition. A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in making the decision of whether to grant the petitioning District relief from its creditors. While such a decision might be appealable, the concomitant delay and loss of remedies to the Registered Owner could potentially and adversely impair the value of the Registered Owner's claim.

If the District decides in the future to proceed voluntarily under the federal Bankruptcy Code, the District could develop and file a plan for the adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect the Registered Owners by reducing or eliminating the interest rate or the principal amount, modifying or abrogating collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of such Registered Owner's claim against the District.

A district may not be forced into bankruptcy involuntarily.

Future Debt

The District reserves in the Bond Order the right to issue the remaining \$348,265,000 principal amount of authorized but unissued unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities, the \$6,850,000 principal amount of authorized but unissued unlimited tax bonds for the purpose of financing and constructing recreational facilities, the \$127,500,000 principal amount of authorized but unissued unlimited tax bonds for the purpose of financing and constructing road facilities, the \$84,750,000 principal amount of authorized but unissued unlimited tax bonds for the purpose of refunding the outstanding unlimited tax bonds of the District and any additional bonds which may be voted hereafter. With the consent of the District, the Developer has financed and has not been reimbursed for the design and construction of water, sanitary sewer and drainage facilities to serve ongoing and future phases of developments within the District, as well as other District facilities, including road facilities. According to the District Engineer, the costs of such facilities are approximately \$11,020,000. It is anticipated that additional bonds will be issued in the future to reimburse the Developer and to serve the undeveloped acreage within the District. The District can make no representation that any additional development will occur within the District. The Engineer has stated that the District's authorized but unissued bonds should be adequate, under present land use projections, to finance such improvements. The District anticipates issuing its Unlimited Tax Road Bonds, Series 2022A in the approximate amount of \$6,000,000 in the fourth quarter of 2022. See "THE BONDS—Issuance of Additional Debt," and "Financing Recreational Facilities."

The issuance of such future obligations may adversely affect the investment security of the Bonds. In addition, future changes in health or environmental regulations could require the construction and financing of additional improvements without any corresponding increases in taxable value in the District. The District does not employ any formula with regard to assessed valuations or tax collections or otherwise to limit the amount of bonds which may be issued. Any bonds issued by the District, however, must be approved by the Attorney General of Texas and the Board and any bonds issued to acquire or construct water, sanitary sewer and drainage facilities or recreational facilities must be approved by the Commission. See "THE SYSTEM—Future Debt."

Continuing Compliance with Certain Covenants

The Bond Order contains covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds. Failure by the District to comply with such covenants in the Bond Order on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "LEGAL MATTERS—Tax Exemption."

Marketability

The District has no agreement with the Initial Purchaser regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional issuers as such bonds are generally bought, sold or traded in the secondary market.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

LEGAL MATTERS

Legal Opinions

The District will furnish to the Initial Purchaser a transcript of certain certified proceedings incident to the issuance and authorization of the Bonds, including a certified copy of the approving legal opinion of the Attorney General of Texas, as recorded in the Bond Register of the Comptroller of Public Accounts of the State of Texas, to the effect that the Attorney General has examined a transcript of proceedings authorizing the issuance of the Bonds, and that based upon such examination, the Bonds are valid and binding obligations of the District payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. The District will also furnish the approving legal opinion of Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and binding obligations of the District under the Constitution and laws of the State of Texas, except to the extent that enforcement of the rights and remedies of the Registered Owners of the Bonds may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District and to the effect that interest on the Bonds is excludable from gross income for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of such opinion, assuming compliance by the District with certain covenants relating to the use and investment of the proceeds of the Bonds. See "Tax Exemption" below. The legal opinion of Bond Counsel will further state that the Bonds are payable, both as to principal and interest, from the levy of ad valorem taxes, without legal limitation as to rate or amount, upon all taxable property within the District. Bond Counsel's opinion will also address the matters described below.

In addition to serving as Bond Counsel, Schwartz, Page & Harding, L.L.P., also serves as counsel to the District on matters not related to the issuance of bonds. The legal fees to be paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based upon a percentage of bonds actually issued, sold and delivered, and, therefore, such fees are contingent upon the sale and delivery of the Bonds. Certain legal matters will be passed upon for the District by McCall, Parkhurst & Horton L.L.P., Houston, Texas, as Disclosure Counsel.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Legal Review

In its capacity as Bond Counsel, Schwartz, Page & Harding, L.L.P., has reviewed the information appearing in this Official Statement under the captioned sections "THE BONDS," "THE DISTRICT—General," and "—Management of the District - Bond Counsel and General Counsel," "TAX PROCEDURES," and "LEGAL MATTERS" solely to determine whether such information fairly summarizes the law and documents referred to therein. Such firm has not independently verified factual information contained in this Official Statement, nor has such firm conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon such firm's limited participation as an assumption of responsibility for, or an expression of opinion of any kind with regard to, the accuracy or completeness of any of the other information contained herein.

Tax Exemption

On the date of initial delivery of the Bonds, Bond Counsel will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof, and (2) the Bonds will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under Section 57(a)(5) of the Internal Revenue Code of 1986, as amended (the "Code"). Except as stated above, Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt of interest on or disposition of the Bonds.

In rendering its opinion, Bond Counsel will rely upon, and assume continuing compliance with, (a) certain information and representations of the District, including information and representations contained in the District's federal tax certificate issued in connection with the Bonds, and (b) covenants of the District contained in the Bond Order relating to certain matters, including arbitrage and the use of the proceeds of the Bonds and the property financed or refinanced therewith. Failure by the District to observe the aforementioned representations or covenants could cause the interest on the Bonds to become taxable retroactively to the date of issuance.

Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel's opinion is not a guarantee of a result. Existing Law, upon which Bond Counsel has based its opinion, is subject to change by Congress, administrative interpretation by the Department of the Treasury and to subsequent judicial interpretation. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of ownership of the Bonds.

Qualified Tax-Exempt Obligations

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds," that are designated by a "qualified small issuer" as "qualified tax-exempt obligations." A "qualified small issuer" is any governmental issuer (together with any "on-behalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term "financial institution" as any "bank" described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by Section 265(b) of the Code, Section 291 of the Code provides that the allowable deduction to a "bank," as defined in Section 585(a)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item."

The District has designated the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action that would assure, or to refrain from such action that would adversely affect, the treatment of the Bonds as "qualified tax-exempt obligations." Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however, the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the aforementioned dollar limitation and the Bonds would not be "qualified tax-exempt obligations."

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on Existing Law which is subject to change or modification retroactively.

Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences. The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, including financial institutions, life insurance and property and casualty insurance companies, owners of interests in a FASIT, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, certain S corporations with accumulated earnings and profits and excess passive investment income, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health-insurance premium assistance credit, and individuals allowed an earned income credit. THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIFIC PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP, AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Tax Accounting Treatment of Original Issue Discount and Premium Bonds

The initial public offering price to be paid for one or more maturities of the Bonds is less than the principal amount thereof or one or more periods for the payment of interest on the Bonds may not be equal to the accrued period or be in excess of one year (the "Original Issue Discount Bonds"). The difference between (i) the "stated redemption price at maturity" of each Original Issue Discount Bond, and (ii) the initial offering price to the public of such Original Issue Discount Bond constitutes original issue discount with respect to such Original Issue Discount Bond in the hands of any owner who has purchased such Original Issue Discount Bond in the initial public offering of the Bonds. The "stated redemption price at maturity" means the sum of all payments to be made on the Bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, such initial owner is entitled to exclude from gross income (as defined in Section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the period that such Original Issue Discount Bond continues to be owned by such owner. See "Tax Exemption" herein for a discussion of certain collateral federal tax consequences.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. ALL OWNERS OF ORIGINAL ISSUE DISCOUNT BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE DETERMINATION FOR FEDERAL, STATE AND LOCAL INCOME TAX PURPOSES OF INTEREST ACCRUED UPON REDEMPTION, SALE OR OTHER DISPOSITION OF SUCH ORIGINAL ISSUE DISCOUNT BONDS AND WITH RESPECT TO THE FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP, REDEMPTION, SALE OR OTHER DISPOSITION OF SUCH ORIGINAL ISSUE DISCOUNT BONDS.

The initial public offering price to be paid for certain maturities of the Bonds is greater than the amount payable on such Bonds at maturity (the "Premium Bonds"). An amount equal to the difference between the initial public offering price of a Premium Bond (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial purchaser of such Premium Bonds. The basis for federal income tax purposes of a Premium Bond in the hands of such initial purchaser must be reduced each year by the amortizable bond premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Premium Bond. The amount of premium which is amortizable each year by an initial purchaser is determined by using such purchaser's yield to maturity. PURCHASERS OF THE PREMIUM BONDS SHOULD CONSULT WITH THEIR OWN TAX ADVISORS WITH RESPECT TO THE DETERMINATION OF AMORTIZABLE BOND PREMIUM WITH RESPECT TO THE PREMIUM BONDS FOR FEDERAL INCOME TAX PURPOSES AND WITH RESPECT TO THE STATE AND LOCAL TAX CONSEQUENCES OF OWNING PREMIUM BONDS.

REGISTRATION AND QUALIFICATION UNDER SECURITIES LAWS

The offer and sale of the Bonds have not been registered or qualified under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder; the Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; and the Bonds have not been registered or qualified under the securities laws of any other jurisdiction.

The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

NO MATERIAL ADVERSE CHANGE

The obligations of the Initial Purchaser to take and pay for the Bonds, and the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the financial condition of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of the sale.

NO-LITIGATION CERTIFICATE

With the delivery of the Bonds, the President or Vice President and Secretary or Assistant Secretary of the Board will, on behalf of the District, execute and deliver to the Initial Purchaser a certificate dated as of the Date of Delivery, to the effect that no litigation of any nature of which the District has notice is pending against or, to the knowledge of the District's certifying officers, threatened against the District, either in state or federal courts, contesting or attacking the Bonds; restraining or enjoining the authorization, execution or delivery of the Bonds; affecting the provision made for the payment of or security for the Bonds; in any manner questioning the authority or proceedings for the authorization, execution or delivery of the Bonds; or affecting the validity of the Bonds, the corporate existence or boundaries of the District or the title of the then present officers and directors of the Board.

MUNICIPAL BOND RATING

Moody's Investors Service ("Moody's") has assigned a rating of "Baa1" to the Bonds. An explanation of the rating may be obtained from Moody's. The rating fees of Moody's will be paid by the District; however, the fees associated with any other rating will be the responsibility of the Initial Purchaser.

There is no assurance that such rating will continue for any given period of time or that it will not be revised or withdrawn entirely by Moody's, if in its judgment, circumstances so warrant. Any such revisions or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

SALE AND DISTRIBUTION OF THE BONDS

After requesting competitive bids for the Bonds, the District accepted the bid resulting in the lowest net interest cost, which bid was rendered by Robert W. Baird & Co., Inc. (the "Initial Purchaser") bearing the interest rates shown on the cover page of this Official Statement, at a price of 97.8785% of the principal amount thereof which resulted in a net effective interest rate of 4.294721% as calculated pursuant to Chapter 1204, Texas Government Code (the "IBA" method).

The delivery of the Bonds is conditional upon the receipt by the District of a certificate executed and delivered by the Initial Purchaser before the date of delivery of the Bonds stating the prices at which a substantial amount of the Bonds of each maturity have been sold to the public. For this purpose, the term "public" shall not include any person who is a bond house, broker, or similar person acting in the capacity of Initial Purchaser or wholesaler. Otherwise, the District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds. Information concerning reoffering yields or prices is the responsibility of the Initial Purchaser.

The prices and other terms with respect to the offering and the sale of the Bonds may be changed from time to time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial prices, including sales to dealers who may sell the Bonds into investment accounts. In connection with the offering of the Bonds, the Initial Purchaser may over-allocate or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The District has no control over trading of the Bonds in the secondary market. Moreover, there is no guarantee that a secondary market will be made in the Bonds. In such a secondary market, the difference between the bid and asked price of municipal utility district bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional municipal entities, which are more generally bought, sold or traded in the secondary market.

PREPARATION OF OFFICIAL STATEMENT

Sources and Compilation of Information

The financial data and other information contained in this Official Statement has been obtained primarily from the District's records, the Engineer, the Developer, the Tax Assessor/Collector, the Appraisal District and information from other sources believed to be reliable. No guarantee is made by the District as to the accuracy or completeness of the information derived from sources other than the District, and the inclusion herein of information from sources other than the District is not to be construed as a representation on the part of the District to such effect, except as described below under "CERTIFICATION OF OFFICIAL STATEMENT." Furthermore, there is no guarantee that any of the assumptions or estimates contained herein will be realized. The summaries of the agreements, reports, statutes, resolutions, engineering and other related information set forth in this Official Statement are included herein subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents for further information.

Financial Advisor

Masterson Advisors LLC is employed as the Financial Advisor to the District to render certain professional services, including advising the District on a plan of financing and preparing the Official Statement, including the Official Notice of Sale and the Official Bid Form for the sale of the Bonds. In its capacity as Financial Advisor, Masterson Advisors LLC has compiled and edited this Official Statement. In addition to compiling and editing, the Financial Advisor has obtained the information set forth herein under the caption indicated from the following sources:

"THE DISTRICT"—Ward, Getz & Associates, PLLC; "THE DEVELOPER"—AmeriPort, LLC," "TAX PROCEDURES"—Utility Tax Service, LLC and Schwartz, Page & Harding, L.L.P.; "THE SYSTEM" and "THE ROADS"—Ward, Getz & Associates, PLLC; "THE BONDS" and "LEGAL MATTERS"—Schwartz, Page & Harding, L.L.P.; "FINANCIAL STATEMENT" and "TAX DATA"—Chambers County Appraisal District, Utility Tax Service, LLC and the Municipal Advisory Council of Texas.

The Financial Advisor has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

Consultants

In approving this Official Statement, the District has relied upon the following consultants in addition to the Financial Advisor.

Engineer: The information contained in this Official Statement relating to engineering and to the description of the System and, in particular that information included in the sections entitled "THE DISTRICT," "THE SYSTEM" (as it relates to District facilities) and "THE ROADS" has been provided by Ward, Getz & Associates, PLLC and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

Appraisal District: The information contained in this Official Statement relating to the Assessed Valuations of the District has been provided by the Chambers County Appraisal District and has been included herein in reliance upon the authority of such entity as experts in assessing the values of property in Chambers County, including the District.

<u>Tax Assessor Collector</u>: The information contained in this Official Statement relating to the historical breakdown of the Certified Taxable Assessed Valuations, principal taxpayers, and certain other historical data concerning tax rates and tax collections has been provided Utility Tax Service, LLC, and is included herein in reliance upon Utility Tax Service, LLC as an expert in collecting taxes.

<u>Bookkeeper</u>: The information related to the unaudited summary of the District's General Operating Fund as it appears in "GENERAL FUND OPERATIONS" has been provided by Municipal Accounts & Consulting L.P., and is included herein in reliance upon the authority of such firm as experts in the tracking and managing the various funds of municipal utility districts.

<u>Auditor</u>: The District's financial statements for the year ended June 30, 2021, were audited by McGrath & Co., PLLC. See "APPENDIX A" for a copy of the District's June 30, 2021 audited financial statements.

UPDATING OF OFFICIAL STATEMENT

For the period beginning on the date of the award of the sale of the Bonds to the Initial Purchaser and ending on the ninety-first (91st) day after the "end of the underwriting period," (as defined in Rule 15c(2)-12(f)(2) of the United States Securities and Exchange Commission (the "SEC")), if any event shall occur of which the District has knowledge and as a result of which it is necessary to amend or supplement this Official Statement in order to make the statements herein, in light of the circumstances when this Official Statement is delivered to a prospective purchaser, not materially misleading, the District will promptly notify the Initial Purchaser of the occurrence of such event and will cooperate in the preparation of a revised Official Statement, or amendments or supplements hereto, so that the statements in this Official Statement, as revised, amended or supplemented, will not, in light of the circumstances when this Official Statement is delivered to a prospective purchaser, be materially misleading. The District assumes no responsibility for supplementing this Official Statement thereafter.

CERTIFICATION OF OFFICIAL STATEMENT

The District, acting through its Board in its official capacity and in reliance upon the experts listed above, hereby certifies, as of the date hereof, that the information, statements, and descriptions or any addenda, supplement and amendment thereto pertaining to the District and its affairs contained herein, to the best of its knowledge and belief, contain no untrue statement of a material fact and do not omit to state any material fact necessary to make the statements herein, in the light of the circumstances under which they are made, not misleading. With respect to information included in this Official Statement other than that relating to the District, the District has no reason to believe that such information contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements herein, in the light of the circumstances under which they are made, not misleading; however, the Board has made no independent investigation as to the accuracy or completeness of the information derived from sources other than the District.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Order, the District has made the following agreement for the benefit of the registered and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board (the "MSRB"). The MSRB has established the Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The District will provide annually to the MSRB certain updated financial information and operating data. The information to be updated with respect to the District includes all quantitative financial information and operating data of the general type included in this OFFICIAL STATEMENT under the headings "THE SYSTEM (number of connections)," "WATER AND SEWER OPERATIONS," "FINANCIAL STATEMENT," "DEBT SERVICE REQUIREMENTS," "TAX DATA" and "APPENDIX A" (District Audited Financial Statements and Supplemental Schedules). The District will update and provide this information within six (6) months after the end of each fiscal year ending in or after 2022. Any financial statements concerning the District so provided shall be prepared in accordance with generally accepted accounting principles or other such principles as the District may be required to employ from time to time pursuant to state law or regulation, and audited if the audit report is completed within the period during which it must be provided. If the audit report of the District is not completed within such period, then the District shall provide unaudited financial statements for the applicable entity and fiscal year to the MSRB within such six month period, and audited financial statements when the audit report becomes available.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12. The updated information will include audited financial statements, if the District commissions an audit and the audit is completed by the required time. If the audit of such financial statements is not complete within such period, then the District will provide unaudited financial statements by the required time, and audited financial statements when and if such audited financial statements become available. Any such financial statements will be prepared in accordance with the accounting principles described in the Bond Order or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is June 30. Accordingly, it must provide updated information by December 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701 TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other events affecting the tax-exempt status of the Bonds; (7) modifications to rights of Beneficial Owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of CFR § 240.15c2-12 (the "Rule"); (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of an definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the obligated person, any of which reflect financial difficulties. The terms "financial obligation" and "material" when used in this paragraph shall have the meanings ascribed to them under federal securities laws.

Neither the Bonds nor the Bond Order makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide financial information, operating data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from the MSRB

The District has agreed to provide the foregoing information only to the MSRB. Investors can access continuing disclosure information filed with the MSRB at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of specified events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although Holders and beneficial owners of the Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or operations of the District, but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering described herein in compliance with SEC Rule 15c2-12, taking into account any amendments and interpretations of SEC Rule 15c2-12 to the date of such amendment, as well as changed circumstances, and either the Holders of a majority in aggregate principal amount of the outstanding Bonds consent or any person unaffiliated with the District (such as a nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Bonds. The District may also amend or repeal the agreement if the SEC amends or repeals the applicable provisions of SEC Rule 15c2-12 or a court of final jurisdiction determines that such provisions are invalid but in either case, only to the extent that its right to do so would not prevent the Initial Purchaser from lawfully purchasing the Bonds in the offering described herein. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reason for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance With Prior Undertakings

During the last five years the District has complied in all material respects with all continuing disclosure agreements made by the District in accordance with SEC Rule 15c2-12.

MISCELLANEOUS

All estimates, statements and assumptions in this Official Statement and the Appendix hereto have been made on the basis of the best information available and are believed to be reliable and accurate. Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact, and no representation is made that any such statements will be realized.

This Official Statement was approved by the Board of Directors of Chambers County Improvement District No. 2, as of the date shown on the cover page.

Independent Auditor's Report

Board of Directors Chambers County Improvement District No. 2 Chambers County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Chambers County Improvement District No. 2, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient to provide a basis for our audit opinions.

Board of Directors Chambers County Improvement District No. 2 Chambers County, Texas

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Chambers County Improvement District No. 2, as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Supplementary Information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Texas Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied to the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Houston, Texas October 13, 2021 Management's Discussion and Analysis

(This page intentionally left blank)

Using this Annual Report

Within this section of the financial report of Chambers County Improvement District No. 2 (the "District"), the District's Board of Directors provides a narrative discussion and analysis of the financial activities of the District for the fiscal year ended June 30, 2021. This analysis should be read in conjunction with the independent auditor's report and the basic financial statements that follow this section.

In addition to this discussion and analysis, this annual report consists of:

- The District's basic financial statements;
- Notes to the basic financial statements, which provide additional information essential to a full understanding of the data provided in the financial statements;
- Supplementary information required by the Governmental Accounting Standards Board (GASB) concerning the District's budget; and
- Other Texas supplementary information required by the District's state oversight agency, the Texas Commission on Environmental Quality (TCEQ).

Overview of the Financial Statements

The District prepares its basic financial statements using a format that combines fund financial statements and government-wide statements onto one financial statement. The combined statements are the Statement of Net Position and Governmental Funds Balance Sheet and the Statement of Activities and Governmental Funds Revenues, Expenditures and Changes in Fund Balances. Each statement contains an adjustments column which quantifies the differences between the government-wide and fund level statements. Additional details of the adjustments are provided in Note 2 to the basic financial statements.

Government-Wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District, both long-term and short-term. The District's government-wide financial statements consist of the *Statement of Net Position* and the *Statement of Activities*, which are prepared using the accrual basis of accounting. The *Statement of Net Position* includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual reported as net position. Over time, changes in net position may provide a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

Accounting standards establish three components of net position. The net investment in capital assets component represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The restricted component of net position consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties. The unrestricted component of net position represents resources not included in the other components.

The Statement of Activities reports how the District's net position has changed during the fiscal year. All

revenues and expenses are included on this statement, regardless of whether cash has been received or paid.

Fund Financial Statements

The fund financial statements include the *Governmental Funds Balance Sheet* and the *Governmental Funds Revenues, Expenditures and Changes in Fund Balances.* The focus of fund financial statements is on specific activities of the District rather than the District as a whole, reported using modified accrual accounting. These statements report on the District's use of available financial resources and the balances of available financial resources at the end of the year. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties, governmental statutes or regulations.

For further discussion on the government-wide and fund financial statements, please refer to Note 1 in the financial statements.

Financial Analysis of the District as a Whole

The District's net position at June 30, 2021, was negative \$3,874,519. A comparative summary of the District's overall financial position, as of June 30, 2021 and 2020, is as follows:

	2021		2020
Current and other assets	\$	13,181,771	\$ 4,771,127
Capital assets		25,784,844	22,222,524
Total assets		38,966,615	26,993,651
Current liabilities		905,861	823,988
Long-term liabilities		41,935,273	28,627,323
Total liabilities	42,841,134		 29,451,311
Net position			
Net investment in capital assets		(7,003,035)	(5,541,630)
Restricted		2,871,957	2,133,167
Unrestricted		256,559	 950,803
Total net position	\$	(3,874,519)	\$ (2,457,660)

The total net position of the District decreased during the current fiscal year by \$1,416,859. A comparative summary of the District's *Statement of Activities* for the past two years is as follows:

	2021	2020	
Revenues			
Property taxes, penalties and interest	\$ 3,778,461	\$ 3,180,538	
Water and sewer services	288,047	319,799	
Other	68,929	219,206	
Total revenues	4,135,437	3,719,543	
Expenses			
Current service operations	1,151,313	1,290,437	
Debt interest and fees	1,099,583	801,423	
Developer interest	297,011	413,307	
Debt issuance costs	1,059,193	377,725	
Depreciation and amortization	756,450	636,496	
Total expenses	4,363,550	3,519,388	
Change in net position before other item	(228,113)	200,155	
Other item			
Transfers to other governments	(1,188,746)		
Change in net position	(1,416,859)	200,155	
Net position, beginning of year	(2,457,660)	(2,657,815)	
Net position, end of year	\$ (3,874,519)	\$ (2,457,660)	

Financial Analysis of the District's Funds

The District's combined fund balances, as of June 30, 2021, were \$12,746,489, which consists of \$2,817,730 in the General Fund, \$2,812,198 in the Debt Service Fund and \$7,116,561 in the Capital Projects Fund.

General Fund

A comparative summary of the General Fund's financial position as of June 30, 2021 and 2020 is as follows:

	2021	 2020
Total assets	\$ 3,091,080	\$ 2,471,430
Total liabilities	\$ 198,688	\$ 209,999
Total deferred inflows	74,662	2,821
Total fund balance	 2,817,730	2,258,610
Total liabilities, deferred inflows and fund balance	\$ 3,091,080	\$ 2,471,430

A comparative summary of the General Fund's activities for the current and prior fiscal year is as follows:

	2021			2020		
Total revenues	\$	1,643,813	\$	2,026,099		
Total expenditures		(1,084,693)		(1,174,824)		
Revenues over expenditures	\$	559,120	\$	851,275		

The District manages its activities with the objectives of ensuring that expenditures will be adequately covered by revenues each year and that an adequate fund balance is maintained. The District's primary financial resources in the General Fund are from a property tax levy, the provision of water and sewer services to customers within the District and tap connection fees charged to builders in the District. Financial resources are influenced by a variety of factors each year:

- Property tax revenues are dependent upon assessed values in the District and the maintenance tax rate set by the District. While assessed values in the District increased from the prior year, property tax revenues decreased because the District decreased the maintenance component of the levy.
- Water and sewer revenues are dependent upon customer usage, which fluctuates from year to year as a result of factors beyond the District's control.
- Tap connection fees fluctuate with building activity within the District.

Debt Service Fund

A comparative summary of the Debt Service Fund's financial position as of June 30, 2021 and 2020 is as follows:

	 2021	 2020
Total assets	\$ 2,969,698	\$ 2,201,657
Total liabilities	\$ 2,682	\$ 2,681
Total deferred inflows	154,818	2,992
Total fund balance	2,812,198	2,195,984
Total liabilities, deferred inflows and fund balance	\$ 2,969,698	\$ 2,201,657

A comparative summary of the Debt Service Fund's activities for the current and prior fiscal year is as follows:

		2021	 2020
Total revenues	\$	2,262,447	\$ 1,684,687
Total expenditures	(1,646,233)	 (1,259,921)
Revenues over expenditures	\$	616,214	\$ 424,766

The District's financial resources in the Debt Service Fund in both the current year and prior year are from property tax revenues. The difference between these financial resources and debt service requirements resulted in an increase in fund balance each year. It is important to note that the District sets its annual debt service tax rate as recommended by its financial advisor, who monitors projected cash flows in the Debt Service Fund to ensure that the District will be able to meet its future debt service requirements.

Capital Projects Fund

A comparative summary of the Capital Projects Fund's financial position as of June 30, 2021 and 2020 is as follows:

	2021	2020	
Total assets	\$ 7,120,993	\$ 98,040	
Total liabilities	\$ 4,432	\$ 499	
Total fund balance	7,116,561	97,541	
Total liabilities and fund balance	\$ 7,120,993	\$ 98,040	

A comparative summary of activities in the Capital Projects Fund for the current and prior fiscal year is as follows:

		2021	2020	
Total revenues	\$	5,511	\$ 3,068	
Total expenditures	(8,036,491)		 (4,820,180)	
Revenues under expenditures		(8,030,980)	(4,817,112)	
Other changes in fund balance	1	5,050,000	 4,359,317	
Net change in fund balance	\$	7,019,020	\$ (457,795)	

The District has had considerable capital asset activity in the last two years, which was financed with proceeds from the issuance of its Series 2020 Unlimited Tax Bonds and Series 2020A Unlimited Tax Road Bonds in the current year and the sale of its Series 2019 Unlimited Tax Bonds in the prior year.

General Fund Budgetary Highlights

The Board of Directors adopts an annual unappropriated budget for the General Fund prior to the beginning of each fiscal year. The Board did not amend the budget during the fiscal year.

Since the District's budget is primarily a planning tool, actual results varied from the budgeted amounts. Actual net change in fund balance was \$138,120 greater than budgeted. The *Budgetary Comparison Schedule* on page 34 of this report provides variance information per financial statement line item.

Capital Assets

The District has entered into a financing agreement with its developer for the financing of the construction of capital assets within the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds. These developer funded capital assets are recorded on the District's financial statements upon completion of construction.

Capital assets held by the District at June 30, 2021 and 2020 are summarized as follows:

	2021	2020
Capital assets not being depreciated		
Land and improvements	\$ 5,162,527	\$ 4,699,278
Construction in progress	634,976	43,251
	5,797,503	4,742,529
Capital assets being depreciated/amortized		
Water, sewer, and drainage facilities	15,649,676	14,093,245
Road facilities	7,475,926	6,131,441
Impact fees	392,609	392,609
Other facilities	362,880	
	23,881,091	20,617,295
Less accumulated depreciation/amortization		
Water, sewer, and drainage facilities	(1,470,343)	(1,122,574)
Road facilities	(2,344,291)	(1,970,494)
Impact fees	(60,972)	(44,232)
Other facilities	(18,144)	
	(3,893,750)	(3,137,300)
Depreciable capital assets, net	19,987,341	17,479,995
Capital assets, net	\$ 25,784,844	\$ 22,222,524

Capital asset additions during the current year include the following:

- AmeriPort Business Park detention pond Phase 1
- AmeriPort Business Park roadway Phase 1
- AmeriPort Industrial Park street lighting for AmeriPort Development

The District's construction in progress is for engineering fees related to the AmeriPort road crossing and 48-inch storm sewer line crossing project and the AmeriPort road south of CWA channel project.

Additionally, certain capital assets constructed by the District are conveyed to the City of Baytown. The value of these assets is recorded as transfers to other governments upon completion of construction and trued-up when the developer is reimbursed. For the year ended June 30, 2021, capital assets in the amount of \$1,188,746 have been recorded as transfers to other governments in the government-wide statements. Additional information is presented in Note 10.

Long-Term Debt and Related Liabilities

As of June 30, 2021, the District owes approximately \$4,850,273 to its developer for completed projects. The initial cost of the completed project and related liability is estimated based on actual construction costs plus 10-15% for engineering and other fees and is recorded on the District's financial statements upon completion of construction. As discussed in Note 6, the District has an additional commitment in the amount of \$7,060,589 for projects under construction by the developer. As noted, the District will owe its developer for these projects upon completion of construction. The District intends to reimburse the developer from proceeds of future bond issues or other lawfully available funds. The estimated cost of amounts owed to the developer is trued up when the developer is reimbursed.

At June 30, 2021 and 2020, the District had total bonded debt outstanding as shown below:

Series	2021	 2020
2016	\$ 5,935,000	\$ 6,085,000
2017 Road	7,200,000	7,500,000
2018	5,005,000	5,100,000
2019	4,500,000	4,500,000
2020	6,050,000	
2020A Road	9,000,000	
	\$ 37,690,000	\$ 23,185,000

During the current year, the District issued \$6,050,000 in unlimited tax bonds and \$9,000,000 in unlimited tax road bonds. At June 30, 2021, District had \$31,065,000 unlimited tax bonds authorized, but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems within the District; \$6,850,000 for parks and recreational facilities; \$7,900,000 for road improvements; and \$84,750,000 for refunding purposes.

Next Year's Budget

In establishing the budget for the next fiscal year, the Board considered various economic factors that may affect the District, most notably projected revenues from property taxes and water/sewer services and the projected cost of operating the District and providing services to customers. A comparison of next year's budget to current year actual amounts for the General Fund is as follows:

	2021 Actual	2022 Budget
Total revenues	\$ 1,643,813	\$ 1,374,275
Total expenditures	(1,084,693)	(1,299,125)
Revenues over expenditures	559,120	75,150
Beginning fund balance	2,258,610	2,817,730
Ending fund balance	\$ 2,817,730	\$ 2,892,880

Property Taxes

The District's property tax base decreased approximately \$69,048,000 for the 2021 tax year from \$543,821,804 to \$474,773,537. This decrease was primarily due to a reduction of personal property in the District. For the 2021 tax year, The District has levied a maintenance tax rate of \$0.20 per \$100, a road debt service rate of \$0.2058 per \$100 and a water, sewer and drainage debt service rate of \$0.2842 per \$100, for a combined total of \$0.69 per \$100 of assessed value. Tax rates for the 2020 tax year were \$0.25 per \$100, a road debt service rate of \$0.2365 per \$100 and a water, sewer and drainage debt service rate of \$0.1935 per \$100, for a combined total of \$0.68 per \$100 of assessed value.

Basic Financial Statements

Chambers County Improvement District No. 2 Statement of Net Position and Governmental Funds Balance Sheet June 30, 2021

	General Fund	Debt Service Fund	Capital Projects Fund	Total	Adjustments	Statement of Net Position

Note 1 – Summary of Significant Accounting Policies

The accounting policies of Chambers County Improvement District No. 2 (the "District") conform with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). The following is a summary of the most significant policies:

Creation

The District was organized, created and established pursuant to Senate Bill 2511 of the 81st Regular Session of the Texas Legislature, later amended by Senate Bill 1260 of the 85th Regular Session, codified as Chapter 3872, Special District Local Laws Code (the "Act"), dated June 19, 2009, in accordance with Article III, Sections 52 and 52-a, and Article XVI, Section 59 of the Texas Constitution and the Act, and operates in accordance with the Act, Chapters 49 and 54 of the Texas Water Code and Chapter 375 of the Texas Local Government Code. The Board of Directors held its first meeting on August 31, 2011 and the first bonds were issued on October 18, 2016.

The District's primary activities include construction, maintenance and operation of (1) water, sewer and drainage facilities, (2) road and road improvements, (3) parks and recreational facilities, (4) parking facilities, and (5) firefighting facilities. The District has contracted with various consultants to provide services to operate and administer the affairs of the District. The District has no employees, related payroll or pension costs.

Reporting Entity

The District is a political subdivision of the State of Texas governed by an elected five-member board. The GASB has established the criteria for determining the reporting entity for financial statement reporting purposes. To qualify as a primary government, a government must have a separately elected governing body, be legally separate, and be fiscally independent of other state and local governments, while a component unit is a legally separate government for which the elected officials of a primary government are financially accountable. Fiscal independence implies that the government has the authority to adopt a budget, levy taxes, set rates, and/or issue bonds without approval from other governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statements as component units.

Government-Wide and Fund Financial Statements

Government-wide financial statements display information about the District as a whole. These statements focus on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Interfund activity, if any, has been removed from these statements. These aggregated statements consist of the *Statement of Net Position* and the *Statement of Activities*.

Note 1 - Summary of Significant Accounting Policies (continued)

Government-Wide and Fund Financial Statements (continued)

Fund financial statements display information at the individual fund level. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for a specific purpose. Each fund is considered to be a separate accounting entity. Most governments typically have many funds; however, governmental financial statements focus on the most important or "major" funds with non-major funds aggregated in a single column. The District has three governmental funds, which are all considered major funds.

The following is a description of the various funds used by the District:

- The General Fund is used to account for the operations of the District's water and sewer system and all other financial transactions not reported in other funds. The principal sources of revenue are property taxes and water and sewer service fees. Expenditures include costs associated with the daily operations of the District.
- <u>The Debt Service Fund</u> is used to account for the payment of interest and principal on the District's general long-term debt. The primary source of revenue for debt service is property taxes. Expenditures include costs incurred in assessing and collecting these taxes.
- <u>The Capital Projects Fund</u> is used to account for the expenditures of bond proceeds for the construction of the District's water, sewer and drainage facilities and road improvements.

As a special-purpose government engaged in a single governmental program, the District has opted to combine its government-wide and fund financial statements in a columnar format showing an adjustments column for reconciling items between the two.

Measurement Focus and Basis of Accounting

The government-wide financial statements use the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized in the accounting period in which it becomes both available and measurable to finance expenditures of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, interest earned on investments and income from District operations. Property taxes receivable at the end of the fiscal year are treated as deferred inflows because they are not considered available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Note 1 – Summary of Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting (continued)

Note 2 further details the adjustments from the governmental fund presentation to the government-wide presentation.

Use of Restricted Resources

When both restricted and unrestricted resources are available for use, the District uses restricted resources first, then unrestricted resources as they are needed.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Receivables from and payables to external parties are reported separately and are not offset, unless a legal right of offset exists. At June 30, 2021, an allowance of \$3,125 was for provided for possible uncollectible property taxes.

Unbilled Service Revenues

Utility revenue is recorded when earned. Customers are billed monthly. The estimated value of services provided but unbilled at year-end has been included in the accompanying financial statements.

Interfund Activity

During the course of operations, transactions occur between individual funds. This can include internal transfers, payables and receivables. This activity is combined as internal balances and is eliminated in both the government-wide and fund financial statement presentation.

Capital Assets

Capital assets do not provide financial resources at the fund level, and, therefore, are reported only in the government-wide statements. The District defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire the asset on the acquisition date. The District has not capitalized interest incurred during the construction of its capital assets. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Note 1 - Summary of Significant Accounting Policies (continued)

Capital Assets (continued)

Depreciable capital assets, which primarily consist of water, wastewater, drainage and road facilities are depreciated or amortized using the straight-line method as follows:

Assets	Useful Life
Water, sewer and drainage facilities	45 years
Road facilities	20 years
Impact fees	25 years
Other facilities	20 years

The District's detention facilities and drainage channels are considered improvements to land and are non-depreciable.

Deferred Inflows and Outflows of Financial Resources

A deferred inflow of financial resources is the acquisition of resources in one period that is applicable to a future period, while a deferred outflow of financial resources is the consumption of financial resources in one period that is applicable to a future period. A deferred inflow results from the acquisition of an asset without a corresponding revenue or assumption of a liability. A deferred outflow results from the use of an asset without a corresponding expenditure or reduction of a liability.

At the fund level, property taxes receivable not collected within 60 days of fiscal year end do not meet the availability criteria required for revenue recognition and are recorded as deferred inflows of financial resources.

Net Position - Governmental Activities

Governmental accounting standards establish the following three components of net position:

Net investment in capital assets – represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets.

Restricted – consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties.

Unrestricted – resources not included in the other components.

Note 1 – Summary of Significant Accounting Policies (continued)

Fund Balances - Governmental Funds

Governmental accounting standards establish the following fund balance classifications:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. The District's restricted fund balances consist of unspent bond proceeds in the Capital Projects Fund and property taxes levied for debt service in the Debt Service Fund.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District does not have any committed fund balances.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned - all other spendable amounts in the General Fund.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include, among others, the collectability of receivables; the value of unbilled utility revenues and receivables; the useful lives and impairment of capital assets; the value of amounts due to developer and the value of capital assets for which the developer has not been fully reimbursed. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

Note 2 – Adjustment from Governmental to Government-wide Basis

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position

Total fund balances, governmental funds		\$ 12,746,489
Capital assets used in governmental activities are not financial		
resources and, therefore, are not reported as assets in governmental		
funds.		
Historical cost	\$ 29,678,594	
Less accumulated depreciation/amortization	(3,893,750)	
Change due to capital assets		25,784,844
Long-term liabilities are not due and payable in the current period		
and, therefore, are not reported as liabilities in the governmental		
funds. The difference consists of:		
Bonds payable, net	(37,690,000)	
Interest payable on bonds	(95,059)	
Change due to long-term debt		(37,785,059)
Amounts due to the District's developer for prefunded construction		
are recorded as a liability in the Statement of Net Position.		(4,850,273)
Property taxes receivable and related penalties and interest have been		
levied and are due, but are not available soon enough to pay current		
period expenditures and, therefore, are deferred in the funds.		229,480
Total net position - governmental activities		\$ (3,874,519)

Note 2 – Adjustment from Governmental to Government-wide Basis (continued)

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

Net change in fund balances - total governmental funds		\$	8,194,354
Governmental funds do not report revenues that are not available to pay current obligations. In contrast, such revenues are reported in the <i>Statement of Activities</i> when earned. The difference consists of property taxes related penalties and interest.			223,666
Governmental funds report capital outlays for developer reimbursements and construction costs as expenditures in the funds; however, in the <i>Statement of Activities</i> , the cost of capital assets is charged to expense over the estimated useful life of the asset. Capital outlays Transfers to other governments Depreciation/amortization expense	\$ 6,644,566 (1,188,746) (756,450)		4,699,370
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal uses current financial resources. However, neither transaction has any effect on net assets. Other elements of debt financing are reported differently between the fund and government wide statements. Issuance of long-term debt Principal payments Interest expense accrual	(15,050,000) 545,000 (29,249)	((14,534,249)
Change in net position of governmental activities		\$	(1,416,859)

Note 3 – Deposits and Investments

Deposit Custodial Credit Risk

Custodial credit risk as it applies to deposits (i.e. cash and certificates of deposit) is the risk that, in the event of the failure of the depository institution, a government will not be able to recover its deposits or will not be able to recover collateral securities. The *Public Funds Collateral Act* (Chapter 2257, Texas Government Code) requires that all of the District's deposits with financial institutions be covered by federal depository insurance and, if necessary, pledged collateral held by a third-party custodian. The act further specifies the types of securities that can be used as collateral. The District's written investment policy establishes additional requirements for collateralization of deposits.

Note 3 – Deposits and Investments (continued)

Investments

The District is authorized by the *Public Funds Investment Act* (Chapter 2256, Texas Government Code) to invest in the following: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including Federal Home Loan Banks, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies or instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states and political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) certain insured or collateralized certificates of deposit and share certificates, (8) certain fully collateralized repurchase agreements, (9) bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds, with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The District has adopted a written investment policy to establish the principles by which the District's investment program should be managed. This policy further restricts the types of investments in which the District may invest.

As of June 30, 2021, the District's investments consist of the following:

		Carrying	Percentage		Weighted Average
Туре	Fund	 Value	of Total	Rating	Maturity
Certificates of deposit	General	\$ 1,650,000			
	Debt Service	2,630,000			
		 4,280,000	33%	N/A	N/A
Texas CLASS	General	1,295,240			
	Debt Service	125,831			
	Capital Projects	 7,120,893			
		 8,541,964	67%	AAAm	52 days
Total		\$ 12,821,964	100%		

The District's investments in certificates of deposit are reported at cost.

Note 3 – Deposits and Investments (continued)

Texas CLASS

The District also participates in Texas Cooperative Liquid Assets Securities System (Texas CLASS). Texas CLASS is managed by an elected Board of Trustees consisting of members of the pool. Additionally, the Board of Trustees has established an advisory board, the function of which is to provide guidance on investment policies and strategies. The Board of Trustees has selected Public Trust Advisors, LLC as the program administer and Wells Fargo Bank as the custodian.

The District's investment in Texas CLASS is reported at fair value because Texas CLASS uses fair value to report investments (other than repurchase agreements which are valued at amortized cost). Governmental accounting standards establish the following hierarchy of inputs used to measure fair value: Level 1 inputs are based on quoted prices in active markets, Level 2 inputs are based on significant other observable inputs, and Level 3 inputs are based on significant unobservable inputs. The District's investment in Texas CLASS is measured using published fair value per share (level 1 inputs).

Investments in Texas CLASS may be withdrawn via wire transfer on a same day basis, as long as the transaction is executed by 4 p.m. ACH withdrawals made by 4 p.m. will settle on the next business day.

Investment Credit and Interest Rate Risk

Investment credit risk is the risk that the investor may not recover the value of an investment from the issuer, while interest rate risk is the risk that the value of an investment will be adversely affected by changes in interest rates. The District's investment policies do not address investment credit and interest rate risk beyond the rating and maturity restrictions established by state statutes.

Note 4 – Interfund Balances and Transactions

Amounts due to/from other funds at June 30, 2021, consist of the following:

Receivable Fund	Payable Fund	Amounts		Purpose
General Fund	Debt Service Fund	\$	10,112	Maintenance tax collections not
				remitted as of year end

Amounts reported as internal balances between funds are considered temporary balances and will be paid during the following fiscal year.

Note 5 – Capital Assets

A summary of changes in capital assets, for the year ended June 30, 2021, is as follows:

	Beginning Additions/ Balances Adjustments		•	Ending Balances		
Capital assets not being depreciated						
Land and improvements	\$	4,699,278	\$	463,249	\$	5,162,527
Construction in progress		43,251		591,725		634,976
		4,742,529		1,054,974		5,797,503
Capital assets being depreciated/amortized						
Water, sewer, and drainage facilities		14,093,245		1,556,431		15,649,676
Road facilities		6,131,441		1,344,485		7,475,926
Impact fees		392,609				392,609
Other facilities				362,880		362,880
		20,617,295		3,263,796		23,881,091
Less accumulated depreciation/amortization						_
Water, sewer, and drainage facilities		(1,122,574)		(347,769)		(1,470,343)
Road facilities		(1,970,494)		(373,797)		(2,344,291)
Impact fees		(44,232)		(16,740)		(60,972)
Other facilities				(18,144)		(18,144)
		(3,137,300)		(756,450)		(3,893,750)
Subtotal depreciable capital assets, net		17,479,995		2,507,346		19,987,341
Capital assets, net	\$	22,222,524	\$	3,562,320	\$	25,784,844

Depreciation/amortization expense for the current year was \$756,450.

Note 6 – Due to Developer

The District has entered into a financing agreement with its developer for the financing of the construction of water, sewer, drainage, and park and recreational facilities and road improvements. Under the agreements, the developer will advance funds for the construction of facilities to serve the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds, subject to approval by TCEQ, as applicable. The District does not record the capital asset and related liability on the government-wide statements until construction of the facilities is complete. The initial cost is estimated based on construction costs plus 10-15% for engineering and other fees. Estimates are trued up when the developer is reimbursed.

Note 6 – Due to Developer (continued)

Changes in the estimated amounts due to developer during the year are as follows:

Due to developer, beginning of year	\$ 5,987,323
Developer funded construction and adjustments	5,507,516
Developer reimbursements and adjustments	(6,644,566)
Due to developer, end of year	\$ 4,850,273

In addition, the District will owe the developer approximately \$7,060,589, which is included in the following schedule of contractual commitments. The exact amount is not known until approved by the TCEQ and verified by the District's auditor. As previously noted, these projects will be reported in the government-wide financial statements upon completion of construction.

	Contract Amoun		Amounts	Remaining		
	Amount		Paid		Commitment	
AmeriPort Road crossing and 48-inch storm	\$	3,584,985	\$	3,503,261	\$	81,724
sewer line crossing						
AmeriPort detention ponds 8, 9, 10, 11 & 12		3,475,604		2,816,153		659,451

	\$ 37,690,000					

Payments of principal and interest on all series of bonds are to be provided from taxes levied on all properties within the District. Investment income realized by the Debt Service Fund from investment of idle funds will be used to pay outstanding bond principal and interest. The District is in compliance with the terms of its bond resolutions.

At June 30, 2021, the District had authorized but unissued bonds in the amount of \$31,065,000 for water, sewer and drainage facilities; \$6,850,000 for park and recreational facilities; \$7,900,000 for road improvements; and \$84,750,000 for refunding purposes.

On August 18, 2020, the District issued its \$6,050,000 Series 2020 Unlimited Tax Bonds at a net effective interest rate of 2.742151%. Proceeds of the bonds were used to reimburse the developer for the cost of capital assets constructed within the District plus interest expense at the net effective interest rate of the bonds.

On October 20, 2020, the District issued its \$9,000,000 Series 2020A Unlimited Tax Road Bonds at a net effective interest rate of 2.669063%. Proceeds of the bonds were used to reimburse the developer for the cost of capital assets constructed within the District plus interest expense at the net effective interest rate of the bonds.

Note 7 – Long-Term Debt (continued)

The change in the District's long-term debt during the year is as follows:

Bonds payable, beginning of year	\$ 23,185,000
Bonds issued	15,050,000
Bonds retired	 (545,000)
Bonds payable, end of year	\$ 37,690,000

As of June 30, 2021, annual debt service requirements on bonds outstanding are as follows:

Year	Principal	Interest	Totals
2022	\$ 605,000	\$ 1,172,848	\$ 1,777,848
2023	1,055,000	1,151,713	2,206,713
2024	1,085,000	1,123,023	2,208,023
2025	1,120,000	1,092,678	2,212,678

	\$ 37,690,000	\$ 17,385,505	\$ 55,075,505

Note 8 – Property Taxes

On November 8, 2011, the voters of the District authorized the District's Board of Directors to levy taxes annually for use in financing general operations limited to \$1.50 per \$100 of assessed value and \$0.10 per \$100 of assessed value for the maintenance of park and recreational facilities. The District's bond resolutions require that property taxes be levied for use in paying interest and principal on long-term debt and for use in paying the cost of assessing and collecting taxes. Taxes levied to finance debt service requirements on long-term debt are without limitation as to rate or amount.

All property values and exempt status, if any, are determined by the Chambers County Appraisal District. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

Property taxes are collected based on rates adopted in the year of the levy. The District's 2021 fiscal year was financed through the 2020 tax levy, pursuant to which the District levied property taxes of \$0.68 per \$100 of assessed value, of which \$0.25 was allocated to maintenance and operations, \$0.2365 was allocated to road debt service, and \$0.1935 was allocated to water, sewer and drainage debt service. The resulting tax levy was \$3,697,988 on the adjusted taxable value of \$543,821,804.

Net property taxes receivable, at June 30, 2021, consisted of the following:

Current year taxes receivable	\$ 206,205
Less allowance for uncollectible accounts	 (3,125)
	 203,080
Penalty and interest receivable	 26,400
Net property taxes receivable	\$ 229,480

Note 9 – Contracts with the City of Baytown

Development Agreement

On October 23, 2014, the District and the City entered into a Development Agreement for the development of water and wastewater facilities to be constructed by the District, or developer on its behalf, along the right-of-way of FM 565 to serve land within the District. This agreement was amended on March 29, 2019 to provide for extension of FM 565 facilities to serve additional tracts proposed to be annexed into the District. Under the terms of the Agreements, the District assumed responsibility for the construction and installation of both a twelve inch diameter and a sixteen-inch diameter water line to connect to the Baytown Area Water Authority water supply system. The District was also responsible for the costs to upsize the sanitary sewer force main from a twelve-inch to a sixteen-inch line from Thompkins Drive to the City's Raccoon Road Lift Station.

Note 9 – Contracts with the City of Baytown (continued)

Development Agreement (continued)

The City will operate and maintain the project from FM 565 up to the District's master meter located on the side of the District's boundary. The District shall own, operate and maintain any water line extended from the master meter to property within its boundaries. As a part of the conveyance of the water line, the District conveyed a maintenance/access road with restricted access for maintenance of the water line from FM 565 to the master meter.

Fire Protection Agreement

On February 9, 2015, the District entered into a Fire Protection Agreement, as amended on March 29, 2019, to extend service to tracts proposed to be annexed into the District. The City has agreed to provide fire protection services to the District in return for quarterly payments for the costs of providing such services. The quarterly payment is determined by the then assessed value within the District and is payable on the first day of April, July, October, and January of the contract year. Additionally, the District will pay for any materials used and to repair or replace any equipment damaged or destroyed in connection with providing service within the District. The District will impose a contract tax to fund its costs under the Agreement. The District will not fund any of the fire plan with bond funds. During the current year, the District paid \$197,636 to the City for emergency fire protection services.

Water Supply and Waste Disposal Agreement

On July 24, 2015, the District entered into a Water Supply and Waste Disposal Agreement with the City, as amended on March 29, 2019, and June 15, 2021, to extend water and sewer service to land proposed to be annexed into the District and to adjust capacity commitments to the District, respectively. The City agreed to sell and deliver water to the District for resale to the District's service area. The City also agreed to accept and treat waste from the District. The District will pay a monthly service charge equal to the City's minimum charge and additional charges, if any, applied to the actual quantity of water delivered to the District during the month. The charge will be calculated on the basis of the number and type of users connected to the District's system as well as the metered water use as measured by the master meter, consistent with the provisions for such calculation found in the City's Water Service Rate Ordinance. The wastewater service charge will be calculated on the basis of the metered water use or otherwise for each connected user, consistent with the provisions for such calculation found in the City's Sewer Service Rate Ordinance. The amendment executed in March 2019 provides that the wastewater charge excludes irrigation meter usage. During the year, the District paid \$206,679 in purchased water and \$103,749 in purchased sewer services to the City.

The District pays the City impact fees, which are charged against new development within the District service area in order to generate revenue for funding the cost of capital improvements or facility expansions.

Note 10 – Transfers to Other Governments

In accordance with an agreement between the District and the City of Baytown (the "City"), the District transfers water line maintenance/ access road facilities related to FM 565 to the City (see Note 9). Accordingly, the District does not record these capital assets in the *Statement of Net Position*, but instead reports the completed projects as transfers to other governments on the *Statement of Activities*. The estimated cost of each project is trued-up when the developer is subsequently reimbursed. For the year ended June 30, 2021, the District reported transfers to other governments in the amount of \$1,188,746 for projects completed and transferred to the City.

Note 11 – Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and personal injuries. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage from the prior year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Note 12 – Concentration of Risk

Approximately 42% of the taxable levy within the District is paid by the top 10 taxpayers. Since property taxes are the primary source of revenue for both the General Fund and the Debt Service Fund, the continued ability of these taxpayers to continue to pay their property taxes is an important factor in the District's ability to meet its future obligations.

Note 13 – Subsequent Events

Annexation of Land

On July 14, 2021, the District approved an Order Adding Land and Redefining the Boundaries of the District with AmeriPort, LLC, NPH Market Street, LLC and APBP Building 1, LLC to annex four tracts of land containing approximately 485 acres into the District's boundaries.

Issuance of Bonds

On October 13, 2021, the District approved the sale of its \$4,000,000 Unlimited Tax Bonds, Series 2021 at a net effective interest rate of 2.767329%. Proceeds of the bonds will primarily be used to reimburse the developer for amounts currently reported in "Due to developer."

Also on October 13, 2021, the District approved a preliminary official statement and official notice of sale for its \$3,300,000 Unlimited Tax Road Bonds, Series 2021A. The sale of the bonds is scheduled for November 10, 2021. Proceeds of the bonds will primarily be used to reimburse the developer for amounts currently reported in "Due to developer."
