PRELIMINARY OFFICIAL STATEMENT DATED NOVEMBER 29, 2022

NEW ISSUE – Book-Entry Only

Rating: Moody's: "Aa2"
***See* "RATING" herein**

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey ("Bond Counsel"), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance with certain covenants described herein, interest on the Bonds (as herein defined) (i) is not includable in gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) is not treated as a preference item under Section 57 of the Code for purposes of computing the Federal alternative minimum tax. Bond Counsel is further of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and any gain on the sale thereof are not includable in gross income under the New Jersey Gross Income Tax Act, as amended. See "TAX EXEMPTION" herein.

$300,000,000
SCHOOL BONDS, SERIES 2022
THE BOARD OF EDUCATION OF THE TOWNSHIP OF CHERRY HILL IN THE COUNTY OF CAMDEN, NEW JERSEY
(New Jersey School Bond Reserve Act, 1980 N.J. Laws c. 72, as amended)

CALLABLE

Dated: Date of Delivery **Due: August 1, as shown on inside cover**

The $300,000,000 aggregate principal amount of School Bonds, Series 2022 (the "Bonds") of The Board of Education of the Township of Cherry Hill in the County of Camden, New Jersey (the "Board" when referring to the governing body and the "School District" when referring to the territorial boundaries governed by the Board) are valid and legally binding general obligations of the Board, and unless paid from other sources, are payable from *ad valorem* taxes levied upon all the taxable real property within the School District for the payment of the Bonds and the interest thereon without limitation as to rate or amount. Payment of the principal of and interest on the Bonds is also secured under the provisions of the New Jersey School Bond Reserve Act, 1980 N.J. Laws c. 72, as amended.

The Bonds will be issued as fully registered bonds in book-entry only form (without certificates) in the form of one certificate for the aggregate principal amount of the Bonds maturing in each year and when issued will be registered in the name of and held by Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). Individual purchases may be made in the principal amount of $1,000 each or any integral multiple thereof with a minimum purchase of $5,000 required, through book-entries made on the books and records of DTC and its participants. *See* "BOOK-ENTRY ONLY SYSTEM" herein.

The Bonds shall bear interest from their date of delivery, which interest shall be payable semi-annually on the first day of February and August in each year, commencing August 1, 2023, until maturity or prior redemption. Interest on the Bonds will be credited to the participants of DTC as listed on the records of DTC as of each immediately preceding January 15 and July 15 (the "Record Dates" for the payment of interest on the Bonds).

The Bonds are subject to redemption prior to their stated maturities as set forth herein. *See* "DESCRIPTION OF THE BONDS – Redemption" herein.

The Bonds are offered when, as and if issued and delivered to the Underwriter, subject to prior sale, to withdrawal or modification of the offer without notice and to approval of legality by the law firm of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the Board, and certain other conditions described herein. Certain legal matters will be passed upon for the Board by Schenck, Price, Smith & King, LLP, Florham Park, New Jersey, General Counsel to the Board. Phoenix Advisors, LLC, Bordentown, New Jersey, served as Municipal Advisor in connection with the Bonds. Delivery of the Bonds in definitive form to DTC in Jersey City, New Jersey, is anticipated to occur on or about December 22, 2022.

ELECTRONIC SUBMISSIONS FOR THE BONDS, IN ACCORDANCE WITH THE FULL NOTICE OF SALE, MUST BE MADE VIA PARITY PRIOR TO 11:00 A.M. EASTERN STANDARD TIME ON DECEMBER 8, 2022. FOR MORE DETAILS ON HOW TO BID ELECTRONICALLY, VIEW THE FULL NOTICE OF SALE POSTED AT WWW.MUNIHUB.COM.

THE BOARD OF EDUCATION OF THE TOWNSHIP OF CHERRY HILL IN THE COUNTY OF CAMDEN, NEW JERSEY

$300,000,000 SCHOOL BONDS, SERIES 2022 (NEW JERSEY SCHOOL BOND RESERVE ACT, 1980 N.J. Laws c. 72, as amended)

CALLABLE

INTRODUCTION

This Official Statement, which includes the cover page and the appendices attached hereto, has been prepared by The Board of Education of the Township of Cherry Hill in the County of Camden, New Jersey (the "Board" when referring to the governing body and the "School District" when referring to the territorial boundaries governed by the Board) in connection with the offering, sale and issuance of its $300,000,000 aggregate principal amount of School Bonds, Series 2022 (the "Bonds"). This Official Statement has been executed by and on behalf of the Board by the Assistant Superintendent for Business, Business Administrator/Board Secretary and its distribution and use in connection with the offering and sale of the Bonds have been authorized by the Board.

This Official Statement contains specific information relating to the Bonds including their general description, certain matters affecting the financing, certain legal matters, historical financial information and other information pertinent to this issue. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the Board from its records, except for information expressly attributed to other sources. The presentation of information is intended to show recent historic information and, but only to the extent specifically provided herein, certain projections into the immediate future, and is not necessarily indicative of future or continuing trends in the financial position of the Board.

DESCRIPTION OF THE BONDS

The following is a summary of certain provisions of the Bonds. Reference is made to the Bonds themselves for the complete text thereof, and the discussion herein is qualified in its entirety by such reference.

Terms and Interest Payment Dates

The Bonds shall be dated their date of delivery and shall mature on August 1 in each of the years and in the amounts set forth on the inside cover page hereof. The Bonds shall bear interest from their date of delivery which interest shall be payable semi-annually on the first day of February and August (each an "Interest Payment Date"), commencing on August 1, 2023, in each of the years and at the interest rates set forth on the inside cover page hereof until maturity or prior redemption by check mailed by the Board or a duly appointed paying agent to the registered owners of the Bonds as of each January 15 and July 15 immediately preceding the respective Interest Payment Date (the "Record Dates"). So long as The Depository Trust Company, New York, New York ("DTC"), or its nominee is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the Board or a designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC participants, which will in turn remit such payments to the beneficial owners of the Bonds. *See* "BOOK-ENTRY ONLY SYSTEM" herein.

The Bonds will be issued in fully registered book-entry only form, without certificates. One certificate shall be issued for the aggregate principal amount of the Bonds maturing in each year, and when issued, will be registered in the name of and held by Cede & Co., as nominee of DTC. DTC will act as Securities Depository for the Bonds (the "Securities Depository"). The certificates will be on deposit with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds on behalf of the individual purchasers. Individual purchases may be made in the principal amount of $1,000 each, or any integral multiple thereof with a minimum purchase of $5,000 required, through book-entries made on the books and records of DTC and its participants. Individual purchasers of the Bonds will not receive certificates representing their beneficial ownership interests in the Bonds, but each book-entry owner will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Bonds purchased. *See* "BOOK-ENTRY ONLY SYSTEM" herein.

Redemption

The Bonds of this issue maturing prior to August 1, 2030 are not subject to redemption prior to their stated maturities. The Bonds of this issue maturing on or after August 1, 2030 are redeemable at the option of the Board in whole or in part on any date on or after August 1, 2029 upon notice as required herein at one hundred percent (100%) of the principal amount being redeemed (the "Redemption Price"), plus accrued interest to the date fixed for redemption.

Notice of Redemption

Notice of redemption ("Notice of Redemption") shall be given by mailing such notice at least thirty (30) days but not more than sixty (60) days before the date fixed for redemption by first class mail in a sealed envelope with postage prepaid to the registered owners of such Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the Board or a duly appointed Bond Registrar. So long as DTC (or any successor thereto) acts as Securities Depository for the Bonds, Notice of Redemption shall be sent to such Securities Depository and shall not be sent to the beneficial owners of the Bonds. Any failure of the Securities Depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the Board determines to redeem a portion of the Bonds prior to maturity, such Bonds shall be selected by the Board; the Bonds to be redeemed having the same maturity shall be selected by the Securities Depository in accordance with its regulations.

If Notice of Redemption has been given as provided herein, the Bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Interest shall cease to accrue on the Bonds after the date fixed for redemption.

Security for the Bonds

The Bonds are valid and legally binding general obligations of the Board, and the Board has irrevocably pledged its full faith and credit for the payment of the principal of and interest on the Bonds. Unless paid from other sources, the principal of and interest on the Bonds are payable from *ad valorem* taxes levied upon all the taxable real property within the School District without limitation as to rate or amount. The Bonds are additionally secured by the New Jersey School Bond Reserve Act, 1980 N.J. Laws c. 72, as amended.

School Bond Reserve Act (1980 N.J. Laws c. 72)

All school bonds are secured by the School Bond Reserve (the "School Bond Reserve") established in the Fund for the Support of Free Public Schools of the State of New Jersey (the "Fund") in accordance with the New Jersey School Bond Reserve Act, N.J.S.A. 18A:56-17 et seq. (P.L. 1980, c. 72, approved July 16, 1980, as amended by P.L. 2003, c. 118, approved July 1, 2003 (the "Act")). The 2003 amendments to the Act provide that the Fund will be divided into two (2) School Bond Reserve accounts. All bonds issued prior to July 1, 2003 shall be benefited by a School Bond Reserve account funded in an amount equal to one and one-half percent (1.5%) of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes (the "Old School Bond Reserve Account") and all bonds, including the Bonds, issued on or after July 1, 2003 shall be benefited by a School Bond Reserve account funded in an amount equal to one percent (1%) of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes (the "New School Bond Reserve Account"), provided such amounts do not exceed the moneys available in the Fund. If a municipality, county or school district is unable to make payment of principal of or interest on any of its bonds issued for school purposes, the trustees of the Fund will purchase such bonds at par value and will pay to the bondholders the interest due or to become due within the limits of funds available in the applicable School Bond Reserve account in accordance with the provisions of the Act.

The Act provides that the School Bond Reserve shall be composed entirely of direct obligations of the United States government or obligations guaranteed by the full faith and credit of the United States government. Securities representing at least one-third of the minimal market value to be held in the School Bond Reserve shall be due to mature within one year of issuance or purchase. Beginning with the fiscal year ending on June 30, 2003 and continuing on each June 30 thereafter, the State Treasurer shall calculate the amount necessary to fully fund the Old School Bond Reserve Account and the New School Bond Reserve Account as required pursuant to the Act. To the extent moneys are insufficient to maintain each account in the School Bond Reserve at the required levels, the State agrees that the Treasurer of the State of New Jersey (the “State”) shall, no later than September 15 of the fiscal year following the June 30 calculation date, pay to the trustees for deposit in the School Bond Reserve such amounts as may be necessary to maintain the Old School Bond Reserve Account and the New School Bond Reserve Account at the levels required by the Act. No moneys may be borrowed from the Fund to provide liquidity to the State unless the Old School Bond Reserve Account and the New School Bond Reserve Account each are at the levels certified as full funding on the most recent June 30 calculation date. The amount of the School Bond Reserve in each account is pledged as security for the prompt payment to holders of bonds benefited by such account of the principal of and the interest on such bonds in the event of the inability of the issuer to make such payments. In the event the amounts in either the Old School Bond Reserve Account or the New School Bond Reserve Account fall below the amount required to make payments on bonds, the amounts in both accounts are available to make payments for bonds secured by the School Bond Reserve.

The Act further provides that the amount of any payment of interest or purchase price of school bonds paid pursuant to the Act shall be deducted from the appropriation or apportionment of State aid, other than certain State aid which may be otherwise restricted pursuant to law, payable to the school district, county or municipality and shall not obligate the State to make, nor entitle the school district, county or municipality to receive, any additional appropriation or apportionment. Any amount so deducted shall be applied by the State Treasurer to satisfy the obligation of the school district, county or municipality arising as a result of the payment of interest or purchase price of bonds pursuant to the Act.

Authorization and Purpose

The Bonds have been authorized and are issued pursuant to (i) Title 18A, Chapter 24 of the New Jersey Statutes, Chapter 271 of the Laws of 1967, as amended and supplemented, (ii) a proposal adopted by the Board pursuant to a resolution adopted on July 12, 2022, and approved by the affirmative vote of a majority of the legal voters present and voting at a special School District election held on October 6, 2022 and (iii) a resolution duly adopted by the Board on November 8, 2022 (the “Resolution”).

The proceeds of the Bonds will be used to finance various capital improvements in and for the School District (the “Project”) and to pay the costs of issuance associated with the issuance of the Bonds. The State has awarded the School District aid for the Project in the amount of forty percent (40%) of the eligible costs of such Project. As such, the State has agreed to pay forty percent (40%) of the annual debt service on the eligible costs financed by the Bonds each year.

BOOK-ENTRY ONLY SYSTEM*

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal and interest, and other payments on the Bonds to DTC Participants or Beneficial Owners (as such terms are defined or used herein), confirmation and transfer of beneficial ownership interests in the Bonds and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the Board. Accordingly, the Board does not make any representations concerning these matters.

DTC will act as Securities Depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds, as set forth on the inside cover hereof, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be

* Source: The Depository Trust Company

the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners, or in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Notices of Redemption shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds, unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Board or Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Direct and Indirect Participant and not of DTC, nor its nominee, Paying Agent or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as Securities Depository with respect to the Bonds at any time by giving reasonable notice to the Board or Paying Agent. Under such circumstances, in the event that a successor Securities Depository is not obtained, Bond certificates are required to be printed and delivered.

The Paying Agent, upon direction of the Board, may decide to discontinue use of the system of book-entry transfers through DTC (or a successor Securities Depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof.

Discontinuance of Book-Entry Only System

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Bonds, the following provisions apply: (i) the Bonds may be exchanged for an equal aggregate principal amount of Bonds in other authorized denominations and of the same maturity, upon surrender thereof at the office of the Board or its paying agent; (ii) the transfer of any Bonds may be registered on the books maintained by the registrar for such purposes only upon the surrender thereof to the Board or its paying agent together with the duly executed assignment in form satisfactory to the Board or its paying agent; and (iii) for every exchange or registration of transfer of Bonds, the Board or its paying agent may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Bonds. Interest on the Bonds will be payable by check or draft mailed on each Interest Payment Date to the registered owners thereof as of the close of business on the Record Dates.

THE SCHOOL DISTRICT AND THE BOARD

The Board is a nine (9) member board with members elected for staggered three (3) year terms. The Superintendent of Schools is the chief administrative officer of the School District. The Assistant Superintendent for Business, Business Administrator/Board Secretary is the chief financial officer of the School District and oversees the Board's business functions. The Assistant Superintendent for Business, Business Administrator/Board Secretary reports to the Superintendent of Schools.

The School District is a Type II school district, the geographical boundaries of which are coterminous with the Township of Cherry Hill, in the County of Camden, State of New Jersey (the "Township") and provides a full range of educational services appropriate to grades pre-kindergarten (Pre-K) through twelve (12), including regular and special education programs. The School District operates one (1) early childhood center, twelve (12) elementary schools, three (3) middle schools and two (2) high schools. An alternative high school program is housed in the Arthur Lewis Administration Building. *See* "APPENDIX A – Certain Economic and Demographic Information Relating to the School District and the Township of Cherry Hill, in the County of Camden, State of New Jersey."

THE STATE'S ROLE IN PUBLIC EDUCATION

The Constitution of the State of New Jersey provides that the State shall provide for the maintenance and support of a thorough and efficient ("T&E") system of free public schools for the instruction of all children between the ages of 5 and 18 years. Case law has expanded the responsibility to include children between the ages of 3 and 21.

The responsibilities of the State with respect to the general supervision and control of public education have been delegated to the New Jersey Department of Education (the "Department"), which is a part of the executive branch of the State government and was created by the State Legislature. The Department is governed and guided by the policies set forth by the New Jersey State Board of Education (the "State Board"). The State Board is responsible for the general supervision and control of public education and is obligated to formulate plans and to make recommendations for the unified, continuous and efficient development of public education of all people of all ages within the State. To fulfill these responsibilities, the State Board has the power, *inter alia*, to adopt rules and regulations that have the effect of law and that are binding upon school districts, to acquire land and other property.

The Commissioner of Education (the "Commissioner") is the chief executive and administrative officer of the Department. The Commissioner is appointed by the Governor of the State with the advice and consent of the State Senate, and serves at the pleasure of the Governor during the Governor's term of office. The Commissioner is Secretary and Chief Executive Officer of the State Board and is responsible for the supervision of all school districts in the State and is obligated to enforce the rules and regulations of the State Board. The Commissioner has the authority to recommend the withholding of State financial aid and the Commissioner's consent is required for authorization to sell school bonds that exceed the debt limit of the municipality in which the school district is located and may also set the amount to be raised by taxation for a board of education if a school budget has not been approved by a board of school estimate or by the voters.

An Executive County Superintendent of Schools (the "County Superintendent") is appointed for each county in the State by the Governor, upon the recommendation of the Commissioner with the advice and consent of the State Senate. The County Superintendent is the local representative of the

Commissioner. The County Superintendent is responsible for the daily supervision of the school districts in the county and is charged with the enforcement of rules pertaining to the certification of teachers, pupil registers and financial reports and the review of budgets. Under the Uniform Shared Services and Consolidation Act, P.L. 2007, c. 63, effective April 3, 2007, the role of the County Superintendent was changed to create the post of the Executive County Superintendent with expanded powers for the operation and management of school districts to, among other things, promote administrative and operational efficiencies, eliminate non-operating school districts and recommend a school district consolidation plan to eliminate districts through the establishment or enlargement of regional school districts, subject to voter approval.

STRUCTURE OF SCHOOL DISTRICTS IN NEW JERSEY

Categories of School Districts

State school districts are characterized by the manner in which the board of education or the governing body takes office. School districts are principally classified in the following categories:

(1) Type I, in which the mayor or chief executive officer ("CEO") of a municipality appoints the members of a board of education and a board of school estimate. The board of school estimate consists of two (2) members of the board of education, two (2) members of the governing body of the municipality and the mayor or CEO of the municipality comprising the school district, and approves all fiscal matters;

(2) Type II, in which the registered voters within a school district elect the members of a board of education and either (a) the registered voters also vote upon all fiscal matters with the exception set forth in the new Budget Election Law (as hereinafter defined in “School Budgetary Process”), or (b) a board of school estimate, consisting of two (2) members of the governing body of and the CEO of each municipality within the school district and the president of and one member of the board of education, and approves all fiscal matters;

(3) Regional and consolidated school districts comprising the territorial boundaries of more than one municipality in which the registered voters within the school district elect members of the board of education and vote upon all fiscal matters with certain exceptions. Regional school districts may be “All Purpose Regional School Districts” or “Limited Purpose Regional School Districts”;

(4) State-operated school districts created by the State Board, pursuant to State law, when a local board of education cannot or will not correct severe educational deficiencies;

(5) County vocational school districts have boards of education consisting of the County Superintendent and four (4) members unless it is a county of the first class, which adopted an ordinance, in which case it can have a board consisting of seven (7) appointed members which the board of county commissioners of the county appoints. Such vocational school districts shall also have a board of school estimate, consisting of two (2) members appointed by the board of education of the school district, two (2) members appointed by the board of county commissioners and a fifth member being the county executive or the director of the board of county commissioners of the county, which approves all fiscal matters; and

(6) County special services school districts have boards of education consisting of the County Superintendent and six (6) persons appointed by the board of county commissioners of the county. Such special services school districts shall also have a board of school estimate, consisting of two (2) members appointed by the board of education of the school, two (2) members appointed by the board of county commissioners and a fifth member being the commissioner-director of the board of county commissioners, which approves all fiscal matters.

There is a procedure whereby a Type I school district or a Type II school district may change from one type to the other after an approving public referendum. Such a public referendum must be held whenever directed by the municipal governing body or board of education in a Type I district, or the board of education in a Type II district, or when petitioned for by fifteen percent (15%) of the voters of any school district. The School District is a Type II school district with a board of school estimate.

School Budgetary Process (N.J.S.A. 18A:22-1 et seq.)

In a Type I school district and a Type II school district with a board of school estimate, a separate body from the school district, known as the board of school estimate, examines the budget requests and fixes the appropriation amounts for the next year's operating budget at or after a public hearing. This board, whose composition is fixed by statute, certifies the budget to the municipal governing body or board of education. If the board of education disagrees with the certified budget of the board of school estimate, then it can appeal to the Commissioner to request changes.

In a Type II school district, the elected board of education develops the budget proposal and, at or after a public hearing, submits it for voter approval unless the Board has moved its annual election to November, as discussed below. Debt service provisions are not subject to public referendum. If approved, the budget goes into effect. If defeated, the governing bodies of the constituent municipalities must develop the school budget by May 19 of each year. Should the governing bodies be unable to do so, the Commissioner establishes the local school budget.

The Budget Election Law, P.L. 2011, c. 202, effective January 17, 2012 (the "Budget Election Law") establishes procedures that allow the date of the annual school election of a Type II school district, without a board of school estimate, to be moved from April to the first Tuesday after the first Monday in November, to be held simultaneously with the general election. Such change in the annual school election date must be authorized by resolution of either the board of education or the governing body of the municipality, or by an affirmative vote of a majority of the voters whenever a petition, signed by at least fifteen percent (15%) of the legally qualified voters, is filed with the board of education. Once the annual school election is moved to November, such election may not be changed back to an April annual school election for four (4) years.

School districts that opt to move the annual school election to November are no longer required to submit the budget to the voters for approval if the budget is at or below the two percent (2%) property tax levy cap as provided in the Tax Levy Cap Law (as hereinafter defined).

The Board conducts its annual election in November.

SUMMARY OF CERTAIN PROVISIONS FOR THE PROTECTION OF SCHOOL DEBT

Levy and Collection of Taxes

School districts in the State do not levy or collect taxes to pay those budgeted amounts which are not provided by the State. The municipality within which a school district is situated levies or collects the required taxes and must remit them in full to the school district.

Budgets and Appropriations

School districts in the State must operate on an annual cash basis budget. Each school district must adopt an annual budget in such detail and upon forms as prescribed by the Commissioner, to which must be attached an itemized statement showing revenues, including State and Federal aid, and expenditures. The Commissioner must approve a budget prior to its final adoption and has the power to increase or decrease individual line items in a budget. Any amendments to a school district's budget must be approved by the board of education or the board of school estimate, as the case may be. Every budget submitted must provide no less than the minimum permissible amount deemed necessary under State law to provide for a thorough and efficient education as mandated by the State Constitution. The Commissioner may not approve any budget unless the Commissioner is satisfied that the school district has adequately implemented within the budget the Core Curriculum Content Standards (as defined herein) required by State law. If necessary, the Commissioner is authorized to order changes in the local school district's budget. The Commissioner will also ensure that other provisions of law are met including the limitations on taxes and spending explained below.

Tax and Spending Limitations

The Public School Education Act of 1975, N.J.S.A. 18A:7A-1 et seq., P.L. 1975, c. 212 (as amended and partially repealed), first limited the amount of funds that could be raised by a local school district. It limited the annual increase of any school district's net current expense budget. The budgetary limitations were known as a "CAP" on expenditures. The "CAP" was intended to control the growth in local property taxes. Subsequently there have been numerous legislative changes as to how the spending limitations would be applied.

The Quality Education Act of 1990, N.J.S.A. 18A:7D-1 et seq., P.L. 1990, c. 52 (the "QEA") (now repealed), also limited the annual increase in the school district's current expense and capital outlay budgets by a statutory formula linked to the annual percentage increase in per capita income. The QEA was amended and revised by chapter 62 of the Laws of New Jersey of 1991, and further amended by chapter 7 of the Laws of New Jersey of 1993.

The Comprehensive Educational Improvement and Financing Act of 1996, N.J.S.A. 18A:7F-1 et seq., P.L. 1996, c. 138 (the "CEIFA"), as amended by P.L. 2004, c. 732, effective July 1, 2004, also limited the annual increase in a school district's net budget by a spending growth limitation. The CEIFA limited the amount school districts can increase their annual current expense and capital outlay budgets (the "Spending Growth Limitations"). Generally, budgets could increase either by two and one-half percent (2.5%) or the consumer price index, whichever is greater. Amendments to the CEIFA decreased the budget cap to two and one-half percent (2.5%) from three percent (3%). Budgets could also increase because of certain adjustments for enrollment increases, certain capital outlay expenditures, pupil transportation costs, and special education costs that exceeded $40,000 per pupil. Waivers were available from the Commissioner based on increasing enrollments and other fairly narrow grounds and increases higher than the cap could be approved by a vote of sixty percent (60%) at the annual school election.

P.L. 2007, c. 62, effective April 3, 2007, provided additional limitations on school district spending by limiting the amount a school district could raise for school district purposes through the property tax levy by four percent (4%) over the prior budget year's tax levy. P.L. 2007, c. 62 provided for adjustments to the cap for increases in enrollment, reductions in State aid and increased health care costs and for certain other extraordinary cost increases that required approval by the Commissioner. The bill granted discretion to the Commissioner to grant other waivers from the cap for increases in special education costs, capital outlay, and tuition charges. The Commissioner also had the ability to grant extraordinary waivers to the tax levy cap for certain other cost increases beginning in fiscal year 2009 through 2012.

P.L. 2007, c. 62 was deemed to supersede the prior limitations on the amount school districts could increase their annual current expense and capital outlay budgets created by CEIFA (as amended by P.L. 2004, c. 73, effective July 1, 2004). However, chapter 62 was in effect only through fiscal year 2012. Without an extension of chapter 62 by the legislature, the Spending Growth Limitations on the general fund and capital outlay budget would be in effect.

Debt service was not limited either by the Spending Growth Limitations or the four percent (4%) cap on the tax levy increase imposed by chapter 62.

The previous legislation was amended by P.L. 2010, c. 44, effective July 13, 2010 and became applicable to the next local budget year following enactment. This law limits the school district tax levy for the general fund budget to increases of two percent (2%) over the prior budget year with exceptions only for enrollment increases, increases for certain normal and accrued liability for pension contributions in excess of two percent (2%), certain healthcare increases, and amounts approved by a simple majority of voters voting at a special election (the "Tax Levy Cap Law"). Additionally, also becoming effective in the 2011-2012 fiscal year, a school district that has not been granted approval to exceed the tax levy cap by a separate proposal can bank the unused tax levy for use in any of the next three (3) succeeding budget years. A school district can request a use of "banked cap" only after it has fully exhausted all eligible statute spending authority in the budget year. The process for obtaining waivers from the Commissioner for additional increases over the tax levy cap or Spending Growth Limitations was eliminated under chapter 44. Notwithstanding the foregoing, under P.L. 2018, c. 67, effective July 24, 2018, which increases State school aid to underfunded school districts and decreases state school aid to overfunded school districts, during the 2018-2019 through 2024-2025 fiscal years, SDA Districts, which are certain urban districts formerly referred to as Abbott Districts referred to herein under "SUMMARY OF STATE AID TO SCHOOL DISTRICTS", are permitted increases in the tax levy over the two percent (2%) limit to raise a general fund tax levy to an amount that does not exceed its local share of the adequacy budget.

The restrictions are solely on the tax levy for the general fund and are not applicable to the debt service fund. There are no restrictions on a local school district's ability to raise funds for debt service, and nothing would limit the obligation of a school district to levy *ad valorem* taxes upon all taxable real property within the school district to pay debt service on its bonds or notes with one exception. School districts are subject to GAAP accounting, and under GAAP interest on obligations maturing within one (1) year must be treated as operating expenses. Accordingly, under the Department of Education's Chart of Accounts, interest on notes is raised in the General Fund of a school district and therefore is counted within its two percent (2%) tax levy cap on spending.

Issuance of Debt

Among the provisions for the issuance of school debt are the following requirements: (i) bonds must mature in serial installments within the statutory period of usefulness of the projects being financed but not exceeding forty (40) years, (ii) debt must be authorized by a resolution of a board of education (and approved by a board of school estimate in a Type I school district and a Type II school district with a board of school estimate), and (iii) there must be filed with the State by each municipality comprising a school district a Supplemental Debt Statement and a school debt statement setting forth the amount of bonds and notes authorized but unissued and outstanding for such school district.

Annual Audit (N.J.S.A. 18A:23-1 et seq.)

Every board of education is required to provide an annual audit of the school district's accounts and financial transactions. The audit must be performed by a licensed public school accountant no later than five (5) months after the end of the school fiscal year or by the date extended by statute or by the State of New Jersey Department of Education. The audit, in conformity with statutory requirements, must be filed with the board of education and the Commissioner. Additionally, the audit must be summarized and discussed at a regular public meeting of the local board of education within thirty (30) days following receipt of the annual audit by such board of education.

Temporary Financing (N.J.S.A. 18A:24-3)

Temporary notes may be issued in anticipation of the issuance of permanent bonds for a capital improvement or capital project. Such temporary notes may not exceed in the aggregate the amount of bonds authorized for such improvement or project. A school district's temporary notes may be issued for one (1) year periods, with the final maturity not exceeding five (5) years from the date of original issuance; provided, however, that no such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which said notes are issued, is paid and retired subsequent to such third anniversary date from funds other than the proceeds of obligations. School districts must include in each annual budget the amount of interest due and payable in each fiscal year on all outstanding temporary notes.

Capital Lease Financing

School districts are permitted to enter into lease purchase agreements for the acquisition of equipment or for the improvement of school buildings. Generally, lease purchase agreements cannot exceed five (5) years except for certain energy-saving equipment which may be leased for up to fifteen (15) years if paid from energy savings. Lease purchase agreements for a term of five (5) years or less must be approved by the Commissioner. The Educational Facilities Construction and Financing Act, P.L. 2000, c. 72 (the "EFCFA"), repealed the authorization to enter into facilities leases in excess of five (5) years. The payment of rent on an equipment lease and on a five (5) year and under facilities lease is treated as a current expense and within the cap on the school district's budget. Under the CEIFA, lease purchase payments on leases in excess of five (5) years issued under prior law are treated as debt service payments and, therefore, will receive debt service aid if the school district is entitled and are outside the school district's tax levy cap.

Debt Limitation (N.J.S.A. 18A:24-19)

Except as provided below, no additional debt shall be authorized if the principal amount, when added to the net debt previously authorized, exceeds a statutory percentage of the average equalized valuation of taxable property in a school district. As a grades pre-kindergarten (Pre-K) through twelve (12) school district, the School District can borrow up to four percent (4%) of the average equalized valuation of taxable property in the School District. The School District has not exceeded its four percent (4%) debt limit. *See* "APPENDIX A – Certain Economic and Demographic Information Relating to the School District and the Township of Cherry Hill, in the County of Camden, State of New Jersey."

Exceptions to Debt Limitation

A Type II school district (other than a regional district) may also utilize its constituent municipality's remaining statutory borrowing power (i.e. the excess of three and one-half percent (3.5%) of the average equalized valuation of taxable property within the constituent municipality over the constituent municipality's net debt). A school district may also authorize debt in excess of this limit with the consent of the Commissioner and the Local Finance Board.

Energy Saving Obligations

Under P.L. 2009, c. 4, approved January 21, 2009 and effective sixty (60) days thereafter, school districts may issue "energy savings obligations" without voter approval to fund certain improvements that result in reduced energy use, facilities for production of renewable energy or water conservation improvements provided that the amount of the savings will cover the cost of the improvements.

SUMMARY OF STATE AID TO SCHOOL DISTRICTS

In 1973, the Supreme Court of the State of New Jersey (the "Court") ruled in Robinson v. Cahill that the method then used to finance public education principally through property taxation was unconstitutional. Pursuant to the Court's ruling, the Legislature enacted the Public School Education Act of 1975, N.J.S.A. 18A:7A-1 et seq., P.L. 1975, c. 212 (the "Public School Education Act") (as amended and partially repealed), which required funding of the State's school aid through the New Jersey Gross Income Tax Act, P.L. 1976, c. 47, as amended and supplemented, enacted for the purpose of providing property tax relief.

On June 5, 1990, the Court ruled in Abbott v. Burke that the school aid formula enacted under the Public School Education Act was unconstitutional as applied. The Court found that poorer urban school districts (previously called "Abbott Districts", now referred to as "SDA Districts") were significantly disadvantaged under that school funding formula because school revenues were derived primarily from property taxes. The Court found that wealthy school districts were able to spend more, yet tax less for educational purposes.

Since that time there has been much litigation and many cases affecting the State's responsibilities to fund public education and many legislative attempts to distribute State aid in accordance with the court cases and the constitutional requirement. The cases addressed not only current operating fund aid but also addressed the requirement to provide facilities aid as well. The legislation has included QEA, CEIFA and EFCFA. For many years aid has simply been determined in the State Budget, which itself is an act of the legislature, based upon amounts provided in prior years. The school funding formula, provided in the School Funding Reform Act of 2008, P.L. 2007, c. 260, effective

January 1, 2008, attempts to remove the special status given to certain school districts known as Abbott Districts after the school funding cases and instead has funding follow students with certain needs and provides aid in a way that takes into account the ability of the local school district to raise local funds to support the budget in amounts deemed adequate to provide for a thorough and efficient education as required by the State constitution. This legislation was challenged in the Court, and the Court held that the State's then current plan for school aid was a "constitutionally adequate scheme." However, the State continued to underfund certain school districts and to overfund other school districts in its budgets based on the statutory scheme. Since 2019 and in accordance with the enactment of P.L. 2018, c. 67, effective July 24, 2018, the State has increased funding for underfunded school districts and decreased funding for overfunded school districts. It will continue to do so as set forth therein and will provide cap relief for overfunded school districts to enable them to pick up more of the local share.

Notwithstanding over thirty-five (35) years of litigation, the State provides State aid to school districts of the State in amounts provided in the State budget each year. These now include equalization aid, special education categorical aid, transportation aid, preschool education aid, instructional supplement aid, supplemental core curriculum standards aid, distance learning network aid, bilingual aid, security aid, adjustment aid and other aid determined in the discretion of the Commissioner.

State law requires that the State will provide aid for the construction of school facilities in an amount equal to the greater of the district aid percentage or forty percent (40%) times the eligible costs determined by the Commissioner either in the form of a grant or debt service aid as determined under the EFCFA. The amount of aid to which a school district is entitled is established prior to the authorization of the project. Grant funding is provided by the State upfront and debt service aid must be appropriated annually by the State.

The State reduced debt service aid by fifteen percent (15%) for fiscal years 2011 through 2022. As a result of the debt service aid reduction for those fiscal years, school districts received eighty-five percent (85%) of the debt service aid that they would have otherwise received. In addition, school districts which received grants under the EFCFA, which grants were financed through the New Jersey Economic Development Authority (the "EDA"), were assessed an amount in their fiscal years 2011 through 2022 budgets representing fifteen percent (15%) of the school district's proportionate share of the principal and interest payments on the outstanding EDA bonds issued to fund such grants.

Pursuant to P.L. 2018, c. 67, effective July 24, 2018, the School Funding Reform Act has been modified to adjust the distribution of State aid to school districts in the State ("SFRA Modification Law"). In particular, the SFRA Modification Law revises the School Funding Reform Act so that, after calculating the amount of State aid available per pupil, State aid will be distributed to each school district based on student enrollment. The SFRA Modification Law also eliminates the application of the State aid growth limit and adjustment aid, but includes a transition period for school districts that will receive less State aid. Under the SFRA Modification Law, most school districts that will receive reduced State aid resulting from the revised funding formula will be provided a seven (7) year transition period during which funding will be reduced. For those school districts where State aid will increase under the SFRA Modification Law, the transition period to increase funding will be one (1) year.

SUMMARY OF FEDERAL AID TO SCHOOL DISTRICTS

Federal funds are available for certain programs approved by the Federal government with allocation decided by the State, which assigns a proportion to each local school district. The Every Student Succeeds Act of 2015, enacted December 10, 2015, is a Federal assistance program for which a school district qualifies to receive aid. A remedial enrichment program for children of low income families is available under Chapter 1 Aid. Such Federal aid is generally received in the form of block grants. Aid is also provided under the Individuals with Disabilities Education Act although never in the amounts federal law required.

MUNICIPAL FINANCE -
FINANCIAL REGULATION OF COUNTIES AND MUNICIPALITIES

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Local Bond Law, N.J.S.A. 40A:2-1 et seq. (the "Local Bond Law"), governs the issuance of bonds and notes to finance certain municipal and utility capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects financed and that bonds be retired in serial installments. A five percent (5%) cash down payment is generally required toward the financing of expenditures for municipal purposes. All bonds and notes issued by the Township are general full faith and credit obligations.

The authorized bonded indebtedness of the Township is limited by statute, subject to certain exceptions noted below, to an amount equal to three and one-half percent (3.5%) of its average equalized valuation basis. The average for the last three (3) years of the equalized value of all taxable real property and improvements and certain Class II railroad property within the Township as annually determined by the New Jersey Board of Taxation is set forth in APPENDIX A.

Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit.

A municipality may exceed its debt limit with the approval of the Local Finance Board, and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, a municipality may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the municipality or substantially reduce the ability of the municipality to meet its obligations or to provide essential public improvements and services, or makes certain other statutory determinations, approval is granted. In addition, debt in excess of the statutory limit may be issued by the municipality to fund certain notes, to provide for self-liquidating purposes, and, in each fiscal year, in an amount not exceeding 2/3 of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

A municipality may sell "bond anticipation notes" to temporarily finance a capital improvement or project in anticipation of the issuance of bonds, if the bond ordinance or subsequent resolution so provides. Bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount specified in the bond ordinance, as it may be amended and supplemented, creating such capital expenditure. A local unit's bond anticipation notes may be issued for periods not exceeding one (1) year. Generally, bond anticipation notes may not be outstanding for longer than ten (10) years. An additional period may be available following the tenth anniversary date equal to the period from the notes' maturity to the end of the tenth fiscal year in which the notes mature plus four (4) months in the next following fiscal year from the date of original issuance. Beginning in the third year, the amount of notes that may be issued is decreased by the minimum amount required for the first year's principal payment for a bond issue.

Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the State local finance system is the annual cash basis budget. Every local unit must adopt an annual operating budget in the form required by the Division of Local Government Services, New Jersey Department of Community Affairs (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget cannot be finally adopted until it has been certified by the Director of the Division (the "Director"), or in the case of a local unit's examination of its own budget, such budget cannot be finally adopted until a local examination certificate has been approved by the Chief Financial Officer and governing body of the local unit. The Local Budget Law, N.J.S.A. 40A:4-1 et seq. (the "Local Budget Law") requires each local unit to appropriate sufficient funds for the payment of current debt service, and the Director or, in the case of local examination, the local unit, may review the adequacy of such appropriations.

Tax anticipation notes are limited in amount by law and must be paid off in full within 120 days of the close of the fiscal year in which they were issued.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the budgetary review functions focusing on anticipated revenues serve to protect the solvency of all local units.

The cash basis budgets of local units must be in balance, i.e., the total of anticipated revenues must equal the total of appropriations. N.J.S.A. 40A:4-22. If in any year a local unit's expenditures exceed its realized revenues for that year, then such excess must be raised in the succeeding year's budget.

A provision in the Local Budget Law, N.J.S.A. 40A:4-26, provides that: "[n]o miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit."

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval of such anticipated revenues, except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years for such grants rarely coincide with a municipality's calendar fiscal year. However, grant revenue is generally not realized until received in cash.

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. The maximum amount of delinquent taxes that may be anticipated is limited by a statutory formula, which allows the local unit to anticipate collection at the same rate realized for the collection of delinquent taxes in the previous year. Also the local unit is required to make an appropriation for a "reserve for uncollected taxes" in accordance with a statutory formula to provide for a tax collection in an amount that does not exceed the percentage of taxes levied and payable in the preceding fiscal year that was received in cash by December 31 of that year. The budget also must provide for any cash deficits of the prior year.

Emergency appropriations (those made after the adoption of the budget and the determination of the tax rate) may be authorized by the governing body. However, with minor exceptions, such appropriations must be included in full in the following year's budget. When such appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director must be obtained.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as (i) the repair and reconstruction of streets, roads or bridges damaged by snow, ice, frost, or floods, which may be amortized over three (3) years, and (ii) the repair and reconstruction of streets, roads, bridges or other public property damaged by flood or hurricane, where such expense was unforeseen at the time of budget adoption, the repair and reconstruction of private property damaged by flood or hurricane, tax map preparation, re-evaluation programs, revision and codification of ordinances, master plan preparations, drainage map preparation for flood control purposes, studies and planning associated with the construction and installation of sanitary sewers, authorized expenses of a consolidated commission, contractually required severance liabilities resulting from the layoff or retirement of employees and the preparation of sanitary and storm system maps, all of which projects set forth in this section (ii) may be amortized over five (5) years. N.J.S.A. 40A:4-53, -54, -55, -55.1. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project as described above.

Budget transfers provide a degree of flexibility and afford a control mechanism. Pursuant to N.J.S.A. 40A:4-58, transfers between appropriation accounts are prohibited until the last two (2) months of the year. Appropriation reserves may be transferred during the first three (3) months of the year, to the previous year's budget. N.J.S.A. 40A:4-59. Both types of transfers require a 2/3 vote of the full membership of the governing body. Although sub-accounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval. Certain types of appropriations are excluded from the provisions permitting transfers. Generally, transfers cannot be made from the down payment account, interest or debt redemption charges or the capital improvement fund or for contingent expenses.

Municipal public utilities are supported by the revenues generated by the respective operations of the utilities, in addition to the general taxing power upon taxable property. For each utility, there is established a separate budget. The anticipated revenues and appropriations for each utility are set forth in the separate budget. The budget is required to be balanced and to provide fully for debt service. The regulations regarding anticipation of revenues and deferral of charges apply equally to the budgets of the utilities. Deficits or anticipated deficits in utility operations which cannot be provided for from utility surplus, if any, are required to be raised in the "Current" or operating budget.

In accordance with the Local Budget Law, each local unit must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six (6) years as a general improvement program. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures which the local unit may contemplate over the next six (6) years. Expenditures for capital purposes may be made either by ordinances adopted by the governing body setting forth the items and the method of financing or from the annual operating budget if the terms were detailed.

Fiscal Year Adjustment Law (1991 N.J. Laws c. 75)

Chapter 75 of the Laws of New Jersey of 1991, requires certain municipalities and permits all other municipalities to adopt the State fiscal year in place of the existing calendar fiscal year. Municipalities that change fiscal years must adopt a six (6) month transition budget for January 1 through June 30. Since expenditures would be expected to exceed revenues primarily because State aid for the calendar year would not be received by the municipality until after the end of the transition year budget, the act authorizes the issuance of Fiscal Year Adjustment Bonds to fund the one time deficit for the six (6) month transition budget. The law provides that the deficit in the six (6) month transition budget may be funded initially with bond anticipation notes based on the estimated deficit in the six (6) month transition budget. Notes issued in anticipation of Fiscal Year Adjustment Bonds, including renewals, can only be issued for up to one (1) year unless the Local Finance Board permits the municipality to renew them for a longer period of time. The Local Finance Board must confirm the actual deficit experienced by the municipality. The municipality then may issue Fiscal Year Adjustment Bonds to finance the deficit on a permanent basis. The purpose of the act is to assist municipalities that are heavily dependent on State aid and that have had to issue tax anticipation notes to fund operating cash flow deficits each year. While the law does not authorize counties to change their fiscal years, it does provide that counties with cash flow deficits may issue Fiscal Year Adjustment Bonds as well.

State Supervision

State law authorizes State officials to supervise fiscal administration in any municipality which is in default on its obligations; which experiences severe tax collection problems for two (2) successive years; which has a deficit greater than four percent (4%) of its tax levy for two (2) successive years; which has failed to make payments due and owing to the State, county, school district or special district for two (2) consecutive years; which has an appropriation in its annual budget for the liquidation of debt which exceeds twenty-five percent (25%) of its total operating appropriations (except dedicated revenue appropriations) for the previous budget year; or which has been subject to a judicial determination of gross failure to comply with the Local Bond Law, the Local Budget Law, or the Local Fiscal Affairs Law, N.J.S.A. 40A:5-1 et seq., which substantially jeopardizes its fiscal integrity. State officials are authorized to continue such supervision for as long as any of the conditions exist and until the municipality operates for a fiscal year without incurring a cash deficit.

Appropriations "Cap"

The New Jersey "Cap Law" (the "Cap Law") (N.J.S.A. 40A:4-45.1 et seq.) places limits on municipal tax levies and expenditures. The Cap Law provides that a local unit shall limit any increase in its budget to two and one-half percent (2.5%) or the Cost-Of-Living Adjustment (as defined in the Cap Law), whichever is less, of the previous year's final appropriations, subject to certain exceptions. The Cost-Of-Living Adjustment is defined as the rate of annual percentage increase, rounded to the nearest half percent, in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services produced by the United States Department of Commerce for the year preceding the current year as announced by the Director. However, in each year in which the Cost-Of-Living Adjustment is equal to or less than two and one-half percent (2.5%), a local unit may, by ordinance, approved by a majority vote of the full membership of the governing body, provide that the final appropriations of the local unit for such year be increased by a percentage rate that is greater than the Cost-Of-Living Adjustment, but not more than three and one-half percent (3.5%) over the previous year's final appropriations. In addition, N.J.S.A. 40A:4-45.15a restored "cap" banking to the Local Budget Law. Municipalities are permitted to appropriate available "cap bank" in either of the next two (2) succeeding years' final appropriations. Along with the permitted increases for total general appropriations there are certain items that are allowed to increase outside the "cap".

Additionally, P.L. 2010, c. 44, effective July 13, 2010, imposes a two percent (2%) cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of two percent (2%), certain increases in health care over two percent (2%), and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above two percent (2%) not otherwise permitted under the law by an affirmative vote of fifty percent (50%).

The Division has advised that counties and municipalities must comply with both the budget "cap" and the tax levy limitation. Neither the tax levy limitation nor the Cap" Law, however, limits the obligation of the county or municipality to levy *ad valorem* taxes upon all taxable property within its boundaries to pay debt service on it bonds and notes.

Tax Assessment and Collection Procedure

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income (where appropriate). Current assessments are the result of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. However, a divergence of the assessment ratio to true value is typically due to changes in market value over time.

Upon the filing of certified adopted budgets by the local unit, the local school district and the county, the tax rate is struck by the county Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provisions for the assessment of property, the levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in the State for various special services rendered to the properties located within the special districts.

Generally, tax bills are mailed annually in June of the current fiscal year. The taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The August and November tax bills are determined as the full tax levied for municipal, county and school purposes for the current municipal fiscal year, less the amount charged for the February and May installments for municipal, county and school purposes in the current fiscal year. The amounts due for the February and May installments are determined by the municipal governing body as either one-quarter or one-half of the full tax levied for municipal, county and school purposes for the preceding fiscal year.

Tax installments not paid on or before the due date are subject to interest penalties of eight percent (8%) per annum on the first $1,500.00 of the delinquency and eighteen percent (18%) per annum on any amount in excess of $1,500.00. Pursuant to 1991 N.J. Laws c. 75, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of $10,000.00 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six percent (6%) of the amount of the delinquency. These penalties and interest rates are the highest permitted under State statutes. Delinquent taxes open for one (1) year or more are annually included in a tax sale in accordance with State statutes.

Tax Appeals

State statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. The taxpayer has a right to petition the county Board of Taxation on or before April 1 of the current year for review. The county Board of Taxation has the authority after a hearing to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was unsatisfactorily reviewed by the county Board of Taxation, appeal may be made to the Tax Court of the State of New Jersey (the "State Tax Court") for further hearing. Some State Tax Court appeals may take several years prior to settlement and any losses in tax collections from prior years are charged directly to operations.

Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

This law regulates the nonbudgetary financial activities of local governments. The chief financial officer of every local unit must file annually with the Director a verified statement of the financial condition of the local unit and all constituent boards, agencies or commissions.

An independent examination of each local unit's accounts must be performed annually by a licensed registered municipal accountant. The audit, conforming to the Division's "Requirements of Audit," includes recommendations for improvement of the local unit's financial procedures. The audit report must be filed with the Director. A synopsis of the report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of the local unit's receipt of the audit report.

FINANCIAL STATEMENTS

The audited financial statements of the Board as of and for the year ended June 30, 2021 together with the notes to the financial statements have been provided by Holt McNally & Associates, Inc., Medford, New Jersey (the "Auditor") and are presented in APPENDIX B to this Official Statement (the "Financial Statements"). *See* "APPENDIX B – Financial Statements of The Board of Education of the Township of Cherry Hill in the County of Camden, New Jersey.

MUNICIPAL ADVISOR

Phoenix Advisors, LLC, Bordentown, New Jersey, has served as Municipal Advisor to the Board with respect to the issuance of the Bonds (the "Municipal Advisor"). The Municipal Advisor is not obligated to undertake, and has not undertaken, either to make an independent verification of, or to assume responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement and the Appendices hereto. The Municipal Advisor is an independent firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

LITIGATION

To the knowledge of the Board Attorney, Schenck, Price, Smith & King, LLP, Florham Park, New Jersey (the "Board Attorney"), there is no litigation of any nature now pending or threatened against the Board, restraining or enjoining the issuance or the delivery of the Bonds, or the levy or the collection of any taxes to pay the principal of or the interest on the Bonds, or in any manner questioning the authority or the proceedings for the issuance of the Bonds or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the Board or the School District or the title of any of the present officers. To the knowledge of the Board Attorney, no litigation is presently pending or threatened that, in the opinion of the Board Attorney, would have a materially adverse impact on the financial condition of the Board if adversely decided. A certificate to such effect will be executed by the Board Attorney and delivered to the Underwriter (as hereinafter defined) of the Bonds at the closing.

TAX EXEMPTION

Federal Income Tax Treatment

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance of the Bonds in order for the interest thereon to be and remain excluded from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause such interest to be included in gross income for Federal income tax purposes retroactive to the date of issuance of the Bonds. The Board has covenanted to comply with the provisions of the Code applicable to the Bonds, and has covenanted not to take any action or fail to take any action that would cause interest on the Bonds to lose the exclusion from gross income under Section 103 of the Code.

In the opinion of Wilentz, Goldman & Spitzer, P.A., Bond Counsel, under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the Board with the requirements of the Code described above, interest on the Bonds is not includable in gross income for Federal income tax purposes pursuant to Section 103 of the Code and is not treated as a preference item under Section 57 of the Code for purposes of computing the Federal alternative minimum tax.

Premium Bonds

[The Bonds [maturing on August 1 in the years 20__ through 20__, inclusive (collectively, the "Premium Bonds")], have been sold to the public at a premium. Section 171 of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for the amortizable bond premium in the case of bonds, like the [Premium] Bonds, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a [Premium] Bond will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a [Premium] Bond in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such [Premium] Bonds and not as interest.]

Discount Bonds

[Bond Counsel is also of the opinion that the difference between the stated principal amount of the Bonds maturing on August 1 in the years 20__ through 20__, inclusive (collectively, the "Discount Bonds") and their respective initial public offering prices to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which prices a substantial amount of the [Discount] Bonds of the same maturity and interest rate were sold, constitutes original issue discount which is excluded from gross income for federal income tax purposes to the same extent as interest on the Bonds. In the case of any holder of the [Discount] Bonds, the amount of such original issue discount which is treated as having accrued with respect to the [Discount] Bonds is added to the cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, redemption or payment at maturity). Holders of the [Discount] Bonds should consult their tax advisors for an explanation of the original issue discount rules.]

Additional Federal Income Tax Consequences Relating to Bonds

Prospective purchasers of the Bonds should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Bonds, may have additional Federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty insurance companies, foreign corporations and certain S corporations. Prospective purchasers of the Bonds should also consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

State Taxation

Bond Counsel is also of the opinion that interest on the Bonds, and any gain on the sale of the Bonds, are not includable in gross income under the existing New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended. Except as provided above, no opinion is expressed with respect to other State and local tax consequences of owning the Bonds. *See* "APPENDIX C – Form of Approving Legal Opinion" for the complete text of the proposed form of Bond Counsel's approving legal opinion.

Prospective Tax Law Changes

Federal, state or local legislation, administrative pronouncements or court decisions may affect the Federal and State tax-exempt status of interest on the Bonds and the State tax-exempt status of interest on the Bonds, gain from the sale or other disposition of the Bonds, the market value of the Bonds or the marketability of the Bonds. The effect of any legislation, administrative pronouncements or court decisions cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding such matters.

Other Tax Consequences

Except as described above, Bond Counsel expresses no opinion with respect to any Federal, State, local or foreign tax consequences of ownership of the Bonds. Bond Counsel renders its opinion under existing statutes, regulations, rulings and court decisions as of the date of issuance of the Bonds and assumes no obligation to update its opinion after such date of issuance to reflect any future action, fact, circumstance, change in law or interpretation, or otherwise. Bond Counsel expresses no opinion as to the effect, if any, on the tax status of the interest on the Bonds paid or to be paid as a result of any action hereafter taken or not taken in reliance upon an opinion of other counsel.

See APPENDIX C for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Bonds.

PROSPECTIVE PURCHASERS OF THE BONDS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO ALL TAX CONSEQUENCES (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE) OF HOLDING THE BONDS.

RISK TO HOLDERS OF BONDS

It is understood that the rights of the holders of the Bonds, and the enforceability thereof, may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Municipal Bankruptcy

THE BOARD HAS NOT AUTHORIZED THE FILING OF A BANKRUPTCY PETITION. THIS REFERENCE TO THE BANKRUPTCY CODE OR THE STATE STATUTE SHOULD NOT CREATE ANY IMPLICATION THAT THE BOARD EXPECTS TO UTILIZE THE BENEFITS OF ITS PROVISIONS, OR THAT IF UTILIZED, SUCH ACTION WOULD BE APPROVED BY THE LOCAL FINANCE BOARD, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCE OF PAYMENT OF AND SECURITY FOR THE BONDS, OR THAT THE BANKRUPTCY CODE COULD NOT BE AMENDED AFTER THE DATE HEREOF.

The undertakings of the Board should be considered with reference to 11 U.S.C. §101 et seq., as amended and supplemented (the "Bankruptcy Code"), and other bankruptcy laws affecting creditors' rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants priority to certain debts owed, and provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds in amount and more than one-half in number of the allowed claims of at least one (1) impaired class. The Bankruptcy Code specifically does not limit or impair the power of a state to control, by legislation or otherwise, the procedures that a political subdivision must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, special revenues acquired by the debtor after commencement of the case shall continue to be available to pay debt service secured by those revenues. Furthermore, the Bankruptcy Code provides that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may be avoided pursuant to certain preferential transfer provisions set forth in such act.

Reference should also be made to N.J.S.A. 52:27-40 et seq. which provides that a political subdivision, including the Board, has the power to file a petition in bankruptcy with any United States Court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Local Finance Board, as successor to the Municipal Finance Commission, must be obtained.

RECENT HEALTHCARE DEVELOPMENTS

In early March of 2020, the World Health Organization declared a pandemic following the global outbreak of COVID-19, a respiratory disease caused by a newly discovered strain of coronavirus. On March 13, 2020, then President Trump declared a national emergency to unlock federal funds and assistance to help states and local governments fight the pandemic. Governor Phil Murphy (the "Governor") of the State of New Jersey declared a state of emergency and a public health emergency on March 9, 2020 due to the outbreak of COVID-19, which had spread throughout the State and to all counties within the State. The Governor also instituted mandatory measures via various executive orders to contain the spread of the virus. These measures, which alter the behavior of businesses and people, have had and may continue to have impacts on regional, state and local economies. The public health emergency was terminated on June 4, 2021, but the state of emergency remained in effect via Executive Order 244. However, on January 11, 2022, the Governor restated the existing state of emergency and reinstated a public health emergency via Executive Order 280, effective immediately, in order to ensure that the State was able to respond to the threat of COVID-19 and the Omicron variant. The public health emergency declaration, which allows existing orders to continue in effect, was set to expire thirty (30) days from January 11, 2022, unless renewed. On February 10, 2022, the Governor signed Executive Order 288 extending the public health emergency declared on January 11, 2022; however, the public health emergency was terminated on March 7, 2022 via Executive Order 292, while the existing state of emergency remains in effect. *See* https://covid19.nj.gov for further detail regarding the impact of COVID-19 on the State and the Governor's various executive orders.

In order to provide additional means for local governmental units to address the financial impact of the COVID-19 outbreak, the Governor signed into law P.L. 2020, c. 74 ("Chapter 74") on August 31, 2020. Chapter 74, which took effect immediately, adds two (2) new purposes to the list of special emergency appropriations which may be raised by municipalities or counties over a five (5) year period (either through the issuance of special emergency notes or raised internally without borrowing). Specifically, Chapter 74 authorizes special emergency appropriations for: (1) direct COVID-19 response expenses; and (2) deficits in prior year's operations attributable to COVID-19 (the beginning of the five (5) year repayment schedule is delayed by one (1) year for these new purposes). Upon approval by the Director, in cases of significant fiscal distress, the five (5) year period may be extended to up to ten (10) years. In addition, the statute permits school districts and public authorities to issue debt with a maximum five (5) year maturity schedule for direct COVID-19 expenses. Chapter 74 provides for State supervision of all local government unit borrowings related to the COVID-19 pandemic. The statute also grants the Director the authority to modify municipal budgeting rules concerning anticipated revenues in order to lessen the impact of revenue reductions due to COVID-19. The Board does not expect to issue temporary notes in order to address any financial impacts caused by the COVID-19 pandemic.

AMERICAN RESCUE PLAN ACT OF 2021

The American Rescue Plan Act of 2021, H.R. 1319 (the "Plan"), signed into law by President Biden on March 12, 2021, comprises $1.9 trillion in relief designed to provide funding to address the COVID-19 pandemic and alleviate the economic and health effects of the COVID-19 pandemic.

The Plan includes various forms of financial relief including up to a $1,400 increase in direct stimulus payments and various other forms of economic relief, including extended unemployment benefits, continued eviction and foreclosure moratoriums, an increase in the child tax credit, an increase in food and housing aid, assistance grants to restaurants and bars, and other small business grants and loans. The Plan, in part, provides funding for state and local governments to offset costs to safely reopen schools during the COVID-19 pandemic and to subsidize COVID-19 testing and vaccination programs. In addition, the Plan includes $350 billion in relief funds to public entities, such as the Board.

The Board received $7,837,287 in federal aid under the Plan.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Bonds are subject to the approval of Bond Counsel to the Board, whose approving legal opinion will be delivered with the Bonds substantially in the form set forth as APPENDIX C. Certain legal matters will be passed upon for the Board by its Board Attorney.

PREPARATION OF OFFICIAL STATEMENT

The Board hereby states that the descriptions and statements herein, including the Financial Statements, are true and correct in all material respects, and it will confirm same to the Underwriter by a certificate signed by the Board President and Assistant Superintendent for Business, Business Administrator/Board Secretary. *See* "CERTIFICATE WITH RESPECT TO THE OFFICIAL STATEMENT" herein.

Bond Counsel has participated in the preparation and review of this Official Statement but has not participated in the collection of financial, statistical or demographic information contained in this Official Statement nor verified the accuracy, completeness or fairness thereof, and, accordingly, expresses no opinion or other assurance with respect thereto.

The Municipal Advisor has participated in the review of this Official Statement and in the collection of financial, statistical and demographic information contained in this Official Statement but has not verified the accuracy, completeness or fairness thereof, and, accordingly, takes no responsibility and expresses no opinion with respect thereto.

The Auditor takes responsibility for the Financial Statements appearing in APPENDIX B hereto.

The Board Attorney has not participated in the preparation of the information contained in this Official Statement, nor has the Board Attorney verified the accuracy, completeness or fairness thereof, and, accordingly, expresses no opinion or other assurance with respect thereto, but has reviewed the section under the caption entitled "LITIGATION" and expresses no opinion or assurance other than that which is specifically set forth therein with respect thereto.

All other information has been obtained from sources which the Board considers to be reliable, but it makes no warranty, guarantee or other representation with respect to the accuracy and completeness of such information.

RATING

Moody's Investors Service, Inc. (the "Rating Agency"), has assigned an underlying rating of "Aa2" to the Bonds based upon the creditworthiness of the School District. The Bonds are additionally secured by the New Jersey School Bond Reserve Act.

The rating reflects only the view of the Rating Agency and an explanation of the significance of such rating may only be obtained from the Rating Agency. The Board forwarded to the Rating Agency certain information and materials concerning the Bonds and the School District. There can be no assurance that the rating will be maintained for any given period of time or that the rating will not be raised, lowered or withdrawn entirely if, in the Rating Agency's judgment, circumstances so warrant. Any downward change in or withdrawal of such rating may have an adverse effect on the marketability or market price of the Bonds.

UNDERWRITING

The Bonds are being purchased from the Board by __________ (the "Underwriter"), at a price of $_________. The purchase price of the Bonds reflects the par amount of Bonds equal to $300,000,000.00, minus an Underwriter's discount of $_________ less/plus a[n] [net] original issue discount/premium of $_________. The Underwriter is obligated to purchase all of the Bonds if any Bonds are so purchased.

The Underwriter intends to offer the Bonds to the public initially at the offering yields set forth on the inside cover page of this Official Statement, which may subsequently change without any requirement of prior notice. The Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) at yields higher than the public offering yields set forth on the inside cover page, and such public offering yields may be changed, from time to time, by the Underwriter without prior notice.

SECONDARY MARKET DISCLOSURE

The Board has covenanted for the benefit of the holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the Board by no later than each January 31 after the end of each fiscal year, commencing with the fiscal year ending June 30, 2022 (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events, if material. The Annual Report will be filed by the Board with the Municipal Securities Rulemaking Board (the "MSRB") or any other entity designated by the MSRB. The notices of material events will be filed by the Board with the MSRB through its Electronic Municipal Market Access ("EMMA") system and with any other entity designated by the MSRB, as applicable. The nature of the information to be contained in the Annual Report or the notices of material events is set forth in "APPENDIX D – Form of Continuing Disclosure Certificate." These covenants have been made in order to assist the underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5) (the "SEC Rule").

The Board has previously entered into continuing disclosure undertakings under the SEC Rule. The Board appointed Phoenix Advisors, LLC, Bordentown, New Jersey in May of 2015 to act as continuing disclosure agent to assist in the filing of certain information on EMMA as required under its obligations.

ADDITIONAL INFORMATION

Inquiries regarding this Official Statement, including information additional to that contained herein, may be directed to the Assistant Superintendent for Business, Business Administrator/Board Secretary, Lynn E. Shugars, (856) 429-5600, ext. 4328, or to Charles Anthony Solimine, Esq., Wilentz, Goldman & Spitzer, P.A., Bond Counsel to the Board, (732) 855-6430.

CERTIFICATE WITH RESPECT TO THE OFFICIAL STATEMENT

At the time of the original delivery of the Bonds, the Board will deliver a certificate of one or more of its authorized officials to the effect that he/she has examined this Official Statement (including the Appendices) and the financial and other data concerning the School District contained herein and that, to the best of his knowledge and belief, (i) this Official Statement, both as of its date and as of the date of delivery of the Bonds, does not contain any untrue statement of a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading and (ii) between the date of this Official Statement and the date of delivery of the Bonds, there has been no material adverse change in the affairs (financial or otherwise), financial condition or results or operations of the Board except as set forth in or contemplated by this Official Statement.

MISCELLANEOUS

This Official Statement is not to be construed as a contract or agreement among the Board, the Underwriter and the holders of any of the Bonds. Any statements made in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinions and not as representations of fact. The information and expressions of opinion contained herein are subject to change without notice and neither the delivery of this Official Statement nor any sale of the Bonds made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs (financial or otherwise) of the Board since the date hereof.

The Board has authorized the preparation of this final Official Statement containing pertinent information relative to the Bonds, and this Official Statement is deemed to be the final Official Statement as required by Rule 15c2-12, promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended and supplemented. By awarding the Bonds to the Underwriter, the Board agrees that, within the earlier of seven (7) business days following the date of such award or to accompany the purchasers' confirmations requesting payment for the Bonds, it shall provide without cost to the Underwriter, for distribution purposes, copies of this final Official Statement. The underwriter agrees that (i) it shall accept such designation, and (ii) it shall assure the distribution of the final Official Statement.

THE BOARD OF EDUCATION OF THE TOWNSHIP OF CHERRY HILL IN THE COUNTY OF CAMDEN, NEW JERSEY

____

LYNN E. SHUGARS,
Assistant Superintendent for Business,
Business Administrator/Board Secretary

DATED: _____________, 2022

APPENDIX A

Certain Economic and Demographic Information Relating to the School District and the Township of Cherry Hill, in the County of Camden, State of New Jersey

[THIS PAGE INTENTIONALLY LEFT BLANK]

INFORMATION REGARDING THE SCHOOL DISTRICT[1]

Type

The School District is a Type II school district that is coterminous with the borders of the Township of Cherry Hill (the "Board"). The School District provides a full range of educational services appropriate to Pre-School through grade twelve.

The Board is composed of nine (9) members elected by the legally qualified voters in the School District to terms of three (3) years on a staggered basis. The President and Vice President are chosen for one (1) year terms from among the members of the Board.

The Board is the policy making body of the School District and has the general responsibility for providing an education program, the power to establish policies and supervise the public schools in the School District, the responsibility to develop the annual School District budget and present it to the legally registered voters in the School District. The Board's fiscal year ends each June 30.

The Board appoints a Superintendent and Assistant Superintendent for Business, Business Administrator/Board Secretary who are responsible for budgeting, planning and the operational functions of the School District. The administrative structure of the Board gives final responsibility for both the educational process and the business operation to the Superintendent.

Staff

The Superintendent is the chief executive officer of the Board and is in charge of carrying out Board policies. The Assistant Superintendent for Business, Business Administrator/Board Secretary is the chief financial officer of the Board and must submit monthly financial reports to the Board and annual reports to the New Jersey Department of Education.

Pensions

Those employees of the School District who are eligible for pension coverage are enrolled in one of the two State-administered multi-employer pension systems (the “Pension System”). The Pension System was established by an act of the State Legislature. The Board of Trustees for the Pension System is responsible for the organization and administration of the Pension System. The two State-administered pension funds are: (1) the Teacher's Pension and Annuity Fund (“TPAF”) and (2) the Public Employee's Retirement System (“PERS”). The Division of Pensions and Benefits, within the State of New Jersey Department of the Treasury (the “Division”), charges the participating school districts annually for their respective contributions. The School District raises its contributions through taxation and the State contributes the employer's share of the annual Social Security and Pension contribution for employees enrolled in the TPAF. The Pension System is a cost sharing multiple employer contributory defined benefit plan. The Pension System's designated purpose is to provide retirement and medical benefits for qualified retirees and other benefits to its members. Membership in the Pension System is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State administered retirement system or other state or local jurisdiction.

Fiscal 2022-23 Budget

Prior to the passage of P.L. 2011, c. 202 the Board was required to submit its budget for voter approval on an annual basis. Under the Election Law (P.L. 2011, c. 202, effective January 17, 2012) if the school has opted to move it annual election to November, it is no longer required to submit the budget to voters for approval if the budget is at or below the two-percent (2%) property tax levy cap as provided for under New Cap Law (P.L. 2010, c. 44). If the Board proposes to spend above the two-percent (2%) property tax levy cap, it is then required to submit its budget to voters at the annual school election in November. The Board has chosen under the Election Law to move its annual school election to November.

The General Fund budget is the sum of all state aid (exclusive of pension aid and social security aid) and the local tax levy (exclusive of debt service). The Board’s General Fund Budget for the 2022-2023 fiscal year is $231,615,122. The major sources of revenue are $185,604,382 from the local tax levy and $31,589,448 from state aid.

Budget History

As noted, prior to the Board's budget for its 2012-2013 fiscal year, the Board must submit its budget for voter approval. The results of the last five budget elections of the Board are as follows:

Budget Year	**Amount Raised in Taxes**	**Budget Amount**	**Election Result**

Honorable President and
Members of the Board of Education
Cherry Hill School District
Camden County
Cherry Hill, New Jersey 08034

Dear Board Members and Constituents:

The comprehensive annual financial report of the Cherry Hill Township School District ("District") as of and for the year ended June 30, 2021 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Cherry Hill Township Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects. It is repo11ed in a manner designed to present fairly the financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information at June 30, 2021, and the respective changes in financial position and cash flows, where applicable for the year then ended. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter (designed to complement management's discussion and analysis and should be read in conjunction with it), the District's organizational chart, a list of principal officials and independent auditors and advisors. The financial section includes management's discussion and analysis, the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and New Jersey 0MB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Information related to this single audit, including the auditor's report on the internal control and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. THE REPORTING ENTITY AND ITS SERVICES: The Cherry Hill Township School District is an independent reporting entity within the criteria adopted by GASB Statement No. 14. All funds and the government-wide financial statements of the District are included in this report.

The Cherry Hill Township Board of Education and all its schools constitute the District's reporting entity. The District consists of two high schools, one alternative high school program, three middle schools, twelve elementary schools, and one pre-school. The curriculum provides a full range of educational services appropriate to grade levels Pre-K through 12. These include regular, vocational, as well as special education services to disabled youngsters.

The District occupies and maintains 1,696,737 square feet of building space and 370 acres of land.

The District completed the 2020-2021 fiscal year with an average daily enrollment of 10,438 students, which is 407 students less the than 2019-20 school year. The following details the changes in District enrollments over the last ten years.

Fiscal Year	Student Enrollment	Percent Change
2020-2021	10,438	-3.75%
2019-2020	10,845	0.51%
2018-2019	10,790	-1.49%
2017-2018	10,953	-0.82%
2016-2017	11,044	-0.71%
2015-2016	11,123	-0.91%
2014-2015	11,225	-0.30%
2013-2014	11,259	-1.01%
2012-2013	11,374	1.27%
2011-2012	11,231	-1.19%

2. INTERNAL CONTROL: Management of the District is responsible for establishing and maintaining internal control designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. As a recipient of federal and state financial assistance, the District also is responsible for ensuring that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of internal control, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

3. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. These amounts to be re-appropriated are reported as reservations of fund balance as of June 30, 2021.

4. ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds and the government-wide financial statements are explained in the "Notes to the Financial Statements," Note 1.

5. CASH MANAGEMENT: The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

6. RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, student accident and fidelity bonds.

7. OTHER INFORMATION: State statutes require an annual audit by independent certified public accountants. The accounting firm Holt McNally and Associates, Inc. has been appointed by the Board of Education. In addition to meeting the requirements set forth in the State statutes, the audit was also designed to meet the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

8. ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Cherry Hill Township Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school District and thereby contributing their full support to the development and maintenance of our financial operation. We would also like to express our thanks to the many staff members who assisted in the preparation of this report. Their help was invaluable.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
Cherry Hill Township School District
County of Camden
Cherry Hill, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Cherry Hill Township School District, County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the, Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Cherry Hill Township School District, County of Camden, State of New Jersey, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As discussed in Note 1 to the financial statements, during the fiscal year ended June 30, 2021 the District adopted new accounting guidance, *GASB Statement No. 84, Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Prior Period Restatement

Due to the implementation of GASB Statement No. 84, fund balance as of June 30, 2020 on the statement of activities and the statement of revenues, expenditures, and changes in fund balances has been restated, as discussed in note 21 to the financial statements. Our opinion is not modified with respect to this matter.

Due to a correction for capital assets, fund balance as of June 30, 2020, on the statement of activities and the statement of revenues, expenditures, and changes in fund balances has been restated, as discussed in note 21 to the financial statements. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated February 2, 2022 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School District's internal control over financial reporting and compliance.

CHERRY HILL TOWNSHIP SCHOOL DISTRICT
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
(Unaudited)

As management of the Cherry Hill Township School District, New Jersey (School District), we offer readers of the School District's financial statements this narrative overview and analysis of the School District for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the School District's basic financial statements. Comparison to the prior year's activity is provided in this document. The basic financial statements are comprised of three components:

1) Government-Wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide the reader with a broad overview of the financial activities in a manner similar to a private-sector business. The government-wide financial statements include the statement of net position and the statement of net activities.

The *statement of net position* presents information about all of the School District's assets and liabilities. The difference between the assets plus deferred outflows or resources and liabilities plus deferred inflows of resources is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The *statement of activities* presents information showing how the net position of the School District changed during the current fiscal year. Changes in net position are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported in this statement even though the resulting cash flows may be recorded in a future period.

Both of the government-wide financial statements distinguish functions of the School District that are supported from taxes and intergovernmental revenues *(governmental activities)* and other functions that are intended to recover most of their costs from user fees and charges *(business-type activities).* Governmental activities consolidate governmental funds including the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund. Business-type activities reflect the Food Service Fund and School Age Child Care Fund.

Fund Financial Statements

Fund financial statements are designed to demonstrate compliance with financial-related requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. All of the funds of the School District are divided into two categories: *governmental funds and proprietary funds*.

Overview of the Basic Financial Statements (continued)

Fund Financial Statements (continued)

Governmental funds account for essentially the same information reported in the governmental activities of the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financial requirements in the near term.

Since the governmental funds and the governmental activities report information using the same functions, it is useful to compare the information presented. Because the focus of each report differs, a reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

The School District maintains four individual governmental funds. The major funds are the General Fund, the Special Revenue Fund, the Capital Projects Fund, and the Debt Service Fund. They are presented separately in the fund financial statements.

The School District adopts an annual appropriated budget for the General Fund, Special Revenue Fund and the Debt Service Fund. A budgetary comparison statement has been provided for each of these funds to demonstrate compliance with budgetary requirements.

Proprietary funds are used to present the same functions as the business-type activities presented in the government-wide financial statements. The fund financial statements of the enterprise funds provide the same information as the government-wide financial statements, only in more detail.

The School District's two enterprise funds (Food Service Fund and School Age Child Care Fund) are listed individually and are considered to be major funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Financial Analysis of the School District as a Whole

Recall that the Statement of Net Position provides the perspective of the school district as a whole (governmental and business-type activities). Net position may serve over time as a useful indicator of a government's financial position.

The School District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt and other long-term liabilities, the acquisition and disposal of capital assets, and the depreciation of capital assets.

As described in Note 1 to the financial statements "Adopted Accounting Pronouncements", the district has adopted the provisions of GASB Statement No. 84, *Fiduciary Activities*, for the year ended June 30, 2021. As discussed in Note 5, the School District also underwent a full revaluation of its capital assets. These resulted in a restatement of the District's opening net position as of July 1, 2020 in the amount of $20,589,008, as indicated in Note 21 to the Financial Statements. Prior years' balances reflected in the MD&A have been updated to reflect this change.

Table 1 provides a summary of the School Districts net position for the fiscal years 2021 compared to fiscal year 2020.

Net Position - Ending	$ 109,735,975	$ 79,348,169	$ 30,387,806	38.3%

Governmental Activities

During the fiscal year 2021, the net position of governmental activities increased by $10,710,322 or 11.0%. The primary reason was an increase in operating grant revenue of $27,625,159.

The assets and deferred outflows of the primary government activities exceeded liabilities and deferred inflows by $107,800,772, with an unrestricted deficit balance of $(39,896,015). The deficit in unrestricted net position is primarily due to accounting treatment for compensated absences payable, GASB 68 net pension liability, and the last two state aid payments. In addition, state statutes prohibit school districts from maintaining more than 4% of its adopted budget as unassigned fund balance.

The School District's governmental activities unrestricted net positon had GASB 68 pension not been implemented would have been as follows:

Table 3
GASB 68 Effect on Unrestricted Net Position

Unrestricted Net Position (With GASB 68)	$ (39,896,015)
Add back: PERS Pension Liability	37,706,559
Less: Deferred Outflows related to pensions	(7,441,967)
Add back: Deferred Inflows related to pensions	16,430,745
Unrestricted Net Position (Without GASB 68)	$ 6,799,322

Business-type Activities

During the fiscal year 2021, the net position of business-type activities decreased by $911,524 or 32.0%.

The assets and deferred outflows of the business-type activities exceeded liabilities and deferred inflows by $1,935,203.

General Fund Budgeting Highlights

Final budgeted revenues were $205,377,728, which was a decrease of $2,369,918 from the originally adopted budgeted revenues. Excluding nonbudgeted revenues, the School District's actual revenues exceeded budgeted revenues by $2,011,275.

Final budgeted appropriations were $211,683,602, which was an increase of $7,418,375 from the original budget. Excluding nonbudgeted expenditures, the School District's budget appropriations exceeded actual expenditures by $20,345,317.

The School District's general fund balance – budgetary basis (Exhibit C-1) was $35,724,820 at June 30, 2021, an increase of $3,741,688 from the prior year.

Governmental Funds

At the end of the current fiscal year, the School District's governmental funds reported a combined ending fund balance of $45,322,768, an increase of $9,196,709 from the prior year.

General fund - During the current fiscal year, the fund balance of the School District's general fund increased by $3,644,603 to $33,928,316 at June 30, 2021, compared to a decrease of $15,352 in fund balance in the prior fiscal year.

Special revenue fund – During the current fiscal year, the fund balance of the School District's special revenue fund decreased by $112,087 to $1,001,661 at June 30, 2021.

Capital projects fund - During the current fiscal year, the fund balance of the School District's capital projects fund increased by $5,664,193 or 119.8% to 10,392,791 at June 30, 2021, compared to an increase of $982,015 in fund balance in the prior fiscal year. The primary factor affecting the change in fund balance of the capital projects fund is as follows:

- Eight new capital projects started during the 20/21 school year

Debt service fund – There was no change in fund balance for the debt service fund.

Proprietary Funds

Food service fund - During the current fiscal year, the net position of the School District's food service fund increased by $74,838 or 7.1% to $1,122,806 at June 30, 2021, compared to an increase of $155,819 in fund balance in the prior fiscal year.

Additional information on the School District's long-term obligations can be found in the notes to the basic financial statements (Note 7) of this report.

Factors on the School District's Future

The Cherry Hill Township School District is in very good financial condition presently, however, a major concern of the District is an inequity in the State funding it receives.

In conclusion, the Cherry Hill Township School District has committed itself to financial excellence and the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

CHERRY HILL TOWNSHIP SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2021

Total Net Change in Fund Balances - Governmental Funds (B-2)		$ 9,196,709
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.		
Depreciation Expense	$ (9,181,492)	
Capital Asset Adjustment	-	
Capital Outlays	9,321,883	140,391
Repayment of long-term debt principal and obligation of lease purchase agreements are an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities.		
Shared Service Loan Agreement	120,000	120,000
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation (+).		2,042
Governmental funds report School District pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the School District's pension contributions in the current period.		1,458,975
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).		(207,795)
Change in Net Position of Governmental Activities		$ 10,710,322

CHERRY HILL TOWNSHIP SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

This page intentionally left blank

Note 1. Summary of Significant Accounting Policies

The financial statements of the Board of Education of Cherry Hill Township School District (the 'District") have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of more significant accounting policies.

Reporting Entity

The Cherry Hill Township School District (hereafter referred to as the "District") is a Type II district located in the County of Camden, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three members' terms expire each year. The purpose of the District is to educate students in grades kindergarten through twelfth at its nineteen schools. The District has an approximate enrollment at June 30, 2021 of 10,438 students.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is whether:

- ♦ the organization is legally separate (can sue or be sued in their own name);
- ♦ the District holds the corporate powers of the organization;
- ♦ the District appoints a voting majority of the organization's board
- ♦ the District is able to impose its will on the organization;
- ♦ the organization has the potential to impose a financial benefit/burden on the District
- ♦ there is a fiscal dependency by the organization on the District.

There were no additional entities required to be included in the reporting entity under the criteria as described above. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

Component Units

GASB Statement No.14. The Financial Reporting Entity, provides guidance that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity but also for legally separate organizations that meet the criteria established by GASB Statement No. 14, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, GASB Statement No. 61, The Financial Reporting Entity: Omnis - an amendment of GASB Statements No. 14 and No. 34, GASB Statement No. 80, Blending Requirements for Certain Component Units – an Amendment of GASB Statement No. 14 and GASB Statement No. 90 – Majority Equity Interests – an Amendment of GASB Statements No. 14 & No. 61. The School District had no component units as of for the year ended June 30, 2021.

Government-Wide Financial Statements

The District's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental and Business-Type Activities for the District accompanied by a total column. Fiduciary activities of the District are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the District's assets, deferred outflows of resources, liabilities, and

Note 1. Summary of Significant Accounting Policies (continued):

deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the District are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

Certain eliminations have been made to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule (Exhibit B-3) is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide financial statements. The District has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or “current financial resources” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. (The District’s deferred outflows of resources and deferred inflows of resources are noncurrent.) The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the District, are property tax and intergovernmental revenues and other taxes. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Proprietary Fund Financial Statements

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and for the non-major funds aggregated. A column representing internal service funds is also presented in these statements. However, internal service funds balances and activities have been combined with the governmental activities in the Government-Wide financial statements.

Proprietary funds are accounted for using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized

Note 1. Summary of Significant Accounting Policies (continued):

in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

While government-wide and fund financial statements are presented separately, they are interrelated. The governmental activities column of the government wide statements incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the District's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. However, data from the fiduciary funds is not incorporated in the government-wide financial statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in the governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, charges for services, licenses, and interest on notes receivable associated with the current fiscal period are all considered to be susceptible to accrual and accordingly have been recognized asrevenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available when cash is received.

Note 1. Summary of Significant Accounting Policies (continued):

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Food Service Fund and the SACC program are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, employee salaries and benefits, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Internal service funds are used to account for those operations which provide benefits to other funds, departments, or agencies of the primary government and its component unit. Although internal service funds are reported as a proprietary fund in the fund financial statements, it is incorporated into governmental activities in the government-wide financial statements. The District does not maintain any internal service funds.

The District reports the following major governmental funds:

General Fund - The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey Department of Education the District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, interest earnings and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Note 1. Summary of Significant Accounting Policies (continued):

The District reports the following major proprietary funds:

Food Service Fund – This fund accounts for the revenues and expenses pertaining to the District's cafeteria operations.

School Age Child Care Program – This fund accounts for financial activity related to providing day care services for District students before school, after school and during the summer. The school age child care program accounts for all revenue and expenses in the operation of the program similar to a private business enterprise. The stated intent is that the cost of providing goods and services to the students on a continuing basis is financed or recovered primarily through charges for services and tuition charges for the school age child care program.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue and debt service funds. The budgets are submitted to the county office. In accordance with P.L.2011 c.202, which became effective January 17, 2012, the District eliminated the April annual voter referendum on budgets which met the statutory tax levy cap limitations and the board of education members are elected at the November general election. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue

Note 1. Summary of Significant Accounting Policies (continued):

fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on Exhibit C-1 and Exhibit C-2, includes all amendments to the adopted budget, if any.

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounts as presented in the General Fund Budgetary Comparison Schedules and the Special Revenue Fund Budgetary Comparison Schedule to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds. Note that the District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows modified accrual basis with the exception of the revenue recognition policy for the last state aid payments.

Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as assigned fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as a reduction of the accounts receivables or as unearned revenue at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

Cash and Cash Equivalents

Cash and Cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost.

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. *N.J.S.18A:20-37* provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection

Note 1. Summary of Significant Accounting Policies (continued):

Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A.17:9-41 et. Seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Tuition Payable/Receivable

Tuition rates for the fiscal year end June 30, 2021 were established by the receiving district based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

Inventories

Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when consumed rather when purchased.

Interfund Receivables/Payables

Interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year. The amounts are eliminated in the governmental and business-type activities, which are presented as Internal Balances. Balances with fiduciary funds are not considered Internal Balances; therefore those balances are reported on the Statement of Net Position.

Capital Assets

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Purchased or constructed assets are recorded at actual cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at estimated fair value at the date of donation. The District has established a threshold of $2,000 for capitalization of depreciable assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the District are depreciated or amortized using the straight-line method over the following estimated lives:

Equipment & Vehicles	3 – 20 Years
Buildings	30 – 50 Years
Improvements	10 – 50 Years
Software	5 – 7 Years

Note 1. Summary of Significant Accounting Policies (continued):

Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The entire compensated absences liability is reported on the government-wide financial statements and proprietary fund financial statements. Compensated absences liability is not recorded in the governmental funds. Instead expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of resignations or retirements.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measureable and the District is eligible to realize the revenue.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, government fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that affect certain reported amounts reported in the financial statements and accompanying note disclosures. Actual results could differ from those estimates.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Note 1. Summary of Significant Accounting Policies (continued):

Fund Balance

In accordance with Government Accounting Standards Board 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies governmental fund balances as follows:

- Non-spendable – This classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Non-spendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

- Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

- Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The School Board did not have any committed resources as of June 30, 2021.

- Assigned – This classification includes amounts that are constrained by the School District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board of Education delegating this responsibility to the business administrator through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

- Unassigned – This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the District's policy to consider restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, it is the District's policy to consider amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

Net Position

Net position, represents the difference between summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified in the following three components:

- Net Investment in Capital Assets – This components represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for acquisition, construction, or improvement of those assets.

Note 1. Summary of Significant Accounting Policies (continued):

- Restricted – Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

- Unrestricted – Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

Impact of Recently Issued Accounting Principles

Adopted Accounting Pronouncements

The following GASB Statements became effective for the fiscal year ended June 30, 2021:

GASB Statement No. 84, "*Fiduciary Activities*". The objective GASB Statement No. 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. GASB Statement No. 84 establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. Statement No. 84 is effective for reporting periods beginning after December 15, 2019. Management has implemented this Statement in the School District's financial statements for the year ended June 30, 2021 with a prior period restatement to beginning net position. See Note 21 for further details.

Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61*. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. Statement No. 90 is effective for reporting periods beginning after December 15, 2019.

Recently Issued Accounting Pronouncements

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 87, Leases. Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. The GASB based the new standard on the principle that leases are financing of the right to use an underlying asset. Statement No. 87 is effective for reporting periods beginning after June 15, 2021. Management has not yet determined the potential impact on the School District's financial statements.

Note 1. Summary of Significant Accounting Policies (continued):

Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements and in the proprietary fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when bonds are issued.

In governmental fund financial statements, bond premiums and discounts, as well as debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

Deferred Loss on Refunding Debt

Deferred loss on refunding debt arising from the issuance of the refunding bonds is recorded as deferred outflows of resources. It is amortized in a systematic and rational manner over the shorter of the duration of the related debt or the new debt issues as a component of interest expense.

Deferred Outflows and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 2. Cash Deposits and Investments

Cash Deposits

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of a bank failure, the Board's deposits may not be recovered. Although the Board does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of GUDPA. Under the Act, the first $250,000 of governmental deposits in each insured depository is protected by FDIC. Public fund owned by the Board in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect

intermingled trust funds such as salary withholdings, student activity may pass to the Board relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below. As of June 30, 2021, the District's bank balance of $49,644,856 was exposed to custodial credit risk as follows:

Insured under FDIC and GUDPA	$	46,952,630
Uninsured and Uncollateralized		2,692,226
	$	49,644,856

Investments

The School District has no investments at June 30, 2021.

Note 3. Reserve Accounts

A. Capital Reserve

A capital reserve account was established by the School District by inclusion of $100 on September 26, 2000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the School District's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a School District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A School District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant *N.J.S.A.19:60-2*. Pursuant to *N.J.A.C.6:23A-14.1(g),* the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2020 to June 30, 2021 fiscal year is as follows:

Beginning Balance, July 1, 2020	$	17,389,040
Increased by:		
Interest Earnings		27,979
Deposits Approved by Board		9,700,000
		27,117,019
Decreased by:		
Withdrawls		(12,309,030)
Ending Balance, June 30, 2021	$	14,807,989

The June 30, 2021 balance did not exceed the LRFP balance of local support costs of uncompleted capital projects.

Note 4. Accounts Receivable

Accounts receivable at June 30, 2021 consisted of accounts and intergovernmental grants. All state and federal receivables are considered collectible in full due to the stable condition of state programs and the current fiscal year guarantee of federal funds. Accounts receivable as of fiscal year end for the School District's individual major and fiduciary funds, in the aggregate, are as follows:

	Governmental Funds

Depreciation expense was not allocated among the various functions/programs of the District.

On August 6, 2021 the District's appraisal company performed a full revaluation of the District's capital assets. The beginning balances in the table above reflect the prior period adjustments needed to bring the balance in agreement with the value provided by the appraisal company.

Note 6. Interfund Receivables, Payables and Transfers

Individual fund receivables/payables balances at June 30, 2021 are as follows:

Fund	Interfund Receivable	Interfund Payable
General Fund	$ 1,370,284	$ -
Special Revenue Fund	-	1,370,284
	$ 1,370,284	$ 1,370,284

The interfund receivables and payables above predominately resulted from payment made by certain funds on behalf of other funds. All interfund balances are expected to be repaid within one year.

The summary of interfund transfers follows:

Fund	Transfers In	Transfers Out
General Fund	$ -	$ 12,309,030
Capital Projects Fund	12,309,030	-
	$ 12,309,030	$ 12,309,030

The purpose of interfund transfers were for the liquidation of prior year interfund receivables and payables and for payments made on behalf of other funds.

Note 7. Long-Term Obligations

During the fiscal year-ended June 30, 2021 the following changes occurred in long-term obligations:

	Balance July 1, 2020	Accrued/ Increases	Retired/ Decreases	Balance June 30, 2021	Balance Due Within One Year
Governmental Activities:					
Compensated Absences	$ 4,580,483	$ 207,795	$ -	$ 4,788,278	$ -

	$ 72,433	$ -	$ 12,486	$ 59,947	$ -

For governmental activities, the bonds payable are liquidated from the District's debt service fund. Compensated absences and capital leases are liquidated by the general fund.

A. Bonds Payable:

The District had no outstanding bonds payable as of June 30, 2021.

B. Shared Service Loan Payable:

During 2018, the School District entered into a Shared Service Loan Agreement with the Township of Cherry Hill in the amount of $1,255,000 for the spilt funding of Turf Field Improvements at the Cherry Hill East and West High Schools. The Township issued $2,510,000 in tax free municipal bonds to fund the project. The School District and the Township agreed to split the cost of the Township's outstanding debt obligation for the bond issuance. The School District will pay back their portion of the debt to the Township over a ten-year period, expiring February 1, 2027, and with interest rates ranging from 3.00%-4.00%.

Principal and interest due on the outstanding loan is as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2022	$ 122,500	$ 27,400	$ 149,900
2023	125,000	22,500	147,500

Note 7. Long-Term Obligations (continued):

Bonds Authorized But Not Issued:

As of June 30, 2021, the District had no authorized but not issued bonds.

Note 8. Pension Plans

A. Public Employees' Retirement System (PERS)

Plan Description - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's annual financial statements, which can be found at www.state.nj.us/treasury/pensions/annual-reports.shtml.

The vesting and benefit provisions are set by *N.J.S.A. 43:15A*. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for PERS is set by *N.J.S.A. 15A* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any

Note 8. Pension Plans (continued):

A. Public Employees' Retirement System (PERS) (continued):

such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources - At June 30, 2021, the School District reported a liability of $37,706,559 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of July 1, 2019, to the measurement date of June 30, 2020. The School District's proportion of the net pension liability was based on the School District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2020. The School District's proportion measured as of June 30, 2020, was 0.23122%, which was an increase of 0.00202% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the School District recognized full accrual pension expense of $1,086,638 in the government-wide financial statements. This pension expense was based on the pension plans June 30, 2020 measurement date. At June 30, 2021 the School District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	$ 686,574	$ 133,347
Changes of Assumptions	1,223,243	15,788,093
Net Difference between Projected and Actual Earnings on Pension Plan Investments	1,288,840	-
Changes in Proportion and Differences between District Contributions and Proportionate Share of Contributions	1,513,264	509,305
School District Contributions Subsequent to Measurement Date	2,730,046	$ -
	$ 7,441,967	$ 16,430,745

Note 8. Pension Plans (continued):

A. Public Employees' Retirement System (PERS) (continued):

$2,730,046 reported as deferred outflows of resources resulting from school district contributions subsequent to the measurement date is based on the amount payable to the State due April 1, 2022 and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending Dec 31,	Amount
2021	$ (4,359,170)
2022	(3,973,014)
2023	(2,014,902)
2024	(903,201)
2025	(468,537)
	$ (11,718,824)

The amortization of the above other deferred outflows of resources and deferred inflows of resources related to pensions will be over the following number of years:

Actuarial Assumptions – The collective total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions:

Inflation	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00 - 6.00% Based on Years of Service
Thereafter	3.00 - 7.00% Based on Years of Service
Investment Rate of Return	7.00%
Mortality Rate Table	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020
Period of Actuarial Experience Study upon which Actuarial Assumptions were Based	July 1, 2014 - June 30, 2018

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Note 8. Pension Plans (continued):

A. Public Employees' Retirement System (PERS) (continued):

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Investment Grade Credit	8.00%	2.67%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the School District's proportionate share of the Net Pension Liability to Changes in the Discount Rate - The following presents the School District's proportionate share of the net pension liability as of June 30, 2020, calculated using the discount rate of 7.00% as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's Proportionate Share of the Net Pension Liability	$ 47,839,514	$ 37,706,559	$ 29,656,562

B. Teachers' Pension and Annuity Fund (TPAF)

Plan Description - The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008

years of service credit, and tier 5 before age 65 with 30 or more years of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for TPAF is set by *N.J.S.A 18A:66* and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount.

As mentioned previously, the employer contributions for local participating employers are legally required to be funded by the State in accordance with *N.J.S.A 18:66-33*. Therefore, the School District is considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the School District does not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers.

Pension Liability and Pension Expense - The State's proportionate share of the TPAF net pension liability, attributable to the School District as of June 30, 2020 was $501,948,590. The School District's proportionate share was $-0-.

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The State's proportionate share of the net pension liability associated with the District was based on projection of the State's long-term contributions to the pension plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2020, the State proportionate share of the TPAF net pension liability attributable to the School District was 0.76227%, which was a decrease of .00080% from its proportion measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the School District recognized $31,213,301 in on-behalf pension expense and revenue in the government-wide financial statements, for the State of New Jersey on-behalf TPAF pension contributions. This pension expense and revenue was based on the pension plans June 30, 2020 measurement date.

Actuarial Assumptions – The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Note 8. Pension Plans (continued):

Inflation	
Price	2.75%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2020 are summarized in the following table:

Note 8. Pension Plans (continued):

B. Teachers' Pension and Annuity Fund (TPAF) (continued):

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%

Private Credit	8.00%	7.59%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
U.S. Equity	27.00%	7.71%
Non-U.S. Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
Private Equity	13.00%	11.42%

Discount Rate - The discount rate used to measure the total pension liability was 5.40% as of June 30, 2020. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 2.21% as of June 30, 2020, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 78% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the School District's proportionate share of the Net Pension Liability to Changes in the Discount Rate – As previously mentioned, TPAF has a special funding situation where the State pays 100% of the School District's annual required contribution. The following represents the State's proportionate share of the net pension liability, attributable to the School District calculated using the discount rate of 5.40% as well as what the State's proportionate share of the net pension liability, attributable to the School District's would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Pension Plan Fiduciary Net Position - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers Pension and Annuity Fund (TPAF) and additions to/deductions from the TPAF's fiduciary net position have been determined on the same basis as they are reported by the TPAF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Additional Information – The following is a summary of the collective balances of the local group at June 30, 2020 and 2019:

C. Defined Contribution Plan (DCRP)

Plan Description - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of N.J.S.A. 43:15C-1 et seq. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage

Individuals eligible for membership in the DCRP include:

- State or local officials who are elected or appointed on or after July 1, 2007;

Note 8. Pension Plans (continued):

C. Defined Contribution Plan (DCRP) (continued):

- Employees enrolled in the Public Employees' Retirement System (PERS) or Teachers' Pension and Annuity Fund (TPAF) on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits;
- Employees enrolled in the Police and Firemen's Retirement System (PFRS) or State Police Retirement System (SPRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits;
- Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Tier 3 enrollment but who earn salary of at least $5,000 annually. The minimum salary in 2020 is $8,300 and is subject to adjustment in future years.
- Employees otherwise eligible to enroll in the PERS or TPAF after May 21, 2010, who do not work the minimum number of hours per week required for PERS or TPAF Tier 4 or Tier 5 enrollment but who earn salary of at least $5,000 annually. The minimum number is 35 hours per
- week for State employees, or 32 hours per week for local government or local educations employees

Contributions - The contribution policy is set by N.J.S.A. 43:15C-3 and requires active members and contribution employers. When enrolled in the DCRP, members are required to contribute 5.5% of their base salary to a tax-deferred investment account established with Prudential Financial, which jointly administers the DCRP investments with the Division of Pension and Benefits. Member contributions are matched by a 3% contribution from the School District.

For the year ended June 30, 2021, employee contributions totaled $77,356, and the School District recognized an expense for payments made to the Defined Contribution Retirement program in the amount of $56,967.

Note 9. Other Post-Retirement Benefits

General Information about the OPEB Plan

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a

Note 9. Other Post-Retirement Benefits (continued)

percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits is the responsibility of the individual local education employers.

Basis of Presentation

The Schedule presents the State of New Jersey's obligation under NJSA 52:14-17.32f. The Schedule does not purport to be a complete presentation of the financial position or changes in financial position of the State Health Benefit Local Education Retired Employees Plan or the State of New Jersey. The accompanying Schedule was prepared in accordance with U.S. generally accepted accounting principles.

Such preparation requires management of the State of New Jersey to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2020, was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Total Nonemployer OPEB Liability: $ 67,809,962,608

Inflation Rate: 2.5%

	TPAF/ABP	PERS	PFRS
Salary Increases:			
Through 2026	1.55 - 4.45% based on years of service	2.00 - 6.00% based on years of service	3.25 - 15.25% based on years of service
Thereafter	1.55 - 4.45% based on years of service	3.00 - 7.00% based on years of service	Applied to all future years

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2020.

Note 9. Other Post-Retirement Benefits (continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies for the periods July 1, 2015 – June 30, 2018, July 1, 2014 – June 30, 2018, and July 1, 2013 – June 30, 2018 for TPAF, PERS and PFRS, respectively.

OPEB Obligation and OPEB Expense - The State's proportionate share of the total Other Post Employment Benefits Obligations, attributable to the School District as of June 30, 2020 was $544,394,684. The School District's proportionate share was $0.

The OPEB Obligation was measured as of June 30, 2020, and the total OPEB Obligation used to calculate the OPEB Obligation was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The State's proportionate share of the OPEB Obligation associated with the District was based on projection of the State's long-term contributions to the OPEB plan associated with the District relative to the projected contributions by the State associated with all participating school districts, actuarially determined. At June 30, 2020, the State proportionate share of the OPEB Obligation attributable to the School District was 0.80282%, which was an increase of 0.00157% from its proportion measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the State of New Jersey recognized an OPEB expense in the amount of $24,440,616 for the State's proportionate share of the OPEB expense attributable to the School District. This OPEB expense was based on the OPEB plans June 30, 2020 measurement date.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%.

Discount Rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Total Nonemployer OPEB Liability to changes in discount rate

The following presents the total nonemployer OPEB liability as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Note 10. On-Behalf Payments for Fringe Benefits and Salaries

As previously mentioned, the School District receives on-behalf payments from the State of New Jersey for normal costs and post-retirement medical costs related to the Teachers' Pension and Annuity Fund (TPAF) pension plan. The School District is not legally responsible for these contributions. The on-behalf payments are recorded as revenues and expenditures in the government-wide and general fund financial statements. For the fiscal year ended June 30, 2021, the on-behalf payments for pension, social security, post-retirement medical costs, and long-term disability were $22,759,443, $6,396,137, $7,132,455 and $8,737, respectively.

Note 11. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of School District contributions, reimbursements to the State for benefits paid and the ending balance of the School District's trust fund for the current and previous two years:

Fiscal Year	School District Contributions	Employee Contributions	Interest Earnings	Amount Reimbursed	Ending Balance
2020-2021	$ 325,000	$ -	$ 611	$ 242,401	$ 178,963
2019-2020	350,000	-	1,304	344,153	95,753
2018-2019	200,000	-	3,145	376,633	88,602

Note 12. Contingencies

State and Federal Grantor Agencies - The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2021 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

Pending Litigation – The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Districts' attorney that resolution of these matters will not have a material adverse effect on the financial condition of the District.

Note 13. Economic Dependency

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, could have an effect on the District's programs and activities.

Note 14. Deferred Compensation

The School District offers its employees a choice of deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with the amounts, and all income attributable to these amounts are held in trust for the exclusive benefit of participating employees and their beneficiaries.

Note 15. Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amount of vacation and sick leave in accordance with the District's personnel policies. The District policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with Districts' agreements with the various employee unions.

The liability for vested compensated absences of the governmental fund types is recorded in the statement of net position under governmental activities. The current portion of the compensated absence balance is not considered material to the applicable funds total liabilities, and is therefore not shown separately from the long-term liability balance of compensated absences. The amount at June 30, 2021 is $4,788,278.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2021 the liability for compensated absences in the proprietary fund types is $59,947.

Note 16. Tax Abatements

As defined by the Governmental Accounting Standards Board (GASB) Statement No. 77, a tax abatement is an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. School districts are not authorized by New Jersey statute to enter into tax abatement agreements. However, the county or municipality in which the school district is situated may have entered into tax abatement agreements, and that potential must be disclosed in these financial statements. If the county or municipality entered into tax abatement agreements, those agreements will not directly affect the school district's local tax revenue because N.J.S.A. 54:4-75 and N.J.S.A. 54:4-76 require that amounts so forgiven must effectively be recouped from other taxpayers and remitted to the school district.

Note 16. Tax Abatements (continued)

For a local school district board of education or board of school estimate that has elected to raise their minimum tax levy using the required local share provisions at N.J.S.A. 18A:7F-5(b), the loss of revenue resulting from the municipality or county having entered into a tax abatement agreement is indeterminate due to the complex nature of the calculation of required local share performed by the New Jersey Department of Education based upon district property value and wealth.

Note 17. Operating Leases

The School District has commitments to lease copiers under operating leases for five years. Total lease payments made during the year ended June 30, 2021 amounted to $520,594. Future minimum lease payments are as follows:

Fiscal Year Yending June 30,	
2022	$ 520,594
2023	520,594
Total Minimum Lease Payments	$ 1,041,188

Note 18. Calculation of Excess Surplus

The designation for Restricted Fund Balance – Excess Surplus is a required calculation pursuant to N.J.S.A.18A:7F-7. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year-end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2021 was $2,371,122.

Note 19. Fund Balance

General Fund – Of the $33,928,316 General Fund fund balance at June 30, 2021, $14,807,989 has been reserved in the Capital Reserve Account; $2,371,122 is restricted for excess surplus; $2,243,221 is restricted for excess surplus – designated for subsequent year's expenditures; $178,963 is restricted for Unemployment; $4,216,986 has been assigned as designated for subsequent year's expenditures; $1,654,797 has been reserved for encumbrances; and $8,455,238 is unassigned.

Special Revenue Fund – Of the $1.001.661 Special Revenue Fund fund balance at June 30, 2021, $201,794 is restricted for scholarships and $799,867 is restricted for student activities.

Capital Projects Fund – Of the $10,392,791 Capital Projects Fund fund balance at June 30, 2021, $7,250,302 is restricted for capital projects and $3,142,489 is assigned to other purposes.

Note 20. Deficit in Net Position

Unrestricted Net Position – The School District had a deficit in unrestricted net position in the amount of $(38,896,015) the receivable for the last two state aid payments and the recording of the net pension liability for the Public Employees' Retirement System (PERS) as of June 30, 2021. This deficit in unrestricted net position for governmental activities does not indicate that the School District is facing financial difficulties.

Note 21. Prior Period Restatement

As discussed in Note 1, the School District has implemented GASB Statement No. 84 – *Fiduciary Activities* in the School District's financial statements for the year ended June 30, 2021. As discussed in Note 5, the School District also underwent a full revaluation of its capital assets. As a result, net position and fund balances as of July 1, 2020 have been restated as follows:

Governmental Activities (Exhibit A-2):

Net Position as previously reported at June 30, 2020	$	76,501,442
Prior Period Adjustment:		
Unemployment Fund		95,753
Scholarship Fund		210,890
Student Activities Fund		902,858
Capital Assets		19,379,507
Total Prior Period Adjustment		20,589,008
Net Position as restated July 1, 2020	$	97,090,450

General Fund (Exhibit B-2):

Fund Balance as previously reported at June 30, 2020	$	30,187,960
Prior Period Adjustment:		
Unemployment Fund		95,753
Fund Balance as restated July 1, 2020	$	30,283,713

Special Revenue Fund (Exhibit B-2):

Fund Balance as previously reported at June 30, 2020	$	-
Prior Period Adjustment:		
Scholarship Fund		210,890
Student Activities Fund		902,858
Fund Balance as restated July 1, 2020	$	1,113,748

Note 22. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between June 30, 2021 and February 2, 2022, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements, and no items other than the below have come to the attention of the School District that would require disclosure.

The COVID-19 pandemic is ongoing. Because of the evolving nature of the outbreak and federal, state and local responses, it cannot be predicted how the outbreak will impact the financial condition or operations of the District, or if there will be any impact on the assessed values of property within the School District or deferral of tax payments to municipalities. To date the School District has not been materially and adversely affected financially due to the virus.

The Board of Education of the
Township of Cherry Hill
Cherry Hill, New Jersey

Ladies and Gentlemen:

We have served as bond counsel in connection with the authorization, sale and issuance of $300,000,000 aggregate principal amount of School Bonds, Series 2022 (the "Bonds") of The Board of Education of the Township of Cherry Hill in the County of Camden, New Jersey (the "Board" when referring to the governing body and the "School District" when referring to the territorial boundaries governed by the Board).

The Bonds are issued pursuant to: (i) Title 18A, Chapter 24 of the New Jersey Statutes, as amended and supplemented (the "Education Law"); (ii) a proposal adopted by the Board on July 12, 2022 (the "Proposal") and approved by the affirmative vote of a majority of the legal voters present and voting at a special School District election held on October 6, 2022 and (iii) a resolution duly adopted by the Board on November 8, 2022 (the "Resolution").

The Bonds are issued in fully registered book-entry only form, without coupons, initially registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), an automated depository for securities and clearing house for securities transactions. Purchases of the Bonds will be made in book-entry only form in principal amounts of $1,000 each or any integral multiple thereof with a minimum purchase of $5,000 required, through book entries made on the books and records of DTC and its participants. So long as DTC or its nominee is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the Board directly to Cede & Co., as nominee for DTC. Disbursement of such payments to DTC participants is the responsibility of DTC and disbursement of such payments to the beneficial owners of the Bonds is the responsibility of DTC participants.

The Bonds are dated their date of delivery and shall bear interest from such date, which interest shall be payable commencing August 1, 2023 and semi-annually thereafter on the first day of February and August in each year until maturity or prior redemption, and shall mature on August 1 of the years and in the principal amounts as follows:

Year	Principal Amount	Interest Rate	Year	Principal Amount	Interest Rate
2023	$11,250,000		2033	$14,250,000	
2024	18,000,000		2034	14,500,000	
2025	20,000,000		2035	15,000,000	
2026	17,500,000		2036	15,500,000	
2027	15,000,000		2037	16,000,000	
2028	11,500,000		2038	16,000,000	
2029	12,000,000		2039	16,000,000	
2030	12,500,000		2040	16,000,000	
2031	13,250,000		2041	16,000,000	
2032	13,750,000		2042	16,000,000	

The Bonds of this issue are subject to optional redemption prior to their stated maturities.

We have examined such matters of law, certified copies of the proceedings, including the bond referendum proceedings, and other documents and proofs relative to the issuance and sale of the Bonds as we have deemed necessary or appropriate for the purposes of the opinion rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents.

We are of the opinion that: (i) such proceedings and proofs show lawful authority for the sale and issuance of the Bonds pursuant to the Education Law, the Proposal and the Resolution; (ii) the Bonds are valid and legally binding obligations of the Board; and (iii) all the taxable real property within the School District is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of principal of and interest on the Bonds.

The Internal Revenue Code of 1986, as amended (the "Code"), sets forth certain requirements which must be met subsequent to the issuance and delivery of the Bonds for the interest thereon to be and remain excludable from gross income for federal income tax purposes. Noncompliance with such requirements could cause interest on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of the issuance of the Bonds. The Board has covenanted to maintain the exclusion of the interest on the Bonds from gross income for federal income tax purposes pursuant to Section 103(a) of the Code.

In our opinion, under existing law, and assuming continuing compliance by the Board with the aforementioned covenant, under existing statutes, regulations, rulings and court decisions, interest on the Bonds is not includable for federal income tax purposes in the gross income of the owners of the Bonds pursuant to Section 103 of the Code. The Bonds are not "specified private activity bonds" within the meaning of Section 57 of the Code and, therefore, the interest on the Bonds will not be treated as a preference item for purposes of computing the federal alternative minimum tax; however, such interest is taken into account in determining the annual adjusted financial statement income of certain corporations for the purposes of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2022.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and any gain on the sale thereof is not includable in gross income under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

[The Bonds maturing on August 1 in the years 20__ through 20__, inclusive (the "[Premium] Bonds"), have been sold to the public at a premium. Section 171 of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for the amortizable bond premium in the case of bonds, like the [Premium] Bonds, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a [Premium] Bond will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a [Premium] Bond in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such [Premium] Bonds and not as interest.]

[We are also of the opinion that the difference between the stated principal amount of the Bonds maturing on August 1 in the years 20__ through 20__, inclusive (the "[Discount] Bonds") and their respective initial offering prices to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers), at which price a substantial amount of the [Discount] Bonds of the same maturity and interest rate were sold, constitutes original issue discount which is excluded from gross income for Federal income tax purposes to the same extent as interest on the [Discount] Bonds. Further, such original issue discount accrues actuarially on a constant interest rate basis over the term of each [Discount] Bond and the basis of each [Discount] Bond acquired at such initial offering price by an initial purchaser thereof will be increased by the amount of such accrued original issue discount.]

Except as stated in the preceding paragraphs, we express no opinion as to any federal, state or local tax consequences of the ownership or disposition of the Bonds. Furthermore, we express no opinion as to any federal, state or local tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other bond counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined one of the executed Bonds and, in our opinion, its form and execution are regular and proper.

Very truly yours,

WILENTZ, GOLDMAN & SPITZER, P.A.

APPENDIX D

Form of Continuing Disclosure Certificate

[THIS PAGE INTENTIONALLY LEFT BLANK]

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate dated as of __________, 2022 (the "Disclosure Certificate") is executed and delivered by The Board of Education of the Township of Cherry Hill in the County of Camden, New Jersey (the "Board" when referring to the governing body and the "School District" when referring to the territorial boundaries governed by the Board) in connection with the issuance of its $300,000,000 aggregate principal amount of School Bonds, Series 2022 dated their date of delivery (the "Bonds"). The Bonds are being issued by virtue of a proposal adopted by the Board on July 12, 2022 and approved by the affirmative vote of a majority of the legal voters present and voting at a special School District election held on October 6, 2022 and pursuant to a resolution entitled, "RESOLUTION DETERMINING THE FORM AND OTHER DETAILS OF $300,000,000 AGGREGATE PRINCIPAL AMOUNT OF SCHOOL BONDS, SERIES 2022 OF THE BOARD OF EDUCATION OF THE TOWNSHIP OF CHERRY HILL IN THE COUNTY OF CAMDEN, NEW JERSEY, PROVIDING FOR THEIR SALE AND DETERMINING OTHER MATTERS IN CONNECTION THEREWITH", duly adopted by the Board on November 8, 2022 (the "Bond Resolution"). The Board covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Board for the benefit of the Bondholders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriter(s) in complying with the Rule (as defined below). The Board acknowledges it is an "Obligated Person" under the Rule (as defined below).

SECTION 2. Definitions. In addition to the definitions set forth in the Bond Resolution which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Board pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Beneficial Owner" shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of any Bonds, as applicable (including persons holding Bonds, as applicable through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds, as applicable, for Federal income tax purposes.

"Continuing Disclosure Information" shall mean, collectively, (i) each Annual Report, (ii) any notice required to be filed by the Board with the EMMA (as defined herein) pursuant to Section 3 of this Disclosure Agreement, and (iii) any notice of a Listed Event required to be filed by the Board with EMMA pursuant to Section 5 of this Disclosure Agreement.

"Disclosure Representative" shall mean the Business Administrator/Board Secretary of the Board or his/her designee, or such other person as the Board shall designate in writing from time to time for the purposes of this Disclosure Certificate.

"Dissemination Agent" shall mean, initially, the Board or any Dissemination Agent subsequently designated in writing by the Board which has filed with the Board a written acceptance of such designation.

"EMMA" shall mean the Electronic Municipal Market Access system, a website created by the MSRB (as defined herein) and approved by the SEC (as defined herein) to provide a central location where investors can obtain municipal bond information including disclosure documents. The Board or the Dissemination Agent shall submit disclosure documents to EMMA as a PDF file to www.emma.msrb.org.

"Financial Obligation" shall mean a: (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of (a) or (b) listed hereinabove. The term "*Financial Obligation*" shall not include municipal securities as to which a final official statement has been provided to the MSRB (as defined below) consistent with the Rule (as defined below).

"Listed Events" shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission ("SEC") under the Securities Exchange Act of 1934, as the same may be amended from time to time.

"SEC" shall mean the United States Securities and Exchange Commission.

"SEC Release No. 34-59062*"* shall mean Release No. 34-59062 of the SEC dated December 5, 2008.

"State" shall mean the State of New Jersey.

"Underwriters" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with the purchase of the Bonds.

SECTION 3. Provision of Annual Reports. (a) The Board shall provide or cause to be provided to the Dissemination Agent not later than December 31 of each year, commencing December 31, 2022 (for the fiscal year ending June 30, 2022), an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Each Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Board may be submitted separately from the balance of the Annual Report; and provided, further, that if the audited financial statements of the Board are not available by December 31, the Board shall include unaudited financial statements with its Annual Report and when such audited financial statements become available to the Board, the same shall be submitted to the Dissemination Agent no later than thirty (30) days after the receipt of the same by the Board.

(b) Not later than January 31 of each year (commencing January 31, 2023) the Dissemination Agent shall provide to EMMA a copy of the Annual Report received by the Dissemination Agent pursuant to subsection (a) hereof.

(c) If the Board does not provide or is unable to provide an Annual Report by the applicable date required in subsection (a) above, such that the Dissemination Agent cannot file the Annual Report with EMMA in accordance with subsection (b) above, the Dissemination Agent shall, in a timely manner, send a notice of such event to EMMA in substantially the form attached hereto as Exhibit A, with copies to the Board (if the Dissemination Agent is not the Board).

(d) Each year the Dissemination Agent shall file a report with the Board (if the Dissemination Agent is not the Board), certifying that the Annual Report has been provided to EMMA pursuant to this Disclosure Certificate, stating the date it was provided.

(e) If the fiscal year of the Board changes, the Board shall give written notice of such change to the Dissemination Agent and the Dissemination Agent shall, within five (5) business days after the receipt thereof from the Board, forward a notice of such change to EMMA in the manner provided in Section 5(e) hereof.

SECTION 4. Content of Annual Reports. The Board's Annual Report shall contain or incorporate by reference the following:

(1) The audited financial statements of the Board (or unaudited financial statements if audited financial statements are not then available, which audited financial statements will be delivered when and if available).

The audited financial statements are to be prepared in accordance with generally accepted accounting principles (GAAP).

(2) The general financial information and operating data of the Board consistent with the information set forth in the Official Statement dated December 8, 2022, prepared in connection with the sale of the Bonds (the "Official Statement") in Appendix A under the sections relating to (1) Board indebtedness; (2) property valuation information; and (3) tax rate, levy and collection data.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues with respect to which the Board is an "Obligated Person" (as defined by the Rule), which have been filed with EMMA or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Board shall clearly identify each such other document so incorporated by reference.

SECTION 5. Reporting of Significant Events. (a) This Section 5 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

(1) Principal and interest payment delinquencies;

(2) Nonpayment related defaults, if material;

(3) Unscheduled draws on debt service reserves reflecting financial difficulties;

(4) Unscheduled draws on credit enhancements reflecting financial difficulties;

(5) Substitution of credit or liquidity providers, or their failure to perform;

(6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;

(7) Modifications to rights of Bondholders, if material;

(8) Bond calls, if material, and tender offers;

(9) Defeasances of the Bonds;

(10) Release, substitution or sale of property securing repayment of the Bonds, if material;

(11) Ratings changes rating to the Bonds;

(12) Bankruptcy, insolvency, receivership or similar event of the Board;

(13) The consummation of a merger, consolidation, or acquisition involving the Board or the sale of all or substantially all of the assets of the Board, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(14) Appointment of a successor or additional trustee for the Bonds or the change of name of a trustee for the Bonds, if material;

(15) Incurrence of a financial obligation, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation, any of which affect Bondholders, if material; and

(16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation, any of which reflect financial difficulties.

The Board shall, in a timely manner not in excess of ten (10) business days after the occurrence of any Listed Event, file a notice of the occurrence of such Listed Event with the MSRB in accordance with the provisions of Section 5 of this Disclosure Certificate. In determining the materiality of any of the Listed Events specified in this subsection (a) of this section 5, the Board may, but shall not be required to, rely conclusively on an opinion of counsel.

(b) Whenever the Board has or obtains knowledge of the occurrence of any of the Listed Events, the Board shall, as soon as possible, determine if such event would constitute information material to the Beneficial Owners of the Bonds.

(c) If the Board determines that the occurrence of a Listed Event would be material to the Beneficial Owners of the Bonds, the Board shall promptly notify the Dissemination Agent in writing (if the Board is not the Dissemination Agent) and the Board shall instruct the Dissemination Agent to report such Listed Event and the Dissemination Agent shall report the occurrence of such Listed Event pursuant to subsection (e) hereof.

(d) If the Board determines that the occurrence of a Listed Event would not be material to the Beneficial Owners of the Bonds, the Board shall promptly notify the Dissemination Agent in writing (if the Dissemination Agent is not the Board) and the Dissemination Agent (if the Dissemination Agent is not the Board) shall be instructed by the Board not to report the occurrence.

(e) If the Dissemination Agent has been instructed in writing by the Board to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with EMMA, with a copy to the Board (if the Dissemination Agent is not the Board). Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(8) and (9) hereof need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the Beneficial Owner of the affected Bonds pursuant to the Bond Resolution.

SECTION 6. Termination of Reporting Obligation. The Board's obligations under this Disclosure Certificate shall terminate upon the defeasance, prior redemption or payment in full of all of the Bonds or when the Board is no longer an "Obligated Person" (as defined in the Rule). The Board shall file a notice of the termination of its reporting obligations pursuant to the provisions hereof with the Dissemination Agent, which notice shall be filed with EMMA in accordance with the provisions of Section 5(e) hereof.

SECTION 7. Dissemination Agent; Compensation. The Board may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The initial Dissemination Agent shall be the Board. The Board shall compensate the Dissemination Agent (which shall be appointed) for the performance of its obligations hereunder in accordance with an agreed upon fee structure.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Board may amend this Disclosure Certificate and any provision of this Disclosure Certificate may be waived, if such amendment or waiver (supported by an opinion of counsel expert in Federal securities laws acceptable to the Board to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof) is (a) made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted; (b) the undertaking, as amended or waived, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (c) the amendment or waiver does not materially impair the interests of holders, as determined either by parties unaffiliated with the Board or "Obligated Person," or by approving vote of the Beneficial Owners of the Bonds, as applicable pursuant to the terms of the Bond Resolution at the time of the amendment. The Board shall give notice of such amendment or waiver to this Disclosure Certificate to the Dissemination Agent, which notice shall be filed in accordance with the provisions of Section 5 hereof. Notwithstanding the above, the addition of or change in the Dissemination Agent shall not be construed to be an amendment under the provisions hereof.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the Board shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Board. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements (i) notice of such change shall be given in the same manner as a Listed Event under Section 5 hereof, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Board from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Board chooses to include any information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is specifically required by this

Disclosure Certificate, the Board shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Board to comply with any provision of this Disclosure Certificate, the Holders of at least 25% aggregate principal amount of Outstanding Bonds or any Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Board to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default on the Bonds and the sole remedy under this Disclosure Certificate in the event of any failure of the Board to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of the Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and, to the extent permitted by law, the Board agrees to indemnify and hold the Dissemination Agent (if the Dissemination Agent is not the Board) and its respective officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. To the extent permitted by law, the Board further releases the Dissemination Agent from any liability for the disclosure of any information required by the Rule and this Disclosure Certificate. The obligations of the Board under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Board, the Dissemination Agent, the Underwriters, and the Beneficial Owners of the Bonds, including Bondholders, and shall create no rights in any other person or entity.

SECTION 13. Notices. All notices and submissions required hereunder shall be given to the following, or their successors, by facsimile transmission (with written confirmation of receipt), followed by hard copy sent by certified or registered mail, personal delivery or recognized overnight delivery:

(a) If to the Board of Education:

The Board of Education of the
Township of Cherry Hill
Arthur Lewis Administration Building
45 Ranoldo Terrace
Cherry Hill, New Jersey 08034
Attention: Assistant Superintendent for Business,
Business Administrator/Board Secretary

(b) Copies of all notices to the Dissemination Agent from time to time with respect to the Bonds, initially:

The Board of Education of the
Township of Cherry Hill
Arthur Lewis Administration Building
45 Ranoldo Terrace
Cherry Hill, New Jersey 08034
Attention: Assistant Superintendent for Business,
Business Administrator/Board Secretary

Each party shall give notice from time to time to the other parties, in the manner specified herein, of any change of the identity or address of anyone listed herein.

SECTION 14. Counterparts. This Disclosure Certificate may be executed in any number of counterparts which shall be executed by authorized signatories of the Board and the Dissemination Agent, as applicable, and all of which together shall be regarded for all purposes as one original and shall constitute and be but one and the same.

SECTION 15. Severability. If any one or more of the covenants or agreements in this Disclosure Certificate to be performed on the part of the Board and the Dissemination Agent should be contrary to law, then such covenant or covenants, agreement or agreements, shall be deemed severable from the remaining covenants and agreements and shall in no way affect the validity of the other provisions of this Disclosure Certificate.

SECTION 16. Governing Law. This Disclosure Certificate shall be construed in accordance with and governed by the Laws of the United States of America and the State of New Jersey as applicable.
